HOUSE JOURNAL No. 1

Wednesday, January 5, 2000

This day, January 5, 2000, the first Wednesday following the first Tuesday in January being the day designated by the Constitution (Art. 3rd, Part 2nd) for assembling of the second-year session of the 156th General Court of the State of New Hampshire, at the Capitol in the city of Concord, the Speaker convened the 2000 House of Representatives and called the session to order at 1:30 p.m.

Prayer was offered by Guest Chaplain, Reverend Hays M. Junkin, Rector of Saint Andrew's Episcopal Church in Hopkinton.

Gracious Creator of all that is seen and unseen, at the beginning of this new year's legislative session, we offer our prayers of thanksgiving to You for all the blessings so richly bestowed upon us. For this beautiful state and its people; for freedom of thought and expression; for courage to dream of new solutions for old problems; for wisdom to hear a variety of voices; for the integrity it takes to make sacrifices for the good of our neighbors. Please bless each member of this House, and particularly those who are in special need today, Marie Hawkinson, Maurice Goulet, members of our families, constituents. May You guide this legislature as it does the work of the people in this hallowed chamber. May the decisions made here today enable each member of this free state to enjoy the richness of New Hampshire and gladly accept the responsibilities of maintaining its liberties. Amen.

Rep. Andrews led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. Carlson, Patricia Cote, Curran, Dalrymple, Dawe, Franks, Goulet, Hawkinson, Jane Kelley, Knowles, Lefebvre, Lovejoy, Merrill, Moran, Moriarty, Nichols, Searles and Stone, the day, illness. Reps. Crosby, DeChane, Ham, Kaen, LaMott, Leishman, O'Neil, Dean Ouellette, John Pratt, Priestley, Salatiello, Solow and Williams, the day, important business. Rep. Haettenschwiller, the day, death in the family. Rep. Julie Brown, the day, illness in the family.

INTRODUCTION OF GUESTS

Jesse Sugarman, guest of Rep. Batula. Doris Johnson, mother of Rep. Nancy Johnson. Former NH Rep. Brenda Ferland, guest of Rep. Phinizy. Laurie Boyce, wife of Rep. Boyce. Barbara Brewster and Audry Schaefer, wife and guest of Rep. Brewster. Daniel, Mary and Michael Eaton and Bonnie Moore, guests of the House. Michele Bigda, guest of Rep. DePecol.

CALL OF THE ROLL

With 339 members having answered the call of the roll, a quorum was declared present. The House of Representatives offered the following:

HOUSE RESOLUTION NO. 21

memorializing State Representative Kenneth J. MacDonald of Wolfeboro

WHEREAS, we have learned with great sadness of the death of our long-time legislative colleague, Kenneth J. MacDonald, a man known widely for his easy smile, his pleasant and gentle ways, and his great affection for the legislative process, and

WHEREAS, having represented District 7 of Carroll County, Kenneth J. MacDonald was in the midst of his ninth term, having served for the seven consecutive bienniums between 1977 and 1990, and then again from 1997 to the present, and

WHEREAS, having been a man of broad knowledge and interests, Kenneth J. MacDonald did distinguish himself as a legislator, sitting as a member of the Standing Committees on Criminal Justice & Public Safety, State-Federal Relations & Veterans Affairs, Executive Departments & Administration, Legislative Administration, as well as serving as Vice Chairman and Chairman of Regulated Revenues, and as Vice Chairman of Municipal & County Government, and

WHEREAS, for the 1993-1994 biennium, Kenneth J. MacDonald, honorably and with accomplishment, did serve as an esteemed member of the New Hampshire Senate, representing District 3, and

WHEREAS, having been born in Lakeport, Kenneth J. MacDonald did spend his life in the Lakes region and with a strong sense of duty did serve in the United States Army during World War II, and later, with devotion, did serve the people of New Hampshire for twenty-two years as an officer with the State Police, retiring as a Detective Sergeant, and

WHEREAS, having been blessed with an abundance of energy and civic pride, Kenneth J. MacDonald did serve the citizenry of Wolfeboro as a Selectman, as Chairman of the County Delegation, and as a member of the Highway Safety Commission, now therefore be it

RESOLVED, by the House of Representatives in Regular Session convened, that Kenneth J. MacDonald be saluted and granted the highest of accolades for his outstanding and dedicated service to his community and his state and his country, and be it further

RESOLVED, that expressions of heartfelt sympathy be extended to his family, and that a copy of this Resolution be prepared for presentation to his family.

Unanimously adopted by a rising vote.

HOUSE RESOLUTION NO. 22

memorializing State Representative Paul A. Golden of Center Barnstead

WHEREAS, it is with great sadness we have learned of the death of our esteemed colleague, Paul A. Golden, who was in the midst of his ninth consecutive term as an honorable and dedicated member of the House of Representatives, and

WHEREAS, during his distinguished legislative tenure of seventeen years, which began in January of 1983, Paul A. Golden, with competence and great energy, did serve as a member of the Standing Committee on Municipal & County Government, and

WHEREAS, having been born in Center Barnstead, Paul A. Golden never ventured far from his roots, choosing to serve the citizenry of the community in a myriad of ways, including thirty-five years as a Barnstead Selectman, and

WHEREAS, having been possessed of abundant energy and concern for the community, Paul A. Golden also did serve the Town of Barnstead as Overseer for Public Welfare and as Public Health Officer, and

WHEREAS, having been an amicable man blessed with a gentle spirit, Paul A. Golden did enjoy a wide reputation as a gentleman of high integrity, and

WHEREAS, during World War II, Paul A. Golden, with honor and fidelity, did serve in the United States Army, and later did become an esteemed member of the American Legion and the Veterans of Foreign Wars, now therefore be it

RESOLVED, by the House of Representatives in Regular Session convened, that Paul A. Golden be granted highest praise and recognition for his dedicated and exemplary legislative service, and for his like service to the Barnstead Community, and be it further

RESOLVED, that expressions of heartfelt sympathy be extended to his family, and that a suitable copy of this Resolution be prepared for presentation to his family.

Unanimously adopted by a rising vote.

POEM

Rep. Patten read a poem from the memorial service for Rep. Golden.

I'd like the memory of me to be a happy one.

I'd like to leave an afterglow of smiles when day is gone.

*I'd like to leave an echo whispering softly down the ways,
of happy times, and laughing times, and bright and sunny days.*

*I'd like the tears of those who grieve to dry before the sun
of happy memories that I leave when life is done.*

RESOLUTION

Reps. Chandler and Burling offer the following: *RESOLVED*, that in accordance with the list in the possession of the Clerk, House Bills numbered 1101 through 1199, 1201 through 1299, 1301 through 1399, 1401 through 1499, 1501 through 1599, 1601 through 1613, House Joint Resolutions 20 through 25, House Concurrent Resolutions 20 through 30, House Resolution 20 and Constitutional Amendment Concurrent Resolutions 30 through 37, shall be by this resolution read a first and second time by the therein listed titles, sent for printing and referred to the therein designated committees.

Adopted.

INTRODUCTION OF HOUSE BILLS, HJR's, HCR's, HR and CACRs**First, second reading and referral**

HB 1539-FN-L, returning to group II of the New Hampshire retirement system all full-time emergency communicators and full-time emergency-911 telecommunicators who staff offices which are part of the 24-hour public safety network. (Rose, Ches 13; MacNeil, Graf 7; Doucette, Ches 19; J. Phinizy, Sull 7; Young, Sull 6; Robb-Theroux, Sull 9: Executive Departments and Administration)

HB 1540-FN, prohibiting certain transfers of information. (Quandt, Rock 20; Beaulieu, Rock 11; Brown, Dist 17: Commerce)

HB 1541-FN-L, relative to the cremation of deceased persons. (Boyce, Belk 5; Czech, Belk 5; Bartlett, Belk 6: Municipal and County Government)

HB 1542-FN-L, establishing a parents bill of rights. (Boyce, Belk 5: Children and Family Law)

HB 1543-FN-L, repealing the laws on the collection and enforcement of property taxes. (Marple, Merr 11: Municipal and County Government)

HB 1544-FN, prohibiting the wearing of certain masks and hoods. (Rollo, Straf 10; Keye, Hills 30; Gilmore, Straf 11; Young, Sull 6: Criminal Justice and Public Safety)

HB 1545-FN-A, relative to the sale of furniture and bedding. (Mosher, Hills 30: Commerce)

HB 1546-FN-A-L, establishing a New Hampshire education tax on consumption as a source of funding for education, reducing the rates of other state taxes, and increasing certain exemptions to the interest and dividends tax. (Peterson, Hills 8; Scanlan, Graf 11; Dokmo, Hills 14; Bergin, Hills 16; J. Pratt, Ches 2: Finance)

HB 1547-FN, relative to raising the age of minority for the purposes of juvenile delinquency proceedings from 17 to 18 years of age. (Bickford, Straf 1; Keans, Straf 16; Allison, Sull 10; J. Brown, Straf 17; Richardson, Ches 12; Gile, Merr 16: Children and Family Law)

HB 1548-FN, abolishing the death penalty. (Splaine, Rock 34; L. Jean, Hills 17; Weatherspoon, Rock 20; Pitts, Rock 35; Shultis, Rock 33; Cohen, Dist 24: Criminal Justice and Public Safety)

HB 1549-FN, relative to cost of living adjustments for certain retired members of the New Hampshire retirement system. (Dyer, Hills 8: Executive Departments and Administration)

HB 1550-FN, establishing a bureau of tax law in the department of justice and transferring department of revenue administration hearing officers to the bureau. (Mirski, Graf 12: Executive Departments and Administration)

HB 1551-FN, relative to legislative access to agency information. (Kennedy, Merr 7; Gilmore, Straf 11: Judiciary)

HB 1552-FN-A, establishing a telecommunications development initiative in New Hampshire and making an appropriation therefor. (Thomas, Belk 3: Science, Technology and Energy)

HB 1553-FN-L, relative to the construction and renovation of covered bridges. (Mirski, Graf 12: Public Works and Highways)

HB 1554-FN, prohibiting knowingly remaining in a place where alcoholic beverages or controlled drugs are unlawfully possessed. (Stone, Rock 7; Christie, Rock 22: Criminal Justice and Public Safety)

HB 1555-FN-L, requiring the state to rebuild and maintain the dam controlling Russell Reservoir in the town of Harrisville and requiring the department of transportation to convey a certain parcel of land to the town of Harrisville. (Riley, Ches 7; Burnham, Ches 8; Avery, Ches 8; Fernald, Dist 11: Public Works and Highways)

HB 1556-FN-A, establishing a tax on the retail sale of fireworks and making appropriations to the division of fire standards and training. (Hunter, Hills 7; Welch, Rock 18; Dyer, Hills 8: Criminal Justice and Public Safety)

HB 1557-FN-A, increasing the cigarette tax. (Buckley, Hills 44; Pilliod, Belk 3; Konys, Hills 33; M. Fuller Clark, Rock 36; D. Cote, Hills 29: Finance)

HB 1558-FN-L, relative to payment of group health insurance premiums for eligible retired members of the retirement system. (Leishman, Hills 13: Executive Departments and Administration)

HB 1559-FN, establishing the division of ports and harbors within the department of transportation and transferring all functions, powers, and duties of the New Hampshire state port authority. (Leber, Merr 1; Calawa, Hills 17; McCarty, Hills 38; Cloutier, Sull 8; Morse, Rock 28: Executive Departments and Administration)

HB 1560-FN, relative to the purchase of certain prior service by county corrections officers in the New Hampshire retirement system. (Welch, Rock 18; Weare, Rock 21: Executive Departments and Administration)

HB 1561-FN, relative to benefits payable upon a group II retirement system member's death after retirement. (Weare, Rock 21: Executive Departments and Administration)

HB 1562-FN, establishing criminal penalties for violations of orders of protection under the child protection act. (Knowles, Straf 11: Children and Family Law)

HB 1563-FN-L, establishing the Wolfeboro Airport Authority. (Bradley, Carr 8: Municipal and County Government)

HB 1564-FN, relative to the placement of certain signs. (Salatiello, Belk 2: Public Works and Highways)

HB 1565-FN, relative to defining certain forms of psychological injury in the child protection act. (I. Pratt, Ches 5; J. Brown, Straf 17; C. Moore, Merr 19; Richardson, Ches 12; Pilliod, Belk 3; Pignatelli, Dist 13; Wheeler, Dist 21: Children and Family Law)

HB 1566-FN, relative to perambulation between states. (E. Smith, Ches 6: Public Works and Highways)

HB 1567-FN, extending medical and surgical benefits to domestic partners. (M. Fuller Clark, Rock 36; Larsen, Dist 15: Commerce)

HB 1568-FN, relative to disability retirement benefits for group II members injured in the performance of duty. (M. Fuller Clark, Rock 36; Virtue, Merr 9; Fraser, Dist 4; D'Allesandro, Dist 20: Executive Departments and Administration)

HB 1569-FN, relative to contamination of state water resources and the health and environmental effects of certain gasoline components. (Martin, Hills 34; Spang, Straf 8; French, Merr 3; Wheeler, Dist 21: Science, Technology and Energy)

HB 1570-FN, requiring parolees and probationers from other states to comply with the Interstate Compact on Parole in order to be lawfully present in New Hampshire. (Knowles, Straf 11: Criminal Justice and Public Safety)

HB 1571-FN, relative to claims arising from clinical services provided to the department of corrections. (Lozeau, Hills 30: Judiciary)

HB 1572-FN-A-L, repealing the education trust fund, the sources of funding for the education trust fund, and the procedures for funding state aid for educational adequacy. (Mirski, Graf 12: Finance)

HB 1573-FN, relative to funding of the salary of the director of emergency medical services. (Dyer, Hills 8; Welch, Rock 18; Weare, Rock 21: Finance)

HB 1574-FN, relative to a living wage act which establishes a living wage requirement for state contracts and awards and state employees, and establishing a study committee on living wage and family economic security. (Garrish, Hills 37; Burling, Sull 1; Mears, Coos 7; Wheeler, Dist 21: Executive Departments and Administration)

HB 1575-FN, relative to the licensure of interpreters for the deaf. (Burnham, Ches 8; Copenhaver, Graf 10: Executive Departments and Administration)

HB 1576-FN-A, abolishing ramp tolls along state highways and increasing the gasoline tax. (L'Heureux, Hills 18; McGuirk, Ches 1; Milligan, Hills 18; Arthur, Hills 18; Wheeler, Dist 21; Krueger, Dist 16: Public Works and Highways)

HB 1577-FN, revising the indoor smoking act. (A. Pelletier, Straf 12; Richardson, Ches 12; Pilliod, Belk 3; Dalrymple, Rock 26; Squires, Dist 12; Wheeler, Dist 21: Commerce)

HB 1578-FN-A, relative to the joint promotional program and making an appropriation therefor. (Avery, Ches 8; M. Fuller Clark, Rock 36; Dickinson, Carr 2; Johnson, Dist 3; Hollingworth, Dist 23: Finance)

HB 1579-FN, establishing a penalty for a third violation of the youth tobacco laws. (Avery, Ches 8; Flora, Hills 15; Dalrymple, Rock 26; Richardson, Ches 12; Squires, Dist 12; Larsen, Dist 15: Commerce)

HB 1580-FN-A-L, allowing businesses to apply the investment tax credit to contributions made to public schools, charter schools, and scholarship funding organizations. (Alger, Graf 9; O'Hearn, Hills 26; Hunt, Ches 10; Kurk, Hills 5; N. Wall, Hills 22; Roberge, Dist 9; Gordon, Dist 2; Johnson, Dist 3; Brown, Dist 17; Krueger, Dist 16: Finance)

HB 1581, making optional the laws relative to energy conservation in new building construction. (Mock, Carr 3; Chandler, Carr 1; Dickinson, Carr 2; Sullivan, Carr 2; Johnson, Dist 3: Municipal and County Government)

HB 1582, establishing a committee to study family friendly employment and workplace policies and to determine effects on families and employers. (Gile, Merr 16; Pilliod, Belk 3; Estabrook, Straf 8; Larsen, Dist 15: Labor, Industrial and Rehabilitative Services)

HB 1583, increasing the education requirement for estheticians and manicurists and relative to the board of barbering, cosmetology, and esthetics. (D. White, Hills 25: Executive Departments and Administration)

HB 1584-FN, relative to the licensing and regulation of child day care agencies. (Patricia Cote, Rock 9: Executive Departments and Administration)

HB 1585, relative to staffing ratios in long term care facilities in the state. (Garrish, Hills 37: Health, Human Services and Elderly Affairs)

HB 1586-FN-A-L, relative to public highway safety grants and making an appropriation therefor. (Chandler, Carr 1; Francoeur, Rock 22; Bradley, Carr 8: Finance)

HB 1587-FN, relative to payment of health insurance costs for certain child day care agencies. (Wallner, Merr 24; Hollingworth, Dist 23; Larsen, Dist 15: Commerce)

HB 1588, relative to the authority of the department of transportation regarding rail safety inspections. (G. Katsakiores, Rock 13; Whittemore, Merr 13; Mosher, Hills 30; R. Nowe, Rock 3; Peter Cote, Hills 32; Russman, Dist 19; Klemm, Dist 22; Francoeur, Dist 14: Transportation)

HB 1589, prohibiting the use of genetic testing for certain insurance policies. (Kurk, Hills 5: Commerce)

HB 1590, relative to prohibiting a zoning ordinance from a residential preexisting nonconforming property owner's ability to rebuild after a fire loss. (Martel, Hills 45; Quandt, Rock 20; Gilman, Graf 1; Pappas, Hills 47; Beaulieu, Rock 11: Municipal and County Government)

HB 1591-FN-L, establishing a defined contribution retirement option in the New Hampshire retirement system. (Sapareto, Rock 13; Hinman, Graf 7; Fraser, Dist 4; Brown, Dist 17; Klemm, Dist 22: Executive Departments and Administration)

HB 1592, relative to the display of the United States flag. (Marple, Merr 11; D. Hall, Graf 13; Rose, Ches 13; Welch, Rock 18; Mirski, Graf 12: Executive Departments and Administration)

HB 1593-FN-A-L, repealing the provision allowing operators to retain 3 percent of meals and rooms taxes collected and establishing the local option of a 4 percent rooms tax. (Vaillancourt, Hills 44: Finance)

HB 1594-FN, relative to the allocation of moneys in the tobacco use prevention fund. (Flora, Hills 15; Lozeau, Hills 30; Nordgren, Graf 10; Emerton, Hills 7; Akins, Graf 14; Pilliod, Belk 3; Dalrymple, Rock 26; Richardson, Ches 12; Avery, Ches 8; Squires, Dist 12; Larsen, Dist 15; Disnard, Dist 8; Fernald, Dist 11; Russman, Dist 19: Health, Human Services and Elderly Affairs)

HB 1595-FN, establishing a committee to study issues relating to foster parenting and establishing a transitional housing pilot program for certain children living in foster care. (Young, Sull 6: Children and Family Law)

HB 1596, establishing a committee to study deadlines for the completion of work in the legislative process. (Sullivan, Carr 2; Dickinson, Carr 2; Johnson, Dist 3: Legislative Administration)

HB 1597, relative to passage of fiscal note bills which do not contain an accompanying fiscal analysis. (Sullivan, Carr 2; Johnson, Dist 3: Legislative Administration)

HB 1598-L, relative to fluoride in drinking water. (Richardson, Ches 12; Bradley, Carr 8; Rabideau, Rock 16; D. Hall, Graf 13; M. Martin, Hills 34: Municipal and County Government)

HB 1599-FN-A-L, establishing a prescription drug payment assistance program and making an appropriation therefor. (Moriarty, Hills 18; Nordgren, Graf 10; Squires, Dist 12; Hollingworth, Dist 23: Finance)

HB 1601-FN-L, relative to the procedure for the setting of tax rates by the commissioner of revenue administration. (Boyce, Belk 5, Czech, Belk 5: Municipal and County Government)

HB 1602-FN, establishing the New Hampshire task force on deafness and hearing loss. (Burnham, Ches 8: Health, Human Services and Elderly Affairs)

HB 1603, establishing a committee to study the ages at which persons under 21 years of age become subject to state laws. (Keans, Straf 16: Children and Family Law)

HB 1604-FN-L, establishing the position of state animal control officer. (J. Phinizy, Sull 7; L. Pratt, Coos 4; Musler, Straf 6; McGuirk, Ches 1; Cohen, Dist 24: Wildlife and Marine Resources)

HB 1605-FN-L, relative to the adoption of a state building code. (Clegg, Hills 23: Municipal and County Government)

HB 1606-FN, establishing the governor's commission on alcohol and drug abuse prevention, intervention, and treatment. (Leber, Merr 1; Cox, Rock 24; Taylor, Straf 11; Keye, Hills 30; Gordon, Dist 2; Wheeler, Dist 21; J. King, Dist 18; Brown, Dist 17: Executive Departments and Administration)

HB 1607, establishing a study committee to consider legislation reducing to zero the number of mentally retarded or developmentally disabled individuals in the state who are not receiving or have not received medicaid services. (Burnham, Ches 8; Pilliod, Belk 3; Potter, Merr 24; Emerton, Hills 7; Dowling, Rock 13; Wheeler, Dist 21; Cohen, Dist 24; Pignatelli, Dist 13; Squires, Dist 12; Gordon, Dist 2: Health, Human Services & Elderly Affairs)

HB 1608-FN-L, relative to minors and smoking. (Pantelakos, Rock 30; Splaine, Rock 34: Commerce)

HB 1609, establishing a commission to study issues of diversity, immigration, and English as a second language in New Hampshire. (Garrish, Hills 37: Executive Departments and Administration)

HB 1610-FN, regulating indoor tanning facilities. (Copenhaver, Graf 10; M. Fuller Clark, Rock 36; Williams, Hills 39; Dyer, Hills 8; Torr, Straf 12: Executive Departments and Administration)

HB 1611, recodifying the state's DWI laws. (Christie, Rock 22: Criminal Justice and Public Safety)

HB 1612-FN, establishing a state office of privacy. (Kurk, Hills 5; Gilmore, Straf 11: Executive Departments and Administration)

HB 1613, exempting police officers on bicycles from certain motor vehicle laws and rules. (K. Hutchinson, Rock 29: Transportation)

HJR 20, urging the United States Congress to fully fund the Ricky Ray Hemophilia Relief Fund Act for HIV victims. (Konys, Hills 33; Buckley, Hills 44; Pilliod, Belk 3; Lozeau, Hills 30; Clegg, Hills 23; Pignatelli, Dist 13; Trombly, Dist 7; Squires, Dist 12; Brown, Dist 17: State-Federal Relations and Veterans Affairs)

HJR 21, calling for changes in the federal Clean Air Act regarding best available control technology. (MacGillivray, Hills 21: Science, Technology and Energy)

HJR 22, relative to the unintended consequences of the Balanced Budget Act of 1997. (Virtue, Merr 9; French, Merr 3; Dickinson, Carr 2; O'Neill, Rock 22; Millham, Belk 4; Hollingworth, Dist 23; Wheeler, Dist 21: Finance)

HJR 23, urging the executive branch to negotiate an expedient settlement resolving the Claremont dispute. (Sapareto, Rock 13; Brothers, Graf 6; Gilmore, Straf 11; Hollingworth, Dist 23; Krueger, Dist 16; Cohen, Dist 24: Finance)

HJR 24, urging the United States Environmental Protection Agency and Congress to work with the northeastern states and gasoline refiners to authorize the use of a regional gasoline containing less or no MTBE and to eliminate Clean Air Act requirements for oxygenates in gasoline. (Bradley, Carr 8; MacGillivray, Hills 21; Norelli, Rock 31; Maxfield, Merr 9; M. Downing, Rock 26; Wheeler, Dist 21; Below, Dist 5; Johnson, Dist 3: Science, Technology and Energy)

HJR 25, urging the United States Secretary of Agriculture, the Director of the Drug Enforcement Administration, and the Director of the Office of National Drug Control Policy to revise regulations to permit the controlled, experimental cultivation of industrial hemp in New Hampshire. (Robb-Theroux, Sull 9: State-Federal Relations and Veterans Affairs)

HCR 20, urging Congress to stop the collection of certain kinds of information from patients in a home health care setting. (Dalrymple, Rock 26; P. Katsakiores, Rock 13; M. Nowe, Rock 4: State-Federal Relations and Veterans Affairs)

- HCR 21**, urging the federal government to increase the pay to military personnel. (Quandt, Rock 20; Dalianis, Hills 35; R. Nowe, Rock 3; Beaulieu, Rock 11; Weyler, Rock 18: State-Federal Relations and Veterans Affairs)
- HCR 22**, urging the federal government to ensure that defense appropriations are spent in support of defense programs. (Quandt, Rock 20; Dalianis, Hills 35; Martel, Hills 45; Weyler, Rock 18; Beaulieu, Rock 11: State-Federal Relations and Veterans Affairs)
- HCR 23**, urging the United States Congress to allow greater state and local regulation of cable television services and greater choice for cable television subscribers. (Larrabee, Merr 9: State-Federal Relations and Veterans Affairs)
- HCR 24**, relative to integration of people with disabilities. (Salatiello, Belk 2: State-Federal Relations and Veterans Affairs)
- HCR 25**, opposing the President's action to establish vast roadless areas in the White Mountain National Forest without the consultation or input of the New Hampshire citizenry. (Scanlan, Graf 11; Chandler, Carr 1; Gilman, Graf 1; Glines, Coos 6; Gordon, Dist 2; F. King, Dist 1: Resources, Recreation and Development)
- HCR 26**, relative to the redistricting of the town of Alexandria following the 2000 census. (Scanlan, Graf 11; Harmon, Graf 8; W. Phinney, Graf 8; Gordon, Dist 2; Below, Dist 5: Election Law)
- HCR 27**, requesting Congress to propose an amendment to the U.S. Constitution to prevent federal courts from instructing states or political subdivisions of states to levy or increase taxes. (Noyes, Rock 26; Raynowska, Rock 26; Dalrymple, Rock 26; Mirski, Graf 12; Stickney, Rock 26; Johnson, Dist 3: State-Federal Relations and Veterans Affairs)
- HCR 28**, requesting the New Hampshire supreme court to rule on whether part first, article 6 and part second, article 83 of the New Hampshire constitution are in conflict. (Bruno, Hills 4; Roberge, Dist 9: Judiciary)
- HCR 29**, promoting the development and implementation of a financial literacy curriculum for primary school pupils in New Hampshire. (Kenney, Carr 6: Education)
- HCR 30**, urging the United States Environmental Protection Agency to adopt recently proposed new automobile emission standards and fuel regulations known as the Tier2/Gasoline Sulfur Rule, at least as stringent as originally proposed. (Norelli, Rock 31; Keans, Straf 16; Lynde, Hills 24; Maxfield, Merr 9; Below, Dist 5; Cohen, Dist 24; Russman, Dist 19: Science, Technology and Energy)
- HR 20**, urging Congress to pass a pending resolution proposing an amendment to the United States Constitution relating to voluntary school prayer. (R. Nowe, Rock 3; Brothers, Graf 6; Chandler, Carr 1; K. Herman, Hills, 13; Buckley, Hills 44; Soltani, Merr 10; Reeves, Hills 37; Griffith, Rock 27; M. Nowe, Rock 4; Royce, Ches. 9; N. Wall, Hills 22; Weare, Rock 21; Martel, Hills 45: State-Federal Relations and Veterans Affairs)
- CACR 30**, relating to judicial retirement. Providing that a judge may serve after age 70 if appointed by governor and council to a 5-year renewable term. (Soltani, Merr 10: Judiciary)
- CACR 31**, relating to the constitutional duty of the legislature concerning the interest of literature and the sciences. Providing that the legislature shall no longer have the constitutional duty to promote the interest of literature and the sciences. (Bickford, Straf 1; Alger, Graf 9: Finance)
- CACR 32**, relating to the size of the general court. Providing that provisions mandating the size of the general court shall be removed from the constitution and shall be established by statute. (Buckley, Hills 44; Wallin, Merr 15; Copenhaver, Graf 10; Konys, Hills 33; M. Fuller Clark, Rock 36; Wheeler, Dist 21; Trombly, Dist 7; J. King, Dist 18: Legislative Administration)
- CACR 33**, relating to meetings of the legislature. Providing that the legislature shall assemble biennially. (Buckley, Hills 44; Chandler, Carr 1; F. King, Dist 1: Legislative Administration)
- CACR 34**, relating to money raised by taxation. Providing that the provision prohibiting money raised by taxation from being granted or applied for the use of schools or institutions of any religious sect or denomination shall be removed from the constitution. (Bruno, Hills 4; Roberge, Hills 9: Education)
- CACR 35**, relating to malfeasance and crime in state agencies. Providing that a permanent grand jury shall be established to review and investigate all actions by agencies of the state of New Hampshire and all indictments arising therefrom shall be prosecuted promptly and without delay. (Marple, Merr 11: Judiciary)
- CACR 36**, relating to voting rights of homeowners. Providing that every person shall be considered an inhabitant for the purposes of voting relating to the raising of money in any town, ward, or unincorporated place where the person has his or her domicile or owns a residence. (Leonard, Hills 39: Election Law)

CACR 37, relating to the right to privacy. Providing that an individual's right to live free from governmental interference in private or personal matters is fundamental. (Gilmore, Straf 11; Kurk, Hills 5; Arndt, Rock 27; Mitchell, Ches 3; Kennedy, Merr 7; Below, Dist 5; Wheeler, Dist 21: Judiciary)

VACATES

Rep. Mock moved that the House vacate the reference to the Committee on Judiciary of **HB 1155**, excepting for-profit blood suppliers from limitations on strict liability.

Adopted and referred to Health, Human Services and Elderly Affairs.

Rep. Emerton moved that the House vacate the reference to the Committee on Health, Human Services and Elderly Affairs of **HB 1410**, relative to the joint health council.

Adopted and referred to Executive Departments and Administration.

COMMITTEE REPORTS

CONSENT CALENDAR

Rep. Chandler moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

HB 304, relative to the confidentiality of criminal history records checks, removed by Rep. O'Hearn.

HB 505-FN, establishing a special license plate for veterans, removed by Rep. Heon.

Consent Calendar adopted.

HB 200-FN-L, relative to restructuring the juvenile justice system in New Hampshire. REFER FOR INTERIM STUDY

Rep. Mary Stuart Gile for Children and Family Law: This bill proposes to create a department of children's services and juvenile justice as a separate executive agency of state government responsible for the general supervision and enforcement of all programs and services for children and youth. The committee is involved in an extensive study of the various programs, functions, services of both DCYF and DYDS and needs more time to develop their recommendations. Vote 17-0.

HB 405-FN, relative to the definition of "placement cost" with regard to services for children, youth, and families provided by the department of health and human services. OUGHT TO PASS WITH AMENDMENT

Rep. L. Randy Lyman for Children and Family Law: The subcommittee conducted several sessions where diversion was addressed at length with county executives, DHHS and program facilitators. Diversion reduces the possibility of placement. Funds have not been increased since 1995. Vote 16-1.

Amendment (2092h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the annual funding of placement costs for juvenile diversion and alternative disposition programs.

Amend the bill by replacing all after the enacting clause with the following:

1 Services for Children, Youth, and Families; Placement Costs for Juvenile Diversion and Alternative Disposition Programs; Appropriation Increased. Amend RSA 170-G:4, XVI to read as follows:

XVI. Encourage cities, towns and counties to develop and maintain prevention programs, court diversion programs and alternative dispositions for juveniles other than placements outside of the home through the use of a formula which shall allow for the transfer of funds to cities, towns and counties which have, or are developing, prevention programs or alternatives for juvenile care. The amount to be distributed for this program shall be not less than 5 percent of the amount appropriated in fiscal year 1994 and not less than [6] 6 1/4 percent in each fiscal year thereafter, to the department of health and human services for placement costs. The method of distribution shall be based upon rules adopted under RSA 541-A by the commissioner. For purposes of this paragraph, prevention programs shall include programs or activities for the prevention of child abuse and neglect.

2 Effective Date. This act shall take effect July 1, 2000.

AMENDED ANALYSIS

This bill increases from 6 percent to 6 1/4 percent the amount of the annual appropriation for funding placement costs for juvenile diversion and alternative disposition programs within the department of health and human services.

Referred to Finance.

HB 555, relative to representation of a child during child interviews. REFER FOR INTERIM STUDY

Rep. Laura C. Pantelakos for Children and Family Law: The committee felt this bill should be studied further to be sure that the children's rights are protected during interviews. Vote 17-0.

HB 571, relative to joint legal and physical custody of children. INEXPEDIENT TO LEGISLATE
Rep. Edward P. Moran for Children and Family Law: This bill encourages more shared parental responsibility, but sets an arbitrary minimum time standard which creates a whole set of problems. Bill sponsors introduced what they believed is an improved approach, but the committee felt that a bill dealing with a parenting plan in the next session was the best approach. Vote 16-0.

HB 717-FN-A, establishing a child care incentive program for training child care workers, and making an appropriation therefor. REFER FOR INTERIM STUDY

Rep. Julie M. Brown for Children and Family Law: This bill would establish a childcare incentive program for training childcare workers and making an appropriation. This is an excellent bill, but needs further study. Vote 15-0.

SB 137-FN, relative to use of social security numbers in child support enforcement and in the issuance of driver's licenses. INEXPEDIENT TO LEGISLATE

Rep. Thomas I. Arnold, Jr. for Children and Family Law: This bill deals with the use of Social Security numbers for support enforcement and for driver's, marriage, professional and recreational licenses. The committee determined that although the goals are laudable, the opportunities for abuse, misuse and unwarranted invasion of privacy were sufficient to warrant a recommendation of "Inexpedient to Legislate." Vote 16-0.

HB 309, relative to motor vehicle insurance. REFER FOR INTERIM STUDY

Rep. Stephen G. Avery for Commerce: There have been several steps taken by the Insurance Department to help the problems of "After Market Parts" and coercion or steering to certain repair facilities through a bulletin they issued in September. While it does not solve all of the problems, new legislation has been filed to address these issues. The committee wants to keep the subject alive for further work. Vote 15-0.

HB 434, providing that health care providers shall determine the appropriate course of patient treatment. INEXPEDIENT TO LEGISLATE

Rep. Sheila T. Francoeur for Commerce: The committee had three re-referred bills, as well as a chaptered study, which covered the subject matter of this bill. The concern of the committee was how to most effectively address the issue. The consensus was to focus our efforts on House Bill 637. Vote 14-2.

HB 528, adding penalty provisions to the unfair claim settlement practices by insurers law. REFER FOR INTERIM STUDY

Rep. Stephen G. Avery for Commerce: The Insurance Department is still waiting for a pending Supreme Court decision on this matter. The committee would like to keep this bill alive for further action next year. Vote 17-0.

HB 647-FN, relative to health care providers and provider agreements with health insurers. INEXPEDIENT TO LEGISLATE

Rep. Sheila T. Francoeur for Commerce: The committee believed that the concerns of the sponsor could not be addressed without dismantling the current HMO system in New Hampshire. Many of the issues raised by the sponsor will be covered in House Bill 637. Vote 16-0.

SB 162, providing for the licensure and regulatory oversight of voluntary small employer health insurance purchasing alliances. OUGHT TO PASS WITH AMENDMENT

Rep. Sheila T. Francoeur for Commerce: The amendment to this bill clarifies several issues pertaining to purchasing alliances and the licensing of same, pursuant to RSA 420-G:10. The amend-

ment also states that two or more employers may jointly purchase health insurance coverage without having to form a purchasing alliance. The bill will sunset in five years if no entity has been licensed and is currently issuing coverage under the provisions of this bill. Vote 16-0.

Amendment (2182h)

Amend the title of the bill by replacing it with the following:

AN ACT authorizing licensure and regulatory oversight of voluntary small employer health insurance purchasing alliances.

Amend the bill by replacing all after the enacting clause with the following:

I New Paragraph; Definition Added; Purchasing Alliance. Amend RSA 420-G:2 by inserting after paragraph XIV the following new paragraph:

XIV-a. "Purchasing alliance" means a non-risk bearing corporation or other entity licensed pursuant to RSA 420-G:10-a that provides, on a voluntary basis, health insurance coverage through multiple unaffiliated participating carriers to member small employers and their employees within a defined service area authorized by the commissioner.

2 New Section; Voluntary Small Employer Health Insurance Purchasing Alliances. Amend RSA 420-G by inserting after section 10 the following new section:

420-G:10-a Voluntary Small Employer Health Insurance Purchasing Alliances; Rulemaking.

I. The commissioner shall have the regulatory oversight authority to set standards for the licensure and conduct of purchasing alliances authorized under this section and to enforce such standards.

II. Each applicant and each duly licensed purchasing alliance shall file with the commissioner such information or documents as the commissioner shall adopt by rule as necessary to perform oversight function.

III. A purchasing alliance shall offer health benefit plans and establish conditions of participation for small employers, employees, and participating carriers that conform to the requirements of this chapter.

IV. Nothing in this section shall require 2 or more small employers to join a purchasing alliance as a condition of jointly purchasing health insurance coverage. Any such coverage jointly purchased by 2 or more small employers who do not join a purchasing alliance shall conform to the requirements of this chapter.

V. The commissioner shall adopt such rules, under RSA 541-A, and issue such orders as may be necessary to carry out the commissioner's oversight responsibilities under this section.

3 Repeal. The following are repealed:

I. RSA 420-G:2, XIV-a, relative to a definition of "purchasing alliance".

II. RSA 420-G:10-a, relative to voluntary small employer health insurance purchasing alliances.

4 Contingency. If during the month of January, 2006, the commissioner of insurance certifies to the secretary of state that no entity has been licensed as an alliance pursuant to the provisions of this act and is actively offering coverage and enrolling employees of member small employers, then section 3 of this act shall take effect on the date of certification. If no such certification occurs during the month of January, 2006, section 3 of this act shall not take effect.

5 Effective Date.

I. Section 3 of this act shall take effect as provided in section 4 of this act.

II. The remainder of this act shall take effect January 1, 2001.

AMENDED ANALYSIS

This bill authorizes the insurance department to set standards for the licensure and regulatory oversight of voluntary small employer purchasing alliances.

HB 202, legalizing the possession and cultivation of marijuana for medicinal purposes. **REFER FOR INTERIM STUDY**

Rep. Timothy N. Robertson for Criminal Justice and Public Safety: The committee felt that further information should be sought before a final decision was made on legalizing the use of marijuana for medicinal purposes. Testimony from a pharmacist suggested that merinol was, indeed, as effective as smoking in alleviating pain in terminal patients. The committee decided it needed more information about why the medical industry was perhaps not prescribing its use, and is seeking more input about the medical uses. Vote 10-2.

HB 254-L, relative to restricting the fire marshal's authority in certain municipalities. **OUGHT TO PASS WITH AMENDMENT**

Rep. Everett A. Weare for Criminal Justice and Public Safety: Upon hearing testimony from the bill's sponsor and representatives from the Fire Marshal's Office, local fire chiefs and code enforcement officials, it was determined that it was not prudent to restrict the authority of the Fire Marshal in communities with a population over 3,000. This creates the potential of having various codes throughout the state, which could jeopardize the safety of its citizens. However, the testimony brought out several problem areas. The committee felt that formulating a study committee with all parties involved would resolve those issues that are problem areas and thereby insure the public safety of all citizens. Vote 13-0.

Amendment (2045h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study building inspector liability and other related matters.

Amend the bill by replacing all after the enacting clause with the following:

1 Committee Established. There is established a committee to study the feasibility of extending the public duty rule to building inspectors and health officers; the feasibility of allowing the use of fire sprinklers in rooms or areas containing either generators, transformers, telecommunications equipment or electronic data processing equipment; and the feasibility of expanding the role of the state advisory board of fire control to include the hearing of appeals concerning the state fire code.

2 Membership and Compensation.

I. The members of the committee shall be as follows:

(a) Five members of the house of representatives, appointed by the speaker of the house, including 3 members from the criminal justice and public safety committee and 2 members from the municipal and county government committee.

(b) Three members of the senate, appointed by the president of the senate, comprised of members of the public affairs committee.

II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

3 Duties.

I. The committee shall study the following matters:

(a) The feasibility of extending the public duty rule to building inspectors and health officers;

(b) The feasibility of allowing the use of fire sprinklers in rooms or areas containing either generators, transformers, telecommunications equipment or electronic data processing equipment; and

(c) The feasibility of expanding the role of the state advisory board of fire control to include the hearing of appeals concerning the state fire code.

II. The committee shall seek input from the New Hampshire Association of Building Officials, the New Hampshire Association of Fire Chiefs, the New Hampshire Association of Health Officers, the New Hampshire Municipal Association, the state advisory board of fire control, the department of safety, and other interested parties.

4 Chairperson; Quorum. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section.

5 Report. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the senate president, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 2000.

6 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill creates a committee to study the feasibility of extending the public duty rule to building inspectors and health officers; the feasibility of allowing the use of fire sprinklers in rooms or areas containing either generators, transformers, telecommunications equipment or electronic data processing equipment; and the feasibility of expanding the role of the state advisory board of fire control to include the hearing of appeals concerning the state fire code.

HB 282-FN-A, relative to bomb dogs and making an appropriation therefor. INEXPEDIENT TO LEGISLATE

Rep. Everett A. Weare for Criminal Justice and Public Safety: This bill would authorize the purchase of two bomb dogs for use by the state. The state has recently received a federal grant in the amount of \$24,000 for the purchase and training of two explosive sniffing dogs. The purchase is underway and the training is either about to commence or has already commenced. This bill is, therefore, unnecessary and the committee voted "Inexpedient to Legislate." Vote 17-0.

HB 312, restricting the carrying of firearms in courthouses. OUGHT TO PASS WITH AMENDMENT

Rep. Everett A. Weare for Criminal Justice and Public Safety: House Bill 312 defines an area used by a court. The term is in the part of the statute that restricts the carrying of firearms into a courtroom or an area used by a court. The penalty for this is a Class B felony. Occasionally, the judges meet at a non-court facility and the court security personnel have indicated that this also is an area used by a court. The committee disagrees with this use of the statute that originated as a result of an earlier court security study committee. We do agree, however, that firearms should not be introduced into a court building that houses only a court facility or into a building that is partially used as a court facility. The placement of security devices remains with the court security personnel and the county sheriffs where appropriate. The Class B felony would only apply in the areas used by a court as defined in RSA 159:19. Those areas as amended include courtrooms, jury assembly rooms, deliberation rooms, conference and interview rooms, the judges chambers, other court staff facilities, holding facilities, and corridors, stairways, waiting areas, and elevators directly connecting these rooms and facilities. A reference to RSA 159:5 was added to protect law enforcement personnel when they are "on duty" at a court facility. RSA 159:5 allows marshals, sheriffs, and police to carry firearms in a court security situation in a normal course of business. Input from the administrative office of the courts and the county sheriffs was considered and included in the amendment Vote 14-0.

Amendment (2040h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the carrying of firearms in courthouses.

Amend the bill by replacing all after the enacting clause with the following:

I Firearms Restrictions; Courthouse Security. Amend RSA 159:19 to read as follows:

159:19 [Courthouse] **Courthouse Security.**

I. No person shall knowingly carry a loaded or unloaded pistol, revolver, or firearm or any other deadly weapon as defined in RSA 625:11, V, whether open or concealed or whether licensed or unlicensed, upon [his] *the* person or within any of [his] *the person's* possessions owned or within [his] *the person's* control in a courtroom or area used by a court. Whoever violates the provisions of this paragraph shall be guilty of a class B felony.

II. ~~[Firearms may be secured at the entrance to a courthouse by courthouse security personnel. A person who knowingly carries a loaded or unloaded pistol, revolver, or firearm, or any other deadly weapon as defined in RSA 625:11, V past a screening device at an entrance to a courthouse shall be guilty of a violation.~~

III. ~~The supreme court shall adopt rules defining "a courtroom or area used by a court"]~~ For purposes of paragraph I, "*area used by a court*" means:

(a) *In a building dedicated exclusively to court use, the entire building.*

(b) *In any other building which includes a court facility, courtrooms, jury assembly rooms, deliberation rooms, conference and interview rooms, the judge's chambers, other court staff facilities, holding facilities, and corridors, stairways, waiting areas, and elevators directly connecting these rooms and facilities.*

~~[IV.]~~ III. The provisions of this section shall not apply to marshals, sheriffs, ~~[policemen]~~ police or other duly appointed or elected law enforcement officers, bailiffs and court security officers, or persons with prior authorization of the court for the purpose of introducing weapons into evidence *and as otherwise provided for in RSA 159:5.*

~~[V.]~~ IV. It shall be an affirmative defense to any prosecution under paragraph I that there was no notice of the provisions of paragraph I posted in a conspicuous place at each public entrance to the court building.

2 Effective Date. This act shall take effect January 1, 2001.

AMENDED ANALYSIS

This bill defines area used by the court" for purposes of restricting the carrying of firearms in courthouses.

HB 359, establishing a committee to study the rights of a private citizen to pursue a criminal investigation if he or she believes it is not being pursued vigorously. **INEXPEDIENT TO LEGISLATE**

Rep. William J. McCarthy for Criminal Justice and Public Safety: The committee feels that in homicide cases, which is the circumstance that precipitated this bill, the Attorney General's Office does not hesitate to bring forth prosecutions even if a case has been pending for years. However, they prefer not to call a Grand Jury and initiate the prosecution of a case, if they feel that the evidence is lacking for a successful case. In present law, a relative of a homicide victim can file a wrongful death suit, regardless of any action by the state. Also, only one other state, Colorado, allows for a private citizen to pursue a case, and that state has a special prosecutor for that purpose, which New Hampshire does not have. It has been used only minimally in that state and for a somewhat unique personnel situation. After listening to the number of homicide cases still pending for over a year (approximately 53), and hearing details of several reopened and successfully prosecuted after considerable time had passed, the committee concluded that no suggested changes would improve upon the present system and that the solution remains improved management and better investigations, rather than legislation. Vote 12-2.

HB 478, prohibiting smoking in all areas of prisons. **INEXPEDIENT TO LEGISLATE**

Rep. Richard F. Doucette for Criminal Justice and Public Safety: This bill would have prohibited smoking by all personnel and inmates within all areas of the state's prison system. When the public hearing was held, the correction officers' union representative testified in support of the measure. Since that time, the no-smoking policy has become a bargaining issue. The Department of Corrections has informed the committee that the no-smoking policy promulgated earlier this year is underway. The New Hampshire State Prison for Women has been non-smoking since April 1, 1999. The New Hampshire State Prison Secure Psychiatric Unit and the three halfway houses have been non-smoking since September 1, 1999. The Lakes Region Facility will be non-smoking as of November 1, 1999 and the Berlin State Prison will open non-smoking. There is no need to create a statute that is difficult to reverse when a department policy will suffice. The committee is also divided on the practicality of a no-smoking policy within the prison system. The committee recommends "Inexpedient to Legislate." Vote 16-1.

HB 522, relative to the public's access to sex offender registry information. **OUGHT TO PASS WITH AMENDMENT**

Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: This legislation requires convicted sex offenders and offenders against children who are required to register, to do so annually within 30 days after each anniversary of the person's date of birth rather than each anniversary of their date of release from custody. This should make it easier to remember to register. Added to the list of information available to the public are outstanding arrest warrants for any sexual offender or offender against children who has not complied with the offenders obligation to register. Sexual offenders or offenders against children previously convicted of a misdemeanor for knowingly failing to register, shall be guilty of a Class B felony for knowingly failing to register a second or subsequent time. Vote 14-2.

Amendment (2175h)

Amend the bill by replacing all after the enacting clause with the following:

1 Duty to Report. Amend RSA 651-B:4, I to read as follows:

I. Any person required to be registered under this chapter shall be required to report such person's current mailing address and place of residence or temporary domicile to the local law enforcement agency within 30 days after the person's release from custody following conviction, or within 30 days after the person's date of establishment of residence in New Hampshire if convicted elsewhere. Such report shall also be made annually within 30 days after each anniversary of the person's date of birth, and additionally within 30 days after any change of address or place of residence. Forms for reporting shall be provided by the department to each municipal police and county sheriff department, and shall include a copy to be receipted and returned to the person fil-

ing the report and a copy to be forwarded to the division. The division shall include such address report information in the LENS system, and shall also use the information to maintain a current address in the person's criminal record as maintained under RSA 106-B:14.

2 New Subparagraph; Persons to be Included on Sex Offender Registry List. Amend RSA 651-B:7, II(b)(1) by inserting after subparagraph (C) the following new subparagraph:

(D) Outstanding arrest warrants, together with the information listed in RSA 651-B:7, II(b)(1)(A)-(C), for any sexual offender or offender against children who has not complied with the offender's obligations to register under this chapter.

3 Updates. Amend RSA 651-B:7, IV as follows:

IV. The division shall forward, *by any means*, a copy of the list described in this section to each local law enforcement agency at periodic intervals, but in no event less frequently than once each month. The list shall be made available to interested members of the public upon request to the local law enforcement agency. The department shall adopt rules, pursuant to RSA 541-A, establishing procedures for the collection of information described in this section, the transmission of the information from the division to the local law enforcement agencies, and the conditions under which the list shall be made available to the public. These rules shall enable the public to request information about a named individual or about all listed individuals residing or confined in [~~a specified city or town~~] *the state*. The rules shall also include provisions for identifying and maintaining a record of the parties to whom information from the list has been disclosed, and may also provide for the imposition of a reasonable fee to defray the administrative costs of collecting the information and making the information available to the public.

4 Penalty. Amend RSA 651-B:9 to read as follows:

651-B:9 Penalty.

I. A sexual offender or offender against children who negligently fails to comply with the requirements of this chapter shall be guilty of a violation.

II. A sexual offender or offender against children who knowingly fails to comply with the requirements of this chapter shall be guilty of a misdemeanor.

III. A sexual offender or offender against children previously convicted of a misdemeanor pursuant to paragraph II who knowingly fails to comply with the requirements of this chapter shall be guilty of a class B felony.

[~~HB~~] IV. Any person who violates the provisions of RSA 651-B:7 shall be guilty of a violation.

5 Effective Date. This act shall take effect January 1, 2001.

AMENDED ANALYSIS

This bill broadens the scope of information required to appear on the sexual offender registry list and the means of collecting and reporting such information. The bill also makes subsequent offenses for knowingly failing to register punishable as a class B felony.

HB 631-FN, authorizing the department of safety to issue photographic identification cards to persons required to have criminal background checks for employment or other lawful purposes. INEXPEDIENT TO LEGISLATE

Rep. Frederick B. Andrews for Criminal Justice and Public Safety: House Bill 631 is an act authorizing the Department of Safety to issue photographic identification cards to persons required to have criminal background checks for employment or other lawful purposes. The Department of Safety would issue photographic identification cards for persons who have undergone criminal background checks. These cards could be used when applying for other safety-related clearance matters. Such cards shall only be issued after Department of Safety personnel have verified, via review of National Instant Criminal Background Check System (NICS) records, that no data exists to indicate that possession of a firearm by the individual requesting the card would be in violation of federal, state or local law. At the September 28, 1999 work session, Assistant Commissioner John Stephen was not enthusiastic about the bill. There was no support from the department and there were no suggestions about how to speed up the present process. When originally drafted, the sponsor thought it would provide a more uniform procedure and allow the criminal record background checks at the time of hire to be done in a more timely manner. The work sessions shed no light on the methods used that would indicate a benefit to those who need criminal record checks for the purpose of hiring or for those who apply for employment. House Bill 304 currently being studied

by the committee on education will, when amended by that committee, clarify the procedure for those who work with children in our school system. The committee recommends that House Bill 631 be found "Inexpedient to Legislate." Vote 14-0.

HB 683-FN, requiring teachers and school administrators to report incidents of disruptive behavior by students. **OUGHT TO PASS WITH AMENDMENT**

Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: This bill in its original form added duties or obligations on school systems, which in most cases were already covered by the systems rules and procedures, and by RSA 193-D, the Safe School Zones Act. The only part the committee changed was paragraph I.(a), that when a report is made by the principal to the police, it is also made to the parent or guardian of the victim. The changes made were agreed to by the sponsor and he felt they accomplished his goal. Vote 17-0.

Amendment (2186h)

Amend the bill by replacing all after the enacting clause with the following:

1 Reporting Requirements; Child Endangerment; Assaults. Amend RSA 193-D:4, I (a) to read as follows:

I.(a) Any public or private school employee who has witnessed or who has information from the victim of an act of theft, destruction, or violence in a safe school zone shall report such act in writing immediately to a supervisor. A supervisor receiving such report shall immediately forward such information to the school principal who shall file it with the local law enforcement authority. Such report shall be made by the principal to the local law enforcement authority *and person responsible for the child's welfare as defined in RSA 169-C:3, XXII* immediately, by telephone or otherwise, and shall be followed within 48 hours by a report in writing.

2 Effective Date. This act shall take effect January 1, 2001.

AMENDED ANALYSIS

This bill changes the reporting requirements for teachers or school administrators who witness or have information concerning acts of theft, destruction or violence by students.

SB 29-L, relative to the proper sheltering of dogs. **OUGHT TO PASS WITH AMENDMENT**

Rep. William J. McCarthy for Criminal Justice and Public Safety: This bill, as originally written, actually weakened the animal cruelty statutes in some areas. It also, however, opened up possible scenarios of enforcement officials entering private property for little reason. The original bill also addressed shelter specifications in minute detail. The committee agreed that a better definition of shelter may be in order, but not in the detail presented. The amendment maintains the level of penalty in current statute and inserts the shelter definition in the appropriate place in the statute. Vote 13-1.

Amendment (2027h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Shelter for Dogs; Protection from the Weather. Amend RSA 644:8 by inserting after paragraph II the following new paragraph:

II-a. In this section, "shelter" or "necessary shelter" for dogs shall mean any natural or artificial area which provides protection from the direct sunlight when that sunlight is likely to cause heat exhaustion of a dog tied or caged outside. Shelter from inclement weather shall have an area within to afford the dog the ability to stand up, turn around and lie down, and be of proportionate size as to allow the natural body heat of the dog to be retained.

2 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill defines what is necessary for adequate shelter for a dog.

SB 88-FN, relative to penalties for third driving while intoxicated offenses. **REFER FOR INTERIM STUDY**

Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: This bill deals with penalties for third offense DWI. The committee felt "Interim Study" was proper for this as House Bill 84 was initially the same and that was made into a chartered study committee to look into DWI related matters. By putting this bill into "Interim Study," we have a vehicle available to use if needed for DWI penalties and we felt that the issues in Senate Bill 88 should be looked at along with those in House Bill 84. Vote 16-0.

HB 273-FN-L, relative to annual grants for school building aid. OUGHT TO PASS WITH AMENDMENT

Rep. Robert E. McKinley for Education: The amendment replaces the bill. This bill, as amended, creates a legislative oversight committee for school building aid to study all aspects of state funding for building programs and recommend legislation or rules where applicable. This oversight committee is to review the report on the condition of schools by the State Board and the administrative rules dealing with building aid and what constitutes an adequate public school building. The original bill revised the building aid formula. Information and data are still forthcoming making a new formula premature at this time. Vote 16-1.

Amendment (2193h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a school building aid oversight committee.

Amend the bill by replacing all after the enacting clause with the following:

I New Section; School Building Aid Oversight Committee. Amend RSA 198 by inserting after section 15-h the following new section:

198:15-hh School Building Aid Oversight Committee.

I. There is hereby established a school building aid oversight committee for the purpose of monitoring and overseeing the funding of adequate educational facilities within the school districts of this state and to recommend legislation as deemed necessary. The membership of the committee shall be as follows:

(a) Three members of the house of representatives, including one member of the education committee and one member from either the finance committee or the public works committee, appointed by the speaker of the house.

(b) Three members of the senate, including one member of the education committee and one member from either the finance committee or the capital budget committee, appointed by the president of the senate.

II. The first-named house member shall call the first meeting no later than 60 days after the effective date of this section. A chairperson shall be elected by the membership at the first meeting. The committee shall meet at the call of the chair.

III. Membership on the committee shall be coterminous with membership in the legislature.

IV. The duties of the committee shall be as follows:

(a) To review any past studies regarding school building aid.

(b) To cooperate with and support the state board of education and the department of education in their statewide qualitative study concerning public school facilities and distribution of school building aid in accordance with 1998, 267:3.

(c) To review the current school building aid distribution formula, including recommendations for alternative methods of apportioning such aid.

(d) To review department of education rules regarding school building aid and construction.

(e) To evaluate the process undertaken by the state board of education for approval of school construction plans, including recommending guidelines to minimize premature facilities and equipment obsolescence.

(f) To create guidelines to insure that the state portion of school building aid is used for educational purposes necessary for an adequate education.

V. The committee shall report no later than November 1 annually to the speaker of the house, the chairperson of the house education committee, the president of the senate, the chairperson of the senate education committee, and to the governor and council. The report shall include any recommendations for legislation.

2 Repeal. RSA 198:15-hh, relative to school building aid oversight committee, is repealed.

3 Effective Date.

I. Section 2 of this act shall take effect November 1, 2006.

II. The remainder of this act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill establishes a school building aid oversight committee for the purpose of overseeing and monitoring the funding of adequate educational facilities in each school district.

SB 208-FN, establishing a "parents as scholars" program. **INEXPEDIENT TO LEGISLATE**
Rep. Susan B. Durham for Education: The purpose of this bill is to allow people on TANF to take courses at the Technical-Community College and have that effort considered work for purposes of receiving benefits. This is in conflict with the current philosophy of Health and Human Services which is "work first," if work is available. There will be further legislation to establish a commission to study how the Technical-Community College can work with TANF recipients so they can achieve skills to be self-supporting. Vote 15-0.

HB 493-FN, relative to alteration of sample ballots. **INEXPEDIENT TO LEGISLATE**
Rep. Lynn C. Horton for Election Law: This bill would create a new class A misdemeanor. The committee felt that since city and town election officials with only one exception had no complaints and the secretary of state's office had no complaints that this piece of legislation could cause more problems than it would solve. Therefore, inexpedient to legislate is the correct and proper way to handle this. Vote 18-0.

SB 94, relative to absentee voter affidavits. **INEXPEDIENT TO LEGISLATE**
Rep. C. Donald Stritch for Election law: The committee felt that since the secretary of state had addressed the problem of absentee ballot affidavit signatures to the committee's satisfaction, this bill was no longer needed. Vote 18-0.

HB 52, exempting certain currants and gooseberries resistant to the white pine blister rust organism from restrictions on planting in control areas. **INEXPEDIENT TO LEGISLATE**
Rep. Kenneth R. Marshall for Environment and Agriculture: The committee voted 15-0 that this bill is unnecessary at this time because the law already allows for the Division of Forests and Lands to issue permits for the growing of gooseberries and currants and, in fact, is now doing so. Vote 15-0.

HB 246, relative to personnel transfers at the department of safety. **OUGHT TO PASS WITH AMENDMENT**
Rep. Howard C. Dickinson for Executive Departments and Administration: The amendment to HB 246 represents a compromise on the subject of personnel transfers involving personnel in the Division of Fire Standards and Training at the Department of Safety. The Executive Departments and Administration Committee is pleased to unanimously support this agreement. Vote 15-0.

Amendment (2114h)

Amend the bill by replacing all after the enacting clause with the following:

I Transfers Involving the Division of Fire Standards and Training. Amend RSA 21-P:15, III to read as follows:

III. Any transfer involving the division of fire standards and training undertaken pursuant to this section shall require ~~[the concurrence of]~~ *consultation with* the fire standards and training commission, *prior to the transfer being proposed to the governor and council.*

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill requires that personnel transfers involving the division of fire standards and training be done in consultation with the fire standards and training commission prior to the transfer being proposed to the governor and council.

HB 499-FN, relative to payment by the state of the cost of medical insurance benefits for certain New Hampshire retirement system members. **INEXPEDIENT TO LEGISLATE**
Rep. Merton S. Dyer for Executive Departments and Administration: This bill would have required the New Hampshire Retirement System to send the monthly subsidy checks for retirees or beneficiaries to the medical plan selected by the retiree. RSA 100-A:52 requires payment to the employers health plan. The New Hampshire Retirement System now sends out about 120 checks per month and to send them to the medical plan of the retiree's choice, could increase the workload tremendously. The retirees need to work with their former employers to select a plan with wide acceptance. When the State of New Hampshire changed insurance carriers, they retained Blue Cross/Blue Shield for retirees because of its wide accessibility. The employer or group of employers should work with the retirees to provide the coverage requested. Vote 16-0.

HB 598-FN, relative to the licensure of x-ray technicians. **INEXPEDIENT TO LEGISLATE**
Rep. Maurice E. Goulet for Executive Departments and Administration: During the fall of 1999, under SB 60, a study committee reviewed the issues relating to licensure of radiological technicians. Many issues were raised pertaining to radiological safety. However, further examination is required. The study committee (SB 60) approved a motion on October 21, 1999 to extend the study committee's reporting date to November 1, 2000. It is believed that this one-year extension may produce different bills that would provide better legislative resolution(s) regarding the provision of safer radiological services for the 2001 legislative session. Vote 15-0.

SB 216-FN, allowing veterans the right to purchase credit in the retirement system for certain service in the armed forces. **INEXPEDIENT TO LEGISLATE**

Rep. Merton S. Dyer for Executive Departments and Administration: This bill would allow any Group I employee or teacher member who has completed ten years of creditable service, to purchase up to four years of additional creditable service for active service in the armed forces of the United States or service in an active status in the New Hampshire National Guard or organized reserves. The present statute has provisions for members called to active duty in the armed forces. This bill refers to prior service or service in the reserves. This retirement system is for the employees and is provided, in part, by the employer for service provided in the course of employment. Additional payments late in the employment cycle will enhance the retirement benefit but may not fully fund the benefit purchased. The subcommittee voted "Inexpedient to Legislate" as this bill might have unrecognized consequences. Vote 15-1.

HB 107-FN-A, establishing a tax review and adjustment study commission and making an appropriation therefor. **INEXPEDIENT TO LEGISLATE**

Rep. William S. Belvin for Finance: The bill's purpose was to study the state's tax structure in light of legislative action to respond to the *Claremont II* decision. A commission would recommend a new revenue-neutral tax structure. The Finance Committee believes such a study to have value and appreciates the sponsor's foresight. However this function was subsequently assigned to the Tax Equity Commission created in HB 117 which is now meeting and makes further consideration of HB 107 unnecessary. Vote 21-0.

HB 289, relative to eligibility for child day care assistance. **INEXPEDIENT TO LEGISLATE**

Rep. Mary Jane Wallner for Finance: During the public hearing it became clear that this bill addressed an issue which was addressed in rules. The problem was that the Department of Health and Human Services' policy did not properly reflect the department's rules. The department has corrected the policy and this bill is not necessary. Vote 24-0.

HB 630-FN-L, relative to the Skyhaven airport transfer plan. **OUGHT TO PASS WITH AMENDMENT**

Rep. Margaret A. Lynch for Finance: This bill deals with the Skyhaven Airport transfer plan and establishes a self-funding maintenance and operations fund. It further requires capital budget overview on any capital improvements projects.

The amendment removes the "sole source of funding" provision in section 422:49, the Skyhaven Airport Maintenance and Operation Fund and replaces it with wording that allows management to seek federal and/or private funds. It further amends the bill to require the transfer of the Skyhaven Airport to a local public entity be completed no later than July 1, 2003; it also requires that the submission of a plan for the transfer be completed and presented by 2002 rather than the year 2000. The remaining sections of the bill are unchanged. Vote 22-0.

Amendment (2020h)

Amend the bill by replacing all after the enacting clause with the following:

1 Skyhaven Transfer Plan. Amend 1998, 317:1 to read as follows:

317:1 Skyhaven Airport Transfer Plan.

I. The long range capital planning and utilization committee and the Skyhaven airport operation commission shall develop a plan to transfer the Skyhaven airport to a local public entity. ***The transfer shall be completed by July 1, 2003.*** The transfer shall be to an entity that is eligible for federal funding under the Airport Improvement Program and other federal programs, and that will maintain the airport in a satisfactory manner in accordance with federal and state statutes and regulations.

II. The transfer shall include land and buildings, as well as any existing contract obligations and benefits. All income currently collected by the state from the property, such as hangar rentals and contract fees, shall accrue to the new owner, who will be responsible for maintaining and operating the airport; provided, however, that the state shall retain any aircraft hangars to which an outstanding bond obligation may be attributed, and the income from those hangars shall continue to be deposited to the Skyhaven hangar sinking fund account until such time as the bonds are paid, at which time the hangars shall be transferred to the new owner. *Until such time as the bonds are paid, the state treasurer shall have the authority to reallocate the debts in the Skyhaven hangar sinking fund account.*

III. Skyhaven airport shall be eligible for state grants to match federal grants for the capital improvement program in the same manner as other major airports in the state.

2 Extension of Date for Submission of Plan. Amend 1998, 317:3 to read as follows:

317:3 Submission of Plan. The long range capital planning and utilization committee and the Skyhaven airport operation commission shall submit the Skyhaven airport transfer plan to the governor and council, the speaker of the house of representatives, and the president of the senate by November 1, ~~[1998]~~ 2002.

3 Skyhaven Airport Maintenance and Operations Fund; Airport to be Self-funding. Amend RSA 422:49 to read as follows:

422:49 Skyhaven Airport Maintenance and Operations Fund.

I. There is hereby established the Skyhaven airport maintenance and operations fund, which shall be nonlapsing and continually appropriated to the division of aeronautics for the maintenance and operation of Skyhaven airport.

II. *Rental revenues from Hangars 2, 3 and 4 at Skyhaven airport which are not required to be deposited in the Skyhaven hangar sinking fund account for bond repayment shall be deposited in this fund. All other revenues from Skyhaven airport rentals, leases, fees, and the sale of goods and services at Skyhaven airport shall be deposited in this fund.*

4 Repeal. The following are repealed:

I. RSA 6:12, I(sss), relative to the Skyhaven airport maintenance and operations fund.

II. RSA 422:49, relative to the Skyhaven airport maintenance and operations fund.

5 Effective Date.

I. Section 2 of this act shall take effect upon its passage.

II. Sections 1 and 3 of this act shall take effect July 1, 2001.

III. The remainder of this act shall take effect July 1, 2003.

AMENDED ANALYSIS

This bill extends the reporting date for the Skyhaven transfer plan from November 1, 1998 to November 1, 2002. The bill requires that a transfer be completed by July 1, 2003.

This bill also allows the state treasurer to reallocate existing debts in the Skyhaven hangar sinking fund account. The bill requires certain revenues from Skyhaven airport to be deposited in the Skyhaven airport maintenance and operations fund.

HB 692-FN-A, adopting a single sales factor method of apportionment under the business profits tax. REFER FOR INTERIM STUDY

Rep. Jean R. Wallin for Finance: The Finance Committee recommends that this bill be placed in interim study. As with other pieces of legislation coming before us, we are loathe to jeopardize such a large source of general fund revenue. However, many members have long advocated use of the single sales factor to determine the business profits tax. By placing the bill in interim study, the Finance Committee can compare actual collections with model collections using the single sales factor. The information gleaned can then be used to further consider any changes. Vote 20-1.

HB 747-FN-A-L, relative to the education property tax and adequate education grants. INEXPEDIENT TO LEGISLATE

Rep. David J. Alukonis for Finance: In light of the adoption of a statewide property tax via HB 117, as well as the Supreme Court's action regarding the same, the committee finds that the current proposal, which also levies a statewide property tax, to be unnecessary. Certain policy aspects found in HB 747 but not in HB 117 have been debated and will continue to be examined by the Tax Equity and Efficiency Commission. Of particular discomfort to the committee is the mecha-

nism whereby the statewide property tax rate is set. In HB 747, the rate is not set in statute. Rather, the authority to set the tax rate each year is left to the Commissioner of the Department of Revenue Administration. Vote 21-0.

SB 11-FN, relative to the filing fee for securities in a combined prospectus offered for sale in New Hampshire by a mutual fund. **INEXPEDIENT TO LEGISLATE**

Rep. Jean R. Wallin for Finance: The Finance Committee recommends that the House find this bill Inexpedient to Legislate because it is virtually impossible to calculate the amount of revenue that would be lost or gained with passage of this bill. Finance further feels that this is not the time to place any general fund revenue in jeopardy. There were no supporters of the bill from the general public appearing at our hearings. Vote 21-0.

HB 326-FN, requiring the department of health and human services to survey home health care agencies for compliance with federal regulations for medicare. **INEXPEDIENT TO LEGISLATE**
Rep. Francine Wendelboe for Health, Human Services and Elderly Affairs: New federal regulations require inspections of home health agencies for compliance with federal regulations for Medicare. It was discovered that two home health agencies that do not provide Medicare services were impacted by this. A representative of the Department of Health and Human Services told the subcommittee that this could be worked out in rules, and that no action would be taken for non-compliance until addressed in rules. The re-refer motion enabled that process to be followed through. The Department of Health and Human Services is now in the final stages of rulemaking on this matter and it appears this issue is being satisfactorily resolved. Vote 14-0.

HB 568, establishing a review panel to review judicial officers. **OUGHT TO PASS WITH AMENDMENT**

Rep. Sandra B. Keans for Judiciary: The subcommittee met several times on a series of judicial reform bills. We were very careful not to cross over the Constitution lines of authority. Through this legislation, the courts should now understand that the citizens of New Hampshire want judges to be courteous, efficient and competent. In this amendment, the committee provides in the Judicial Conduct statute that (1) performance evaluations will be done on all judges with input from attorneys, parties, witnesses, jurors, court personnel, etc. at least once every three years; (2) all complaints pertaining to judges will be passed (dismissed or not) between the Administrative Judge and the Judicial Conduct Committee; (3) the evaluations will be made available to the Governor and Executive Council upon nomination of judges to other judicial appointments; and (4) the court annually will file a report on the evaluation process. Vote 16-0.

Amendment (2122h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a program for performance evaluations of judges.

I New Paragraph; Complaints; Committee on Judicial Conduct. Amend RSA 490:30 by inserting after paragraph III the following new paragraph:

IV. In all cases, whether a complaint is dismissed or not, complaints received by the committee on judicial conduct shall be made available to the administrative judge of the court in which the judge complained against holds office. Furthermore, all complaints against judges received by the administrative judges of the superior court, the district court and the probate court shall be forwarded to the committee on judicial conduct.

2 New Subdivision; Judicial Performance Evaluations. Amend RSA 490 by inserting after section 31 the following new subdivision:

Judicial Performance Evaluations

490:32 Judicial Performance Evaluations.

I. The chief justice and a majority of the supreme court, in consultation with the administrative judges of the superior, district and probate courts, shall design and implement by court rule, a program for performance evaluation of judges. The sole purpose of this program shall be the improvement of the performance of individual judges and of the judiciary as a whole. Notwithstanding any law to the contrary, all information compiled through this program shall be confidential, except as otherwise provided in this section.

II. The program for performance evaluation shall include, but shall not be limited to, review of records of the supreme court's committee on judicial conduct which are public records under

supreme court Rule 40; a questionnaire, to be designed by the supreme court; and a self-evaluation form to be completed by the judge. The supreme court shall strive to achieve uniformity among court evaluation questionnaires, recognizing that the questionnaires for each court may differ due to the jurisdiction of the courts. Questionnaires shall be distributed to a representative sample of attorneys, parties, witnesses, jurors, court personnel, and others who have appeared before a judge during the evaluation period, for the purpose of evaluating the performance of the judge. The questionnaire shall include, but shall not be limited to, questions relative to the judge's performance, temperament and demeanor, judicial management skills, legal knowledge, attentiveness, bias and objectivity, and degree of preparedness. Completed forms shall be returned to the administrative judge, unsigned, within 30 days of issuance. All responses shall remain confidential.

III. The program for performance evaluation shall ensure that each judge is evaluated a minimum of once every 3 years.

IV. The chief justice of the supreme court shall evaluate the administrative judges of the superior, district and probate courts.

V.(a) The chief justice and a majority of the supreme court, in consultation with the administrative judges of the superior, district and probate courts, shall establish judicial evaluation standards, and shall design or determine appropriate programs for judges who need improvement in achieving the judicial evaluation standards. The supreme court shall establish disciplinary rules and may initiate disciplinary action when appropriate. If a judge fails to achieve judicial evaluation standards after 2 consecutive evaluations, or purposely fails to complete assigned programs, the judge's right to confidentiality shall be waived.

(b) Upon consideration of nomination for another judicial appointment, a judge's evaluations shall be made available to the governor upon request. Upon nomination, such evaluations shall be made available to the executive council upon request. The contents of such evaluations shall be kept in strict confidence by the governor and executive council.

(c) Judicial performance evaluations shall be retained by the judicial branch for the duration of the judge's tenure.

VI. The supreme court shall prepare a report on the implementation of the performance evaluation program described in this section within one year of the effective date of this section and submit such report to the governor, the speaker of the house, the president of the senate, and the chairpersons of the house and senate judiciary committees. Such report shall be made available to the public. Beginning in 2001, the supreme court shall annually file a report on the evaluation process, including, but not limited to, the number of evaluations performed by each court, the percentage of responses received, and, without identifying individual judges, a summary of the overall evaluation results and all actions taken to correct inadequacies and deficiencies. The annual report shall be submitted on or before June 30 of each year to the governor, the speaker of the house, the president of the senate, and the chairpersons of the house and senate judiciary committees. Such report shall be made available to the public.

3 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill requires the supreme court, in consultation with the administrative judges of the superior, district, and probate courts, to design and implement, by court rule, a program for performance evaluation of judges.

HB 575, limiting railroad liability for passenger and tourist rail service. REFER FOR INTERIM STUDY

Rep. Peter F. Bergin for Judiciary: The committee was concerned with setting a precedent of a liability cap of \$75,000,000 per occurrence annually and \$100,000,000 in the aggregate annually on "passenger rail service." It was also a concern that the rail owner would be fully exempt from total liability on the tracks that the commuter rail would operate on. As a result of these concerns, the committee voted somewhat reluctantly to send this bill to interim study even though most committee members have a genuine interest in perpetuating passenger rail service in the state where appropriate. Vote 18-0.

HB 636-FN, relative to public safety employee collective bargaining negotiations under the public employee labor relations act. REFER FOR INTERIM STUDY

Rep. Russell D. Bridle for Labor, Industrial and Rehabilitative Services: The Labor, Industrial and Rehabilitative Services Committee has put an extensive amount of work into the issue of public sector employee conflict resolutions. The committee desires more time to continue working on this bill in hopes of drafting a bill that will result in timely collective bargaining negotiations for public sector employees. Vote 16-0.

HB 71-FN-L, relative to authorizing agreements for the determination of each municipality's share of county costs. **INEXPEDIENT TO LEGISLATE**

Rep. Richard C. Leone for Municipal and County Government: Due to the complexity of this bill, the Committee unanimously voted to recommend it "Inexpedient to Legislate" at this time. However, the Municipal and County Government Committee already has a standing subcommittee to study county issues on a continual basis. This would include the subjects of HB 71, issues of proportionality, property equalization (statewide), the formulas used by cooperative school districts relative to numbers of students (usage) and property valuation, and the significance of per capita income of each community. Vote 15-0.

HB 209, relative to authorizing the consideration of traditional village patterns in local zoning ordinances. **INEXPEDIENT TO LEGISLATE**

Rep. Betsey L. Patten for Municipal and County Government: This bill would set up a traditional village pattern for local communities to adopt in their regulations to try to lessen the growth and impact of sprawl. The committee realizes that the local land use boards already have the ability to enact any innovative zoning regulations, which may or may not include a traditional village pattern. The issue of developing land in a manner that causes "sprawl" is being studied in the statutory study committee created by House Bill 288, Chapter 23:3, Laws of 1999. Therefore, the full committee felt that this specific bill was premature and wanted to let the full statutory committee do its work and will be looking forward to the report they will file in November of 2000. Vote 14-0.

HB 226-L, establishing municipality bond payment schedules and percentages. **OUGHT TO PASS WITH AMENDMENT**

Rep. Gerard L. St. Cyr for Municipal and County Government: The sponsors of this bill originally asked to change the bond payment schedule from 2 percent (current law) to 10 percent intervals to pay off Tax Increment Financing (TIF) projects. Their argument was that considerable savings could be realized in interest if the bond could be retired earlier. The Department of Revenue Administration was concerned that this could create problems of back-loading, especially if some community leaders decided to hold off payments until the last few years, possibly leaving the community in financial difficulty. The Department was also concerned that some of our smaller towns may not have access to financial officers or expertise to guide them as some of the larger communities do. The Committee was satisfied with a compromise of 5 percent increments worked out with the sponsors and the Department of Revenue Administration. Vote 13-2.

Amendment (2047h)

Amend the bill by replacing section 1 with the following:

1 Issuance of Bonds; Payment Schedules; Amount Payable. Amend RSA 162-K:8 to read as follows:

162-K:8 Issuance of Bonds. The municipality may authorize, issue and sell general obligation bonds, which shall mature within 30 years from the date of issue, to finance the acquisition and betterment of real and personal property needed to carry out the development program within the development district together with all relocation costs incidental thereto. *Bonds issued under authority of this chapter shall be payable in annual payments which shall be so arranged that the amount of annual payment of principal and interest in any year on account of any bond shall not be less than the amount of principal and interest payable in any subsequent year by more than 5 percent of the principal of the entire bond. The total amount of such payments shall be sufficient to extinguish the entire bond on account of which they are made at maturity. The first payment of principal on any bond shall be made no later than 5 years and the last payment not later than 30 years after the date thereof. Each authorized issue of bonds shall be a separate loan.* All dedicated tax increments received by the municipality pursuant to RSA 162-K:10 shall be pledged for the payment of these bonds and used to reduce or cancel the taxes otherwise required to be extended for that purpose, and the bonds shall not be included when computing the municipality's net debt under RSA 33.

HB 285, providing that equalized value of property in small towns be calculated as a multi-year average. **INEXPEDIENT TO LEGISLATE**

Rep. Linda T. Foster for Municipal and County Government: This bill would allow towns with populations of less than 5000 to calculate their annual valuation by taking the average of equalized values over a 3-year period. Testimony from the Department of Revenue Administration expressed many concerns with this proposal. The Committee's major concerns were (1) population is not an appropriate measure to determine the need for using sales over a multi-year period, (2) the legislation conflicts with the different methods of assessment contained in HB 117 as it relates to the statewide education property tax, and (3) the Department of Revenue Administration now has the flexibility to use previous years sales in its calculations already. This bill would limit that flexibility. For those reasons, the committee unanimously concluded that the proposed legislation is not warranted. Vote 14-0.

HB 391, establishing a village plan alternative in zoning and land use planning laws. **INEXPEDIENT TO LEGISLATE**

Rep. Robert W. Brundige for Municipal and County Government: This bill is premature due to the statutory committee currently studying the total issue of sprawl (HB 288, Chapter 23:3, Laws of 1999), along with several other committees studying this issue of unplanned growth. Reports are due in November 2000. Vote 14-0.

HB 446-L, subjecting certain land in the town of Newport to local land use regulations. **REFER FOR INTERIM STUDY**

Rep. Betsey L. Patten for Municipal and County Government: The committee received information and input regarding the issue of subjecting the ash landfill in the town of Newport to local land use regulations. Based on the fact that the landfill is "owned and operated by an unusual partnership of 29 towns in the two states of New Hampshire and Vermont" and is therefore considered a municipality, the local land use regulations are not applicable to this specific use. Currently, any change of ownership from the municipality to a private owner would require the private owner to comply with local land use regulations. The town of Newport also proposed a zoning change, which was adopted, that zoned the current parcel of land into a "solid waste district." Knowing that this issue is closely related to HB 379 which "sets up a study committee to study issues pertaining to the Sullivan County Regional Refuse Disposal District," the subcommittee voted to send the bill to Interim Study in order to be sure that the complex issues were discussed and viewed by the study committee, along with the members of the appointed subcommittee. The sponsor concurred with this action. Vote 14-0.

HB 521-L, exempting initial bond issues from the 10 percent limitation on exceeding appropriations recommended by the budget committee. **OUGHT TO PASS WITH AMENDMENT**

Rep. Betsey L. Patten for Municipal and County Government: The intent of this legislation is to allow the governing body to vote to place an initial bond request on the warrant, even if the budget committee has voted "not to recommend" the initial bond request. Currently, if a budget committee makes this recommendation, the bond request does not go on the warrant for the local legislative body to vote on. In an MBA town/district, if the initial bond request is not recommended in its entirety by the budget committee, the governing body has the ability to call a duly posted meeting and have a majority vote to place the initial bond request on the warrant. Line 17, section II — the process by which the question would be put on the warrant is outlined in the bill. Line 28, section III — if the initial bond request is passed by the voters, the governing body is required to send a copy of the minutes where they took the vote to place the initial bond request on the warrant to the Department of Revenue Administration. Vote 14-0.

Amendment (2053h)

Amend the title of the bill by replacing it with the following:

AN ACT allowing municipalities that have adopted the municipal budget act to override the 10 percent limitation on exceeding appropriations recommended by the budget committee.

Amend the bill by replacing all after the enacting clause with the following:

I New Section; Legislative Body Override of Limitation of Appropriations. Amend RSA 32 by inserting after section 18 the following new section:

32:18-a Legislative Body Override of Limitation of Appropriations.

I. Notwithstanding any other provision of law, in any municipality electing this subdivision, or any district wholly within a town electing this subdivision, if an initial bond request is not recommended in its entirety by the budget committee, the governing body of such municipality, after a majority vote by the governing body of the municipality in favor of the initial bond request at a duly posted meeting, shall place the initial bond request on the warrant.

II. The legislative body of any municipality described in RSA 32:18-a, I, may approve an initial bond request despite the 10 percent limitation provided in RSA 32:18 in the following manner:

(a) The question shall be placed on the warrant.

(b) The wording of the question shall be: "Shall (the local political subdivision) override the 10 percent limitation on total appropriations beyond that recommended by the budget committee in order to approve the following appropriation (here insert initial bond request dollar amount and purpose)?" Immediately below the question on the warrant shall be displayed (1) the recommendation of the governing body and (2) the recommendation of the budget committee, as included in the budget forms for the annual meeting pursuant to RSA 32:5, IV.

(c) If those voting "Yes" on the question satisfy the requirements of RSA 33:8, the initial bond request is thereby approved.

III. If the initial bond request is approved pursuant to RSA 32:18-a, the governing body of such municipality shall forward a copy of the minutes of the duly posted meeting described in RSA 32:18-a, I to the commissioner of the department of revenue administration.

2 Appropriations Only at Annual or Special Meeting. Amend RSA 32:6 to read as follows:

32:6 Appropriations Only at Annual or Special Meeting. All appropriations in municipalities subject to this chapter shall be made by vote of the legislative body of the municipality at an annual or special meeting. No such meeting shall appropriate any money for any purpose unless that purpose appears in the budget or in a special warrant article, provided, however, that the legislative body may vote to appropriate more than, or less than, the amount recommended for such purpose in the budget or warrant, except as provided in RSA 32:18, *unless the municipality has voted to override the 10 percent limitation as provided in RSA 32:18-a.*

3 Appropriations at Special Meetings. Amend RSA 32:20 to read as follows:

32:20 At Special Meetings. So long as the provisions of this subdivision remain in force in any municipality, no appropriation shall be made at any special meeting for any purpose not approved by the budget committee, unless it is within the allowable 10 percent increase if RSA 32:18 has been adopted, except as provided in RSA 32:19 *or 32:18-a.*

4 Warning of Town Meetings. Amend RSA 39:2 to read as follows:

39:2 Warrant. The warrant for any town meeting shall be under the hands of the selectmen, and shall prescribe the place, day and hour of the meeting, and, if there is an election at said meeting, in which an official printed ballot containing more than one name is used, the warrant therefor shall prescribe the time the polls are to open and also an hour before which the polls may not close. A town meeting may vote to keep the polls open to a later hour but may not vote to close the polls at an earlier hour than that prescribed by the selectmen hereunder. The subject matter of all business to be acted upon at the town meeting shall be distinctly stated in the warrant, and nothing done at any meeting, except the election of any town officer required by law to be made at such meeting, shall be valid unless the subject thereof is so stated. Provided that in a case where the article in the warrant calls for the appropriation of a specific sum of money, the sum of money appropriated thereunder may be decreased or increased by the vote of the town, provided further that in a town under the municipal budget act no increase shall be valid which would violate the provisions of RSA 32:18, *except as provided in RSA 32:18-a.*

5 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill allows the governing body of a municipality operating under the municipal budget act to put an initial bond request not recommended by the budget committee on the warrant of a town meeting and override the 10 percent limitation on exceeding appropriations recommended by the budget committee.

HB 569, relative to the tax credit for service-connected total disability. OUGHT TO PASS WITH AMENDMENT

Rep. Anthony F. Simon for Municipal and County Government: The United States Department of Veterans' Affairs goes through a very detailed and exhaustive medical investigation before any veteran is rated as "totally and permanently disabled from service connection." There is a tax credit that the veteran may apply for and receive from the veteran's residential property. Assessors are the local entity who either approve or reject this tax credit. In some cases it may not be visible to the assessor that the veteran is "totally and permanently disabled from service connection." This amendment sets up a process for the assessor and the veteran to use if a question of disability arises. The actions of the veteran, through any specific contrary evidence brought by the assessing officials, are at issue, not the rating received from the Department of Veterans' Affairs. Vote 14-0.

Amendment (2004h)

Amend the bill by replacing section 1 with the following:

1 Tax Credit for Service-Connected Total Disability. Amend RSA 72:35 to read as follows:
72:35 Tax Credit for Service-Connected Total Disability

I. Any person who has been honorably discharged or an officer honorably separated from the military service of the United States and who has [a] total and permanent service-connected disability, or who is a double amputee or paraplegic because of [a] service-connected injury, or the surviving spouse of such a person, shall receive a yearly tax credit in the amount of \$700 of property taxes on [his] *the person's* residential property.

II. The tax credit in paragraph I may be applied only to property which is occupied as the principal place of abode by the disabled person or the surviving spouse. The tax credit may be applied to any land or buildings appurtenant to the residence or to manufactured housing if that is the principal place of abode.

III. (a) Any person applying for the tax credit granted in paragraph I shall furnish ~~sufficient proof~~ to the assessors or selectmen ~~[that the disability on which the tax credit is based is service connected. The]~~ *certification from the United States Department of Veterans' Affairs that the applicant is rated totally and permanently disabled from service connection. The assessors or selectmen shall accept such certification as conclusive on the question of disability unless they have specific contrary evidence and the applicant, or the applicant's representative, has had a reasonable opportunity to review and rebut that evidence. The applicant shall also be afforded a reasonable opportunity to submit additional evidence on the question of disability.*

(b) *Any decision to deny an application shall identify the evidence upon which the decision relied and shall be made within the time period provided by law.*

(c) Any tax credit shall be divided evenly among the number of tax payments required annually by the town or city so that a portion of the tax credit shall apply to each tax payment to be made.

IV. (a) Upon its adoption by a city or town as provided in RSA 72:35-a, any person who has been honorably discharged or an officer honorably separated from the military service of the United States and who has [a] total and permanent service-connected disability, or who is a double amputee or paraplegic because of a service-connected injury, or the surviving spouse of such a person, shall receive a yearly tax credit in the amount of \$1,400 of property taxes on [his] *the person's* residential property.

(b) The tax credit in subparagraph (a) may be applied only to property which is occupied as the principal place of abode by the disabled person or the surviving spouse. The tax credit may be applied to the taxes due on any land or buildings appurtenant to the residence or to manufactured housing, if that is the principal place of abode.

(c) ~~[Any Person applying for the tax credit granted in subparagraph (a) shall furnish sufficient proof to the assessors or selectmen that the disability on which the tax credit is based is service connected. The]~~ *Applications for this credit shall be made in the manner prescribed by paragraph III. Any tax credit shall be divided evenly among the number of tax payments required annually by the town or city so that a portion of the tax credit shall apply to each tax payment to be made.*

Amend the bill by deleting section 2 and renumbering the original section 3 to read as section 2.

HB 641-L, clarifying the value of public utility property for property tax purposes. REFER FOR INTERIM STUDY

Rep. Linda T. Foster for Municipal and County Government: The committee voted unanimously to refer this bill to interim study. The taxation of public utility property is a very important and com-

plex issue which is addressed in HB 117. It is currently being discussed and debated by the Tax Equity and Fairness Commission which was established by that bill. The Committee and the prime sponsor agreed that acting on this piece of legislation at this time would be precipitous. Vote 16-0.

HB 696-FN-L, relative to the taxation of land held by municipalities for water supply purposes. REFER FOR INTERIM STUDY

Rep. Betsey L. Patten for Municipal and County Government: This bill would have provided a formula for land located in one municipality and held by another municipality for water supply purposes to be taxable. Since this may have affected some current payment in lieu of taxes the committee referred this bill to study. Then not knowing the outcome of the education funding and how land parcels will be taxed, and also knowing that the protection of our water resources is an important issue, the full committee decided to put this bill into Interim Study to keep our options open. Vote 14-0.

SB 86, relative to enforcement of the collection and payment of county taxes by the county treasurer. OUGHT TO PASS WITH AMENDMENT

Rep. Mary E. Griffin for Municipal and County Government: The Committee agreed that there is a need to remove the obscurity relative to the county treasurer's authority to collect taxes from the individual towns (incorporated and unincorporated). Although, the Committee did not feel comfortable giving counties unlimited authority, it did opt to spell out a process whereby the county treasurer has the option of going to the superior court of the county of the community involved, to attach pecuniary assets. Vote 13-2.

Amendment (2017h)

Amend the bill by replacing all after the enacting clause with the following:

1 County Treasurers and County Taxes; Tax Warrants; Enforcement. Amend RSA 29:11, I to read as follows:

1. The treasurer shall issue [his] a warrant to the selectmen of the several towns in the county liable to pay state taxes, requiring them to assess, collect, and pay to the treasurer, within such time as shall be therein directed, their just proportion of all taxes granted by the county convention according to their proportion of public taxes for the time being, and shall enforce the collection and payment thereof, together with interest at 10 percent a year from December 17 upon all taxes not then paid, [~~in the same manner as the state treasurer may enforce the collection of state taxes;~~] and the county tax assessed against any town shall not be deemed paid until the whole amount of the warrant together with said interest from December 17 to the date of payment has been received by said treasurer. If December 17 fall upon a Saturday, Sunday, or legal holiday, the due date for payment of taxes shall be the first business day following December 17. If December 17 falls upon a Saturday, Sunday, or legal holiday, the interest payment penalty on taxes not paid when due shall be computed from the first business day following December 17 to the date on which payment is actually made. *If the county tax is not paid in full, the county treasurer may petition the superior court in the county in which the town is located, to attach the town's pecuniary assets in the amount owed to the county.*

2 Effective Date. This act shall take effect July 1, 2000.

AMENDED ANALYSIS

This bill grants the county treasurer the power to petition the superior court to enforce the collection of county taxes from towns.

SB 89-L, relative to library trustees. OUGHT TO PASS WITH AMENDMENT

Rep. Priscilla P. Lockwood for Municipal and County Government: This bill enables towns to appoint up to three alternate library trustees and authorizes payment schedules for library appropriations, as agreed to by the trustees and the governing board. Vote 16-0.

Amendment (2036h)

Amend the bill by replacing all after section 1 with the following:

2 Public Libraries; Library Trustees; Alternates; Custody and Management of Appropriations. Amend RSA 202-A:6 to read as follows:

202-A:6 Library Trustees; Election; *Alternates*. The library trustees shall have the entire custody and management of the public library and of all the property of the town relating thereto,

[except] *including appropriations held pursuant to RSA 202-A:11, III, but excepting* trust funds held by the town. Any town having a public library shall, at a duly warned town meeting, elect a board of library trustees consisting of any odd number of persons which the town may decide to elect. Such trustees shall serve staggered 3-year terms or until their successors are elected and qualified. ***There may be no more than 3 alternates as provided in RSA 202-A:10.***

3 Library Trustees; Vacancies; Alternates. Amend RSA 202-A:10 to read as follows:

202-A:10 Library Trustees; Vacancies; ***Alternates***. Vacancies occurring on any board of library trustees in a town shall be filled as provided in RSA 669:75. A vacancy occurring among the publicly elected members of the board of library trustees of a city library shall be filled by the city council or other appropriate appointing authority within 2 months of the notice by the remaining members of the board of trustees. The board of library trustees may recommend to the appointing authority names of persons for appointment to vacancies on expired terms. ***The board of library trustees may recommend to the appointing authority the names of no more than 3 persons who may serve as alternate members on the board when elected members of the board are unable to attend a board meeting. The alternate members shall be appointed to one-year terms.***

4 Library Trustees; Powers and Duties. Amend RSA 202-A:11, III to read as follows:

III. Expend all moneys raised and appropriated by the town or city for library purposes ***and shall direct that such moneys be paid over by the town or city treasurer pursuant to a payment schedule as agreed to by the library trustees and the selectmen or city council.*** All money received from fines and payments for lost or damaged books or for the support of a library in another city or town under contract to furnish library service to such town or city, shall be used for general repairs and upgrading, and for the purchase of books, supplies and income-generating equipment, shall be held in a nonlapsing separate fund and shall be in addition to the appropriation;

5 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill requires library trustees to direct that funds raised and appropriated for library purposes be paid over by the town or city treasurer according to a payment schedule agreed upon by the library trustees and the town selectmen or city council.

This bill also allows the appointment of alternate library trustees.

SB 207-FN, relative to authorizing bonds for the construction and renovation of regional vocational education centers. **INEXPEDIENT TO LEGISLATE**

Rep. Edwin O. Smith for Public Works and Highways: This bill is not needed as it was similar to HB 413 and the committee incorporated everything into one bill. The subject matter is all in HB 413. Vote 17-0.

HB 212, relative to local ordinances or regulations affecting groundwater withdrawals. **INEXPEDIENT TO LEGISLATE**

Rep. Richard T. Cooney for Resources, Recreation and Development: This bill, as introduced, would give municipalities the final say on the permitting of large groundwater withdrawals. During the hearing process and committee deliberations, there was little support for this change since aquifers often cross political boundaries and therefore lend themselves to regional or statewide control. However, there were many important related issues concerning groundwater withdrawals discussed during the process. These included possible fees or taxes on certain groundwater withdrawals, consideration of an allocation process for water, zoning issues, and several others. These issues are the subject of several bills introduced in the 2000 session. This bill was voted "Inexpedient to Legislate" overwhelmingly by the committee. Vote 14-0.

HB 539-FN, relative to public access to Squam Lake. **REFER FOR INTERIM STUDY**

Rep. Michael D. Whalley for Resources, Recreation and Development: Public access to Squam Lake has been and continues to be an issue of significant importance to the State of New Hampshire. This issue has been before the Legislature for well over twenty years and numerous attempts have been made by the state to locate and develop an access site. It would appear that the Fish and Game Department, with the cooperation of the Department of Transportation and other interested parties, is close to completing the plans and agreements for a public access site as defined by RSA 271:20-a on Squam Lake. (RSA 271:20-a is legal passage to any of the public waters of the state by way of designated contiguous land owned or controlled by a state agency, assuring that all members of

the public shall have access to and use of the public waters for recreational purposes.) Because this latest attempt may still require the Legislature's involvement, the committee felt that interim study was the best recommendation. Vote 14-0.

HB 543, relative to fill and dredge permits for breakwaters. **REFER FOR INTERIM STUDY**
Rep. David M. Lawton for Resources, Recreation and Development: HB 543 would prohibit breakwaters on lakes other than Lake Winnepesaukee. The Department of Environmental Services has recently finalized rules relative to breakwaters that fulfill the intent of this bill. However, the committee did not have time to properly address other changes in the rules relative to breakwaters and would like to further study this important lakes issue. Vote 13-0.

HB 386, establishing a committee to study allowing Internet service providers to restrict unsolicited electronic mail. **REFER FOR INTERIM STUDY**

Rep. Jeffrey C. MacGillivray for Science, Technology and Energy: The problem of Internet service providers being deluged by unsolicited electronic mail appears to have occasionally disrupted service to customers. Several other states have enacted legislation attempting to remediate this problem. However, none of these efforts seem to yet solve the problem; to date, counter-measures have been too effective. The committee recommends interim study so we can continue to seek effective solutions before enacting legislation. Vote 17-1.

HB 407, relative to unsolicited telephone sales by competitive telephone and electricity providers. **OUGHT TO PASS WITH AMENDMENT**

Rep. Terie T. Norelli for Science, Technology and Energy: As amended, HB 407 establishes a study committee to review issues related to unsolicited commercial telephone solicitation calls. Among these issues are determining the effectiveness of existing rules and examining the need for increased public awareness of these rules; studying the costs, benefits and legality of restrictions and/or guidelines for such calls; examining whether any restrictions should apply to all businesses or just telephone and electric service providers, etc. The committee believes that many New Hampshire residents are frustrated with such calls and that it is appropriate to study the matter and consider options. Vote 16-2.

Amendment (2135h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study unsolicited commercial telephone solicitation calls.

Amend the bill by replacing all after the enacting clause with the following:

1 Purpose. The general court finds that:

I. Unsolicited commercial telephone solicitation calls are perceived by many residents of the state of New Hampshire as a nuisance.

II. Methods have been implemented to date for reducing the perceived nuisance of receiving such unsolicited calls, including caller identification and no-call lists. However, these methods have been viewed by many residents as inadequate because the telephone is the primary means of emergency communication for most people and residents still need to interrupt their current activities to check whether the call is from a friend or relative, possibly from a location not previously known.

III. A study committee should carefully examine various options for creating and enforcing restrictions on such unsolicited calls.

2 Committee Established. There is established a committee to study and review issues related to unsolicited commercial telephone solicitation calls.

3 Membership and Compensation.

I. The members of the committee shall be as follows:

(a) Three members of the house of representatives, at least one of whom shall be from the science, technology and energy committee and at least one of whom shall be from the commerce committee, appointed by the speaker of the house. The speaker of the house may appoint up to 3 other members, if deemed necessary, as alternates.

(b) At least 2 but not more than 3 members of the senate, appointed by the president of the senate.

II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

4 Duties. The committee shall be responsible for the following:

I. Monitoring and assessing the effectiveness of existing and future methods of attempting to reduce or eliminate unsolicited commercial telephone solicitation calls to those residents of New Hampshire who do not wish to receive them.

II. Monitoring, assessing, and suggesting changes in public utilities commission information designed to inform customers of their rights under telephone and electric service deregulation.

III. Studying the relative benefits, relative costs, legality under federal laws including federal telecommunications laws, and feasibility of restrictions on unsolicited commercial telephone solicitation calls, ranging from restrictions on the number and nature of such calls to prohibition of such calls.

IV. Examining whether penalties, if any, should include not only fines, but also the suspension of a violator's right to provide certain services, such as the provision of competitive telephone or electric service, within the state.

V. Examining whether restrictions, if any, on unsolicited commercial telephone solicitation calls should be placed on persons engaged in all businesses, or whether restrictions should be limited and placed only on persons engaged in businesses where restrictions could be more easily enforced, such as competitive telephone or electric service providers that must register with the state before providing service.

VI. Studying whether if restrictions are placed, residents not wishing to receive unsolicited commercial telephone solicitation calls should opt in to the restrictions, or whether residents wishing to receive unsolicited commercial telephone solicitation calls should opt out of the restrictions.

5 Chairperson. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section.

6 Report. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the senate president, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 2000.

7 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a committee to study and review issues related to unsolicited commercial telephone solicitation calls.

HB 611, relative to performance standards for telephone companies providing noncompetitive services. **INEXPEDIENT TO LEGISLATE**

Rep. Jacqueline A. Pitts for Science, Technology and Energy: House Bill 611 would have permitted the Public Utilities Commission to set performance standards for telephone utilities such as installation standards, etc. It was determined that the authority to set such standards currently exists and after reporting and data collection methods have been resolved by the utilities and the Public Utilities Commission, the committee felt that at this time further legislation was not necessary. Vote 18-0.

HB 560-FN, relative to the suspension or revocation of youth operators' licenses. **REFER FOR INTERIM STUDY**

Rep. Sherman A. Packard for Transportation: The committee received information from the Department of Safety that the numbers of suspensions of those under 20 years old is in decline, clearly indicating that this law is working. The Department of Safety is in the process of making rule changes to certain violations that will clear up suspensions of non-moving violations. The Department of Safety is evaluating new programs that may be used to substitute license suspension for under 20 year old drivers. In light of these developments, the committee felt that we should refer this bill to "Interim Study" to follow the progress of the Department of Safety regarding this issue. Vote 13-0.

HB 280-FN, establishing a point system for the annual moose permit lottery. **REFER FOR INTERIM STUDY**

Rep. Ronald J. Nowe for Wildlife and Marine Resources: The subcommittee for re-referred HB 280-FN met on several occasions to discuss and evaluate the merits of this proposal. After an extensive review of several state moose hunting regulations, the committee agreed that this bill had merit and should be studied further. The State of Maine has had a point system in effect for a little

over a year and is still ironing out its problems. We would like to follow and evaluate their point system so we do not have to "reinvent the wheel" should we choose to implement a point system in New Hampshire. Vote 13-0.

REGULAR CALENDAR

HB 637-FN, including persons who make medical decisions as practicing medicine. OUGHT TO PASS WITH AMENDMENT

Rep. Martha Fuller Clark for Commerce: The unanimous vote of support from the committee for the amendment to House Bill 637 is testimony to the commitment of the committee to provide greater protection for New Hampshire consumers enrolled in managed care plans. The amendment requires that managed care entities employ a medical director who shall be licensed as a physician in New Hampshire. In addition, it extends the jurisdiction of the Board of Medicine to medical directors in alleged cases of professional misconduct. The intent of such language is to insure that medical directors will be held to the same level of accountability and professional standards as any other physician holding a New Hampshire medical license. The amendment also requires that a medical director be added to the Board of Medicine's review committee to insure a fair and impartial review of any alleged professional misconduct complaint against any other medical director. The legislation also prohibits contracts between health carriers and participating providers from including financial incentives to deny medically necessary care. The remaining sections of the bill create an independent external consumer appeal process to review certain determinations made by managed care entities. As part of the internal and external appeal process, the amendment requires that health insurers disclose certain information necessary for consumers to hold managed care entities accountable for healthcare treatment decisions. A significant change from earlier legislation is that the Commissioner of Insurance will now select the independent review organization for external grievances. Additionally the threshold below which a consumer will not be able to apply for a review has been lowered to \$400. Finally, the implementation date has been changed from January 1, 2001 to 180 days after passage so that consumers may have the chance to benefit from this legislation as soon as possible. Vote 12-0.

Amendment (2203h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing certain standards of accountability for health maintenance organizations and other entities providing health insurance through a managed care system.

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Medical Directors. Amend RSA 329:17 by inserting after paragraph III-a the following new paragraph:

III-b. Any referral by the insurance commissioner under RSA 420-J:5-e, VII or any complaint alleging professional misconduct of a medical director shall be received and reviewed by the board in accordance with the provisions of this section for potential disciplinary action. For the purposes of this paragraph, "medical director" means a physician licensed under this chapter who is employed by a health carrier or medical utilization review entity and is responsible for the utilization review techniques and methods of the health carrier or medical utilization review entity and their administration and implementation.

2 Medical Review Subcommittee; Medical Director. Amend RSA 329:17, V-a to read as follows:

V-a. A medical review subcommittee of 7 members shall be nominated by the board of medicine and appointed by the governor and council. The subcommittee shall consist of one member of the board of medicine and 6 other persons, no more than 5 of whom shall be physicians, *one of whom shall be a medical director as defined in paragraph III-b of this section*. Any public member of the subcommittee shall be a person who is not, and never was, a member of the medical profession or the spouse of any such person, and who does not have, and never has had, a material financial interest in either the provision of medical services or an activity directly related to medicine, including the representation of the board or profession for a fee at any time during the 5 years preceding appointment. The subcommittee members shall be appointed for 3-year terms, and shall serve no more than 2 terms. Upon referral by the board, the subcommittee shall review disciplinary actions reported to the board under paragraphs II-V of this section, *except that matters concerning a medical director involved in a current internal or external grievance pursuant to RSA*

420-J shall not be reviewed until the grievance process has been completed. Following review of each case, the subcommittee shall make recommendations to the board. Funds shall be appropriated from the general fund for use by the subcommittee to investigate allegations under paragraphs I-V of this section. The board shall employ a physician as a medical review subcommittee administrator who shall serve at the pleasure of the board. The salary of the medical review subcommittee administrator shall be established by the board in accordance with duties, experience, and amount of time required for the position.

3 New Section; Medical Directors Required. Amend RSA 420-E by inserting after section 2 the following new section:

420-E:2-a Medical Director. Every medical utilization review entity licensed by the department under this chapter shall employ a medical director licensed under RSA 329.

4 New Paragraph; Definition Added. Amend RSA 420-J:3 by inserting after paragraph XXV the following new paragraph:

XXV-a. "Medical director" means a physician licensed under RSA 329 and employed by a health carrier or medical utilization review entity who is responsible for the utilization review techniques and methods of the health carrier or medical utilization review entity and their administration and implementation.

5 New Paragraph; Medical Director Required. Amend RSA 420-J:6 by inserting after paragraph IV the following new paragraph:

V. Each health carrier that conducts utilization review shall employ a medical director who shall have responsibility for all utilization review techniques and methods and their administration and implementation. Nothing in this section shall be construed to preclude a medical director from consulting with or relying on the advice of a physician licensed in this state or any other state. Nothing in this section shall be construed as expanding the professional or personal liability of a medical director.

6 Information Provided to Covered Persons. Amend RSA 420-J:5, II(a) – (e) to read as follows:

(a) A description of the *internal* grievance procedure *required under RSA 420-J:5* for adverse determinations and other matters ~~[which]~~ *and a description of the process for obtaining external review under RSA 420-J:5-a – RSA 420-J:5-e. These descriptions* shall be set forth in or attached to the policy, certificate, membership booklet, or other evidence of coverage provided to covered persons.

(b) A statement of a covered person's right to contact the commissioner's office for assistance at any time. The statement shall include the toll-free telephone number and address of the commissioner.

(c) Upon written denial of a requested medical service or claim by the health carrier, a statement of the covered person's right to access the internal grievance process *and the process for obtaining external review. This statement shall also include a written explanation of any adverse determination, with the name and credentials of the health carrier medical director, including board status and the state or states where the person is currently licensed, and the relevant clinical rationale used to make the adverse determination. If the person making the adverse determination is not the medical director but a designee, then the credentials, board status, and state or states of current license shall also be provided for that person. Nothing in this section shall be construed to require a health carrier to provide proprietary information protected by third party contracts.*

(d) Staff assistance in filing *an internal* grievance.

(e) ~~[If requested by the consumer or health care provider acting on behalf of the consumer, a written explanation of any adverse determination, with the name and credentials of the health carrier medical director or designee, including board status and the state or states where the person is currently licensed, and the relevant clinical rationale used to make the adverse determination. Nothing in this section shall be construed to require a health carrier to provide proprietary information protected by third party contracts]~~ *Any clinical review criteria that are used by the health carrier as the basis of a decision to modify, delay, or deny services in a specified case under review, shall be disclosed to the provider and the enrollee in that specified case. Such disclosure shall be accompanied by the following notice: "The materials provided to you are criteria used by this plan to authorize, modify, or deny care for persons with similar illnesses or conditions. Specific care and treatment may vary depending on individual need and the benefits covered under your*

contract.” The criteria used by the carrier, or any entity with which the carrier contracts for services that include utilization review or utilization management functions to determine whether to authorize, modify, or deny health care services shall be:

- (1) Developed with involvement from actively practicing health care providers;*
- (2) Consistent with sound clinical principles and processes; and*
- (3) Evaluated and updated if necessary, at least annually.*

7 Second Level Grievance; Notice Required. Amend RSA 420-J:5, V(a)(3) to read as follows:

(3) The review panel shall issue a written decision to the covered person within 5 business days of completing the review meeting. Upon concurrence of the covered person, a copy of the decision shall be forwarded to the insurance department. The decision shall include the titles of the members of the review panel; a statement of the review panel’s understanding of the nature of the grievance, including issues raised by the covered person, and all pertinent facts; the rationale for the review panel’s decision; reference to evidence or documentation considered by the review panel in making the decision; if an adverse decision is made, the instructions for requesting a written statement of the clinical rationale, including the clinical review criteria used to make the determination; and a statement of the covered person’s right to file an external appeal as provided in RSA [420-J:5, VIII] **420-J:5-a – RSA 420-J:5-e. The statement of appeal rights shall include a description of the process for obtaining external review of a determination, a copy of the written procedures governing external review, including the required time frames for requesting external review, and notice of the conditions under which expedited external review is available.**

8 Review Panel; Notice Required. Amend RSA 420-J:5, V(b)(3) to read as follows:

(3) The review panel shall issue a written decision to the covered person within 5 business days of completing the review meeting. The decision shall include the titles of the members of the review panel; a statement of the review panel’s understanding of the nature of the grievance and all pertinent facts; the rationale for the review panel’s decision; reference to evidence or documentation considered by the review panel in making the decision; if an adverse decision is made, the instructions for requesting a written statement of the clinical rationale, including the clinical review criteria used to make the determination; and a statement of the covered person’s right to file an external appeal as provided in RSA [420-J:5, VIII] **420-J:5-a – RSA 420-J:5-e. The statement of appeal rights shall include a description of the process for obtaining external review of a determination, a copy of the written procedures governing external review, including the required time frames for requesting external review, and notice of the conditions under which expedited external review is available.**

9 Expedited Internal Grievance Review. Amend RSA 420-J:5, VI(e) to read as follows:

(e) In any case where the expedited review process does not resolve a difference of opinion between the health carrier and the covered person or the provider acting on behalf of the covered person, the covered person or the provider acting on behalf of the covered person may submit a written grievance, unless the provider is prohibited from filing a grievance by federal or other state law. A health carrier shall review it as a second level grievance. In conducting the review, the health carrier shall ~~[adhere to time frames that are reasonable under the circumstances]~~ **make a decision and notify the covered person as expeditiously as the covered person’s medical condition requires, but in no event more than 72 hours after the grievance is submitted.**

10 New Paragraph; Notice Required. Amend RSA 420-J:5, by inserting after paragraph IX the following new paragraph:

X. If the covered person has requested first or second level, standard or expedited review and the health carrier has not issued a decision within the required time frames, then the health carrier shall promptly provide the covered person with a statement of the covered person’s right to file an external appeal as provided in RSA 420-J:5-a – RSA 420-J:5-e. The statement of appeal rights shall include a description of the process for obtaining external review of a determination, a copy of the written procedures governing external review, including the required time frames for requesting external review, and notice of the conditions under which expedited external review is available.

11 New Paragraph; Definition Added. Amend RSA 420-J:3 by inserting after paragraph III the following new paragraph:

III-a. “Authorized representative” means a person to whom a covered person has given consent to represent the covered person in an external review. Authorized representative may include the covered person’s treating provider.

12 New Paragraph; Definition Added. Amend RSA 420-J:3 by inserting after paragraph XXIII the following new paragraph:

XXIII-a. "Independent review organization" means an entity that employs or contracts with clinical peers to conduct independent external reviews of health carrier determinations.

13 New Sections; External Review. Amend RSA 420-J by inserting after section 5 the following new sections:

420-J:5-a Right to External Review.

I. A covered person shall have the right to independent external review of a health carrier determination when all of the following conditions apply:

(a) The subject of the request for external review is an adverse determination;

(b) The covered person has completed the internal review procedures provided by the health carrier pursuant to RSA 420-J:5, III through VI, or the health carrier has agreed to submit the determination to independent external review prior to completion of internal review, or the covered person has requested first or second level, standard or expedited review and has not received a decision from the health carrier within the required time frames;

(c) The covered person or the covered person's authorized representative has submitted the request for external review in writing to the commissioner within 180 days of the date of the health carrier's second level denial decision provided pursuant to RSA 420-J:5, V or VI, or if the health carrier has failed to make a first or second level, standard or expedited review decision that is past due, within 180 days of the date the decision was due;

(d) The covered person's cost for the amount in controversy is, or is anticipated to be, equal to or in excess of a total of \$400;

(e) The health carrier determination does not relate to any category of health care services that is excluded from the external review provisions of this chapter pursuant to paragraph II; and

(f) The request for external review is not based on a claim or allegation of provider malpractice, professional negligence, or other professional fault excluded from the external review provisions of this chapter pursuant to paragraph III.

II. Determinations relating to the following health care services shall not be reviewed under this chapter, but shall be reviewed pursuant to the review processes provided by applicable federal or state law:

(a) Health care services provided through medicaid, the state Children's Health Insurance Program (Title XXI of the Social Security Act), medicare or services provided under these programs but through a contracted health carrier.

(b) Health care services provided to inmates by the department of corrections.

(c) Health care services provided pursuant to a health plan not regulated by the state, such as self-funded plans administered by an administrative services organization or third-party administrator or federal employee benefit programs.

III. The external review procedures set forth in this chapter shall not be utilized to adjudicate claims or allegations of health care provider malpractice, professional negligence, or other professional fault against participating providers or medical directors.

420-J:5-b Standard External Review. Standard external review shall be conducted as follows:

I. Within 7 business days after the date of receipt of a request for external review, the commissioner shall complete a preliminary review of the request to determine whether:

(a) The individual is or was a covered person under the health benefit plan;

(b) The determination that is the subject of the request for external review meets the conditions of eligibility for external review stated in RSA 420-J:5-a, I; and

(c) The covered person has provided all the information and forms required by the commissioner that are necessary to process a request for an external review.

II. Upon completion of the preliminary review pursuant to paragraph I, the commissioner shall immediately notify the covered person or the covered person's authorized representative in writing:

(a) Whether the request is complete; and

(b) Whether the request has been accepted for external review.

III. If the request is not complete, the commissioner shall inform the covered person or the covered person's authorized representative what information or documents are needed to make the request complete and to process the request. The covered person or the covered person's authorized representative shall submit such information or documentation within 10 days of being notified that the request was incomplete.

IV. If the request for external review is accepted, the commissioner shall:

(a) Include in the notice provided to the covered person pursuant to paragraph II a statement that if the covered person wishes to submit new or additional information or to present oral testimony via teleconference, such information shall be submitted, and the oral testimony shall be scheduled and presented, within 20 days of the date of issuance of the notice. However, the notice shall also explain that oral testimony shall be permitted only in cases when the commissioner determines, based on evidence provided by the covered person, that it would not be feasible or appropriate to present only written testimony.

(b) Immediately notify the health carrier in writing of the request for external review and its acceptance.

V. If the request for external review is not accepted, the commissioner shall inform the covered person or the covered person's authorized representative and the health carrier in writing of the reason for its non-acceptance.

VI. At the time a request for external review is accepted, the commissioner shall select an independent review organization that is certified pursuant to RSA 420-J:5-d, I to conduct the external review. The commissioner shall not select the same independent review organization for each external review, but shall rotate among the certified independent review organizations, using all organizations equally. The commissioner may select an independent review organization regardless of the rotation if the commissioner determines that the use of such independent review organization is necessary for the fair adjudication of the case in question.

VII. Within 10 days after the date of issuance of the notice provided pursuant to subparagraph IV(b), the health carrier or its designated utilization review organization shall provide to the selected independent review organization and to the covered person all information in its possession that is relevant to the adjudication of the matter in dispute, including but not limited to:

(a) The terms of agreement of the health benefit plan, including the evidence of coverage, benefit summary or other similar document;

(b) All relevant medical records, including records submitted to the carrier by the covered person, the covered person's authorized representative, or the covered person's treating provider;

(c) A summary description of the applicable issues, including a statement of the health carrier's final determination;

(d) The clinical review criteria used and the clinical reasons for the determination;

(e) The relevant portions of the carrier's utilization management plan;

(f) Any communications between the covered person and the health carrier regarding the internal or external review; and

(g) All other documents, information, or criteria relied upon by the carrier in making its determination.

VIII. Failure by the health carrier or the covered person to provide the documents and information required in paragraph IV(a) or VII within the specified time frame shall not delay the conduct of the external review.

IX. The selected independent review organization shall review all of the information and documents received from the carrier pursuant to paragraph VII and any other information submitted by the covered person or the covered person's authorized representative or treating provider with the request for external review or pursuant to subparagraph IV(a) and any testimony provided. In addition to the information provided by the health carrier and the covered person or the covered person's authorized representative or treating provider, the independent review organization may consider any applicable, generally accepted clinical practice guidelines, studies or research, including those developed or conducted by the federal government, national or professional medical societies, boards and associations. The independent review organization shall consider anew all previously determined facts, allow the introduction of new information, and make a decision that is not bound by decisions or conclusions made by the health carrier during internal review.

X. The selected independent review organization shall render a decision upholding or reversing the determination of the health carrier and notify the covered person or the covered person's authorized representative and the health carrier in writing within 20 days of the date that any new or additional information from the covered person is due pursuant to subparagraph IV(a). This notice shall include a written review decision that contains a statement of the nature of the grievance, references to evidence or documentation considered in making the decision, findings of fact, and the clinical and legal rationale for the decision, including, as applicable, clinical review criteria and rulings of law.

420-J:5-c Expedited External Review. Expedited external review shall be conducted as follows:

I. Expedited external review shall be available when the covered person's treating health care provider certifies to the commissioner that adherence to the time frames specified in RSA 420-J:5-b would seriously jeopardize the life or health of the covered person or would jeopardize the covered person's ability to regain maximum function.

II. Except to the extent that it is inconsistent with the provisions of this paragraph, all requirements for the conduct of standard external review specified in RSA 420-J:5-b shall apply to expedited external review.

III. At the time the commissioner receives a request for an expedited external review, the commissioner shall immediately make a determination whether the request meets the standard set forth in paragraph I for expedited external review, as well as the reviewability requirements set forth in RSA 420-J:5-b, I. If these conditions are met, the commissioner shall immediately notify the health carrier. If the request is not complete, the commissioner shall immediately contact the covered person or the covered person's authorized representative and attempt to obtain the information or documents that are needed to make the request complete.

IV. The commissioner shall select an independent review organization that is certified pursuant to RSA 420-J:5-d, I to conduct the expedited external review.

V. The health carrier or its designated utilization review organization shall provide or transmit the documents and information specified in RSA 420-J:5-b, VII to the selected independent review organization by telephone, facsimile or any other available expeditious method within one business day of receiving the commissioner's notice of the request for expedited external review pursuant to paragraph III.

VI. When handling a review on an expedited basis, the selected independent review organization shall make a decision and notify the carrier and the covered person as expeditiously as the covered person's medical condition requires, but in no event more than 72 hours after the expedited external review is requested.

VII. If the notice provided pursuant to paragraph VI was not in writing, within 2 business days after the date of providing that notice, the selected independent review organization shall:

(a) Provide written confirmation of the decision to the covered person or the covered person's authorized representative and the health carrier; and

(b) Include the information set forth in RSA 420-J:5-b, X.

VIII. An expedited external review shall not be provided for determinations made by the health carrier on a retrospective basis.

IX. A covered person shall not be held liable to either the health plan, the hospital, the physician, or the services provider for the cost of services in excess of the applicable copayment, coinsurance, or deductible incurred, pending the independent review organization's determination of an expedited external review.

420-J:5-d Certification of Independent Review Organizations.

I. The certification of independent review organizations shall be conducted as follows:

(a) The commissioner shall certify independent review organizations eligible to be selected to conduct external reviews under this section to ensure that an independent review organization satisfies the minimum qualifications established under paragraph II.

(b) The commissioner shall develop an application form for initially certifying and recertifying independent review organizations to conduct external reviews.

(c) Independent review organizations wishing to be certified shall submit the application form and include all documentation and information necessary for the commissioner to determine whether the independent review organization satisfies the minimum qualifications established under paragraph II.

(d) The commissioner may determine that accreditation by a nationally recognized private accrediting entity with established and maintained standards for independent review organizations that meet or exceed the minimum qualifications established under paragraph II is sufficient for certification under this paragraph.

(e) The commissioner shall maintain and periodically update a list of certified independent review organizations.

(f) Whenever the commissioner determines that an independent review organization no longer satisfies the minimum qualifications established under paragraph II, the commissioner shall

terminate the certification of the independent review organization and remove it from the list of certified independent review organizations that is maintained by the commissioner pursuant to subparagraph I(e).

II. To be certified under paragraph I to conduct external reviews, an independent review organization shall meet the following minimum qualifications:

(a) It shall develop and maintain written policies and procedures that govern all aspects of both the standard external review process and the expedited external review process.

(b) It shall establish and maintain a quality assurance program that:

(1) Ensures that external reviews are conducted within the specified time frames and required notices are provided in a timely manner;

(2) Ensures the selection of qualified and impartial clinical peer reviewers to conduct external reviews on behalf of the independent review organization with suitable matching of reviewers to specific cases;

(3) Ensures the confidentiality of medical and treatment records; and

(4) Ensures that any person employed by or under contract with the independent review organization adheres to the requirements of this section.

(c) It shall agree to maintain and provide to the commissioner such information as may be required to fulfill the provisions and purposes of this section.

(d) It shall assign clinical peer reviewers to conduct external reviews who are physicians or other appropriate health care providers and who:

(1) Are experts in the treatment of the covered person's medical condition that is the subject of the external review;

(2) Are knowledgeable about the recommended health care service or treatment through actual clinical experience;

(3) Hold a non-restricted license in a state of the United States and, for physicians, a current certification by a specialty board recognized by the American Board of Medical Specialties in the area or areas appropriate to the subject of the external review;

(4) Have no history or disciplinary actions or sanctions that have been taken or are pending by any hospital, governmental agency, or regulatory body; and

(5) Have agreed to disclose any potential conflict of interest.

(e) It shall be free of any conflict of interest. To meet this qualification, an independent review organization may not own or control or in any way be owned or controlled by a health carrier, a national, state or local trade association of health carriers, or a national state or local trade association of health care providers. In addition, in order to qualify to conduct an external review of a specific case, neither the independent review organization selected to conduct the external review nor any clinical peer reviewer assigned by the independent organization to conduct the external review may have a material professional, familial or financial interest in any of the following:

(1) The health carrier that is the subject of the external review;

(2) Any officer, director or management employee of the health carrier that is the subject of the external review;

(3) The health care provider or the health care provider's medical group or independent practice association recommending the health care service or treatment that is the subject of the external review;

(4) The facility or institution at which the recommended health care service or treatment would be provided;

(5) The developer or manufacturer of the principal drug, device, procedure or other therapy being recommended for the covered person whose treatment is the subject of the external review; or

(6) The covered person or the covered person's authorized representative.

(f) Its charges for services provided shall be competitive and reasonable.

(g) For the purpose of allowing in-state health care providers to act as clinical peer reviewers in the conduct of external reviews, the commissioner may determine, in specific cases, that an affiliation with a hospital, an institution, an academic medical center, or a health carrier provider network does not in and of itself constitute a conflict of interest which is sufficient to preclude that provider from acting as a clinical peer reviewer, so long as the affiliation is disclosed to the covered person or the covered person's authorized representative.

(h) The following organizations shall not be eligible for certification to conduct external reviews:

- (1) Professional or trade associations of health care providers;
- (2) Subsidiaries or affiliates of such provider associations;
- (3) Health carrier or health plan associations; and
- (4) Subsidiaries or affiliates of health plan or health carrier associations.

420-J:5-e General Provisions Regarding External Review.

I. The health carrier against which a request for external review is filed shall pay the cost of the external review. Such costs shall not exceed \$1,500. The commissioner shall notify the independent review organizations of the cost limitation for conducting an external review. The cost for an external review may exceed \$1,500 if the commissioner determines an additional cost is necessary to ensure the fair adjudication of the case in question.

II. An independent review organization shall maintain all standards of confidentiality. The records and internal materials prepared for specific reviews by an independent review organization under this section shall be exempt from public disclosure under RSA 91-A.

III. An external review organization acting in good faith shall have immunity from any civil or criminal liability or professional discipline as a result of acts or omissions with respect to any external review, unless the acts or omissions constitute willful and wanton misconduct.

IV. The right to external review under this chapter shall not be construed to change the terms of coverage under a health benefit plan nor shall the health carrier retaliate against the covered person for exercising his or her right to an independent external review.

V. When requested by the covered person, the commissioner shall provide consumer assistance in pursuing the internal grievance procedures under RSA 420-J:5 and the external review process under RSA 420-J:5-a – 420-J:5-e.

VI. The commissioner shall report annually to the governor and the legislature on the number of grievances subjected to external review, the number of decisions resolved wholly or partially in favor of the covered person, and the number of decisions resolved wholly or partially in favor of the health carrier. Such reports shall also include a separate statement of the number of cases in which the external review was terminated as a result of a reversal by the health carrier of its adverse determination after the receipt of new or additional information from the covered person or the covered person's authorized representative and the number of cases in which the covered person and the health carrier agreed to resolve the dispute prior to a final determination by the independent review organization.

VII. If, based on the evidence presented during the external review process, the commissioner determines that the health carrier's medical director, in the conduct of his or her duties, may have committed professional misconduct within the meaning of RSA 329:17, VI, the commissioner shall document such findings and transmit them in a separate report to the board of medicine.

14 New Paragraphs; Provider Contract Standards. Amend RSA 420-J:8 by inserting after paragraph VII the following new paragraphs:

VIII. No contract between a health carrier and a participating provider shall contain any payment or reimbursement provision the terms of which creates an inducement for the provider to not provide medically necessary care to covered persons. Nothing in this section shall be construed to prohibit the use of payment arrangements between a health carrier and a participating provider or provider group which involve capitation, withholds or other arrangements.

IX. The health carrier shall provide to covered persons, in the evidence of coverage, a description for the types of financial arrangements contained in its contracts with participating providers. Such descriptions shall be set forth in clear, understandable language.

X. Every contract between a health carrier and a participating provider shall provide that the health carrier may not remove a health care provider from its network or refuse to renew the health care provider with its network for participating in a covered person's internal grievance procedure or external review.

15 Repeal. RSA 420-J:5, VIII and IX, relative to external process and annual report, are repealed.

16 Effective Date. This act shall take effect 180 days after its passage.

AMENDED ANALYSIS

This bill creates an independent external consumer appeal process to review certain determinations made by managed care entities. The bill requires health carriers that conduct utilization review and licensed utilization review entities to employ a medical director who shall be licensed as a physician. The bill prohibits contracts between health carriers and participating providers from

including provisions that create financial incentives to deny medically necessary care. The bill requires that health insurers disclose certain information necessary for consumers to hold managed care entities accountable for health care treatment decisions. The bill also extends the jurisdiction of the board of medicine to include disciplinary action over medical directors for professional misconduct.

Adopted.

LAID ON THE TABLE

Rep. Hunt moved that **HB 637**, establishing certain standards of accountability for health maintenance organizations and other entities providing health insurance through a managed care system, be laid on the table.

Adopted.

REGULAR CALENDAR (CONT'D.)

HB 662-FN, relative to the duties of the liquor commission. **INEXPEDIENT TO LEGISLATE**
Rep. Stephen G. Avery for Commerce: The majority of the committee felt that this legislation was not necessary and felt there were adequate checks and balances on the Liquor Commission. The one major concern of the sponsor appears to be taken care of by a decision of the Rockingham County Superior Court saying that the commission is bound by local zoning ordinances. Vote 9-7.
Adopted.

SB 147, relative to self-referrals for chiropractic care under managed care organizations. **OUGHT TO PASS WITH AMENDMENT**

Rep. Martha Fuller Clark for Commerce: The committee heard testimony in a hugely attended public hearing about current problems with managed care's inability to manage effectively chiropractic benefits. Many healthcare consumers claimed that they are being denied access to chiropractic care for which they have already purchased coverage. The amendment to SB 147 stipulates that managed care plans that already sell chiropractic benefits must allow 12 self-referral chiropractic visits before utilization review of treatment will be required. It also requires a doctor of chiropractic services be consulted during such utilization review. The chiropractic doctor, after an initial consultation, must send documentation to the insurer and/or the primary care physician. A section of the Senate version would have required that insurers pay all chiropractic providers a comparable fee if they perform a comparable service. The Commerce Committee has substituted non-discrimination language instead, believing it to be the better solution. Vote 13-0.

Rep. Hunt moved Re-commit to Committee and spoke in favor.

Adopted.

HB 713-FN, relative to penalties for multiple DWI offenses. **OUGHT TO PASS WITH AMENDMENT**

Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: This bill dealt with DWI penalties and alcohol interlock devices. The committee amended the entire bill with a new section for the use and regulation of alcohol interlocks. More work needs to be done on this bill before we believe it will be ready for passage. We will continue to work with the sponsor to make this the best piece of legislation we can and it is also our intention to ask for House Bill 713 to be recommitted so we may continue to make improvements and finalize this piece of legislation. Vote 17-0.

Amendment (2184h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Sections; Definition of Ignition Interlock Device and Provider. Amend RSA 259 by inserting after section 43 the following new sections:

259:43-a Ignition Interlock Device. "Ignition interlock device" shall mean breath alcohol ignition interlock device, which is a system or device that connects a breath analyzer to a motor vehicle's ignition system. The analyzer measures the concentration of alcohol in the breath of any person who attempts to start the motor vehicle by using the ignition system. The device prevents the vehicle from starting unless the person provides a breath sample with a concentration of alcohol that is below a preset level. An ignition interlock device may not be sold or distributed in this state without the device being approved by the advisory committee on breath analyzer machines established in RSA 106-G, as provided in RSA 265:82-e.

259:43-b Interlock Service Provider. An approved interlock service provider means an entity that installs, services, calibrates, monitors, and provides reports as required by RSA 265:82-e, II(c) who is approved by the commissioner of the department of safety to do so; no person shall provide any of the services of an approved interlock service provider without such prior approval.

2 New Subdivision; Alcohol Ignition Interlock Program. Amend RSA 265 by inserting after section 82-d the following new subdivision:

Alcohol Ignition Interlock Program

265:82-e Alcohol Ignition Interlock Program Established. Any person whose license or permission to drive has been revoked or suspended for any reason in which alcohol was involved shall be required by the division of motor vehicles, or by the court, to install an ignition interlock device as defined in RSA 259:43-a in any vehicle registered to that person or used by that person on a regular basis, for the period of time prescribed by the division or the court, and as a condition to the issuance of a license to operate a motor vehicle after it has been suspended as a result of a conviction for any alcohol-related driving offense. A certificate proving installation of the device as described in paragraph (I)(c)(5) shall be provided to the division as a condition precedent to reinstatement of the individual's license to drive. The person placed under the requirements of this paragraph shall not drive any motor vehicle not equipped with this device and shall not endeavor to circumvent or tamper with the device, and any person so doing shall be guilty of a misdemeanor.

I. Except where otherwise specified in statute, the ignition interlock device shall be installed after license reinstatement for a period as long as the offender's license has been suspended or revoked, but for a minimum of six months in all cases. Minors convicted under this subdivision shall be required to retain the device until at least 21 years of age.

II. The advisory committee on breath analyzer machines shall establish rules, pursuant to RSA 541-A, for the approval of ignition interlock devices, and for the licensing of approved interlock service providers.

(a) The rules adopted for the approval of ignition interlock devices shall require them to, at a minimum:

(1) Meet the April 7, 1992 National Highway Traffic Safety Administration standards published in the Federal Register;

(2) Not impede the safe operation of the vehicle;

(3) Minimize the opportunities for the ignition interlock device to be bypassed any anti-circumvention methods;

(4) Work accurately and reliably;

(5) Measure properly and accurately the person's blood alcohol levels by means of an alcohol-specific interlock device;

(6) Minimize the inconvenience to a sober user;

(7) Record driving times, distances and failures to take or pass the test during the period between recalibrations, and have a data-logger capable of retaining these events; and

(8) Be programmable to restrict hours of use of the vehicle, or times between recalibrations in a fashion to be determined by the commissioner.

(b) The advisory committee on breath analyzer machines shall develop a warning label which shall be affixed to all ignition interlock devices used in the state to warn any person of the possible penalties for tampering with or attempting to circumvent the interlock device.

(c) The commissioner shall adopt rules and regulations to create an ignition interlock program protocol that will control the delivery of interlock service in this state under this subdivision. The rules adopted for the licensing of approved interlock service providers shall require that each provider, at a minimum;

(1) Provide recalibration of each device monthly, unless otherwise ordered by the division or the court;

(2) Maintain at least that number of locations for the installation, service, calibration and monitoring of an ignition interlock device as might be required from time to time by the program operating protocol developed by the commissioner;

(3) Provide service to all residents of the state required to install an ignition interlock device, which service shall be available within one hour's drive of every municipality with a population of 100,000 or more, and within a 90-minute drive of the center of every other municipality in the state;

(4) Provide monthly reports based on the information required in subparagraph II(a)(7) to both the offender's probation office and, if applicable, treatment provider, in formats to be determined by the department's interlock service protocol;

(5) Provide installation and service to those offenders determined by the court to be unable to pay the full cost of an interlock program, by developing a hardship credit equal to 2 percent of the gross receipts of each approved interlock service provider resulting from the rental of an interlock device to an offender, but not to include the revenues resulting from other services that may be rendered by the approved service provider; and

(6) Provide a certificate of installation to the vehicle's owner upon installation of the device in a form to be determined by the department's interlock service protocol.

3 New Paragraph; Driving After Revocation or Suspension; Vehicle Immobilization. Amend RSA 263:64 by inserting after paragraph IV the following new paragraph:

IV-a. A person who violates this section may be required by a court to have the immediate installation either of a tire immobilizer, or boot, or an ignition interlock device as defined in RSA 259:43-a on any vehicle registered by the offender or by a member of the offender's household and used by the offender at any time. The ignition interlock device may be an alternative to immobilization by a boot when other household members must have access to the vehicle. Either device shall remain in place until the reinstatement of the offender's license, or until medical certification of that person's permanent physical inability to drive. The installation of the ignition interlock device does not constitute permission to drive for the person whose license has been revoked. If a boot has been used, the offender's license may only be reinstated after receipt by the division of a certificate of installation of an ignition interlock device as described in RSA 265:82-e, which shall remain in place for at least 12 months.

4 Reckless Driving; Minimum Penalty. Amend RSA 265:79 to read as follows:

265:79 Reckless Driving; Minimum Penalty. Whoever upon any way drives a vehicle recklessly, or so that the lives or safety of the public shall be endangered, or upon a bet, wager or race, or who drives a vehicle for the purpose of making a record, and thereby violates any of the provisions of this title or any rules adopted by the director, shall be, notwithstanding the provisions of title LXII, fined not less than \$250 nor more than \$500 and his license shall be revoked for a period of 60 days for the first offense and from 60 days to one year for the second offense. *After any revocation in which alcohol was involved, the license shall not be reinstated until after the division receives a certificate of installation of an ignition interlock device as described in RSA 265:82-e, which shall remain in place for at least 6 months.*

5 New Section; Administrative License Suspension; Ignition Interlock Device. Amend RSA 265 by inserting after section 91-d the following new section:

265:91-e Ignition Interlock Device. After an administrative license suspension imposed either because of refusal to take a test as provided in RSA 265:92 or because the test has revealed an alcohol concentration of 0.16% or more, an offender's suspended license shall not be reinstated until after receipt by the division of a certificate of installation of a qualified ignition interlock device provided by an approved service provider, as described in RSA 265:82-e, which shall remain in place for at least 12 months. If the alcohol concentration was .02% or more, the device shall remain in place for at least 24 months, or longer if so ordered by a court of competent jurisdiction.

6 Negligent Homicide. Amend RSA 630:3, II to read as follows:

II. A person is guilty of a class A felony when in consequence of being under the influence of intoxicating liquor or a controlled drug or any combination of intoxicating liquor and controlled drug while operating a propelled vehicle, as defined in RSA 637:9, III or a boat as defined in RSA 270:48, II, he causes the death of another. *An offender under this paragraph shall not have a license to drive reinstated until after the division receives certification of installation of an ignition interlock device as described in RSA 265:82-e, which shall remain in place for at least 24 months, or longer if so ordered by a court of competent jurisdiction.*

7 Effective Date. This act shall take effect January 1, 2001.

Adopted.

Rep. Christie moved Re-commit to Committee and spoke in favor.

Adopted.

HB 349-FN-L, relative to revising annual grant amounts made for school building aid. INEXPERIENT TO LEGISLATE

Rep. Robert E. McKinley for Education: This legislation revises the method of providing state aid for school building programs by including means testing for the individual districts. As a result of the formula, some communities receive no building aid; others receive less, while some receive more aid. Information for data needed to develop a formula is still being addressed by the Department of Education and the State Board of Education. Therefore, the committee agreed this legislation was not appropriate at this time. Vote 12-6.

Adopted.

HB 514-L, establishing open enrollment provisions in the school districts of the state. **OUGHT TO PASS WITH AMENDMENT**

Rep. John R. M. Alger for Education: The amendment replaces the bill. This amended bill requires school boards to establish change of public school assignment based on the best interest of the pupil, giving superintendents authority to implement the policy up to annual limits of students (1 percent maximum) for a school district, 5 percent for an individual school. Superintendents would be authorized to establish tuition rates and inform parents and legal guardians of the policy on an annual basis. Vote 16-1.

Amendment (2194h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to change of school assignment and transfers of public school pupils.

Amend the bill by replacing all after the enacting clause with the following:

193:3-a Change of School Assignment; Best Interest of Pupil.

I. Each school board shall establish a change of school assignment policy based on the best interest of the pupil, to authorize the superintendent to re-assign a pupil from the public school to which he or she is currently assigned to another public school, or to approve a request from another superintendent to accept a transfer of a pupil from a school district that is not part of the school administrative unit, without further approval from the school board, provided that the total changes in any one year do not exceed one percent of the average daily membership in residence of the school district, or 5 percent of any single school, whichever is greater, and provided that:

(a) The pupil's parent or legal guardian requests the superintendent for a change of school assignment or consents to the superintendent's recommendation for such a change, and

(b) The superintendent determines that such a change would be in the pupil's best interest.

II.(a) In accordance with the policy established by the school board and with the number of pupils authorized in paragraph I of this section, the superintendent may approve reassignment of a pupil:

(1) To a public school within a school district, or

(2) To a school district within the school administrative unit, or

(3) To a school district in another school administrative unit, subject to the pupil meeting the admission requirements of such school, and subject to the agreement of the other superintendent.

(b) Where such reassignment exceeds the percentage limitations established in paragraph I of this section, the approval of the school board shall be required to reassign a pupil.

III. In the event that a pupil is assigned to a school district under the provisions of paragraph II (a)(2) and (3) of this section, the superintendents shall establish a tuition rate for each pupil. Notwithstanding any law to the contrary, some or all of the tuition may be waived by the superintendent of the receiving district for the good cause shown, or based on the school board policy. The amount of the state average per pupil cost of an adequate education shall be considered as part of the tuition payment. Transportation shall be the responsibility of the parent or legal guardian.

IV. Superintendents shall notify the department of education of any reassignment of pupils under this section.

V. Superintendents shall provide annual notice of this change of school assignment policy based on the best interest of a pupil to parents or legal guardians of all pupils in their administrative unit.

VI. A parent or legal guardian who is aggrieved by a decision of a superintendent or a school board under this section may, within 30 days of such decision, appeal in writing to the state board of education which shall review the case and constitute the final administrative appeal.

VII. Educationally disabled children as defined in RSA 186-C:2 shall be accorded a due process review pursuant to rules adopted under RSA 186-C:16.

2 Effective Date. This act shall take effect July 1, 2000.

AMENDED ANALYSIS

This bill:

I. Authorizes superintendents of school districts to approve requests for changes in school assignment where such changes are in the best interest of the pupil.

II. Authorizes superintendents to negotiate the apportionment of tuition costs associated with a change in school assignment to another school district.

Adopted.

Report adopted and ordered to third reading.

SB 170-FN-A, establishing a parents as teachers pilot program in Sullivan county and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT**

Rep. Susan B. Durham for Education: The amendment changes the bill so that the money would flow through the Department of Health and Human Services as it is already involved in early childhood issues. It also requires the school district to work with the Parent Information Center, which offers this program in a few places in the state. The goals of the program are to enhance parental knowledge of child development so those children come to school ready and eager to learn. Vote 14-1.

Amendment (2033h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a Parents as Teachers Program in Sullivan county and making an appropriation therefor.

I New Subdivision; Parents as Teachers Program. Amend RSA 193 by inserting after section 33 the following new subdivision:

Parents as Teachers Program

193:34 Policy and Purposes.

I. This act recognizes the importance of the early childhood years upon children's brain development. Given appropriate stimulation, babies develop critical cognitive and social skills from birth to age 3. These early years provide a window of opportunity to enrich a child's cognitive and social development. The least intrusive and most successful way to impact early childhood experiences is to educate parents as to how they can best teach their children. Studies have shown that parents who are trained as to how to interact with their children can help their children enter school ready to learn and are more likely to stay involved with their child's educational process throughout the school years.

II. The Parents as Teachers Program was established in 1981 and has a presence in 49 states, including New Hampshire. The New Hampshire program is operated at eight sites in New Hampshire by the Parent Information Center with funds from Goals 2000. The Parents as Teachers Program creates a partnership between parents and early childhood development professionals. Early childhood development professionals conduct monthly home visits and group meetings to help parents understand what to expect from their children in each stage of development and to teach parents how to encourage learning, manage challenging behavior and strengthen parent-child relationships.

III. The purpose of this subdivision is to expand the Parents as Teachers Program in New Hampshire by developing 2 school district based programs, one of which shall be in a rural community and one in an urban community.

193:35 Parents as Teachers Program Established.

I. The department of health and human services shall establish the school district based Parents as Teachers Program for a rural community in Sullivan county in cooperation with School Administrative Unit 6 and the Parent Information Center. Sullivan county will be the rural site for the program because of its unique demographic profile, including the high number of risk factors affecting its children, the demonstrated interest of its public officials in the program, and the capacity to link the program to existing programs within the county including Good Beginnings, the Parent Information Center, and department of health and human services programs in Sullivan county.

II. The department shall, consistent with available funding and the expressed commitment of an urban community, establish a school district based Parents as Teachers Program in an urban community on or before January 1, 2002.

III. The programs established by this subdivision shall serve parents of children aged birth through 3 years of age. The programs shall utilize at least 1/2 of the appropriated funds to serve areas with high concentrations of low income families in order to serve parents who are educationally or economically disadvantaged.

193:36 Rulemaking. The commissioner of health and human services shall adopt rules, pursuant to RSA 541-A, necessary to carry out the provisions of this chapter.

193:37 Report and Recommendation. On or before October 1, 2004, the department of health and human services shall prepare and submit to the speaker of the house of representatives, the president of the senate, and the chairpersons of the house and senate education committees an evaluation and report of the school district based Parents as Teachers Programs established pursuant to this subdivision, and recommendations for the expansion of the program statewide.

2 Appropriation. There is hereby appropriated the sum of \$65,000 for the biennium ending June 30, 2001, to the department of health and human services to implement and administer the provisions of this act by establishing the school district based Parents as Teachers Program in Sullivan county. The governor is authorized to draw a warrant for said sums out of any money in the treasury not otherwise appropriated.

3 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill creates a Parents as Teachers Program in New Hampshire. There shall be 2 school district based programs, one in an urban community and one in a rural community in Sullivan county. The commissioner of the department of health and human services shall establish rules for the implementation of the program in these 2 communities.

Adopted.

Report adopted and referred to Finance.

HB 51, providing for registration of equipment used in the production of maple products and allowing the commissioner of the department of agriculture, markets and food to adopt rules relative to standards for such equipment. **OUGHT TO PASS WITH AMENDMENT**

Rep. David L. Babson, Jr. for Environment and Agriculture: This bill is an act to provide commercial producers, packers, and distributors with the opportunity to voluntarily register with the Department of Agriculture, Markets and Food. This bill also defines producers and distributors and states what information will be on the registration form. Vote 15-2.

Amendment (2185h)

Amend the title of the bill by replacing it with the following:

AN ACT providing for the voluntary registration of commercial maple producers and maple packers.

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Definitions; Commercial Sugarmaker. Amend RSA 429:13 by inserting after paragraph III the following new paragraph:

III-a. "Commercial sugarmaker" means a person who collects or purchases maple sap for maple production and sale.

2 New Paragraph; Definitions; Maple Packer. Amend RSA 429:13 by inserting after paragraph VII the following new paragraph:

VII-a. "Maple packer" means a person who purchases and packs or further processes maple syrup for sale.

3 New Section; Registration. Amend RSA 429 by inserting after section 13 the following new section:

429:13-a Registration.

I. The commissioner shall design and implement a voluntary registration program for persons who produce or pack maple sap or maple products for sale.

II. A commercial sugarmaker or maple packer who agrees to voluntarily register for a period of 6 years shall complete a registration form supplied by the commissioner. The information on the form shall be limited to the name of the owner or operator, the farm or business name, the address and phone number of the farm or business, and whether the registrant is a commercial sugarmaker or maple packer.

III. Commercial sugarmakers and maple packers agreeing to voluntarily register shall be placed on a list of voluntary registrants by the commissioner. Use of the voluntary registration list by the department shall be limited to disseminating information relative to the maple industry, conducting surveys on topics that are timely and important to the maple industry, and emergency notification to commercial sugarmakers and maple packers of conditions or practices found to adversely impact the quality of maple products.

4 Labels; Information Required. Amend RSA 429:14, I(a) to read as follows:

(a) The name, address, and zip code of the packer, *distributor or producer*;

5 New Paragraph; Adulteration. Amend RSA 429:15 by inserting after paragraph II the following new paragraph:

III. Maple syrup and maple products which are labeled as being pure maple products and which are produced, packaged, handled, or sold in this state shall not in any way be adulterated by the addition or introduction of any substance that would change the essential characteristics of the maple product or render the maple products unsafe.

6 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill requires the commissioner of agriculture, markets, and food to design and implement a voluntary registration program for persons who produce or pack maple sap or maple products for sale.

Adopted.

Report adopted and referred to Finance.

Rep. Scanlan declared a conflict of interest and did not participate.

HB 239-FN-A, permitting the development of an industrial hemp industry in New Hampshire and continually appropriating a special fund. **REFER FOR INTERIM STUDY**

Rep. Peter R. Leishman for Environment and Agriculture: The committee had difficulty reaching a consensus on the bill. Strong arguments were made to support and oppose the growing of industrial hemp. The first vote of "Ought to Pass with Amendment" failed by a vote of 10-9. The second vote of "Inexpedient to Legislate" failed by a vote of 7-12. The committee by a vote of 14-5 is recommending "Interim Study" looking forward to bringing both sides closer together. Vote 14-5. Rep. Owen spoke against and yielded to questions.

Rep. McRae spoke in favor and yielded to questions.

Rep. Musler spoke in favor.

Rep. Boyce requested a roll call; sufficiently seconded.

The question being the adoption of the report.

and the motion was adopted.

Referred to Finance.

HB 648-FN, relative to a sludge testing program. **OUGHT TO PASS WITH AMENDMENT**
Rep. John S. Cobb for Environment and Agriculture: This bill was re-referred to the Environment and Agriculture Committee and after much consideration, it was decided to amend the bill emphasizing the reporting procedure. We put a cap on the sludge testing fee for generators satisfying a concern of municipalities. Coordination was established between both the sponsor, the Department of Environmental Services, and authorities at the University of New Hampshire. Funding comes from State Aid Grant Programs which will not have an adverse impact for present budgets. Vote 18-0.

Amendment (2178h)

Amend the bill by replacing all after the enacting clause with the following:

1 Waste Disposal; Duties of Department; Sludge Testing Program. RSA 485-A:4, XVI-c is repealed and reenacted to read as follows:

XVI-c.(a) To design and implement a program for state or independent third party sampling and testing of sludge or biosolid materials that are intended for land application. The department shall design the sampling methodology, in consultation with university of New Hampshire statisticians and sludge and biosolid experts, to provide a statistical evaluation of the contaminant levels contained in sludge or biosolids. The department shall concentrate its testing on those contaminants that pose greater risks to public health and the environment due to their toxicity, potential availability, concentration levels, or concentration uncertainty. The department shall maintain a database of testing results and prepare, in consultation with university of New Hampshire statisticians

and sludge and biosolid experts, and make available to the public and the general court, an annual report by November 1 of each year which analyses the compiled test results, including data from prior years, as appropriate. The analysis shall detail contaminant concentrations on both a state-wide and generator level and shall indicate the statistical degree of certainty in the results of the analysis. The department shall attempt to present the report in terms that are understandable to the layperson including practical examples such as the probability that any given load of untested sludge exceeds a contaminant standard.

(b) The department shall establish a fee of \$500, to be paid by sludge quality certificate holders by January 1 of each year. The fee shall be deposited in a special, nonlapsing sampling and analysis of sludge or biosolids samples fund, for exclusive use by the department to implement the program established in subparagraph (a).

2 New Paragraph; Duties of Department; On-Site Inspections. Amend RSA 485-A:4 by inserting after paragraph XVI-c the following new paragraph:

XVI-d. To conduct on-site inspections of sludge or biosolid application sites to monitor adherence to all state and federal requirements for such activity.

3 Testing Method Evaluation. In preparation for and as part of the annual report required by November 1, 2000 under RSA 485-A:4, XVI-c(a), the department, in consultation with university of New Hampshire statisticians and sludge and biosolid experts, sludge quality certificate holders, and other interested parties, shall evaluate whether the overall financial resources dedicated to sludge testing in the state are being optimally allocated between regulatory testing and statistical testing. As part of the evaluation, the department shall consider what short and long-term financial, environmental, or assurance benefits there may be to the department, the public, and sludge or biosolid generators in having sampling conducted by a party other than the generator.

4 Transfer of Appropriation. The remainder of available funds, up to \$85,000, that were appropriated for state aid grants by 1999, 159:1, PAU 03-04-02-01-02 shall be transferred at the end of fiscal year 2000 and at the end of fiscal year 2001 to the nonlapsing sampling and analysis of sludge or biosolids samples fund established by RSA 485-A:4, XVI-c, provided all approved state aid grant payments have been made to eligible municipalities in each fiscal year.

5 Effective Date. This act shall take effect July 1, 2000

AMENDED ANALYSIS

This bill allows sampling and testing of sludge and biosolid materials to be conducted by independent third parties as well as the state. The sampling methodology designed by the department shall be with the consultation of university of New Hampshire statisticians and sludge and biosolids experts. The department shall make available to the public and general court a report by November 1 each year which analyzes the compiled test results.

This bill provides that as part of the annual report required by November 1, 2000, the department shall evaluate whether the overall financial resources dedicated to sludge testing in the state are being optimally allocated between regulatory and statistical testing.

This bill also appropriates certain funds to the sampling and analysis of sludge or biosolids samples fund.

Adopted.

Report adopted and referred to Finance.

HB 613-FN-L, consolidating the pari-mutuel commission and sweepstakes commission into a gaming commission. INEXPEDIENT TO LEGISLATE

Rep. Michael O'Neil for Executive Departments and Administration: The committee agreed that the Pari-Mutuel Commission and the Sweepstakes Commission are working well and see no compelling reasons for change. Each commission has a very distinct responsibility with little in common. The Sweepstakes Commission is a marketing driven organization promoting the sale of lottery designated games. The Pari-Mutuel Commission is a regulating body with oversight responsibility for the horse and dog racing industry. Vote 12-4.

Adopted.

HB 725, relative to rulemaking under the administrative procedures act. OUGHT TO PASS WITH AMENDMENT

Rep. Sylvia A. Holley for Executive Departments and Administration: This bill improves the process by which rules are adopted and updates the "Drafting and Procedure Manual" for rulemaking.

JLCAR (Joint Legislative Committee on Administrative Rules) meets once a month and is provided services and staff from the Office of Legislative Services. This bill puts into statute a division of administrative rules established within the Office of Legislative Services which shall provide services, staff and specially designated committee legal counsel as it does now. There is no FN consideration. This bill changes the definition of "rule" to include a sentence that clarifies that rules adopted by the Director of Personnel relative to the state employee system must be adopted under RSA 541-A. This bill requires JLCAR to notify chairmen of committees when JLCAR recommends statutory changes after reviewing proposed rules; puts in new language requiring agencies to accept public comment in electronic format if practicable and extends the period for accepting public comment after a public hearing on proposed rules from 5 to 10 days; establishes a new "conditional approval" process to allow for the approval of proposed rules under the condition that the agency makes specified changes agreed to during the JLCAR meeting; duration of emergency rules extended from 120 to 180 days and numerous gender neutral changes. These changes reflect a streamlining of the rules process, a more efficient and long overdue improvement yet keeps legislative oversight in place. Vote 17-0.

Amendment (2192h)

Amend the bill by replacing all after the enacting clause with the following:

1 Findings and Purpose. It is the understanding of both the legislative and executive branches of state government that administrative rules and the rulemaking process are important and that both branches are committed to providing the necessary resources and expertise to prepare, review, and enforce administrative rules, with the understanding that rules have the force and effect of law and profoundly impact the lives and livelihoods of every citizen of New Hampshire.

2 Definition of Rule; State Employee Personnel System. Amend RSA 541-A:1, XV to read as follows:

XV. "Rule" means each regulation, standard or other statement of general applicability adopted by an agency to (a) implement, interpret or make specific a statute enforced or administered by such agency or (b) prescribe or interpret an agency policy, procedure or practice requirement binding on persons outside the agency, whether members of the general public or personnel in other agencies. The term does not include (a) internal memoranda which set policy applicable only to its own employees and which do not affect private rights or change the substance of rules binding upon the public, (b) informational pamphlets, letters or other explanatory material which refers to a statute or rule without affecting its substance or interpretation, (c) personnel records relating to the hiring, dismissal, promotion, or compensation of any public employee, or the disciplining of such employee, or the investigating of any charges against ~~him~~ *such employee*, (d) declaratory rulings, or (e) forms. *The term "rule" shall include rules adopted by the director of personnel, department of administrative services, relative to the state employee personnel system.*

3 Joint Legislative Committee on Administrative Rules. Amend RSA 541-A:2 to read as follows:

541-A:2 Joint Legislative Committee on Administrative Rules.

I. There is hereby created a joint legislative committee to be known as the joint legislative committee on administrative rules. The committee shall be composed of 10 members of the general court and 4 alternates to be appointed for 2-year terms ending on the first Wednesday in December of even-numbered years as follows: 5 members of the house of representatives, appointed by the speaker of the house in consultation with the minority leader, not more than 3 of whom shall be from the same party; 5 members of the senate, appointed by the senate president in consultation with the minority leader, not more than 3 of whom shall be from the same party; 2 alternate members of the house of representatives appointed by the speaker of the house in consultation with the minority leader, not more than one of whom shall be from the same party; and 2 alternate members of the senate, appointed by the senate president in consultation with the minority leader, not more than one of whom shall be from the same party. If a member of the committee is unable, for any reason, to attend a meeting or a portion of a meeting of the committee, the ~~[chairman]~~ *chair* shall designate an alternate member to serve ~~[in his place]~~ regardless of the number of other senators or representatives who attend the meeting. The committee shall elect a ~~[chairman]~~ *chair* and a ~~[vice-chairman]~~ *vice-chair* from among its members, provided that the ~~[chairmanship]~~ *chair* shall rotate biennially between the house and senate members.

II. The committee shall meet at least once each month and more often as necessary for the prompt discharge of its duties ~~[and may use the staff and services of the director of legislative~~

services]. *The director of legislative services shall provide services and shall employ full-time staff, including clerical support and specially designated committee legal counsel, in a division of administrative rules established within the office of legislative services, to the extent the committee deems necessary.* The committee shall adopt rules to govern its operation and organization. A quorum of the committee shall consist of 6 members. Members of the committee shall be entitled to legislative mileage as provided to members for attendance at sessions of the general court.

III. The committee may hold public hearings on a proposed or previously adopted rule on its own initiative. The committee shall give public notice of any hearing at least 7 days in advance in the rulemaking register. Any public hearing shall be scheduled at a time and place chosen to afford opportunity for affected persons to present their views. ~~[As appropriate,]~~ The committee may consult with the standing legislative committee having jurisdiction in the area of the rule under review.

IV. In addition to its ongoing review of proposed and adopted rules, the committee shall:

(a) Petition an agency under RSA 541-A:4 to adopt rules if the agency has clear rulemaking authority which it has not used.

(b) Review statutory passages granting rulemaking authority. On the basis of this review, the committee shall, before each regular legislative session, make written recommendations to the president of the senate and the speaker of the house as to how such passages should be amended to eliminate confusing, inefficient, or unnecessary statutory language.

(c) Make written recommendations, when appropriate, to the president of the senate and the speaker of the house as to how the legislative oversight of rulemaking might be improved. These recommendations may include proposed amendments to RSA 541-A.

(d) Have the authority to amend and provide the final approval of the drafting and procedure manual developed by the director of legislative services and the commissioner of administrative services under RSA 541-A:8.

(e) Notify the chairpersons of appropriate standing committees of the general court in writing when committee recommendations are made to agencies relative to legislation as a result of reviewing proposed and adopted rules.

(f) Make written recommendations, when appropriate, to the president of the senate, the speaker of the house of representatives, and the chairs of standing committees of the general court having jurisdiction over the subject matter of an agency concerning the amendment or repeal of the statutory authority of an agency that has enforced rules which are not effective or not otherwise valid, or that has not commenced rulemaking or adopted rules as required by statute.

4 Petition for Adoption of Rules. Amend RSA 541-A:4 to read as follows:

541-A:4 Petition for Adoption of Rules.

I. Any interested person may petition an agency to adopt, amend, or repeal a rule. Within 30 days of receiving the petition, the agency shall determine whether to grant or deny the petition and notify the petitioner. If the agency decides to deny the petition, the agency shall notify the petitioner of its decision in writing and shall state its reasons for denial. If the agency grants the petition, it shall notify the petitioner and commence the rulemaking proceeding by requesting a fiscal impact statement pursuant to RSA 541-A:5 within 120 days of receipt of the petition and continuing the proceeding as specified in RSA 541-A:3.

II. Notwithstanding paragraph I, if the committee petitions an agency to adopt, amend, or repeal a rule, and the agency does not notify the committee that rulemaking has commenced within one year of receiving the petition, or does not file a final proposal under RSA 541-A:12 within 2 years of receiving the petition, the committee may file legislation to repeal the agency's rulemaking authority or otherwise amend the agency authority.

5 Gender Neutral. Amend RSA 541-A:5, I and II to read as follows:

I. The agency shall provide the legislative budget assistant with adequate details of the intended action and supporting data to enable ~~him~~ *the legislative budget assistant* to prepare a fiscal impact statement.

II. The legislative budget assistant shall develop a form which shall specify the details and supporting data necessary ~~for him~~ to assess the fiscal impact of the proposed rule.

6 Gender Neutral. Amend the introductory paragraph of RSA 541-A:5, IV to read as follows:

IV. The fiscal impact statement issued by the legislative budget assistant shall not be limited to dollar amounts, but shall include a discussion of the methodology used ~~by him and the agency~~ to reach any stated amounts. In addition, the fiscal impact statement shall consist of:

7 Gender Neutral. Amend RSA 541-A:6, II and III to read as follows:

II. The director of legislative services may refuse to publish a notice if ~~[he]~~ **the director** determines that there is significant noncompliance with the requirements of paragraph I ~~[above]~~.

III. The agency shall send notice to the director of legislative services, to the president of the senate, to the speaker of the house of representatives, to the ~~[chairman]~~ **chair** of the fiscal committee, to the ~~[chairmen]~~ **chairs** of the legislative committees having jurisdiction over the subject matter, and to all persons who have made timely request for advance notice of rulemaking proceedings and to all persons regulated by the proposed rules who hold occupational licenses issued by the agency. Notice shall be made not less than 20 days before the first agency public hearing required by RSA 541-A:11. Notice to occupational licensees shall be by U.S. Mail, agency bulletin or newsletter, public notice advertisement in a publication of daily statewide circulation, or in such other manner deemed sufficient by the committee.

8 Drafting and Procedure Manual. Amend RSA 541-A:8 to read as follows:

541-A:8 Drafting and Procedure Manual.

I. Each agency shall conform to a drafting and procedure manual for rules, developed by the director of legislative services and the commissioner of administrative services, subject to amendment and final approval by the committee. ***The manual shall be submitted for approval by the committee no later than March 31, 2000. If no manual is submitted by such date, the committee shall have the authority to develop, amend, and approve the manual. In either case, the committee shall provide final approval of the drafting and procedure manual no later than June 30, 2000. After June 30, 2000, the committee may propose further amendments to the manual. Any further amendments shall be subject to final approval by the committee.*** The director may require any agency to rewrite any rule submitted for filing to conform to this manual until that rule is adopted and filed under RSA 541-A:14 or RSA 541-A:19.

9 New Subparagraph; Rulemaking Register; List of Proposals. Amend RSA 541-A:9, I by inserting after subparagraph (i) the following new subparagraph:

(j) A list of proposals filed under RSA 541-A:12, I and proposed interim rules filed under RSA 541-A:19, II, and placed on the agenda for committee review at a regularly scheduled or special committee meeting.

10 Submission of Materials to Board or Commission. Amend RSA 541-A:11, I to read as follows:

I. Each agency shall hold at least one public hearing on all proposed rules and shall afford all interested persons reasonable opportunity to testify and to submit data, views, or arguments in writing ***or, if practicable for the agency, in electronic format***, in accordance with the terms of the notice and the provisions of this section. ***The legal counsel designated to the committee shall provide oral or written comments on potential bases for committee objection under RSA 541-A:13, IV. Each agency shall require all materials submitted in writing to be signed by the person who submits them, and the agency shall transfer to hard copy, if practicable for the agency, all materials submitted as diskette, electronic mail, or other electronic format. Copies of the proposed rule shall be available to the public under RSA 91-A and at least 5 days prior to the hearing.*** For rules proposed by a board or commission, a period of at least ~~[5]~~ **10** days after the hearing shall be provided for the submission of ~~[such written]~~ materials ***in writing or in electronic format***, unless a shorter period is specified in the notice. If a shorter period is specified in the notice, the deadline for the submission of ~~[written]~~ **such** materials shall not be earlier than the scheduled conclusion of the public hearing. For rules proposed by an agency official, a period of at least ~~[5]~~ **10** days after the hearing shall be provided in all instances. If a hearing is continued or postponed as provided in paragraph III or IV of this section, the period for the submission of ~~[written]~~ materials ***in writing or in electronic format*** shall be extended.

11 Public Comment; Extension of Deadlines. Amend RSA 541-A:11, III to read as follows:

III. To provide reasonable opportunity for public comment, the agency may continue a public hearing past the scheduled time or to another date, ***or may extend the deadline for submission of written comment***. If the agency continues the hearing ***or extends the deadline***, it shall notify the public by any means it deems appropriate, including notice in the rulemaking register whenever practicable.

12 New Paragraph; Filing Final Proposal; Placement on Agenda. Amend RSA 541-A:12, I to read as follows:

I. After **fully** considering ~~fully~~ public comment **and any committee or designated legal counsel comments** received pursuant to RSA 541-A:11, and any other relevant information, a quorum of the members of the agency or the agency official having rulemaking authority shall establish the text of the final proposed rule. After the text of the final proposed rule has been established, the agency shall file the final proposal no earlier than 21 days and no later than 150 days after the date of publication of the notice in the rulemaking register. If an agency is required to rewrite a rule in accordance with RSA 541-A:8, the agency shall have up to 180 days after the date of publication of the notice in the rulemaking register to file the final proposal. The agency shall file the final proposal with the director of legislative services. Final proposals filed no later than 14 days before a regularly scheduled committee meeting shall be placed on the agenda for that meeting. Final proposals filed fewer than 14 days before a regularly scheduled committee meeting shall be placed on the agenda of the following regularly scheduled committee meeting.

I-a. If an agency chooses to receive and respond to comments before the committee meeting as specified in RSA 541-A:13,II(a) and (b), the agency shall file the final proposal with a request that the final proposal be reviewed by the committee legal counsel and placed on the agenda for the next regularly scheduled committee meeting or special meeting that is at least 28 days but no more than 60 days after the date that the final proposal is filed. The final proposal and request shall be filed at least 14 days prior to the first regularly scheduled committee meeting at which the request may be considered. The committee shall notify the agency in writing of its approval or denial of the request.

13 Procedure Changed; Review by Joint Legislative Committee on Administrative Rules. RSA 541-A:13 is repealed and reenacted to read as follows:

541 -A:13 Review by the Joint Legislative Committee on Administrative Rules.

I. Within 45 days of the filing of a final proposal with the director of legislative services, the committee may approve the rule or object under paragraph V, except that if an agency has filed a final proposal under RSA 541-A:12, I-a, the time shall be extended to 60 days. Objections to a rule may be made only once.

II.(a) If an agency has filed a final proposal and the committee has granted the agency's request, pursuant to RSA 541-A:12, I-a, the director of legislative services shall notify the agency of any potential bases for committee objection identified by committee legal counsel by forwarding a copy of the final proposal with the counsel's comments noted thereon at least 14 days prior to the committee meeting at which the proposal will be considered.

(b) In response to the comments, an agency may then file a proposed amended final proposal with the director for review by the committee and request that the committee approve the rule as amended. Both the request and the amendment shall be in writing and shall be filed at least 7 days prior to the regularly scheduled meeting or special meeting for which the final proposal has been placed on the agenda.

(c) The committee may:

- (1) Approve the rule as originally filed;
- (2) Approve the rule with amendment; or
- (3) Act under paragraph V.

(d) If the committee approves the rule as filed pursuant to RSA 541-A:12, or with amendment, it shall notify the agency in writing of its approval.

(e) Failure to give notice of either approval, conditional approval, or objection at the end of the 45-day or 60-day period under paragraph I shall be deemed approval.

III. If the rule is approved under subparagraph II(c) or (e), the agency may adopt the rule.

IV. The committee may object to a proposed rule if the rule is:

- (a) Beyond the authority of the agency;
- (b) Contrary to the intent of the legislature;
- (c) Determined not to be in the public interest; or
- (d) Deemed by the committee to have a substantial economic impact not recognized in the fiscal impact statement.

V. The following procedures shall govern committee objections:

(a) If the committee objects to the final proposal as filed or as amended pursuant to paragraph II, it shall so inform the agency. In lieu of a preliminary objection, the committee may vote to conditionally approve the rule with an amendment, provided that the committee specifies in its

conditional approval the language of the amendment to address the basis for a preliminary objection. The committee shall notify the agency in writing of its conditional approval. Within 14 days of the meeting, the agency shall submit a written explanation to the committee in the form of a letter and an annotated text of the final proposed rule detailing how the rule has been amended in accordance with the conditional approval. The written explanation shall be signed by the individual holding rulemaking authority, or, if a body of individuals holds rulemaking authority, by a voting member of that body, provided that a quorum of the body has approved. Failure to submit a written explanation in accordance with the conditional approval and this paragraph shall cause the conditional approval to be deemed a committee vote to make a preliminary objection on the date of the conditional approval. If the committee legal counsel determines that the agency has amended the rule in accordance with the conditional approval and this paragraph, the committee legal counsel shall promptly send written confirmation of compliance to the agency. The agency may then adopt the rule as amended.

(b) If the committee objects to the final proposal as filed or as amended pursuant to paragraph II, the committee shall send the agency a preliminary written objection stating the basis for the objection. A preliminary objection or conditional approval shall require the assent of a majority of the votes cast, a quorum being present.

(c) The agency shall respond to the preliminary objection by withdrawing the rule, by amending the rule to remove the basis for objection, or by making no change. The agency shall respond to a committee objection only once, and shall report its response in writing to the committee within 45 days of the committee's vote to make a preliminary objection. Failure to respond to the committee in accordance with this subparagraph shall mean the rulemaking procedure for that proposed rule is invalid; however, the agency is not precluded from initiating the process over again for a similar rule. After receipt of the agency response, the committee may modify its objections made under paragraph IV or approve the rule.

(d) After submitting its preliminary objection response and prior to the final committee vote on the final proposal, and in all cases, prior to the adoption of the rule by the agency, the agency may request that the committee approve the rule with further amendment or issue a revised objection. The committee may approve the rule with further amendment only if the agency submits the request and proposed amendment, in writing to the committee at least 7 days prior to the committee meeting at which the agency presents the rule. Submission of such a request shall not preclude the agency from requesting a revised objection if the committee does not approve the rule as requested.

(e) A revised objection may be made only once by the committee and may be made only at the request of the agency. The agency shall respond and the committee may review the response in the same manner as a preliminary objection. No further amendment may be made by the agency after it responds to the committee except as provided in RSA 541-A:14, II.

(f) If the agency responds but the basis for the committee's preliminary or revised objection has not been removed or the response creates a new basis for objection, the committee may, by majority vote of the entire committee, file a final objection. The final objection shall be filed in certified form with the director of legislative services for publication in the next issue of the rulemaking register.

VI. After a final objection by the committee to a provision in the rule is filed with the director under subparagraph V(f), the burden of proof shall be on the agency in any action for judicial review or for enforcement of the provision to establish that the part objected to is within the authority delegated to the agency, is consistent with the intent of the legislature, is in the public interest, or does not have a substantial economic impact not recognized in the fiscal impact statement. If the agency fails to meet its burden of proof, the court shall declare the whole or a portion of the rule objected to invalid. The failure of the committee to object to a rule shall not be an implied legislative authorization of its substantive or procedural lawfulness.

VII.(a) The provisions of this paragraph may be used by the committee as an alternative to or in addition to the final objection procedure employed by the committee in paragraph V.

(b) If an agency responds to a preliminary or revised objection but the basis for objection has not been removed or the response creates a new basis for objection, the committee may, within 45 days from the date on which the objection response was due and by majority vote of the entire committee, recommend legislative action through sponsorship of a joint resolution to implement its recommendation. Such vote shall prevent the rule from being adopted and filed by the agency for the period of time specified in subparagraph VII(c).

(c) If the committee votes to sponsor a joint resolution pursuant to subparagraph VII(b), the agency shall be prevented from adopting and filing such rule until final legislative action is taken on the resolution or the passage of 90 consecutive calendar days during which the general court shall have been in session, whichever occurs first. The 90 calendar day period shall commence on the date such joint resolution has been introduced. If the session of the general court adjourns prior to the sixtieth calendar day after such joint resolution has been introduced, then the agency shall be prevented from adopting and filing such rule until 90 calendar days, beginning with the next session of the general court, have passed.

(d) The provisions of this paragraph shall apply to only the portion of the agency's rule identified in the joint resolution. The provisions of this paragraph shall not prevent an agency from adopting and filing the remainder of the rules in the final proposal under RSA 541-A while the committee pursues legislative action under this paragraph, nor shall it prevent the committee from also voting to enter a final objection pursuant to paragraph V.

(e) Nothing in this section shall prevent the general court from introducing legislation which addresses any matter included in a joint resolution introduced under the provisions of this section.

(f) Notwithstanding any house or senate rules to the contrary, a joint resolution which the committee votes to sponsor under subparagraph VII(b) may be introduced at any time during the legislative session. It shall be subject to the same rules as any other bill introduced at the beginning of the legislative session.

14 Final Adoption of Rules. Amend RSA 541-A:14, I and II to read as follows:

I. An agency may adopt a properly filed final proposed rule after:

(a) The passage of 45 days from filing of a final proposal under RSA 541-A:12, **I, or 60 days from filing under RSA 541-A:12, I-a**, without receiving notice of objection from the committee;

(b) Receiving ~~[notice of]~~ approval from the committee;

(c) **Written confirmation is sent to the agency by committee legal counsel relative to agency compliance with the committee's conditional approval pursuant to RSA 541-A:13, V(a);**

~~[(e)]~~ (d) Passage of the 45-day period for committee review of the preliminary objection response, or revised objection response, if applicable, provided that the committee has not voted to sponsor a joint resolution pursuant to RSA 541-A:13, VII; or

~~[(f)]~~ (e) Final legislative action, as defined in RSA 541-A:1, VI-a, is taken on the joint resolution sponsored pursuant to RSA 541-A:13, VII(b) or the passage of the 90 consecutive calendar days specified by RSA 541-A:13, VII(c), whichever occurs first.

II. The text of the adopted rule shall be the same as the text of the final proposed rule submitted under RSA 541-A:12, ~~[except that any specific change may be made]~~ **unless revised** by the agency in direct response to the committee's written objection **or as otherwise provided in RSA 541-A:13**. The director of legislative services may refuse to accept for filing any final rule which contains changes, other than minor editorial changes, that are not specifically ~~[authorized in the committee's written objection]~~ **made in accordance with the procedures provided in RSA 541-A:13, II(b) or RSA 541-A:13, V**. The agency shall identify each minor editorial change in writing to the director of legislative services.

15 Time Limit; Reference to Manual Added. Amend RSA 541-A:17, I to read as follows:

I. No rule shall be effective for a period of longer than 8 years, but the agency may adopt an identical rule under RSA 541-A:5 through RSA 541-A:14, **in conformance with the drafting and procedure manual adopted under RSA 541-A:8**.

16 Emergency Rules. Amend RSA 541-A:18, II to read as follows:

II. Notwithstanding RSA 541-A:16, III, emergency rules adopted under this section shall not remain in effect for more than ~~[(20)]~~ **180** days from the date and time of filing with the director of legislative services. An agency may propose a permanent rule on the same subject at the same time that it adopts an emergency rule, but it shall not adopt the same emergency rule when the emergency rule expires.

17 Committee Procedure on Interim Rules. RSA 541-A:19, VIII is repealed and reenacted to read as follows:

VIII. The following procedures shall govern committee review of interim rules:

(a) The director of legislative services shall notify the agency of any potential bases for committee objection identified by committee legal counsel by forwarding a copy of the proposed

interim rule with counsel's comments noted thereon to the agency at least 7 days prior to the committee meeting at which the rule will be considered. Following receipt of the comments an agency may amend its interim rule to address the noted potential bases for objection. The agency may present the amended proposal to the committee for approval at the committee meeting. The committee may approve the rule as originally proposed or as amended.

(b) If the committee objects to the proposed interim rule as filed or as amended, it shall so inform the agency. In lieu of an objection, the committee may vote to conditionally approve the rule with an amendment, provided that the committee specified in its conditional approval the language of the amendment to address the basis for a preliminary objection. The committee shall notify the agency in writing of its conditional approval. Within 14 days of the meeting, the agency shall submit a written explanation to the committee in the form of a letter and an annotated text of the final proposed rule detailing how the rule has been amended in accordance with the conditional approval. The written explanation shall be signed by the individual holding rulemaking authority, or, if a body of individuals holds rulemaking authority, by a voting member of that body, provided that a quorum of the body has approved. Failure to submit a written explanation in accordance with the conditional approval and this paragraph shall cause the conditional approval to be deemed a committee vote to make a preliminary objection on the date of the conditional approval. If the committee legal counsel determines that the agency has amended the rule in accordance with the conditional approval and this paragraph, the committee legal counsel shall promptly send written confirmation of compliance to the agency. The agency may then adopt the rule as amended.

(c) If the committee objects to the proposed interim rule as filed or as amended pursuant to subparagraph VIII(a), the committee shall send the agency a written objection stating the basis for the objection. An objection or a conditional approval shall require the assent of a majority of the votes cast, a quorum being present.

(d) If the committee makes an objection to the proposed interim rule pursuant to subparagraph VIII(c), the agency may cure the defect or withdraw the interim rule. The agency shall respond to a committee objection only once, and shall report its response in writing to the committee prior to its next regularly scheduled meeting. Failure to respond to the committee in accordance with this subparagraph shall mean the rulemaking procedure for that proposed interim rule is invalid; however, the agency is not precluded from initiating the process over again for a similar rule, provided the conditions in paragraph I are met.

(e) The committee shall review the response and vote to approve the response or continue the objection.

(f) The committee's objection shall not preclude the agency from adopting the substance of an interim rule by meeting the requirements of RSA 541-A:3.

18 Adoption of Proposed Interim Rule; Effective Period Increased. Amend RSA 541-A:19, IX and X to read as follows:

IX. No proposed interim rule shall be adopted unless within 90 days of publication of the notice the committee votes to approve *or conditionally approve* the proposed interim rule.

X. No proposed interim rule shall be adopted unless the committee has voted to approve the proposed interim rule *or conditionally approve the proposed interim rule, provided that the committee legal counsel has sent written confirmation to the agency pursuant to RSA 541-A:19, VIII(b)*. An adopted interim rule shall be filed with the director of legislative services no later than 30 days following committee approval or conditional approval. An interim rule shall be effective under RSA 541-A:16, III on the day after filing with the director of legislative services, or at a later date, provided the agency so specifies in a letter to the director of legislative services and the effective date is within 30 days following committee approval or conditional approval. Interim rules shall be effective for a period not to exceed ~~[20]~~ 180 days. During the time an interim rule shall be in effect, the agency may propose a permanent rule to replace the interim rule once it expires, but it shall not adopt another interim rule to replace the expiring interim rule.

19 Gender Neutral; Executive Orders. Amend RSA 541-A:28 to read as follows:

541-A:28 Executive Orders and Opinions of the Attorney General. The secretary of state shall transmit each executive order received from the governor to the director of legislative services, who shall publish the text of the executive order in the *rulemaking* register ~~[of notice of rulemaking proceedings]~~. The attorney general shall transmit a copy of every non-confidential opinion relative to rulemaking or rulemaking authority issued by ~~[him]~~ *the attorney general* or in ~~[his]~~ *the attorney general's* name to the director of legislative services. The director shall publish such opinions in the rulemaking register.

20 Gender Neutral. Amend RSA 541-A:31, V(b) to read as follows:

(b) In order to facilitate proceedings and encourage informal disposition, the presiding officer may, upon motion of any party, or upon [his] *the presiding officer's* own motion, schedule one or more informal prehearing conferences prior to beginning formal proceedings. The presiding officer shall provide notice to all parties prior to holding any prehearing conference.

21 Gender Neutral. Amend RSA 541-A:35 to read as follows:

541-A:35 Decisions and Orders. A final decision or order adverse to a party in a contested case shall be in writing or stated in the record. A final decision shall include findings of fact and conclusions of law, separately stated. Findings of fact, if set forth in statutory language, shall be accompanied by a concise and explicit statement of the underlying facts supporting the findings. If, in accordance with agency rules, a party submitted proposed findings of fact, the decision shall include a ruling upon each proposed finding. Parties shall be notified either personally or by mail of any decision or order. Upon request, a copy of the decision or order shall be delivered or mailed promptly to each party and to [his] *a party's* recognized representative.

22 Gender Neutral; Suspension of Provisions. Amend RSA 541-A:40, I to read as follows:

I. To the extent necessary to avoid a denial of funds or services from the United States which would otherwise be available to the state, the governor may suspend, in whole or in part, one or more provisions of this chapter. When the governor determines that a suspension is no longer necessary to prevent the loss of funds or services from the United States, [he] *the governor* shall issue an order specifying the dates of termination of a suspension.

23 Validity of Existing Rules. All rules adopted and effective on the effective date of this act shall remain valid until amended, repealed, or expired.

24 Required Information By Office of Legislative Services. The office of legislative services shall provide, as soon as possible, information to all agencies having rulemaking authority of the procedural and other changes required by this act in order to facilitate rulemaking by agencies.

25 Effective Date.

I. Section 8 of this act shall be effective upon its passage.

II. The remainder of this act shall take effect July 1, 2000.

Adopted.

Report adopted and referred to Finance.

HB 279-FN-A, relative to refinancing the cost and rehabilitation of the Cheshire Bridge. OUGHT TO PASS WITH AMENDMENT

Rep. Avis B. Nichols for Finance: This bill as amended eliminates tolls on the Cheshire Bridge starting in 2001. This is a fairness issue. Since 1992, users of the Cheshire Bridge have been paying a toll designed to pay off the bond that was used to purchase and renovate the bridge. The Cheshire Bridge is not only the sole toll bridge in the state, it is also the only bridge where the tolls are used not only for retirement of the debt, but pay for maintenance of the bridge as well as all operating expenses.

If the toll is removed in 2001 the additional cost to the state highway fund is approximately \$500,000 more than it would be if we waited until 2005 when the surplus in the account would be sufficient to pay off the bonds. Vote 15-7.

Amendment (2051h)

Amend the bill by replacing section 3 with the following:

3 Effective Date. This act shall take effect July 1, 2001.

Adopted.

Rep. MacGillivray spoke against.

Reps. Phinizy and Wallin spoke in favor.

Report adopted and ordered to third reading.

HB 297-FN, permitting a jury trial in the superior court for alleged violations of the state law against discrimination for a certain time period or with the written assent of the commission for human rights after an action has been filed with the commission. OUGHT TO PASS WITH AMENDMENT

Rep. Margaret A. Lynch for Finance: The policy established by the Judiciary Committee was left intact with the exception of the effective date. The amendment changed the January 1, 2000 date

to read "upon passage." It was the opinion of the Finance Committee that this bill has minimal financial impact, therefore we deferred to the policy committee on content. Vote 24-0.

Amendment (2008h)

Amend the bill by replacing section 2 with the following:

2 Effective Date. This act shall take effect upon its passage.

Adopted.

Report adopted and ordered to third reading.

HB 303-FN-A, relative to the preservation of and access to legislative records and making an appropriation therefor. **INEXPEDIENT TO LEGISLATE**

Rep. Robert G. Holbrook for Finance: Finding \$140,000 of new, general funds at this time is just out of the question. We are all aware of the tremendous crowding and stacking of files and records and hope to see funding requested in the regular budget process. Vote 22-2.

Adopted.

HB 417-FN-A, relative to the rehabilitation of the Walker building at New Hampshire hospital and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT**

Rep. David J. Alukonis for Finance: This bill calls for the rehabilitation and reconstruction of the Walker Building, which is an 80-year-old, 108,000 square foot building located on the campus of the New Hampshire State Hospital. The building has been vacant for many years and is experiencing serious decay. The Finance Committee believes that returning this state-owned building to a constructive and positive use would be a fiscally sound decision given that the state currently leases over 300,000 square feet from private landlords at a cost of over \$3 million annually.

The committee amendment creates the opportunity and ability for the state to accomplish the reconstruction using a "construction management" technique whereby the state could hire a firm which would design, build, and finance the proposed project in return for an agreed-upon payment stream over the next twenty years.

The committee will continue to work on this concept throughout November and December and it is anticipated that the committee will ask that the bill be recommitted to the Finance Committee in order to incorporate further refinements into the bill. Vote 20-1.

Amendment (2071h)

Amend the bill by replacing all after the enacting clause with the following:

I Design for Rehabilitation of New Hampshire Hospital's Walker Building.

I. The department of transportation shall develop and issue a request for proposals from experienced and qualified construction firms for the design, rehabilitation, reconstruction, and financing of the Walker building at New Hampshire hospital.

II. Proposals shall be submitted on or before April 30, 2000.

III. Notwithstanding the provisions of RSA 228:4, 228:4-a and 21-I:22, the department of transportation shall develop criteria for awarding the bid.

IV. The project may be built under the construction management process, provided that selection and award are based on an objective standard and that there are measurable criteria for evaluation.

V. The department of administrative services shall have responsibility for the administration of the Walker building, including the determination of appropriate rents to be paid by an agency occupying the Walker building. The commissioner of administrative services shall have the authority to expend the sums necessary to make any rent payments to the firm selected, which shall be continually appropriated for said purpose.

2 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill authorizes the department of transportation to develop and issue a request for proposals for the design and rehabilitation and financing of the Walker building at New Hampshire hospital and to establish criteria for the bidding process.

Adopted.

Rep. Kurk moved Re-commit to Committee and spoke in favor.

Adopted.

HB 617-FN-A-L, relative to funding and monitoring seacoast harbor issues. **OUGHT TO PASS WITH AMENDMENT**

Rep. Margaret A. Lynch for Finance: This bill, as referred to Finance, had several components. First, the bill re-directed approximately \$750,000 of unrefunded road toll revenue from the general fund to the harbor dredging and pier maintenance fund. Second, it established new fees on boats registered in tidal waters and new slip fees. Combined, the fees are estimated to generate \$60,000 that would be deposited into the harbor dredging and pier maintenance fund. Third, the bill transfers the commercial fish piers at Portsmouth, Rye and Hampton from the Department of Resources and Economic Development to the NH Port Authority. Finally, the bill established two studies and required an additional report be filed.

The amendment eliminated the redirection of the unrefunded road toll revenue and replaced it with a study of unrefunded road tolls. The amendment made no changes related to the new fees. The amendment modified the language used in Department of Resources and Economic Development and Port Authority statutes to clarify the House Public Works policy that DRED would retain control of the recreational activities at the piers after the transfer to the Port Authority. Finally, the amendment struck out the two study committees and the additional report because they passed in the trailer bill in the 1999 session Vote 21-1.

Amendment (2058h)

Amend the bill by replacing all after the enacting clause with the following:

1 State Treasurer and State Accounts; Application of Receipts; General Revenue Exceptions; Reference Changed. Amend RSA 6:12, I(vvv) to read as follows:

(vvv) Moneys deposited in the *harbor* dredging [~~projects~~] *and pier maintenance* fund established in RSA 271-A:21.

2 Department of Resources and Economic Development; Bureau of Marine Services; Exception Added. Amend RSA 12-A:7-a to read as follows:

12-A:7-a Bureau of Marine Services. There is hereby established in the division of parks and recreation of the department of resources and economic development, a bureau of marine services, which shall have the responsibility for and jurisdiction over *recreational activities* at state-owned [~~commercial~~] fishing piers and facilities.

3 Navigation; Vessel Registration and Numbering; Registration Required; Application; Tidal and Coastal Waters. Amend the introductory paragraph of RSA 270-E:3, III to read as follows:

III. Application for registration shall be in such form and contain such information as the commissioner shall determine. The fees required by RSA 270-E:5 shall accompany the application. The application shall request the principal use of the vessel *and ask whether the vessel is to be registered for tidal and coastal waters*. The application shall also contain the following statements:

4 New Subparagraph; Navigation; Vessel Registration and Numbering; Registration Fees; Surcharge for Vessels Registered for Tidal or Coastal Waters. Amend RSA 270-E:5, II by inserting after subparagraph (d) the following new subparagraph:

(e) \$2 for each registration for tidal or coastal waters. The surcharge collected under this subparagraph shall be paid into the harbor dredging and pier maintenance fund established under RSA 271-A:21.

5 Navigation; New Hampshire State Port Authority; Powers and Duties; Fees for Mooring and Slip Permits. Amend RSA 271-A:3, V(a) to read as follows:

(a) Be authorized to set and collect fees for mooring and slip permits and waiting lists for such permits. *The authority shall establish fees for slips in harbors and tidal rivers that are equal to or proportional to the fees for moorings in harbors. Fees shall not be charged for slips at industrial piers along the Piscataqua River or at state-owned piers in harbors. The fees for slips shall be paid into the harbor dredging and pier maintenance fund established under RSA 271-A:21.*

6 New Paragraph; Navigation; New Hampshire State Port Authority; Powers and Duties; Piers in Portsmouth, Rye Harbor, and Hampton Harbor. Amend RSA 271-A:3 by inserting after paragraph VI the following new paragraph:

VII. Have the responsibility for and jurisdiction over the state-owned commercial fishing piers and facilities at Portsmouth, Rye Harbor, and Hampton Harbor except as provided in RSA 12-A:7-a.

7 Navigation; New Hampshire State Port Authority; Dredging Projects Fund Changed to Harbor Dredging and Pier Maintenance Fund. Amend RSA 271-A:21 to read as follows:

271-A:21 **Harbor Dredging [Projects] and Pier Maintenance** Fund Established.

I. There is hereby established a **harbor dredging [projects] and pier maintenance** fund to be used by the New Hampshire state port authority to meet its obligation to initiate and implement dredging projects to maintain channels and harbors, *and to initiate projects to maintain public piers in safe and efficient condition.*

II. The fund shall be nonlapsing and continually appropriated for the purposes of initiating and implementing **harbor dredging projects and maintaining public piers.** The New Hampshire state port authority shall, in each biennium, request annual appropriations to the fund in an amount sufficient to provide for the funding of the authority's periodic **harbor dredging and pier maintenance** efforts. The state treasurer shall invest the moneys deposited in the fund as provided by law. Interest earned on moneys deposited in the fund shall be deposited into the fund.

III. The New Hampshire state port authority shall not encumber, obligate, or expend any funds from the **harbor dredging [projects] and pier maintenance** fund without the prior approval of the capital budget overview committee.

8 Commercial Fish Piers in Portsmouth, Rye Harbor, and Hampton Harbor; Transfer from Department of Resources and Economic Development to New Hampshire State Port Authority. The department of resources and economic development shall transfer the commercial fish piers in Portsmouth, Rye Harbor, and Hampton Harbor to the New Hampshire state port authority. Upon such transfer, the port authority shall have responsibility for and jurisdiction over each such pier and shall assume control of the management, operation, and maintenance of each respective pier. The transfer of the commercial fish pier in Portsmouth shall be completed within 60 days of the effective date of this section and after proper coordination with the city of Portsmouth and the commercial fishing industry lessees of the pier. The transfer of the commercial fish piers in Rye Harbor and Hampton Harbor shall be completed by June 30, 2001 and after a plan is developed by the port authority, the department of resources and economic development, and the long range capital planning and utilization committee to separate the recreational and commercial elements in the use of these facilities. The port authority shall certify to the secretary of state the date that each transfer is completed pursuant to this section.

9 Applicability. The provisions of RSA 271-A:3, VII, as inserted by section 6 of this act shall take effect with respect to each of the commercial fish piers in Portsmouth, Rye Harbor, and Hampton Harbor as the New Hampshire state port authority assumes control of the management, operation, and maintenance of each respective pier pursuant to the provisions of section 8 of this act.

10 Committee to Study Unrefunded Road Tolls.

I. Committee Established. There is established a committee to study unfunded road tolls.

II. Membership and Compensation.

(a) The members of the committee shall be as follows:

(1) Three members of the house of representatives, appointed by the speaker of the house of representatives.

(2) Three members of the senate, appointed by the president of the senate.

(b) Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

III. Duties. The committee shall study unfunded road tolls, including, but not limited to, the calculation, distribution, and uses of unfunded road toll balances.

IV. Chairperson; Quorum. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Four members of the committee shall constitute a quorum.

V. Report. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the senate president, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 2000.

11 Effective Date.

I. Sections 1 and 4 of this act shall take effect July 1, 2000.

II. Section 10 of this act shall take effect upon its passage.

III. The remainder of this act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill:

- I. Changes the dredging projects fund to the harbor dredging and pier maintenance fund.
- II. Establishes a surcharge for boats registered for tidal and coastal waters to be paid into the harbor dredging and pier maintenance fund.
- III. Requires the port authority to set slip fees equal to mooring fees.
- IV. Transfers the commercial fish piers in Portsmouth, Rye Harbor, and Hampton Harbor from the department of resources and economic development to the port authority.
- V. Establishes a committee to study unrefunded road bills.

Adopted.

Report adopted and ordered to third reading.

HB 618-FN-A, establishing a voucher program for smoking cessation and continually appropriating a special fund. **OUGHT TO PASS WITH AMENDMENT**

Rep. Marjorie K. Smith for Finance: This bill establishes a three-year smoking cessation voucher pilot program for persons receiving temporary assistance to needy families. This program is funded at \$150,000 per year from the tobacco use prevention fund. The pilot program will identify those persons on assistance who smoke and will encourage and provide cessation assistance methods not currently covered under medicaid. Future health and financial benefits to the individual and the state can be anticipated. Vote 18-1.

Amendment (2123h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a voucher program for smoking cessation.

Amend the bill by replacing all after the enacting clause with the following:

1 New Chapter; Smoking Cessation Voucher Program. Amend RSA by inserting after chapter 126-M the following new chapter:

CHAPTER 126-N

SMOKING CESSATION VOUCHER PROGRAM

126-N:1 Definitions. In this chapter:

- I. "Commissioner" means the commissioner of the department of health and human services.
- II. "Department" means the department of health and human services.

126-N:2 Program Established; Rulemaking.

I. There is established the smoking cessation program which shall be administered by the department. The department shall make available to persons receiving temporary assistance to needy families, vouchers which may be issued to persons for smoking cessation aids and educational programs. Vouchers shall not be issued for pharmaceuticals which are covered under medicaid.

II. The commissioner shall adopt rules pursuant to RSA 541-A, relative to:

- (a) An application process and manner of distribution of vouchers.
- (b) Authorized smoking cessation aids and educational programs.
- (c) Any other matter necessary to the administration of this chapter.

2 Appropriation. There is hereby appropriated, the sum of \$150,000 for the fiscal year ending June 30, 2001, and \$150,000 for each of fiscal years 2002 and 2003, from the moneys received under RSA 126-K:15, the tobacco use prevention fund.

3 Repeal. RSA 126-N, relative to a smoking cessation voucher program, is repealed.

4 Effective Date.

I. Section 3 of this act shall take effect July 1, 2003.

II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a smoking cessation voucher program to be administered by the department of health and human services and funded from the tobacco use prevention fund.

Adopted.

Report adopted and ordered to third reading.

HB 699-FN-A, establishing the granite state scholars program and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT**

Rep. Charles L. Vaughn for Finance: This bill establishes a scholars program recognizing highly qualified New Hampshire high school graduates. Funds are to be awarded to these students who

pursue degree programs at public colleges and universities in the state. The bill had a general fund appropriation of \$5 million to be matched by private funds. The Finance Committee recognized the benefits of this scholarship program, but reduced the appropriation to \$1 because of state school funding shortfall, thus keeping the idea alive. Vote 20-1.

Amendment (2056h)

Amend the bill by replacing section 3 with the following:

3 Appropriation. The sum of \$1 for the fiscal year ending June 30, 2000, and the sum of \$1 for the fiscal year ending June 30, 2001, are hereby appropriated to the postsecondary education commission for the purposes of this act. The governor is authorized to draw a warrant for said sums out of any money in the treasury not otherwise appropriated.

AMENDED ANALYSIS

This bill establishes the granite state scholars program which recognizes highly qualified high school graduates and provides a state match for private funds raised by public institutions of higher education to be used for incentive grants to granite state scholars pursuing degree programs at public colleges and universities within the state. The bill makes an appropriation of \$1 for the program. Adopted.

Report adopted and ordered to third reading.

HB 735-FN-A, establishing a contributory judicial retirement plan. **INEXPEDIENT TO LEGISLATE** Rep. Margaret A. Lynch for Finance: This bill establishes a contributory judicial defined contribution retirement plan. This is a major change to present policy. While this issue has been under consideration and study for a long period of time, it was acknowledged, even by the sponsors of the bill, that the bill was not ready to be enacted in its present form.

The Finance Committee has a strong interest in investigating this subject matter further and in securing the additional facts and figures impacting changes to the present judicial retirement plan. In an attempt to avoid sending the wrong message to House members (i.e., the present bill is ready for passage) the committee voted Inexpedient to Legislate with the anticipation that a motion to recommit will be offered to the full House membership. Vote 18-6.

Rep. Kurk moved Re-commit to Committee and spoke in favor.

Adopted.

SB 176-FN-A, relative to technology support for individuals and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT**

Rep. Mary Jane Wallner for Finance: The bill as amended establishes a committee to study the NH Assisted Technology Partnership Project. The study is to be completed by April 1, 2000. This project will be losing federal funding in the near future and the study will make recommendations to the legislature as to future direction of this project. Vote 18-0.

Amendment (2124h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to technology support for individuals and establishing a committee to study certain assistive technology services provided statewide.

Amend the bill by replacing all after the enacting clause with the following:

1 Purpose and Intent. The purpose of this legislation is to insure that individuals with disabilities will continue to be supported through assistive technology. In 1988, the federal Technology Related Assistance Act was passed to create systems changes at the state and local level to assist individuals affected by disabilities or the aging process. Since 1991, the New Hampshire Assistive Technology Partnership Project has been committed to impacting change through a partnership with ATECH services, which is a statewide program providing centralized service for assistive technology information, training, and equipment refurbishment and redistribution. Currently, thousands of individuals in New Hampshire have physical, sensory, or cognitive impairments and are able to maximize independence through the benefits of assistive technology information and services. Without this support, more state and local dollars would be spent on nursing home or institutional support. A reduction in federal funding jeopardizes the continuance of the current ATECH programs and this legislation seeks to continue the important work now in progress. The study committee

included in this act shall evaluate the general operations and procedures of ATECH services focusing on the overall effectiveness and integrity of ATECH services statewide to determine the need for continued funding.

2 Committee Established. There is established a committee to study the general operations of ATECH services, a statewide program providing centralized assistive technology services and information.

3 Membership and Compensation.

I. The members of the committee shall be as follows:

- (a) Three members of the house of representatives, appointed by the speaker of the house.
- (b) Three members of the senate, appointed by the president of the senate.

II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

4 Duties. The committee shall study the general operations of ATECH services including, but not limited to, issues related to funding, equipment refurbishment and redistribution procedures, training programs, and other areas of ATECH operations deemed in furtherance of the objectives of the committee.

5 Chairperson; Quorum. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Four members of the committee shall constitute a quorum.

6 Report. The committee shall report its findings and any recommendations for proposed legislation to the senate president, the speaker of the house of representatives, the senate clerk, the house clerk, the governor, and the state library on or before April 1, 2000.

7 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a committee to study the provision of certain statewide assistive technology services and information.

Adopted.

Report adopted and ordered to third reading.

SB 222-FN-A-L, relative to guarantee of loans to local development organizations. **OUGHT TO PASS WITH AMENDMENT**

Rep. David J. Alukonis for Finance: This bill was introduced at the request of the Business Finance Authority (BFA) and the Berlin Economic Development Corporation. The proposal allows for the governor and council to award a state guaranty on BFA-approved loans to local non-profit community development organizations which provide capital for economic development. The bill expands the BFA's scope of guaranties but does not increase the current level of guaranty authority of the BFA. Additionally, the bill does not carry a state appropriation.

At the urging of the BFA, the Finance Committee amendment deletes a section of the bill which was inadvertently included when the bill was drafted. Vote 21-0.

Amendment (2064h)

Amend the bill by deleting section 2 and renumbering the original sections 3-6 to read as 2-5, respectively.

Amend the bill by replacing section 2 with the following:

2 Public Safety and Welfare; Business Finance Authority; Programs for Public Purpose, Required Findings; References Added. Amend the introductory paragraph of RSA 162-A:18, I to read as follows:

I. The authority shall not take any action described in RSA 162-A:7, IV, 162-A:9, III, 162-A:10, IV, or 162-A:12, V, and the governor and council shall not award any guarantee under ***RSA 162-A:7-a***, RSA 162-A:8, ***RSA 162-A:10, III, [or] RSA 162-A:13, or RSA 162-A:13-a*** unless the governor and council have made the following findings:

AMENDED ANALYSIS

This bill establishes state guarantees of loans to local development organizations.

Adopted.

Report adopted and ordered to third reading.

SB 85-FN, including the judiciary as a public employer under the public employee labor relations act. **REFER FOR INTERIM STUDY**

Rep. John M. Pratt for Judiciary: This bill would make it possible for employees of the Judiciary branch of state government to choose whether to unionize and consequently to engage in collective bargaining. The committee believed that the costs and details of such an action were significant and needed to be fleshed out in greater detail before such a bill comes to the floor. Vote 13-5. Adopted.

HB 730-FN, establishing a pilot program for the recording of committee proceedings of the general court. **OUGHT TO PASS WITH AMENDMENT**

Rep. Merton S. Dyer for Legislative Administration: The bill, as amended by the committee, will establish a committee to study audio and/or audio/visual recording of committee meetings. The committee, working with state officials knowledgeable with digital audio or visual recording, will research various methods of recording and will be allowed to rent or lease, for a short time, various electronic devices to see if they will produce a good recording. Various standing committees will be asked to try the equipment in their committee rooms for a very short time. This will be a hands-on, try-it program. Vote 12-0.

Amendment (2197h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a house committee to review methods for recording committee sessions, authorizing a request for proposals, and making an appropriation therefor.

Amend the bill by replacing all after the enacting clause with the following:

1 Findings and Purpose. The general court finds that it is in the best interest of both the public and the legislature to maintain the best possible records of the public proceedings conducted by the legislature. Accurate records provide the public with a means for understanding the work performed by their legislative representatives and are vital in determining legislative intent. The general court recognizes that new developments in digital recording and storage may be the basis for new methods for recording legislative proceedings. In order to determine whether new technologies will improve the recordkeeping of the New Hampshire General Court, it is necessary to establish a research and development program to allow for experimentation with various methods of recording public proceedings.

2 Committee Established. There is established a committee to determine the feasibility of recording legislative proceedings digitally. If such recording is determined to be feasible, the committee is further charged with selecting the appropriate method for making and storing such recordings.

3 Membership; Chairperson; Meetings; Quorum. The speaker of the house of representatives shall appoint 5 members of the house to serve on the committee. The members of the committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Three members of the committee shall constitute a quorum.

4 Duties; Request for Proposals.

I. The committee shall issue a request for proposals to companies that manufacture digital recording equipment. The committee shall select 3 to 5 proposals for recording and storing the records of legislative proceedings. The committee shall have the authority to lease or rent the appropriate equipment and the selected options shall be used to record house committee proceedings on a temporary basis. House standing committee chairpersons shall be asked to participate in the trial recording program and to assist the committee in assessing the equipment tested. The committee shall consult representatives from the office of the general court information systems, the division of information technology management, the records management and archives division of the department of state, and industry representatives in the development of the trial recording program.

II. If a digital recording program is determined to be feasible, the committee shall select the appropriate method for making and storing such recordings.

5 Report. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the senate president, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 2000.

6 Appropriation. There is hereby appropriated the sum of \$1,500 from the general fund for the purposes of leasing or renting digital recording equipment on a trial basis. These funds shall

not be used to hire consultants. The governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise appropriated.

7 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a house committee to determine the feasibility of recording legislative proceedings digitally, and to issue a request for proposals to begin a trial recording program of certain house committee proceedings. The bill makes an appropriation for the purpose of leasing or renting equipment.

Adopted.

Report adopted and ordered to third reading.

HB 507-L, relative to the taxability of certain appurtenant land to a taxable building. INEXPEDIENT TO LEGISLATE

Rep. Roger T. Zerba for Municipal and County Government: For private colleges and boarding schools, buildings used for dormitories, dining rooms and kitchens are taxed on their value in excess of \$150,000. This value was established in 1907; it excludes the land upon which the building(s) sit. Currently, there are 21 such institutions that pay these annually. HB 507 seeks to tax that land underneath the buildings used for dormitories, dining rooms and kitchens. None of the host cities or towns of those educational institutions expressed any concerns with the current taxation law to the committee. In fact, the committee was advised that excellent relationships exist between these institutions and their host towns. A majority of the committee concurred that the existing taxation method is agreeable and acceptable to both sides, and thus voted 12-4 to recommend this. Vote 12-4.

Adopted.

HB 86-A, making a capital appropriation for renovation of the Sawyer House at the Daniel Webster Birthplace in the city of Franklin. OUGHT TO PASS WITH AMENDMENT

Rep. James A. Whittemore for Public Works and Highways: The full Committee on Public Works and Highways voted unanimously to support the renovation and preservation of the Daniel Webster Birthplace buildings in Franklin. By renovating the Sawyer House this will make it possible for caretakers to live there and provide supervision of the property for school children and tourists who visit this state historic site. The funding in the amendment is one third private and two thirds from the Conservation Plate Trust Fund under RSA 261:97-6. Vote 16-0.

Amendment (2082h)

Amend the title of the bill by replacing it with the following:

AN ACT making an appropriation for renovation of the Sawyer House at the Daniel Webster Birthplace in the city of Franklin.

Amend the bill by replacing all after the enacting clause with the following:

1 Appropriation; Department of Resources and Economic Development; Renovation of Sawyer House.

I. The sum of \$105,180 is appropriated to the department of resources and economic development for the biennium ending June 30, 2001, for the purpose of renovating the Sawyer House for year-round use. The Sawyer House is located at the Daniel Webster Birthplace in the city of Franklin.

II. The sum appropriated to the department of resources and economic development in paragraph I shall be nonlapsing. The source of funds for the sum appropriated shall be as follows:

(a) \$75,000 from the funds distributed to the department of resources and economic development from the conservation plate trust fund under RSA 261:97-b.

(b) \$30,180 from public and private donations made to the state for purposes of renovation of historic properties.

2 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill makes an appropriation to the department of resources and economic development for renovation of the Sawyer House as a year-round residence. The Sawyer House is located at the Daniel Webster Birthplace in the city of Franklin.

Adopted.

Report adopted and referred to Finance.

HB 305-A, making a capital appropriation to the department of administrative services for the construction of the new Jaffrey-Peterborough district courthouse. **OUGHT TO PASS WITH AMENDMENT**

Rep. Richard F. Ahern for Public Works and Highways: This bill provides a lease purchase between Cheshire County (bonding agency) and the state for a new district court house serving the Jaffrey and Peterborough District Court. The current facility is in an old manufacturing building leased at a cost of \$48,000 per year. The land for the new court is being donated by a private family with a four-year time limit for construction of a court facility expiring in 2001. So if the state does not act soon, the donors may rescind their gift. This gift weighed very heavily in committee deliberations. This is the first priority solely for a district court from the judicial branch. The design is generic and as such would cost less to construct. This project has been ongoing for more than 12 years. The donation of the land moved the project along and then Cheshire County agreeing to bond the project helped the forward progress. The town has done environmental tests and engineering studies at its own expense so everything would be ready when the state was ready. Now seems to be the correct time. Vote 15-1.

Amendment (2126h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to a lease-purchase agreement between Cheshire county and the state for construction of a new district courthouse to be located in the town of Jaffrey.

Amend the bill by replacing all after the enacting clause with the following:

1 Cheshire County; Department of Administrative Services; Lease-Purchase Agreement for Construction of District Courthouse Authorized.

I. The department of administrative services and Cheshire county are authorized to enter into a lease-purchase agreement for the construction of a new district courthouse to be located in the town of Jaffrey in Cheshire county.

II. If Cheshire county and the department of administrative services enter into such an agreement, the county shall issue bonds in an amount up to \$2,600,000 to pay the costs of construction of the courthouse. No portion of this bond issue shall be used to fund any project other than the courthouse. The bonds shall be 20-year bonds.

III. Cheshire county shall lease the building to the state. The lease-purchase agreement shall include a requirement that the state pay the annual amortization charges, meaning principal and interest, on the original costs resulting from the construction of the courthouse from the general fund. The term "original costs", as used in this section, shall mean the entire cost of the construction of the courthouse. When all amortization charges have been paid by the state, the state shall be deemed to have purchased the courthouse.

2 Effective Date. This act shall take effect July 1, 2000.

AMENDED ANALYSIS

This bill authorizes a lease purchase agreement between Cheshire county and the state for construction of a new district courthouse to be located in the town of Jaffrey.

Adopted.

Report adopted and referred to Finance.

HB 413-FN-A, relative to the renovation of regional vocational education centers, and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT**

Rep. William E. Leber for Public Works and Highways: In the early 70s, funds for regional vocational schools were approved and with one exception all were built. Now 25+ years later, most of these schools need upgrading or replacement. Some schools have made upgrades with their own funds while others need to start from scratch. To a member all could see the benefit from those facilities, however larger capital expenditures outside of the capital budget are difficult. We are talking in dollar terms of \$6+ million and over time could reach in excess of \$100 million. The committee amendment directs the Commissioner of the Department of Education to submit capital budget request and priority list of facilities and programs eligible for funds. It also provides 75 percent state and 25 percent local funding. This solution allows the regional vocational schools to be eligible for funding on a regular basis not requiring special consideration. Vote 15-2.

Amendment (2137h)

Amend the bill by replacing all after the enacting clause with the following:

1 Regional Vocational Education; Appropriation for Renovation and Expansion; Approval and Funding. RSA 188-E:10 is repealed and reenacted to read as follows:

188-E:10 Appropriation for Renovation and Expansion.

I. The treasurer of the state of New Hampshire is hereby authorized to make funds available to the department of education for the renovation and expansion of regional vocational education centers or regional vocational education programs provided that:

(a) The commissioner of the department of education submits on a biennial basis in a capital budget request a priority list of facilities and programs eligible for renovation and expansion;

(b) Each request for funding follows the capital budget procedure which includes capital budget overview committee approval for each project;

(c) Each school district requesting funds from the department of education establishes and funds a renovation and expansion reserve fund, which shall be used by the school district to pay renovation and expansion costs not funded by the state, and which may include funding for the replacement of equipment; and

(d) The state provides no more than 75 percent of the funding for projects approved pursuant to this paragraph.

II. The renovation and expansion reserve funding required by subparagraph I(c) may be funded through local community funds, vocational education tuition payments, gifts, contributions, and bequests of unrestricted funds from individuals, foundations, corporations, organizations, or institutions.

2 Applicability; Funding Limitation. Any regional vocational education center or regional vocational education program which received approval from the state board of education for initial construction before July 1, 1997 and which has not commenced construction prior to the effective date of this act shall be exempt from the funding requirements of RSA 188-E:10, I(c). This exemption shall not apply to any other cost-sharing requirements of RSA 188-E or rules of the department of education.

3 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes requirements for state funding of renovation and expansion of regional vocational education centers and regional vocational education programs.

Adopted.

Report adopted and referred to Finance.

SB 178-FN-A, relative to appropriations to the port authority for dredging projects. **OUGHT TO PASS WITH AMENDMENT**

Rep. William E. Leber for Public Works and Highways: The original bill would amend a previous appropriation to the Port Authority for improvements to permit up to \$1 million for dredging and associated mitigation projects. The committee amendment identifies specific projects needed in harbor and port operations. The committee received information that the federal government will not issue any more wetlands permits until the \$400,000 hydrodynamic study of Hampton and Seabrook harbors and waterways is done. This affects both public and private (homeowners within the area) projects. The committee felt that it was very important to proceed with this project so that things would not come to a complete standstill in the area. The other part of the bill deals with improvements to the fishing piers that may be transferred to the Port Authority for \$600,000. Vote 16-0.

Amendment (2191h)

Amend the bill by replacing all after the enacting clause with the following:

1 1991 Appropriation; Port Authority; Dredging Projects Added. Amend 1991, 351:5, as amended by 1992, 260:20 and 1994, 204:1 to read as follows:

351:5 Appropriation; Port Authority. The expansion of the Port of Portsmouth funded in this section shall include an 11-acre expansion of the north yard of the port, [and] the construction of a 750-foot pier, *dredging projects including associated mitigation to maintain channels and harbor, a hydrodynamic study of Hampton and Seabrook, and renovation of any commercial fish piers that may be transferred to the port authority*. The sums hereinafter detailed are hereby appropriated for the project specified:

A. Port of Portsmouth Expansion	\$18,300,000
Total state appropriation section 5	\$18,300,000

(The funds appropriated in subparagraph A for the Port of Portsmouth expansion shall not be expended, encumbered, or obligated in any way unless an action plan, which shall include construction documents, prepared by the New Hampshire Port Authority shall be approved by the capital budget overview committee, the fiscal committee, and the governor and council. \$1,500,000 of the total amount appropriated herein is hereby released for the purpose of final design and bid documents. \$1,800,000 of the total amount appropriated is designated for wetland mitigation. ***\$400,000 of the total amount appropriated is designated for the Hampton-Seabrook hydrodynamic study.*** The remaining [~~\$15,000,000~~] ***\$14,600,000*** is designated for construction, ***renovation and dredging projects including associated mitigation.*** This appropriation shall be nonlapsing until the project is completed. ***The New Hampshire Port Authority shall not encumber, obligate, or expend any funds from this appropriation for renovation or dredging projects without the prior approval of the capital budget overview committee. The total amount that may be expended for renovation and dredging projects including associated mitigation shall not exceed a total of \$1,000,000.***)

2 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill makes certain money appropriated to the New Hampshire port authority available for dredging projects including associated mitigation, a hydrodynamic study of Hampton and Seabrook, and renovation of any commercial fish piers that may be transferred to the port authority. Adopted.

Report adopted and referred to Finance.

HB 580-FN-A-L, creating a new tourism district and making an appropriation therefor. OUGHT TO PASS WITH AMENDMENT

Rep. MaryAnn N. Blanchard for Resources, Recreation and Development: This bill, as amended, would enable the Commissioner of the Department of Resources and Economic Development, for one time only (during the biennium ending June 30, 2001), to award from the Joint Promotional Program funded at \$600,000, a grant of up to \$25,000 to an organization whose purpose is to promote tourism in the Connecticut River area. The grantee shall coordinate its marketing efforts with existing tourism organizations in New Hampshire, Vermont and communities along the river. This bill does not create a new tourism district; rather, it is to provide an incentive to Connecticut River organizations to develop real initiatives for marketing their area. This bill does not create any ongoing entitlement to Joint Promotional Program funds for the Connecticut River area. Future projects for the Connecticut River area would go through the screening committee on the same competitive footing as other applicants from around this state. Vote 12-2.

Amendment (2152h)

Amend the title of the bill by replacing it with the following:

AN ACT authorizing a grant from funds appropriated to the joint promotional program for the purpose of marketing the Connecticut river area as a travel and tourism destination.

Amend the bill by replacing all after the enacting clause with the following:

1 Department of Resources and Economic Development; Joint Promotional Program; Grant for Marketing of Connecticut River Area.

I. Notwithstanding RSA 12-A:1-e, the commissioner of resources and economic development may award, in the form of a grant, a sum of up to \$25,000 during the biennium ending June 30, 2001 from funds appropriated to the joint promotional program to an organization whose purpose is promoting tourism in the Connecticut river area. The commissioner may develop written guidelines or requirements for grant applicants that are consistent with the provisions of this act.

II. The grantee shall be either not-for-profit or community-based, and shall have as its primary mission the marketing of the Connecticut river area. Prior to receiving the grant, the grantee shall demonstrate to the commissioner a strong capacity to sustain its activities, accomplish its mission, and coordinate disparate promotional efforts.

III. The grantee shall coordinate its marketing efforts with those of existing tourism organizations, the states of New Hampshire and Vermont, and the communities along the Connecticut river. The grantee's marketing efforts shall include the promotion of future Connecticut river valley development and travel initiatives, such as the reintroduction of excursion rail.

2 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill authorizes the commissioner of resources and economic development to award a grant from funds appropriated to the joint promotional program to an organization whose purpose is promoting tourism in the Connecticut river area.

Adopted.

Report adopted and referred to Finance.

SB 135-FN, relative to water supply land protection grants. OUGHT TO PASS WITH AMENDMENT

Rep. H. Charles Royce for Resources, Recreation and Development: Senate Bill 135-FN, as amended, develops a grant program with the Department of Environmental Services for not-for-profit water supply companies and municipal drinking water systems to acquire land over and adjacent to their water supplies. The state may grant up to 25 percent of the water supply land acquisition costs. Land could be acquired by the grantee through conservation easements, gifts or fee simple purchases with willing donors or sellers. Towns or cities will be responsible for the stewardship of lands acquired by reporting annually to the Department of Environmental Systems. A provision of this bill requires the Department to report biannually to the Legislature, listing all land and land rights acquired under this program and also expenditures for each land stewardship activity. This insight will be helpful if modifications are necessary in future years. Following New Hampshire tradition, land protection through this bill is voluntary and it provides strong incentives to encourage cities and towns to protect their water resources in a cost-share program. Vote 14-0.

Amendment (2142h)

Amend the bill by replacing all after the enacting clause with the following:

1 Water Management and Protection; Aid to Public Water Systems; Water Supply Land Protection Grants Added. Amend RSA 486-A:1-8 to read as follows:

486-A:1 Purpose. The purpose of this chapter is to provide a state contribution to aid all public water systems in achieving compliance with the requirements of the surface water treatment rules of the federal Safe Drinking Water Act *and to protect sources of public drinking water that serve community or non-transient non-community water systems and associated natural resources through the acquisition of land or conservation easements within source water protection areas.*

486-A:2 Definitions. In this chapter:

I. "Construction" means:

(a) The installation or building of:

(1) new wells or well buildings; or

(2) filtration systems and associated pump stations, pump equipment, chemical treatment systems, telemetry and metering equipment, and storage tanks; and

(3) distribution mains and valves needed to interconnect the new wells or filtration system to the existing system as may be required by the department and the EPA.

(b) Altering, improving or adding to existing water treatment or water source, storage or transmission main facilities in order to meet the requirements of the surface water treatment rules.

(c) Engineering services related to the activities identified under this paragraph.

I-a. "Community water system" means a community water system as defined in RSA 485:1-a, I.

II. "Department" means the department of environmental services.

III. "Eligible *surface water treatment* costs" means the actual cost of construction and related services necessary for a municipality to comply with the surface water treatment rules of the department of environmental services and the EPA, but shall not include the following:

(a) Land acquisition, except for land which shall be an integral part of a well system or filtration system;

(b) Easements and rights-of-way necessary to the project;

(c) Distribution systems and any improvement thereto not necessary for the municipality to achieve compliance with the surface water treatment rules; and

(d) Any administrative, legal, and fiscal costs related to the project.

III-a. "Eligible water supply land protection costs" means the actual cost of permanently conserving substantially undeveloped land within one or more source water protection areas for active or proposed sources of public drinking water supplying a community or non-transient non-community water system, including the cost of land or conservation easement acquisition and associated legal and transaction costs.

IV. "EPA" means the United States Environmental Protection Agency.

V. "Non-transient non-community water system" means a non-transient non-community water system as defined in RSA 485:1-a, XI.

VI. "Source water protection area" means the area around a source of public drinking water, such as a well or surface water intake, through which water is likely to flow towards the source.

VII. "Stewardship" means ongoing surveillance of water supply protection land acquired pursuant to this chapter to ensure that the conservation intent is maintained.

VIII. "Water supply land protection grantee" means an entity that receives a water supply land protection grant to acquire and maintain in perpetuity land or easements for the purpose of protecting a drinking water source. A water supply land protection grantee shall be a non-profit organization exempt from taxation under section 501(c)(3) of the Internal Revenue Code and having public water supply as its principal mission or a municipality.

486-A:3 State Contribution; *Surface Water Treatment Costs; Water Supply Land Protection Costs*.

I.(a) Any public water system which is or was required, beginning in 1986, to achieve compliance with the surface water treatment rules of the EPA or the rules of the New Hampshire department of environmental services adopted to implement the federal Safe Drinking Water Act amendments of 1986 shall be eligible for a state contribution. As its contribution, the state shall pay 20 percent of the annual amortization charges, meaning the principal and interest, on the eligible *surface water treatment* costs resulting from the construction of new wells or a filtration system to meet the requirements of the surface water treatment rules.

[H-] (b) To be eligible under ~~[this chapter]~~ **RSA 486-A:3, I(a)**, construction shall be necessary in order for the public water system to comply with the surface water treatment rules of the department or the EPA, or both. Plans for construction shall be approved in accordance with the provisions of RSA 485:8.

II. The state may pay up to 25 percent of the eligible water supply land protection costs.

486-A:4 Additional State Contribution.

I. In addition to any other state contribution provided in this chapter, the commissioner of the department ~~[of environmental services]~~, with the approval from the governor and council, may, upon review of plans submitted by a public water system and within the limits of available appropriations, pay 10 percent of the annual amortization charges, meaning principal and interest, on the eligible *surface water treatment* costs resulting from the installation and construction of water supply facilities required by the surface water treatment rules of the Safe Drinking Water Act.

II. This additional contribution may be provided when such installation or construction will result in user fees that are 20 percent above the statewide average for residential customers.

486-A:5 Equitable Allocation of Costs. The department shall not approve any contribution *for surface water treatment* under this chapter unless it shall first have determined that the applicant:

I. Has adopted or will adopt a system of charges to assure that each recipient of water service within the applicant's jurisdiction, as determined by the department, will pay ~~[his]~~ *its* proportionate share of the costs of operation and maintenance, including replacement, of water services provided by the applicant.

II. Has legal, institutional, managerial, and financial capability to ensure adequate construction, operation, and maintenance of water works throughout the applicant's jurisdiction.

486-A:6 Application for Funding. Application for payments under the provisions of this chapter shall be made in accordance with rules adopted by the commissioner under RSA 541-A, and, *for surface water treatment projects*, shall be based upon reports filed with the commissioner prior to January 31, in the calendar year for which payment is being requested.

486-A:7 Applicant Agreement.

I. Applications for state grants ~~[under this chapter]~~ *for surface water treatment* shall contain an agreement that the applicant:

[F-] (a) Has installed the water works facilities in accordance with the plans and specifications approved by the department;

[H-] (b) Will provide proper and efficient operation and maintenance of facilities;

[H-] (c) Agrees that failure to install the facilities in accordance with the approved plans and specifications or to provide proper and efficient operation and maintenance of such facilities shall result in loss of payments of the annual grant installment next following such failure. The loss of payment of the annual grant installment shall continue in effect until such time as the applicant has completed the steps necessary to install the facilities in accordance with plans and specifications approved by the department, or made provisions for proper and efficient operation and maintenance of the facilities in accordance with department instructions or both.

II. Applications for water supply land protection grants shall contain a statement that the applicant shall comply with the following conditions:

(a) *The applicant shall purchase the land or conservation easement from a willing seller, and the purchase shall include only land within the source water protection area of an active or proposed public drinking water source supplying a community or non-transient non-community water system or only small portions of land beyond the source water protection area under circumstances which make subdivision impractical;*

(b) *The land or conservation easement shall be owned, in perpetuity, by a water supply land protection grantee;*

(c) *The land shall be maintained in perpetuity to protect the drinking water source and no land use or development shall occur that would diminish the quantity or quality of the drinking water;*

(d) *The land, if purchased in fee simple, shall not be posted to prohibit hiking, hunting, and fishing, unless the department deems such posting necessary to protect the associated water supply or other natural resources;*

(e) *The applicant shall provide required stewardship and submit annual stewardship reports to the department.*

486-A:8 Priority of Applications.

I. For surface water treatment projects, the department [~~of environmental services~~] shall establish and maintain a priority list of projects eligible to receive grants under RSA 486-A:3. The priority list shall include the highest priority projects ready for construction and anticipated to receive grants from appropriated funds within the next fiscal year. [~~The commissioner or designee shall hold an annual public hearing to receive testimony on the projects recommended by the department to receive grants in the next fiscal year. After considering the testimony offered at the hearing, the commissioner shall finalize the priority list for the next fiscal year, and project assistance shall be granted accordingly.~~] The list required by this section shall not be considered rules subject to the provisions of RSA 541-A.

II. For water supply land protection projects, the department shall prioritize projects in accordance with rules established under RSA 486-A:11. Prioritization factors shall include, but not be limited to:

(a) *Distance from and relation to the drinking water source.*

(b) *Size of the area proposed for protection relative to the size of the source water protection area.*

(c) *Natural resource values, including wetlands, habitat protection, and recreational uses.*

(d) *Current protection status of the source water protection area.*

(e) *Ability of the applicant to pay for water supply land protection.*

2 New Section; Public Notice. Amend RSA 486-A by inserting after section 8 the following new section:

486-A:8-a Public Notice.

I. For surface water treatment projects, the commissioner of environmental services or designee shall hold an annual public hearing to receive testimony on the projects recommended by the department, in accordance with RSA 486-A:8, to receive grants in the next fiscal year. After considering the testimony offered at the hearing, the commissioner shall finalize the priority list for the next fiscal year, and project assistance shall be granted accordingly.

II. The department shall provide notice by certified mail to the municipality in which the land is located of each water supply land protection project recommended by the department, in accor-

dance with RSA 486-A:8, to receive a grant, and shall wait 20 days for a hearing request. Upon request of the governing body of the municipality in which the land is located, the commissioner of environmental services or designee shall hold a public hearing to receive testimony on any project recommended to receive a grant. The department shall provide notice of any such hearing at least 30 days prior to the hearing by notices posted in at least one public place in the municipality and in at least 2 newspapers of general circulation in the region, and by certified mail to the governing body of the municipality. After considering the testimony offered at all of the public hearings requested for that year's recommended projects, the commissioner shall finalize the priority list for the next fiscal year, and project assistance shall be granted accordingly. If no hearing is requested, the department shall select projects for funding without a public hearing.

3 Administration. Amend RSA 486-A:9 to read as follows:

486-A:9 Administration.

I. The department shall perform the following functions related to the administration of the provisions of this chapter *applicable to surface water treatment*:

[F:] (a) Assist public water systems to:

[F:] (1) Develop an acceptable grant application for funding under RSA 486-A.

[F:] (2) Conduct pre-construction conferences.

[H:] (b) Review the defined project and confirm that it meets the surface water treatment rule requirements of the state of New Hampshire and the EPA in accordance with the requirements of 40 [CFR-Subpart H] *C.F.R., part 141, subpart H*.

[H:] (c) Review and approve preliminary and final facilities' plans for the defined project.

[H:] (d) Review construction plans and specifications in accordance with RSA 485:8.

[V:] (e) Process grant applications for state approval.

[V:] (f) Approve construction plans and specifications and issue authorizations to advertise contracts for bids.

[VH:] (g) Review and approve any revisions to plans and specifications prior to formal advertisement by the public water system.

[VH:] (h) Review and approve formal addenda to plans and specifications during the formal advertising process.

[X:] (i) Review bid documentation to establish the low responsive and responsible bidder.

[X:] (j) Issue authorization to award the construction contract to the lowest responsive and responsible bidder.

[X:] (k) Perform periodic site inspections to ensure compliance with executed construction contract documents.

[XH:] (l) Review and approve operation and maintenance manuals.

[XH:] (m) Review and approve change orders during the construction period.

[XIV:] (n) Review all invoices related to the project submitted to the grantee on a monthly basis.

[XV:] (o) Conduct a final inspection of completed facilities and certify substantial completion.

[XV:] (p) Based upon a satisfactory final project inspection, review and approve final eligible *surface water treatment* costs and authorize release of retainage.

II. The department shall perform the following functions related to the administration of this chapter *applicable to water supply land protection grants*:

(a) Assist applicants with water supply land protection grant applications.

(b) Review defined projects and confirm that they meet eligibility criteria.

(c) Prioritize projects in accordance with the procedures established under RSA 486-A:8.

(d) Select projects for funding and administer grant funds.

(e) Review all invoices related to the project submitted to the department by the grantee.

(f) Prepare a biennial activity report listing all land and land rights acquired under this program, the expenditure for each acquisition, and stewardship activities; copies of the report shall be forwarded to the speaker of the house of representatives, to the senate president, to the governor and council, and to the chairpersons of the senate environment and the house resources recreation, and development committees.

4 New Sections; Water Supply Land Protection Grants. Amend RSA 486 by inserting after section 10 the following new sections:

486-A:11 Rulemaking. The department shall adopt rules, pursuant to RSA 541-A, relative to providing water supply land protection grants. Such rules shall include, but not be limited to:

- I. Appraiser and surveyor standards.
- II. Eligibility determination criteria and procedures.
- III. Application requirements and procedures.
- IV. Project selection and prioritization requirements and procedures.
- V. Stewardship requirements and procedures, including annual reporting to the department by the grantee.

486-A:12 Water Supply Land Protection Grant Match. The percent match supplied by the water supply land protection grantee for water supply land protection projects shall consist of cash, expenses necessary to complete the transaction including associated legal and transaction costs, donations of source water protection lands or conservation easements assessed at fair market value and protected in perpetuity, or a combination of cash, transaction expenses, and such donations. Gifts of land and interests in land must be held by a water supply land protection grantee.

486-A:13 Public Trust.

I. The lands and interests in lands acquired by the state or other public entity with a water supply land protection grant under this chapter shall be held in public trust and used and applied for the purposes of this chapter. Notwithstanding any other provision of law relating to the disposal of publicly-owned real estate, no deviation in the uses of any land or interest in land so acquired to uses or purposes not consistent with the purposes of this chapter shall be permitted. The sale, transfer, conveyance, or release of any such land or interest in land from public trust is prohibited except when the conditions of RSA 486-A:13, II or III are met.

II. Land may be released from public trust in order to be converted to another use if:

- (a) The municipality, holding title to the land or conservation easement proposed for release from the program, votes in favor of such a release by a two-thirds vote its legislative body;
- (b) A public hearing is held prior to the municipal vote, after the municipality provides notice of such hearing at least 30 days prior to the hearing by notices sent to the department, notices posted in at least one public place in the municipality, certified notice to any other municipality whose water supply might be affected by the proposed release, and notices in at least 2 newspapers of general circulation in the region;
- (c) All other municipalities using the water supply protected by the land or conservation easement vote to release the land by a two-thirds vote of their legislative bodies and after holding a public hearing noticed according to the procedures set forth in subparagraph (b);
- (d) The land proposed for release from the program will be publicly owned after its release from the program; and
- (e) The municipality proposing to release the land or conservation easement from the program repays the department the amount of the water supply land protection grant plus interest compounded annually at the rate of 10 percent, which repayment shall be used by the department to further the water supply land protection purposes of this chapter.

III. Land may be released from public trust due to termination of use if:

- (a) The grantee has successfully demonstrated to the department that the source of drinking water that the land or conservation easement is intended to protect is not and will not be viable due to the inability to remediate contamination or to provide treatment which improves water quality so that it is suitable for human consumption; and
- (b) The municipality voting to release the land or conservation easement from the program repays the department the amount of the water supply land protection grant plus interest compounded annually at the rate of 3.5 percent, which repayment shall be used by the department to further the water supply land protection purposes of this chapter.

486-A:14 Administrative Fines.

I. The commissioner of the department, after notice and hearing pursuant to RSA 541-A, may impose an administrative fine not to exceed \$500 for each offense upon any person who violates the reporting requirement of RSA 486-A:7, II(c). Rehearings and appeals from a decision of the commissioner under this paragraph shall be in accordance with RSA 541. The commissioner shall adopt rules, under RSA 541-A, relative to procedures for notice and hearing prior to the imposition of an administrative fine.

II. The proceeds of administrative fines levied pursuant to paragraph I shall be used by the department to further the water supply land protection purposes of this chapter.

5 Applicability. The department of environmental services shall not award any water supply land protection grants prior to adopting rules under RSA 486-A:11, as inserted by section 4 of this act.

6 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a water supply land protection grant program to assist in the acquisition of land and easements for the purpose of protecting drinking water sources.

Adopted.

Report adopted and referred to Finance.

HB 304, relative to the confidentiality of criminal history records checks. **OUGHT TO PASS WITH AMENDMENT**

Rep. Brien L. Ward for Education: The amendment replaces the bill and streamlines the process of a criminal history check for school personnel. This bill, as amended, increases the offense that an individual, if convicted of specific violations or attempted violations, would be prohibited from being employed by or volunteering in a New Hampshire school district. The bill also designates the Division of State Police as the sole repository for criminal records required for educational hiring procedures. The State Police shall be required to notify the State Department of Education if any applicant for hire or volunteer has been convicted of any of the enumerated offenses. The school district is required to destroy within 30 days any criminal history record information that indicates a criminal record. Vote 18-0.

MOTION TO SPECIAL ORDER

Rep. O'Hearn moved that **HB 304**, relative to the confidentiality of criminal history records checks, be made a Special Order for Thursday, January 6, 2000 in the regular calendar order.

Adopted.

REGULAR CALENDAR (CONT'D.)

HB 505-FN, establishing a special license plate for veterans. **INEXPEDIENT TO LEGISLATE**
Rep. John W. Flanders, Sr. for Transportation: The majority of the Transportation Committee felt that the financial goals of this bill would not be met. The subcommittee met with and spoke to many veterans who were opposed to this legislation and would not participate in the program. The sponsors of this bill were notified and did not attend the subcommittee meetings. The language of the bill in regards to cost was vague. It is questionable that this bill would meet its financial goals thereby raising the issue of creating a possible financial loss for the state. Vote 12-1.

Rep. John Flanders moved Re-commit to Committee and spoke in favor.

Adopted.

RESOLUTION

Rep. Chandler offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Thursday, January 6, 2000 at 1:30 p.m.

Adopted.

LATE SESSION

Third reading and final passage

SB 162, providing for the licensure and regulatory oversight of voluntary small employer health insurance purchasing alliances.

HB 254-L, establishing a committee to study building inspector liability and other related matters.

HB 312, relative to the carrying of firearms in courthouses.

HB 522, relative to the public's access to sex offender registry information.

HB 683-FN, requiring teachers and school administrators to report incidents of disruptive behavior by students.

SB 29-L, relative to the proper sheltering of dogs.

HB 273-FN-L, establishing a school building aid oversight committee.

HB 246, relative to personnel transfers at the department of safety.

HB 630-FN-L, relative to the Skyhaven airport transfer plan.

HB 568, establishing a program for performance evaluations of judges.

HB 226-L, establishing municipality bond payment schedules and percentages.

HB 521-L, allowing municipalities that have adopted the municipal budget act to override the 10 percent limitation on exceeding appropriations recommended by the budget committee.

HB 569, relative to the tax credit for service-connected total disability.

SB 86, relative to enforcement of the collection and payment of county taxes by the county treasurer.

SB 89-L, relative to library trustees.

HB 407, establishing a committee to study unsolicited commercial telephone solicitation calls.

HB 514-L, relative to change of school assignment and transfers of public school pupils.

HB 279-FN-A, relative to refinancing the cost and rehabilitation of the Cheshire Bridge.

HB 297-FN, permitting a jury trial in the superior court for alleged violations of the state law against discrimination for a certain time period or with the written assent of the commission for human rights after an action has been filed with the commission.

HB 617-FN-A-L, relative to funding and monitoring seacoast harbor issues.

HB 618-FN-A, establishing a voucher program for smoking cessation.

HB 699-FN-A, establishing the granite state scholars program and making an appropriation therefor.

SB 176-FN-A, relative to technology support for individuals and making an appropriation therefor.

SB 222-FN-A-L, relative to guarantee of loans to local development organizations.

HB 730-FN, establishing a house committee to review methods for recording committee sessions, authorizing a request for proposals, and making an appropriation therefor.

UNANIMOUS CONSENT

Rep. Weyler addressed the House.

RECESS MOTION

Rep. Chandler moved that the House stand in recess for the purpose of introduction of bills, receiving Senate messages, enrolled bill amendments and enrolled bill reports only.

Adopted.

The House recessed at 3:20 p.m.

RECESS

(Speaker Sytek in the Chair)

Rep. Lozeau moved that the House adjourn.

Adopted.

HOUSE JOURNAL No. 2

Thursday, January 6, 2000

The House assembled at 1:30 p.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Her Excellency, Governor Jeanne Shaheen, joined the Speaker on the rostrum for the day's opening ceremonies.

Prayer was offered by Guest Chaplain, Reverend Hays M. Junkin, Rector of Saint Andrew's Episcopal Church in Hopkinton.

O God, Creator of all that is, seen and unseen, by the leading of a star You manifested love to all the peoples of the earth, lead us, by this light, as we give thanks for those people in our community who are true lights of Your love. May Your presence be with any among us who are in special need or distress. Guide the work done in this hallowed chamber today. And may our decisions work only to increase the light in which we find true community, freedom and peace. Amen.

Rep. Carol Moore led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. Carlson, Patricia Cote, Curran, Dalrymple, Franks, Goulet, Hawkinson, James Johnson, Jane Kelley, Lefebvre, Lovejoy, Lynott, Merrill, Moran, Moriarty, Nichols, Perkins, Searles, Shultis and Stone, the day, illness.

Reps. Borisov, Crosby, DeChane, Eaton, David Flanders, Ham, LaMott, Lundborn, McDonough-Wallace, Nolan-Piteri, Dean Ouellette, John Pratt, Priestley, Salatiello, Solow, Tsiros, Vincent, Williams and Woodward, the day, important business.

Reps. Haettenschwiller and Tate, the day, death in the family.

INTRODUCTION OF GUESTS

Elissa and Emily Arndt, daughters of Rep. Arndt. Dana Spang, guest of Rep. Spang. Raymond and Sandra Hill, guests of Rep. Herman. Dave MacLaughlin, guest of Rep. Withee. Fred Walsh, guest of Rep. Asplund.

REGULAR CALENDAR

HB 628, relative to the relocation of the principal residence of a child. **OUGHT TO PASS WITH AMENDMENT**

Rep. Edward P. Moran for Children and Family Law: This bill simply requires that the issue of relocation be addressed in the final divorce decree and that the standard is in the best interest of the child. Vote 16-1.

Amendment (2060h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Relocation of the Principal Residence of a Minor Child. Amend RSA 458:17 by inserting after paragraph VI the following new paragraph:

VI-a. (a) In cases involving one or more minor children, the final decree of divorce shall address the subject of the possible future relocation of the principal residence of such minor children.

(b) No permanent stipulation shall be approved unless it addresses the subject of the possible future relocation of the principal residence of any minor children involved.

(c) The court may approve the relocation of the principal residence of a minor child if the court determines that such relocation would be in the best interest of such minor child or children. In making its determination, the court shall consider the following factors:

(1) The age of each child involved.

(2) The developmental maturity and needs of each child.

(3) The possible impact that relocation may have on the physical, educational, emotional, and developmental well-being of the child or children, taking into consideration the nature of the relationship of the child to each parent and any special needs that the child may have.

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill establishes criteria governing the relocation of the principal residence of a child.

Adopted.

Rep. McIntyre offered a floor amendment.

Floor Amendment (3013h)

Amend RSA 458:17, VI-a as inserted by section 1 of the bill by inserting after subparagraph (c) the following new subparagraph:

(d) In cases where there has been a finding under RSA 173-B in which a court has issued an order for temporary relief pursuant to RSA 173-B:4, or an order for permanent relief pursuant to RSA 173-B:5, no relocation information relative to the principal residence of a minor child shall be disclosed in any permanent stipulation or final decree of divorce.

Rep. McIntyre spoke in favor.

Rep. Bickford spoke against and yielded to questions.

Rep. Dowling spoke against.

The floor amendment failed.

Report adopted and ordered to third reading.

REMARKS

Gary Bauer, Republican candidate for President, addressed the House.

REGULAR CALENDAR (CONT'D.)

HB 693-FN, limiting access to certain business records. REFER FOR INTERIM STUDY

Rep. Stephen G. Avery for Commerce: This is a bill the committee wants to keep on the table to help prevent harassment from out-of-state tax departments on New Hampshire businesses. New legislation will be introduced next session to create a regional compact to take care of the problem.

Vote 16-1.

Adopted.

SB 52, requiring insurance coverage for infertility treatments. REFER FOR INTERIM STUDY

Rep. Martha Fuller Clark for Commerce: The issue of how to resolve lack of access for New Hampshire residents who need coverage for the treatment of infertility and at the same time control rising premium costs for health insurance continues to confound the committee. Finding an equitable solution necessitates returning Senate Bill 52 to the House Commerce Committee. Vote 16-1.

Adopted.

HB 427, relative to the laws requiring a prescription to possess hypodermic needles and modifying the drug paraphernalia laws applying to syringes. OUGHT TO PASS

Rep. Patricia M. O'Keefe for Criminal Justice and Public Safety: The committee heard considerable testimony in favor of removing the prescription requirement for hypodermic syringes. Of greatest concern presently in many states, is the disposal of used syringes/needles. When a consumer purchases a needle today, there is no literature accompanying the product speaking to disposal. This legislation would provide that information. In states where the prescription requirement has been lifted, transmission rates of hepatitis and the HIV virus has gone down, and the disposal problem has actually lessened. In fact, needle stick incidents to police officers dropped in Connecticut after Connecticut removed their prescription requirement. A criticism of this type of legislation in the past has been that "it sends the wrong message – that drug use is okay." The committee feels that the message is actually one of health, saving lives, and increasing the incidence of proper disposal of needles and syringes. Health professionals who agree include the American Medical Association, the American Pharmaceutical Association, the Association of State and Territorial Health Officials, the National Alliance of State and Territorial AIDS Directors, the National Association of Boards of Pharmacy, the New Hampshire Medical Society, the New Hampshire Nurses' Association, the New Hampshire Board of Pharmacy, and the New Hampshire Department of Health and Human Services. Vote 11-2.

Adopted and ordered to third reading.

MOTION TO SPECIAL ORDER

Rep. Welch moved that **SB 143-FN**, relative to penalties for incest be made a Special Order for today at 2:30 p.m.

Adopted.

SPECIAL ORDER

HB 304, relative to the confidentiality of criminal history records checks. OUGHT TO PASS WITH AMENDMENT

Rep. Brien L. Ward for Education: The amendment replaces the bill and streamlines the process of a criminal history check for school personnel. This bill, as amended, increases the offense that an individual, if convicted of specific violations or attempted violations, would be prohibited from being employed by or volunteering in a New Hampshire school district. The bill also designates the Division of State Police as the sole repository for criminal records required for educational hiring procedures. The State Police shall be required to notify the State Department of Education if any applicant for hire or volunteer has been convicted of any of the enumerated offenses. The school district is required to destroy within 30 days any criminal history record information that indicates a criminal record. Vote 18-0.

Amendment (2190h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to school employee and volunteer background investigations.

Amend the bill by replacing all after the enacting clause with the following:

1 Education; School Boards, Transportation and Instruction of Pupils; School Employee and Volunteer Background Investigation; Criminal History Records Information. RSA 189:13-a, II-III is repealed and reenacted to read as follows:

II. The selected applicant for employment or designated volunteer with a school administrative unit, school district, or charter school shall submit to the employer a notarized criminal history records release form, as provided by the division of state police, which authorizes the release of information regarding the presence or absence of any record of convictions of the applicant of felonies or of the crimes listed in paragraph V. The applicant shall submit with the release form a complete set of fingerprints taken by a qualified law enforcement agency or an authorized employee of the school administrative unit, school district, or charter school. In the event that the first set of fingerprints is invalid due to insufficient pattern and a second set of fingerprints is necessary in order to complete the criminal history records check, the conditional offer of employment shall remain in effect. If, after 2 attempts, a set of fingerprints is invalid due to insufficient pattern, the school administrative unit, school district, or charter school may, in lieu of the criminal history records check, accept police clearances from every city, town, or county where an applicant has lived during the past 5 years.

III. The school administrative unit, school district, or charter school shall submit the criminal history records release form to the New Hampshire state police which shall conduct a criminal history records check through its records and through the Federal Bureau of Investigation. Upon completion of the background investigation, the state police shall examine the list of crimes constituting grounds for non-approval of employment, or non-acceptance of volunteer services in that school administrative unit, school district, or charter school, and shall report the presence or absence of any such crime to the school administrative unit, school district, or charter school. Under no circumstances shall the criminal records be released to the school administrative unit, school district, or charter school. The school administrative unit, school district, or charter school shall maintain the confidentiality of all criminal history records information received pursuant to this paragraph. If the criminal history records information indicates no criminal record, the school administrative unit, school district, or charter school shall destroy the information received immediately following its review of the information. If the criminal history records information indicates that the applicant has been convicted of a felony or of a crime listed in paragraph V, the school administrative unit, school district, or charter school shall review the information for a hiring decision, and the division of state police shall notify the department of education of any such convictions. The school administrative unit, school district, or charter school shall destroy any criminal history record information that indicates a criminal record within 30 days of receiving such information.

2 Education; School Boards, Transportation and Instruction of Pupils; School Employee and Volunteer Background Investigation; Crimes Changed. Amend RSA 189:13-a, V to read as follows:

V. Any person who has been convicted of [~~murder, child pornography, aggravated felonious sexual assault, felonious sexual assault, or kidnapping~~] *any violation or attempted violation of RSA 630:1, 630:1-a, 630:1-b, 630:2, 632-A:2, 632-A:3, 632-A:4 633:1, 639:2, 639:3,*

645:1, 1(b), 645:2, 649-A:3, 649-B:3, or 649-B:4, or any violation or any attempted violation of RSA 650:2 where the act involves a child in material deemed obscene, in this state, or under any statute prohibiting the same conduct in another state, territory, or possession of the United States, shall not be hired by a school administrative unit, school district, or charter school. By decision of the appropriate governing body, a school administrative unit, school district, or charter school may deny a selected applicant a final offer of employment if such person has been convicted of any felony in addition to those listed above. The governing body may adopt a policy stating that any person who has been convicted of any felony, or any of a list of felonies, shall not be hired.

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill modifies the crimes that prevent a person from being hired by a school administrative unit, school district, or charter school. This bill also modifies the procedures for criminal history records checks by school administrative units, school districts, and charter schools.

Adopted.

Rep. Ward spoke in favor.

Report adopted and ordered to third reading.

REGULAR CALENDAR (CONT'D.)

HB 466, establishing a commission to study education options in school districts not maintaining a high school. **INEXPEDIENT TO LEGISLATE**

Rep. Bruce L. Dearborn for Education: The committee agreed that the work of an oversight committee to review pupil placements and related issues was not the immediate solution to a possible problem in some of our school districts. The Education Committee requested that these issues be studied by the State Board of Education with recommendations to be made to the full committee. More work is needed before legislation can be introduced. Also, we recognize that legislation may require policy changes. Therefore the committee will ask that the bill be recommitted to adopt an amendment to address our needs and conduct needed hearings. Vote 14-0.

Adopted.

HB 310, repealing the authority of the department of agriculture, markets, and food to conduct meat inspections and poultry products inspections. **OUGHT TO PASS WITH AMENDMENT**

Rep. Kenneth R. Marshall for Environment and Agriculture: The committee voted to amend RSA 427 which is the section dealing with inspection of slaughterhouses. Inspection is currently being conducted by the Food Safety and Inspectors Services Division of USDA. RSA 427 mandates that the NH Department of Agriculture, Markets and Food conduct the inspections. The amendment states that the chapter will not apply unless or until the Feds withdraw from inspections, thereby maintaining the chapter for possible future use. The poultry section, RSA 428, is amended because of its close relationship to RSA 427 and the current provisions and authority of NH Department of Agriculture, Markets and Food is maintained. Vote 16-2.

Amendment (2096h)

Amend the title of the bill by replacing it with the following:

AN ACT providing that the department of agriculture, markets, and food shall not conduct meat inspections unless and until such time as the United States Department of Agriculture withdraws its meat inspection program from the state.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Livestock and Meat Inspection; Applicability of Meat Inspection Subdivision. Amend RSA 427 by inserting after section 1 the following new section:

427:1-a Applicability. The provisions of this subdivision shall not apply or be in effect unless and until such time as the Food Safety and Inspection Service Division of the United States Department of Agriculture withdraws its meat inspection program from the state.

2 Poultry Inspection; Applicability of Other Provisions. Amend RSA 428:1 to read as follows:

428:1 Applicability of Other Provisions. The procedure for poultry inspection, as well as the rights and duties of those parties involved in such inspection, shall be substantially that prescribed by RSA 427, **with the exception of RSA 427:1-a**, provided that the applicability of said chapter shall be subject to any contrary provision contained in this chapter.

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill provides that the department of agriculture, markets, and food shall not conduct meat inspections unless and until such time as the United States Department of Agriculture withdraws its meat inspection program from the state.

Adopted.

Report adopted and ordered to third reading.

HB 335, prohibiting the land application of sludge in reclamation areas. **INEXPEDIENT TO LEGISLATE**

Rep. William R. Phinney for Environment and Agriculture: After frank and earnest discussion, it was determined that the complexities of the issue, the potential ramifications of a total ban, and the need for more information precluded support for passage at this time. Vote 10-8.

Rep. Musler moved Re-commit to Committee and spoke in favor.

Adopted.

HB 235-FN-A, increasing the exemption amount under the interest and dividends tax. **INEXPEDIENT TO LEGISLATE**

Rep. Charles L. Vaughn for Finance: This bill was re-referred to the Finance Committee. Members in several subcommittee meetings listened to suggestions for modifying the tax such as: increased exemptions, exemptions for those over 65, exemptions for those on limited income. Still the Department of Revenue Administration suggests that state revenues would decline from \$8.5 million to \$10.5 million whichever exemption is included. The truth is revenues are increasing from this tax due in part to increased compliance, increasing value of securities and improved income earnings. Percentages of filers over 65, 42% out of 64,870 tax returns. Percent of revenue from filers over 65: 45.8%. A political promise of revenue neutrality was made for a point in time, markets are dynamic and cannot be frozen. The Finance Committee after due deliberation recommends this legislation be turned over to the Tax Equity and Efficiency Commission as it examines the state's revenue structure. Vote 21-1.

Reps. Jacobson and Young spoke against and yielded to questions.

Rep. Vaughn spoke in favor.

Rep. Alukonis spoke in favor and yielded to questions.

Rep. Jacobson requested a roll call; sufficiently seconded.

The question being the adoption of the report.

Rep. Jacobson moved Ought to Pass with Amendment.

MOTION TO SPECIAL ORDER

Rep. Jacobson moved that **HB 235-FN-A**, increasing the exemption amount under the interest and dividends tax, be made a Special Order for Thursday, January 13, 2000 in the regular calendar order. Adopted.

SPECIAL ORDER

SB 143-FN, relative to penalties for incest. **OUGHT TO PASS WITH AMENDMENT**

Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: This bill removes the statute of limitations for incest and increases the penalties for incest. The penalty is no more than 20 years or less than 10 years, except that any person under 18 years shall not be subject to the minimum. The previous penalty was 3-1/2 to 7 years. The reasons for removing the statute of limitations are (1) the age of people who are able to report incest are usually in the middle 40's. They are in many cases not emotionally or psychologically able to do so earlier; (2) the average pedophile has about 100 victims – the incestuous behavior can not be stopped if charges can't be brought against them; (3) the act of prosecution not only acknowledges a crime and protects society, but can be an integral part of the healing process for a survivor; (4) lack of prosecution can allow a perpetrator to continue the cycle of violence; (5) because victims of incest often suffer low self-esteem, drug abuse and alcohol abuse, and the inability to report, their children often become victims. All this and much more testimony convinced us to make a rare exception to our statute of limitations. Vote 13-3.

Amendment (2101h)

Amend the bill by replacing section 1 with the following:

I No Statute of Limitations for Prosecuting Acts of Incest Involving Victims Under the Age of 16. Amend RSA 639:2, II to read as follows:

II. In cases of alleged incest where the victim is under the age of ~~18, the statute of limitations shall not begin to run until the victim reaches the age of 18~~ **16 when the alleged offense occurred, there shall be no statute of limitations, notwithstanding RSA 625:8, III(a).**

AMENDED ANALYSIS

This bill eliminates the statute of limitations when an incest victim is under age 16 at the time of the offense alleged, and establishes a maximum and minimum sentence for incest when the victim is under age 16. Defendants under the age of 18 will not be subject to any minimum sentence of imprisonment.

Reps. Welch and Flora spoke against.

Reps. Robertson, Rodd and Rabideau spoke in favor.

Reps. Tholl and Lozeau spoke against and yielded to questions.

Rep. Rodd request a roll call; sufficiently seconded.

The question being the adoption of the amendment.

and the amendment failed.

Rep. Welch offered a floor amendment.

Floor Amendment (3020h)

Amend the bill by replacing all after the enacting clause with the following:

1 Statute of Limitations. Amend RSA 625:8, III(d) to read as follows:

(d) For any offense under RSA 632-A *or for an offense under RSA 639:2*, where the victim was under 18 years of age when the alleged offense occurred, within 22 years of the victim's eighteenth birthday.

2 Statute of Limitations. Amend RSA 639:2, II to read as follows:

II. In cases of alleged incest where the victim is under the age of 18 *when the alleged offense occurred*, the statute of limitations shall ~~[not begin to run until the victim reaches the age of 18]~~ *run pursuant to RSA 625:8, III(d)*.

3 New Paragraph; Maximum and Minimum Sentences for Incest Involving Victims Under the Age of 16. Amend RSA 639:2 by inserting after paragraph II the following new paragraph:

III. Notwithstanding the provisions of paragraph I, a person convicted of incest where the victim is under the age of 18 shall be sentenced to a maximum sentence which is not to exceed 20 years and a minimum which is not to exceed ½ the maximum. Notwithstanding the provision of this paragraph, no person under 18 years of age shall be subject to any minimum sentence of imprisonment for a conviction of incest under this section.

4 Effective Date. This act shall take effect January 1, 2001.

AMENDED ANALYSIS

This bill changes the statute of limitations for prosecuting acts of incest when the victim is under age 18, and establishes a maximum and minimum sentence for incest when the victim is under age 18. Defendants under the age of 18 will not be subject to any minimum sentence of imprisonment. Rep. Welch spoke in favor.

Rep. Belanger requested a roll call; sufficiently seconded.

The question being the adoption of the floor amendment.

and the floor amendment was adopted.
 Report adopted and ordered to third reading.

SB 134-FN, relative to medicaid reimbursement rates and dental care. **INEXPEDIENT TO LEGISLATE**

Rep. Robert K. Boyce for Finance: The intent of this bill was to increase the percentage of medicaid-assisted children receiving dental care. According to testimony we heard, it was not clear increasing the reimbursement rates was the answer. Vote 16-8.

Adopted.

SB 153-FN-A, requiring that a percentage of profits derived by the liquor commission be placed into and continually appropriated to a special fund for alcohol education and abuse prevention and treatment programs. **INEXPEDIENT TO LEGISLATE**

Rep. Robert K. Boyce for Finance: This bill would have perpetually dedicated up to 5% of the gross profits of the Liquor Commission to an undefined set of programs to treat and prevent alcoholism. This is the cart before the horse. If indeed there are worthy programs that should be funded, then a bill establishing them and providing funding should be proposed. This bill would reduce general funds for programs yet to be devised by \$2 million in this biennium and \$6.8 million in the next biennium. Vote 16-8.

Rep. Kurk spoke against and yielded to questions.

Rep. Vaillancourt moved Re-commit to Committee and spoke in favor.

Reps. Kurk, Leber and Avery spoke against.

On a division vote, 60 members having voted in the affirmative and 259 against, the motion failed.

Rep. Kurk spoke against the report.

The report failed.

Rep. Kurk moved Ought to Pass with Amendment and offered a floor amendment.

Floor Amendment (3021h)

Amend RSA 176:16, II as inserted by section 2 of the bill by replacing it with the following:

II. Fifty percent of the amount by which the current year gross profit exceed fiscal year 2001 actual gross profit, but not more than 5 percent of the current year gross profits derived by the commission from the sale of liquor and other revenues, shall be deposited into the alcohol abuse prevention and treatment fund established by RSA 176-A:1.

Amend the bill by replacing section 4 with the following:

4 Effective Date. This act shall take effect July 1, 2001.

Rep. Kurk spoke in favor and yielded to questions.

Rep. Vaillancourt spoke against and yielded to questions.

Rep. Burling spoke in favor.

Rep. Harmon requested a roll call; sufficiently seconded.

The question being the adoption of the floor amendment.

Kibbey, David Tuthill, John

and the floor amendment was adopted.

Report adopted and ordered to third reading.

SB 205-FN, expanding medical coverage to pay dental assistance for adults on medicaid. **INEXPEDIENT TO LEGISLATE**

Rep. Robert K. Boyce for Finance: This bill would expand dental services provided to adults on medicaid. In light of other state obligations, the committee believes this is not the time to add to

entitlements. The cost to the general fund would have been \$242,000 in FY 00 and \$1.3 million in FY 01. In addition, this would have added to county medicaid costs. Vote 17-7.
Adopted.

HB 53, establishing a process for reviewing judges. **OUGHT TO PASS WITH AMENDMENT**
Rep. Henry P. Mock for Judiciary: This bill originally proposed a "process for reviewing judges," a subject matter thoroughly studied and ultimately addressed in HB 568. During the evaluation review consideration and as a part of the broad judicial reform study, the evaluation and selection of marital masters was an ever-present subject; a subject thoroughly discussed at public hearings. Consequently, a decision was made to attach this subject matter to HB 53, with the knowledge and permission of the bill's sponsors. The committee felt that because of the tremendous impact which marital masters can have on the family, including the children thereof, that their selection should be equally scrutinized and subject to the same procedures as the selection of judges. This issue passed in the 1999 session as a component of the Family Court bill (HB 707-FN) and at this time is in limbo in the state Senate. Vote 14-1.

Amendment (2121h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to qualifications and appointments of marital masters.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Qualifications and Appointments of Marital Masters. Amend RSA 491 by inserting after section 25 the following new section:

491:26 Marital Masters.

I. Marital masters selected to serve in the marital master program, pursuant to New Hampshire superior court rule, shall possess the following qualifications:

(a) Professional experience in family law matters.

(b) Legal and personal qualities including, but not limited to:

(1) Knowledge of family matters, including related matters such as tax and pension law;

(2) Personal maturity so as to understand and make decisions on matters before the court; and

(3) Personal qualities of patience and understanding of the difficult personal matters which are the subject of divorce and a willingness to deal with complex family matters in a non-adversarial manner.

II. The governor shall nominate and the council shall confirm all new marital masters. The governor and council shall approve those seeking a renewed contract term and the terms and conditions of the marital master contract.

2 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes certain qualifications for marital masters. The bill requires marital masters to be nominated by the governor and confirmed by the executive council. The bill also requires the governor and council to approve marital master contracts.

Adopted.

Report adopted and ordered to third reading.

HB 579-FN, relative to eligibility for unemployment benefits for certain persons commensurate with their attachment to the workforce. **REFER FOR INTERIM STUDY**

Rep. Robert E. Clegg, Jr. for Labor, Industrial and Rehabilitative Services: The Department of Employment Security is currently studying the issue of unemployment benefit eligibility for part-time workers. The Labor, Industrial and Rehabilitative Services Committee wishes to review this study and may offer a different motion when the bill comes to the floor. Vote 16-0.

Adopted.

HB 595-L, enabling municipalities to grant the elderly property tax exemption to an additional person in a household. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.**

Rep. Priscilla P. Lockwood for the Majority of Municipal and County Government: It was the opinion of the Committee that the objectives of this bill could be accomplished by procedures already in place at the local level. Vote 14-2.

Rep. Ralph L. Akins for the Minority of Municipal and County Government: The statutory minimum amounts established by the State of New Hampshire for income recognizes the difference between a single person and a married couple (ref. \$13,400 single, \$20,400 married). The statutory amount for assets is "\$35,000 or less," but makes no allowance for a married couple. Municipalities can and do allow higher asset limits, but they too give no consideration for married couples. Rep. Akins spoke against.

Rep. Simon spoke in favor and yielded to questions.

On a division vote, 238 members having voted in the affirmative and 44 in the negative, the majority report was adopted.

SB 76-L, allowing certain municipalities to offer tax exemptions to foster commercial and industrial construction. **OUGHT TO PASS WITH AMENDMENT**

Rep. Betsey L. Patten for Municipal and County Government: Coos County is made up of one city and 43 towns and unincorporated places and wants help to foster economic growth. The Municipal and County Government Committee worked on this issue and is bringing forth the idea of a pilot program that would sunset April 1, 2005. There are three criteria that Coos County meets – it has the lowest equalized taxable valuation per person, the highest unemployment rate for the last three years, and has the lowest population growth for the past five years of all the other nine counties in New Hampshire. Because of these three economically-depressed criteria, the committee recognizes a need to encourage new construction, rehabilitation and improvement of property for commercial and industrial uses. We are proposing the ability to adopt a very specific and focused tax exemption, at the local level, by any of Coos County municipalities. If the city or one of the 43 towns or unincorporated places meets two of the three economically-depressed criteria, which Coos County meets in total, then it would be able to enact incentives provided. The local legislative body would determine the amount and new construction property tax exemption for commercial or industrial uses or both, as defined in SB 76. The exemption may run for a maximum period of 10 years, provided that for all years the exemption is in place, the dollar amount shall not exceed 500 percent of the increased assessed value. This exemption would not shift their current tax burden to other residents of the city or towns/unincorporated places since the current tax exemption would only apply to the increased assessed value that the new construction would generate. The committee also wants to ensure that if an exemption, as described, was adopted, all other requests for like exemptions would be uniformly administered within the city or town/unincorporated places. We urge our fellow members of the House to agree with us in adopting a needed economic tool for the citizens of the North Country and vote Ought to Pass as Amended. Vote 13-1.

Amendment (2026h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a pilot program allowing certain municipalities in Coos county to offer tax exemptions to foster public accommodation and industrial construction.

Amend the bill by replacing all after the enacting clause with the following:

1 Statement of Intent. As of May 1999, Coos county had the highest rate of unemployment in the state of New Hampshire. Between 1960 and 1999, Coos was the only county in the state to have a net decrease in population. Based on 1997 projections by the office of state planning, Coos county will continue to see the current trend of outward migration and decrease in numbers of its citizens under 40 years of age over the next 15 years, a more precipitous population decrease than that of its overall population. Therefore, it is the purpose of this act to foster the economic development of Coos county by enabling eligible, economically-depressed municipalities to encourage new construction, rehabilitation, and improvement of property for public accommodation and industrial use through the adoption of tax exemptions. It is the further purpose of this act to ensure that, once adopted, such exemptions shall be administered uniformly within the taxing districts so as to avoid the risk of unconstitutional ad hoc or discriminatory tax benefits.

2 Definitions. In this act:

1. "Eligible municipality" shall mean any city or town located in Coos county which meets 2 of the following 3 criteria as established by the director of the office of state planning:

(a) Is within the lowest 30 percent of municipalities based on equalized taxable valuation per person for the most recent year available prior to the vote taken pursuant to section 4 of this act;

(b) Is within the highest 30 percent of municipalities based on unemployment rate for the average of the 3 most recent years available prior to the vote taken pursuant to section 4 of this act;

(c) Is within the lowest 30 percent of municipalities based on population growth for the most recent 5-year-period available prior to the vote taken pursuant to section 4 of this act.

II. "Industrial uses" shall include all manufacturing, production, assembling, warehousing, or processing of goods or materials for sale or distribution, research and development activities, or processing of waste materials.

III. "Public accommodation" shall mean any inn, hotel, motel, or other establishment which provides lodging to transient guests, other than an establishment located within a building which contains not more than 100 rooms for rent or hire.

3 Property Tax Exemption. An eligible municipality may, by vote of the local legislative body pursuant to section 4 of this act, adopt a new construction property tax exemption for public accommodation or industrial uses, or both. The exemption shall apply only for property taxes assessed by the municipality which shall exclude state education property taxes under RSA 76:3 and shall be a specified percentage on an annual basis of the increase in assessed value attributable to construction of new structures, and additions, renovations or improvements to existing structures. The exemption may run for a maximum period of 5 years following the new construction; provided, however, that the exemption for all years shall cumulatively not exceed 200 percent of the increased assessed value. Once adopted by the local legislative body, the percentage rate and duration of the exemption shall be granted uniformly within that municipality to all new construction for which a proper application is filed.

4 Procedure for Adoption. A municipality desiring to adopt the provisions of section 3 of this act shall do so in the following manner:

I. In a town which is an eligible municipality, the question shall be placed on the warrant of a special or annual town meeting, by the governing body or by petition pursuant to RSA 39:3, and shall be voted upon by official ballot if that town has adopted the official ballot for the election of officers. A public hearing shall be held at least 15 but not more than 60 days prior to the vote.

II. In a city which is an eligible municipality, the legislative body may consider and act upon the question in accordance with its normal procedures for passage of resolutions, ordinances, and other legislation. In the alternative, the legislative body of such city may vote to place the question on the official ballot for any regular municipal election.

III. The vote shall specify the percentage of new assessed value to be exempted, the number of years duration of the exemption following new construction, and a reference to zoning use category definitions, if applicable. The exemption shall take effect in the tax year beginning April 1 following its adoption.

IV. A vote adopting section 3 of this act shall remain in effect for a maximum of 2 tax years; provided, however, that for any application which has already been granted prior to expiration of such 2 tax-year period, the exemption shall continue to apply at the rate and for the duration in effect at the time it was granted.

5 Application for Exemption.

I. On or before March 1 following the date of notice of tax under RSA 72:1-d for any year for which the exemption is claimed, a person qualified for an exemption under section 3 of this act shall file an application with the selectmen or assessors, on an application form prepared by them, signed by the applicant under penalty of perjury, which contains adequate information to demonstrate that the applicant is qualified for the exemption.

II. The selectmen or assessors shall notify the applicant of their decision on or before July 1 following the date of notice of tax under RSA 72:1-d. The decision shall specify the amount of the exemption, that it is effective beginning the prior April 1, and the number of years for which the exemption applies to qualified construction. The decision of the selectmen or assessors may be appealed in the manner set forth in RSA 72:34-a.

III. An owner may apply for the exemption prior to construction, but in no case more than 12 months before the beginning of the tax year for which the exemption is sought. In such cases the selectmen or assessors may anticipatorily grant the exemption, subject to adjustment when the actual increase in assessed value becomes known. If construction is partially complete on April 1 of any year, the exemption for that year shall be based on the increased assessed value attributable to the

partial construction, but the duration of the exemption shall be adjusted such that the cumulative amount of exemptions received, based on the construction as completed, is proportional to that received by other eligible properties.

IV. The selectmen or assessors may request such additional or updated information as is necessary to determine eligibility. If they are satisfied that the applicant has willfully made any false statement, or has refused to provide information after such a request, they may refuse to grant the exemption.

V. If the municipality completes a revaluation during the period for which an exemption has been granted, the amount of the exemption shall be adjusted by the difference in equalization ratios applicable in the municipality before and after the revaluation.

6 Repeal. Sections 1-5 of this act, relative to a program allowing economically depressed municipalities in Coos county to offer tax exemptions to foster public accommodation and industrial construction, are repealed.

7 Effective Date.

I. Section 6 of this act shall take effect April 1, 2006.

II. The remainder of this act shall take effect April 1, 2001.

AMENDED ANALYSIS

This bill establishes a pilot program allowing economically depressed municipalities in Coos county to offer tax exemptions applicable to non-statewide property taxes to foster growth in new and existing public accommodation and industrial construction.

Adopted.

CLERK'S NOTE

When less than two-thirds of the elected membership is present, Part II, Article 20 of the state constitution requires the assent of two-thirds of those present and voting to render their acts and proceedings valid.

The question being the adoption of the report on SB 76.

Reps. MacGillivray and Mirski spoke against.

Reps. Foster, Guay and Gallus spoke in favor.

Rep. Ward spoke in favor and yielded to questions.

On a division vote, 191 members having voted in the affirmative and 71 in the negative, the report was adopted by the necessary two-thirds and referred to Finance.

HB 387, relative to local telephone calling areas, access charges, and competitive telephone services. **OUGHT TO PASS WITH AMENDMENT**

Rep. Jeffrey C. MacGillivray for Science, Technology and Energy: This bill, as amended, addresses the size of local telephone calling areas and intrastate access charges for in-state toll calls. (1) While the Public Utilities Commission has liberalized the procedure for expanding local telephone calling areas in the last two years, certain requests for expansion of calling areas are still automatically denied if there are currently few toll calls being made. The bill encourages the Commission to consider the likelihood of significant increases in the number of calls if these calls become local calls, especially where students attending the same public school would be able to make local calls to each other instead of toll calls. (2) The Science, Technology and Energy Committee supports the Public Utilities Commission's past efforts to reduce in-state toll call access charges to the level of interstate access charges. However, New Hampshire's in-state access charges are now well above interstate access charges and are higher than most other states in the region. The bill encourages the Public Utilities Commission to consider further decreases in in-state access charges even if customer monthly service charges would need to be increased. Reduction of these in-state access charges should produce greater competition for in-state toll calls and lower rates. The bill also encourages that these in-state access charges not vary greatly between Bell Atlantic customers and independent telephone customers, to reduce subsidies among groups of customers. Vote 18-0.

Amendment (2083h)

Amend the bill by replacing all after the enacting clause with the following:

1 Findings.

I. The general court finds that significant benefits have been obtained by increasing the size of local telephone calling areas. The general court finds that, in general, it is desirable for muni-

palities that send most of their students to the same public school district to have at least most of those students' homes within each other's local calling areas. The general court therefore finds that the public utilities commission, if it continues to use a community of interest standard as a first step in determining whether to proceed with requests to add additional exchanges to a local calling area, should not reject requests for larger calling areas solely because the existing volume of calls between exchanges that would become local calls is small. If few calls are currently being made, the commission should consider the likely increase in number should such calls become local calls, especially where students attending the same public school would acquire the opportunity to make local calls to each other instead of toll calls. However, while the general court urges the commission not to reject requests solely on the basis of a low current number of calls, the general court finds that the commission should continue to require an affirmative vote from the requesting exchange before expanding a local calling area.

II.(a) The general court finds that it is desirable for intrastate access charges, which local telephone exchange carriers charge to long distance providers for telephone calls outside local calling areas, not to exceed interstate access charges. The general court supports the public utilities commission's efforts in recent years to reduce intrastate access charges to the approximate level of interstate access charges.

(b) The general court finds that since the reductions in interstate access charges by federal regulators have often been accompanied by increases in customer charges for basic monthly telephone service, and since similar reductions in intrastate access charges may require similar increases in customer charges for basic monthly telephone service, the public utilities commission may consider decreases in intrastate access charges even if customer charges for basic monthly telephone service would need to be increased.

(c) The general court finds that the public utilities commission, when setting intrastate access charges, should consider both the disadvantages to customers of intrastate access charges that exceed interstate access charges and the disadvantages to customers of increases in charges for basic monthly services.

III. The general court finds that it is desirable for intrastate access charges not to vary greatly among local exchange carriers. Competitive long distance providers are unlikely to adopt different rates in different areas to compensate for these differences, and are likely, instead, to set their rates at a level that results in low-access-charge areas continuing to subsidize high-access-charge areas. The general court finds that, for local exchange carrier telephone utilities with relatively high intrastate access charges, the public utilities commission should consider increasing basic monthly service charges in order to decrease intrastate access charges.

2 New Sections; Public Utilities; Equality of Rates; Local Telephone Calling Areas and Intrastate Access Charges, Competitive Telephone Services Information. Amend RSA 378 by inserting after section 17 the following new sections:

378:17-a Local Telephone Calling Areas and Intrastate Access Charges.

I. In this section, "local calling area" means the area which may be called from a telephone calling exchange without paying toll charges or access charges.

II. If the commission uses a community of interest standard to limit requests to add additional exchanges to a local calling area, the commission should not reject requests solely because few calls are currently being made between the exchanges that would become local calls if the request were granted. If few calls are currently being made, the commission should consider the likelihood of significant increases in the number of calls between the exchanges if the request is granted and these calls become local calls, especially where public school district boundaries indicate that this is likely to occur.

III.(a) The commission should, as soon as possible after each significant decrease of interstate access charges by the federal government, consider corresponding reductions in intrastate access charges, taking into account both the disadvantages to customers of intrastate access charges that exceed interstate access charges and the disadvantages to customers of increases in charges for basic services.

(b) The commission should consider reducing intrastate access charges and increasing basic monthly service charges for local exchange carrier telephone utilities that have both a higher intrastate access charge than the state median intrastate access charge and a lower basic monthly service charge than the state median basic monthly service charge for exchanges with similar numbers of telephones within the local calling area.

378:17-b Competitive Telephone Services Information.

I. The commission is authorized to require telephone utilities that are also providers of competitive telephone services within New Hampshire or outside of New Hampshire to provide information to the commission concerning potential separation or divestiture. The information shall include the costs and other adverse consequences of requiring the separation of these businesses into 2 separate subsidiaries or the divestiture of one or the other into a completely separate corporate entity. This information may be required of any telephone utility which is engaged in any competitive business and which is also engaged either in any non-competitive business, or in any competitive business in which it has a market share exceeding 80 percent.

II. The commission is authorized to require telephone utilities that are required to make services available to competitive resellers to provide information to the commission concerning potential separation or divestiture. The information shall include the costs and other adverse consequences of requiring the separation or divestiture of the competitive portion of their business which competes with the competitive resellers. It should be assumed that the separated or divested portion would then be removed from price regulation.

III. The commission may require information pursuant to this section from all telephone utilities, or from telephone utilities larger than a specified size with or without a representative sample of telephone utilities smaller than that size, at the commission's discretion.

IV. The commission shall not mandate separation or divestiture without legislative approval unless so required by federal law.

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill establishes standards for the determination of local telephone calling areas and intrastate access charges by local telephone providers. This bill also authorizes the public utilities commission to require telephone utilities to provide information to the commission regarding competitive services and possible separation or divestiture.

Adopted.

Report adopted and ordered to third reading by the necessary two-thirds.

HB 457, extending the committee to study electric rate reduction financing. OUGHT TO PASS WITH AMENDMENT

Rep. Jeb E. Bradley for Science, Technology and Energy: This bill extends the date for the Committee to Study Electric Rate Reduction Financing (securitization) from November 1998 to May 2000. The only purpose of this bill is to study this issue. Vote 18-0.

Amendment (2138h)

Amend the bill by replacing section 1 with the following:

1 Committee to Study Electric Rate Reduction Financing; Report; Date Extended. Amend 1998, 263:5 to read as follows:

263:5 Report. The committee shall report its findings and any recommendations for proposed legislation to the senate president, the speaker of the house of representatives, the senate clerk, the house clerk, the governor, and the state library on or before ~~November 1, 1998~~ **May 1, 2000**.

AMENDED ANALYSIS

This bill extends to May 1, 2000 the report date for the committee to study electric rate reduction financing established by 1998, 263.

Adopted by the necessary two-thirds.

Report adopted and ordered to third reading by the necessary two-thirds.

HB 733, relative to a state master plan for the deployment of personal wireless service facilities. OUGHT TO PASS WITH AMENDMENT

Rep. Jeb E. Bradley for Science, Technology and Energy: The bill, as amended, attempts to rationally deal with the increase of telecommunication towers and their visual effect on New Hampshire landscape. The bill balances aesthetic concerns with the need for orderly development of telecommunications sites. The bill allows the Office of State Planning to develop a model zoning ordinance which local planning and zoning boards may use if they choose to adopt local zoning ordinances. The committee believes development of such a model ordinance will give invaluable

assistance to local officials trying to develop coherent ordinances consistent with federal law. Such a model ordinance is strictly advisory in nature and does not establish or supersede any existing local ordinances. The bill further allows for regional notification to other New Hampshire municipalities and their residents when a tower would be visible within a radius of 20 miles. Residents from other municipalities would be allowed to comment on a particular tower installation but would not be given legal standing under the proposed bill. The bill also instructs the Office of State Planning to create a statewide map of visible tower facilities in order to encourage orderly deployment of facilities as well as opportunities for co-location of facilities. There is no fiscal note attached to this bill, and the committee believes any fiscal impact will be very, very limited. The committee worked extensively with the bill's proponents as well as representatives of the wireless telecommunications industry. The committee believes that this bill will assist local communities that are struggling to understand both their opportunities and responsibilities under federal law with regard to the siting of telecommunication towers. This bill does not affect towers owned by amateur radio operators. Vote 18-0.

Amendment (2086h)

Amend the bill by replacing all after the enacting clause with the following:

I New Chapter; Deployment of Personal Wireless Service Facilities. Amend RSA by inserting after RSA 12-I the following new chapter:

DEPLOYMENT OF PERSONAL WIRELESS SERVICE FACILITIES

12-J:1 Goals; Purpose.

I. The federal Telecommunications Act of 1996 regulates the deployment of wireless services in the United States. Its purpose is to make these services available to the American people quickly and in a very competitive manner.

II. The visual effects of tall antenna mounts or towers may go well beyond the physical borders between municipalities, and should be addressed so as to require that all affected parties have the opportunity to be heard.

III. Carriers wishing to build personal wireless service facilities (PWSFs) in New Hampshire should consider commercially available alternative PWSFs to tall cellular towers, which may include the use of the following:

- (a) Lower antenna mounts which do not protrude as far above the surrounding tree canopies.
- (b) Disguised PWSFs such as flagpoles, artificial tree poles, light poles, and traffic lights, which blend in with their surroundings.
- (c) Camouflaged PWSFs mounted on existing structures and buildings.
- (d) Custom designed PWSFs to minimize the visual impact of a PWSF on its surroundings.
- (e) Other available technology.

IV. A PWSF map is necessary to allow for the orderly and efficient deployment of wireless communication services in New Hampshire, and so that local communities have adequate information with which to consider appropriate siting and options to mitigate the visual effects of PWSFs.

12-J:2 Definitions. In this chapter:

I. "Antenna" means the equipment from which wireless radio signals are sent and received by a PWSF.

II. "Average tree canopy height" means the average height found by inventorying the height above ground level of all trees over 20 feet in height for a radius of 150 feet.

III. "Camouflaged" means for a personal wireless service facility one that is disguised, hidden, part of an existing or proposed structure, or placed within an existing or proposed structure.

IV. "Carrier" means a person that provides personal wireless services.

V. "Director" means the director of the office of state planning.

VI. "Disguised" means, for a PWSF, designed to look like a structure which may commonly be found in the area surrounding a proposed PWSF such as, but not limited to, flagpoles, light poles, traffic lights, or artificial tree poles.

VII. "Equipment shelter" means an enclosed structure, cabinet, shed vault, or box near the base of a mount within which are housed equipment for PWSFs such as, batteries and electrical equipment.

VIII. "Height" means the height above ground level from the natural grade of a site to the highest point of a structure.

IX. "Mount" means the structure or surface upon which antennas are mounted and include roof-mounted, side-mounted, ground-mounted, and structure-mounted types.

X. "Municipality" means any city, town, unincorporated town, or unorganized place within the state.

XI. "Personal Wireless Service Facility" or "PWSF" or "facility" means any "PWSF" as defined in the federal Telecommunications Act of 1996, 47 U.S.C. section 332(c)(7)(C)(ii), including facilities used or to be used by a licensed provider of personal wireless services.

XII. "Personal Wireless Services" means any wireless telecommunications services, and commercial mobile services including cellular telephone services, personal communications services, and mobile and radio paging services as defined in the federal Telecommunications Act of 1996, 47 U.S.C. section 332 (c)(7)(C)(i).

XIII. "Radio frequency radiation" means the emissions from personal wireless service facilities.

12-J:3 Wireless Carriers Doing Business in this State. All wireless carriers or their appointed agents doing business, or seeking to do business, in this state shall:

I. Be allowed to construct new ground-mounted PWSFs, provided that these PWSFs comply with municipal regulations for maximum height or maximum allowed height above the average tree canopy height, subject to any exceptions allowed or variances granted by the municipality.

II. Comply with all applicable state and municipal land use regulations.

III. Comply with all federal, state and municipal statutes, rules and regulations, including federal radio frequency radiation emission regulations and the National Environmental Policy Act of 1969, as amended.

IV. Provide information at the time of application to construct an externally visible PWSF, or prior to construction if no approval is required, to the office of state planning, to the municipality in which the facility is to be constructed, and to each other municipality notified in accordance with RSA 12-J:7, as follows:

(a) A copy of their license from the Federal Communications Commission (FCC) proving that they are eligible to deploy their systems in this geographical area and that this deployment falls under the jurisdiction of the federal Telecommunications Act of 1996; or a copy of their contract with a person with such a license, and a copy of that license.

(b) Upon request, detailed maps showing all of the carrier's current externally visible tower and monopole PWSF locations in the state within a 20 mile radius, both active and inactive.

(c) Upon request, site descriptions for each of the above locations showing the antenna height and diameter, and showing all externally visible structures.

(d) Upon request, a description of why less visually intrusive alternatives for this facility were not proposed.

12-J:4 Payment of Costs. A wireless carrier seeking approval to deploy a wireless communication facility may be required to pay reasonable fees, including regional notification costs, imposed by the municipality in accordance with RSA 676:4, 1(g).

12-J:5 Fall Zones. In order to provide protection from tower collapses and from falling debris including hardware, collapsing material, and ice, fall zones should be established, which ensure public safety at or near the base of tall antenna mounts or cellular towers. The radius of the fall zone should be equal to the height of the highest point of the facility including any antennae or appurtenances, unless a smaller radius is demonstrated to be appropriate based on the design of the specific structure. The radius of the fall zone should be the minimum distance from the base of any new ground mount PWSF to any property line, public road, habitable residential or business dwelling, or public recreational area, unless easements are obtained from all other property owners within the radius.

12-J:6 Personal Wireless Services Facilities Map. The director of the office of state planning shall develop a personal wireless service facilities map for the state. This map shall include all externally visible tower and monopole PWSF locations in the state, both active and inactive, for all carriers. This map shall also include for each of the above locations a site description as described in RSA 12-J:3, IV(c). Upon request of the director, any wireless carrier or its appointed agent doing business in this state shall provide a map of all of its existing externally visible tower and monopole PWSF locations in the state and a site description of each as described in RSA 12-J:3, IV(c).

12-J:7 Regional Notification.

I.(a) Any municipality or state authority or agency which receives an application to construct a PWSF which will be visible from any other New Hampshire municipality within a 20 mile radius shall provide written notification of such application and pending action to such other municipality. Such municipalities within the 20 mile radius and their residents shall be allowed to comment at any public hearing related to the application. Regional notification and comments from other municipalities or their residents shall not be construed to imply legal standing to challenge any decision.

(b) This notification shall include sending a letter to the governing body of the municipality detailing the pending action on the application and shall also include publishing a notice in a newspaper customarily used for legal notices by such municipality, stating the specifics of the application, the pending action, and the date of the next public hearing on the application. Such notice shall be published not less than 7 days nor more than 21 days prior to the public hearing date.

II.(a) Any person, prior to constructing a new PWSF in any location where no approval is required but which will be visible from any other New Hampshire municipality within a 20 mile radius, shall provide written notification of such planned construction to such other municipality.

(b) This notification shall include sending a letter to the governing body of the municipality detailing the planned construction and shall also include publishing a notice in a newspaper customarily used for legal notices by such municipality within a 20 mile radius, outlining the planned construction.

12-J:8 Rulemaking. The director of the office of state planning shall adopt rules under RSA 541-A as necessary to implement this act and to provide sufficient information to municipalities, other state agencies, wireless companies doing business or seeking to do business in this state, and the public. The director, after holding a public hearing, may also adopt rules proposing a model ordinance for municipalities relative to the deployment of wireless communications facilities.

2 Effective Date. This act shall take effect 60 days after its passage.

Adopted by the necessary two-thirds.

Report adopted and ordered to third reading by the necessary two-thirds.

SB 71, prohibiting the use of MTBE as an additive in gasoline. **INEXPEDIENT TO LEGISLATE**
Rep. Jeb E. Bradley for Science, Technology and Energy: This bill seeks to impose a legislative ban on the use of MtBE (methyl tertiary butyl ether) in gasoline by 2003. MtBE is an additive which is widely used in reformulated gasoline. Reformulated gasoline is designed to reduce air pollution. Reformulated gasoline has been required for use in Hillsborough, Rockingham, Merrimack, and Strafford Counties as part of New Hampshire's compliance with the federal Clean Air Act. While reformulated gasoline has reduced emissions of known carcinogens such as benzene, MtBE is water-soluble. Gasoline spills have contaminated wells with MtBE. In the 1999 session, Senate Bill 70 passed. It called for the Department of Environmental Services (DES) to set maximum contamination levels and remediation standards for MtBE. DES should propose this rule by the January deadline of the statute. Senate Bill 70 also required DES to seek a waiver from the EPA so that gasoline with a far lower MtBE content (though higher benzene content) could be used in New Hampshire on an interim basis. The EPA's initial response did not approve this waiver request. Governor Shaheen has resubmitted the request, this time directly to the Administrator of the EPA. As of this writing, Governor Shaheen has not received a reply. In the meantime, an EPA blue ribbon panel has recommended phasing out use of MtBE in gasoline however. Federal law currently severely limits states' flexibility in determining the components of gasoline, and the federal law may need to be changed to allow states more flexibility. The EPA has not recommended immediate removal of MtBE as it is likely there would be a corresponding increase of air emissions. Other additives such as ethanol are used in the mid-west. There is not enough ethanol currently available to supply areas of the country where reformulated is required such as the northeast and California. If cost and supply issues are solved, ethanol could replace MtBE. Ethanol does not have the same water quality problems as MtBE. Ethanol may increase some air emissions however. Senate Bill 70 gave authority to DES (with approval of Governor and Council) to limit or ban MtBE if a gasoline with less or no MtBE was readily available at a reasonable price and decreased public health risks. Compared to other states, New Hampshire has taken a very proactive stand in an attempt to protect water supplies. In addition, a statutory study committee created in 1999 by House Bill 592 has recommended new legislation which would encourage efforts already underway by northeastern states to work with gasoline refiners and EPA to create a regional gasoline with less or no MtBE that protects water quality and that provides equivalent air quality benefits. A check of other states showed that only California has enacted significant legislation. Even in that state, a bill just recently signed into law allows postponement of a MtBE ban originally proposed to take place through an Executive Order by the Governor of California by 2003. Maine and Connecticut have also passed legislation that studies MtBE. The Science, Technology and Energy Committee believes it has done everything it can to reduce the threat of MtBE to water supplies in the short run. Legislation banning MtBE in 2003 would not improve the water quality situation in that interim. A ban could lead to lawsuits under existing federal law and could undermine

efforts to work collaboratively on a regional gasoline solution. Unfortunately, it will take time to develop alternative gasolines with less or no MtBE that have less of an environmental and human health impact and are readily available in adequate supplies. The proponents of Senate Bill 71 believe passage of the bill at this time will increase pressure to act. The Committee believes that passage last session of Senate Bill 70 has already created that pressure and that it will be far more advantageous to pursue creation of a regional gasoline solution than proposing a ban which does little to protect water quality in the short run. Vote 15-1.

Adopted by the necessary two-thirds.

VACATE

Rep. Edwin Smith moved that the House vacate the reference to the Committee on Public Works and Highways of **HB 1555-FN-L**, requiring the state to rebuild and maintain the dam controlling Russell Reservoir in the town of Harrisville and requiring the department of transportation to convey a certain parcel of land to the town of Harrisville.

Adopted by the necessary two-thirds and referred to Resources, Recreation and Development.

RESOLUTION

Rep. Chandler offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Thursday, January 13, 2000 at 1:30 p.m.

Adopted by the necessary two-thirds.

LATE SESSION

Third reading and final passage

HB 628, relative to the relocation of the principal residence of a child.

HB 427, relative to the laws requiring a prescription to possess hypodermic needles and modifying the drug paraphernalia laws applying to syringes.

HB 304, relative to school employee and volunteer background investigations.

HB 310, providing that the department of agriculture, markets, and food shall not conduct meat inspections unless and until such time as the United States Department of Agriculture withdraws its meat inspection program from the state.

SB 143, relative to penalties for incest.

SB 153-FN-A, requiring that a percentage of profits derived by the liquor commission be placed into and continually appropriated to a special fund for alcohol education and abuse prevention and treatment programs.

HB 53, relative to qualifications and appointments of marital masters.

HB 387, relative to local telephone calling areas, access charges, and competitive telephone services.

HB 457, extending the committee to study electric rate reduction financing.

HB 733, relative to a state master plan for the deployment of personal wireless service facilities.

UNANIMOUS CONSENT

Rep. Buckley addressed the House.

RECESS MOTION

Rep. Chandler moved that the House stand in recess for the purpose of introduction of bills, receiving Senate messages, enrolled bill amendments and enrolled bill reports only.

Adopted by the necessary two-thirds.

The House recessed at 5:40 p.m.

RECESS

(Speaker Sytek in the Chair)

Rep. Lozeau moved that the House adjourn.

Adopted.

HOUSE JOURNAL No. 3

Thursday, January 13, 2000

The House assembled at 1:30 p.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Her Excellency, Governor Jeanne Shaheen, joined the Speaker on the podium for the day's opening ceremonies.

Prayer was offered by Guest Chaplain, Reverend Hays M. Junkin, Rector of Saint Andrew's Episcopal Church in Hopkinton.

Gracious Creator of all that is, seen and unseen, we give thanks today for the men and women of New Hampshire who work in public service and who are the unsung heroes of our communities. We especially remember: school teachers, administrators, and staff; police and fire personnel; town selectmen and women; town employees; state police; state reserves; and state employees in every branch of our government. We also give thanks for the men and women of this House, and give thanks for the dedication brought here in doing the people's business. May Your Spirit of openness, truth, courage and compassion guide the work that is done here today. And may all the citizens of our state give thanks for those who work daily on their behalf, and be emboldened to do their part to uphold the freedoms we share. Amen.

Rep. Gilmore led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. Andrews, Belanger, Patricia Cote, Curran, Dawe, Doucette, Goulet, Hamel, Hawkinson, Jane Kelley, Lundborn, Lynch, McDonough-Wallace, McKinley, Mendenhall, Carol Moore, O'Hearn, O'Keefe, Searles, Stone and Thomas, the day, illness.

Reps. Bishop, Dalrymple, Dearborn, Fraser, Ham, Henderson, Langer, Leber, MacNeil, Kenneth Marshall, Nolan-Piteri, Priestley, Rabideau, Rosenfield, Spang and Vaughn, the day, important business.

Reps. Crosby and Rebecca Hutchinson, the day, death in the family.

Rep. Coughlin, the day, illness in the family.

INTRODUCTION OF GUESTS

Marian Wright Edelman and retired Admiral Jack Shanahan, guests of Reps. French, Estabrook and Gile. Carol and Eddie Grant, wife and son of Rep. Grant. Bonnie Boulanger, Jon Garcia and Doug, Cheryl and Emily Gilmore, guests of Rep. Withee. Mary Fowler, guest of Rep. Rogers. Jean Picconi, wife of Rep. Picconi. Elaine Emerton, wife of Rep. Emerton. Paul Buffington, guest of Rep. Whittier. Michael Scheer, guest of Rep. Melcher. Helen Holbrook, wife of Rep. Holbrook.

COMMITTEE ASSIGNMENT

Rep. Lynn Horton on Public Works and Highways.

REMOVED FROM THE TABLE

Rep. Hess moved that **HB 536**, authorizing municipalities to exempt from the local property tax personal property employed in the generation and production of electric power, be removed from the table.

Adopted.

Rep. Hess moved that **HB 536**, authorizing municipalities to exempt from the local property tax personal property employed in the generation and production of electric power be Re-committed to Committee and spoke in favor.

Adopted.

RESOLUTION

Reps. Chandler and Burling offered the following:

RESOLVED, that the House inform the Honorable Senate that it is ready to meet in Joint Convention for the purpose of attending to remarks by Republican Presidential candidate U.S. Senator John McCain.

Adopted.

SENATE MESSAGE

The Senate is ready to meet in Joint Convention for the purpose of attending to remarks by Republican Presidential candidate U.S. Senator John McCain.

JOINT CONVENTION

(Speaker Sytek presiding)

REMARKS

U.S. Senator John McCain, Republican candidate for President, addressed the Joint Convention.

Sen. Larsen and Rep. Chandler moved that the Joint Convention arise.

Adopted.

The Joint Convention adjourned.

RECESS

(Speaker Sytek in the Chair)

REGULAR CALENDAR

CACR 5, relating to voting and elective rights of incarcerated felons. Providing that no felon, from the time of conviction until final discharge of sentence, shall vote in an election, become a candidate, or hold public office. **OUGHT TO PASS WITH AMENDMENT**

Rep. Janet S. Arndt for Election Law: The original bill added "felons" to the list of those who could not vote. Since the category of felon is broad, it would be difficult to enforce. The new amendment allows the General Court to pass laws in conformance with the Constitution relative to the election process. Vote 15-2.

Rep. Arndt moved Re-commit to Committee and spoke in favor.

Adopted.

HB 445, relative to straight ticket voting procedures. **INEXPEDIENT TO LEGISLATE**

Rep. Robert E. Clegg, Jr. for Election Law: The study committee looked at House Bill 445 and Senate Bill 116 together since they both dealt with straight ticket voting. The problem appeared to be determining voter intent when the box for straight ticket was checked but the voter voted outside the straight ticket for a particular candidate. Currently the secretary of state has ruled any vote cast after a straight ticket vote shall supersede the straight ticket since it is obvious the voter intended to do so. The study committee felt this was sufficient and no legislation to change this was necessary. The full committee agreed. Vote 15-2.

Adopted.

SB 116, eliminating straight ticket voting. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Robert E. Clegg, Jr. for the Majority of Election Law: The study committee looked at Senate Bill 116 and House Bill 445 together since they both dealt with the same subject. The problem appeared to be determining voter intent when the box for straight ticket was checked but the voter voted outside the straight ticket for a particular candidate. Currently the secretary of state has ruled any vote cast after a straight ticket vote shall supersede the straight ticket since it is obvious the voter intended to do so. The study committee felt this was sufficient and no legislation to change things was necessary. The majority of the full committee agreed. Vote 10-7.

Rep. Christine M. Konys for the Minority of Election Law: The minority believes that removing any doubt regarding voter intent when casting a ballot is far more important than the ease or speed of casting a straight ticket vote. Confusion during the recent recounts over determining the intent of the voter when the voter cast both a straight ticket vote and also a vote for other candidates in multi-candidate races is just cause for eliminating straight ticket voting altogether.

Rep. Konys spoke in against and yielded to questions.

Rep. Clegg spoke in favor and yielded to questions.

Rep. Herman requested a roll call; sufficiently seconded.

The question being the adoption of the majority report.

and the majority report was adopted.

SB 228-FN, relative to spousal benefits upon the death of certain retired group II members of the New Hampshire retirement system. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Frank V. Sapareto for the Majority of Executive Departments and Administration: This bill as amended by the Senate replaces the benefits for retirees whose retirement date occurred prior to April 1, 1987. It places these retirees on the same playing field as those who retired after that date. The committee felt that it was only fair to equate these benefits. It also provides for options for those pre-April 1, 1987 retirees who took a reduced benefit to provide for spousal benefit. The estimated cost from the special account, which does not affect the General Fund in any way, is approximately \$1.8 million. The special account purpose specifies such use and has a substantial surplus making this appropriation with little effort. Vote 15-4.

Rep. Merton S. Dyer for the Minority of Executive Departments and Administration: The minority does not agree with the majority that this bill should become law. This bill will provide a spousal benefit to certain Group II retirees. This bill, as written, raises many concerns that are unanswered in the bill. This bill is not clear on certain provisions of the implementation, such as, what will the 50 percent spousal benefit be based upon – annuity at retirement or value of current annuity – will the additional benefits, providing benefits in excess of 100 percent of the accurately determined values be in conflict with IRC(a)9 and, if so, will this affect the tax exempt status of the New Hampshire system and the personal tax status of the beneficiary? The bill will provide a 50 percent spousal benefit to the spouses of those members retired prior to April 1, 1987. The actuary has determined this will cost \$4.4 million for approximately 500 people. By providing this spousal benefit, the spouse will be eligible for the medical insurance subsidy for a cost of \$3.7 million or a total cost of \$8.1 million from the Special Account of the Group II members, for a small number of retirees. This brings up a question of the fairness of this bill. Many who retired prior to 1987 elected a survivorship option, which has been available since at least 1955. Those who provided for their spouse have been receiving a monthly annuity of less than 100 percent. There is no provision in this bill to extend the same privilege to them or to reimburse them for the reduced benefit they have been receiving. Legislation passed in 1987, Chapter 216 Spousal Benefits, established the automatic 50 percent spousal benefit and made the benefits available prospectively. The Legislature has allowed those with 100 percent benefit two opportunities, Chapter 251 of 1990 and Chapter 166 of 1992, to change their option to a survivorship allowance, but for various reasons they did not change their benefits. This bill will provide them with a gift to keep their 100 percent annuity and provide a 50 percent annuity for the spouse. These benefits are not actuarially determined, but rather done by percentage of some annuity. This bill has too many flaws to become law. An amendment to provide only the medical health subsidy was defeated by the committee.

Amendment (2195h)

Amend the bill by replacing sections 2 and 3 with the following:

2 Right to Elect Optional Retirement Allowance; Certain Group II Retired Members. Notwithstanding any provision of RSA 100-A:13 to the contrary, any currently retired group II member of the New Hampshire retirement system or a predecessor system, who retired prior to April 1, 1987 with a full service or ordinary disability allowance and who originally elected and are receiving the 100 percent joint and survivor option, or 100 percent option, will be allowed to elect a 50 percent joint survivor, 50 percent pop up option, or no option, prospectively. Those members who elected and are receiving a 50 percent joint survivor or 50 percent pop up option may continue their option or no option, prospectively, as provided by RSA 100-A:13. The optional allowance shall be of equal actuarial value to the allowance the retiree is receiving as of July 1, 2000. The total benefit payable to a survivor shall not exceed the amount payable to the member.

3 Effective Date. This act shall take effect July 1, 2000.

Reps. Dyer and O'Neil spoke against.

The amendment failed.

Rep. Dyer offered a floor amendment.

Floor Amendment (3072h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Benefits Upon Member's Death After Retirement. Amend RSA 100-A:12 by inserting after paragraph 1 the following new paragraph:

I-a. In addition to any other provision of this section, upon the death of a retired group II member of the New Hampshire retirement system or any predecessor system, who retired pursuant to RSA 100-A:5, II with at least 20 years of creditable service or pursuant to RSA 100-A:6, II(a) prior to April 1, 1987, there shall be paid to the member's spouse at the time of retirement, if surviving, an allowance to continue until the spouse's death or remarriage equal to 50 percent of the service or ordinary disability retirement allowance payable to the retired member prior to the member's death. The total cost of terminally funding the benefits provided by this paragraph shall be funded from the special account established under RSA 100-A:16, II(h).

2 Right to Elect Optional Retirement Allowance; Certain Group II Retired Members. Notwithstanding any provision of RSA 100-A:13 to the contrary, any retired group II member of the New Hampshire retirement system or a predecessor system, who retired pursuant to RSA 100-A:5, II with at least 20 years of creditable service or pursuant to RSA 100-A:6, II(a) prior to April 1, 1987 and who originally elected and are receiving the 100 percent joint and survivorship option, or 100 percent joint and survivorship pop up option, will be allowed to elect a 50 percent joint and survivorship option, 50 percent joint and survivorship pop up option, or the maximum allowance otherwise payable, prospectively. Those members who elected and are receiving a 50 percent joint and survivorship option or 50 percent joint and survivorship pop up option may continue their option or elect the maximum allowance otherwise payable, prospectively. Any retired member who makes an election pursuant to this paragraph shall make the election between July 1, 2000 and December 31, 2000 on a form prescribed by the board of trustees. The optional allowance shall be of equal actuarial value to the allowance the retiree is receiving as of July 1, 2000. The total benefit payable to a survivor shall not exceed the amount payable to the member.

3 Effective Date. This act shall take effect July 1, 2000.

Rep. Dyer spoke in favor.

Adopted.

Rep. Dyer spoke in favor of the report and yielded to questions.

Report adopted and referred to Finance.

Reps. Mock and Phinney declared conflicts of interest and did not participate.

MOTION TO SPECIAL ORDER

Rep. Kurk moved that **CACR 10**, relating to restricting the use of a statewide property tax and all funds deposited into the education trust fund to education funding. Providing that all revenues resulting from a statewide property tax and all funds deposited into the education trust fund shall be used exclusively for elementary and secondary education, be made a Special Order for Thursday, January 27, 2000 in the Regular Calendar order.

Adopted.

REGULAR CALENDAR (CONT'D.)

CACR 11, relating to the use of lottery revenues for educational purposes. Providing that lottery revenues be distributed directly to the governing body of the city or town. **INEXPEDIENT TO LEGISLATE**

Rep. William S. Belvin for Finance: The issue primarily dealt with in CACR 11 is for the net proceeds of the state lottery to be distributed directly to the cities and towns, before being used exclusively for the purpose of state aid to education. At present these funds now go into the education trust fund established in HB 117 last session; and previously they were paid directly to individual school districts.

Much of the content of this CACR was based on previous school funding processes which were materially changed by HB 117, hence the CACR's original mechanism is no longer applicable. Even if the intent remains as proposed, future legislative activity in response to present or future court mandates or legislative initiatives may again make the bill's approach inappropriate. Vote 21-0. Adopted.

CACR 26, relating to the state's duty to assure the opportunity for an adequate primary and secondary public education to all pupils in the state. Providing that the state shall have the duty to assure the opportunity for an adequate primary and secondary public education to all pupils in the state; the nature and means of the fulfillment of such duty shall be determined by the legislature and judicial review shall be limited to whether or not there is any rational basis therefor; the legislature shall have exclusive authority to determine and fund the costs or to delegate the authority to impose assessments, rates, and taxes for education to political subdivisions, which if so delegated shall be deemed local and shall be proportional and reasonable within the political subdivision in which they are imposed. **OUGHT TO PASS**

Rep. David J. Alukonis for Finance: CACR 26 acknowledges the state's duty to provide an opportunity for an adequate education to all public school pupils in NH. It defines the scope of the state duty while establishing the limits of the Court's involvement in legislative policy decisions. As we have already seen, the Court will step into the education debate again and again unless we amend the constitution to define the proper roles of the legislature and the courts.

The adoption of CACR 26 is an affirmation of the state's duty to provide an adequate public education. The amendment provides that the legislature will decide the nature of the duty, how much it costs, and how it shall be funded. The legislature may also delegate part or all of the duty to its political subdivisions. The Court's involvement is limited to a review of whether or not the legislature had a rational basis for its policy decisions.

The additional language proposed in CACR 26 cements and defines the state's duty to public schools within the constitution while at the same time preventing an endless stream of lawsuits and appeals against the state. The passage of CACR 26 by the legislature would also let NH voters decide whether to restore control over education and tax policy to their elected representatives or whether to leave such policy making to the courts. Vote 13-7.

Reps. Mirski, Marjorie Smith and Burling spoke against.

Reps. O'Connell, Herman and Chandler spoke in favor and yielded to questions.

The Speaker, as per Article 100(a), Part II of the State Constitution, called for a roll call.

The question being the adoption of the report.

SPECIAL ORDER

HB 235-FN-A, increasing the exemption amount under the interest and dividends tax. (Pending question is Ought to Pass With Amendment)

Rep. Jacobson offered a floor amendment.

Floor Amendment (3053h)

Amend the title of the bill by replacing it with the following:

AN ACT increasing exemptions under the interest and dividends tax.

Amend the bill by replacing all after the enacting clause with the following:

1 Individuals, Businesses, Fiduciaries. Amend RSA 77:3, I(a)-(c) to read as follows:

(a) Individuals who are inhabitants or residents of this state for any part of the taxable year whose gross interest and dividend income from all sources exceeds [~~\$2,400~~] **\$3,000** during that taxable period.

(b) Partnerships, limited liability companies, associations, and trusts, the beneficial interest in which is not represented by transferable shares, whose gross interest and dividend income from all sources exceeds [~~\$2,400~~] **\$3,000** during the taxable year, but not including a qualified investment company as defined in RSA 77-A:1, XXI, or a trust comprising a part of an employee benefit plan, as defined in the Employee Retirement Income Security Act of 1974, section 3.

(c) Fiduciaries deriving their appointment from a court of this state whose gross interest and dividend income from all sources exceeds [~~\$2,400~~] **\$3,000** during the taxable year.

2 Increase in Exemption. Amend RSA 77:5, I and II to read as follows:

I. Income of [~~\$2,400~~] **\$3,000**.

II. An additional [~~\$1,200~~] **\$3,000** if either or both taxpayers are 65 years of age or older on the last day of the tax year.

3 Filing of Returns. Amend RSA 77:18, IV(a) and (b) to read as follows:

(a) Every individual whose total interest and dividend income is less than [~~\$2,400~~] **\$3,000** for a taxable period.

(b) For joint filers whose total interest and dividend income is less than [~~\$4,800~~] **\$6,000** for a taxable period.

4 Effective Date. This act shall take effect July 1, 2000.

AMENDED ANALYSIS

This bill increases exemptions under the interest and dividends tax.

Rep. Jacobson spoke in favor and yielded to questions.

Adopted.

Reps. MacGillivray, Almy and Whalley spoke against.

Rep. Phinizy spoke in favor.

Rep. Young spoke in favor and yielded to questions.

Rep. Jacobson requested a roll call; sufficiently seconded.

The question being the adoption of the report.

Ordered to third reading.

Rep. Alger declared a conflict of interest and did not participate.

REGULAR CALENDAR (CONT'D.)

SB 36-FN-A, relative to salary increases for care providers for persons with developmental and acquired disabilities and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT**

Rep. Robert K. Boyce for Finance: There was little disagreement about the need to increase the pay of these people providing direct care to some of the neediest people in the Health and Human Services system. There was disagreement about where the money should come from. This bill, as amended, directs the commissioner to provide the money for these increases from money not in the current budget. There was testimony that over \$6 million of non-budget funds has already been received. The cost of this increase is \$2.28 million of general fund money for fiscal year 2001. Vote 24-0.

Amendment (2117h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to salary increases for direct care providers for persons with developmental and acquired disabilities.

Amend the bill by replacing all after the enacting clause with the following:

1 Statement of Intent. The general court finds that direct care providers for persons with developmental and acquired disabilities currently earn an hourly wage of \$7.54 or approximately \$15,683 annually. This amount is insufficient to continuously attract qualified and committed providers and to pay those providers a minimally adequate hourly wage. The funding contained in section 2 of this act will raise the wage of direct care providers, of which there are approximately 1,575 in New Hampshire, to \$18,034 (\$8.67 per hour) in the fiscal year ending June 30, 2001. It is the intent of the general court that the commissioner of health and human services request to fund the state portion through use of additional revenues under 1999, 225:2 or RSA 167:64.

2 Transfer. 1999, 225:5 is repealed and reenacted to read as follows:

225:5 Transfer. The commissioner of health and human services shall transfer not more than \$4,553,875 for the purpose of paying direct care providers for persons with developmental and acquired disabilities. This amount shall be funded from non-budget funds including matching federal funds, funds from any other source received by the department, and from RSA 167:64. Notwithstanding RSA 167:64, it is the intent of the general court that the commissioner of the department of health and human services request under 1999, 225:2, the fiscal committee and the governor and council to approve use of any additional revenues or not more than \$2,277,000 under RSA 167:64 for the purpose of the salary increase.

3 Effective Date. This act shall take effect July 1, 2000.

AMENDED ANALYSIS

This bill authorizes the commissioner of health and human services to request moneys from the uncompensated care fund for salary increases for direct care providers.

Adopted.

Report adopted and ordered to third reading.

SB 186-FN, relative to additional cost of living adjustments and increased minimum allowances for certain retired group II members, and relative to requiring spousal acknowledgement of a member's election of an optional retirement allowance. **OUGHT TO PASS WITH AMENDMENT**

Rep. Steve Vaillancourt for Finance: This bill increases the minimum allowance and grants additional COLAs to retired group II members (police and firemen) whose annual allowance is less than a certain very low amount. The committee heard compelling testimony that certain individuals, mostly elderly (many in their 80s) who retired a long time ago, are receiving monthly checks which are far below the amounts required to live a life of dignity commensurate with the quality service they provided the state over the years. Testimony was also convincing that this increase can be accomplished within the existing retirement fund framework. Therefore there is no negative financial impact to the state. The amendment increases the minimum amount from \$5200 to \$10,000 as was the intent of the original legislation. It also establishes a percentage formula for COLA increases so that those on the bottom of the scale, the most needy, benefit most. For example, those currently receiving \$9300 or less will be increased to the minimum of \$10,000. Those currently receiving between \$9300 and \$11,699 will get a 7^{1/2} % COLA, but those currently receiving between \$15,700 and \$17,699 will get a COLA of only 3%. Vote 22-0.

Amendment (2009h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to additional cost of living adjustments and increased minimum allowances for certain retired group II members, and relative to requiring spousal acknowledgement of a member's election of an optional retirement allowance.

Amend the bill by replacing all after the enacting clause with the following:

1 Service Retirement; Group II; Minimum Allowance Increased. Amend RSA 100-A:5, II (c) (1) to read as follows:

(c)(1) Notwithstanding any provision of RSA 100-A to the contrary, any group II member who has retired on a full service retirement allowance shall receive a minimum service retirement allowance of ~~[\$5,200]~~ **\$10,000**. In comparing the minimum service retirement allowance and the full service retirement allowance, the full service retirement allowance shall be the sum of the basic allowance plus COLA's. The provisions of this subparagraph shall not apply to a group II member who has retired on a reduced or on a vested deferred retirement allowance. In the case of a group II member who has retired on a full service retirement allowance, and who has elected to convert the retirement allowance into an optional allowance for the surviving spouse under RSA 100-A:13, the surviving spouse shall be entitled to a proportional share of the ~~[\$5,200]~~ **\$10,000** which shall be based upon the optional allowance which the surviving spouse is receiving. Under no circumstances shall the provisions of this subparagraph be construed to reduce the retirement benefits being paid to a group II member as of the effective date of this subparagraph.

2 Optional Allowances; Spousal Acknowledgement of Election. Amend RSA 100-A:13, I to read as follows:

I. Any member who has reached service retirement age as provided in RSA 100-A:5, I(a), or II(a), or RSA 100-A:19-b, or any retiree within 120 days after the effective date of retirement, may elect to receive, instead of the retirement allowance otherwise payable, a retirement allowance of equivalent actuarial value under one of the options named in paragraph III, or to redesignate any such option previously elected. When the member elects to receive an optional retirement allowance under paragraph III, the beneficiary or beneficiaries whom the member nominates may include the member's spouse and/or children. The notice of election or change of retirement option shall be on a form designated by the board, **and which shall include a spousal acknowledgment with signature, if any election or change by the member**. The optional allowance shall be effective upon retirement if the election is made before the effective date of retirement, and on the first day of the month following receipt by the board of the notice of election or change of option if made during the 120-day grace period. When an election or change of option is made during the 120-day grace period, no retroactive adjustments will be made in payments already received by the retiree. After expiration of the 120-day grace period no change in option selection shall be permitted except as provided in paragraph II. If a retiree dies after filing notice of election or change of option during the 120-day grace period but before the effective date, the election or change shall be effective as of the date of death. If a member dies after filing an election for a survivorship retirement option and before the effective date of retirement, whether or not the member has filed for retirement, the beneficiary who was nominated by the member in the election of the option may elect to receive either the optional survivor benefit which the member had elected or the ordinary

death benefit provided under RSA 100-A:9, whichever is more advantageous to the beneficiary; provided that, in the case of the member's death before retirement, if the beneficiary named in the survivorship option election is not the same person as the beneficiary under RSA 100-A:9, then the death benefit under RSA 100-A:9, II, and not the survivorship option shall apply.

3 New Section; Supplemental Allowances for Certain Retired Group II Members. Amend RSA 100-A by inserting after section 41-a the following new section:

100-A:41-b Supplemental Allowances for Certain Retired Group II Members.

I. An eligible retired group II member of the New Hampshire retirement system, or beneficiary, whose annual retirement allowance as reported on the member's Internal Revenue Service Form 1099-R was less than \$17,700 and who retired on or before June 30, 1998, shall receive an additional allowance or a \$10,000 minimum service retirement allowance whichever is greater, as provided in paragraph II and RSA 100-A:5, II. An eligible retired group II member shall be a member, or beneficiary of such member, who retired with at least 20 years of creditable service under RSA 100-A:5, II, or member, or beneficiary of such member, who retired under RSA 100-A:6, II. The provisions of this section shall not apply to a group II member who has retired on a reduced or vested deferred retirement allowance. The additional allowance shall become a permanent addition to each member or beneficiary's base retirement allowance, as provided in RSA 100-A:41-a.

II. The supplemental allowance, or COLA, provided in paragraph I shall be the following percent increase for the following annual reported retirement allowance of each member:

- (a) Less than \$9,300, the applicable percentage to reach \$10,000;
- (b) \$9,300 - \$11,699, 7 1/2 percent;
- (c) \$11,700 - \$13,699, 5 1/2 percent;
- (d) \$13,700 - \$15,699, 4 percent;
- (e) \$15,700 - \$17,699, 3 percent.

4 Funding of Supplemental Allowances. The total actuarial cost of the additional allowances provided in RSA 100-A:41-b as inserted by section 3 of this act shall be funded on a terminal basis from the special account established in RSA 100-A:16, II(h).

5 Repeal. RSA 100-A:5, II(c)(2) and (3), relative to the reduction in minimum service retirement allowance due to federal social security benefits or other benefits, are repealed.

6 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill increases the minimum allowance and grants additional COLAs to retired group II members whose annual retirement allowance is less than a certain amount. The additional COLAs are funded on a terminal basis from the special account.

The bill also adds a requirement of spousal acknowledgment for a member's election or change of an optional allowance.

Reps. Virtue, Dyer and Dickinson spoke against.

Rep. Vivian Clark spoke in favor and yielded to questions.

Rep. Wallin spoke in favor.

Rep. Torr requested a roll call; sufficiently seconded.

The question being the adoption of the amendment.

and the amendment was adopted.

On a division vote, 210 members having voted in the affirmative and 109 in the negative, the report was adopted and ordered to third reading.

RECONSIDERATION

Having voted with the prevailing side, Rep. Vaillancourt moved that the House reconsider its action whereby it ordered to third reading **SB 186-FN**, relative to additional cost of living adjustments and increased minimum allowances for certain retired group II members, and relative to requiring spousal acknowledgement of a member's election of an optional retirement allowance, and spoke against.

On a division vote, 82 members having voted in the affirmative and 222 in the negative, reconsideration failed.

REGULAR CALENDAR (CONT'D.)

CACR 2, relating to supreme court rules. Providing that supreme court rules shall be subject to review and approval by a special legislative committee. **OUGHT TO PASS WITH AMENDMENT** Rep. Tony F. Soltani for Judiciary: The 1978 constitutional amendment to article 73-a was approved by the voters. The voters were not explicitly informed of the language that the rules of the Supreme Court would have the "force and effect of law." In fact, the question presented to the voters never mentioned those words. This language has been a source of controversy while the representatives of the court have repeatedly advised the Legislature that this language was superfluous and without substantive effect. This proposal seeks to remedy the oversight of the 1978 amendment by affording the voters an opportunity to choose after having been fully informed. The proposal clarifies an existing ambiguity. Vote 13-2.

Amendment (2015h)

Amend the title of the resolution by replacing it with the following:

RELATING TO: supreme court rules.

PROVIDING THAT: supreme court rules may not be inconsistent with statutes.

Amend the resolution by replacing paragraph I with the following:

I. That article 73-a of the second part of the constitution be amended to read as follows:

[Art.] 73-a [Supreme Court, Administration.] The chief justice of the supreme court shall be the administrative head of all the courts. He shall, with the concurrence of a majority of the supreme court justices, make rules governing the administration of all courts in the state and the practice and procedure to be followed in all such courts. The rules so promulgated shall have the force and effect of law; *provided, however, that such rules may not be inconsistent with statutes.*

Amend the resolution by replacing paragraph IV with the following:

IV. That the wording of the question put to the qualified voters shall be:

Are you in favor of amending the Constitution to provide that supreme court rules may not be inconsistent with statutes?

AMENDED ANALYSIS

This constitutional amendment-concurrent resolution provides that supreme court rules may not be inconsistent with statutes.

Adopted.

Rep. Boyce requested a roll call; sufficiently seconded.

The question being the adoption of the report.

and the report failed lacking the constitutionally required three-fifths.

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. Konys moved that the House reconsider its action whereby it failed to adopt the committee report on **CACR 2**, relating to supreme court rules. Providing that supreme court rules may not be inconsistent with statutes, by the constitutionally required three-fifths.

LAID ON THE TABLE

Rep. Mock moved that **CACR 2**, relating to supreme court rules. Providing that supreme court rules may not be inconsistent with statutes, be laid on the table.

Adopted. (Pending motion is reconsideration)

MOTION TO SPECIAL ORDER

Rep. Chandler moved that **CACR 22**, relating to 7-year terms for state judges. Providing that all state judges appointed on or after January 1, 2001 be commissioned for 7-year terms, which may be renewed, be made a Special Order for Thursday, January 27, 2000 in the regular calendar order. Adopted.

MOTION TO VACATE

Rep. Hager moved that the House vacate the references of the following bills to the Committee on Finance.

HB 1434, relative to processing applications under the medicaid waiver.

HB 1578-FN-A, relative to the joint promotional program and making an appropriation therefor.

HB 1580-FN-A-L, allowing businesses to apply the investment tax credit to contributions made to public schools, charter schools, and scholarship funding organizations.

HB 1599-FN-A-L, establishing a prescription drug payment assistance program and making an appropriation therefor.

CACR 31, relating to the constitutional duty of the legislature concerning the interest of literature and the sciences. Providing that the legislature shall no longer have the constitutional duty to promote the interest of literature and the sciences.

HB 1148-FN-L, relative to certain weighted pupils within the adequate education grant distribution formula.

HB 1180-FN, relative to separating the budget for New Hampshire public television from the university system of New Hampshire budget.

HB 1316-L, prohibits school districts from using disbursements from the education trust fund as unanticipated revenue.

HB 1352, requiring that state funding for public television be used exclusively for the production of original programming.

HB 1387-L, relative to pre-existing school districts within a cooperative school district.

HB 1461-FN-A-L, relative to an education property tax exemption and school choice.

HB 1572-FN-A-L, repealing the education trust fund, the sources of funding for the education trust fund, and the procedures for funding state aid for educational adequacy.

HB 1247-FN-L, increasing the tax rate assessed on excavated earth.

HB 1261-FN-A-L, replacing the excavation tax and excavation activity tax with an excavation yield tax.

HB 1339-FN-L, relative to the local option to exempt taxation of certain excavation activity.

HB 1178, relative to using state funds for changing the name of a state agency or department.

HB 1282, establishing a committee to study the possibility of self-insuring state employees.

HB 1356-FN, relative to sales tax exemption certificates for antique dealers.

HB 1473-FN, relative to the payment of certain costs to contract service providers or vendors for pending claims by the department of health and human services.

HB 1573-FN, relative to funding of the salary of the director of emergency medical services.

HB 1284-FN, prohibiting the courts from charging fees.

HB 1490-L, relative to enabling municipalities to enact a sales tax.

HB 1586-FN-A-L, relative to public highway safety grants and making an appropriation therefor.

HB 1321, relative to certain funds collected by order of the public utilities commission.

HB 1436-FN-A, reducing the temporary rate of the communications services tax.

HJR 22, relative to the unintended consequences of the Balanced Budget Act of 1997.

HB 1491-FN, granting an adjustment to the business enterprise tax paid by transportation companies that contract for the transportation of public school pupils.

Rep. Hager spoke in favor and yielded to questions.

Rep. Chandler spoke against.

Reps. Royce and Herman spoke against and yielded to questions.

Rep. Langone moved that the motion to vacate be postponed to a time certain on the next session day and spoke in favor.

On a division vote, 94 members having voted in the affirmative and 191 in the negative, the motion to postpone failed.

Rep. Lozeau spoke against the motion to vacate.

Rep. Herman requested a roll call; sufficiently seconded.

The question being the motion to vacate.

and the motion failed.

RECONSIDERATION

Having voted with the prevailing side, Rep. Young moved that the House reconsider its action whereby it ordered to third reading **HB 235-FN-A**, increasing exemptions under the interest and dividends tax, and spoke against.

Reconsideration failed.

RESOLUTION

Rep. Chandler offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Thursday, January 27, 2000 at 10:00 a.m.

Adopted.

LATE SESSION**Third reading and final passage**

HB 235-FN-A, increasing exemptions under the interest and dividends tax.

SB 36-FN-A, relative to salary increases for care providers for persons with developmental and acquired disabilities and making an appropriation therefor.

SB 186-FN, relative to additional cost of living adjustments and increased minimum allowances for certain retired group II members, and relative to requiring spousal acknowledgement of a member's election of an optional retirement allowance.

RECESS MOTION

Rep. Chandler moved that the House stand in recess for the purpose of introduction of bills, receiving Senate messages, enrolled bill amendments and enrolled bill reports only.

Adopted.

The House recessed at 5:25 p.m.

RECESS

(Rep. Sapareto in the Chair)

RESOLUTION

Rep. Dickinson offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, House Bill numbered 1614, shall be by this resolution read a first and second time by the therein listed title, sent for printing, and referred to the therein designated committee. Adopted.

INTRODUCTION OF HOUSE BILL

First, second reading and referral

HB 1614, naming 2 bridges. (L'Heureux, Hills 18; Jacobson, Merr 2; Milligan, Hills 18; Griffin, Rock 27; D. White, Hills 25; Roberge, Dist 9; D'Allesandro, Dist 20; Disnard, Dist 8; Johnson, Dist 3; F. King, Dist 1: Public Works and Highways)

SENATE MESSAGES

NONCONCURRENCE

HB 366, repealing the requirement that persons filing for a primary on the last day of the filing period do so in person.

CONCURRENCE

HB 448, relative to the board of dental examiners and the regulation of dentists and dental hygienists.

CONCURRENCE WITH AMENDMENTS

SB 29-L, relative to the proper sheltering of dogs.

SB 86, relative to enforcement of the collection and payment of county taxes by the county treasurer.

SB 162, authorizing licensure and regulatory oversight of voluntary small employer health insurance purchasing alliances.

SB 176-FN-A, relative to technology support for individuals and establishing a committee to study certain assistive technology services provided statewide.

SB 222-FN-A-L, relative to guarantee of loans to local development organizations.

RECESS

(Rep. Clegg in the Chair)

RESOLUTION

Rep. Lozeau offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, Senate Bill numbered 46 shall be by this resolution read a first and second time by the therein listed title, and referred to the therein designated committee.

Adopted.

INTRODUCTION OF SENATE BILL

First, second reading and referral

SB 46-FN, relative to the applicability of mooring permit requirements. (Resources, Recreation and Development)

RECESS

(Rep. Chandler in the Chair)

RESOLUTION

Rep. Lozeau offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, House Bill numbered 1615, shall be by this resolution read a first and second time by the therein listed title, sent for printing, and referred to the therein designated committee.

Adopted.

INTRODUCTION OF HOUSE BILL**First, second reading and referral**

HB 1615-L, relative to the application of a local per capita income weighting factor to the education property tax. (Bradley, Carr 8; Chandler, Carr 1; Patten, Carr 9; Finance)

RECESS

(Rep. Fields in the Chair)

ENROLLED BILL AMENDMENT

SB 176-FN-A, relative to technology support for individuals and establishing a committee to study certain assistive technology services provided statewide. (Amendment printed SJ 2/3/00)
Adopted.

RECESS

(Rep. Leighton Pratt in the Chair)

ENROLLED BILL AMENDMENT

HB 448, relative to the board of dental examiners and the regulation of dentists and dental hygienists.

Amendment (3153-EBA)

Amend section 30 of the bill to read as follows:

30 Effective Date. This act shall take effect July 1, 2000.

Adopted.

RESOLUTION

Rep. Betty Hall offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, House Bills numbered 1200 and 1616, shall be by this resolution read a first and second time by the therein listed titles, sent for printing, and referred to the therein designated committees.
Adopted.

INTRODUCTION OF HOUSE BILLS**First, second reading and referral**

HB 1200-FN, relative to the application of education property tax hardship relief to real estate trusts. (Chandler, Carr 1; Mock, Carr 3; Patten, Carr 9; Hess, Merr 11; Vaughn, Rock 35; Cohen, Dist 24; Klemm, Dist 22; Johnson, Dist 3; F. King, Dist 1; Gordon, Dist 2: Finance)

HB 1616-FN, relative to registration fees for certain construction equipment vehicles. (J. Flanders, Rock 18; Chandler, Carr 1; McCarty, Hills 38: Transportation)

RECESS

(Rep. Chandler in the Chair)

RESOLUTION

Rep. Sytek offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, House Bill numbered 1617, shall be by this resolution read a first and second time by the therein listed title, sent for printing, and referred to the therein designated committee.
Adopted.

INTRODUCTION OF HOUSE BILL**First, second reading and referral**

HB 1617-FN, relative to suspension of a driver's license for sufficient cause. (Packard, Rock 29; Letourneau, Rock 13; Bartlett, Belk 6: Transportation)

RECESS**(Speaker Sytek in the Chair)****COMMITTEE ASSIGNMENTS**

Rep. Marie N. Rabideau off State-Federal Relations and Veterans Affairs; on Legislative Administration.

Rep. David A. Young off Legislative Administration; on State-Federal Relations and Veterans Affairs.

Rep. Chandler moved that the House adjourn.

Adopted.

HOUSE JOURNAL No. 4

Thursday, January 27, 2000

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by Guest Chaplain, Reverend Hays M. Junkin, Rector of Saint Andrew's Episcopal Church in Hopkinton.

Gracious Creator, of all that is seen and unseen, we stand before You in thanksgiving for the liberties and freedoms we share as Americans and as citizens of New Hampshire. We ask for Your continued blessing upon the honorable work done in this chamber. Give wisdom, insight, and courage to the legislators here assembled, that they may serve to promote the dignity and well being of those who sent them here. Give patience and energy to all those who staff this hallowed chamber and who work behind the scenes to support the democratic process that we cherish. And as we approach our Presidential primary decision, stir up among all the people of New Hampshire a true love for freedom, that each may participate as his or her conscience dictates, and that each may be a faithful steward and defender of the liberties we share. Amen.

Rep. Holbrook led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. Bishop, Julie Brown, Cobb, Patricia Cote, Eaton, Ford, Goulet, Guay, Hamel, Hawkinson, Henderson, Heon, Howard, Jane Kelley, McDonough-Wallace, Nichols, Royce, Sabella, Searles, Shelton, Taylor and Turner, the day, illness.

Reps. Asplund, Blanchard, Bridle, Doucette, Flint, Fraser, Glines, Hess, Kaen, LaMott, Leber, McIntyre, McKinney, O'Keefe, Marsha Pelletier, Priestley, Rosenfield, St. Cyr, Torr, Williams and Woodward, the day, important business.

INTRODUCTION OF GUESTS

Douglas Campbell, guest of Rep. Sullivan. Noreen McCarthy, wife of Rep. McCarthy. Patricia McDonald, wife of Rep. McDonald. Chris Rawsthorne, guest of Reps. Virtue and Dickinson.

CLERK'S NOTE

When less than two-thirds of the elected membership is present, Part II, Article 20 of the state constitution requires the assent of two-thirds of those present and voting to render their acts and proceedings valid.

COMMITTEE REPORTS

CONSENT CALENDAR

Rep. Chandler moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

HCR 29, promoting the development and implementation of a financial literacy curriculum for primary school pupils in New Hampshire, removed by Rep. Kenney.

HB 1198, establishing a procedure for the 2001 voter checklist verification, removed by Rep. Kennedy.

CACR 35, relating to malfeasance and crime in state agencies. Providing that a permanent grand jury shall be established to review and investigate all actions by agencies of the state of New Hampshire and all indictments arising therefrom shall be prosecuted promptly and without delay, removed by Rep. Mirski.

HB 1263-FN, establishing the crime of misrepresentation of law or facts of a case by a state judicial, executive, or legislative official, removed by Rep. Christiansen.

HB 1486-FN, making the penalty for the offense of official oppression a felony and creating a civil cause of action against public officials for abuse of office or improper influence, removed by Rep. Weyler.

HB 1290, relative to liability for motor vehicle state inspection, registration, and equipment violations, removed by Rep. Vaillancourt.

Consent Calendar adopted by the necessary two-thirds.

HB 1212, relative to extending the reporting date of the open adoption study committee. OUGHT TO PASS

Rep. Laura C. Pantelakos for Children and Family Law: The committee felt that more time was needed to study this issue. Vote 13-0.

HB 1130, relative to persons conducting alcohol concentration tests. OUGHT TO PASS WITH AMENDMENT

Rep. John E. Tholl, Jr. for Criminal Justice and Public Safety: This bill re-establishes the right of a defendant to confront the evidence against him/her at trial. When RSA 265:90 was amended to permit the certifying scientist to testify at trial rather than the chemist performing the test, it inadvertently removed the right for the defendant to question the person performing the breath test. The committee felt that this was a fairness issue. The amendment only changes the effective date to upon passage. Vote 14-0.

Amendment (3107h)

Amend the bill by replacing section 3 with the following:

3 Effective Date. This act shall take effect upon its passage.

HB 1136, adding the dean of the college for lifelong learning to the university system of New Hampshire board of trustees. OUGHT TO PASS WITH AMENDMENT

Rep. David E. Larrabee, Sr. for Education: This bill corrects an inequity in the university system of three out of four Presidents being on the Board of Trustees. This legislation includes the President of the College of Life Long Learning. The amendment corrects language in other sections of the law referring to CLL. The committee recognizes the inflated number of trustees on the Board and instructed a letter be sent to the University Oversight Committee to review and make recommendations on this issue. Vote 14-1.

Amendment (3064h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the university system of New Hampshire board of trustees.

Amend RSA 187-A:13, I as inserted by section 2 of the bill by replacing it with the following:

I. [~~Seven~~] **Eight** ex-officio members: the governor of the state, the chancellor of the university system, the commissioner of agriculture, markets, and food, the commissioner of education, the president of the university of New Hampshire, the president of Plymouth state college, the president of Keene state college, *the president of the university system college for lifelong learning*;

Amend the bill by inserting after section 2 the following and renumbering the original section 3 to read as section 5:

3 State College and University System; Operation of the Board of Trustees; Quorum Amended. Amend RSA 187-A:15, IV to read as follows:

IV. [~~Thirteen~~] **Fourteen** members shall constitute a quorum for the transaction of business, but not less than 14 affirmative votes shall be required to elect the chancellor of the university system or a college or university president;

4 State College and University System; Authority of the Trustees; Name Change Inserted. Amend RSA 187-A:16, I to read as follows:

I. Appoint and fix the compensation of a president of the university of New Hampshire, a president of Keene state college, a president of Plymouth state college, and a [~~dean~~] **president** of the university system college for lifelong learning, who shall be the chief academic and administrative officers of their respective institutions. The chief executive officer of each institution shall have the authority for and be responsible for the general administration and supervision of all aspects of the institutional, research and service programs of that institution.

AMENDED ANALYSIS

This bill:

I. Changes the title of the dean of the college for lifelong learning to the president of the college for lifelong learning.

II. Adds the president of the college for lifelong learning to the university system board of trustees.

III. Increases from 13 to 14 the quorum required on the university system board of trustees.

HB 1150, relative to voter registration for official ballot meetings. OUGHT TO PASS

Rep. Jane A. Clemons for Election Law: This bill allows persons to register to vote at the polling place at official ballot meetings where persons may vote by absentee ballot. Vote 15-0.

HB 1186, extending the reporting date of the Sullivan county regional refuse disposal district issues study committee. OUGHT TO PASS

Rep. John G. Tuthill for Environment and Agriculture: This bill extends the reporting date of the committee studying issues pertaining to the Sullivan County Regional Refuse Disposal District. The committee shall report and make recommendations for legislation on or before November 1, 2000. Vote 15-0.

HB 1175, relative to license renewal for dental hygienists. OUGHT TO PASS

Rep. Syliva A. Holley for Executive Departments and Administration: This bill changes the year of license renewal for dental hygienists from even-numbered years to odd-numbered years. Presently, both dentists and dental hygienists are renewed in even numbered years. By changing hygienist license renewal to odd-numbered years, the board's workload would be more evenly distributed and the office more efficient. Vote 15-0.

HB 1176, relative to publication of notice of meetings of the joint health council. INEXPEDIENT TO LEGISLATE

Rep. Alida I. Millham for Executive Departments and Administration: The Joint Health Council consists of representatives from the Board of Nursing, the Board of Pharmacy and the Board of Medicine who meet to determine and revise the drug formulary for advanced registered nurse practitioners. Given the importance of the council and the relationship between the board, it is appropriate to continue to post the notice of their meetings in the House and Senate calendars. Vote 15-0.

HB 1223, changing the name, amending the duties, and extending the reporting date of the committee to study the unclassified salary structure for state officers. OUGHT TO PASS

Rep. Merton S. Dyer for Executive Departments and Administration: This bill will continue the committee established by Chapter 203:3 of the 1999 session and extend the reporting date for the study of the unclassified study committee. The committee working with the Department of Administrative Services needs to be continued so that the completed study can be ready by late summer and legislation, if needed, can be drafted for the 2001 session. Vote 13-0.

HB 1117-FN-A, establishing a retail sales fee on alcoholic beverages. INEXPEDIENT TO LEGISLATE

Rep. O. Alan Thulander for Finance: At the request of the prime sponsor, the bill was withdrawn from legislative consideration. Vote 18-0.

HB 1142, establishing a study committee to evaluate the Medicaid "In and Out" Program. INEXPEDIENT TO LEGISLATE

Rep. Marion L. Copenhaver for Health, Human Services and Elderly Affairs: The committee heard testimony about the Medicaid "In and Out" program that is complicated by federal regulations regarding eligibility. The basic issue of explaining these qualifications seemed to be centered in one district office. The Health and Human Services Oversight Committee will be monitoring this program at future meetings. Vote 13-1.

HB 1206, extending the reporting date of the committee studying alcohol and drug abuse prevention. OUGHT TO PASS

Rep. Walter D. Ruffner for Health, Human Services and Elderly Affairs: This is an extremely important function and the committee is discovering abundant and relevant information that can be positive and a remedial benefit to those who are tragically affected by the abuse of drugs or alcohol. The members of the committee have asked for more time to materialize their findings and uncovering more information. Vote 11-0.

HB 1256, clarifying certain health care laws. OUGHT TO PASS

Rep. James P. Pilliod for Health, Human Services and Elderly Affairs: This bill relieves retired physicians from the quarterly task of filing ownership interests in medical service entities since there is no financial implications after retirement which would require disclosure under federal or state law. Vote 13-0.

HB 1272, allowing school nurses to possess and administer epinephrine for certain emergency treatment. OUGHT TO PASS

Rep. James P. Pilliod for Health, Human Services and Elderly Affairs: This bill would provide additional protection to schoolchildren, especially in cases of an anaphylactic shock emergency. This problem was of particular concern to school nurses who would be substantially relieved by the passage of this bill, which authorizes school nurses to possess the proper medication and equipment. Vote 14-0.

HB 1301, relative to regional appointments to the state committee on aging. OUGHT TO PASS WITH AMENDMENT

Rep. Alphonse Haettenschwiler for Health, Human Services and Elderly Affairs: The committee heard only testimony supporting this legislation which insures that there will be at least one member on the State Committee on Aging from each county. It also updates current legislation to reflect that the Division of Elderly and Adult Services of the Department of Health and Human Services and Elderly Affairs receives federal or other funds rather than the committee. Vote 14-0.

Amendment (3095h)

Amend the bill by replacing all after the enacting clause with the following:

1 Regional Representation on the State Committee on Aging. Amend RSA 161-F:7, I to read as follows:

1. There shall be a **state committee on aging** which shall consist of 18 members. The committee shall include the chairperson of the joint legislative committee on elderly affairs, one representative appointed by the speaker of the house, and one senator appointed by the senate president. Three members shall be appointed by the governor with the approval of the council from each of the 5 councilor districts established under RSA 662:2. *Those members appointed by the governor shall include at least one member from each county.* ~~[The committee shall also include the chairman of the joint legislative committee on elderly affairs, one representative appointed by the speaker of the house, and one senator appointed by the president of the senate. Each of the members shall serve for a term of 3 years except the legislative members' terms shall be co-terminous with their 2-year legislative terms.]~~ At least 8 members shall be 60 years of age or older at the time of their appointment, and not more than 8 members shall be of the same political party. Nine members shall constitute a quorum. *Each of the members shall serve for a term of 3 years, except the legislative members' times shall be co-terminous with their 2-year legislative terms.* No member shall serve more than 2 consecutive terms, and no member shall have a material financial interest in any agency receiving federal or other funds administered by the ~~[committee]~~ *division of elderly and adult services of the department of health and human services.*

2 Effective Date. This act shall take effect 60 days after its passage.

HB 1325, establishing a study committee to address smoking in motor vehicles. INEXPEDIENT TO LEGISLATE

Rep. Peter Batula for Health, Human Services and Elderly Affairs: Although well intentioned, the committee was totally convinced that this was an educational situation not a law enforcement situation. In addition, if a law were established/passed, enforcement would be next to impossible. In the opinion of the committee, the implied study committees' effort would be to make it a law enforcement issue. Vote 14-0.

HB 1337, repealing the New Hampshire foundation for mental health. OUGHT TO PASS

Rep. Joseph Manning for Health, Human Services and Elderly Affairs: The New Hampshire Foundation for Mental Health came into existence when the then, new NH hospital was first opened in the 1980's. The foundation board was charged with finding grant monies for programs at the hospital. Since the department did, and still does fine work in this regard, the Board ceased to meet nine years ago, but this "no longer necessary law" has never been taken off the books. The department concurs with our vote. Vote 13-1.

HB 1379, establishing a long-term care council. INEXPEDIENT TO LEGISLATE

Rep. Andre A. Martel for Health, Human Services and Elderly Affairs: This particular bill would establish a new council to oversee long-term care policies in the state. Oversight on this issue already exists in the Health and Human Services Oversight Committee. There is also, an existing 16-member Long Term Care Institute, which has a distinct interest in long term care in New Hampshire. Vote 14-0.

HB 1394, requiring physicians to conduct examinations of the entire colon for certain patients. INEXPEDIENT TO LEGISLATE

Rep. Walter Ruffner for Health, Human Services and Elderly Affairs: The committee deemed it inappropriate to legislate medical practices. The concerns of the sponsor of this bill are indeed understandable and the support of this practice of colonoscopies is highly noted. Vote 14-0.

HB 1538-FN, relative to coverage of treatment for periodontal disease for adults on medicare or medicaid. INEXPEDIENT TO LEGISLATE

Rep. Alphonse Haettenschwiler for Health, Human Services and Elderly Affairs: The committee had great sympathy for the problem that this proposed legislation seeks to address. The problem of dental care for low-income adults is a longstanding problem that certainly needs to be addressed, but in a much broader context than only non-surgical treatment of periodontal disease. The committee stands ready to review any proposed legislation that looks at the broad issue of dental care for adults under Medicaid. Also, as the budget for the biennium is set, any monies spent in this proposed program would have to come from existing programs that already may have limited funds. Vote 14-1.

HB 1233, relative to interest on judgments. OUGHT TO PASS WITH AMENDMENT

Rep. Robert H. Rowe for Judiciary: Presently, interest is assessed on judgments under two separate statutes. The current law provides for accrual of interest from the commencement of the action until the entry of the verdict. Another law allows interest to be assessed after execution is taken. This bill consolidates the existing law and clears the ambiguity and provides continuity in assessing interest from the entry of the action until final tender. Vote 14-0.

Amendment (3109h)

Amend the bill by replacing sections 1 and 2 with the following:

1 Simple Interest on Judgments. Amend the section heading and paragraph 1 of RSA 336:2 to read as follows:

336:2 Time of Effective Rate; *Accrual of Simple Interest.*

1. The rate paid on judgments shall be the rate in effect at the time the verdict is rendered or a finding for pecuniary damages is made, as certified by the clerk of court. *Simple interest on judgments shall be imposed from the date the action is commenced to the date the judgment is paid.*

2 Simple Interest on Executions in Civil Actions. Amend RSA 527:10 to read as follows:

527:10 Interest. Simple interest is payable on executions in civil actions ~~[from the time of judgment rendered]~~ *in a manner consistent with the provisions of RSA 336:2, 1.*

AMENDED ANALYSIS

This bill establishes that simple interest on judgments shall be imposed from the date the action is commenced to the date of payment of the judgment.

HB 1477-FN-L, relative to notification of public proceedings. INEXPEDIENT TO LEGISLATE

Rep. Terri C. Dudley for Judiciary: The committee felt that the notification laws and process now in place are working adequately. This bill has the potential to have substantial financial impact on all towns, counties and state governments. This raised Art. 28-A red flags. Further, the bill was drafted so specifically as to where a notice was to be posted that it just couldn't be applicable on a statewide basis. There was also a problem with daily, weekly and monthly newspaper notices. The committee felt that we should leave well enough alone. Vote 16-0.

HB 1122, relative to firewards. INEXPEDIENT TO LEGISLATE

Rep. Anthony F. Simon for Municipal and County Government: This bill would have prohibited fire chiefs who were appointed by the firewards from, at the same time, being a fireward. Current law is the product of a study committee which approximately seven (7) years ago considered this subject thoroughly. Municipal and County Government found that passing this bill would affect the operations of fire departments in many communities in the state. Furthermore, municipalities already have the authority to enact this prohibition if they so choose. Vote 15-0.

HB 1425-L, relative to driveway permits. INEXPEDIENT TO LEGISLATE

Rep. William J. Kelley for Municipal and County Government: This bill would transfer the authority to issue driveway permits from Planning Boards to Boards of Selectmen and city

councils. The committee unanimously agreed that this authority should not be transferred and should continue to be where it belongs, with the Planning Board. Vote 16-0.

HB 1141, relative to access highways to public waters. OUGHT TO PASS

Rep. John R. Cloutier for Public Works and Highways: This bill would permit new boating access highways to be called Class III-a highways, to be laid out subject to the condition that they may not be maintained during the winter months. Also, such highways may be laid out subject to gates and bars or restricted to the accommodation of foot or vehicular traffic or both if federal funds are not used. Under the bill, Fish and Game Department's executive director may petition the Governor and Council to discontinue such highways. Finally, the bill also eliminates the requirement that refurbished service roads included in the statewide public boat access program be laid out as limited access facilities. The Public Water Access Advisory Board chair testified at the hearing that his board is in favor of the bill. Vote 14-0.

HB 1245, relative to notice of railroad construction projects. INEXPEDIENT TO LEGISLATE

Rep. Barbara L. Spear for Public Works and Highways: The existing procedures for rebuilding, modernization or maintenance projects for rail lines include working with the local community to keep the inconvenience to that community to a minimum. The incident in Wakefield, where the highway crossing was closed without notice by the railroad causing much disruption to the community, was unfortunate, but was an exception to the usual procedure. The committee was very concerned with this possible disregard for other forms of transportation other than railroads. We felt that these occurrences should be watched closely and will respond with legislation. Vote 14-0.

HB 1566-FN, relative to perambulation between states. OUGHT TO PASS

Rep. Barbara L. Spear for Public Works and Highways: Terminology for all the boundaries between New Hampshire and neighboring states should be the same. This bill recodifies old statutes and makes them gender neutral. Vote 14-0.

HB 1287, relative to the membership of the water council. OUGHT TO PASS

Rep. MaryAnn N. Blanchard for Resources, Recreation and Development: This bill authorizes "designees" for ex-officio members of the Water Council and requires members of this Council to take an oath. This Council acts on Department of Environmental Services (DES) grants and loans, reviews administrative rules for water issues, decides appeals of DES orders among other responsibilities. Attendance is very important and consistency of representation from each of the five ex-officio members is essential for thorough review of all matters that come before the Council. There was no testimony opposed to this bill. Vote 15-0.

HB 1306, relative to boating on Sandogardy Pond in the town of Northfield. INEXPEDIENT TO LEGISLATE

Rep. David M. Lawton for Resources, Recreation and Development: This bill would ban petroleum-powered motor boats on the waters of Sandogardy Pond, an approximately (41) acre water body in the town of Northfield. Also, the bill would require that any fines collected as a result of the ban be paid to the town. There was significant local opposition to the ban including the board of selectmen of Northfield, as well as several shorefront property owners. Since the Department of Safety currently has in place a good hearing/approval process to impose such bans, the majority of the committee recommends that HB 1306 be voted inexpedient to legislate. Vote 14-1.

HB 1386, designating segments of the Souhegan River as protected under the rivers management and protection program. OUGHT TO PASS

Rep. Timothy D. O'Connell for Resources, Recreation and Development: Towns along the Souhegan River are experiencing continual development pressure. The nomination process received strong regional support, together with active involvement of numerous agencies, and associations. The acceptance of the Souhegan River into the Rivers Management Protection Program will result in greater community awareness and co-operation in managing this resource. Vote 15-0.

HB 1161, making technical changes to the New Hampshire Aeronautics Act and establishing a committee to study revisions to the state aeronautics laws. OUGHT TO PASS

Rep. Robert H. Milligan for Transportation: This bill recommends technical corrections to New Hampshire State Aeronautics laws, with assistance of an appointed study committee. This bill is a request of the NH State Aeronautics Commission. Vote 15-0.

HB 1353, raising driver testing standards. **INEXPEDIENT TO LEGISLATE**

Rep. George A. LaPorte for Transportation: Since the prime sponsor has spoken to the Commissioner of the Department of Safety, they feel that they can improve testing within the Department of Safety. Vote 16-0.

HB 1378, establishing a task force to conduct an ongoing study of the feasibility of re-establishing passenger rail service on the Eastern Line from Newburyport, Massachusetts to Kittery, Maine. **OUGHT TO PASS**

Rep. George N. Katsakiores for Transportation: This bill establishes a task force to monitor the revitalization of the Newburyport, MA to Kittery, ME rail corridor. This rail service would provide economic benefit to the Seacoast area. The task force will cite the benefits to the Pease and Port Authorities with regards to commuter and tourist rail service, as well as economic benefit. The task force will report every six months to the Speaker of the House, the President of the Senate and the Governor. Vote 15-0.

HB 1409, establishing a committee to study the feasibility of reestablishing the Lawrence, Massachusetts to Manchester, New Hampshire rail service line and the Concord to Lebanon Northern passenger rail service line. **OUGHT TO PASS WITH AMENDMENT**

Rep. George N. Katsakiores for Transportation: With interest in developing a multi-modal transportation system in New Hampshire, with railroad advocates promoting the reintroduction of rail transportation in our state, a study committee would look at the most important corridor, from Lawrence, MA to Lebanon, NH. This is the first step in revitalization of the Boston to Montreal service. The study committee hopefully will report their findings positive, and provide the Legislature with a great deal of knowledge as to rail service restoration and its economic benefit to our state. Vote 15-0.

Amendment (3052h)

Amend the bill by replacing section 3 with the following:

3 Duties. The committee shall evaluate potential ridership demand over the next 5 to 10 years, the costs associated with reestablishing the lines, the opportunities for private/public partnerships to assist in funding the project, and the interactions required between participating states. The committee shall work collaboratively with all geographically associated regional planning commissions.

HB 1588, relative to the authority of the department of transportation regarding rail safety inspections. **OUGHT TO PASS WITH AMENDMENT**

Rep. George N. Katsakiores for Transportation: This bill authorizes the Department of Transportation Commissioner to carry out railroad safety inspections as prescribed by the Secretary of Transportation under the authority of the Federal Railroad Safety Act of 1970. For railroad properties not subject to federal regulations, the Commissioner may adopt rules under RSA 541-A and carry out such inspections as are necessary to maintain safety within the state. Vote 15-0.

Amendment (3117h)

Amend RSA 367:55, I-II as inserted by section 2 of the bill by replacing it with the following:

I. For railroad properties within the state that are subject to federal regulation, the commissioner shall have the authority to participate in carrying out inspection activities in connection with any rule, regulation, order, or standard prescribed by the Secretary of Transportation of the United States under the authority of the Federal Railroad Safety Act of 1970, as amended, provided that the commissioner shall comply with all of the requirements imposed by federal law as a condition to such participation.

II. For railroad properties within the state that are not subject to federal regulation, the commissioner may adopt rules pursuant to RSA 541-A and in conformance with the Federal Railroad Safety Act of 1970, as amended, setting safety standards for signal and train control, motive power and equipment, operating practices, hazardous material handling, and track used in or constituting a part of such properties. The commissioner shall carry out such inspections as are necessary to maintain railroad safety within the state. If the commissioner finds any equipment or facilities to be unsafe, a proceeding shall be commenced as provided by law to develop an order for corrective action.

HB 1167, exempting certain dog trainers from the requirement of possessing a hunting license. **INEXPEDIENT TO LEGISLATE**

Rep. Dennis F. Abbott for Wildlife and Marine Resources: It was agreed, by the sponsors and the Fish and Game Department, that the intent of this bill regarding the training of hunting dogs could and is being met by rulemaking pursuant to RSA 541-A. Therefore, the committee and the sponsors request that the bill be made Inexpedient To Legislate. Vote 13-0.

HB 1225, relative to the name of the department of fish and game. **OUGHT TO PASS**

Rep. Gene G. Chandler for Wildlife and Marine Resources: During the summer, the Fish and Game Department held hearings regarding possible name changes for the Department. Given that our deadline for filing bills was after the hearings were to conclude, and understanding the strong objections of sportsmen and sportswomen to changing the name of the Department, it was necessary to file a bill to ensure that the name remained the Fish and Game Department. While the hearings showed the strong public objection to a name change and the Fish and Game Commission voted to not recommend a change, all the sponsors and the Wildlife and Marine Resources Committee, by unanimous vote, concluded the bill should pass as written, thereby firmly establishing the traditional and long respected name, The Fish and Game Department. Vote 14-0.

HB 1262-FN, establishing a fly-fishing stamp for persons possessing a fishing license who wish to fly-fish in waters designated fly-fishing only. **INEXPEDIENT TO LEGISLATE**

Rep. Betsy McKinney for Wildlife and Marine Resources: The theory that fly-fishing is elitist prompted this legislation, however, testimony did not support this perception. Fish and Game Department uses fly-fishing to help maintain fish levels and conservation of smaller areas from overfishing, i.e. fly-fishermen don't catch as many fish as "bait" fishermen. Nothing prohibits any "bait" fisherman from becoming a fly-fisherman. Committee felt this legislation was unnecessary. Vote 11-2.

HB 1455, relative to residency requirements for persons over 68 possessing a special complimentary license to hunt, fish, or trap. **OUGHT TO PASS WITH AMENDMENT**

Rep. Robert J. L'Heureux for Wildlife and Marine Resources: The original bill dealt with special hunting, fishing and trapping licenses for persons over 68 and while the committee felt there was some merit in this concept, it became readily apparent that the bill created more problems than it would solve. The Fish and Game Department had come to the committee with a late request to have legislation passed to allow the Department to sell licenses electronically on the Internet with bonded agents. Even though the proposal was germane to the original license bill, the committee held a public hearing on the Department's idea and voted unanimously to support the amendment which replaces the original bill. Vote 14-0.

Amendment (3094h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the authority of the fish and game department for the electronic issuance of licenses, permits, stamps, and tags.

Amend the bill by replacing all after the enacting clause with the following:

1 Issuance of Licenses; Section Heading Changed. Amend the section heading of RSA 214:7 to read as follows:

214:7 Issuance of Licenses; License Agents; *Electronic Issuance*.

2 New Paragraph; Electronic Issuance; Rulemaking. Amend RSA 214:7 by inserting after paragraph V the following new paragraph:

VI. The executive director may adopt rules pursuant to RSA 541-A for the electronic issuance of licenses, permits, stamps, and tags under the provisions of this title, by an agent or by the department. Any such rules may include procedures for verification of residency, the determination of sufficient proof of hunter education or other certification requirements, and any requirements of the licensee as to the use of the license, permit, stamp, or tag acquired electronically.

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill adds a rulemaking provision for the fish and game department on the electronic issuance of licenses, permits, stamps, and tags.

HB 1604-FN-L, establishing the position of state animal control officer. REFER FOR INTERIM STUDY

Rep. Dennis F. Abbott for Wildlife and Marine Resources: This bill establishes the position of a statewide animal control officer to act as a resource for towns and cities, and accordingly, to provide technical backup. The committee feels that the legislation has merit, but the question of an unfunded mandate must be addressed and suitable funding found. Vote 14-0.

REGULAR CALENDAR

SB 147, relative to self-referrals for chiropractic care under managed care organizations. OUGHT TO PASS WITH AMENDMENT

Rep. Martha Fuller Clark for Commerce: This bill was re-committed to the committee for a minor correction. The original committee amendment provided for a "maximum" of 12 direct access chiropractic visits under managed care for those plans that choose to sell a chiropractic benefit. The use of the term maximum had the potential of creating the unintended consequence of limiting those plans that presently allow for more than 12 direct access visits. To address this concern, the term "maximum" was removed. With the new committee amendment, the bill makes it clear that managed care plans can offer more than 12 annual direct access visits for chiropractic care if they choose to. In working on this legislation, the committee heard testimony in a hugely attended public hearing about current problems with managed care's inability to manage effectively chiropractic benefits. Many healthcare consumers claimed that they are being denied access to chiropractic care for which they have already purchased coverage. The amendment to SB 147 stipulates that managed care plans that already sell chiropractic benefits must allow 12 annual self-referral chiropractic visits before utilization review of treatment will be required. It also requires a doctor, after an initial consultation, must send documentation to the insurer and/or the primary care physician. A section of the Senate version would have required that insurers pay all chiropractic providers a comparable fee if they perform a comparable service. The Commerce Committee has substituted non-discrimination language instead, believing it to be the better solution. Vote 11-1.

Amendment (3066h)

Amend the bill by replacing all after the enacting clause with the following:

I New Section; Chiropractic Care. Amend RSA 420-J by inserting after section 6-9 the following new section:

420-J:6-b Self-referrals for Chiropractic Care. A health benefit plan under this chapter offering chiropractic benefits shall provide benefits to a covered person who utilizes services of a chiropractic provider (doctor of chiropractic) by self-referral for 12 visits under the following conditions:

I. Unless otherwise provided for by the health benefits plan, self-referral visits shall not apply to wellness care visits.

II. A covered person may utilize the services of a doctor of chiropractic as defined in RSA 316-A, without discrimination relative to access and fees, subject to the terms and conditions of the policy.

III. The health benefit plan shall fully disclose to the certificate holder in clear and understandable language the exact terms and conditions of each option that the certificate holder has purchased along with the co-payments or other cost-sharing features of each option.

IV. Within 10 working days of the first visit or consultation, the doctor of chiropractic shall send to the health benefit plan, or its designee, the chiropractic case findings. This shall be sufficient documentation for the initial 12 visits.

V. After 12 self-referral visits, a covered person who is continuing chiropractic care may be subject to utilization review from the health plan, or its designee, for the purpose of continued care. A provider of the same specialty shall be consulted when making any utilization review determination under this section.

VI. If the chiropractic provider recommends care beyond 12 visits, the participating doctor of chiropractic shall send to the insurer, or its designee, documentation containing information on the covered person's progress and necessity of care as well as a care plan for extended chiropractic care. The care recommendation shall be deemed authorized if the health benefit plan does not respond to the care recommendation within 7 business days. If the doctor of chiropractic fails to provide the required documentation, the insured or its covered person shall not be liable to the chiropractic provider for any unpaid fees.

VII. The covered person shall retain the right to choose chiropractic care on an elective, self-pay, fee-for-service basis; no entity regulated under this chapter shall prohibit a doctor of chiropractic from continuing care on an elective, self-pay, fee for service basis.

VIII. Nothing in this section is intended to limit the health plan's ability to credential providers or structuring with network providers.

2 Effective Date. This act shall take effect 60 days after its passage.

Adopted the necessary two-thirds.

Report adopted and ordered to third reading by the necessary two-thirds.

CLERK'S NOTE

The Constitutionally required two-thirds of the membership was declared present.

REGULAR CALENDAR (CONT'D.)

HB 1197, encouraging school districts to offer instruction on the causes and effects of the Great Irish Hunger. **INEXPEDIENT TO LEGISLATE**

Rep. Russell Cox for Education: It should not be the duty of the Legislature to dictate curriculum, nor should we single out one immigrant group or its motivation. The contributions and success of each immigrant group should be celebrated and not the disaster that may have driven them to this country. Vote 13-2.

Rep. John White spoke against.

Rep. Cox spoke in favor.

Rep. McCarthy spoke against and yielded to questions.

Rep. Hoadley spoke in favor and yielded to questions.

Rep. McCarthy requested a roll call; sufficiently seconded.

The question being the adoption of the report.

REMARKS

Alan Keyes, Republican candidate for President, addressed the House.

SPECIAL ORDER

CACR 10, relating to restricting the use of a statewide property tax and all funds deposited into the education trust fund to education funding. Providing that all revenues resulting from a statewide property tax and all funds deposited into the education trust fund shall be used exclusively for elementary and secondary education. **INEXPEDIENT TO LEGISLATE**

Rep. William S. Belvin for Finance: This CACR was originally introduced as a companion piece to HB 108, a statewide property tax, which was a fiscal response to the *Claremont II* decision. It is narrowly crafted to dedicate all statewide property tax money to be placed in the education trust fund, to be spent exclusively for elementary and secondary education.

The committee believes that, given the fluid legal status of the statewide property tax, a dedicated statewide property tax constitutional amendment may prove to be a hindrance and be overtaken by events in addressing the *Claremont II* decision. Also, future legislatures may need flexibility in addressing health care, or postsecondary higher education, or other material issues where a statewide property tax may have multiple roles in a re-aligned state budget. Other questions remained about apparent conflicts in the bill's references to "... education funding ... " and what would happen if the statewide property tax raised more money than required for an adequate education, so the committee voted Inexpedient to Legislate. Vote 21-0.

Rep. Sapareto spoke against and yielded to questions.

Reps. Vaughn and Kurk spoke in favor.

Rep. Sapareto requested a roll call; sufficiently seconded.

The question being the adoption of the report.

and the report was adopted.

Rep. Nolan-Piteri did not vote and wished to be recorded in favor.

HB 1211, establishing a committee to study the health effects of child immunizations. INEXPEDIENT TO LEGISLATE

Rep. Robert Chabot for Health, Human Services and Elderly Affairs: The committee heard testimony from a number of citizens expressing concern about potential adverse reactions from certain vaccines/immunizations. This proposed legislation would have established a study committee to look into these matters. Representatives from the Department of Health and Human Services and the New Hampshire Public Health Association pointed out that these issues are being investigated in great detail at the federal level i.e. the Center for Disease Control and the Institute of Medicine. The committee felt that this legislative committee would not have the expertise required to deal with the concerns expressed and would be duplicating efforts in process at national and international levels and declared the bill ITL. Vote 11-3.

Adopted.

SPECIAL ORDER

CACR 22, relating to 7-year terms for state judges. Providing that all state judges appointed on or after January 1, 2001 be commissioned for 7-year terms, which may be renewed. INEXPEDIENT TO LEGISLATE

Rep. James W. Craig for Judiciary: This bill was studied by a subcommittee this summer. The subcommittee and a majority of the full committee felt that this bill was not good for the judicial process or for the retention of competent judges. The prospect of having to undergo a reappointment process could interject the political process into decision-making by a judge and the commit-

tee feels that judicial decisions must be made as independently as possible. Further, it would be difficult for top grade candidates to give up a law practice to sit as a judge knowing that they may be out of work in seven years just at the time when they may be facing family student tuition and other personal expenses. Vote 13-3.

Reps. Buckley, Loren Jean, and Welch spoke against and yielded to questions.

Rep. Craig spoke in favor and yielded to questions.

Reps. Rowe and Mock spoke in favor.

Rep. Herman requested a roll call; sufficiently seconded.

The question being the adoption of the report.

and the report was adopted.

Reps. Burling and Dalianis declared conflicts of interest and did not participate.

REGULAR CALENDAR (CONT'D.)

HB 1448, relative to the partition of real property. **OUGHT TO PASS WITH AMENDMENT**
Rep. John M. Pratt for Judiciary: This bill changes the existing probate law which essentially removes the appointment of a 3 person committee to oversee the partition of property where there is no agreement by the parties to the partition, and give the powers of that committee to the probate judge. The amended bill will also alleviate a petitioner from the cost of payment for a 3-person board. Overall, this will expedite the "petition to partition" process – a goal of the bill's sponsor.
Vote 13-3.

Amendment (3155h)

Amend the bill by replacing all after the enacting clause with the following:

1 Quiet Title. Amend RSA 547:11-c to read as follows:

547:11-c Quiet Title. An action may be brought in probate court by any person claiming title to, or any interest in, real or personal property, or both, *in partition under RSA 547-C*, listed in the estate of a deceased person or listed as guardianship, conservatorship, or trust assets over which the probate court has jurisdiction, against the estate, guardian, conservator, or trustee who may claim to own the same, either in fee, for years, for life or in reversion or remainder, or to have any interest in the same, or any lien or encumbrance thereon, adverse to the plaintiff, or in whom the land records disclose any interest, whether or not the plaintiff is entitled to the immediate or exclusive possession of such property, for the purpose of determining such adverse estate, interest or claim, and to clear up all doubts and disputes and to quiet and settle the title to the same. In any action brought under this provision, where applicable, the procedure set forth in RSA 498:5-b through 5-d shall be followed.

2 Judgment for Partition; Quieting Title. RSA 547-C:11 is repealed and reenacted to read as follows:

547-C:11 Judgment for Partition. If the issue is determined in favor of the petitioner, or if after notice the petitionee does not appear, or if no sufficient objection is made, the court shall render judgment that partition be made, and shall by decree set off and assign to and among the petitioner and/or petitionee their shares according to their respective rights, titles, or interests, and award costs, as the court deems equitable and just. In so doing, with an appropriate pleading, the court may also quiet title in discharge or extinguishment of any right, title, or interest that may otherwise unlawfully or inequitably encumber or burden the real estate as fully and completely as a court of general equity may do. The court shall make such partition as it decrees by metes and bounds or other distinct description. The partition shall be recorded at the registry of deeds for the county where the real estate lies.

3 Procedure. Amend RSA 547-C:21 to read as follows:

547-C:21 Procedure. If on the hearing no sufficient objection appears, ~~[the judge shall cause partition to be made by a committee, who shall be appointed, be sworn, give notice and proceed, and]~~ the court shall appoint guardians or agents for all minors or persons incapacitated, and agents for all persons unknown or out-of ~~[the]-~~state, interested in ~~[such]~~ the estate, ~~[receive and accept the report of such committee,]~~ and render judgment and award costs thereon, in the manner prescribed in this chapter.

4 Division with Consent. Amend RSA 547-C:22 to read as follows:

547-C:22 Division With Consent. Whenever an estate is so situated that it cannot be divided so as to give each owner his or her share of the estate without great prejudice or inconvenience, the whole or a part of the estate may be assigned, if the parties consent, to one of them, the assignee paying to the others who have less than their share such sums as the ~~[committee]~~ court shall award.

5 Sale. Amend RSA 547-C:25 to read as follows:

547-C:25 Sale. When the proceedings are pending, if it is alleged in the petition that the estate is so situated that it cannot be divided so as to give each owner his or her share of the estate without great prejudice or inconvenience and the court so finds, ~~[or if, upon the report of the committee that the estate is of the nature aforesaid, the court so finds,]~~ the court may order it to be sold and the proceeds from the sale to be divided among the owners according to their respective *rights*, titles, *or interests*, and may make all other orders that may be necessary to cause such sale and the distribution of the proceeds, as a court of equity may do in like cases.

6 Repeal. The following are repealed:

- I. RSA 547-C:12, relative to oath; notice.
- II. RSA 547-C:13, relative to publication of notice.
- III. RSA 547-C:14, relative to setoff; report.
- IV. RSA 547-C:15, relative to judgment; record.
- V. RSA 547-C:16, relative to costs.
- VI. RSA 547-C:23, relative to non-assent.
- VII. RSA 547-C:24, relative to recommitment.

7 Effective Date. This act shall take effect January 1, 2001.

AMENDED ANALYSIS

This bill clarifies the procedure for partition of real property where unlawful or inequitable encumbrances affect the effort to quiet title.

Adopted.

Report adopted and ordered to third reading.

HB 1397, relative to naming a certain island in Lake Winnepesaukee in the town of Moultonborough. **OUGHT TO PASS**

Rep. Robert W. Brundige for Municipal and County Government: The effect of this bill is to name a currently unnamed State owned island on Lake Winnepesaukee in Ambrose Cove. The island may be named "Children's Island", or any other name deemed suitable by the town, in memory and tribute to a family's deceased child who enjoyed playing on the island with her friends. Vote 16-0. Adopted and ordered to third reading.

HCR 25, opposing the President's action to establish vast roadless areas in the White Mountain National Forest without the consultation or input of the New Hampshire citizenry. **OUGHT TO PASS WITH AMENDMENT**

Rep. Michael W. Downing for Resources, Recreation and Development: HCR 25, as amended, directs our Congressional Delegation to continue to support management of the White Mountain National Forest for multiple uses as part of the National Forest System. Further, it expresses the legislature's opposition to restricting the Timber base outside of the Forest Planning Process. The primary objection to the Executive Order is the circumvention of the present collaborative planning process that has involved New Hampshire citizens in decisions about the uses in the White Mountain National Forest. HCR 25 calls on the president to rescind his unilateral decree and allow the Forest Planning Process on the White Mountain National Forest to go forward unimpeded. Vote 15-0.

Amendment (3131h)

Amend the resolution by replacing the sixth paragraph after the title with the following:

Whereas, the President of the United States has announced sweeping new regulations that will permanently remove from the timber base up to 40,000 acres of productive land in the White Mountain National Forest; and

Adopted.

Rep. Scanlan spoke in favor and yielded to questions.

Rep. Scanlan requested a roll call; sufficiently seconded.

The question being the adoption of the report.

MOTION TO SPECIAL ORDER

Reps. Chandler and Burling moved that the bills removed from the Consent Calendar, HCR 29, HB 1198, CACR 35, HB 1263, HB 1486 and HB 1290, be made Special Orders for the first order of business on Thursday, February 3, 2000.

Adopted.

RESOLUTION

Rep. Chandler offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Thursday, February 3, 2000 at 10:00 a.m.

Adopted.

LATE SESSION**Third reading and final passage**

- HB 1212**, relative to extending the reporting date of the open adoption study committee.
- HB 1130**, relative to persons conducting alcohol concentration tests.
- HB 1136**, relative to the university system of New Hampshire board of trustees.
- HB 1150**, relative to voter registration for official ballot meetings.
- HB 1186**, extending the reporting date of the Sullivan county regional refuse disposal district issues study committee.
- HB 1175**, relative to license renewal for dental hygienists.
- HB 1223**, changing the name, amending the duties, and extending the reporting date of the committee to study the unclassified salary structure for state officers.
- HB 1206**, extending the reporting date of the committee studying alcohol and drug abuse prevention.
- HB 1256**, clarifying certain health care laws.
- HB 1272**, allowing school nurses to possess and administer epinephrine for certain emergency treatment.
- HB 1301**, relative to regional appointments to the state committee on aging.
- HB 1337**, repealing the New Hampshire foundation for mental health.
- HB 1233**, relative to interest on judgments.
- HB 1141**, relative to access highways to public waters.
- HB 1566-FN**, relative to perambulation between states.
- HB 1287**, relative to the membership of the water council.
- HB 1386**, designating segments of the Souhegan River as protected under the rivers management and protection program.
- HB 1161**, making technical changes to the New Hampshire Aeronautics Act and establishing a committee to study revisions to the state aeronautics laws.
- HB 1378**, establishing a task force to conduct an ongoing study of the feasibility of re-establishing passenger rail service on the Eastern Line from Newburyport, Massachusetts to Kittery, Maine.
- HB 1409**, establishing a committee to study the feasibility of reestablishing the Lawrence, Massachusetts to Manchester, New Hampshire rail service line and the Concord to Lebanon Northern passenger rail service line.
- HB 1588**, relative to the authority of the department of transportation regarding rail safety inspections.
- HB 1225**, relative to the name of the department of fish and game.
- HB 1455**, relative to the authority of the fish and game department for the electronic issuance of licenses, permits, stamps, and tags.
- SB 147**, relative to self-referrals for chiropractic care under managed care organizations.
- HB 1448**, relative to the partition of real property.
- HB 1397**, relative to naming a certain island in Lake Winnepesaukee in the town of Moultonborough.
- HCR 25**, opposing the President's action to establish vast roadless areas in the White Mountain National Forest without the consultation or input of the New Hampshire citizenry.

UNANIMOUS CONSENT

Reps. Copenhaver and Welch addressed the House.

RECESS MOTION

Rep. Chandler moved that the House stand in recess for the purpose of introduction of bills, receiving Senate messages, enrolled bill amendments and enrolled bill reports, only.

Adopted.

The House recessed at 1:10 p.m.

RECESS

(Speaker Sytek in the Chair)

ENROLLED BILL AMENDMENT

SB 222-FN-A-L, relative to guarantee of loans to local development organizations. (Amendment printed SJ 2/3/00)

Adopted.

ENROLLED BILLS REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled House Bill 448 and Senate Bills 29, 86, 162 and 176.

Rep. Ronald Nowe for the Committee

RECESS

(Speaker Sytek in the Chair)

Rep. Lozeau moved that the House adjourn.

Adopted.

HOUSE JOURNAL No. 5

Thursday, February 3, 2000

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by Guest Chaplain, Reverend Hays M. Junkin, Rector of Saint Andrew's Episcopal Church in Hopkinton.

Divine Creator, maker of all things seen and unseen, we thank You this day for our beloved New Hampshire. We ask Your blessing upon her citizens, and upon those whom they have sent here, especially the Governor, the members of this House and of the Senate, to perform the honorable tasks of government service. Today, we also especially remember the men and women of New Hampshire in state offices and agencies who work tirelessly behind the scenes for our benefit and care. We thank You also for the many liberties we enjoy and for those who sacrificed so much in the day of decision that we might continue to be free citizens of this beautiful state. Awaken us when we take our liberties too lightly. Arouse us when we share not in liberty's defense. Forgive us, when in cynicism, laziness, or ignorance, we fail to participate in the sacred responsibilities of democracy. Bless the work that is done in these chambers, and may each decision serve to empower the citizens of this fair state to embrace the joy of freedom and gladly, with compassion, accept the responsibilities which maintain our founders' dreams. Amen.

Rep. John Flanders led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. Beaulieu, Bishop, Copenhaver, Patricia Cote, Crosby, Curran, Dearborn, DePecol, Ford, Goulet, Hawkinson, Heon, MacNeil, Nichols, Pappas, Perkins, Irene Pratt, Searles and Withee, the day, illness.

Reps. DeChane, Doucette, David Flanders, Fraser, Harmon, Horton, Nancy Johnson, Jane Kelley, McKinley, O'Keefe, Marsha Pelletier, Priestly and Tsiros, the day, important business.

Rep. Whittier, the day, death in the family.

Reps. Bickford, Dawe, Dudley, Dunham, David Lawton, Rubin and Wiggins, the day, illness in the family.

INTRODUCTION OF GUESTS

Gary Burfoot, guest of Rep. Potter. Brendan Carey Block, guest of Rep. Avery. Eduardo Perktold, guest of Rep. Wendelboe. Jen Martin, guest of Rep. Russell. Ron and Deanna Rush, guests of Rep. Fortnam. Barbara Brewster and Audrey Schaeffer, wife and guest of Rep. Brewster. George and Madeleine Meader, parents of Rep. Meader.

SENATE MESSAGES

REQUESTS CONCURRENCE WITH AMENDMENTS

HB 75, changing the number required for a quorum on the commission for human rights. (Amendment printed SJ 27, 7/1/99)

Rep. Mercer moved that the House nonconcur and request a Committee of Conference.

Adopted.

The Speaker appointed Reps. O'Neil, Mercer, Zolla and Murphy.

HB 422, relative to advertising by rent-to-own businesses. (Amendment printed SJ 1, 1/13/00)

Rep. Hunt moved that the House concur and spoke in favor.

Adopted.

HJR 6, encouraging the revitalization of the northern rail line from Concord to Lebanon. (Amendment printed SJ 1, 1/13/00)

Rep. Packard moved that the House concur and spoke in favor.

Adopted.

RESOLUTION

Reps. Chandler and Burling offered the following:

RESOLVED, that the House inform the Honorable Senate it is ready to meet in Joint Convention for the purpose of hearing an address by the Governor, her Excellency, Jeanne Shaheen.

SENATE MESSAGE

The Senate is ready to meet in Joint Convention for the purpose of hearing an address by the Governor, her Excellency, Jeanne Shaheen.

RECESS

JOINT CONVENTION

(Speaker Sytek presiding)

The Speaker introduced Governor Jeanne Shaheen who addressed the Joint Convention.

Madame Speaker, Madame President, honorable members of the Executive Council, the House and Senate, my fellow citizens of New Hampshire:

I am always humbled when I stand before you in this historic chamber. It is a great honor and a privilege. I am happy to be joined this morning by my husband, Billy. He is a little tired after the campaign, so I told him he couldn't fall asleep while I was speaking.

This is now the sixth time I have stood before you with Donna Sytek presiding as Speaker of the House. This is the first time I stand before you with the new President of the Senate, Beverly Hollingworth. I thank you both for your long service to this legislature and to the people of New Hampshire. Thank you.

When New Hampshire entered the 20th century, the mills in Manchester bustled with textile workers; railroad was king and lumber camps thrived. Today, we see a very different New Hampshire. Mill buildings are now home to software designers; Manchester Airport welcomes millions of visitors each year; University of New Hampshire professors and students design and build satellites for NASA. New technology and a new economy are changing the way we live and work. We are well positioned to take advantage of this change. As we enter the 21st century, I am proud to say the state of our State is excellent.

We have the nation's lowest percentage of children living in poverty. We have one of the lowest crime rates. We have created over 50,000 new jobs since January 1997, and, for the first time in our State's history, we surpassed the 600,000-job mark. We are second in the nation in economic growth and we have the third fastest-growing export rate. We have the highest concentration of high-technology workers in the nation. New Hampshire is on the cutting edge of a dynamic new economy. It's an economy where success is founded on ideas, innovation and information. It is an international economy, where the customers for New Hampshire products are just as likely to come from across the ocean as from across Main Street. It's an economy where people are our most precious resource. The new economy is about knowledge. Now, more than ever, we need to make sure our children are getting a world-class education – an education that starts in their earliest years and continues throughout their lives. Our public schools are the gateway to our children's futures. As a former teacher, I know it is the teacher in the classroom who inspires our children to learn. That is why we must support our teachers. That is also why we must demand excellence. We have taken important steps to improve our schools. New teacher testing. Tougher teacher recertification. And later this year, new school report cards so parents will know not just how their children are doing, but also whether their schools are making the grade.

The Best Schools Leadership Institute - launched last year with your support - is helping local people improve their schools. That means a new mentoring program in Manchester to help keep good teachers. Tougher curriculum standards in Belmont. New ways to measure student performance in Lincoln and Woodstock.

We must awaken in our children an interest in science, math and technology. Our children must be as comfortable using computers as we were riding our bikes. That's what it will take to succeed in the workforce of the future. In the next six years, for example, we will need twice as many computer engineers as we have today. We must make sure our citizens have the skills for these high-technology, high-paying jobs. We are already making progress. Ninety-eight percent of our schools are wired to the Internet. Our Computers in the Schools program is bringing hundreds of computers to our classrooms. We are training teachers to use technology to kindle an excitement for learning in our children. Education is the key to success in the new economy. And how we pay for our public schools will also determine our future economic prosperity.

In the past year, we have fundamentally changed the way we pay for education in New Hampshire. As a state, we have accepted that it is the responsibility of all of us to make sure every child gets

a good education. We have more to do, but we have come a long way. We should be proud of what we have accomplished. As we move forward, we must fully and fairly fund our schools without undermining our economic prosperity. But let there be no doubt: we will not – we cannot – go back. Improving our schools takes more than money. We need rigorous standards. We must demand accountability for improved performance. In the coming weeks, you will consider legislation that will do just that. I ask you to pass this legislation so we can make sure every school in New Hampshire is an excellent school. And we must make sure our children are ready to learn when they enter first grade. Across our state, there are 1,400 more children attending kindergarten this year because of what we did. I have visited many of these new classrooms – in Somersworth, in Newmarket, and Loudon. You can see the eagerness to learn in the faces of these five-year-olds. What we have done is a good thing. But our work will not be finished until every five-year-old in New Hampshire can attend public kindergarten.

We know that the earliest years – even before kindergarten – are the most important. Parents know this, too, but often they can't find the child care they need for their pre-schoolers and infants. So parents juggle work and family, too often afraid that their child care isn't good enough; too often afraid that the cost of child care will bust the family budget. That is why we are launching an apprenticeship program for child care workers. That is why we are offering tuition assistance for technical college students specializing in early childhood education. That is why we are expanding financial assistance to parents who need help, many of whom now pay more than 25 percent of their income for child care. And because I believe we must do more, I will be establishing the Governor's Business Partners for Child Care, which will bring together business leaders, government and parents to increase the availability of affordable quality child care.

But just as learning does not begin with kindergarten, it can not end with high school. Last year, we made a major investment in the University System of New Hampshire. We were able to keep tuition increases in check, sustain the excellent academic environment at Durham, Keene, Plymouth and Manchester, and continue UNH's development as one of the region's premier research institutions. The University System is a magnet, attracting jobs and high-tech companies to our state. We must maintain this investment. And we must recognize that no longer can our workers learn just one set of skills for a lifetime. Learning must be a lifelong process. Our community technical colleges know that. This year, thanks to our increased investment, they are giving even more people the skills they need to succeed. They are helping people like Marlene LaFlamme of Strafford. Marlene knows she needs a college degree. But as a single mother raising two teenagers, while working three jobs, she found commuting to campus a struggle. Last fall, the "Going the Distance" program allowed Marlene to take classes from home. She got the education she needed on a schedule that fits her life and her family. Our new economy demands this kind of flexibility to meet new challenges. It also demands new approaches to some familiar problems.

We can not compete in this new economy without a healthy workforce. Our families must know they can get the health care they need when they need it. Lisa Serard of Bow fought for years to convince her HMO to cover the health care her chronically ill son needs. Ben suffers from diabetes and Crohn's disease, which, untreated, blocked his ability to digest food. Lisa – searching everywhere for help – called my office, and it was only then that her HMO agreed to cover the care Ben desperately needs. It shouldn't be that way. Our people should not have to seek intervention from a governor to get their health insurance companies to respond. Later today, the Senate will take up the HMO Accountability Act I proposed last year. Let's pass this bill today and make sure New Hampshire families are getting the health care they need.

We're fortunate in New Hampshire. Over 91 percent of our residents have health insurance, well above the national average. And most of our residents have health insurance through their employers. But many small businesses struggle to find insurance they can afford. We have moved to lessen that burden. Yesterday, I signed legislation that will enable small businesses to band together to negotiate for better insurance coverage. Thank you for joining with me to make this happen. We must make sure every child in New Hampshire has access to health care. No parent should have to worry about whether they can afford to take a sick child to the doctor. They don't have to anymore. Today, affordable health insurance is within every family's reach through our Children's Health Insurance Program. Over 6,000 more children now have quality health care because of what we've done.

But for all we have accomplished, we must also recognize that some of our most pressing health care concerns can not be solved by New Hampshire alone. They are national and regional problems. Advances in medicine, especially pharmaceuticals, are allowing people to live longer, healthier

and more productive lives. But our seniors, who often need prescription drugs the most, are paying too much for the medicines they need to stay healthy. This summer, I heard from a Concord couple who are spending \$550 a month, half their monthly income, on their prescriptions. The wife wrote me: "We have been married 52 years. He is 75-years-old and I am 77-years. We have always paid all our bills and have never owed anyone. It's embarrassing to seek help as we have been brought up to do for ourselves." Our seniors should not have to live this way. This is a national problem. But we can't just wait – not when our seniors must board buses to Canada to buy medications they can afford. We must begin addressing this problem in New Hampshire. That's why we are testing a pilot program that will give seniors a discount on their prescription drugs.

The consolidation of health care and its transformation into a for-profit industry have created turmoil and uncertainty for customers. We saw that first-hand with the recent failure of Tufts New England. But the lack of affordable insurance choices and the high cost of pharmaceuticals are not problems one state can solve alone. That's why later this month I will meet with the governors of our neighboring states, Vermont and Maine, to begin exploring possible regional approaches to these problems. In the new economy, we must be competitive in every way, including electric rates. Hearings are finishing up at the Public Utilities Commission on a settlement agreement with PSNH. This settlement will allow us to lower electric rates, open the door to competition, and end the costly litigation brought by PSNH. If approved by the PUC, you will soon consider the legislation necessary to implement the settlement. I know you will carefully scrutinize the settlement. I did. The mistakes made in the 1989 Rate Agreement weigh heavily on all of us. But we cannot allow fear of the past to prevent us from seizing the opportunity of the future. Cutting electric rates will be a shot in the arm for the New Hampshire economy. New jobs will be created. Private investment will be stimulated. The disposable income of New Hampshire families will grow by millions of dollars. We must embrace competition and lower electric rates, and we must do it now.

Over the last three years, we have made critical investments in our traditional infrastructure. Last year, we completed the Everett Turnpike two years ahead of schedule. And this year we will complete Route 101 three years early.

Now, we must also turn our attention to the digital infrastructure we will need in the new economy. We must make sure that New Hampshire leads the nation in connecting our businesses, homes and schools with high-speed Internet access and advanced communications services. The new economy is not just an idea. It is here. Half of our residents are already online. We are 10th in the nation in the number of our companies doing business on the Internet. The Seacoast, with its proliferation of software and high-tech businesses, is now rightly known as the E-Coast. In this new economy, New Hampshire businesses are competing and winning all over the world. From its headquarters in Bedford, Imaging Automation makes machines that check passports throughout Eastern Europe. In Salem, National Aperture makes micro precision equipment that is sold around the world. At Bretton Woods, the ski area welcomes thousands of international visitors a year. International tourists are discovering New Hampshire, not only its beauty but also its affordability. It's actually cheaper for English skiers to cross the Atlantic to vacation in New Hampshire than to go to the French Alps.

International trade and tourism will only become more important in the new economy. We must help New Hampshire businesses compete globally or risk falling behind. Later this month, I will lead over 20 companies on a trade mission to Germany and Denmark. In Germany, we will also participate in the world's largest high-tech fair, a perfect showcase for New Hampshire companies competing in the new economy. Around the world, demand is growing for high-tech products – products that New Hampshire companies can supply – if we help them gain access to global markets.

State government, too, must keep pace with the changes of the new economy. People should be able to easily access government information and services online. We have already started moving in that direction. For example, Administrative Services is developing an online job recruitment and application process for state agencies. The National Guard is building five multi-media, distance learning centers for use by the Guard, local communities, and businesses. To continue to move government into the 21st century, I will soon appoint a public-private task force. It will review how state government manages its high-tech resources and recommend how we can use technology more efficiently to improve the services we provide our citizens.

We must also change how we manage our limited fiscal resources. Our pilot project in performance-based budgeting is an important step in making sure we use our tax dollars wisely and efficiently. This shift to performance budgeting should not be caught up in a power struggle between the executive and legislative branches. I urge you to embrace this change.

As much as ever before, we must be fiscally responsible. Our school-funding plan has a \$30 million to \$40 million gap. We must find the dollars to fill that gap or cut back on state services. Those are the choices. I believe we should pass a 10-cent increase in the cigarette tax. I hope you will make that choice.

We must also remember that the budget we established last June is a biennial budget, setting our investment priorities for two years. We can not and must not haphazardly pass spending or revenue reduction bills this year unless we are willing to pay for them.

In the information age, people can work anywhere. People and businesses are coming here because this is a place where they want to live and work. Our rich history, abundant natural resources, our clean air and clean water, are the very things driving our economic growth. But as we grow, we must preserve what is special about New Hampshire, the traditional character of our communities, our forests and farms, and our historic buildings and downtowns.

State government should serve as a role model for smart growth. That's why I asked the Council on Resources and Development to study how state government may be contributing to sprawl and what we should do to help prevent it. Based on this report, I have directed state agencies to incorporate smart growth approaches into all decision-making. We must also work together with business, local communities, and private citizens to protect our historic places and open spaces. The public/private partnership proposed by the Land and Community Heritage Commission will help us accomplish this. Let us come together – Democrats and Republicans – and find a way to do this – this year.

These are the challenges that lie ahead of us. And the opportunities. It was only a few weeks ago we watched our nation and the world enter a new century. There is so much ahead of us that we can only imagine and dream. Today, we hold the power to decide the fate of our great state and all its people. Together, let us rise to the challenges of the new century. Together, let us seize its opportunities. Together, we can secure a bright and prosperous future for generations to come in this new economy. Thank you very much.

Sen. Larsen and Rep. Chandler moved that the Joint Convention arise.

Adopted.

The Joint Convention adjourned.

RECESS

(Speaker Sytek in the Chair)

SPECIAL ORDERS

HCR 29, promoting the development and implementation of a financial literacy curriculum for primary school pupils in New Hampshire. **INEXPEDIENT TO LEGISLATE**

Rep. Elizabeth K. Hoadley for Education: The committee agrees with the intent of the bill. Financial literacy, however, is already embedded in New Hampshire's public school curriculum, through the economics portion of the social studies standards at the elementary levels and through the graduation requirement of economics at the secondary level. The selection of instructional materials lies with teachers, administrators and local school policy. Rather than try to legislate a specific curriculum, the committee would urge individuals and organizations to provide both materials and technical support to teachers who are committed to teaching these skills. Vote 14-1.

Rep. Kenney spoke against.

Rep. Hoadley spoke in favor.

On a division vote, 267 members having voted in the affirmative and 51 in the negative, the report was adopted.

HB 1198, establishing a procedure for the 2001 voter checklist verification. **OUGHT TO PASS WITH AMENDMENT**

Rep. Raymond Buckley for Election Law: The Committee strongly supports accurate voter checklists. This bill, supported by the Town Clerk's Association, would significantly aid in our effort to have accurate up-to-date voter checklists by removing the name of **any** person who failed to vote in any election in the calendar year 2000. Any election includes the presidential primary, municipal election, state primary, general election or any special election. With same day voter registration, we believe no actual voter would be disenfranchised. Vote 17-0.

Amendment (3033h)

Amend the bill by replacing section 3 with the following:

3 Effective Date. This act shall take effect upon its passage.

Adopted.

Reps. Vaughn and Kennedy spoke against.

Reps. Arndt and Foster yielded to questions.

Reps. Buckley and Francis Davis spoke in favor and yielded to questions.

Report adopted and ordered to third reading.

CACR 35, relating to malfeasance and crime in state agencies. Providing that a permanent grand jury shall be established to review and investigate all actions by agencies of the state of New Hampshire and all indictments arising therefrom shall be prosecuted promptly and without delay. **INEXPEDIENT TO LEGISLATE**

Rep. John M. Pratt for Judiciary: Though well intentioned as an effort to insure that all divisions of state government hold themselves accountable to the people they serve, in the judgment of the committee, the proposed constitutional amendment is over broad in its language and could subject every employee of the state, who has taken an "action", to the possibility of a grand jury indictment. Vote 14-2.

Adopted.

HB 1263-FN, establishing the crime of the misrepresentation of law or facts of a case by a state judicial, executive, or legislative official. **INEXPEDIENT TO LEGISLATE**

Rep. Robert H. Rowe for Judiciary: This bill establishes the Judiciary Committee of the N.H. House of Representatives as a judicial power to impose the penalty of a Class B felony on the judicial, executive or legislative offices who knowingly or otherwise misrepresent the law or facts of a case in a ruling, order, judgement, opinion or decree. The committee believes that the bill violates the separation of powers under Article 37 of the N.H. Bill of Rights. However, the committee also believes that the philosophy expressed in this bill has merit, but this bill is not the vehicle to bring the matter into law. Vote 14-3.

Reps. Christiansen and Soltani spoke against.

Rep. Mock spoke in favor and yielded to questions.

Adopted.

HB 1486-FN, making the penalty for the offense of official oppression a felony and creating a civil cause of action against public officials for abuse of office or improper influence. **INEXPEDIENT TO LEGISLATE**

Rep. Robert H. Rowe for Judiciary: This bill dramatically increases the penalties for breach of the public trust, from a misdemeanor to a Class B felony. Further it shifts the burden of proof from the complaining party to prove the allegation against the official, to requiring the public official to prove he or she is innocent. This bill will also authorize a civil cause of action against a public official. This bill might have a chilling effect on volunteerism in all levels of government from towns to state government. Vote 16-0.

Rep. Weyler spoke against.

Rep. Rowe spoke in favor.

Rep. Weyler requested a roll call; not sufficiently seconded.

Report adopted.

HB 1290, relative to liability for motor vehicle state inspection, registration, and equipment violations. **INEXPEDIENT TO LEGISLATE**

Rep. Sherman A. Packard: After hearing the sponsor's intent of this bill, the committee decided to take up the subject matter in HB 1193-FN, currently before the Transportation Committee. The committee felt that this bill did not accomplish the sponsor's goals. It is the committee's intent to accomplish these intentions in HB 1193-FN. Vote 14-1.

Adopted.

COMMITTEE REPORTS**CONSENT CALENDAR**

Rep. Chandler moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

HB 1399-FN, relative to the amount payable by the retirement system on account of qualified group II retirees of a political subdivision employer, removed by Rep. Mercer.

HB 1169, relative to gates and bars on class VI roads, removed by Rep. Alger.
Consent Calendar adopted.

HB 1298, requiring advertisements and postings of meals and rooms prices to include the amount of meals and rooms tax in each price displayed. **INEXPEDIENT TO LEGISLATE**

Rep. Stephen G. Avery for Commerce: The committee felt that this legislation was not necessary. Most properties that are affected by this tax, post that their advertised prices do not include state rooms and meals tax. This law would not have affected national chains advertising in the state and could have an adverse effect on restaurants that print their menus for a year at a time. Testimony from NHLRA said that none of their members had ever had a complaint about this subject. Vote 12-1.

HB 1351-L, relative to possession of firearms while intoxicated. **INEXPEDIENT TO LEGISLATE**

Rep. Frank M. Schanda for Criminal Justice and Public Safety: This bill would have allowed a law enforcement official to confiscate a firearm from any person who "appears to be intoxicated" immediately in the interests of the state. After reviewing this bill, the committee recommended ITL. There were several reasons for this recommendation. The subject matter is covered in other laws. The committee felt there were at least two violations of the state constitution and there was no provision for the return of the confiscated weapons to the owner. Vote 13-0.

HB 1449, relative to the cost of any and all tests conducted pursuant to DWI convictions. **INEXPEDIENT TO LEGISLATE**

Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: This bill asks that a D.W.I. defendant, upon conviction, be required to pay for any and all screening tests ordered by law enforcement officials. Our committee felt that once a person was arrested, the custodial agency should then be responsible for the tests it requires. It is a cost of doing business and is properly a responsibility of that agency. Lastly, there was a fear that hospitals would refuse to do the test because they may not be paid. In that case the town would be held liable for the cost of its test anyway. Therefore, we voted Inexpedient to legislate. Vote 14-0.

HB 1381, relative to the dissolution of the Pawtuckaway cooperative high school district. **OUGHT TO PASS WITH AMENDMENT**

Rep. P. Judith Sullivan for Education: This bill permits the Nottingham and Deerfield school districts to dissolve the Pawtuckaway Cooperative High School. Unable to reach an agreement at the cooperative organizational meeting, the voters approved an article to dissolve the articles of agreement. All the testimony the committee heard was to support the dissolution of the cooperative district. The amendment simply changes the effective date from "60 days" to "upon passage", to allow the two towns to vote on the article in the March meeting. The committee unanimously agrees that allowing this dissolution is in the best interest of both towns. Vote 13-0.

Amendment (3098h)

Amend the bill by replacing section 3 with the following:

3 Effective Date. This act shall take effect upon its passage.

HB 1539-FN-L, returning to group II of the New Hampshire retirement system all full-time emergency communicators and full-time emergency-911 telecommunicators who staff offices which are part of the 24-hour public safety network. **INEXPEDIENT TO LEGISLATE**

Rep. Michael O'Neil for Executive Departments and Administration: The committee recognizes that emergency dispatchers and emergency 911 telecommunicators play an important and essential role in the public safety network but the legislature has always adhered to the basic premise that group II members must meet the test of direct hazardous duty and the requirements as certified by the director of personnel which this legislation does not meet. Vote 14-0.

CACR 37, relating to the right to privacy. Providing that an individual's right to live free from governmental interference in private or personal matters is fundamental. **REFER FOR INTERIM STUDY**

Rep. Dennis J. Withee for Judiciary: Because of developments in modern technology and easy access to personal information, the committee believes this issue deserves in depth study. Vote 18-1.

HB 1435, establishing a committee to study electronic media and the right-to-know law. **OUGHT TO PASS WITH AMENDMENT**

Rep. Peter F. Bergin for Judiciary: The committee after hearing favorable testimony feels that it is important to study how new electronic and technological changes will impact the methodology of reporting and recording state and municipal meetings in accordance with the right-to-know law – RSA 91-A. Vote 18-0.

Amendment (3200h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study the immediate and long-term impact of changing methodology of communications and information technology as it applies to the right-to-know law.

Amend the bill by replacing all after the enacting clause with the following:

I Committee Established. There is established a committee to study the immediate and long-term impact of changing methodology of communications and information technology as it applies to the right-to-know law.

2 Membership and Compensation.

I. The members of the committee shall be as follows:

(a) Three members of the house of representatives, appointed by the speaker of the house.

(b) Three members of the senate, appointed by the president of the senate.

II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

III. The committee shall seek advice from experts in information technology and the right-to-know law and any other persons the committee deems relevant.

3 Duties. The committee shall study the immediate and long-term impact of changing methodology of communications and information technology as it applies to the right-to-know law, RSA 91-A.

4 Chairperson; Quorum. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Four members of the committee shall constitute a quorum.

5 Report. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the senate president, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 2000.

6 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a committee to study the immediate and long-term impact of changing methodology of communications and information technology as it applies to the right-to-know law.

HB 1488-FN, relative to witness fees for court attendance in criminal cases. **INEXPEDIENT TO LEGISLATE**

Rep. James W. Craig for Judiciary: This bill sought to require witnesses at a criminal trial to be paid at the statutory rate for witness fees whether they actually testified or not. The committee was asked to ITL this bill by its sponsor because the existing witness statute already provides for payment whether the witness testifies or not. Apparently there was some misinterpretation of the statute and the state Attorney General's office has issued a letter clarifying the statute. Also, the Judiciary committee will send a letter to all county attorney offices in New Hampshire indicating that all persons requested to appear will be paid in accordance with the statute to eliminate the need for any future legislation. Vote 19-0.

HB 1105, ratifying the 1999 Seabrook annual town meeting. **OUGHT TO PASS WITH AMENDMENT**

Rep. Robert W. Brundige for Municipal and County Government: The town of Seabrook asked for this bill because of procedural irregularities surrounding the adoption of The International Property Maintenance Code, First Addition 1998. The article was approved by the voters 925 to 754. The irregularities involved the Selectmen holding a public hearing instead of the Planning Board (RSA 675:2) The committee amendment addresses only Article 9 of the warrant because of unrelated and ongoing legal disputes on some of the other warrant articles. Vote 13-0.

Amendment (3110h)

Amend the title of the bill by replacing it with the following:

AN ACT ratifying article 9 of the 1999 Seabrook annual town meeting.

Amend the bill by replacing section 1 with the following:

1 Ratification of Article 9 of the 1999 Seabrook Annual Town Meeting. All acts, notices, and proceedings relating to article 9 of the meeting warrant of the Seabrook annual town meeting first session held on February 4, 1999 and second session held on March 9, 1999 are hereby legalized, ratified, and confirmed.

AMENDED ANALYSIS

This bill ratifies all acts, votes, notices, and proceedings relating to article 9 of the meeting warrant of the first and second sessions of the 1999 Seabrook annual town meeting.

HB 1332, relative to review of plats or applications submitted to local planning boards. **INEXPEDIENT TO LEGISLATE**

Rep. Paul A. McGuirk for Municipal and County Government: Present law provides a timeline of 65 days for a planning board to approve, conditionally approve, or disapprove an application for subdivision. This timeline was a compromise when it was enacted several years ago. Furthermore, the committee believed there are adequate provisions in present law to extend or waive the 65 day requirement. Vote 15-1.

HB 1543-FN-L, repealing the laws on the collection and enforcement of property taxes. **INEXPEDIENT TO LEGISLATE**

Rep. Elizabeth S. Hager for Municipal and County Government: This bill would eliminate the authority that our municipalities now have to enforce the collection of their taxes. It would result in a major decrease in local revenues and would amount to a dramatic change in the way New Hampshire municipalities do business. While the sponsor's sincerity on this subject is recognized, the committee believes that such fundamental changes in state government should be pursued in accord with New Hampshire constitution, Part First, Article 10 or Part Second, Article 100. Vote 15-0.

HB 1299-L, prohibiting elected or appointed public servants from leasing or renting space to private contractors. **INEXPEDIENT TO LEGISLATE**

Rep. Robert A. Daigle for Public Works and Highways: The committee felt that this legislation was unnecessary and would in fact cause great disruption to state government. The constitutional reference by the sponsor was not interpreted the same by any members of the committee. A few examples of the affects would be: 1. The removal of all vending machines at any state rest areas; 2. Voiding the lease at Mt. Sunapee; 3. Food service at various state parks; 4. Support services at Health and Human Services; 5. Parking spaces at Hampton Beach; 6. The museum at Cannon Mountain. Revenue at parks and recreation alone was \$666,498 in 1999, all for the benefit of park funds. Vote 14-0.

HB 1334-L, relative to posting municipal roads. **OUGHT TO PASS WITH AMENDMENT**

Rep. Candace White Bouchard for Public Works and Highways: This bill amends RSA 231:191 by providing that postings of maximum weight limits for class IV, V or VI highways established by municipalities should be in accordance with currently acceptable practices and technology. This bill also retains local control to municipalities concerning posting of roads while at the same time giving an appeal process to aggrieved businesses after a road has been posted. This bill has no affect on state postings of maximum weight limits. Vote 15-0.

Amendment (3218h)

Amend the bill by replacing section 2 with the following:

2 New Paragraph; Maximum Weight Limits Which Restrict Commercial or Industrial Companies; Hearing. Amend RSA 231:191 by inserting after paragraph VI the following new paragraph:

VII. The governing body of a municipality who establishes maximum weight limits more restrictive than the limits set forth in RSA 266:17-26, for any class IV, V, or VI highway or portion of such highway, seasonal or otherwise, which restricts a commercial or industrial company operated or located in that municipality, shall hold a hearing if requested by the impacted business. The hearing shall be held within 15 working days of receipt of a certified letter by the local governing body from the impacted business requesting a hearing, otherwise enforcement of the maximum weight limits established by that municipality shall be suspended for the remainder of the year or until such hearing is held.

AMENDED ANALYSIS

This bill provides that postings of maximum weight limits for class IV, V, or VI highways established by municipalities should be in accordance with currently acceptable practices and technology. This bill also requires the governing body of a municipality that establishes maximum weight limits for class IV, V, or VI highways, which restrict a commercial or industrial company operated or located in the municipality, to hold a hearing if requested by the impacted business, and if such hearing is not held within certain time limits, the maximum weight limits shall be suspended for the remainder of the year or until such hearing is held.

This bill is a request of the study committee established under 1999, 36.

HB 1336-L, relative to posting of roads in municipalities. INEXPEDIENT TO LEGISLATE
Rep. Candace White Bouchard for Public Works and Highways: The committee felt that the issue of posting roads would best be addressed with HB 1334-Local, which is the result of a study committee relative to posting roads. Vote 13-0.

HB 1385, relative to creating a crosswalk on a certain road. INEXPEDIENT TO LEGISLATE
Rep. Candace White Bouchard for Public Works and Highways: This bill would have authorized the Department of Transportation to allow the city of Dover to create a crosswalk in Dover, at the access road to the Spaulding Turnpike known as the Silver Street Extension. The city of Dover and DOT has come to an agreement without legislation, and the crosswalk will be built in the spring of 2000. The sponsor asked this bill to ITL. Vote 14-0.

HB 1471, repealing the department of employment security's power to approve building projects without legislative oversight. OUGHT TO PASS WITH AMENDMENT
Rep. John R. Cloutier for Public Works and Highways: This bill as amended would repeal the Department of Employment Security's present exemption from legislative oversight in approval of capital improvements for its buildings. Instead, the department would have to seek the approval of the Joint Capital Budget Overview Committee for such improvements. The Employment Security Commissioner testified that he had no problem with the intent of the bill. However, he stated that subjecting his department to the normal biennial capital budget process would be inconvenient because it is totally funded by the federal government, and must follow the annual federal budget cycle. The bill was filed in response to complaints about the high costs of the department's recent building projects. Vote 14-0.

Amendment (3176h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the department of employment security's power to approve building projects.

Amend the bill by replacing all after the enacting clause with the following:

1 Duties and Powers of Commissioner; Establishment and Maintenance of Public Employment Offices. Amend RSA 282-A:112, IV to read as follows:

IV. For the purpose of establishing and maintaining free public employment offices, the commissioner is authorized, notwithstanding any other provision of law, with the *consent of the joint legislative capital budget overview committee*, and with the approval of the governor and council, to enter into lease purchase agreements and *any other agreements for the purpose of establishing and maintaining free public employment offices*.

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill requires the department of employment security to receive the approval of the joint legislative capital budget overview committee when entering into lease purchase agreements or any other agreements for the establishment or maintenance of public employment offices.

HB 1528, establishing a commission relative to the New Hampshire International Speedway. INEXPEDIENT TO LEGISLATE

Rep. Elizabeth C. Shultis for Public Works and Highways: This bill to establish a commission relative to the New Hampshire International Speedway was opposed by all the sponsors who testified, not because the idea was not worthy, but because all constituencies were not represented, and there was no provision for an oversight committee. Legislation to enable planners to deal with major developments, coordinating land use issues with transportation issues was recommended as an alternative to instituting a new entity on an existing enterprise. Vote 14-0.

HB 1149, commemorating the anniversary of the founding of certain branches of United States armed forces. **OUGHT TO PASS**

Rep. James A. McDonald, Sr. for State-Federal Relations and Veterans Affairs: The committee agrees with the sponsors of the bill, that the Army, Navy, Air Force and Coast Guard have the honor of flying their respective branch flags over the State House to commemorate the anniversary of their founding. Vote 13-0.

HB 1156, establishing June 20th each year as Destroyer Escort Day. **OUGHT TO PASS**

Rep. Dennis H. Fields for State-Federal Relations and Veterans Affairs: This bill establishes June 20th each year as Destroyer escort Day to commemorate those who served and lost their lives while serving aboard these gallant vessels during World War II, the Korean Conflict and the Vietnam Conflict. Vote 13-0.

HB 1368-FN, establishing a Civil War memorials commission for the construction and maintenance of New Hampshire Civil War monuments and memorials. **OUGHT TO PASS**

Rep. J. Arthur Tufts for State-Federal Relations and Veterans Affairs: Testimony was presented by NH citizens who had visited Civil War monuments and mentioned that the memorials are in disrepair. The proposed life span of fifteen years should be sufficient to receive funds and coincides with the anniversary of the Civil War. Vote 13-0.

HCR 21, urging the federal government to increase the pay to military personnel. **OUGHT TO PASS**

Rep. Marshall E. Quandt for State-Federal Relations and Veterans Affairs: This bill urges the government to increase the pay to military personnel. The committee, on an affirmative vote of 13-0, agrees that the pay and benefits to our military personnel is inadequate to attract and maintain a professional military organization. Vote 13-0.

HB 1275, requiring school bus drivers to use all safety equipment on the bus or risk revocation of certificate. **INEXPEDIENT TO LEGISLATE**

Rep. Alfred C. Lerandeau for Transportation: The committee felt that this bill as presented offers no new portions to the school bus drivers' responsibility. The safety record throughout the state has been very impressive, and we do not feel that additional laws are necessary at this time. Vote 13-0.

HB 1324, establishing a committee to study the junk yard licensing process. **INEXPEDIENT TO LEGISLATE**

Rep. Alfred C. Lerandeau for Transportation: The committee, having the support of the sponsor, agreed that this bill is more of a local matter, and should be addressed at that level. This bill is also addressed in HB 1423-Local, and we look forward to working with the sponsor of HB 1324 should he need additional support. Vote 13-0.

HB 1370, allowing private investigators access to motor vehicle records for the purpose of conducting insurance fraud investigations. **INEXPEDIENT TO LEGISLATE**

Rep. Robert H. Milligan for Transportation: Both the sponsor of the bill and the New Hampshire League of Investigators asked that this bill be found Inexpedient to Legislate. The procedures implemented by the Department of Safety already effectively and efficiently address the issue. Vote 13-0.

REGULAR CALENDAR

HB 1567-FN, extending medical and surgical benefits to domestic partners. **REFER FOR INTERIM STUDY**

Rep. Martha Fuller Clark for Commerce: The committee heard extensive testimony in favor of extending domestic partnership health benefits to state employees. No one spoke in opposition to the bill. At the same time critical and difficult questions were raised regarding defining domestic partnerships and who exactly should be eligible for such benefits. The University of New Hampshire has just adopted a domestic partnership benefit package for their employees. The Vermont legislature is wrestling with domestic partnership issues as a result of the recent ruling by their Supreme Court. For all of the above reasons, the committee felt that interim study would be the prudent way to proceed with this difficult and important piece of legislation. Vote 12-1.
Adopted.

HB 1594-FN, relative to the allocation of moneys in the tobacco use prevention fund. **OUGHT TO PASS**

Rep. Francine Wendelboe for Health, Human Services and Elderly Affairs: House Bill 1594 sets forth the allocation of the moneys in the tobacco use prevention fund established and funded last session. It is the result of a comprehensive tobacco study by legislation with great input by the Department of Health and Human Services, the Center for Disease Control and a large coalition of health organizations. The committee heard hours of testimony in support of this bill. Vote 14-0. Adopted and ordered to third reading.

HB 1517-FN, memorializing the New Hampshire bill of rights as the law of the land. **INEXPEDIENT TO LEGISLATE**

Rep. Martha S. Solow for Judiciary: The committee deemed this bill over broad and unnecessary. It would make any perceived violation of the NH Bill of Rights by any agent of the state a class B felony. If enacted, it would put into jeopardy any vote by a legislator or decision by any judge or any policy adopted by a board of selectmen or other state subdivision. There is currently a mechanism (declaratory judgment) for dealing with violations of the Bill of Rights. Vote 15-2. Adopted.

HB 1192-FN, creating an exemption from tolls within the New Hampshire turnpike system for members of the New Hampshire national guard. **INEXPEDIENT TO LEGISLATE**

Rep. Winston H. McCarty for Public Works and Highways: The committee heard support for this bill from only the sole sponsor. While the committee appreciates the commitment of the New Hampshire National Guardsmen, we think there are other ways to show this appreciation in a more broad and beneficial manner. The committee believes it is unfair to give a benefit that would only benefit some 40% of the guardsmen, and not an equal benefit to all. It also targets only one segment of our military forces. There is also an estimated \$10,000 loss of restricted turnpike revenue that is not replaced with another source of revenue. Opening up to this request would lead to many more similar requests. The Department of Transportation is opposed to the bill. Vote 14-0.

Rep. Kenney spoke against.
Adopted.

HCR 22, urging the federal government to ensure that defense appropriations are spent in support of defense programs. **OUGHT TO PASS**

Rep. David A. Young for State-Federal Relations and Veterans Affairs: This legislation urges the federal government to ensure that defense spending is specifically used for national defense. The testimony reflected concern that appropriated funds were used for indirect social service programs not directly applicable to our national defense. The discussion also included remarks from US Senator Gregg specific to "pork barrel" politics. Vote 12-1.
Adopted and ordered to third reading.

HB 1399-FN, relative to the amount payable by the retirement system on account of qualified group II retirees of a political subdivision employer. **INEXPEDIENT TO LEGISLATE**

Rep. Ray F. Langer for Executive Departments and Administration: This bill reinterpreted the definition of disability as "ordinary disability" and removed the requirement that firemen, receiving a permanent disability retirement allowance, must undergo a medical examination within 5 years and every three years thereafter. The committee felt that this action was discriminatory because the requirement now applies to all group I and group II members receiving disability allowance. Vote 13-1.

Rep. Mercer moved Re-commit to Committee and spoke in favor.
Adopted.

HB 1169, relative to gates and bars on class VI roads. **OUGHT TO PASS**

Rep. Gerald P. Merrill for Public Works and Highways: This bill requires that any private land owner erecting gates and bars across any class VI road should receive approval from the selectmen. This will help selectmen know about gates erected on class VI highway for safety reasons, such as fire access. Additionally owners of property beyond the gates will be afforded better protection regarding access to their property. Vote 14-0.

Reps. Edwin Smith and Alger yielded to questions.
Adopted and ordered to third reading.

RESOLUTION

Rep. Chandler offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Thursday, February 10, 2000 at 10:00 a.m.

Adopted.

LATE SESSION**Third reading and final passage**

HB 1198, establishing a procedure for the 2001 voter checklist verification.

HB 1381, relative to the dissolution of the Pawtuckaway cooperative high school district.

HB 1435, establishing a committee to study the immediate and long-term impact of changing methodology of communications and information technology as it applies to the right-to-know law.

HB 1105, ratifying article 9 of the 1999 Seabrook annual town meeting.

HB 1334-L, relative to posting municipal roads.

HB 1471, relative to the department of employment security's power to approve building projects.

HB 1149, commemorating the anniversary of the founding of certain branches of the United States armed forces.

HB 1156, establishing June 20th each year as Destroyer Escort Day.

HB 1368-FN, establishing a Civil War memorials commission for the construction and maintenance of New Hampshire Civil War monuments and memorials.

HCR 21, urging the federal government to increase the pay to military personnel.

HB 1594-FN, relative to the allocation of moneys in the tobacco use prevention fund.

HCR 22, urging the federal government to ensure that defense appropriations are spent in support of defense programs.

HB 1169, relative to gates and bars on class VI roads.

RECESS MOTION

Rep. Chandler moved that the House stand in recess for the purpose of introduction of bills, receiving Senate messages, enrolled bill amendments and enrolled bill reports only.

Adopted.

The House recessed at 12:10 p.m.

RECESS

(Rep. Chandler in the Chair)

SENATE MESSAGE**CONCURRENCE WITH AMENDMENTS**

SB 36-FN-A, relative to salary increases for direct care providers for persons with developmental and acquired disabilities.

SB 147, relative to self-referrals for chiropractic care under managed care organizations.

RECESS

(Speaker Sytek in the Chair)

Rep. Chandler moved that the House adjourn.

Adopted.

HOUSE JOURNAL No. 6

Thursday, February 10, 2000

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by Guest Chaplain, Reverend Hays M. Junkin, Rector of Saint Andrew's Episcopal Church in Hopkinton.

Dear Lord, we have heard that politics is like making sausage, and if that is so, we pray today for the following:

Grant each member of this House an open heart to hear the concerns of those they serve. Grant each a listening ear, an open mind, and a healthy measure of compassion. Grant each a spirit of discernment, with the wisdom and the will to act courageously. Remove the fat and gristle that stalls progress and erodes trust. Add the proper seasonings of dedication, sacrifice and thanksgiving so that, when our political sausage is placed in the frying pan of public opinion, all the citizens of our beloved New Hampshire may smell the sweet aroma of work well done with Your blessing and grace. Amen.

Rep. Weare led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. Allison, Blaisdell, Bridle, Patricia Cote, Curran, DePecol, Holley, LaMott, William McCarthy, Mendenhall, Nolan-Piteri, Irene Pratt and Searles, the day, illness.

Reps. Abbott, Craig, Fenton, Fortnam, Fraser, Glines, Grassie, Langone, Martel, McKinley, O'Keefe, Perkins, Priestley, Salatiello, Shelton, Solow, Soltani and Wallin, the day, important business.

Reps. Dawe, Dudley, David Lawton, Lovejoy and Rubin, the day, illness in the family.

INTRODUCTION OF GUESTS

Mark Turner, guest of Reps. Ronald Nowe and Mary Lou Nowe. The 4th grade class from the Newmarket Elementary School, guests of the Newmarket Delegation. Leadership New Hampshire Class of 2000, guests of the House. Christina Grigorian, Olga Ivanova, Aziz Abdoukavimov and George Firsov, guests of Rep. Alukonis.

SPECIAL GUESTS

The Girl's Softball team from Moultonborough Academy.

SENATE MESSAGE

NONCONCURS WITH AMENDMENT

REQUESTS COMMITTEE OF CONFERENCE

SB 143, relative to penalties for incest.

The President appointed Sens. Pignatelli, Squires and Brown.

Rep. Welch moved that the House accede.

Adopted.

The Speaker appointed Reps. Welch, Lozeau, Tholl and Knowles.

HOUSE RESOLUTION NO. 23

Memorializing State Representative Marie C. Hawkinson of Berlin

WHEREAS, it is with profound sadness and with the deepest of regrets that we have learned of the death of our legislative colleague, Marie C. Hawkinson of Berlin, who was in the midst of her fifth consecutive term serving faithfully her constituents of District 7 of Coos County, and

WHEREAS, throughout her legislative tenure, Marie C. Hawkinson did distinguish herself as a lawmaker and with diligence did sit first on the Standing Committee on Labor, Industrial & Rehabilitative Services and then on Appropriations and most recently, for three consecutive terms, on Finance, and

WHEREAS, having been born in Berlin, Marie C. Hawkinson did choose to remain in the beloved land of her roots and did spend her lifetime being a champion of the New Hampshire North Country, working always and with intense effort to bring opportunity, advantage and prosperity to the area, and

WHEREAS, having been a woman possessed of high energy and civic commitment, Marie C. Hawkinson did serve the citizenry of Coos County in countless ways, including as County Commissioner, as Incorporator of Charitable Trust, as Secretary of the Berlin Elementary Teachers' Association, and as a member of the Androscoggin Valley Hospital Board, and

WHEREAS, in the most recent of times, Marie C. Hawkinson was honored as recipient of the Sylvia Evans Award and the Dunfey-Kanteres Award, and

WHEREAS, all who did come to cross her path did quickly come to know Marie C. Hawkinson to be a woman of impeccable integrity who never did hesitate or flinch when standing in the face of a challenge, now therefore be it

RESOLVED, by the House of Representatives in Regular Session convened, that Marie C. Hawkinson be saluted and granted the highest of accolades for her outstanding and dedicated legislative service, as well as her service to Berlin and the North Country, and be it further

RESOLVED, that expressions of heartfelt sympathy be extended to her family, and that a copy of this Resolution be prepared for presentation to her family.

Unanimously adopted by a rising vote.

COMMITTEE REPORTS

CONSENT CALENDAR

Rep. Chandler moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

HB 1264-FN, relative to the unlawful use of theft detection shielding devices, removed by Rep. Welch.

HB 1499, relative to credit for American sign language and transliteration as a foreign language, removed by Rep. Gilman.

HB 1365, relative to spending disclosures in political advertising, removed by Rep. Splaine.

HB 1526-FN, relative to campaign contributions and expenditures, removed by Rep. Splaine. Consent Calendar adopted.

HB 1162, establishing a committee to study the petition process, record keeping procedures, and costs of services in CHINS cases. **INEXPEDIENT TO LEGISLATE**

Rep. L. Randy Lyman for Children and Family Law: The Department of Children, Youth and Families has a newly-adopted program, Voluntary Service Program, now in effect that will be addressing CHINS cases; therefore, the committee and sponsor feel this bill is not necessary at this time. Vote 12-0.

HB 1228, relative to offers of credit received through the mail. **INEXPEDIENT TO LEGISLATE**
Rep. Stephen G. Avery for Commerce: This bill, while well intentioned, would only apply to one institution within the state. 99% of credit card offers come from out-of-state and are not subject to this law. The offers must comply with federal statutes under the Fair Credit Reporting Act and disclose all further conditions of the loan. Vote 12-0.

HB 713-FN, relative to penalties for multiple DWI offenses. **OUGHT TO PASS WITH AMENDMENT**

Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: HB 713-FN as introduced, dealt with penalties for DWI offenses and ignition interlock devices. This bill was re-referred in the spring of 1999 and a subcommittee was formed to study the subjects. There was also a chartered study committee approved (SB 84) to look at DWI related issues. The subcommittee on HB 713-FN decided to deal with just the ignition interlock devices and leave the penalty-related matters to the SB 84 committee. The subcommittee on HB 713-FN met several times during the fall of 1999 and produced what we hope will be the start of a successful ignition interlock system for the state of New Hampshire. Section 1 of the amended bill defines "ignition interlock devices" and "interlock service providers". Section 2 of the bill establishes an ignition interlock program and puts limits on how long the court may order its use. Six months to 1 year for a first offense and not more than 3 years for a subsequent offense. This section also allows for rules to be established to deal with recalibration, installation, number of service locations in the state, who the reports are sent to, an

exception for those that can't pay, and the issuance of a certificate of installation on the offenders vehicle. The third section of the bill describes what happens if one tries to circumvent the use of an ignition interlock device. The fourth section establishes penalties for violating a court order requiring the use of an ignition interlock device. The expenses incurred with the use of an interlock device are the responsibility of the person ordered by the court to have the device installed. The last two sections of the bill add the use of ignition interlock devices to the reckless driving statute, if there is a revocation in which alcohol was involved, and to the negligent homicide statute if one is under the influence and causes the death of another. The one other change we made was in RSA 265:79, reckless driving, minimum penalty, where we changed the maximum fine to \$1,000 from \$500. This brings this section of our statutes in line with the maximum fine for a violation as described in RSA 651:2-IVa. Vote 14-0.

Amendment (3248h)

Amend the bill by replacing all after the enacting clause with the following:

I New Sections; Definition of Ignition Interlock Device and Provider. Amend RSA 259 by inserting after section 43 the following new sections:

259:43-a Ignition Interlock Device. "Ignition interlock device" shall mean breath alcohol ignition interlock device, which is a system or device that connects a breath analyzer to a motor vehicle's ignition system. The analyzer measures the concentration of alcohol in the breath of any person who attempts to start the motor vehicle by using the ignition system. The device prevents the vehicle from starting unless the person provides a breath sample with a concentration of alcohol that is below a preset level. The device contains a data-logger which retains records of failures to take or pass the test during the period between recalibrations.

259:43-b Interlock Service Provider. An approved interlock service provider means an entity that installs, services, calibrates, monitors, and provides reports as required by RSA 265:82-e, II(c) who is approved by the commissioner of the department of safety to do so; no person shall provide any of the services of an approved interlock service provider without such prior approval.

2 New Subdivision; Alcohol Ignition Interlock Program. Amend RSA 265 by inserting after section 82-d the following new subdivision:

Alcohol Ignition Interlock Program

265:82-e Alcohol Ignition Interlock Program Established. Any person whose license or permission to drive has been revoked or suspended under RSA 265:82-b may be required by the court after the period of revocation or suspension to install an ignition interlock device as defined in RSA 259:43-a in any vehicle registered to that person or used by that person on a regular basis, for not less than 6 months nor more than one year for a first offense or more than 3 years for a subsequent offense. Installation and monitoring costs shall be paid by the offender. A certificate proving installation of the device shall be provided to the division of motor vehicles as a condition precedent to reinstatement of the individual's license to drive, and the division may mark the person's license accordingly.

I. An ignition interlock device may not be sold or distributed in this state without the device being approved by the commissioner of the department of safety in consultation with the advisory committee on breath analyzer machines established in RSA 106-G, as provided in RSA 265:82-e.

II. The department of safety shall establish rules, pursuant to RSA 541-A, for the approval of ignition interlock devices, and for the licensing of approved interlock service providers.

III. The commissioner shall adopt rules and regulations to create an ignition interlock program protocol that will control the delivery of interlock service in this state under this subdivision. The rules adopted for the licensing of approved interlock service providers shall require that each provider, at a minimum;

(a) Provide recalibration of each device monthly, unless otherwise ordered by the court;

(b) Maintain at least that number of locations across the state for the installation, service, calibration and monitoring of an ignition interlock device as might be required from time to time by the program operating protocol developed by the commissioner;

(c) Provide periodic reports as determined by the court or in department rules, to the arresting agency, the court of jurisdiction, and, if applicable, to the offender's treatment provider and probation office;

(d) Retain all data-logger records for 12 months after the end of the period to which the offender is sentenced;

(e) Provide installation and service to those offenders determined by the court to be unable to pay the full cost of an interlock program, by developing a hardship credit equal to 2 percent of the gross receipts of each approved interlock service provider excluding the purchase or rental cost of the interlock device; and

(f) Provide a certificate of installation to the vehicle's owner upon installation of the device in a form to be determined by the department's interlock service protocol.

265:82-f Alcohol Ignition Interlock Circumvention.

I. Any person required by the court to drive only a motor vehicle equipped with an ignition interlock device shall not drive any motor vehicle not equipped with this device.

II. A person may not tamper with, or in any way attempt to circumvent the operation of an ignition interlock device that has been installed in a motor vehicle.

III. A person may not start or attempt to start a motor vehicle equipped with an ignition interlock device for the purpose of providing an operable motor vehicle to persons who is restricted by law to drive only a motor vehicle so equipped. The provisions of this section do not apply if the starting of a motor vehicle, or the request to start a motor vehicle equipped with an ignition interlock device, is done for the purpose of safety or mechanical repair of the device or the vehicle, and the person subject to the court order does not drive the vehicle.

IV. A person may not knowingly provide a motor vehicle not equipped with a functioning ignition interlock device to another person whom the provider of the vehicle knows was sentenced to drive only a motor vehicle equipped with an ignition interlock device.

V. Any person who violates the provisions of this section shall be guilty of a misdemeanor.

265:82-g Violating Court Order.

I. The court shall immediately suspend the privileges to operate a motor vehicle of, and issue a bench warrant for, any persons who fails to comply with any order of the court regarding the installation of an ignition interlock device after the period of revocation or suspension imposed in RSA 265:82-b. The privileges to operate shall not be restored until the court is satisfied that the person is in compliance with its order.

II. If it is found that a person required to drive a motor vehicle equipped with an ignition interlock device has failed to comply with any requirement for the maintenance or calibration of the device, or shows a consistent pattern of failures to pass the breath test provided by the device, the court may issue a hearing to determine if the person should be held in contempt of court and may order a further license suspension or revocation. The period of suspension or revocation under this section shall be added to any previously ordered suspension or revocation.

3 Reckless Driving; Minimum Penalty. Amend RSA 265:79 to read as follows:

265:79 Reckless Driving; Minimum Penalty. Whoever upon any way drives a vehicle recklessly, or so that the lives or safety of the public shall be endangered, or upon a bet, wager or race, or who drives a vehicle for the purpose of making a record, and thereby violates any of the provisions of this title or any rules adopted by the director, shall be, notwithstanding the provisions of title LXII, fined not less than \$250 nor more than ~~[\$500]~~ **\$1,000** and his *or her* license shall be revoked for a period of 60 days for the first offense and from 60 days to one year for the second offense. ***After any revocation in which alcohol was involved, the court shall require that the license shall not be reinstated until after the division receives a certificate of installation of an ignition interlock device as described in RSA 265:82-e, which shall remain in place for at least 6 months but no longer than one year.***

4 Negligent Homicide. Amend RSA 630:3, II to read as follows:

II. A person is guilty of a class A felony when in consequence of being under the influence of intoxicating liquor or a controlled drug or any combination of intoxicating liquor and controlled drug while operating a propelled vehicle, as defined in RSA 637:9, III or a boat as defined in RSA 270:48, II, he causes the death of another. ***An offender under this paragraph shall not have a license to drive reinstated until after the division receives certification of installation of an ignition interlock device as described in RSA 265:82-e, which shall remain in place for at least 24 months, or longer if so ordered by the court.***

5 Effective Date. This act shall take effect January 1, 2001.

AMENDED ANALYSIS

This bill revises the penalties for repeat DWI offenders to include ignition interlock systems for offenses involving alcohol.

HB 1196-L, giving the police department of Lincoln authority to respond to emergency situations and exercise police duties in the unincorporated place of Livermore. **OUGHT TO PASS**
Rep. John E. Tholl, Jr. for Criminal Justice and Public Safety: The Lincoln Police Department routinely responds to incidents that are reported to be in Lincoln, but upon arrival are actually found to be in the town of Livermore. Livermore is an unincorporated town that has no population. Police coverage is provided by the Grafton County Sheriff's Department or the state police. The time between the arrival of the Lincoln Police and an agency with jurisdiction can be as much as two hours. The Grafton County sheriff does not object to this bill and the committee feels it is appropriate. Vote 13-0.

HB 1221, directing the fire standards and training commission to establish a formal means of inquiry for purposes of quality assurance in fire standards and training. **INEXPEDIENT TO LEGISLATE**
Rep. Everett A. Weare for Criminal Justice and Public Safety: Following a hearing on this bill, a work session was held between members of the fire standards and training commission and other interested parties and it was determined that fire standards and training has the ability to engage in inquiries for the purpose of quality assurance. The fire standards and training commission will work with other groups to establish such a program, therefore, this bill is not needed at this time. Vote 12-0.

HB 1476, expanding the notification process for victims of crime. **INEXPEDIENT TO LEGISLATE**
Rep. Leo P. Pepino for Criminal Justice and Public Safety: The sponsor had filed this house bill to solve a problem that he later discovered does not exist or has been solved. At the sponsor's request, the bill was voted inexpedient to legislate. Vote 16-0.

HB 1478-FN-A, establishing matching funds for certain candidates. **REFER FOR INTERIM STUDY**

Rep. Francis W. Davis for Election Law: HB1478-FN establishes a fund to provide matching funds to eligible candidates for governor, United States senator, and representative to Congress. This bill inserts language in forms for the business profits tax, business enterprise tax, interest and dividends tax, and motor vehicle registrations enabling contributions to the fund. The amount contributed would be \$10 on the business profits tax form and \$5 on the other forms. The committee voted unanimously to send HB1478-FN to Interim Study. The committee desires to study HB1478-FN with HB1526-FN, and to consider further provisions of both bills. Vote 16-0.

HB 1399-FN, relative to the amount payable by the retirement system on account of qualified group II retirees of a political subdivision employer. **INEXPEDIENT TO LEGISLATE**
Rep. Ray F. Langer for Executive Departments and Administration: This bill would have allowed political subdivisions to establish a health insurance plan that is portable, for their retirees. The New Hampshire Retirement System would send the medical subsidy checks to the designated plan. A representative of the municipal association and a firefighters association appeared in opposition to the bill. No one from the public spoke in favor of the bill. With no support from those effected, the committee voted not to pass this legislation. Vote 13-1.

HB 1419-FN, allowing teachers to purchase credit in the retirement system for certain service in an armed conflict. **INEXPEDIENT TO LEGISLATE**

Rep. Merton S. Dyer for Executive Departments and Administration: This bill would allow only a teacher member of the retirement system, who has completed 10 years of active membership, to purchase additional service for time served in a war or armed conflict. The employer provides a retirement system to reward employees with a retirement benefit based upon the length of service and the rate of compensation for their work. The committee voted this inexpedient to legislate as the time served in active service in a war or armed conflict has nothing to do with their employment as a teacher and should not be used to enhance their retirement allowance. A similar bill during the 1999 session for employees was also recommended as expedient to legislate. There are two provisions in the present statutes that (1) cover active members that are called to duty in the military and (2) allow members to make additional contributions to their account, with the approval of the board of trustees. Vote 13-1.

HB 1568-FN, relative to disability retirement benefits for group II members injured in the performance of duty. **INEXPEDIENT TO LEGISLATE**

Rep. Ray Langer for Executive Departments and Administration: This bill reinterpreted the definition of disability as "ordinary disability" and removed the requirement that firemen, receiving a

permanent disability retirement allowance, must undergo a medical examination within 5 years and every three years thereafter. The committee felt that this action was discriminatory because the requirement now applies to all group I and group II members receiving disability allowance. Vote 13-1.

HB 51, providing for the voluntary registration of commercial maple producers and maple packers. OUGHT TO PASS

Rep. Steve Vaillancourt for Finance: This bill establishes a voluntary registration program which the Commissioner of Agriculture has assured the Finance Committee can be accomplished within the parameters of his current budget. The goal is to provide the department with a better handle on who is producing maple sugar. Since no additional personnel will be required and there is negligible cost to the state, the Finance Committee recommends the bill Ought to Pass. Vote 25-0.

HB 580-FN-A-L, authorizing a grant from funds appropriated to the joint promotional program for the purpose of marketing the Connecticut river area as a travel and tourism destination. OUGHT TO PASS

Rep. Susan W. Almy for Finance: The Finance Committee heard from the policy committee that the intent of this bill is to provide limited funds to bring together tourism organizations up and down the Connecticut River to market themselves as a tourist location. The money is already available in the existing Joint Promotional Program, which has agreed to this special one-time use for an underserved region. We have hit the deadline, and there is still a question as to whether the intent of the bill is fully expressed in the language, and both committees will follow the bill to the Senate to clarify this if further information makes it necessary. Vote 25-0.

HB 725, relative to rulemaking under the administrative procedures act. OUGHT TO PASS WITH AMENDMENT

Rep. Joseph E. Stone for Finance: Finance and ED&A compromised and amended this bill as follows: The joint legislative committee on administrative rules shall meet at least once each month and more often as necessary. The director of legislative services shall provide services and shall employ full-time staff, including clerical support and specially-designated committee legal counsel, in the division of administrative rules established within the office of legislative services. Changes in services or staffing in the division shall be made by the joint committee on legislative facilities only after receiving the recommendation of the joint legislative committee on administrative rules. The joint legislative committee on administrative rules shall adopt rules to govern its operations and organization.

The amendment continues the role of the joint committee on legislative facilities in staffing decisions and levels within the context of the legislative budget. Vote 22-2.

Amendment (3244h)

Amend RSA 541-A:2, II as inserted by section 3 of the bill by replacing it with the following:

II. The *joint legislative committee on administrative rules* shall meet at least once each month and more often as necessary for the prompt discharge of its duties [~~and may use the staff and services of the director of legislative services~~]. *The director of legislative services shall provide services and shall employ full-time staff, including clerical support and specially designated committee legal counsel, in a division of administrative rules established within the office of legislative services. Changes in services or staffing in the division shall be made by the joint committee on legislative facilities only after receiving the recommendation of the joint legislative committee on administrative rules.* The *joint legislative committee on administrative rules* shall adopt rules to govern its operation and organization. A quorum of the committee shall consist of 6 members. Members of the committee shall be entitled to legislative mileage as provided to members for attendance at sessions of the general court.

HB 1573-FN, relative to funding of the salary of the director of emergency medical services. OUGHT TO PASS WITH AMENDMENT

Rep. Vivian R. Clark for Finance: Last year the legislature created an unclassified position for a director of emergency medical services, replacing the previously existing unclassified chief of emergency services within the Department of Health and Human Services. This bill specifies that funding for the new position shall be transferred from the appropriation that was made for the old position, as was intended in last year's bill. The amendment creates a category 11 (unclassified salaries) line in the appropriate section of the budget, so that the transfer can be made. Vote 24-0.

Amendment (3195h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the funding of the salary of the director of emergency medical services and making an appropriation therefor.

Amend the bill by inserting after section 1 the following and renumbering the original section 2 to read as 3:

2 Class Line Established; Department of Safety. There is hereby established a class line 11, personal services-unclassified within an appropriate PAU of the department of safety, division of emergency medical services to which there is appropriated the sum of \$1 for the fiscal year ending June 30, 2000 and the sum of \$1 for the fiscal year ending June 30, 2001, for the purposes of section 1 of this act. The governor is authorized to draw a warrant for said sums out of any money in the treasury not otherwise appropriated.

AMENDED ANALYSIS

This bill provides that initial funding for the salary of the new unclassified director of emergency management services in the department of safety shall be from funds appropriated for the salary of the former classified position of chief of emergency services of the department of health and human services, and makes an appropriation for this purpose.

SB 178-FN-A, relative to appropriations to the port authority for dredging projects. **OUGHT TO PASS**

Rep. Joseph E. Stone for Finance: This bill makes certain money previously appropriated to the New Hampshire port authority available for dredging projects including associated mitigation, a hydrodynamic study of Hampton and Seabrook, and renovation of any commercial fish piers that may be transferred to the port authority. The N.H. Port Authority stated this bill as amended by the House will have no additional fiscal impact on state, county and local revenues or expenditures. Of the total, non-lapsing \$18,300,000 bonding authorization, approximately \$13,960,000 is still available. Vote 24-1.

SB 228-FN, relative to spousal benefits upon the death of certain retired group II members of the New Hampshire retirement system. **OUGHT TO PASS**

Rep. Paul J. Dwyer, Jr. for Finance: This bill was written in order to take care of widows of police officers and firefighters who are left out in the cold due to the retirement member not electing to cover the spouse due to the amount of money that the retiree received when he retired. The bill will have a one-time cost of \$9.1 million for police and fire retirees that will come out of the N.H. Police and Fire special account in the state retirement system. There is no impact on the general fund. Vote 25-0.

Reps. Mock and Phinney declared conflicts of interest and did not participate.

HB 1323, relative to local public assistance to nonresidents. **INEXPEDIENT TO LEGISLATE**

Rep. Barbara C. French for Health, Human Services and Elderly Affairs: This bill would have made a resident of New Hampshire who invites a non-resident person who is unable to support himself or herself into their home, financially responsible for the non-resident for 30 days. The committee felt this would create a different class of residents and would open the cities and towns to new litigation. Vote 14-1.

HB 1502, establishing a committee to study procedures following lead paint abatement **OUGHT TO PASS WITH AMENDMENT**

Rep. Joseph P. Manning for Health, Human Services and Elderly Affairs: As amended, the bill changes the definition of "lead inspector" in RSA 130A:1, XV. It divides the duty between 3 less skilled and lower paid occupations, thus making lead abatement less costly. This change also brings our statute in line with federal regulations in this regard. Vote 15-0.

Amendment (3303h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to lead paint abatement.

Amend the bill by replacing all after the enacting clause with the following:

1 Definition Amended. Amend RSA 130-A:1, XV to read as follows:

XV. "Lead inspector" means any person or entity engaged in inspections for the presence of lead base substances. ~~[The term includes individuals who design or evaluate lead base substance abatement projects.]~~

2 New Paragraphs; Definitions Added. Amend RSA 130-A:1 by inserting after paragraph XVI-a the following new paragraphs:

XVI-b. "Lead risk assessor" means an individual who conducts risk assessments, as defined in HE-P 1602.44, develops lead hazard reduction plans, as defined in paragraph XVI(a), and issues final risk assessment reports.

XVI-c. "Lead clearance testing technician" means an individual who conducts tests for the presence of surface dust, as defined in subparagraph XI(c), or lead in soil, as defined in subparagraph XI(b).

3 Lead Risk Assessors; Lead Clearance Testing Technicians. Amend RSA 130-A:2, I(a) and (b) to read as follows:

(a) License in accordance with RSA 130-A:12, I, or deny or revoke the licensure of, any lead inspector, **lead risk assessor**, or lead abatement contractor advertising, offering or otherwise making available services in the state of New Hampshire, whether or not the inspector ~~or~~, contractor, **or lead risk assessor** is incorporated in the state.

(b) Certify employees of owners or managers of dwellings, dwelling units, or child care facilities, and of lead abatement contractors, who are engaged in lead base substance abatement, or refuse to provide or revoke such certification. ~~[A] Separate [certificate] certificates shall be issued to workers who supervise [or design lead base substance abatement projects] other certified workers and to lead clearance testing technicians.~~

4 Lead Risk Assessors; Lead Clearance Testing Technicians. Amend RSA 130-A:2, I(h) to read as follows:

(h) Certify training programs for lead abatement contractors, lead inspectors, **lead risk assessors**, **lead clearance testing technicians**, and lead abatement workers.

5 Investigations; Lead Risk Assessors. Amend RSA 130-A:5, I(a) to read as follows:

(a) Requiring additional information and periodic reports from the child's health care provider, the owner or owner's agent of a leased or rented dwelling or dwelling unit occupied by a child, the owner or operator of any child care facility attended by the child, and any lead inspector, **lead risk assessor**, or lead abatement contractor involved in lead hazard reduction at the child's dwelling, dwelling unit, or child care facility.

6 Enforcement. Amend RSA 130-A:7, II(e) to read as follows:

(e) Responsibility for verification by a lead inspector **or lead risk assessor** of lead hazard reduction to the commissioner.

7 Lead Risk Assessor; Lead Clearance Testing Technicians. Amend RSA 130-A:9, II – VII to read as follows:

II. No person shall perform or cause to be performed a lead inspection **or lead risk assessment, as defined in HE-P 1602.44**, in a dwelling or dwelling unit or in a child care facility in any manner other than as provided for in rules adopted under RSA 130-A:10.

III. No child or pregnant woman shall be present in a leased or rented dwelling or dwelling unit, or in a child care facility, during the period of lead hazard reduction when the method of reduction causes the release of lead base substances which may be inhaled or ingested. The dwelling or dwelling unit or the child care facility shall not be reoccupied until an inspection is performed which indicates the lead exposure hazard has been reduced. The commissioner shall include this prohibition in any order issued under RSA 130-A:7.

IV. No person performing inspections **or lead risk assessments, as defined in HE-P 1602.44**, for the presence of lead base substances as a lead inspector **or lead risk assessor** after lead hazard reduction shall perform or have performed the lead hazard reduction.

V. No person shall advertise or otherwise offer or make available services as a lead inspector, **lead risk assessor**, or lead abatement contractor without being licensed under RSA 130-A:12.

VI. No person shall engage any individual for lead base substance abatement who has not been tested and certified under RSA 130-A:12. However, individuals not certified under RSA 130-A:12, II, may engage in activities related to a lead exposure hazard reduction plan, such as, but not limited to, installation of exterior siding, carpet or paving, or application of encapsulants, provided that the individual does not engage directly in lead based substance abatement and the plan is reviewed and approved by a contractor licensed under RSA 130-A:12, I.

VII. No training program shall be offered in this state for the purposes of training lead inspectors, *lead risk assessors*, lead abatement contractors, *lead clearance testing technicians*, or lead abatement workers that has not been certified under RSA 130-A:12.

8 Lead Risk Assessors; Lead Clearance Testing Technicians. Amend RSA 130-A:10 to read as follows:

130-A:10 Rulemaking. The commissioner shall adopt rules, pursuant to RSA 541-A, relative to:

I. Qualifications and procedures for licensure of lead inspectors, *lead risk assessors*, and lead abatement contractors, in accordance with RSA 130-A:12. The rules shall provide for reciprocity with other states having similar standards.

II. Standards and procedures for the testing and certification of lead abatement workers *and lead clearance testing technicians*, in accordance with RSA 130-A:12. The rules shall provide for reciprocity with other states having similar standards.

III. The conduct of inspections and inspection standards for lead inspectors *and lead risk assessors*, including procedures for issuing certificates of inspection, certifications of compliance, and certifications when a dwelling or dwelling unit is found to be lead free, certifications when a dwelling unit is found to be lead safe and for the review and validation of such certificates or certifications by the department for any person who so requests.

IV. Fees to be collected for the issuance of licenses to lead inspectors, *lead risk assessors*, lead abatement contractors, for certification of lead abatement workers *and lead clearance testing technicians*, for testing resulting from investigations, for certification of laboratories, for certifications of training programs, and for notifications under RSA 130-A. Property owners who own more than 4 but fewer than 7 dwelling units shall pay a fee for licensure which is 1/2 of that paid by other lead abatement contractor licensees. Such reduced fee license shall only be valid for work on dwellings or dwelling units owned by such license holder.

V. Procedures for the conduct of investigations carried out under RSA 130-A:5, including the conduct of inspections and establishment of a blood lead level requiring an inspection.

VI. Procedures for issuing orders under RSA 130-A:7, including procedures for extending the time available for lead hazard reduction.

VII. Procedures for notification activities carried out under RSA 130-A:14.

VIII. Procedures for lead hazard reduction, in-place management, and interim controls for interior and exterior surfaces. The procedures shall include methods of abatement and the measures necessary to protect the health and safety of lead abatement workers and to control the release of lead base substances to the environment. The commissioner shall allow for the use of alternate procedures that result in the same level of protection as otherwise provided by the rules adopted under this chapter.

IX. A schedule of administrative fines which may be imposed under RSA 130-A:14 for a violation of this chapter or the rules adopted pursuant to it.

X. Procedures for notice and hearing prior to the imposition of an administrative fine imposed under RSA 130-A:14.

XI. Standards for training programs for lead inspectors, *lead risk assessors*, lead abatement contractors, *lead clearance testing technicians*, or lead abatement workers.

XII. Procedures for reporting of laboratory test results under RSA 130-A:3.

XIII. Standards and procedures for certifying laboratories performing tests to detect or measure lead in human body fluids or tissues.

XIV. Paints and other substances which may be approved as encapsulants.

XV. Standards and procedures for granting a variance from compliance with one or more provisions of RSA 130-A.

9 Lead Risk Assessor; Lead Clearance Testing Technician. Amend RSA 130-A:12, I –III to read as follows:

I.(a) A license to perform as a lead abatement contractor [or], lead inspector, *or lead risk assessor*, shall be issued in writing by the department in accordance with rules adopted under RSA 130-A:10, I. The license shall be valid for 12 months from the date of issuance, shall contain the expiration date, and shall contain the official signature of the commissioner or designee. The license or a certified copy of the license shall be available for inspection at any worksite during the period of work of the lead abatement contractor [or], lead inspector, *or lead risk assessor*.

(b) Any owner who owns 4 or fewer dwelling units shall not be required to obtain a lead abatement contractor license to perform lead abatement on such owner's dwellings or dwelling units, provided that such owner shall comply with all rules adopted under RSA 130-A:10, I.

II. Lead abatement workers *and lead clearance testing technicians* shall first obtain a certification from the department. The certification shall be issued in accordance with rules adopted under RSA 130-A:10, II. The certificate shall be in writing, shall be valid for a period of 12 months from the date of issuance, and shall contain the official signature of the commissioner or designee. The certificate or a certified copy of the certificate shall be available for inspection at any worksite where the individual is performing lead base substance abatement *or conducting clearance testing*.

III. Training programs offered in New Hampshire for lead abatement contractors, lead inspectors, *lead risk assessors*, and individuals seeking certification as lead abatement workers *or lead clearance testing technicians* shall first be certified by the department in accordance with rules adopted under RSA 130-A:10, XI. Such certification shall be in writing, shall be valid for a period of 12 months from the date of issuance, and shall contain the official signature of the commissioner or designee. The certification or a certified copy of the certificate shall be available for inspection during any period of training.

10 Risk Assessors Added. Amend RSA 130-A:13 to read as follows:

130-A:13 Notification Program. The commissioner may, if necessary, institute a program requiring the notification to the department of all inspections for lead base substances carried out by lead inspectors, *risk assessments carried out by lead risk assessors*, and of all lead hazard reduction activities conducted on child care facilities and on leased or rented dwelling and dwelling units, carried out by lead abatement contractors or by lead abatement workers. The program shall be conducted in accordance with rules adopted under RSA 130-A:10, VII, and the commissioner shall collect fees for notifications. The commissioner may conduct inspections of such activities as necessary to assure that the provisions of this chapter and rules adopted under it are carried out.

11 Effective Date. This act shall take effect 60 days after its passage.

HB 1147, relative to the right-to-know law and electronic communication. **INEXPEDIENT TO LEGISLATE**

Rep. Peter F. Bergin for Judiciary: The committee voted inexpedient to legislate because this bill's subject matter will be studied in HB 1435. Vote 13-0.

HB 1508-FN, directing the attorney general to apply to the supreme court to convene a grand jury to investigate health care and insurance issues and practices. **OUGHT TO PASS WITH AMENDMENT**
Rep. Andrew R. Peterson for Judiciary: The committee had many serious concerns with the bill as written. However, in our deliberations we received an amendment from the sponsor to proceed with an inquiry via a chartered study committee. We believed this could be a forum for many important concerns which may yield beneficial insights into the internal dynamics of the health care business in the Granite State. Vote 14-0.

Amendment (3269h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a study committee on antitrust laws as they apply to hospital business practices.

Amend the bill by replacing all after the enacting clause with the following:

1 Committee Established. There is established a committee to study antitrust laws as they apply to hospital business practices.

2 Membership and Compensation.

I. The members of the committee shall be as follows:

(a) Three members of the house of representatives, appointed by the speaker of the house.

(b) Three members of the senate, appointed by the president of the senate.

II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

3 Duties. The committee shall study antitrust laws as they apply to hospital business practices.

4 Chairperson; Quorum. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Four members of the committee shall constitute a quorum.

5 Report. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the senate president, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 2000.

6 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a study committee on antitrust laws as they relate to hospital business practices.

HB 1118, establishing a committee to study the feasibility and value of encouraging the construction and operation on state park lands of publicly or privately-owned hotels, conference centers and other resort facilities. **INEXPEDIENT TO LEGISLATE**

Rep. Barbara L. Spear for Public Works and Highways: The committee feels that the present procedure works well, and in many cases private projects are located on state property. The sponsors are sincere in their efforts to help the state, but the committee felt that the rural character of New Hampshire is best served by the current system. Vote 15-0.

HB 1153, establishing a committee to study and assess the impact on traffic on NH Routes 121 and 102 in Chester from the proposed interchange off exit 4A on Interstate 93 in Derry. **INEXPEDIENT TO LEGISLATE**

Rep. John P. Gleason for Public Works and Highways: The committee felt that a study of this nature is more appropriately addressed by a concerned community initiating a request for this service through its regional planning commission. This approach has been suggested to the bill sponsor and would be in step with the normal procedure for exploring situations that have a bearing on major public works projects such as a 4A exit on Interstate 93. The committee could understand the potential problems that may develop as a result of an additional exit from I-93. Local input to the regional planning process could make resolution to this problem much more effective than legislation action such as this. Vote 19-0.

HB 1159, establishing a committee to study the origins and destinations of truck traffic at the exit 3 truck stop in the town of Greenland. **INEXPEDIENT TO LEGISLATE**

Rep. Elizabeth C. Shultis for Public Works and Highways: The committee supported the concept of studying the patterns and causes of truck diversions from the turnpike and highway systems by investigating the origins and destinations of truck traffic at the Exit 3 truck stop in Greenland, and referred the study to the Regional Planning Commission to study alternate access routes, and the feasibility of routing long distance truck traffic back onto the interstate highway system. Members of the committee felt that this process would allow more flexibility for the Regional Planning Commission to complete its study and to make recommendations. Vote 19-0.

HB 1165-FN-L, reclassifying certain roads in the towns of Northfield, Tilton, and Waterville Valley. **OUGHT TO PASS WITH AMENDMENT**

Rep. John P. Gleason for Public Works and Highways: The committee has through this bill established a procedure for the exchange of highway maintenance on a class II to a class V highway between the state and town, applying to certain roads in the towns of Northfield, Tilton and Waterville Valley. Reclassification is subject to reconstruction by the state Department of Transportation. An amendment requires approval by the governing body of the applicable town or city. There was no opposition to this procedure at the public hearing. Vote 15-0.

Amendment (3132h)

Amend the bill by replacing section 2 with the following:

2 Applicability. This act shall take effect 60 days after its passage or 60 days after completion of the reconstruction to be performed by the department of transportation, whichever is later; provided, however, that no reclassification provided for in section one of this act shall be effective until such time as the governing body of the corresponding municipality has voted to accept responsibility for the additional costs incurred by the reclassification of the road, consistent with part 1, article 28-a of the New Hampshire constitution.

HB 1354-FN, indexing the rate of the motor fuel tax to changes in the value of the dollar. **INEXPEDIENT TO LEGISLATE**

Rep. Robert A. Daigle for Public Works and Highways: The committee could see a lot of merit for this concept, however, this represents a major change in policy. More testimony was heard

in opposition than in favor. We feel the sponsor has floated this idea, and now if we continue to think about the concept, in a few years more people may realize the merits. Vote 17-0.

HB 1489-A, making a capital appropriation for the reconstruction and repair of the Monadnock Mill State Office Building in Claremont. **INEXPEDIENT TO LEGISLATE**

Rep. John R. Cloutier for Public Works and Highways: This bill would make a capital appropriation of \$93,000 for reconstruction and repair of the Monadnock Office Building's stone foundation which was weakened a couple of years ago by several ice chunks from the adjacent Sugar River. While the committee unanimously sympathizes with the sponsors' intent on this bill, it is one of the few bills this year calling for additional capital appropriations. Such an appropriation would call for more bonding from the general fund, the bond limit of which has been nearly reached with passage of the 1999 Capital Budget. Instead, the sponsors are encouraged to go through the 2001 Capital Budget process, among other options, to get the Monadnock building repaired. Vote 19-0.

HB 1564-FN, relative to the placement of certain signs. **INEXPEDIENT TO LEGISLATE**

Rep. William E. Leber for Public Works and Highways: This bill would require that the Department of Transportation seek input on the placement of a business directional from the owner of the property on which the sign is placed before placing such sign. No one testified on this bill, however, the sponsor forwarded a letter to withdraw the bill as the issue can be resolved in other ways and does not need legislation. Vote 19-0.

HB 1614, naming 2 bridges. **OUGHT TO PASS WITH AMENDMENT**

Rep. William E. Leber for Public Works and Highways: This bill names the bridge for the new circumferential highway bridge between Litchfield and Merrimack the POW/MIA Memorial Bridge. As amended, the new Manchester airport access road bridge will be the Pearl Harbor Memorial Bridge, and a suitable sign or plaque will be provided on such bridge by the Granite State Pearl Harbor Survivors Association. These bridges are still in the planning stages but the proponents have faith the bridges will be built and they propose the names to honor those who were held as POW or MIA and those who lost their lives at Pearl Harbor. The committee was assured the signs would be placed, as all other bridge naming proposals, by the sponsoring organizations at no cost to the state. The committee recognized the significant sacrifices by those to be honored and was unanimous in its support with the bill as amended. Vote 19-0.

Amendment (3286h)

Amend the bill by replacing section 1 with the following:

1 Pearl Harbor Memorial Bridge. Pursuant to RSA 4:43, the bridge on the Manchester airport access road is hereby named the Pearl Harbor Memorial Bridge. A suitable plaque may be placed on such bridge by the Granite State Pearl Harbor Survivors Association.

AMENDED ANALYSIS

This bill names the bridge for the new Manchester airport access road, the Pearl Harbor Memorial Bridge and the new circumferential highway bridge between Litchfield and Merrimack, the POW/MIA Memorial Bridge.

HB 1170, relative to recreational vehicle parking at property contiguous to certain motorsports facilities. **INEXPEDIENT TO LEGISLATE**

Rep. Judith T. Spang for Resources, Recreation and Development: This bill would exempt private properties abutting certain motorsport facilities from state campground regulations on water supply, waste disposal and density of recreational vehicles for more than a seven day limited period. The exception was opposed by the municipality (Loudon). The committee agreed that there is insufficient justification for this precedent-setting exception. Vote 12-0.

HB 1348-FN-L, exempting the town of Sunapee from the payment for water rights for the hydroelectric plant of the Sugar River in the town of Sunapee. **INEXPEDIENT TO LEGISLATE**

Rep. Richard T. Cooney for Resources, Recreation and Development: This bill would exempt the town of Sunapee from payment for water rights which feed a hydroelectric plant. The amount paid to the Department of Environmental Services (DES) amount to approximately \$5,300. The town of Sunapee receives revenue of many times the fee. The sponsor argued that other plants on the Sugar River were not paying the fee. Representatives from DES stated that legal action is in progress to

get the fees from the other plants. These fees are an important source of revenue for the operation and maintenance of the dams. The committee felt it would be unwise to exempt any plants on the river from this needed fee. Vote 12-0.

HB 1125, protecting the confidentiality of telecommunications customer information. **INEXPEDIENT TO LEGISLATE**

Rep. Roy Maxfield for Science, Technology and Energy: The sponsor is commended for introducing this consumer information protection bill. The committee found that federal legislation already exists however, which provides for consumer confidentiality propriety. The New Hampshire Public Utilities Commission representatives also informed the committee that they have existing authority in this area to protect customer information. The telephone oversight committee will monitor service providers to insure compliance with federal and state regulations concerning the confidentiality of telecommunication customer information. Vote 15-0.

HB 1310, relative to the universal service fund. **REFER FOR INTERIM STUDY**

Rep. Donald B. White for Science, Technology and Energy: This bill is referred to interim study to allow the Public Utilities Commission the opportunity to study this case under its docket DT00-015 of January 27, 2000. The committee understands the heavy workload confronting the PUC so no date specific is sought for a complete report. Keeping the bill alive will allow for legislation if the PUC report indicates the necessity. Vote 15-0.

HB 1524, requiring all retail suppliers of electricity to disclose information regarding the environmental characteristics of the electric power in their resource mix, and establishing a committee to determine optimal ways to ensure that all electricity sold in New Hampshire conforms with acceptable environmental standards. **REFER FOR INTERIM STUDY**

Rep. Harold V. Lynde for Science, Technology and Energy. The purposes of this bill include 1) to have information on the environmental characteristics of electric generating units selling power within the state to provide to consumers wishing to purchase power from sources meeting certain characteristics (such as from renewable resources, low emissions of air pollutants, etc.), by requiring the Public Utilities Commission (PUC) to adopt rules as envisioned by RSA 374-F and, 2) to study ways of assuring all generating sources, including out-of-state sources that are offering power for sale within the state to conform to environmental standards acceptable to New Hampshire. The committee felt the first intent of this bill could be met by writing a letter to the PUC urging them to adopt rules for environmental disclosure as envisioned by RSA 374-F for those customers that now have retail choice (Granite State Electric and New Hampshire Cooperative) and the second intent, which was to conduct a study, would be met by referring the bill for interim study. Vote 16-1.

HB 1616-FN, relative to registration fees for certain construction equipment vehicles. **OUGHT TO PASS WITH AMENDMENT**

Rep. John W. Flanders, Sr. for Transportation: The bill is a follow up from legislation passed by this House last year. An unintended consequence arose from that legislation. A small glitch in the law resulted in many New Hampshire residents being overcharged for the registration fees on their construction equipment. This bill corrects these problems in two ways. First, the bill establishes one fee capped at \$25.00 for registration by the state for construction equipment vehicles, and secondly, provides a rebate of fees charged in excess of this fee that were charged as a result of Chapter law of 1999, 265:3. Vote 15-0.

Amendment (3281h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Subparagraph; Registration Fees for Construction Equipment Vehicles. Amend RSA 261:141, III by inserting after subparagraph (aa) the following new subparagraph:

(bb) For construction equipment as defined by RSA 259:42 — the exclusive fee charged by the state shall be \$25.

2 Rebate of Fees; Department of Safety. The commissioner shall, upon verified application, authorize the rebate of construction vehicle registration fees paid in excess of the fee set forth in section 1 for the period of time from September 10, 1999 to the effective date of this act. Such rebates shall be paid from the state fund into which the original fees were deposited.

3 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes one fee for registration by the state of construction equipment vehicles and provides for a rebate of fees paid in excess of this fee which were charged as a result of 1999; 265:3.

HB 1152, relative to the establishment of crossbow hunting seasons. REFER FOR INTERIM STUDY

Rep. Rose Marie Rogers for Wildlife and Marine Resources: The committee voted unanimously to place this bill in Interim Study. There was consensus with the Fish and Game Department that it was a good bill that had areas of mutual concern. Interim Study would afford the department and the committee time to address these concerns. All Interim Study meetings will be posted in the calendar. Vote 17-0.

REGULAR CALENDAR

HB 1363, relative to grandparents' visitation rights. INEXPEDIENT TO LEGISLATE

Rep. David A. Bickford for Children and Family Law: This bill would create an open-ended grandparent visitation statute. The present statute requires a disruptive precipitating event in the grandchild's life as a precondition to suit. The committee felt it would be unjustified to attempt further infringement or intrusion upon the status of family life as a protected private sphere insulated from governmental intrusion. The committee further feels the bill might contradict the privacy rights inherent in the federal constitution, which are presently being challenged by the Troxel case from the state of Washington in the U.S. Supreme Court. A decision from that court is expected this year. Vote 13-1.

Reps. McRae and Young spoke against.

Reps. Bickford and Dowling spoke in favor.

Rep. Young requested a roll call; sufficiently seconded.

The question being the adoption of the report.

HB 1505-FN-L, relative to the formula for distributing school building aid. REFER FOR INTERIM STUDY

Rep. Brien L. Ward for Education: The committee believes the current building aid formula which was established in 1957 is antiquated and does not equitably fund the building needs of the state's school districts. We unanimously request that the recommendations of the proposed interim study be presented to the adequacy commission. Vote 15-1.

Adopted.

CACR 5, relating to voting and elective rights of incarcerated felons. Providing that no felon, from the time of conviction until final discharge of sentence, shall vote in an election, become a candidate, or hold public office. **OUGHT TO PASS WITH AMENDMENT**

Rep. C. Donald Stritch for Election Law: The Election Law Committee recommitted this CACR 5 to make the language more precise regarding the voting rights of felons at members' request. This constitutional amendment to Part I, Article 11 of NH law now will provide a process for the legislature, if it so desires, to pass any legislation regarding the voting rights and methodology of such for convicted felons between conviction and final discharge of sentence. Vote 12-4.

Amendment (3146h)

Amend the title of the resolution by replacing it with the following:

RELATING TO: voting and elective rights of incarcerated felons.

PROVIDING THAT: any person who has been convicted of a felony may be denied the right to vote for any or all of the time between conviction and final discharge of sentence, as provided by law.

Amend the resolution by replacing all after the resolving clause with the following:

I. That article 11 of the first part of the constitution be amended to read as follows:

[Art.] 11 [Elections and Elective Franchises.] All elections are to be free, and every inhabitant of the state of 18 years of age and upwards shall have an equal right to vote in any election. Every person shall be considered an inhabitant for the purposes of voting in the town, ward, or unincorporated place where he *or she* has [his] domicile. No person shall have the right to vote under the constitution of this state who has been convicted of treason, bribery or any willful violation of the election laws of this state or of the United States; but the supreme court may, on notice to the attorney general, restore the privilege to vote to any person who may have forfeited it by conviction of such offenses. *Any person who has been convicted of a felony may be denied the right to vote for any or all of the time between conviction and final discharge of sentence, as provided by law.* The general court shall provide by law for voting by qualified voters who at the time of the biennial or state elections, or of the primary elections therefor, or of city elections, or of town elections by official ballot, are absent from the city or town of which they are inhabitants, or who by reason of physical disability are unable to vote in person, in the choice of any officer or officers to be elected or upon any question submitted at such election. Voting registration and polling places shall be easily accessible to all persons including disabled and elderly persons who are otherwise qualified to vote in the choice of any officer or officers to be elected or upon any question submitted at such election. The right to vote shall not be denied to any person because of the nonpayment of any tax. Every inhabitant of the state, having the proper qualifications, has equal right to be elected into office subject to the provisions of this article.

II. That the above amendment proposed to the constitution be submitted to the qualified voters of the state at the state general election to be held in November, 2000.

III. That the selectmen of all towns, cities, wards and places in the state are directed to insert in their warrants for the said 2000 election an article to the following effect: To decide whether the amendments of the constitution proposed by the 2000 session of the general court shall be approved.

IV. That the wording of the question put to the qualified voters shall be:

Are you in favor of amending the Constitution to provide that any person who has been convicted of a felony may be denied the right to vote for any or all of the time between conviction and final discharge of sentence, as provided by law?

V. That the secretary of state shall print the question to be submitted on a separate ballot or on the same ballot with other constitutional questions. The ballot containing the question shall include 2 squares next to the question allowing the voter to vote "Yes" or "No." If no cross is made in either of the squares, the ballot shall not be counted on the question. The outside of the ballot shall be the same as the regular official ballot except that the words "Questions Relating to Constitutional Amendments proposed by the 2000 General Court" shall be printed in bold type at the top of the ballot.

VI. That if the proposed amendment is approved by 2/3 of those voting on the amendment, it becomes effective when the governor proclaims its adoption.

AMENDED ANALYSIS

This constitutional amendment concurrent resolution provides that any person who has been convicted of a felony may be denied the right to vote for any or all of the time between conviction and final discharge of sentence, as provided by law.

Adopted.

On a division vote, 282 members having voted in the affirmative and 44 in the negative, the report was adopted by the constitutionally required three-fifths.

SUSPENSION OF RULES

Rep. Chandler moved that the Rules be so far suspended as to permit third reading and final passage at the present time of **CACR 5**, relating to voting and elective rights of incarcerated felons.

Providing that any person who has been convicted of a felony may be denied the right to vote for any or all of the time between conviction and final discharge of sentence, as provided by law. Adopted by the necessary two-thirds.

THIRD READING MOTION ON CACR

Rep. Chandler moved that **CACR 5**, relating to voting and elective rights of incarcerated felons. Providing that any person who has been convicted of a felony may be denied the right to vote for any or all of the time between conviction and final discharge of sentence, as provided by law, be read a third time and passed.

On a division vote, 307 members having voted in the affirmative and 23 in the negative, **CACR 5**, was read a third time and passed by the constitutionally required three-fifths.

Third reading and final passage

CACR 5, relating to voting and elective rights of incarcerated felons. Providing that any person who has been convicted of a felony may be denied the right to vote for any or all of the time between conviction and final discharge of sentence, as provided by law.

REGULAR CALENDAR (CONT'D.)

HB 335, prohibiting the land application of sludge in reclamation areas. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Donald R. Philbrick for the Majority of Environment and Agriculture: This bill was recommended to the Environment and Agriculture Committee because information was brought forward relating to private well tests near a sand pit reclamation project in Sandown NH. The assigned subcommittee listened to testimony from town officials, concerned citizens, opponents of sludge spreading, Department of Environmental Services, experts on groundwater flow and representatives of the company involved in the landspreading. Testing procedures were reviewed as well as test results. The subcommittee voted 5-0 to recommend this bill ITL. The full committee then heard arguments and reaffirmed the subcommittee's recommendation of ITL. Vote 10-7.

Rep. Betty B. Hall for the Minority of Environment and Agriculture: Most municipalities in this state do not generate the kind of sludge, which came from out of state and was spread at the Sandown gravel pit. Arsenic in that sludge can accumulate in an area with high background levels of arsenic. Arsenic raises the same concerns as MtBE and mercury. Landfill space is safer and available due to a recent private sector decision to limit out of state trash. The minority believes aggressive pre-treatment programs are the keys to keeping toxics from entering the sewage treatment systems. Municipal wastewater treatment plants can reduce the threat to aquifers and public municipal water supplies.

Reps. Betty Hall and Bruno spoke against.

Rep. Melcher spoke in favor and yielded to questions.

Rep. Dickinson requested a quorum count. The Speaker declared a quorum present.

Rep. Dickinson spoke against.

Rep. Leishman spoke in favor and yielded to questions.

Rep. Philbrick requested a roll call; sufficiently seconded.

The question being the adoption of the majority report.

and the majority report was adopted.

HB 86-A, making an appropriation for renovation of the Sawyer House at the Daniel Webster Birthplace in the city of Franklin. **OUGHT TO PASS WITH AMENDMENT**

Rep. Jean R. Wallin for Finance: This bill, as amended, authorizes the division of parks to match with the park and other funds no more than \$53,000 donated by private sources to renovate the Sawyer House at the Daniel Webster Birthplace in Franklin. With demonstrations of early colonial life being presented by the managing Franklin Historical Society the location promises to be an attractive and self-supporting state park. There will be no impact on the general fund. Vote 22-0.

Amendment (3313h)

Amend paragraph II as inserted by section 1 of the bill by replacing it with the following:

II. The sum appropriated to the department of resources and economic development in paragraph I shall be nonlapsing. The division of parks is authorized to match from the state park fund no more than \$52,590 donated by private sources as the source of funding for the sum appropriated.
Adopted.

Report adopted and ordered to third reading.

HB 239-FN-A, permitting the development of an industrial hemp industry in New Hampshire and continually appropriating a special fund. **OUGHT TO PASS WITH AMENDMENT**

Rep. Vivian R. Clark for Finance: The only financial concern connected to this bill, which was already passed by the Environment and Agriculture Committee and by the House, dealt with potential increased expenses for testing to determine whether a suspicious substance was hemp, or marijuana. The amendment specifies that anyone in possession of hemp without appropriate permits and documentation, shall be subject to the same prosecution and penalties as if it were marijuana. This will obviate the need for additional testing and eliminate its additional expense. Vote 16-5.

Amendment (3291h)

Amend the bill by replacing sections 1-2 with the following:

1 New Chapter; Industrial Hemp. Amend RSA by inserting after chapter 433-B the following new chapter:

CHAPTER 433-C INDUSTRIAL HEMP

433-C:1 Purpose. The purpose of this chapter is to permit the development in New Hampshire of an industrial hemp industry, and to assure that production of industrial hemp is in compliance with state laws.

433-C:2 Definitions. In this chapter:

I. "Commissioner" means the commissioner of agriculture, markets, and food.

II. "Hemp products" means all products made from industrial hemp, including, but not limited to, cloth, cordage, fiber, food, fuel, paint, paper, particle board, plastics, seed, seed meal and seed oil for consumption, and certified seed for cultivation if such seeds originate from industrial hemp varieties.

III. "Industrial hemp" means all parts and varieties of the plant *Cannabis sativa*, whether growing or not, that contain a tetrahydrocannabinol concentration of one percent or less by weight and are cultivated or possessed by a licensed grower in compliance with this chapter.

IV. "Records" means all commercial documents related to the production of industrial hemp, including accounts, correspondence, declarations, purchase orders, registers, seed invoices and tetrahydrocannabinol (THC) concentration analysis reports, including all documentation required under this chapter and by any other state law regarding the growing and cultivation of industrial hemp.

V. "Tetrahydrocannabinol" means a *Cannabis sativa* L. by-product, found in the resin secreted by the plant, that imparts psychoactive properties to marijuana.

433-C:3 Industrial Hemp an Agricultural Product. Industrial hemp is an agricultural product which may only be grown, produced, possessed and commercially traded in New Hampshire pursuant to the provisions of this chapter.

433-C:4 Licensing; Application.

I. Any person or business entity wishing to grow industrial hemp shall be licensed as an industrial hemp grower by the commissioner. A license from the commissioner shall authorize industrial hemp growing only at a site or sites as specified by the license.

II. A license from the commissioner shall be valid for 24 months and may be renewed, but shall not be transferable. An application for a license shall be filed with the commissioner by January 1, and a license granted by the commissioner shall be issued by February 1 of the same calendar year.

III. To qualify for a license from the commissioner, an applicant shall demonstrate to the satisfaction of the commissioner, in a manner prescribed by the commissioner, that the applicant intends to and is capable of growing industrial hemp, and has adopted methods to ensure its safe production, which at a minimum shall include:

(a) Furnishing the commissioner with a guaranteed irrevocable letter of credit or a surety bond executed by a surety company authorized to transact business in this state, in the sum of not less than \$2,000, obtained for the sole benefit of any person suffering loss or damage from violations of this chapter, or of the state of New Hampshire to cover the cost of destroying any industrial hemp crop not in compliance with this chapter.

(b) Ensuring the integrity of the industrial hemp crop while it is in the field, which shall include filing with the commissioner the location and acreage of all parcels sown and other field reference information as may be required by the commissioner.

(c) Ensuring that all parts of the industrial hemp plant not entering the stream of commerce as hemp products, such as flowers and leaves, are destroyed or recycled at the place of production.

(d) Agreeing to the provisions of RSA 433-C:6, II and III, regarding inspections by the commissioner.

(e) Maintaining records that reflect compliance with the provisions of this chapter and with all other state laws regulating the planting and cultivation of hemp.

(f) Agreeing to the provisions of RSA 433-C:9, I, regarding testing of industrial hemp crop samples.

IV. Every industrial hemp grower shall maintain all production records for at least 3 years at the production site.

433-C:5 Seed; Importation.

I. The commissioner shall be the sole source and supplier of seed for use in industrial hemp production in the state. The commissioner shall by rule adopt measures to define, distinguish, and identify hemp as a plant variety consistent with the provisions of this chapter, secure all hemp seed under the control of the commissioner, and ensure that all hemp seed supplied to and used by growers is only the seed of the industrial hemp plant as defined in RSA 433-C:2, III.

II. An industrial hemp grower shall only use hemp seed obtained exclusively from the commissioner.

433-C:6 Administration; Inspection; Rules.

I. The commissioner shall administer and enforce the provisions of this chapter.

II. The commissioner is authorized to investigate compliance with this chapter, and shall have access, subject to the provisions of paragraph III, to all land, buildings, or places where industrial hemp is grown, kept, stored, or handled, and to all records relating to hemp production. The commissioner may take or require samples of up to 1/10 of one percent of the industrial hemp crop of an industrial hemp grower, to test the crop tetrahydrocannabinol content to ensure compliance with this chapter and to provide a basis for sanctions or suspension of an industrial hemp grower out of compliance. The commissioner may make copies of any records.

III. The commissioner shall have access to the properties and records specified in paragraph II during regular business hours upon the consent of the industrial hemp grower, or when the commissioner has substantial justification to believe that any industrial hemp grower who is licensed under this chapter is otherwise in violation of this chapter or rules adopted under it.

IV. The commissioner shall adopt rules, pursuant to RSA 541-A, to implement this chapter.
433-C:7 Revocation and Suspension of License; Enforcement.

I. The commissioner shall deny, suspend, revoke, or refuse to renew an industrial hemp grower's license in the following cases:

(a) If false or misleading information, statements, misrepresentation, or false or falsified documents have been submitted on or with an application or renewal for a license.

(b) If the industrial hemp grower fails to take any action required by the commissioner under the provisions of this chapter.

(c) If the commissioner has been informed and has verified that the license holder, or in the case of a corporation, cooperative or partnership, any of its officers, directors or partners, has a criminal record that includes within the previous 10 years:

(1) Any designated drug offense as provided in RSA 318-B:26; or

(2) If he or she ordinarily resides in a country other than the United States, an offense that if committed in the United States would constitute a designated drug offense.

(d) In the case of a corporation, cooperative or partnership, if any person who is less than 18 years of age is named as an officer, director or partner.

(e) If the holder of a license that was required to be submitted with the application no longer holds the license.

II. The commissioner may revoke a license where it is necessary to protect the security, safety or health of the public, if the commissioner has reasonable grounds to believe that the license holder has violated or failed to comply with any provision of this chapter or any rule adopted under it, or any condition of the license.

III. Revocation or suspension of a license may be in addition to any criminal penalties or fines imposed on an industrial hemp grower under other state law.

IV. Except as otherwise provided in this paragraph, any person who is in possession of industrial hemp without possessing a valid industrial hemp grower's license provided by the commissioner shall be subject to the penalty provisions of RSA 318-B:26, as if the industrial hemp were in fact prohibited marijuana. This paragraph shall not be construed so as to require any agent, servant, or employee of a person with a valid industrial hemp grower's license to possess or carry such a license when acting pursuant to such relationship.

433-C:8 Fee; Cost of Seed; Special Fund.

I. A fee shall be charged by the commissioner for each license granted to an industrial hemp grower under this chapter. The fee amount charged for the first growing season shall be \$10 per acre of land under cultivation, plus a sufficient amount for testing samples, if required by the commissioner. After the first growing season, the commissioner shall recommend a fee amount to the general court for its approval, to be used beginning with the growing season following the first growing season. All fee revenue shall be deposited in the special program fund established in paragraph III.

II. The commissioner shall by rule establish hemp seed prices to be charged growers under provisions of RSA 433-C:3. All proceeds of seed sales shall be deposited in the industrial hemp special program fund established in paragraph III.

III. An industrial hemp special program fund is established in the office of the state treasurer. All moneys in the fund shall be nonlapsing and continually appropriated to the commissioner and used to defray the cost of implementing this chapter.

433-C:9 Testing of Samples.

I. Every industrial hemp grower licensed under RSA 433-C:4 shall submit samples of the grower's industrial hemp crop to a certified independent testing laboratory at such times as the commissioner shall require by rules adopted under RSA 433-C:6. All costs of such testing shall be borne by the industrial hemp grower. Copies of test results shall be provided to the grower, the commissioner of agriculture, markets, and food, or designee, and the commissioner of safety, or designee.

II. The commissioner of agriculture, markets, and food shall adopt rules, pursuant to RSA 541-A, relative to the certification of testing laboratories.

433-C:10 Report. The commissioner shall by January 15 of each year report to the house environment and agriculture committee and the senate environment committee on implementation of this chapter and on the commercialization of industrial hemp in this state and elsewhere in the world, and recommend any changes to this chapter deemed appropriate.

2 New Subparagraph; Industrial Hemp Special Program Fund. Amend RSA 6:12, I by inserting after subparagraph (aaaa) the following new subparagraph:

(bbbb) Moneys received under RSA 433-C:8, which shall be deposited in the industrial hemp special program fund established in RSA 433-C:8, III.

AMENDED ANALYSIS

This bill permits the production of industrial hemp in New Hampshire. A person or business entity wishing to grow and produce industrial hemp must be licensed by the commissioner of agriculture, markets, and food. The commissioner of agriculture, markets, and food will be the sole source and supplier of seed for use in industrial hemp production.

The commissioner of agriculture, markets, and food shall charge a fee for each license granted to industrial hemp growers. The revenue from these fees is to be used to defray the costs of licensing and regulating industrial hemp growers.

This bill grants the commissioner of agriculture, markets, and food rulemaking authority with respect to licensing and inspection of industrial hemp growers, identification and distinguishing of hemp as a plant variety, testing of industrial hemp crop samples, and certification of testing laboratories.

This bill establishes conditions under which the commissioner may or shall deny, suspend, revoke, or refuse to renew an industrial hemp grower's license.

This bill provides that a person in possession of industrial hemp without possessing a valid industrial hemp grower's license shall be subject to the penalty provisions of RSA 318-B:26, as if the industrial hemp were in fact prohibited marijuana.

Adopted.

Rep. Owen spoke in favor.

Reps. Welch and Scanlan spoke against and yielded to questions.

Reps. McRae and Robb-Theroux spoke in favor and yielded to questions.

Rep. Leishman spoke against.

Rep. Owen requested a roll call; sufficiently seconded.

The question being the adoption of the report.

and the report failed.

Rep. Hager moved that **HB 239-FN-A**, permitting the development of an industrial hemp industry in New Hampshire and continually appropriating a special fund, be Referred for Interim Study and spoke in favor.

On a division vote, 236 members having voted in the affirmative and 108 in the negative, the motion was adopted.

HB 305-A, relative to a lease-purchase agreement between Cheshire county and the state for construction of a new district courthouse to be located in the town of Jaffrey. **OUGHT TO PASS**
 Rep. Norman L. Major for Finance: This bill provides a lease purchase between Cheshire County (bonding agency) and the state for a new district courthouse serving the Jaffrey and Peterborough District Court. The current facility is in an old manufacturing building leased at a cost of \$48,000 per year. A private family is donating the land for the new court with a four-year time limit for construction of a court facility expiring in 2001. So if the state does not act soon, the donors may rescind their gift. This is the first priority for a district court from the judicial branch. The design is generic and as such would cost less to construct. The town has done environmental tests and engineering studies at its own expense. This project has been ongoing for more than 12 years. If Cheshire county and the state enter into a lease-purchase agreement, the county will issue bonds in the amount up to \$2,600,000 to pay the cost of construction of the courthouse. The state will pay rent to cover the county's repayment of the bonded construction cost over twenty years starting with the first year payment of \$283,712 declining to the last payment of \$137,475. The state will pay all operating costs for this facility, including maintenance costs, manpower for building and grounds maintenance, building security, and utilities. These operating costs are expected to total \$126,278. Current operating costs are \$53,230. The rent and operating costs will be charges against the general fund starting in FY 2002. Vote 23-1.

Report adopted and ordered to third reading.

HB 405-FN, relative to the annual funding of placement costs for juvenile diversion and alternative disposition programs. **OUGHT TO PASS WITH AMENDMENT**
 Rep. Mary Jane Wallner for Finance: The amendment to the bill adds the requirement that the Division of Children, Youth and Families prepare a biennial report about the effectiveness of the programs funded by the diversion incentive funds. It also delays until the next biennium the new formula for funding of these programs. Vote 20-0.

Amendment (3273h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the annual funding of placement costs for juvenile diversion and alternative disposition programs and relative to an effectiveness study of such programs.

Amend the bill by replacing all after section 1 with the following:

2 New Section; Services for Children, Youth, and Families; Report on Effectiveness of Juvenile Diversion Programs Required. Amend RSA 170-G by inserting after section 4-a the following new section:

170-G:4-b Report. In order to ensure the continuing successful use of limited financial resources, the department of health and human services, using existing department allocations and resources, shall establish quantitative behavioral measures to be used to study and evaluate the effectiveness of all programs funded with juvenile diversion incentive funds pursuant to RSA 170-G:4, XVI. Based on the results of biennial study, the department shall designate those programs which represent the best practices available, and shall publish and disseminate such results to the governor, the speaker of the house, the president of the senate, and to any associated departments or agencies no later than June 15 of each odd numbered year.

3 Effective Date.

I. Section 1 of this act shall take effect July 1, 2001.

II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill increases from 6 percent to 6 1/4 percent the amount of the annual appropriation for funding placement costs for juvenile diversion and alternative disposition programs within the department of health and human services. The bill also requires the department of health and human services to undertake a study of the effectiveness of all departmental programs funded by juvenile diversion funds.

Adopted.

Report adopted and ordered to third reading.

HB 413-FN-A, relative to the renovation of regional vocational education centers, and making an appropriation therefor. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. David J. Alukonis for the Majority of Finance: The Majority of the committee concurs with the bill as previously amended by the policy committee and as passed by the House. The proposal changes the process in which regional vocational education facilities are planned and funded. This bill will require that each request for renovation and expansion follows the capital budget procedure which includes capital budget overview committee approval for each such project. While there is no direct fiscal impact as a result of this bill, the state will be responsible to provide no more than 75% of the funding for such renovation and expansion projects. Vote 15-10.

Rep. Jean R. Wallin for the Minority of Finance: Since 1973 the state has invested \$85,000,000 to assist a limited number of school districts in construction of 22 regional vocational centers and one regional program. \$60,000,000 of the bonds has been retired. This bill began as just another increase in the non-lapsing bond authorization to the Department of Education for building replacement centers or renovating the original buildings and equipment. The Public Works Committee removed the authorization and replaced it with an entirely new method of funding these centers. If this bill passes centers will have to compete for funding with all capital projects contemplated by the state, from the university to prisons. It is the fear of the minority that this will effectively result in all high schools building vocational education components thereby increasing the level of school building aid required. The centers immediately affected are Nashua, Keene, Berlin, Conway, and Concord.

On a division vote, 186 members having voted in the affirmative and 135 in the negative, the majority report was adopted.

Ordered to third reading.

HB 648-FN, relative to a sludge testing program. OUGHT TO PASS WITH AMENDMENT

Rep. Joseph E. Stone for Finance: This bill allows sludge testing just before application on randomly selected fields around the state. Depending on the levels of utilization of the municipal aid grants for wastewater treatment, up to \$85,000 per year will be transferred to the non-lapsing sampling and analysis of sludge or biosolids sample fund established by RSA 485-A:4, XVI-c, provided all approved state and grant payments have been made to eligible municipalities in each fiscal year. If the money is not available, the testing will not be done. The Finance amendment simplifies the language and enables the FY2000 transfer by changing the effective date. Vote 25-0.

Amendment (3174h)

Amend the bill by replacing sections 4 and 5 with the following:

4 Transfer of Appropriation. Up to \$85,000 each fiscal year that was appropriated for state aid grants by 1999, 159:1, PAU 03-04-02-01-02 shall be transferred to the non-lapsing sampling and analysis of sludge or biosolids samples fund established by RSA 485-A:4, XVI-c, provided all approved state aid grant payments have been made to eligible municipalities in each fiscal year.

5 Effective Date. This act shall take effect June 30, 2000.

Adopted.

Report adopted and ordered to third reading.

HB 1200-FN, relative to the application of education property tax hardship relief to real estate trusts. OUGHT TO PASS WITH AMENDMENT

Rep. David J. Alukonis for Finance: This bill extends the education property tax hardship relief for low and moderate income taxpayers established in HB 999 to estate planning trusts. This bill will allow taxpayers living on fixed incomes to qualify for this hardship relief if they have placed their houses in trust for estate planning purposes. The amendment requires that the applicant for relief provide documentation of ownership and tax returns for both the applicant and the trust to establish eligibility for this relief. It also makes it clear that relief applies to claimants who owned their homes prior to the passage of HB 999 and to those who filed their returns prior to the enactment of this bill. The amendment also removes the requirement that the applicant must have resided in the homestead for a year before making the application. Vote 16-5.

Amendment (3296h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the application of education property tax hardship relief to estate planning trusts and relative to eligibility for hardship relief.

Amend the bill by replacing all after the enacting clause with the following:

I Definitions; Homestead; Household Income. Amend RSA 198:50, II and III to read as follows:

II. "Homestead" means the dwelling owned by a claimant or, in the case of a multi-unit dwelling, the portion of the dwelling which is owned and used as the claimant's principal place of residence and the claimant's domicile for purposes of RSA 654:1. "Homestead" shall not include land and buildings taxed under RSA 79-A or land and buildings or the portion of land and buildings rented or used for commercial or industrial purposes. In this paragraph, the term "owned" includes:

(a) A vendee in possession under a land contract ~~[and]~~;

(b) One or more joint tenants or tenants in common; *or*

(c) *A person who has equitable title, or the beneficial interest for life in the homestead.*

III. "Household income" means the sum of the adjusted gross income for federal income tax purposes of the claimant and any member of the claimant's household who resides in the homestead for which a claim is made. *"Household income" shall also include all income of any trust through which the claimant holds equitable title, or the beneficial interest for life, in the homestead.*

2 Eligibility; Hardship Relief. Amend RSA 198:51, III(b) to read as follows:

(b) ~~[Has] Resided in such homestead [for a period of one year] as of November 3, 1999,~~ except such persons as are on active duty in the United States armed forces or are temporarily away from such homestead but maintain the homestead as a primary domicile;

3 Education Property Tax Hardship Relief. Amend RSA 198:51, VII to read as follows:

VII. Each claim shall be accompanied by a copy of the claimant's federal income tax return filed by the claimant for the immediately prior tax period. Claimants who were not required to file a federal tax return for the immediately prior tax period may submit an affidavit to such effect in lieu of a tax return which document shall include the claimant's social security number. *A claimant who asserts ownership in a homestead because he or she holds equitable title, or the beneficial interest for life, in the homestead and who bears the burden of the education property tax assessed against the property shall also submit a copy of the document creating such interest and a copy of the federal tax return, for the immediately prior tax period, of the trust holding legal title to the homestead.* Any documents submitted shall be considered confidential, handled so as to protect the privacy of the claimant, and shall be destroyed after all appeal periods have expired.

4 Applicability. Sections 1-3 of this act shall apply to any claims for education property tax hardship relief filed on or after November 3, 1999 pursuant to RSA 198:50-55.

5 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill clarifies the application of education property tax hardship relief to estate planning trusts and changes a residence requirement for eligibility for hardship relief.

On a division vote, 295 members having voted in the affirmative and 24 in the negative, the amendment was adopted.

Report adopted and ordered to third reading.

SB 76-L, allowing certain municipalities to offer tax exemptions to foster commercial and industrial construction. **WITHOUT RECOMMENDATION**

Rep. Hess moved to Commit the bill to the Committee on Municipal and County Government and spoke in favor.

Rep. Kurk spoke in favor.

The motion to Commit the bill to the Committee on Municipal and County Government was adopted.

SB 135-FN, relative to water supply land protection grants. **OUGHT TO PASS**

Rep. Franklin G. Torr for Finance: This bill establishes a water supply land protection grant program to assist in the acquisition of land and easements for the purpose of drinking water source protection. Matching grants would be available on a 25% state-75% local basis. Sufficient funds for the first year, \$1.5 million, have already been appropriated in the budget for FY2001. Appropriations thereafter would occur through the budget process. Vote 22-1.

Adopted and ordered to third reading.

HB 536, authorizing municipalities to exempt from the local property tax personal property employed in the generation and production of electric power. **REFER FOR INTERIM STUDY**

Rep. Linda T. Foster for Municipal and County Government: In deference to a member who was absent during the executive session on HB 536, the Committee voted unanimously to re-consider its vote. The subsequent motion was to send the bill to interim study. The Committee realizes that the statewide policy implications of this bill were somewhat localized by the issues surrounding the proposed AES power plant in Londonderry. Among other issues which the Committee wishes to examine are the bill's implications as the last remnant of the stock in trade tax and any findings regarding the taxing of utilities brought forth by the Tax Equity and Efficiency Commission. Interim Study will allow the Committee to fully examine the many aspects and implications of this proposed legislation. Vote 15-1.
Adopted.

HB 1106, making the widening of Interstate 93 from Manchester to the Massachusetts border a state priority. **OUGHT TO PASS WITH AMENDMENT**

Rep. John P. Gleason for Public Works and Highways: The committee heard extensive and very graphic testimony as to the compelling need to widen Interstate 93 highway from Manchester to the Massachusetts border. This highway impacts New Hampshire's commerce and development more dramatically, and affects more people than any similar road in the state as it provides a north/south arterial route servicing a major area of the state. Since its construction in the early 1960s, this highway has generated traffic flow that has gone from 20,000 vehicles per day to a current level of 100,000 vehicles. The current two travel and one breakdown lanes in each direction just does not have the capacity to safely and effectively handle the high volume of traffic the road is subject to, especially during the Monday to Friday commuting hours. Numerous and frequent auto accidents occur on the 18 mile stretch, resulting in an alarming amount of injuries and fatalities. Inclement weather just compounds the problems that make this stretch of I-93 such a hazardous road. Although widening of this 18 mile section of I-93 is in the Department of Transportation's 10 Year Highway Plan currently slated to start in 2004, numerous environmental and engineering design considerations must be met and signed off on by state and especially federal regulatory agencies. The committee moved that the bill as amended direct that the Commissioner of the DOT shall give very high priority to the construction projects relative to widening of I-93 from Manchester to the Mass. border. Vote 15-0.

Amendment (3267h)

Amend the bill by replacing all after the enacting clause with the following:

I Priority Construction.

I. The commissioner of the department of transportation shall give very high priority to the construction projects relative to the widening of Interstate 93 from Manchester to the Massachusetts border.

II. The commissioner of the department of transportation, excepting special appropriations, shall use previously and subsequently apportioned federal funds and previously and subsequently appropriated state funds for the projects under paragraph I.

III. The commissioner of the department of transportation shall take all necessary actions to ensure that the state of New Hampshire does not lapse or lose the federal funds.

2 Intent. The general court hereby urges the New Hampshire congressional delegation to take necessary actions for the prioritization of construction as set forth in section 1 of this act.

3 Applicability. Within 10 days of the effective date of this act, the house clerk shall send copies of this act to each member of the New Hampshire congressional delegation.

4 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill directs the commissioner of transportation to give the widening of Interstate 93 from Manchester to the Massachusetts border very high priority.

Adopted.

Report adopted and ordered to third reading.

HB 1246, relative to sign permits for non-tourist-related local businesses. **INEXPEDIENT TO LEGISLATE**

Rep. Candace W. Bouchard for Public Works and Highways: This bill would have provided the Commissioner of the Department of Transportation to adopt rules relative to sign permits for non-

tourist related local businesses, (the small blue signs) who are in remote, rural areas or who have unique geographical locations. After hearing testimony the committee felt that while the intentions of the sponsor were well intended, the effects of this bill would encourage a proliferation of advertisement signs of non essential tourist related signs along New Hampshire highways. The DOT opposed this bill. Vote 15-4.
Adopted.

HB 1372, relative to open access over some cable facilities in public rights-of-way if used for 2-way telecommunications and if market share of certain users of those facilities is sufficiently large.
INEXPEDIENT TO LEGISLATE

Rep. Jeb E. Bradley for Science, Technology and Energy: The committee held a 3-hour public hearing on HB 1372. It deals with Internet access over high speed or broadband cable television wires. Proponents of the legislation term this concept "open access" for different Internet service providers (ISPs). Opponents term the legislation "forced access." Proponents testified that cable companies deploying broad band technology should open their systems to all ISPs so that customers may have maximum choice of ISPs. Opponents testified that regulating the Internet by requiring open access would hamper development of the Internet, result in litigation, and would force cable companies to curtail deploying high speed Internet capabilities because of economic and regulatory uncertainty. There was testimony describing four different technologies that will be able to bring high speed Internet access into homes and businesses. First: the cable Internet systems proposed to be regulated by the bill. Second: telephone lines with enhanced capabilities for high-speed access called digital subscriber lines. Third: land based wireless facilities. Fourth: satellite facilities. The majority of the committee concluded that technological competition exists. The majority also concluded that this type of regulatory intervention of the Internet is not necessary at this time because high speed cable Internet access is new and has a very small percentage of actual Internet customers. However, there is legitimate concern that cable systems could in the future become closed to alternative ISPs. Prior to the announced merger of AOL and Time Warner, AOL had led the fight for open access through regulatory intervention. Subsequent to the merger announcement, AOL shifted its view on open access. AOL now maintains the Internet access should be achieved through marketplace forces, not regulation. ATT is one of the nations largest cable providers because of mergers with TCI and Media One. ATT has agreed in a letter to the Federal Communication Commission (FCC) to provide open access through marketplace solutions. ATT strongly reiterated that pledge in the public hearing by promising to work with companies such as Votts Networks. Should ATT not keep this commitment, it is likely this legislation will be reintroduced. However, what is also likely is that customers will demand choice of ISPs and that companies like ATT will have to satisfy that customer demand without regulation. The New Hampshire Software Association opposed this bill. They testified that adoption of this legislation would send the wrong signal about regulatory policy concerning the Internet to high tech companies, which employ 8% of the New Hampshire work force. The FCC has declined to propose this kind of regulation on a nationwide basis. Portland, Oregon and ATT are litigating the access issue in the Federal Appeals Court. Because of all these factors and because technology is evolving so rapidly, the majority of the committee believe this bill is not necessary at this time. Vote 14-3.
Adopted.

HB 505-FN, establishing a special license plate for veterans. **OUGHT TO PASS WITH AMENDMENT**

Rep. Sherman A. Packard for Transportation: This is a bill that the committee has been working on for approximately two years. The majority of the committee felt that this bill as amended would give honorably discharged veterans the chance to obtain a plate designating they were a veteran. This would be a different plate than is currently given to 100% disabled veterans. The plate would cost the same as a regular license plate costs now. There would be a one-time fee of \$25.00 per set of plates to cover the start up, production and administrative costs. Vote 15-2.

Amendment (3138h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Special Number Plates for Veterans. Amend RSA 261 by inserting after section 87-a the following new section:

261:87-b Special Number Plates for Veterans. The director is hereby authorized to issue special number plates to be used on motor vehicles owned by veterans of the United States armed services, in lieu of other number plates. The design of these special plates shall be determined by the commissioner, and shall be distinct from the design or designs of those plates issued under RSA 261:86. Such plates shall be issued only upon application and proof of honorable discharge from the armed services, as evidenced by submission of a copy of the applicant's DD214 verification of service form, and upon payment of a one time \$25 fee to recover production and administrative costs that shall be in addition to the regular motor vehicle registration fee and any other number plates fees otherwise required. Renewals of such special number plates shall be charged the fee assessed for standard motor vehicles as prescribed under RSA 261:141.

2 Effective Date. This act shall take effect July 1, 2000.

AMENDED ANALYSIS

This bill provides for special number plates for vehicles driven by veterans.

Adopted.

Rep. Heon spoke in favor.

Report adopted and ordered to third reading.

HB 1264-FN, relative to the unlawful use of theft detection shielding devices. **OUGHT TO PASS WITH AMENDMENT**

Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: HB 1264-FN deals with the unlawful use of theft detection shielding devices. Our committee felt that it should be illegal to possess or use a shielding device to assist in the crime of shoplifting or theft, but it should not be a class B Felony. The committee amended the bill to make the penalty a misdemeanor. Vote 17-0.

Amendment (3243h)

Amend the bill by replacing section 2 with the following:

2 Penalty for Use. Amend RSA 637:11, III to read as follows:

III. Theft constitutes a misdemeanor if the value of the property or services does not exceed \$500, *or if the act constitutes a violation of RSA 637:10-a.*

AMENDED ANALYSIS

This bill makes it a misdemeanor to use theft detection shielding devices or tools designed to remove theft detection devices.

Adopted.

Rep. Christie offered a floor amendment.

Floor Amendment (3370h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Section: Use or Possession of Theft Detection Shielding Devices and Theft Detection Device Removers. Amend RSA 637 by inserting after section 10 the following new section:

637:10-a Use or Possession of Theft Detection Shielding Devices and Theft Detection Device Removers.

I. A person commits unlawful use of a theft detection shielding device when he or she engages in the following acts:

(a) Knowingly manufactures, sells, offers for sale, or distributes a laminated or coated bag or device specially designed, marketed and intended to be used to shield merchandise from detection by an electronic or magnetic theft alarm sensor.

(b) Knowingly possesses any laminated or coated bag or device specially designed, marketed and intended to be used to shield merchandise from detection by an electronic or magnetic theft alarm sensor, with the intent to commit a theft.

II. A person commits unlawful possession of a theft detection device remover when he or she knowingly possesses any tool or device designed to allow the removal of any theft detection device from any merchandise, with the intent to use such tool to remove the detection device from the merchandise without the permission of the merchant or person owning or holding said merchandise.

III. Persons convicted of either the use or possession of theft detection shielding devices or theft detection device removers shall be guilty of a misdemeanor.

2 Effective Date. This act shall take effect January 1, 2001.

AMENDED ANALYSIS

This bill makes the use or possession of theft detection shielding devices or theft detection device removers a misdemeanor.

Rep. Christie spoke in favor and yielded to questions.

Adopted.

Report adopted and ordered to third reading.

MOTION TO SPECIAL ORDER

Rep. O'Hearn moved that **HB 1499**, relative to credit for American sign language and transliteration as a foreign language, be made a Special Order for Thursday, February 17, 2000 in the regular calendar order and spoke in favor.

Adopted.

REGULAR CALENDAR (CONT'D.)

HB 1365, relative to spending disclosures in political advertising. REFER FOR INTERIM STUDY Rep. Jane A. Clemons for Election Law: The committee felt that campaign finance reform is a subject that the general public is seriously focused on at this time. We would like to study this bill to ensure a strong reform that is constitutional as well as effective in attaining true campaign disclosure. Vote 16-0.
Adopted.

HB 1526-FN, relative to campaign contributions and expenditures. REFER FOR INTERIM STUDY Rep. Francis W. Davis for Election Law: This bill was a request of the study committee on campaign finance reform. It was sponsored by seven of the eight committee members, including all four House members. It establishes a fund to provide campaign financing for eligible candidates for governor and councilor. Candidates qualify for financing by collecting a requisite number of \$5 contributions and complying with other provisions of the financing law. The candidate will then use money received from the fund instead of private contributions to finance the candidate's campaign. This bill increases the lobbyist registration fee to provide revenue for the fund. The committee voted unanimously to send HB 1526-FN to Interim Study. More work is needed on this legislation as a result of two recent court decisions regarding campaign finance. Vote 15-0.
Adopted.

SENATE MESSAGE

REQUESTS CONCURRENCE WITH AMENDMENT

HB 1105, ratifying article 9 of the 1999 Seabrook annual town meeting. (Amendment printed SJ 2/10/00)

Rep. Hess moved that the House concur and spoke in favor.

Adopted.

SUSPENSION OF RULES

Reps. Chandler and Burling moved that the Rules be so far suspended as to permit action beyond the February 10, 2000 deadline on: **HB 417-FN-A**, relative to the rehabilitation of the Walker building at New Hampshire hospital and making an appropriation therefor, **HB 735-FN-A**, establishing a contributory judicial retirement plan, **SB 76-L**, allowing certain municipalities to offer tax exemptions to foster commercial and industrial construction and **SB 170-FN-A**, establishing a parents as teachers pilot program in Sullivan county and making an appropriation therefor.

Reps. Chandler and Burling spoke in favor.

Adopted by the necessary two-thirds.

RESOLUTION

Rep. Chandler offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Thursday, February 17, 2000 at 10:00 a.m.

Adopted.

LATE SESSION**Third reading and final passage**

HB 713-FN, relative to penalties for multiple DWI offenses.

HB 1196-L, giving the police department of Lincoln authority to respond to emergency situations and exercise police duties in the unincorporated place of Livermore.

HB 51, providing for the voluntary registration of commercial maple producers and maple packers.

HB 580-FN-A-L, authorizing a grant from funds appropriated to the joint promotional program for the purpose of marketing the Connecticut river area as a travel and tourism destination.

HB 725, relative to rulemaking under the administrative procedures act.

HB 1573-FN, relative to the funding of the salary of the director of emergency medical services and making an appropriation therefor.

SB 178-FN-A, relative to appropriations to the port authority for dredging projects.

SB 228, relative to spousal benefits upon the death of certain retired group II members of the New Hampshire retirement system.

HB 1502, relative to lead paint abatement.

HB 1508-FN, establishing a study committee on antitrust laws as they apply to hospital business practices.

HB 1165-FN-L, reclassifying certain roads in the towns of Northfield, Tilton, and Waterville Valley.

HB 1614, naming 2 bridges.

HB 1616-FN, relative to registration fees for certain construction equipment vehicles.

HB 86-A, making an appropriation for renovation of the Sawyer House at the Daniel Webster Birthplace in the city of Franklin.

HB 305-A, relative to a lease-purchase agreement between Cheshire county and the state for construction of a new district courthouse to be located in the town of Jaffrey.

HB 405-FN, relative to the annual funding of placement costs for juvenile diversion and alternative disposition programs and relative to an effectiveness study of such programs.

HB 413-FN-A, relative to the renovation of regional vocational education centers, and making an appropriation therefor.

HB 648-FN, relative to a sludge testing program.

HB 1200-FN, relative to the application of education property tax hardship relief to estate planning trusts and relative to eligibility for hardship relief.

SB 135-FN, relative to water supply land protection grants.

HB 1106, making the widening of Interstate 93 from Manchester to the Massachusetts border a state priority.

HB 505-FN, establishing a special license plate for veterans.

HB 1264-FN, relative to the unlawful use of theft detection shielding devices.

RECESS MOTION

Rep. Chandler moved that the House stand in RECESS for the purpose of introduction of bills, receiving Senate messages, enrolled bill amendments and enrolled bill reports, only.

Adopted.

The House recessed at 1:35 p.m.

RECESS

(Speaker Sytek in the Chair)

ENROLLED BILL REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled House Bill 1105.

Rep. Ronald Nowe for the Committee

RECESS

(Rep. John Flanders in the Chair)

ENROLLED BILL REPORT

Rep. Rollo offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, Senate Bills numbered 72, 97, 128, 136, 181, 185, 206, 210, 219, 226, 231, 313, 314, 318, 319, 325, 328, 331, 333, 335, 336, 340 through 342, 344, 348, 350 through 352, 356, 357,

362, 367 through 369, 372, 376, 377, 384, 390, 392, 402, 403, 407, 417, 434, 437, 442 and 449 and Constitutional Amendment Concurrent Resolutions numbered 20 and 23, shall be by this resolution read a first and second time by the therein listed titles, and referred to the therein designated committees.
Adopted.

INTRODUCTION OF SENATE BILLS and CACRs

First, second reading and referral

SB 72, exempting certain portions of Seabrook Beach Village District and certain portions of Hampton Beach from certain provisions of the excavating, filling, and construction permit laws. (Resources, Recreation and Development)

SB 97, relative to charitable trusts which are institutional funds. (Commerce)

SB 128, replacing the housing assistance fund trust fund with a homeless prevention fund, and making an appropriation therefor. (Health, Human Services and Elderly Affairs)

SB 136-FN, allowing certain state employees to take paid leave to participate in disaster relief service work. (Executive Departments and Administration)

SB 181-FN, relative to the licensure of geologists. (Executive Departments and Administration)

SB 185, relative to the partition of real or personal property. (Judiciary)

SB 206-FN-A-L, relative to distribution of tobacco settlement funds. (Finance)

SB 219-FN-L, establishing a procedure for providing educational improvement assistance to local school districts and making an appropriation therefor. (Education)

SB 226-FN, relative to the real estate practice act and the powers and duties of the real estate commission. (Executive Departments and Administration)

SB 231, relative to termination of water service from a water utility in the town of Pittsfield. (Resources, Recreation and Development)

SB 313, establishing a commission to study the relationship between postsecondary education and recipients of temporary assistance to needy families. (Health, Human Services and Elderly Affairs)

SB 314, establishing a committee to study the feasibility of driver education programs by correspondence schools. (Transportation)

SB 318-FN, relative to proposed joint maintenance agreements. (Education)

SB 319, relative to interstate school districts. (Education)

SB 325, relative to denial, revocation or suspension of a child care provider license, permit or registration for a felony conviction. (Children and Family Law)

SB 328, making corrections to statutory references in certain fish and game laws and adding a rulemaking provision. (Wildlife and Marine Resources)

SB 331, requiring a report from the public utilities commission and the department of environmental services evaluating whether existing regulatory structures encourage or discourage regional cooperation for water resources management and water conservation. (Resources, Recreation and Development)

SB 333, relative to signs for churches. (Public Works and Highways)

SB 335, allowing physicians to make a report when a person is unfit to drive a motor vehicle. (Judiciary)

SB 336, relative to the issuance of fire permits. (Criminal Justice and Public Safety)

SB 340, extending the reporting date of the committee to study the problems and possible regulation of outdoor lighting. (Municipal and County Government)

SB 341, extending the reporting date and changing the name of the committee to study the licensure of radiologic technologists. (Executive Departments and Administration)

SB 342, extending the reporting date of the committee studying the impact of federal welfare reform on the cities and towns of New Hampshire. (Health, Human Services and Elderly Affairs)

SB 344, relative to appointment of housing consumers to housing authority boards. (Municipal and County Government)

SB 348, extending the committee to study the establishment of a permit system for vessels registered in another state temporarily using the waters of New Hampshire. (Transportation)

SB 350, adding business development to the law governing industrial development authorities. (Commerce)

- SB 351**, making certain changes in the laws relative to fraternal benefit societies and health service corporations. (Commerce)
- SB 352**, repealing the equipment challenge grant program within the New Hampshire community-technical colleges. (Education)
- SB 356**, extending the committee to study and identify or establish the duties of the fish and game commission. (Wildlife and Marine Resources)
- SB 357**, extending the reporting date of the study committee reviewing field activities conducted by the department of health and human services in investigating reports of abuse and neglect. (Children and Family Law)
- SB 362**, relative to the length of buses and single unit vehicles. (Transportation)
- SB 367**, establishing a prescription drug access study committee. (Health, Human Services and Elderly Affairs)
- SB 368**, relative to insurance fraud. (Commerce)
- SB 369**, establishing a committee to conduct a study on the need for standards to protect health information privacy. (Commerce)
- SB 372**, relative to certain engineering businesses. (Executive Departments and Administration)
- SB 376**, relative to the jurisdiction of the public utilities commission to determine consequential damages. (Science, Technology and Energy)
- SB 377**, relative to peer support programs within the department of health and human services. (Health, Human Services and Elderly Affairs)
- SB 384**, establishing a committee to study pollution prevention and pretreatment programs for reducing pollutant levels in sewage sludge. (Environment and Agriculture)
- SB 390-FN**, relative to vested deferred retirement benefits for group II members. (Executive Departments and Administration)
- SB 392-FN**, relative to the use of nonlapsed funds by the regional community-technical colleges. (Finance)
- SB 402-FN**, relative to employee reimbursement for work-related expenses. (Labor, Industrial and Rehabilitative Services)
- SB 403-FN-A**, making an appropriation to the department of agriculture, markets, and food for the inspection of apiaries and honeybee swarms. (Environment and Agriculture)
- SB 407**, relative to dog licensure. (Environment and Agriculture)
- SB 417**, allowing a beneficiary of an optional allowance under the New Hampshire retirement system to renounce his or her benefits. (Executive Departments and Administration)
- SB 434**, exempting soil that is contaminated by lead due to use as a police training shooting range from hazardous waste cleanup fund fees. (Environment and Agriculture)
- SB 437**, relative to retail selling. (Commerce)
- SB 442-FN**, establishing an equipment depository and disabled person's employment fund in the department of administrative services. (Labor, Industrial and Rehabilitative Services)
- SB 449-FN**, clarifying that employees in certain department of health and human services' positions are entitled to certain salaries and raises. (Finance)
- CACR 20**, relating to the election of governor and senators. Providing that beginning with the 2002 general election, and every 4 years thereafter, the governor and senators shall be elected. (Election Law)
- CACR 23**, relating to the responsibility and authority of the general court to determine the content, extent, and funding of a public education and the use of moneys received from the enactment of a new personal income tax. Providing that (a) If the general court enacts a new personal income tax, all moneys received from such income tax and all the interest received on such moneys shall, after deducting the necessary costs of administration, be appropriated and used exclusively to fulfill the state's duty to cherish the interest of public schools under article 83 of part second, and no part of such moneys shall be transferred or diverted to any other purpose whatsoever. (b) The general court shall have the authority to determine the content, extent, and funding of a public education and that the state may fulfill its responsibility to provide to all citizens the opportunity for a public education by exercising its power to levy assessments, rates, and taxes, or by delegating this power, in whole or part, to a political subdivision; provided that upon delegation, such assessments, rates, and taxes are proportional and reasonable throughout the state or the political subdivision in which they are imposed. (Finance)

SENATE MESSAGES**CONCURRENCE**

HB 251, relative to official ballot procedures.

HB 375, relative to substitutions for disqualified and deceased candidates.

NONCONCURRENCE

HB 113, affirming sovereign immunity as it relates to the Claremont ruling.

HB 311-FN-A, relative to grants made under the New Hampshire incentive program.

HB 360-FN, clarifying that any person convicted of a felony in this state is prohibited from owning or possessing firearms and other dangerous weapons.

HB 470, relative to settlement of personal actions.

REFERRED FOR INTERIM STUDY

HB 109-FN-A-L, establishing a flat rate education income tax and a statewide education property tax to fund public education and making an appropriation therefor.

HB 314, relative to the escrowing of certain utility payments.

CONCURRENCE WITH AMENDMENTS

COMMITTEE ASSIGNMENTS

Rep. Dennis F. Abbot on Finance.

Rep. Mary M. Ouellette, on Election Law; off Environment and Agriculture.

Rep. Steve Vaillancourt on Environment and Agriculture; off Finance.

Rep. Whalley moved that the House adjourn.

Adopted.

HOUSE JOURNAL No. 7

Thursday, February 17, 2000

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by Guest Chaplain, Reverend Hays M. Junkin, Rector of Saint Andrew's Episcopal Church in Hopkinton.

Almighty God, Ruler of all the peoples of the earth: Forgive, we beseech Thee, our shortcomings as a nation; purify our hearts to see and love truth; give wisdom to our counselors and steadfastness to our people; and bring us at last to that fair city of peace whose foundations are mercy, justice and good-will, and whose Builder and Maker Thou art. Amen.

Reps. Kobel and Spear led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. Chabot, Patricia Cote, Curran, Franks, Holley, LaMott, McColgan, McRae, Moriarty, Irene Pratt, Rosen and Searles, the day, illness.

Reps. Brothers, Crosby, Perley Davis, Densmore, Fraser, Ham, Harmon, Richard Herman, Hoadley, MacNeil, McKinley, Perkins, Priestley, Rice, Rodd, Marjorie Smith, Torr, Tsiros, Weber, Withee and Young, the day, important business.

Rep. Beaulieu, the day, death in the family.

Reps. Asplund, Dawe, Flora and Mirski, the day, illness in the family.

INTRODUCTION OF GUESTS

Ann Friend, guest of Rep. Shultis. Linda and Julie McNamara, guests of Rep. Reeves. Lynda Horsley, fiancée of Rep. Hunt. Michael, Libby and Iva deMartelly guests of Rep. Lynott. Officers of the New Hampshire Association of Counties, guests of the House. Visitors from Severodvinsk, Russia, guests of the Portsmouth delegation.

SPECIAL GUESTS

The Timberlane Regional High School Football Team, guests of the House.

SENATE MESSAGES**NONCONCURS WITH AMENDMENT****REQUESTS COMMITTEE OF CONFERENCE**

SB 186-FN, relative to additional cost of living adjustments and increased minimum allowances for certain retired group II members, and relative to requiring spousal acknowledgement of a member's election of an optional retirement allowance.

The President appointed Sens. John King, Frederick King and Wheeler.

Rep. Mercer moved that the House Accede.

Adopted.

The Speaker appointed Reps. Dyer, Mercer, Holbrook and Lynch.

REQUESTS CONCURRENCE WITH AMENDMENTS

HB 228, clarifying permissible political expenditures. (Amendment printed SJ 2/10/00)

Rep. Arndt moved that the House nonconcur and request a Committee of Conference.

Adopted.

The Speaker appointed Reps. Clegg, Horton, Letourneau and Clemons.

HB 640-FN, relative to grievance procedures of managed care organizations. (Amendment printed SJ 2/10/00)

Rep. Hunt moved that the House concur and spoke in favor.

Adopted.

REMARKS

Rep. Burling moved that the remarks made by Rep. Hunt and Speaker Sytek be printed in the Journal.

Adopted.

Rep. Hunt: With great pleasure, I ask you to concur with this amendment. House Bill 640 has a title that is rather simple but the bill has great consequences. This is HMO reform like no other that has been passed in any state. For the first time, the medical director of an HMO has the same accountability as your practicing physician. I hope you will support the recommendation to concur. I would also point out that there are some other amendments in this bill but the vast majority of the work on this bill was done on House Bill 637 which is now sitting on the table. The work on this bill was done by the House, even though we are concurring with a Senate amendment. I am proud to say the work on this bill was done by the Commerce Committee and I would like to recognize some of the people who worked on this bill: my esteemed Democratic leader, Martha Fuller Clark, Kathleen Taylor, Keith Herman and Sheila Francoeur. We had many, many sessions on this bill and I am very proud of the work that the House has done and I hope you will concur.

Speaker Sytek: I would like to ask the members of the Commerce Committee to please stand and be recognized for your hard work. The House may remember that this is the bill that was a tie vote and the Chair cast a vote in favor of it. After that, I asked the Chairman to work on this bill so that we could get a more broad agreement. They had 22 meetings and hammered-out a compromise that enjoyed a unanimous vote of the committee. Their compromise was adopted as the Senate amendment. The work was done in the House as was noted earlier. Every one of you should be proud of the members of your Commerce Committee and proud that today we passed an HMO accountability bill as a result of people working together toward a common goal. If we do nothing else this session, we can go back to our constituents and demonstrate that when we agree on a common goal we can get results. Today is a proud day for the New Hampshire House and especially for the Commerce Committee of both parties who worked to do this. Congratulations.

COMMITTEE REPORTS

CONSENT CALENDAR

Rep. Chandler moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

HB 1456, requiring creditors to consider the postmarked date of a credit card installment payment as the date of payment, removed by Rep. Jacobson.

HB 1602-FN, establishing the New Hampshire task force on deafness and hearing loss, removed by Rep. Sullivan.

HB 1487-FN-L, reducing the interest rate on delinquent property tax payments and subsequent tax payments, removed by Rep. Vaillancourt.

HB 1433, relative to notice to abutters by the department of transportation of proposed construction projects, removed by Rep. Alger.

HB 1103, relative to the number of motor vehicle dealer plates, removed by Rep. Robertson.

HB 1230, abolishing the requirement that purchasers of new motor vehicles must surrender the certificate of origin to the department of motor vehicles, removed by Rep. Marple.

HB 1266-FN, relative to classification of and standards for custom vehicles manufactured during or after 1949, and establishing special plates for such vehicles, removed by Rep. Francis Davis. Consent Calendar adopted.

HB 1217, establishing a committee to study marriage preparation. **INEXPEDIENT TO LEGISLATE** Rep. Barbara H. Richardson for Children and Family Law: The committee believes this is an important bill. However, a study committee was believed to be extremely difficult during this year. The committee hopes the prime sponsor of this bill will form an ad hoc committee to consider this subject and propose a bill for next session. Vote 11-1.

HB 1542-FN-L, establishing a parents bill of rights. **INEXPEDIENT TO LEGISLATE** Rep. Laura C. Pantelakos for Children and Family Law: A part of the language in this bill is currently state law. The committee felt that the remainder deserves attention and intends to address the issue when studying HB 1533, the Child Protection Act. Vote 14-0.

HB 1134, establishing a committee to study mental health care treatment under managed care plans. **OUGHT TO PASS**

Rep. Martha Fuller Clark for Commerce: The committee heard overwhelming testimony as to the need for studying the many aspects of mental health which are defined in this bill. In particular, the New Hampshire Department of Insurance representative testified that they continue to receive an inordinate number of complaints concerning both access and coverage for mental health. Mental health benefits have been cut back severely at the same time that one in five patients is being diagnosed with mental health problems. Nearly everyone who testified agreed that New Hampshire's parity law is not working. Confidentiality is also an issue for mental health patients. The committee voted unanimously in favor of establishing a mental health study committee as requested in this bill. Vote 12-0.

HB 1318, requiring a waiting period before the retail price of home heating or motor vehicle fuel is increased in certain circumstances. **OUGHT TO PASS WITH AMENDMENT**

Rep. Linda L. Garrish for Commerce: The committee heard compelling and disturbing testimony regarding this winter's dramatic increase in fuel prices. This bill as amended creates a study committee on the issue of fuel supply and demand within the New England region, and its impact on consumer prices. Further, this study committee will look at possible recommendations for providing better price protection for consumers in New Hampshire. Vote 12-0.

Amendment (3348h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study the instability of kerosene, gasoline, diesel fuel, and home heating fuel prices.

Amend the bill by replacing all after the enacting clause with the following:

1 Committee Established. There is established a committee to study the instability of kerosene, gasoline, diesel fuel, and home heating fuel prices.

2 Membership and Compensation.

1. The members of the committee shall be as follows:

(a) Three members of the house of representatives, appointed by the speaker of the house.

(b) Three members of the senate, appointed by the president of the senate.

II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

3 Duties. The committee shall study the instability of prices for kerosene, gasoline, diesel fuel, and home heating fuel due to changes in supply and demand within the New England region, and make recommendations toward providing better price protection for consumers.

4 Chairperson; Quorum. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Four members of the committee shall constitute a quorum.

5 Report. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the senate president, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 2000.

6 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a committee to study the instability of prices for kerosene, gasoline, diesel fuel, and home heating fuel due to changes in supply and demand within the New England region, and make recommendations toward providing better price protection for consumers.

HB 1359, limiting fees charged for use of electronic customer service terminals. **INEXPEDIENT TO LEGISLATE**

Rep. Tim S. McGough for Commerce: This bill would have limited the total charge for an ATM transaction to \$1.00. The bill would only apply to state-chartered banks and not federally or nationally-chartered institutions. The bill would also not apply to owners of cash dispensing machines which usually charge more than \$1.00 per transaction. The committee felt that limiting fees on ATM machines would limit or reduce the number of machines currently located in more rural areas, and felt that most consumers are willing to pay for the convenience of easily accessing their money 24 hours a day. Vote 15-0.

HB 1364, establishing a study committee on student credit card debt and regulation of credit card solicitation on college campuses. **INEXPEDIENT TO LEGISLATE**

Rep. Joseph D. Kenney for Commerce: This bill was to establish a study committee on student credit card debt and to regulate commercial solicitation on college campuses. The committee feels young adult credit card debt is a growing concern in the State of New Hampshire and around the nation. A major coalition of the New Hampshire banking industry, education and public officials will be meeting on March 14, 2000 at New Hampshire College in Manchester to address money management and personal financial literacy concerns around young adults. The National Jump-Start Coalition, a national non-profit group who addresses personal finance issues, will be spearheading this effort in March. It is the committee's belief that the New Hampshire Jump-Start Coalition would be an ideal place to study student credit card debt first, and later future recommendations could be brought back to the legislature. Vote 12-0.

HB 1384, relative to consumer liability for charges made with a stolen credit or debit card. **INEXPEDIENT TO LEGISLATE**

Rep. Joseph D. Kenney for Commerce: This bill would have removed consumer liability by a creditor or debit card issuer for more than \$50.00 when such a consumer's credit or debit card or the number of such card is stolen and used to make charges unauthorized by the consumer. Presently, most credit card companies will hold individual card owners responsible up to \$50.00 if the credit card is stolen but not if the pin number of such cards is compromised. Upon knowing the latter, the prime sponsor withdrew his bill and support. Vote 12-0.

HB 1396, relative to interest rates on credit cards. **INEXPEDIENT TO LEGISLATE**

Rep. Tim S. McGough for Commerce: This bill would have placed a maximum rate of interest on credit cards to 6 percentage points above the prime interest rate. The bill would only affect one financial institution in the state and would thus have no effect on the majority of all credit cards owned by NH customers. Vote 15-0.

HB 1466, relative to disclosure by banks, trust companies, guaranty savings banks, mutual savings banks, savings and loan associations, building and loan associations, and cooperative banks under the supervision of the bank commissioner, of consumer rights and remedies. **INEXPEDIENT TO LEGISLATE**

Rep. Tim S. McGough for Commerce: This bill would require state-chartered banks to disclose account and loan information to their customers on an annual basis. The committee agreed that between state banking laws and federal banking laws and regulations, banks are already required to provide consumers with the disclosure information included in HB 1466. The committee felt that the bill would be a duplication of effort and a significant compliance expense that would affect state-chartered banks only. Vote 15-0.

HB 1474-FN, establishing a "no sales solicitation calls" list. **INEXPEDIENT TO LEGISLATE**

Rep. Joseph D. Kenney for Commerce: This bill requires the secretary of state to compile and maintain a list of persons who do not wish to receive telephone sales solicitation calls. The bill prohibits any commercial telephone sellers from calling any person whose name appears on the list. The committee felt the Federal Trade Commission is currently doing a comprehensive study on this issue, and we should wait until the results came back to the states. This bill as written would require a \$32,800 expenditure in the first year. The committee felt there are enough educational tools such as the customer safety and protection tips in our phone books to help handle unwarranted calls. Vote 14-0.

HB 1137, relative to bingo and lucky 7 volunteers. **INEXPEDIENT TO LEGISLATE**

Rep. Frank M. Schanda for Criminal Justice and Public Safety: HB 1137 can be interpreted to mean volunteers or professional workers will be able to operate or work bingo games. The committee was concerned with the undefined generic use of the words "persons" and "or otherwise", which can be interpreted a number of different ways. This new language is contradictory to RSA 287-E: 7, I(a) and could only add confusion to the enforcement of these laws. The current statutes are written to allow charitable organizations to operate bingo games as a fundraiser and to assure maximum proceeds to the charity at a minimum expense. Vote 11-1.

HB 1257-FN, prohibiting the sale of urine for drug testing purposes. **INEXPEDIENT TO LEGISLATE**

Rep. Beth Rodd for Criminal Justice and Public Safety: This bill seeks to make the sale of altered urine products for the purpose of fraud a criminal act. The bill directs criminal penalties at suppli-

ers of the product, many of whom are out of state, rather than the fraudulent users of the products. Monitoring of fraudulent use and tracking down interstate suppliers for enforcement purposes would be an onerous task. Pursuing legal action against providers would often extend beyond the geographic and legal jurisdiction of this state. Other details of the bill raised concerns about privacy and constitutional issues. Vote 12-0.

HB 1374, extending the reporting date for the sex offender issues study committee. **OUGHT TO PASS WITH AMENDMENT**

Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: As the sex offender study committee established by the legislature last year was only able to hold six meetings, the committee unanimously agreed to extend its life for another year. As attendance at those meetings was mainly by the appointed house members, it was determined that by adding three more house members, participation would likely increase. At the same time, this might also increase more diverse viewpoints and constructive suggestions. Vote 13-0.

Amendment (3340h)

Amend the bill by inserting after section 1 with the following and renumbering the original section 2 to read as 3:

2 Membership. Amend 1999, 89:2, I(a) to read as follows:

(a) [~~Four~~] **Seven** members of the house of representatives, one of whom shall be from the criminal justice and public safety committee and one of whom shall be from the judiciary committee, appointed by the speaker of the house.

HB 1407, establishing a committee to study the development of standards of conduct governing the reporting of cases of domestic violence by individuals in certain occupations and professions. **INEXPEDIENT TO LEGISLATE**

Rep. Robert M. Fesh for Criminal Justice and Public Safety: The sponsor agrees that his concerns are already covered and standards are currently in place. He agrees to inexpedient to legislate. Vote 13-0.

HB 1497-FN-L, granting female prisoners in-state access to the same type of rehabilitation programs available to male prisoners. **INEXPEDIENT TO LEGISLATE**

Rep. Maxwell D. Sargent for Criminal Justice and Public Safety: The committee was told that all programs available to males are available to females with the exception of the sex offenders program. For that, the female has to go to a Massachusetts's facility. There are presently only two or three females requiring this treatment. The sex offender program at the Concord men's prison has only 4 staff members and over 100 men on the waiting list. Women's treatment programs are very new with about 4 treatment programs in the country. The committee felt that it was more feasible to continue to send the very few eligible women to the state of the art program in Massachusetts instead of trying to find funding to develop a special program here. Vote 13-0.

HB 1530, relative to the reporting requirement for criminal offenders. **INEXPEDIENT TO LEGISLATE**

Rep. James M. Johnson for Criminal Justice and Public Safety: The committee finds that expungement has the same meaning as the word annulment. Annulment of a violent criminal offence, (i.e. felonious sexual assault) is forbidden under provisions of RSA 651:5, XIII (c). Vote 12-1.

HB 1556-FN-A, establishing a tax on the retail sale of fireworks and making appropriations to the division of fire standards and training. **REFER FOR INTERIM STUDY**

Rep. Everett A. Weare for Criminal Justice and Public Safety: This bill attempts to provide a method of funding for satellite training, fire fighters certification, and purchasing of training aids by taxing the sale of fireworks. There was some objection to using fireworks as a method of funding fire training. There is a scheduled meeting with the fire service planned in June 2000, where the method of funding can be discussed and a viable and agreeable method of funding can be finalized if necessary. Vote 12-1.

HB 1283, establishing a commission on the education of the deaf in New Hampshire. **OUGHT TO PASS WITH AMENDMENT**

Rep. Susan B. Durham for Education: The committee agrees that there is a need to study issues related to the education of the deaf in New Hampshire. The amendment adds "hard of hearing" where "deaf" is mentioned and it also adds "or its successor" following "ASSETS", which is an organization which has a contract with the Department of Education. Vote 15-0.

Amendment (3337h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a commission on the education of the deaf and hard of hearing in New Hampshire.

Amend the bill by replacing section 1 with the following:

I. Commission Established on the Education of Deaf and Hard of Hearing Persons in New Hampshire. There is hereby established a commission on the education of deaf and hard of hearing persons in New Hampshire. The commission shall, in addition to performing the duties set forth in RSA 200-C:19, have the following duties which shall include, but are not limited to:

I. The study of certification procedures for teachers of the deaf and hard of hearing in New Hampshire.

II. The study of certification standards and procedures for educational interpreters.

III. A review of the current status of support services for the deaf and hard of hearing in New Hampshire.

IV. Determination of the feasibility of establishing regional centers and schools for the deaf and hard of hearing.

V. An assessment of pre-service training issues as related to the curriculum of college and university level students training to become professionals in various support service fields for the deaf and hard of hearing.

VI. A review of instructional practices used to educate deaf and hard of hearing citizens in other states.

VII. The study of any other issue relevant to the education of the deaf and hard of hearing deemed necessary by the commission.

VIII. The review, and revision as deemed necessary, of the program for the deaf and hard of hearing pursuant to RSA 200-C:18 through RSA 200-C:20-a.

Amend paragraph III as inserted by section 2 of the bill by replacing it with the following:

III. The commission shall solicit input and assistance from a representative of ASSETS, or its successor, who, in consultation with the university system of New Hampshire and the New Hampshire Colleges and University Council, shall provide advice on relevant matters as deemed necessary by the commission. The commission may solicit advice and input from any individual it deems appropriate in furtherance of the duties and objectives enumerated in this act.

AMENDED ANALYSIS

This bill establishes a commission on the education of the deaf and hard of hearing in New Hampshire to study issues related to the current status of education and support services for the deaf and hard of hearing in the state. The bill also establishes a sunset date of November 1, 2002 for the commission.

HB 1362-L, relative to the reconsideration of cost apportionment within a cooperative school district. **OUGHT TO PASS WITH AMENDMENT**

Rep. Susan B. Durham for Education: This bill is a technical change to clarify the law governing co-op schools. The amendment changes the sections for co-ops formed before 1963 and afterward, to make clear that reconsideration of cost apportionments can be done "anytime", five years after the last change. Vote 16-0.

Amendment (3346h)

Amend the bill by replacing all after the enacting clause with the following:

I Cooperative School Districts; Five-Year Period Reconsideration Amended. RSA 195:8 is repealed and reenacted to read as follows:

195:8 Reconsideration Procedure. If a cooperative school district was organized prior to July 1, 1963, the basis for the apportionment of all such costs may be subject to review, pursuant to an article for that purpose duly inserted in the warrant for a district meeting to be held at any time after the expiration of the 5-year period measured from the date of the first annual meeting. If the apportionment formula for a cooperative school district has been duly changed, the basis for the apportionment of all such costs may be subject to review, pursuant to an article for that purpose duly inserted in the warrant for a district meeting to be held at any time after the expiration of the 5-year period measured from the date of the meeting at which the last change was made to the cost

apportionment formula. In either case, the cooperative school district may then by majority vote elect to apportion all such costs by the adoption of one of the formulas set forth in RSA 195:7, I(a), (b), or (c). Such apportionment may be reviewed in the same manner at any time in order to permit the enlargement of the territory of a school district or an increase in the number of grades for which the district shall be responsible.

2 Cooperative School Districts; Procedure for Formation; Process for Reconsideration Amended. Amend RSA 195:18, III(i) to read as follows:

(i) The method by which the articles of agreement may be amended with the approval of the board; except that no amendment may permit secession of territory [and]. The provisions adopted under either subparagraph (e) or (g) above may ~~[not be amended prior to the expiration of 5 years from the date of the first annual meeting of the cooperative school district, or thereafter, within 5 years following the adoption of any amendment to such provisions respectively; but]~~ *be subject to review pursuant to an article for that purpose duly inserted in the warrant for a district meeting which may be held at any time after the expiration of the 5-year period measured from the date of the first annual meeting. If the apportionment formula for a cooperative school district has been duly changed, the basis for the apportionment of all such costs may be subject to review pursuant to an article for that purpose duly inserted in the warrant for a district meeting which may be held at any time after the expiration of the 5-year period measured from the date of the meeting at which the last change was made to the cost apportionment. However,* such provisions may be amended at any time in order to permit the enlargement of a cooperative school district or an increase in the number of grades for which the cooperative school district shall be responsible.

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill provides that the cost apportionment formula within a cooperative school district may be subject to review at any time after the expiration of the 5-year period measured from the date of the first annual meeting. Subsequently, if the cost apportionment formula is duly changed, the basis for such apportionment may be reviewed at any time after the expiration of the 5-year period measured from the date of the meeting at which the last change to the formula was made.

HB 1114-FN, relative to creditable service in the retirement system for teachers in a job-sharing position. OUGHT TO PASS WITH AMENDMENT

Rep. Robert E. Murphy for Executive Departments and Administration: This bill will continue the present practice of how teachers serving in a job share position earn their creditable service in the retirement system. The amendment defines the credit they will receive for the medical subtrust subsidy. Vote 15-0.

Amendment (3406h)

Amend the bill by replacing section 2 with the following:

2 New Paragraph; Teachers Creditable Service; Job Sharing; Payment of Medical Benefits. Amend RSA 100-A:53-a by inserting after paragraph I the following new paragraph:

I-a. Notwithstanding the provision of RSA 100-A:4, III-b, for the purpose of calculating creditable service for eligibility for medical benefits payment under paragraph I, each full year of job-sharing service of a teacher in a job-sharing position shall be calculated at ½ of one year of such service credit.

3 Effective Date. This act shall take effect July 1, 2000 at 12:02 a.m.

AMENDED ANALYSIS

This bill continues the current practice for determining creditable service of teachers in a job-sharing position, for teachers in service after July 1, 1995. The bill negates a prospective amendment to the provision. The bill also limits creditable service in the calculation of service for medical benefits payment eligibility for job-sharing teachers.

HB 1367-FN, establishing a program of acting service awards to state employees who temporarily perform the duties of a higher level agency position. INEXPEDIENT TO LEGISLATE

Rep. Michael O'Neil for Executive Departments and Administration: The committee felt that the current policies within the division of personnel provide the departments with the flexibility needed

to address the issue of compensation. The committee was also concerned about the complexity of administering these policies and indeterminable increase in state expenditures in FY 2000 and each year thereafter. Vote 14-2.

HB 1509-FN-L, repealing RSA 541-A and creating a study committee to review rules which must be codified as a result. **INEXPEDIENT TO LEGISLATE**

Rep. Alida I. Millham for Executive Departments and Administration: This bill repeals RSA 541-A relative to administrative rulemaking. It also establishes a committee to review the thousands of rules now in effect to determine which of these would need to be codified. It would take several years to accomplish this. After careful review, the committee agreed that this approach was impracticable. Vote 15-0.

HB 1561-FN, relative to benefits payable upon a group II retirement system member's death after retirement. **REFER FOR INTERIM STUDY**

Rep. Ray F. Langer for Executive Departments and Administration: This bill increases the lump sum death benefit of \$3600 to \$10,000 for certain retirees. It is not possible to estimate the total cost of this bill to the New Hampshire Retirement System. This total cost when considered in conjunction with other unknown costs of retirement bills is a major problem to this committee. Vote 15-0.

HB 1583, increasing the education requirement for estheticians and manicurists and relative to the board of barbering, cosmetology, and esthetics. **OUGHT TO PASS WITH AMENDMENT**

Rep. Nancy C. Stickney for Executive Departments and Administration: This bill as amended makes clearer the time period that estheticians and manicurists must be trained to be eligible for licensure. The original bill removed "ethical" as a criterion for professional standards. The amendment reinstates the obvious requirement for ethical behavior similar to almost every licensure statute in New Hampshire. Vote 15-0.

Amendment (3365h)

Amend RSA 313-A:8, II(a) as inserted by section 1 of the bill by replacing it with the following:

(a) A high school education or its equivalent; and

Amend RSA 313-A:8, VI as inserted by section 1 of the bill by replacing it with the following:

VI. Ethical and professional standards required to be met by each holder of a license to practice under this chapter and how disciplinary actions by the board shall be implemented for violations of these standards;

HB 1591-FN, establishing a defined contribution retirement option in the New Hampshire retirement system. **REFER FOR INTERIM STUDY**

Rep. Ray F. Langer for Executive Departments and Administration: This bill provides a defined contribution plan to every member of the retirement system, if desired. Though the bill has merit, the concept is very challenging and the committee wants to study this bill to better understand all the ramifications. Vote 16-0.

HB 1592, relative to the display of the United States flag. **OUGHT TO PASS WITH AMENDMENT**

Rep. Howard C. Dickinson for Executive Departments and Administration: HB 1592, as amended, insures that the United States flag displayed in state facilities is in accordance with federal law and military tradition. Vote 14-0.

Amendment (3389h)

Amend RSA 3-E:1 as inserted by section 1 of the bill by replacing it with the following:

3-E:1 United States Flag; Display. The flag of the United States of America shall be displayed in state facilities in accordance with federal law. United States flags used by the military for military purposes shall be exempt from the provisions of this chapter.

AMENDED ANALYSIS

This bill provides that the display of the United States flag in state facilities shall conform to federal law.

HB 1302, establishing a committee to study issues of senior outreach programs. **INEXPEDIENT TO LEGISLATE**

Rep. Robert F. Chabot for Health, Human Services and Elderly Affairs: While the concept of reaching out to the elderly is admirable, the committee realizes that the needs expressed are already being

addressed by the Department of Health and Human Services with the new "Focal Points" program which has been in development for over a year. It is expected that this "Focal Points" program will be up and running by September 2000. A major component of that program is to assist with senior outreach programs. Vote 17-0.

HB 1585, relative to staffing ratios in long term care facilities in the state. **INEXPEDIENT TO LEGISLATE**

Rep. Marion L. Copenhaver for Health, Human Services and Elderly Affairs: The issue of staffing long-term care facilities is one that concerns us all. As most nursing homes have Medicaid patients, and therefore, have to comply with federal guidelines vis-a-vis staffing, the committee felt that it was not timely to impose more regulation on an already stressed industry. That is not to say that there isn't a problem, but the committee did not want to set up yet another study committee when legislation can be introduced in the next session if necessary. Vote 17-0.

HB 1110, establishing a committee to study landlord-tenant issues. **OUGHT TO PASS WITH AMENDMENT**

Rep. Loren J. Jean for Judiciary: The original bill requested a study which was far too broad for the committee to find favor with. Landlord-tenant law is expensive and complex. The committee did find favor however with limiting the study to the termination process of a landlord-tenant relationship. Vote 13-3.

Amendment (3342h)

Amend the bill by replacing section 3 with the following:

3 Duties.

I. The committee shall study laws governing eviction or ejection of tenants of residential dwelling units. The following issues are not within the scope of the committee's duties:

- (a) Tort liability of persons engaged in a landlord-tenant relationship.
- (b) All aspects of rental or lease of non-residential, commercial, or industrial properties.
- (c) The issues pertaining to the initiation or commencement of a tenancy or lease.
- (d) Hotels, motels, lodges, inns, bed & breakfasts.
- (e) Camps, campgrounds, and recreational parks and campgrounds.

II. The committee shall specifically study the termination process of a landlord-tenant relationship in a residential context, regardless of whether the tenancy involves a permanent structure or a manufactured housing unit.

HB 1168, establishing a committee to study the merits of limiting the use of social security numbers as identifiers. **OUGHT TO PASS WITH AMENDMENT**

Rep. Sandra B. Keans for Judiciary: The committee believes that with a recent opinion against the state of South Carolina by the U. S. Supreme Court, there is great validity in proceeding with a study of limiting the use of social security numbers. There was no opposition at the hearing. This bill only authorizes a study. Vote 12-1.

Amendment (3306h)

Amend subparagraphs I(a) and (b) of section 2 of the bill by replacing them with the following:

(a) Five members of the house of representatives, one of whom shall be a member of the commerce committee, and 4 of whom shall be members of the house judiciary committee, appointed by the speaker of the house.

(b) Four members of the senate, one of whom shall be a member of the banks committee, and 3 of whom shall be members of the senate judiciary committee, appointed by the president of the senate.

HB 1267-FN, requiring courts to use the English language on all forms and in all correspondence. **INEXPEDIENT TO LEGISLATE**

Rep. Bette R. Lasky for Judiciary: This bill would require the courts to use only the English language on all judicial forms and correspondence. The committee voted unanimously inexpedient to legislate as this would eliminate use of all Latin terms, even those that are commonly known, thus creating statutory problems. This bill would also prohibit translating forms into other languages. The suggestion was made, however, to the courts to create a glossary of Latin terms to assist the "pro se" litigant in particular. Vote 14-0.

HB 1518-FN, relative to in pro pri a persona and pro se litigants. INEXPEDIENT TO LEGISLATE
Rep. Robert H. Rowe for Judiciary: This bill requires a court to provide a written explanation of a denial of any motion in any court where there is a pro se (representing oneself) party. The committee felt the bill will result in an extreme hardship to all courts especially the municipal and district courts which process great numbers of cases each day such as motor vehicle violations. The requirement for a written explanation on every motion will substantially reduce the number of cases that can be heard by a judge and increase court clerical costs. Vote 17-0.

HB 1523, relative to landlord-tenant obligations. OUGHT TO PASS WITH AMENDMENT
Rep. Phyllis L. Woods for Judiciary: This bill, as amended, would require a landlord to accept as rental payment by the tenant, a written promise to pay on behalf of the tenant by the state, a county or a municipality of this state, or payment from an organization which disburses federal or state funds. Vote 16-0.

Amendment (3310h)

Amend the bill by replacing all after the enacting clause with the following:

1 Entities Paying Rent on Behalf of a Tenant. Amend RSA 540:9-a to read as follows:

540:9-a Payment by Voucher and Application of Rents Paid by [the] a Municipality. Any rental payment or partial rental payment tendered by the tenant in the form of a written promise to pay on behalf of the tenant by *the state, a county or* a municipality of this state, *or a payment by any organization which disburses federal or state funds*, and any application by [the] a municipality of amounts owed to it by a landlord pursuant to RSA 165:4-a, shall constitute payment by the tenant of the amount represented in the voucher, and of any amount applied by [the] a municipality to delinquent balances of the landlord; provided, that this section shall not be construed to obligate a landlord to accept partial rental payments or payments tendered after the expiration of the notice to quit.

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill extends payments on behalf of tenants to include payments by voucher from the state, a county, or any organization that disburses state or federal funds.

HB 1126, relative to requiring certain employers to pay time-and-one-half wages for hours worked on Sundays. OUGHT TO PASS WITH AMENDMENT

Rep. Philip J. McColgan, Jr. for Labor, Industrial and Rehabilitative Services:

This bill as amended repeals the 1911 laws that prohibit the practice of offering finder's fees and signing bonuses for enlisting workers. This amendment, recommended by the Department of Labor, replaces the whole original bill, which required certain employers to pay time-and-a-half wages to employees who worked on Sunday. For a variety of reasons, the original bill was overwhelmingly rejected. The amendment was unanimously accepted. Vote 12-0.

Amendment (3193h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to repealing the prohibition on rewards for procuring employment.

Amend the bill by replacing all after the enacting clause with the following:

1 Repeal. RSA 275:6-9, relative to rewards for, offers of, and penalties for, procuring employment, are repealed.

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill repeals certain provisions relating to rewards for procuring employment.

HB 1124-L, relative to local building codes. OUGHT TO PASS

Rep. Robert W. Brundige for Municipal and County Government: This bill amends RSA 674:52 to provide that the adoption by reference of any provision of a nationally recognized building or fire code shall not be construed to restrict a municipality's authority relative to the appointment, removal or duties of municipal employees and the organization of municipal departments. Vote 14-0.

HB 1132-L, relative to exemptions and credits to property taxes when the property is sold. INEXPEDIENT TO LEGISLATE

Rep. Anthony F. Simon for Municipal and County Government: This bill would have changed existing law to provide that property tax credits and exemptions would expire upon the filing of a

real estate transfer with the registry of deeds. Currently property is assessed, and exemptions and credits calculated, as of April 1 of each year. Other than the sponsor, the testimony was unanimous in opposition to this bill. Among the concerns cited were a dramatic increase in paperwork, the need for other major changes in the law to accommodate this concept and the likelihood that enacting this would open the floodgates to similar proposals. If a change in the current tax calculation procedure is desired, it needs to be accomplished in a comprehensive, rather than piecemeal, fashion. Vote 14-0.

HB 1205-L, relative to tax exemption for noise pollution control facilities. **INEXPEDIENT TO LEGISLATE**

Rep. David W. Hess for Municipal and County Government: While the sponsor's objectives in introducing this bill are laudable the public hearing raised a considerable number of issues and concerns. There is no general statewide definition, or even generally accepted criteria to determine what is, noise pollution. Furthermore, the bill would apply to anything, which only "partly" is intended to or does in fact reduce noise pollution. This could include planting trees, installing insulation in walls, or even the mere erection of an enclosing structure. Finally, there was no way to determine the administrative costs of this legislation or the impact it would have on other local property tax payers. Vote 14-0.

HB 1214-L, relative to municipal permits for registration of motor vehicles. **INEXPEDIENT TO LEGISLATE**

Rep. Robert W. Brundige for Municipal and County Government: This bill would amend RSA 261:148-a to allow any city or town to require that before any person having outstanding or unpaid license or permit fees must pay them before the vehicle registration is issued to such person by the town or city. Testimony indicated this procedure would be unwieldy and not practical. Vote 14-0.

HB 1219, relative to elected officials with corporate conflicts of interest. **INEXPEDIENT TO LEGISLATE**

Rep. Betsey L. Patten for Municipal and County Government: Local government in New Hampshire is dependent on residents who are willing to volunteer their time to serve as elected officials. Most of these positions are held by residents who also may or may not be a part of a "corporate entity". This bill would restrict those residents from transacting any business with the local political subdivision and the effect of this limitation would reduce the number of volunteers eligible to serve at the local level. Vote 14-0.

HB 1277-L, relative to payment by an applicant of outstanding costs on a withdrawn proposal submitted to a planning board. **INEXPEDIENT TO LEGISLATE**

Rep. Betsey L. Patten for Municipal and County Government: There are inherent costs to an applicant to request a subdivision or a site plan review before the Planning Board. Even if an application is withdrawn, costs are associated with any planning process, over and above any Planning Board administrative costs. The Planning Board may state in their subdivision regulations that all costs incurred, even if an application is withdrawn must be paid. This bill would have allowed the Planning Board to reject a subsequent application based on non-payment of cost incurred for unrelated application. The Committee found this legislation unnecessary since the Planning Board already has this option when compiling their regulations. Vote 14-0.

HB 1389-L, relative to the Nute High School and library trustees. **REFER FOR INTERIM STUDY**
Rep. Betsey L. Patten for Municipal and County Government: The Nute family of Milford made a generous contribution in 1889 for the construction of the Nute High School and the formation of the Nute Trust Fund. The Session Law enacted that year granted the Trust Fund a tax exemption for up to \$350,000 in assets. That cap has long since become obsolete. The sponsors, through HB1389 requested an increase of that tax-exemption cap from \$350,000 to \$3,000,000. A request for information about the status of other possible trust funds that have been established for the same purpose is still being researched. This bill needed to be reported out early in order for it to go to the Finance Committee to review any possible financial impacts on state revenues. The Committee was split on making a recommendation without the requested information. Consequently, the Committee unanimously voted to Refer to Interim Study knowing that there will be time to review this bill and the forthcoming information later this spring and act on it at that time. Vote 14-0.

HB 1413, relative to the rights of ownership of cemetery plots or burial spaces. **OUGHT TO PASS**
Rep. Priscilla P. Lockwood for Municipal and County Government: This bill clarifies the criteria for determining ownership of cemetery plots or burial spaces for purposes of probate of estates. It was the product of a statutory study committee in collaboration with the Attorney General and the Probate Court. Vote 14-0.

HB 1495-FN-L, requiring local political subdivisions to submit to annual audits by independent certified public accountants. **INEXPEDIENT TO LEGISLATE**

Rep. Paul A. McGuirk for Municipal and County Government: The fiscal note on HB 1495 states that 61% of municipalities and 15.6% of village districts undergo annual independent audits. Recent events in one municipality should cause officials in those subdivisions that do not do annual audits to review their local situations and hopefully initiate action to bring forward a proposal for voter consideration that would provide for annual independent audits. The Committee believes that this question lies with local officials and taxpayers and should remain so. Finally, this bill if enacted would result in an unfunded state mandate in violation of Article 28-a of the New Hampshire Constitution. Vote 14-0.

HB 1522-L, relative to posting warrants in languages other than English and in large-print format. **INEXPEDIENT TO LEGISLATE**

Rep. Anthony F. Simon for Municipal and County Government: This bill would have allowed selectmen to post town meeting warrants, or portions of the warrant, in language(s) other than English and/or in large type format for the visually impaired. The Committee is satisfied that selectmen already have the authority to post warrants in either of these ways. Vote 13-0.

HB 1601-FN-L, relative to the procedure for the setting of tax rates by the commissioner of revenue administration. **INEXPEDIENT TO LEGISLATE**

Rep. Anthony F. Simon for Municipal and County Government: This bill would have established a thirty day time limit for DRA to review the town reports that are statutorily required as part of the process for setting tax rates. Additionally, the bill would require the commissioner to seek an opinion of the Attorney General on any questions of law regarding a disallowed appropriation, as part of an oral hearing afforded to a municipality dissatisfied with the tax rate that has been set. The Committee feels that such provisions are unnecessary, are potentially in conflict with other sections of statute and would only serve to seriously delay, and likely frustrate entirely in some situations, the setting of municipal tax rates. Vote 13-0.

HB 1143-FN, relative to renaming New Hampshire route 28 in the town of Wolfeboro as the "Gary Parker Memorial Highway." **OUGHT TO PASS**

Rep. William E. Leber for Public Works and Highways: The committee supports naming this stretch of highway, Route 28 in the town of Wolfeboro, after the late state trooper Gary Parker, who was killed in the line of duty. The sponsor testified that the town of Wolfeboro supports the bill. The committee heard moving testimony from the widow that the trooper had grown up in the area. He often reflected, as they returned from assignment in other districts, that when he reached the Wolfeboro town line on Route 28, he was home. The New Hampshire Trooper's Association and family reportedly will cover the cost of the signs. The committee opposition was not a reflection on the memory of trooper Parker, but a concern that a policy and procedure should be developed to manage the proposals for naming highways and bridges. Some members of the committee indicated they will do so for the next term. Vote 12-7.

HB 1222, relative to outdoor advertising in an unzoned commercial or industrial area. **INEXPEDIENT TO LEGISLATE**

Rep. Candace W. Bouchard for Public Works and Highways: This bill concerning off premise signs, although well intended, would result, as testified by the Department of Transportation, in a violation of an agreement between the state and the federal government. The financial loss of this violation would be a ten percent reduction in New Hampshire's federal highway funds. Vote 13-0.

HB 1322, relative to the regulation of certain outdoor advertising devices. **OUGHT TO PASS WITH AMENDMENT**

Rep. Barbara L. Spear for Public Works and Highways: This bill as amended states that no advertising device which is not in conformance with state law shall be permitted to be re-erected if destroyed or abandoned. Advertising devices created adjacent to highways shall not exceed a height of 50 feet. Vote 19-0.

Amendment (3373h)

Amend RSA 236:74, V as inserted by section 2 of the bill by replacing it with the following:

V. HEIGHT. With respect to advertising devices located adjacent to any interstate, federal aid primary, or turnpike highway, no advertising device shall exceed a height of 50 feet from the base of the structure.

AMENDED ANALYSIS

This bill adds restrictions on the reconstruction of destroyed or abandoned advertising devices and on the height of devices to the regulation of outdoor advertising devices adjacent to interstate, federal aid primary, or turnpike highways.

HB 1341-FN, relative to direct access for certain types of development along highways. **REFER FOR INTERIM STUDY**

Rep. Robert A. Daigle for Public Works and Highways: The committee heard testimony from the Department of Transportation and the Transportation and Construction Bureau of the Attorney Generals Office. Both of these agencies felt that changes were necessary to the existing RSAs regarding access. They plan to prepare information necessary for legislation for the next session. This Interim Study motion will allow the committee to monitor the above effects. Vote 17-0.

HB 1553-FN-L, relative to the construction and renovation of covered bridges. **INEXPEDIENT TO LEGISLATE**

Rep. Richard F. Ahern for Public Works and Highways: This idea has a lot of merit and would encourage reconstruction of covered bridges in towns. The Department of Transportation testified that current law allows for this to happen now. The big change under this bill would provide up to 150% funding for covered bridges, but we only received testimony from the sponsor, and did not feel that there was broad enough support for this change. Vote 17-0.

HB 1121-FN, relative to admission to Wellington state park by residents of the town of Alexandria. **INEXPEDIENT TO LEGISLATE**

Rep. Michael W. Downing for Resources, Recreation and Development: The committee heard testimony that Wellington State Park has the only safe beach in the Town of Alexandria. After consultation between the sponsor, the Director of State Parks and the Town of Alexandria, an agreement was reached that satisfied everyone involved. The Town of Alexandria agreed to pay a fee for special use permits allowing residents to utilize the beach area. The sponsor agrees that this legislation is no longer necessary. Vote 14-0.

HB 1340-FN-L, relative to dam construction permits. **INEXPEDIENT TO LEGISLATE**

Rep. Judith T. Spang for Resources, Recreation and Development: This bill is intended to assure that when a dam fails, the owner will have the resources to compensate downstream property owners for resulting losses. Expert testimony revealed that the insurance industry will not have the ability to offer such insurance until actuarial studies are completed. The Department of Environmental Services will monitor this progress in this insurance industry research. Vote 16-0.

HB 1479-FN-L, relative to boat fees. **INEXPEDIENT TO LEGISLATE**

Rep. Michael D. Whalley for Resources, Recreation and Development: Although the committee was impressed with the sponsor's intention to develop a financial incentive through a discounted boat registration for clean burning engines, we felt that this discount in the registration was too insignificant to have any impact on a person's buying decision. However, federal regulations regarding the sale of marine engines require that all marine engines sold in the United States after 2007 must be "clean" engines. Between now and 2007 there will be an increased percentage of clean engines sold each year until the goal of 100% is met in 2007. Vote 16-0.

HB 1179, relative to final orders of the public utilities commission. **OUGHT TO PASS WITH AMENDMENT**

Rep. Gary R. Gilmore for Science, Technology and Energy: This legislation clarifies an existing ambiguity. The language of the legislation has been agreed to by the Public Utilities Commission. The passage of this law guarantees that all parties to a PUC docket can know the PUC's decision on each issue of the docket, and the reasoning behind such decision(s) before that party must choose if it is to appeal such a decision. Vote 18-0.

Amendment (3173h)

Amend the bill by replacing section 1 with the following:

I Public Utilities Commission; Appointment, Qualification, etc; Final Orders. Amend RSA 363:17-b to read as follows:

363:17-b Final Orders. The commission shall issue a final order on all matters presented to it. ~~[Final orders of the commission]~~ *The transcript or minutes of oral deliberations shall not constitute a final order. A final order* shall include, but not be limited to:

- I. The identity of all parties;
- II. The positions of each party on each issue;
- III. A decision on each issue including the reasoning behind the decision; and
- IV. The concurrence or dissent of each commissioner participating in the decision.

HB 1462, extending the report date of the committee to study methods to promote the use of renewable energy sources. **OUGHT TO PASS WITH AMENDMENT**

Rep. Gary R. Gilmore for Science, Technology and Energy: The bill extends the Renewable Energy Committee for two years and requires it to submit an interim report by Nov. 1, 2000, and a final report by Nov. 1, 2001. The bill also eliminates one duty of the committee and allows the Senate to appoint fewer members than House members. Vote 15-0.

Amendment (3307h)

Amend the title of the bill by replacing it with the following:

AN ACT extending the report date and changing the membership and duties of the committee to study methods to promote the use of renewable energy sources.

Amend the bill by replacing all after the enacting clause with the following:

I Study Committee; Membership, Duties, Report Changed. Amend 1999, 47 to read as follows: 47:1 Committee Established. There is established a committee to study methods to promote the use of renewable energy sources.

47:2 Membership and Compensation.

I. The members of the committee shall be as follows:

(a) Five members of the science, technology and energy committee of the house of representatives, appointed by the speaker of the house of representatives.

(b) ~~[Five]~~ *Not less than 3 nor more than 5* members of the senate, appointed by the president of the senate.

II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

47:3 Duties. The committee shall study methods to promote the use of renewable energy sources. The committee shall seek input from representatives of the renewable energy industry and interested state agencies. As part of its study, the committee shall examine:

I. The system benefits charge established pursuant to RSA 374-F:4 and similar charges levied by other states that promote renewable energy sources.

II. Programs and initiatives instituted by other states to promote renewable energy.

III. Implementation issues specific to deregulated markets.

~~IV. Recommendations regarding the amount of the system benefits charge in light of program goals, market activity, and consumer concerns.]~~

47:4 Chairperson; Quorum. The first meeting of the committee shall be called by the first-named house member. The members shall elect a chairperson. The first meeting of the committee shall be held within 45 days of the effective date of this section. ~~[Six]~~ *Five* members of the committee shall constitute a quorum.

47:5 Report. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the senate president, the house clerk, the senate clerk, the governor, and the state library *in an interim report* on or before November 1, ~~[1999]~~ *2000 and a final report on or before November 1, 2001.*

47:6 Effective Date. This act shall take effect 60 days after its passage.

2 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill extends the report date and modifies the membership and duties of the committee to study methods to promote the use of renewable energy sources.

HCR 20, urging Congress to stop the collection of certain kinds of information from patients in a home health care setting. **OUGHT TO PASS**

Rep. Margaret E. Lynott for State-Federal Relations and Veterans Affairs: The Health Care Financing Administration (HCFA), in accordance with the Balanced Budget Act of 1997 which must be in place by October 2000, will force home health care agencies to collect and report personal and medical information of patients. Patients who receive federal benefits must disclose personal information. Patients in home health care who do not collect federal benefits should not be required to disclose personal information without informed consent. This would be an intrusion of personal liberty, privacy and violation of their 4th Amendment rights. We were shown large amounts of personal health information and pages of questions asking the client for very minor medical screening which we felt were far reaching. Vote 12-0.

HCR 23, urging the United States Congress to allow greater state and local regulation of cable television services and greater choice for cable television subscribers. **INEXPEDIENT TO LEGISLATE**

Rep. Dennis H. Fields for State-Federal Relations and Veterans Affairs: The committee felt that this bill is not necessary at this time. Cable company representatives made the committee aware that there are some ongoing changes which will provide better cable selections. The representatives also explained that when a cable company has several different outlets to buy from and, in turn, sell to the subscriber, different channels come with different packages, some of which cannot be grouped with other cable combinations. Vote 13-0.

HCR 24, relative to integration of people with disabilities. **OUGHT TO PASS**

Rep. Margaret E. Lynott for State-Federal Relations and Veterans Affairs: Every citizen should have the right to live where he or she wants to live without discrimination. This right applies to people with disabilities. Incarceration of people with developmental disabilities was the solution in the Middle Ages. Every citizen should have the opportunity to contribute to a community by residing in the integrated setting most appropriate to their disability and receive support services in their homes and from their communities. Vote 12-0.

HB 1112, prohibiting the use of the far left lane on the interstate for anything other than passing. **INEXPEDIENT TO LEGISLATE**

Rep. Peter R. Cote for Transportation: The committee felt that RSAs 265:16, 265:18, 265:19 and 265:20 already adequately cover the sponsor's intent. The committee also felt that because of all the two lane interstate roads in New Hampshire, this bill would be impractical on these roads. Vote 17-0.

HB 1251, relative to driver education training reimbursement. **OUGHT TO PASS WITH AMENDMENT**

Rep. George A. LaPorte for Transportation: This bill tries to even the reimbursement to students who successfully complete an approved driver education course in New Hampshire. Presently, only students who complete this course in a public school are eligible for reimbursement. Even though money which comes from vanity and original licenses fees are paid by all and not used by all, any money left is returned to the general fund. Vote 15-0.

Amendment (3325h)

Amend the bill by replacing section I with the following:

1 Driver Training Reimbursement. Amend RSA 263:52, I to read as follows:

I. The proceeds from original license fees as provided in RSA 263:42 and \$5 from every special fee for vanity number plates collected in accordance with RSA 261:89, plus such additional portion of the \$25 special fee for vanity number plates or the renewal of the use of such plates as is needed to fully fund the driver training program for each fiscal year as determined by the general court pursuant to paragraph II, after costs of such plates or designation of effective periods thereof and issuance of same have been appropriated and deducted, shall be expended solely for courses of instruction and training in safe motor vehicle driving conducted in or under the supervision of *approved* secondary [schools] or *private driver education courses*. After all costs of administration of the program each year of the biennium have been reserved, the balance which is appropriated to the driver training program shall be paid to the state treasurer by June 30 of each year. Such balance shall be kept in a separate fund [which shall be paid out on or before September

15 of each year ~~directly~~ to participating schools prorated on a per-pupil basis for those ~~pupils~~ who have completed the driver education program ~~to be used as a reimbursement to defray the cost of tuition~~. Subject to final approval by the governor and council, the commissioner of safety jointly with the commissioner of education shall adopt pursuant to RSA 541-A and publish rules governing the courses of instruction and training and determining eligibility of ~~[secondary schools]~~ *students* to receive moneys from the fund established by this section. *Students who successfully complete driver education provided by public secondary schools shall receive either a \$150 credit toward their tuition or a reimbursement of that amount from the public institution within 30 days of receiving its reimbursement from the department of safety. Students who successfully complete private driver education courses shall be reimbursed \$150 directly from the fund.*

AMENDED ANALYSIS

This bill requires a portion of the fees collected for the driver training fund to be allocated directly to students who have successfully completed private driver education courses as reimbursement, or providing students successfully completing secondary school programs of instruction a credit toward, or reimbursement of, fees charged.

This bill is a request of the house study committee established by 1999, 297.
Referred to Finance.

HB 1265-FN, exempting snowmobiles used by OHRV clubs for trail grooming and other public services from the payment of OHRV registration fees. OUGHT TO PASS WITH AMENDMENT Rep. Robert J. Letourneau for Transportation: The amended version of this bill defines the state of antique snowmobiles and antique OHRV all terrain vehicles and antique trail bikes. This would allow a one-time registration fee of \$36.00 for all valid New Hampshire driver license holders over 18 years of age. The sponsor of the bill endorses this change endorsed by the Departments of Resources and Economic Development and Fish and Game. Vote 15-0.

Amendment (3220h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to registration of certain antique OHRVs.

Amend the bill by replacing all after the enacting clause with the following:

1 Definition of Antique Snow Traveling Vehicle. Amend RSA 215-A:1, I-a to read as follows:

I-a. "Antique snow traveling vehicle" means any snow traveling vehicle manufactured prior to the year 1969 or [20] 25 or more years old owned by a resident of the state. For the purposes of this chapter, all vehicles within this definition shall be classified as off highway recreational vehicles.

2 New Paragraphs; Definitions; Antique All Terrain Vehicle; Antique Trail Bike. Amend RSA 215-A:1 by inserting after paragraph I-b the following new paragraphs:

I-c. "Antique all terrain vehicle" means any all terrain vehicle manufactured prior to the year 1969 or 25 or more years old owned by a resident of the state. For the purposes of this chapter, all vehicles within this definition shall be classified as off highway recreational vehicles.

I-d. "Antique trail bike" means any trail bike manufactured prior to the year 1969 or 25 or more years old owned by a resident of the state. For the purposes of this chapter, all vehicles within this definition shall be classified as off highway recreational vehicles.

3 Registration; Antique Snow Traveling Vehicle. Amend RSA 215-A:21, IV-a to read as follows:

IV-a. Notwithstanding the provisions of RSA 215-A:21, IV, antique snow traveling vehicles may be registered by a one-time purchase of a permanent plate to be affixed permanently to the snow traveling vehicle. ~~[This plate shall be non-transferable from one snow traveling vehicle to another or from one owner to another.]~~ This registration shall be available at the fish and game headquarters only.

4 New Paragraphs; Registration; Antique All Terrain Vehicles; Antique Trail Bikes. Amend RSA 215-A:21 by inserting after paragraph IV-a the following new paragraphs:

IV-b. Antique all terrain vehicles may be registered by a one-time purchase of a permanent plate to be affixed permanently to the antique all terrain vehicle. This registration shall be available at the fish and game headquarters only.

IV-c. Antique trail bikes may be registered by a one-time purchase of a permanent plate to be affixed permanently to the antique trail bike. This registration shall be available at the fish and game headquarters only.

5 Registration Fees; Antique Snow Traveling Vehicles. Amend the introductory paragraph of RSA 215-A:23, II to read as follows:

II. Resident antique snow traveling vehicle permanent registration-\$35 for each registration upon presentation of resident tax receipt *or a valid New Hampshire driver's license issued to a person 18 years of age or older*. From each fee collected pursuant to this paragraph:

6 New Paragraphs; Registration Fees; Antique All Terrain Vehicles; Antique Trail Bikes. Amend RSA 215-A:23 by inserting after paragraph II the following new paragraphs:

II-a. Resident antique all terrain vehicle permanent registration-\$35 for each registration upon presentation of resident tax receipt or a valid New Hampshire driver's license issued to a person 18 years of age or older. From each fee collected pursuant to this paragraph:

(a) The first \$20 shall be appropriated to the department of resources and economic development for administration of the bureau's grant-in-aid program pursuant to paragraph VI.

(b) From the balance, \$7.50 shall be appropriated to the department of resources and economic development for administration of the bureau for the purposes listed in paragraph VII, and \$7.50 shall be appropriated to the department of fish and game for the purposes listed in paragraph VIII.

II-b. Resident antique trail bike permanent registration-\$35 for each registration upon presentation of resident tax receipt or a valid New Hampshire driver's license issued to a person 18 years of age or older. From each fee collected pursuant to this paragraph:

(a) The first \$20 shall be appropriated to the department of resources and economic development for administration of the bureau's grant-in-aid program pursuant to paragraph VI.

(b) From the balance, \$7.50 shall be appropriated to the department of resources and economic development for administration of the bureau for the purposes listed in paragraph VII, and \$7.50 shall be appropriated to the department of fish and game for the purposes listed in paragraph VIII.

7 Effective Date. This act shall take effect July 1, 2000.

AMENDED ANALYSIS

This bill establishes registration requirements and fees for antique all terrain vehicles and antique trail bikes.

Referred to Finance.

HB 1268-FN, relative to certain vehicle registrations. OUGHT TO PASS WITH AMENDMENT Rep. Robert J. Letourneau for Transportation: This bill would require that persons claiming the exemption from the certificate of title for older motor vehicles provide proof of a previously issued certificate of registration or title, or out of state title, or validation of vehicle identification number (VIN) by the Department of Safety. Vote 17-0.

Amendment (3322h)

Amend the bill by replacing section 1 with the following:

1 New Section; Registration of Certain Title Exempted Vehicles. Amend RSA 261 by inserting after section 2 the following new section:

261:2-a Registration of Certain Title Exempted Vehicles. Notwithstanding the provisions of RSA 261:2 and RSA 261:148, no person shall register a motor vehicle exempted under RSA 261:3, I(k) in this state without first providing a previously issued New Hampshire certificate of registration, a valid out-of-state certificate of title, or a current New Hampshire vehicle identification number verification form as prescribed by the director. For the purposes of this section, a temporary registration issued pursuant to RSA 261:57 does not meet the requirement of a previously issued New Hampshire certificate of registration. Any person who violates the provisions of this section shall be guilty of a misdemeanor.

HB 1269-FN, relative to the creation of a university system of New Hampshire license plate. INEXPEDIENT TO LEGISLATE

Rep. Robert J. Letourneau for Transportation: The idea of a special plate raising revenue for the University System on the surface appears to have merit. However, after listening to testimony from a University of New Hampshire faculty member, the committee learned that a total of four plates, one for each university, would be requested for identity purposes. Looking at the relatively small number of plates sold in states with larger graduate populations, the committee felt that the state would not meet the cost of production for these special plates. Vote 17-0.

HB 1304, establishing a statutory committee to review and approve any motor vehicle license plate design. INEXPEDIENT TO LEGISLATE

Rep. George A. LaPorte for Transportation: The committee felt that with the new plates recently issued that this bill was not needed, as new plates would not be needed for at least ten years. The Director needs the discretion for public safety to display what is needed. Vote 16-0.

HB 1439-FN, relative to operation of a motor vehicle under a learner's permit. INEXPEDIENT TO LEGISLATE

Rep. Robert J. Letourneau for Transportation: This bill would change the current law and allow 15 year olds to receive a learner's permit to drive an automobile. The subcommittee, along with the Departments of Safety and Health and Human Services, and Injury Prevention Group folks, found this to be an unacceptable provision. The trend has been toward longer driver experience with adult supervision. The committee received testimony during hearings that produced evidence that the older a driver, the more mature that driver is likely to be. The Transportation committee will be meeting as an Ad Hoc group during the summer to take up the under age 20 driver issue in an effort to make appropriate changes. This will take considerable time and effort. This Ad Hoc committee will look at what is successful and what is not. Motor Vehicles Director Beecher is very interested in this issue, and will take an active role and participation with this committee. The committee along with the sponsor agrees to make a recommendation to find this bill Inexpedient to Legislate. Vote 17-0.

HB 1458, relative to the wearing of motorcycle protective headgear. INEXPEDIENT TO LEGISLATE

Rep. Robert J. Letourneau for Transportation: This bill as introduced would require all motorcycle operators and passengers to wear protective headgear and would require drivers of motorcycles to receive training as to the benefits of protective headgear prior to receiving licensure. The premise for this is that motorcyclists are a burden to society for their care and subsistence. The committee heard no testimony nor saw any data to support this position. Testimony presented to the committee revealed motorcyclists that are admitted to trauma centers for treatment of crash related injuries were just as likely as other road trauma cases to be medically insured, and considerably better insured than non-road cases. Motorcyclists had the highest insurance payment rate of all groups, and a higher rate of self-payment than any other group. New Hampshire data supports that testimony. 1996 NH data showed that you are twenty five times more likely to receive a head injury in an auto crash than on a motorcycle. The second issue in this bill required "proof of receipt of headgear safety training". No such training currently exists anywhere, and there was no provision in this bill for funding of this training or who was to administer any such program. The committee held two hearings on this bill. Three hundred and twenty four people who attended the hearings were in opposition. Six were in support. Additionally, sixteen Representatives attended the hearings and were opposed to the legislation, and four were in favor. There were twenty speakers who voiced their opposition, and three were in support. The most common thread of testimony from those who testified in opposition was that motorcyclists have a vested interest in their own safety, and as responsible adults they were insured and very much aware what is in their best interest. Motorcyclists view this legislation as a government intrusion into their lives without justification. Vote 17-0.

HB 1513-FN, relative to a fine for a youth operating a motor vehicle without an adult present. INEXPEDIENT TO LEGISLATE

Rep. Robert J. Letourneau for Transportation: The committee appreciates the sponsor's intent and effort, however, the committee and subcommittee conducted lengthy discussions with representatives from the Departments of Health and Human Services and Safety, and the Injury Prevention group, concerning this subject matter. Motor Vehicles Director Beecher and the Transportation committee will be looking at a number of proposals concerning drivers under the age of 20 years old with an Ad Hoc committee during the summer months. The committee recognizes the sponsor's intent and will consider such when new proposals are discussed. Vote 17-0.

HB 1613, exempting police officers on bicycles from certain motor vehicle laws and rules. OUGHT TO PASS WITH AMENDMENT

Rep. George N. Katsakiores for Transportation: Peace officers (police officers) wearing a distinctive uniform, operating a bicycle during the course of his or her duties shall not be subject to all

the rules of the road if his or her operation of a bicycle is in response to an emergency call, while engaged in a rescue operation, or in pursuit of an actual or suspected violator of the law. This bill does not relieve a peace officer from operating a bicycle with due regard for the safety of all persons using the public way. Vote 17-0.

Amendment (3363h)

Amend RSA 265:143, II(b) as inserted by section 1 of the bill by replacing it with the following:

(b) This paragraph shall not relieve a peace officer from the duty to operate a bicycle with due regard for the safety of all persons using the public way.

Amend the bill by replacing section 2 with the following:

2 Effective Date. This act shall take effect 60 days after its passage.

REGULAR CALENDAR

HB 1459, requiring the state police to record and update information relative to the charge of non-support. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Laura C. Pantelakos for the Majority of Children and Family Law: This bill requires the state police to record and update information daily relative to civil non-support warrants in addition to its correct practice of recording criminal non-support warrants. Vote 10-4.

Rep. Thomas I. Arnold, Jr. for the Minority of Children and Family Law: The minority did not object to the contents of the bill but, rather, to a glaring omission which will work an injustice on the innocent if not corrected. The bill adds civil complaints for nonpayment of child support to the state police computer on a daily basis. There is no provision to protect, or make whole, those who are arrested even though they are current in their payments. This applies equally to those who made payments to the state which the state did not correctly apply and credit the payor.

Amendment (3361h)

Amend the title of the bill by replacing it with the following:

AN ACT requiring the state police to record and update information relative to the charges of criminal and civil non-support.

Amend RSA 106-B:14, III as inserted by section 1 of the bill by replacing it with the following:

III. The division of state police shall record and update on its computer system on a daily basis the names of all persons for whom there is either an outstanding arrest warrant or a capias pending for criminal or civil non-support. The director shall submit an annual report to the general court relative to felony and misdemeanor non-support as well as civil non-support based on the records and information acquired pursuant to RSA 106-B:14, I. The report shall be a compilation of the number of persons charged with criminal or civil non-support, the number of apprehensions made on the charges of criminal or civil non-support, and any other information the director deems relevant.

AMENDED ANALYSIS

This bill provides that the state police shall record and update on its computer system any arrest warrant or capias issued by a superior court for criminal or civil non-support and shall submit a report of such information to the general court.

Adopted.

Rep. Arnold spoke against.

Rep. Dowling spoke in favor.

On a division vote, 179 members having voted in the affirmative and 109 in the negative, the report was adopted.

Referred to Finance.

HB 1358, prohibiting smoking in restaurants. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Joseph D. Kenney for the Majority of Commerce: This bill prohibits all smoking in any restaurant where serving food is the primary function. The majority of the committee felt the present indoor smoking act is what is best for New Hampshire. The indoor smoking act allows for the location of no-smoking and smoking-permitted areas in restaurants, and requires smoking areas not to cause harm or unreasonably intrude into the areas occupied by persons who are not smoking.

There is a requirement for a physical barrier such as a wall at least 56 inches in height to separate no-smoking areas from a smoking-permitted area. Additionally, existing ventilation systems in restaurants, where reasonably possible, should be located near smoking areas. Since New Hampshire law forbids bars from not serving food, any attempt to allow smoking in bars only would require a change in our liquor laws, and a long standing public policy that bars must serve food in New Hampshire. Vote 10-5.

Rep. Martha Fuller Clark for the Minority of Commerce: The strong vote against inexpedient to legislate reflects the position of those committee members who believe that smoking in restaurants, where serving food is the primary function should be prohibited. Currently four other states prohibit smoking in places of public employment due to the documented risks of second hand smoke. They are Maine, Vermont, Utah and California. All of these states have some form of exemptions. These states have not seen a negative impact on the overall room and meals tax. They have, however, seen an increase in the number of licenses for bars, taverns, lounges and cabarets that are exempt from the ban. Some of these states also provide through legislation a requirement that "no one as part of his or her work responsibilities shall be required to work in an area where smoking is permitted." In New Hampshire we define in statute cocktail lounges as a portion or area of a restaurant, hotel, motel, convention center or resort which is used primarily to serve liquor or other alcoholic beverages. This bill offers a reasonable compromise by exempting cocktail lounges from banning smoking. However, these lounges would now be required to be in an enclosed place to protect others from second hand smoke as much as possible. Currently the state regulates restaurants with regard to health and safety. Banning smoking would simply be an appropriate extension of such regulations since death from smoking and exposure to second hand smoke has been deemed a public health issue of primary importance. Environmental tobacco smoke constitutes the third leading cause of preventable death in the United States. This bill seeks to protect both restaurant workers and patrons in New Hampshire from involuntary exposure to second hand smoke and should be passed.

Reps. Pantelakos, Vaillancourt and Keye spoke against.

Reps. Francoeur, Kennedy and Avery spoke in favor.

Rep. Fuller Clark spoke against and yielded to questions.

Rep. Hunt spoke in favor and yielded to questions.

Reps. Chandler and Fuller Clark requested a roll call; sufficiently seconded.

The question being the adoption of the majority report.

and the majority report was adopted.

Reps. Lozeau and Rollo declared conflicts of interest and did not participate.

HB 1577-FN, revising the indoor smoking act. **INEXPEDIENT TO LEGISLATE**

Rep. Joseph D. Kenney for Commerce: This bill revives the indoor smoking act. Under this bill, smoking is prohibited in restaurants. The bill also authorizes the commissioner of health and hu-

man services to levy administrative fines on persons in charge of places of public access and publicly owned buildings and offices who repeatedly violate the indoor smoking act law. The first portion of this bill addressed banning smoking in restaurants, which was also addressed in HB 1358. The committee felt the second part to this bill, to place administrative fines on persons in charge of public buildings who allow illegal smoking, would be difficult to enforce and place a difficult administrative burden onto health and human services. Vote 13-2.

Adopted.

Rep. Rollo declared a conflict of interest and did not participate.

HB 1579-FN, establishing a penalty for a third violation of the youth tobacco laws. **OUGHT TO PASS WITH AMENDMENT**

Rep. Joseph D. Kenney for Commerce: This bill as amended provides that sellers of tobacco products who are found guilty of selling to minors for a third time shall have their licenses to sell suspended or revoked. Additionally, for the fourth offense, the commission shall issue either an administrative fine and a suspension of a minimum of 10 consecutive days not to exceed 40 consecutive days, or a suspension. For any violation beyond the fifth, the commission shall revoke any license. The committee felt that putting the focus on the sellers would elevate the importance of this issue of not selling tobacco products to minors. This bill now duplicates the liquor laws and rules for sellers who sell to minors the fourth and fifth time. The bill further clarifies the definition of "effectively segregated" to mean all of the conditions in the indoor smoking act paragraph of RSA 155:65, V need to be met for compliance. Vote 15-0.

Amendment (3367h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing certain penalties for violations of the youth tobacco laws and clarifying a definition under the indoor smoking act.

Amend the bill by replacing all after the enacting clause with the following:

1 Penalties. RSA 126-K:4, I is repealed and reenacted to read as follows:

II. Violations of this section shall be civil infractions punishable by administrative action of the commission against the licensee. The fines for violations of this section shall not exceed \$250 for the first offense and \$500 for the second offense. For the third offense, the commission shall issue a letter of warning detailing necessary corrective actions and an administrative fine ranging from \$500 to \$1,500. In addition, the license to sell tobacco products of the manufacturer, wholesaler, sub-jobber, vending machine operator, or retailer where the offense occurred shall be suspended for a period of 10 consecutive days and not exceeding 30 consecutive days. For the fourth offense, the commission shall issue either an administrative fine and a suspension of a minimum of 10 consecutive days not to exceed 40 consecutive days, or a suspension. The administrative fine shall range from \$750 to \$3,000 while any suspension without a fine shall be 40 consecutive days. For any violation beyond the fifth, the commission shall revoke any license.

2 Penalties. RSA 126-K:5, III is repealed and reenacted to read as follows:

III. Violations of this section shall be civil infractions punishable by administrative action of the commission against the licensee. The fines for violations of this section shall not exceed \$250 for the first offense and \$500 for the second offense. For the third offense, the commission shall issue a letter of warning detailing necessary corrective actions and an administrative fine ranging from \$500 to \$1,500. In addition, the sampler's license shall be suspended for a period of 10 consecutive days and not exceeding 30 consecutive days. For the fourth offense, the commission shall issue either an administrative fine and a suspension of a minimum of 10 consecutive days not to exceed 40 consecutive days, or a suspension. The administrative fine shall range from \$750 to \$3,000 while any suspension without a fine shall be 40 consecutive days. For any violation beyond the fifth, the commission shall revoke any license.

3 Penalties. RSA 126-K:8, IV is repealed and reenacted to read as follows:

IV. Violations of this section shall be civil infractions punishable by administrative action of the commission against the licensee. The fines for violations of this section shall not exceed \$250 for the first offense and \$500 for the second offense. For the third offense, the commission shall issue a letter of warning detailing necessary corrective actions and an administrative fine ranging from \$500 to \$1,500. In addition, the license to sell tobacco products of the manufacturer, wholesaler, subjobber, vending machine operator, or retailer where the offense occurred shall be suspended

for a period of 10 consecutive days and not exceeding 30 consecutive days. For the fourth offense, the commission shall issue either an administrative fine and a suspension of a minimum of 10 consecutive days not to exceed 40 consecutive days, or a suspension. The administrative fine shall range from \$750 to \$3,000 while any suspension without a fine shall be 40 consecutive days. For any violation beyond the fifth, the commission shall revoke any license.

4 Penalties; Vending Machines. RSA 78:12-d, VII is repealed and reenacted to read as follows:

VII. Violations of this section shall be civil infractions punishable by administrative action by the commissioner against the licensee. Fines for violations of paragraphs I-V shall be no more than \$100 for a first offense and no more than \$200 for a second offense. For the third offense, the commissioner shall issue a letter of warning detailing necessary corrective actions and an administrative fine ranging from \$500 to \$1,500. In addition, the license to sell tobacco products shall be suspended for a period of 10 consecutive days and not exceeding 30 consecutive days. For the fourth offense, the commissioner shall issue either an administrative fine and a suspension of a minimum of 10 consecutive days not to exceed 40 consecutive days, or a suspension. The administrative fine shall range from \$750 to \$3,000 while any suspension without a fine shall be 40 consecutive days. For any violation beyond the fifth, the commissioner shall revoke any license.

5 Definition Clarified; Effectively Segregated. Amend the introductory paragraph of RSA 155:65, V to read as follows:

V. "Effectively segregated" means *all* the following conditions have been met:

6 Effective Date.

I. Sections 1-4 of this act shall take effect January 1, 2001.

II. The remainder of this act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill provides that sellers of tobacco products who are found guilty of selling to minors for third and subsequent times shall have their licenses to sell suspended or revoked.

This bill also clarifies the definition of "effectively segregated" for the purposes of the indoor smoking act.

Adopted.

Report adopted and ordered to third reading.

HB 1608-FN-L, relative to minors and smoking. INEXPEDIENT TO LEGISLATE

Rep. Joseph D. Kenney for Commerce: This bill changes the penalty for possession and use of tobacco products by minors to include a warning for the first offense. The committee heard testimony from the Dover Police Department chief indicating that the current law has been effective and that passing this new law would create an additional administrative workload for law enforcement. The present law fines a minor \$100 for each tobacco violation or requires up to 20 hours of community service for each offense. This bill would exclude the \$100 fine for the first offense and require a copy of a written warning be sent to the minor's parent or guardian. The problem with this bill is that there is no system of tracking those written warnings as first offenses. Vote 13-2. Rep. Pantelakos spoke against.

Rep. Kenney spoke in favor and yielded to questions.

Rep. Pantelakos requested a roll call; sufficiently seconded.

The question being the adoption of the report.

and the report was adopted.

HB 1391, relative to personal appearance by law enforcement officers at administrative license suspension hearings. **OUGHT TO PASS**

Rep. Everett A. Weare for Criminal Justice and Public Safety: Presently, the non-appearance of the law enforcement officer at a Administrative License Suspension hearing invariability grants the right to operate to the individual thereby negating the purpose of the hearing. The requirement to have the law enforcement officer present at the request of the individual at the hearing is placing a financial and operational burden on many of the small law enforcement agencies throughout the state. The changes in this bill will allow the hearing to be conducted upon the review of the law enforcement officer's report or sworn affidavit. Should the individual desire the officer to be present he may do so by subpoenaing him at his or her cost or have a deposition taken prior to the hearing. Vote 10-4.

Rep. Welch moved Re-commit to committee and spoke in favor.

Adopted.

HB 1208, relative to the appointment of non-certified employees within a school administrative unit. **INEXPEDIENT TO LEGISLATE**

Rep. Clair A. Snyder for Education: This bill was submitted at the request of a constituent who subsequently could not garner any support. The prime sponsor also felt, without constituent support, this bill was unnecessary. There are currently administrative rules for hiring non-certified personnel through alternative processes to get them certified. Vote 13-2.

Adopted.

SPECIAL ORDER

HB 1499, relative to credit for American sign language and transliteration as a foreign language. **INEXPEDIENT TO LEGISLATE**

Rep. Warren Henderson for Education: The committee heard compelling testimony about the special challenges faced by members of the deaf and hard of hearing community. When all the facts had been presented, however, it was evident that this issue needs more examination before such a bill is passed. The committee is currently considering formation of a commission for the deaf and hard of hearing, which could take up this issue. Among the concerns expressed by the committee were: 1) American Sign Language (ASL) as the only language for the deaf and hard of hearing may not be justified. 2) Categorizing American Sign Language as a "foreign" language did not seem appropriate. The Department of Education testified that the intent of this bill could be accomplished without legislation. They indicated that this chapter of administrative rules was undergoing major revision. They pointed out that no other specific language is mentioned in statute as mandated to meet the foreign language requirement and "foreign language" will be changed to "world language". Vote 13-2.

Rep. Gilman spoke against.

Rep. Henderson spoke in favor.

Rep. Gilman requested a roll call; sufficiently seconded.

The question being the adoption of the report.

REGULAR CALENDAR (CONT'D.)

HB 1464, relative to the licensing process for new health care facility construction. **OUGHT TO PASS**

Rep. Peter L. Batula for Health, Human Services and Elderly Affairs: Everyone agrees that healthcare costs are increasing and that medical care and payment reform requires closer scrutiny. Under current law, the Health Services Planning & Review Board, a.k.a. "Certificate of Need Board", is mandated to review any medical facilities where the "construction" costs exceed \$1.1 million (a.k.a. threshold figure) or when medical equipment costs exceed a separate threshold figure of \$400,000. It is the majority opinion of the subcommittee and the full Health and Human Services Committee that the C.O.N. Board seemingly has ignored statute and has, through rules, not statute, imposed an arbitrary threshold of \$750,000, above which a complete application would be required for review. These factors guided this proposed bill to clarify the law. Another board abuse is the inclusion of land in the "construction" threshold...whether it is a freestanding building or part of an existing building. This bill simplifies and clarifies current law and was supported in a non-partisan majority vote. Vote 12-5.

Reps. Copenhaver and Millham spoke against.

Reps. Emerton and Wendelboe spoke in favor and yielded to questions.

Rep. Manning spoke against and yielded to questions.

Rep. Ruffner spoke in favor.

Rep. Emerton requested a roll call; sufficiently seconded.

The question being the adoption of the report.

Ordered to third reading.

RECESS

(Speaker Sytek in the Chair)

CLERK'S NOTE

When less than two-thirds of the elected membership is present, Part II, Article 20 of the state constitution requires the assent of two-thirds of those present and voting to render their acts and proceedings valid.

SENATE MESSAGES**REQUESTS CONCURRENCE WITH AMENDMENT**

HB 553-FN-A, establishing a commission on the status of men. (Amendment printed SJ 2/10/00)

Rep. Mercer moved that the House nonconcur and request a Committee of Conference.

Adopted by the necessary two-thirds.

The Speaker appointed Reps. Sapareto, Zolla, Boyce and Burkush.

CONCURRENCE

HB 1381, relative to the dissolution of the Pawtuckaway cooperative high school district.

CONCURRENCE WITH AMENDMENT

SB 178-FN-A, relative to appropriations to the port authority for dredging projects.

ENROLLED BILLS REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled House Bills 375 and 1381 and Senate Bills 147 and 178.

Rep. Ronald Nowe, Sen. D'Allesandro for the Committee

REGULAR CALENDAR (CONT'D.)

HB 1607, establishing a study committee to consider legislation reducing to zero the number of mentally retarded or developmentally disabled individuals in the state who are not receiving or have not received medicaid services **OUGHT TO PASS**

Rep. Daniel M. Burnham for Health, Human Services and Elderly Affairs: This bill would establish a study committee to consider legislation, which would require New Hampshire to reduce to zero the number of mentally retarded or developmentally disabled individuals who are not receiving Medicaid services for which they are eligible. The committee would also consider the minimum timeframe and costs required to accomplish this reduction in a fiscally responsible manner. Vote 12-5.

Adopted and ordered to third reading by the necessary two-thirds.

HB 1507, establishing a committee to investigate allegations against supreme court justice Thayer regarding unreported and underreported income. **REFER FOR INTERIM STUDY**

Rep. Loren J. Jean for Judiciary: The committee finds that since the courts Judicial Conduct Committee has the Justice Thayer matter presently before it, and since the courts Judicial Conduct proceedings concerning Justice Thayer are being undertaken in secret, the most prudent position for the legislature to take on this question at this time is to wait for the conclusion of ongoing Judicial Conduct proceedings before voting on the merits of making an independent inquiry. The legislature will be better able to judge by waiting for the outcome of the JCC proceedings on whether or not further inquiry into the Justice Thayer matter ought to be initiated by the general court. Vote 14-3.

Adopted by the necessary two-thirds.

HB 1123-FN-L, relative to local planning and zoning enforcement procedures. **INEXPEDIENT TO LEGISLATE**

Rep. Anthony F. Simon for Municipal and County Government: This bill was introduced to require that trial courts enjoin transfers of lots in unapproved subdivisions and award costs and fees to the municipality when such transfers of lots occur. Current law provides that injunctions and the award of costs and fees may be ordered at the discretion of the court. Some opponents of the bill were concerned that our courts already favor municipalities. Others expressed the fear that by "upping the ante" in this way, municipalities actually might face a more difficult fight when they attempt to enforce their ordinances. The Committee feels that the current statute provides adequate remedies for both municipalities and the public. Vote 12-2.

Adopted by the necessary two-thirds.

CLERK'S NOTE

The Constitutionally required two-thirds of the membership was declared present.

REGULAR CALENDAR (CONT'D.)

HB 1576-FN-A, abolishing ramp tolls along state highways and increasing the gasoline tax. **INEXPEDIENT TO LEGISLATE**

Rep. Bernard J. Raynowska for Public Works and Highways: The committee has worked with this issue before and understands the problems created, as well as the strong feeling from the Merrimack citizens. We also understand that removing the tolls on July 1, 2000, and increasing the gas tax by two cents a gallon within sixty days would create great problems. Toll issues have been troublesome for many citizens for a long period of time. Someone has been listening and progress is being made. The Commissioner of Transportation received approval from the Governor and Council for

funding a study to remove the tolls. The study will start soon, and the full report will be completed by the end of August 2000. Removing tolls without having any idea of changes to traffic patterns could be very disruptive. We now have something in place and are proceeding. The Department of Transportation proposal would affect an orderly and systematic removal of the tolls. The DOT proposal has the Merrimack tolls at exits 10, 11 and 12 as its first order of business. Vote 11-4. On a division vote, 215 members having voted in the affirmative and 34 in the negative, the report was adopted.

HB 1101, establishing a Pillsbury state park advisory commission. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.

Rep. David M. Lawton for the Majority of Resources, Recreation and Development: HB 1101 seeks to impose a state park advisory commission on the operation of Pillsbury State Park. The majority of the committee believes that this proposal is an unnecessary government intrusion into the park's operations which are currently under the watchful eyes of the "Friends of Pillsbury State Park, Inc." The "Friends" group is a charitable non-profit organization made up of approximately 50 volunteers who have forged a strong connection with the division of parks and recreation in the cooperative management of the park including many educational and informational programs. Given that this extremely active and dedicated volunteer group is already in place, enacting this bill would be duplication of efforts which could fatally fracture the "Friends" group and destroy a relationship that is already working well. Vote 10-6.

Rep. MaryAnn N. Blanchard for the Minority of Resources, Recreation and Development: The Minority of Resources, Recreation and Development believes that the purpose of a Pillsbury State Park Advisory Commission is to ensure that a formal relationship exists between representatives of the local governing bodies (Goshen and Washington Selectmen) and the Department of Parks. This would provide valuable communication when changes are proposed for this 2,300 acre property in both towns. Yes, there is an active Friends group. Their primary focus however, is educational and the concerns that towns have are different: Impacts on services plus abutting property owners.

Rep. Phinizy spoke against and yielded to questions.

Rep. Royce spoke in favor and yielded to questions.

Rep. Chandler requested a roll call; sufficiently seconded.

The question being the adoption of the majority report.

and the majority report was adopted.

LAID ON THE TABLE

Rep. Guay moved that **HB 1375**, establishing financial assurance for guaranteed promise of customer repayment of rate reduction bonds, be laid on the table.

Adopted.

REGULAR CALENDAR (CONT'D.)

HB 1213, establishing a commission to develop a pilot program for displaced veterans. **INEXPEDIENT TO LEGISLATE**

Rep. Dennis H. Fields for State-Federal Relations and Veterans Affairs: The committee has the deepest regard and respect for the sponsors of this bill. However, the committee feels that there are

several veterans programs and services already in place such as Outreach, the Veterans Home and the Veterans Hospital. In addition, there are local veterans groups, which provide programs and services to those veterans who wish to participate. Vote 11-1.

Adopted.

HB 1454, relative to restrictions of persons possessing any fish and game license. **OUGHT TO PASS WITH AMENDMENT**

Rep. Rose Marie Rogers for Wildlife and Marine Resources: This bill remedies restrictions on the ability of Fish and Game to hire and compensate deputy officers. The bill will allow more flexibility in donated hours and allow retired Conservation Officers over the age of 55 to participate. Vote 10-6.

Amendment (3274h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to deputy conservation officers in the fish and game department.

Amend the bill by replacing all after the enacting clause with the following:

1 Deputy Conservation Officer; Qualifications; Age. Amend RSA 206:27-b, IV to read as follows:

IV. ~~[Between the ages of] At least 21 years [and 55 years] of age[; provided, however, retired personnel of the department of fish and game are exempted from the provisions of this paragraph];~~

2 Deputy Conservation Officer; Compensation; Volunteer Service. Amend RSA 206:27-h to read as follows:

206:27-h Compensation. All deputy conservation officers shall be compensated for their services while actively engaged in the performance of their official duties at rates as fixed by the executive director; provided, however, all deputy conservation officers shall serve 8 hours per month without compensation. *This section shall not prohibit a deputy conservation officer from volunteering more hours than the 8 hours per month without compensation.*

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill changes the age requirements for service as a deputy conservation officer in the fish and game department, and allows for additional volunteer service by deputy conservation officers. Adopted.

Report adopted and ordered to third reading.

HB 1456, requiring creditors to consider the postmarked date of a credit card installment payment as the date of payment. **INEXPEDIENT TO LEGISLATE**

Rep. Sheila T. Francoeur for Commerce: This bill would apply only to the one bank in New Hampshire that is a credit card issuer. On a typical day that bank processes approximately 300,000 credit card payments. The committee felt that this bill would place an undue burden on this institution by requiring retention of envelopes used for payments, while having no effect on credit card issuers located in other states. The committee also heard testimony that the postmark could be falsified by using a postage machine. Vote 12-0.

Rep. Jacobson spoke against.

Rep. Francoeur spoke in favor and yielded to questions.

Rep. Francoeur requested a roll call; sufficiently seconded.

The question being the adoption of the report.

HB 1602-FN, establishing the New Hampshire task force on deafness and hearing loss. OUGHT TO PASS WITH AMENDMENT

Rep. Daniel M. Burnham for Health, Human Services and Elderly Affairs: This bill would create a task force to assist New Hampshire's community of deaf and hard of hearing, and establish a non-profit interpreter referral and resource center. The Department of Education and Health and Human Services have agreed to provide significant help to make the center a model location for interpreter referrals, job placement, peer counseling and advocacy services. Vote 14-0.

Amendment (3320h)

Amend the bill by replacing all after the enacting clause with the following:

I Statement of Findings. The general court finds that there is an urgent need for a statewide interpreter referral and resource center dedicated to people who are deaf or who have a hearing loss. Moreover, the general court finds that:

I. Improved interpreter referral services would benefit the business community, educational institutions, health care providers, law enforcement and court systems, state agencies, the general court, and others who require such services to effectively communicate with deaf persons and persons who are hard of hearing.

II. An information and referral service operated by and for persons who are deaf and hard of hearing would promote access of such persons to the community based health care, educational, employment, and social services that are available to all citizens.

III. Development of peer counseling, job placement, and advocacy services would enhance the ability of individuals who are deaf or hard of hearing to contribute to their communities.

2 Task Force Established; Membership; Terms.

I. There is hereby established the New Hampshire task force on deafness and hearing loss. The task force shall consist of the following members:

(a) One member of the house of representatives who shall be from the health, human services, and elderly affairs committee, appointed by the speaker of the house.

(b) One member of the senate who shall be from the public institutions, health, and human services committee, appointed by the president of the senate.

(c) One member from the governor's commission on disabilities, appointed by the governor.

(d) Two representatives of the department of health and human services, appointed by the commissioner.

(e) One representative of the department of employment security, appointed by the commissioner.

(f) Two representatives of the department of education, appointed by the commissioner.

(g) One representative of the administrative office of the courts, appointed by the chief justice of the New Hampshire superior court.

(h) The president of the New Hampshire Association of the Deaf, or designee.

(i) One representative of the New Hampshire Association of the Deaf, appointed by the president of the New Hampshire Association of the Deaf, or designee.

(j) The president of Self Help for the Hard of Hearing, or designee.

(k) One representative from Self Help for the Hard of Hearing, appointed by the president of Self Help for the Hard of Hearing, or designee.

(l) One representative of the New Hampshire Registry of Interpreters for the Deaf, appointed by the president of the New Hampshire Registry of Interpreters for the Deaf, or designee.

II. The task force members shall serve without compensation, except that legislative members of the task force shall receive mileage at the legislative rate when attending to the duties of the task force.

3 Organization; Meetings.

I. The task force shall be convened by the named member of the house of representatives, and shall hold its first meeting no later than 30 days after the effective date of this act. The task force shall meet in the facilities of the department of health and human services.

II. The task force shall meet with sufficient frequency to complete its duties, including recommendations for proposed legislation, within 4 months of the effective date of this act.

III. The department of education and health and human services shall provide administrative support, in equal measure, for the task force, including interpreter services for task force meetings.

4 Duties. The task force shall:

I. Review the structure of interpreter referral services in other states.

II. Identify the public agencies within New Hampshire that need interpreter referral services.

III. Identify potential funding sources, including user fees, public/private partnerships, and grant opportunities available from the departments of education and health and human services, that could be accessed to support an interpreter referral and resource center in New Hampshire.

IV. Facilitate the development of a private, not for profit organization to provide information, interpreter referral, and other related services.

V. Determine whether the department of education or the department of health and human services is the most appropriate agency for any requests for proposals which may be needed, and select such agency to be responsible for this process.

5 Report. The task force shall submit a report of its findings and actions, including proposals for legislation to the governor and council, the speaker of the house, the president of the senate, the chairperson of the house committee on health, human services, and elderly affairs, and the chairperson of the senate committee on public institutions, health, and human services no later than 4 months from the effective date of this act.

6 Effective Date. This act shall take effect upon its passage.

Adopted.

Report adopted and ordered to third reading.

HB 1487-FN-L, reducing the interest rate on delinquent property tax payments and subsequent tax payments. **INEXPEDIENT TO LEGISLATE**

Rep. Thomas E. Rice for Municipal and County Government: Testimony that multiple rates of interest would produce many problems for tax collectors and that the present rates seem to be a good compromise between public and private concerns persuaded the committee to ITL this bill. Vote 12-1.

Rep. Vaillancourt spoke against.

Rep. Hess spoke in favor.

On a division vote, 253 members having voted in the affirmative and 64 in the negative, the report was adopted.

HB 1433, relative to notice to abutters by the department of transportation of proposed construction projects. **INEXPEDIENT TO LEGISLATE**

Rep. John R. Cloutier for Public Works and Highways: This bill provides that the Commissioner of the Department of Transportation shall identify abutters to a proposed construction project, and provide them with notice and an opportunity to be heard prior to the initiation of such construction project. The bill also provides that prehearing notice be afforded to an owner of property abutting a construction project which may result in the loss of any portion of the owner's property, and requires the department to make restitution to such owner. The Transportation Commissioner testified in opposition to the bill. He said passage of the bill would unduly hamper his department's highway work because, among other items, the bill's use of the word "construction" is too vague and not well defined. Could the bill apply even to drainage and shoulder repairs for example? The Commissioner admitted a few problems with the department's notifying just the described abutters in the past, but that present law works well overall for the abutters, and that such problems can be resolved through its administrative procedures instead. Vote 13-0.

Rep. Alger spoke against.

Adopted.

HB 1103, relative to the number of motor vehicle dealer plates. **INEXPEDIENT TO LEGISLATE**

Rep. Robert J. Letourneau for Transportation: This bill would require that a motor vehicle dealer be given three dealer plates whether the dealer wanted them or not. During the 1997-98 legislative session the House Transportation committee rewrote the dealer plate law. One of the changes to those laws was not to "automatically" issue the dealers three plates. However, upon request and need dealers may receive as many plates as they may need. Vote 17-0.

Reps. Batchelder, Christiansen and Robertson spoke against.

Reps. Letourneau and Packard spoke in favor.

Adopted.

HB 1230, abolishing the requirement that purchasers of new motor vehicles must surrender the certificate of origin to the department of motor vehicles. **INEXPEDIENT TO LEGISLATE**

Rep. Gordon E. Bartlett for Transportation: The certificate of origin is a piece of paper that a dealer receives from the manufacturer, in essence, a certificate of ownership to the dealer. When the dealer sells that vehicle to a customer, the certificate of origin is turned over to the Department of Safety, along with a purchase title application. This is the start of the titling process. If the customer paid for the vehicle, the customer will receive a New Hampshire title. If the vehicle is financed, the title will go to the lien holder until the vehicle is paid for. Vote 17-0.

Rep. Marple spoke against.

Rep. Packard spoke in favor.

Rep. Marple requested a roll call; not sufficiently seconded.

Adopted.

HB 1266-FN, relative to classification of and standards for custom vehicles manufactured during or after 1949, and establishing special plates for such vehicles. **INEXPEDIENT TO LEGISLATE**
Rep. Robert J. Letourneau for Transportation: The committee recognizes the sponsors' good intentions in drafting this legislation. The committee researched this issue with the Department of Safety, and the results of this research concludes that this bill as written would allow any vehicle to be exempt from inspection requirements by not meeting the current criteria. This would create a new class of vehicle and would require a major overhaul of current statutes. Vote 15-0.

Rep. Francis Davis spoke to the bill.

Adopted.

SUSPENSION OF RULES

Reps. Chandler and Burling move that the Rules be so far suspended as to permit consideration at the present time, without the proper notice, of **HCR 32**, urging the President and the Secretary of Energy to release certain amounts of petroleum from the nation's petroleum reserve.

Adopted by the necessary two-thirds.

CONSIDERATION OF HCR 32

HCR 32, urging the President and the Secretary of Energy to release certain amounts of petroleum from the nation's petroleum reserve. **OUGHT TO PASS**

Rep. Margaret E. Lynott for State-Federal Relations and Veterans Affairs: New Hampshire is experiencing a shortage of heating fuel and the demand is at its' highest at this time of year. In most cases, the price has tripled over last year's. There are many working families and senior citizens that do not qualify for federal fuel assistance. The federal government has stockpiled additional petroleum in anticipation of Y2K-related shortfalls. Releasing some of this reserve would help to alleviate the supply problems in New Hampshire and hopefully bring relief to New Hampshire's families and businesses by bringing the price of fuel down. Vote 10-3.

Rep. Soltani spoke against.

Reps. Tufts and George Brown spoke in favor.

Rep. George Brown requested a roll call; sufficiently seconded.

The question being the adoption of the report.

RESOLUTION

Rep. Chandler offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Thursday, February 24, 2000 at 10:00 a.m.

Adopted.

LATE SESSION

Third reading and final passage

HB 1134, establishing a committee to study mental health care treatment under managed care plans.

HB 1318, establishing a committee to study the instability of kerosene, gasoline, diesel fuel, and home heating fuel prices.

HB 1374, extending the reporting date for the sex offender issues study committee.

HB 1283, establishing a commission on the education of the deaf and hard of hearing in New Hampshire.

HB 1362-L, relative to the reconsideration of cost apportionment within a cooperative school district.

HB 1114-FN, relative to creditable service in the retirement system for teachers in a job-sharing position.

HB 1583, increasing the education requirement for estheticians and manicurists and relative to the board of barbering, cosmetology, and esthetics.

HB 1592, relative to the display of the United States flag.

HB 1110, establishing a committee to study landlord-tenant issues.

HB 1168, establishing a committee to study the merits of limiting the use of social security numbers as identifiers.

HB 1523, relative to landlord-tenant obligations.

HB 1126, relative to repealing the prohibition on rewards for procuring employment.

HB 1124-L, relative to local building codes.

HB 1413, relative to the rights of ownership of cemetery plots or burial spaces.

HB 1143-FN, relative to renaming New Hampshire route 28 in the town of Wolfeboro as the "Gary Parker Memorial Highway."

HB 1322, relative to the regulation of certain outdoor advertising devices.

HB 1179, relative to final orders of the public utilities commission.

HB 1462, extending the report date and changing the membership and duties of the committee to study methods to promote the use of renewable energy sources.

HCR 20, urging Congress to stop the collection of certain kinds of information from patients in a home health care setting.

HCR 24, relative to integration of people with disabilities.

HB 1268-FN, relative to certain vehicle registrations.

HB 1613, exempting police officers on bicycles from certain motor vehicle laws and rules.

HB 1579-FN, establishing certain penalties for violations of the youth tobacco laws and clarifying a definition under the indoor smoking act.

HB 1464, relative to the licensing process for new health care facility construction.

HB 1607, establishing a study committee to consider legislation reducing to zero the number of mentally retarded or developmentally disabled individuals in the state who are not receiving or have not received medicaid services.

HB 1454, relative to deputy conservation officers in the fish and game department.

HB 1602-FN, establishing the New Hampshire task force on deafness and hearing loss.

HCR 32, urging the President and the Secretary of Energy to release certain amounts of petroleum from the nation's petroleum reserve.

UNANIMOUS CONSENT

Rep. Thomas moved that the remarks made by Rep. Jacobson be printed in the Journal.
Adopted.

Rep. Jacobson: Thank you, Madam Speaker. This Saturday marks the 55th Anniversary of the Battle of Iwo Jima. Last summer, I attended the 50th reunion of the survivors of Iwo Jima. They are becoming a smaller and smaller group. They all have gray hair; many of them have bald heads and some of them are paunchy. However, their spirit is strong. What they did was to honor and to give affection for those who lost their lives on Iwo Jima 55 years ago. Admiral Nimitz said at the close of the battle of Iwo Jima, "Uncommon valor was common virtue." At the 5th division cemetery, the chaplain said, "These Marines have left us but they live within us." They live within me. I'm compelled by affection for them and the honor due them to remember them in this way. They gave their lives and the smallest thing I can do is to come up here and to give those brave Marines their honor and their due for they helped preserve the liberty and freedom that we all enjoy. I was among the lucky ones because I spent 35 days there and came away still without a scratch. I must confess that my commanding officer, the late General Antonelli, said to me, "Jacobson, the only thing you did on this island was get fat." I gained five pounds eating C-rations. I don't know how many more times I'm going to do this. I don't know whether I will run again, yet. Furthermore, I've been targeted. But, it has the opposite effect on me because it stimulates my gung ho Marine spirit to get in there and fight. Thank you.

Rep. Loren Jean moved that the remarks made by Speaker Sytek be printed in the Journal.

Adopted.

Speaker Sytek: I want to give my thanks to Rep. Jacobson, as well, for reminding us every year that we are privileged to serve with people like you and other members of this House who are members of the greatest generation. We serve shoulder-to-shoulder with genuine heroes and we are proud to serve with you.

RECESS MOTION

Rep. Chandler moved that the House stand in recess for the purpose of introduction of bills, receiving Senate messages, enrolled bill amendments and enrolled bill reports, only.

Adopted.

The House recessed at 3:35 p.m.

RECESS

(Rep. Christie in the Chair)

ENROLLED BILL AMENDMENT

HB 251, relative to official ballot procedures.

Amendment (3455-EBA)

Amend RSA 40:13, VII as inserted by section 5 of the bill by replacing line 8 with the following:

RSA 669:5, 669:19, 669:30, 670:3, 670:4, 670:11, 671:15, 671:19, and 671:30 through 32; and votes on zoning

Amend RSA 40:14, XI(c) as inserted by section 7 of the bill by replacing line 4 with the following:

first and second Saturdays after the last Monday in _____, inclusive?"

Adopted.

RECESS

(Rep. Loren Jean in the Chair)

RESOLUTION

Rep. Francoeur offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, House Concurrent Resolution numbered 33, shall be by this resolution read a first and second time by the therein listed title, sent for printing, and referred to the therein designated committee.

Adopted.

INTRODUCTION OF HCR

First, second reading and referral

HCR 33, establishing a joint New Hampshire-Vermont legislative cooperative effort regarding the Connecticut river. (Burling, Sull 1; Avery, Ches 8; Nordgren, Graf. 10; Disnard, Dist 8: State-Federal Relations and Veterans Affairs)

(Rep. David Cote in the Chair)

Rep. Burnham offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, House Bill numbered 1618, shall be by this resolution read a first and second time by the therein listed title, sent for printing, and referred to the therein designated committee. Adopted.

INTRODUCTION OF HOUSE BILL**First, second reading and referral**

HB 1618, relative to requiring legislative approval for mergers, acquisitions, or restructuring of certain electric utility corporations. (Gilmore, Straf 11; D. White, Hills 25; Phinizy, Sull 7; Howard, Carr 10; Below, Dist 5; F. King, Dist 1: Science, Technology and Energy)

RECESS

(Speaker Sytek in the Chair)

Rep. Lozeau moved that the House adjourn.
Adopted.

HOUSE JOURNAL No. 8

Thursday, February 24, 2000

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by Guest Chaplain, Reverend Hays M. Junkin, Rector of Saint Andrew's Episcopal Church in Hopkinton.

Dear Creator of all that is, seen and unseen, we pause this morning for a brief moment to give thanks for New Hampshire, especially for her citizens, and for our many blessings. Each of us is unfinished, a work in progress. Please bless the work and the decisions that will be accomplished in this hallowed chamber today, so that when each vote taken finds its impact on the sidewalks of our communities and in the living rooms of our homes, it may enable each of us to live with more freedom, more thanksgiving, more awareness of our responsibilities, and with more compassion toward our neighbors. Amen.

Rep. Ronald Nowe led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. Asplund, Copenhaver, Patricia Cote, Fletcher, Garrish, LaMott, Perkins, Searles and Whittemore, the day, illness.

Reps. Bergin, Burling, Curran, Perley Davis, DePecol, Domingo, Fenton, Fraser, Glines, Grassie, Haettenschwiller, Ham, Heon, Richard Herman, Holley, Hunt, L'Heureux, Lundborn, Manning, Martel, McKinley, Dean Ouellette, Picconi, Priestley, Rodd, Rodrigue, Salatiello, Sargent, Spang and Torr, the day, important business.

Rep. Mears, the day, death in the family.

Reps. Dawe and Goulet, the day, illness in the family.

INTRODUCTION OF GUESTS

Karen Baetzel, guest of Rep. Shultis. Tom Veinote, guest of the Pembroke-Allentown Delegation. Mike Flynn and Matt Lathrop, guests of Rep. Daniels.

SPECIAL GUESTS

The Women's Soccer Team from Franklin Pierce College in Rindge, guests of the House.

SENATE MESSAGES

REQUESTS CONCURRENCE WITH AMENDMENT

HB 97, relative to the right to farm (Amendment printed SJ 2/10/00)

Rep. Musler moved that the House nonconcur and request a Committee of Conference.

Adopted.

The Speaker appointed Reps. Babson, Kenneth Marshall, Patten and Phinizy.

NONCONCURS WITH AMENDMENT

REQUESTS COMMITTEE OF CONFERENCE

SB 135-FN, relative to water supply land protection grants.

The President appointed Sens. Russman, Johnson and Pignatelli.

Rep. Royce moved that the House accede.

Adopted.

The Speaker appointed Reps. Royce, Whalley, Downing and Stone.

COMMITTEE REPORTS

CONSENT CALENDAR

Rep. Chandler moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

HB 1234, relative to a special commission allowing non-ordained ministers residing out of state to perform marriages in New Hampshire, removed by Rep. Marsha Pelletier.

HB 1418-FN-L, relative to mercury-containing products, removed by Rep. Musler.

HB 1578-FN-A, relative to the joint promotional program and making an appropriation therefor, removed by Rep. Avery.

HCR 28, requesting the New Hampshire supreme court to rule on whether part first, article 6 and part second, article 83 of the New Hampshire constitution are in conflict, removed by Rep. Bruno.

HB 1173-L, relative to the optional veterans' tax credit, removed by Rep. Twardus.

HB 1355-FN-A, authorizing funding for a hydrodynamic study of the Hampton/Seabrook harbor and estuarine system, removed by Rep. Edwin Smith.

HB 1350, relative to interbasin and interstate transfers of water, removed by Rep. Jane Wood. Consent Calendar adopted.

HB 1181, establishing a study committee to examine the costs of private adoption. **INEXPEDIENT TO LEGISLATE**

Rep. Andre A. Martel for Children and Family Law: This bill was well intended for the study to examine the costs of private adoption. After much discussion about the purpose of the bill the majority voted to ITL the bill because it would be almost impossible to comprehend the real costs of a private adoption. In addition, many of the costs of private adoption are covered under RSA 170-B:10-a, effective January 1, 1997. Vote 12-0.

HB 1237, relative to crediting time in counseling sessions toward a waiver from attendance at the child custody and support impact seminar. **INEXPEDIENT TO LEGISLATE**

Rep. Edward P. Moran for Children and Family Law: Parental animosity, custody litigation and child support problems have damaging long-term impact on children of divorce. The court has developed, with considerable expert input, child impact seminars that educate parents, using comprehensive, standardized information, on the effects of divorce on children, child support and custody suits. Counseling sessions, while probably advisable and constructive, offer no guarantee of providing a parent the same extensive base for understanding the consequences of divorce to the children. The New Hampshire Psychological Association opposes this legislation as not being in the best interest of children. Vote 12-0.

HB 1371, relative to allocation and distribution of incentive funds for juvenile diversion and abuse and neglect prevention programs. **OUGHT TO PASS WITH AMENDMENT**

Rep. Mary Stuart Gile for Children and Family Law: This bill establishes statutory criteria for the allocation and distribution of incentive funds used for developing child abuse and neglect prevention programs, court diversion, and other alternative disposition programs for juveniles. The bill addresses programs, procedures for publishing applications, and defines the selection committee membership. It further creates a process whereby incentive funds not allocated, and not encumbered, shall be reallocated using clearly defined procedures. Lastly, it provides a formula for distribution of funds and outlines requirements for recipients of funds to demonstrate quality assurance according to specific criteria. Vote 13-0.

Amendment (3387h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to allocation and distribution of funds for community-based prevention and diversion programs for children and juveniles.

Amend the bill by replacing all after the enacting clause with the following:

1 Statement of Purpose. The purpose of this act is to encourage counties, cities, and towns to develop prevention and court diversion programs, and other programs for children and juveniles that provide alternatives to placement outside of the home. The general court hereby finds that the clearest purpose and most efficient administration of these programs shall be necessary to serve the best interest of the children and juveniles involved.

2 New Paragraph; Services for Children, Youth, and Families; Distribution Procedures for Incentive and Court Diversion Funds Amended. Amend RSA 170-G:4 by inserting after paragraph XVI the following new paragraph:

XVI-a.(a) Distribute funds, pursuant to RSA 170-G:4, XVI, to each county in the state for community-based prevention programs, diversion programs, and other programs for children and juveniles which provide alternatives to placements outside of the home. Such funds shall be allocated by the county selection committee established in each county.

(b) Each county selection committee shall be comprised as follows:

(1) Three county commissioners, or their designees.

(2) Three representatives of the department, appointed by the commissioner.

(3) One member of the house of representatives from the county, appointed by the chairperson of the county delegation, or designee.

(4) One human services professional who resides in the county who is not employed by the county or by the department, appointed by the county selection committee.

(c) The decision of each county selection committee regarding allocation of funds shall be made in consultation with the county commissioners. The county commissioners shall submit a report no later than December 31 of each year detailing the disposition of funds allocated under this paragraph. If the county commissioners make any changes in the allocation of funds distributed under this paragraph, they shall submit written notice to the department describing the change no later than 10 business days from the date of the change.

(d) The commissioner shall adopt rules, pursuant to RSA 541-A, relative to:

(1) Procedures for operations and reporting requirements for county commissioners and county selection committees which conform to the provisions of this paragraph.

(2) Criteria for selection of recipients of funds.

(3) Procedures and reporting requirements for recipients of funds which conform to the provisions of this paragraph.

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill establishes statutory criteria for the allocation and distribution of funds used for developing community-based prevention and diversion programs for children and juveniles.

Referred to Executive Departments and Administration.

HB 1463, making technical corrections related to the mental health system and guardianship hearings. **OUGHT TO PASS WITH AMENDMENT**

Rep. Andre A. Martel for Children and Family Law: This bill assures that, in an involuntary commitment, the patient's attorney will receive a copy of the psychiatrist's report the day before the hearing rather than on the day of the hearing. It further allows for adolescents to be physically located in another building at the state hospital though both facilities shall be known as the Anna Philbrook Center. Should confidentiality be breached by any member of an interdisciplinary committee designated by the governor to review child fatalities or traumatic fatal injuries then said member shall be guilty of a violation. Vote 12-0.

Amendment (3493h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Disclosure of Certain Information. Amend RSA 135-C:19-a by inserting after paragraph II the following new paragraph:

III. Notwithstanding RSA 329:26 and RSA 330:32, a community mental health program or state facility may disclose to an interdisciplinary committee designated by the governor to review child fatalities, information which is relevant to a case of suicide or traumatic fatal injury under review by such committee. Information to be disclosed pursuant to this paragraph shall be limited to the diagnosis and course of treatment of the child or of the person who caused the fatality. Information disclosed pursuant to this paragraph shall remain confidential and shall not be subject to discovery, subpoena, or admission into evidence in any judicial or administrative proceeding. Any person who willfully rediscloses confidential information provided to a committee designated by the governor to review child fatalities shall be guilty of a violation.

2 Copies; Clarification. Amend RSA 135-C:41 to read as follows:

135-C:41 Recommendations; Copy to Person. No later than on the day ~~of~~ *before* the hearing, 2 copies of the report prepared pursuant to RSA 135-C:40 shall be made available to the person sought to be admitted and to his *or her* attorney.

3 Technical Change. Amend the introductory paragraph of RSA 135-C:64 to read as follows:

135-C:64 Philbrook Center; Purpose. The commissioner shall maintain as part of New Hampshire hospital ~~[the institution]~~ *services for children and adolescents in one or more facilities on the New Hampshire hospital campus which shall be* known as the Anna Philbrook center. ~~[for~~

~~purposes which~~ *All services for children and adolescents at New Hampshire hospital shall be appropriate for each child's developmental stage and shall address the educational, supervisory, and clinical needs of each child. The purposes of child and adolescent services shall include but not be limited to:*

4 Reference Addition. Amend RSA 329:26 to read as follows:

329:26 Confidential Communications. The confidential relations and communications between a physician or surgeon licensed under provisions of this chapter and the patient of such physician or surgeon are placed on the same basis as those provided by law between attorney and client, and, except as otherwise provided by law, no such physician or surgeon shall be required to disclose such privileged communications. Confidential relations and communications between a patient and any person working under the supervision of a physician or surgeon that are customary and necessary for diagnosis and treatment are privileged to the same extent as though those relations or communications were with such supervising physician or surgeon. This section shall not apply to investigations and hearings conducted by the board of medicine under RSA 329, any other statutorily created health occupational licensing or certifying board conducting licensing, certifying, or disciplinary proceedings or hearings conducted pursuant to RSA 135-C:27-54 *or RSA 464-A*. This section shall also not apply to the release of blood samples and the results of laboratory tests for blood alcohol content taken from a person who is under investigation for driving a motor vehicle while such person was under the influence of intoxicating liquors or controlled drugs. The use and disclosure of such information shall be limited to the official criminal proceedings.

5 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill makes certain technical corrections, including allowing disclosure of certain information to certain committees investigating child fatalities.

Referred to Finance.

HB 1562-FN, establishing criminal penalties for violations of orders of protection under the child protection act. **OUGHT TO PASS WITH AMENDMENT**

Rep. Barbara H. Richardson for Children and Family Law: This bill deals with persons unable to control abusive behavior despite the issuance of orders of protection. When positive efforts to provide safe, supportive environments for children and families fail, those who violate orders of protection must be held accountable. Vote 12-0.

Amendment (3509h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Violations of Protective Order. Amend RSA 169-C by inserting after section 21 the following new section:

169-C:21-a Violation of Protective Order; Penalty.

I.(a) When a person subject to a protective order under RSA 169-C:16, I(d)(1) or RSA 169-C:19, II(a)(1) violates either a temporary or permanent protective order issued or enforced under this chapter, peace officers shall arrest the defendant and ensure that the defendant is detained until arraignment. Such arrests may be made within 6 hours without a warrant upon probable cause, whether or not the violation is committed in the presence of a peace officer.

(b) Subsequent to an arrest, the peace officer shall seize any firearms and ammunition in the control, ownership, or possession of the defendant and any deadly weapons which may have been used, or were threatened to be used, during the violation of the protective order. The law enforcement agency shall maintain possession of the firearms, ammunition, or deadly weapons until the court issues an order directing that the firearms, ammunition, or deadly weapons be relinquished and specifying the person to whom the firearms and ammunition or deadly weapons will be relinquished.

II. The prosecution and sentencing for criminal contempt for a violation of a protective order shall not preclude the prosecution of or sentencing for other criminal charges underlying the contempt.

III. A person shall be guilty of a class A misdemeanor if such person knowingly violates a protective order issued under this chapter. Charges made under this chapter shall not be reduced to a lesser charge, as permitted in other instances under RSA 625:9.

IV. Any person convicted under paragraph III, or who has been convicted in another jurisdiction of violating a protective order enforceable under the laws of this state, who, within 6 years of such conviction or the completion of the sentence imposed for such conviction, whichever is later, subsequently commits and is convicted of one or more offenses under this chapter may be charged with an enhanced penalty for each subsequent offense as follows:

(a) There shall be no enhanced charge under this section if the subsequent offense is a class A felony or an unclassified felony;

(b) If the subsequent offense would otherwise constitute a class B felony, it may be charged as a class A felony;

(c) If the subsequent offense would otherwise constitute a class A misdemeanor, it may be charged as a class B felony;

(d) If the subsequent offense would otherwise constitute a class B misdemeanor, it may be charged as a class A misdemeanor;

(e) If the subsequent offense would otherwise constitute a violation, it may be charged as a class B misdemeanor.

2 Effective Date. This act shall take effect January 1, 2001.

AMENDED ANALYSIS

This bill makes violations of protective orders where a stay away order has been issued under the child protection act class A misdemeanors, and provides sentencing provisions for subsequent related offenses.

Referred to Criminal Justice and Public Safety.

HB 1565-FN, relative to defining certain forms of psychological injury in the child protection act. **INEXPEDIENT TO LEGISLATE**

Rep. David A. Bickford for Children and Family Law: The issue of psychological injury is of great concern to the committee. The goal of the bill is to refine the definition of psychological injury. The current definition in statute is too vague and open to misinterpretation. However, the committee felt the bill fell short of its goal. The sponsors agreed to take it back and rework it. Vote 12-0.

HB 1595-FN, establishing a committee to study issues relating to foster parenting and establishing a transitional housing pilot program for certain children living in foster care. **INEXPEDIENT TO LEGISLATE**

Rep. Thomas I. Arnold, Jr. for Children and Family Law: The bill proposes a statutory committee to study foster parenting and establish a transitional housing program. The policy committee felt that these matters are within the scope of the existing statutory committee examining the entire field of foster care. A transitional housing pilot program is about to start utilizing grant funds obtained by DCYF. Vote 15-0.

HB 1184, relative to minimum participation requirements for small employers. **REFER FOR INTERIM STUDY**

Rep. Sheila T. Francoeur for Commerce: The committee felt that the subject matter of this bill concerning minimum participation requirements for small employers would be addressed in HB 1183, relative to consumer access to providers for the term of the consumer's health benefit plan. Vote 13-0.

HB 1545-FN-A, relative to the sale of furniture and bedding. **REFER FOR INTERIM STUDY**

Rep. Stephen G. Avery for Commerce: The bill, as originally written, would only apply to furniture and bedding manufactured in the State of New Hampshire. The State Fire Marshal's Office is working on a voluntary program which would include 1) a labeling system that meets an appropriate "smoldering ignition" standard, 2) brochures promoting fire safe furniture, 3) training for retailers and sales personnel, 4) public service announcements in conjunction with the NH Fire Chiefs Association and the NH State Fire Marshal's Office, and 5) a joint effort between the state's furniture and bedding retailers and the state's fire protection community to put pressure on out-of-state manufacturers to adopt a comprehensive reliable upholstered furniture fire safety standard at the national level. Vote 13-0.

HB 1140, establishing a committee to study the department of corrections. **REFER FOR INTERIM STUDY**

Rep. William V. Knowles for Criminal Justice and Public Safety: The committee would like to study the concerns presented in this legislation since it is our responsibility to oversee the Department of Corrections. After our study by the full committee, we will then be in a position to make recommendations about any specific area of concern we may have a study committee with a more narrow focus than the present bill defines. Vote 17-0.

HB 1249, providing that critical incident reviews conducted by the department of corrections are privileged and protected from discovery in any proceeding. **INEXPEDIENT TO LEGISLATE**

Rep. Everett A. Weare for Criminal Justice and Public Safety: The right to know law is the basic tool and key in the fair and open conduct of the government's operations and business. To exempt any part of reviews or investigations from discovery leads to the public's distrust and lack of confidence in fair and open governmental operations. There is nothing that prohibits any agency from conducting investigations of serious incidents free from the interference of the general public but the results of such investigations should be made public upon completion. This bill would grant to the commissioner of corrections the privilege to release only the facts and information that he or she desired to release in critical incident investigations. All the rest of the facts and information would be exempt from discovery. Vote 14-1.

HB 1296, establishing a committee to study the education and training curriculum developed by the police standards and training council. **INEXPEDIENT TO LEGISLATE**

Rep. John E. Tholl, Jr. for Criminal Justice and Public Safety: The prime sponsor raised several issues that she felt should be included in the police academy training. During testimony, it was discovered that all of the issues were already included in the current curriculum. The committee felt that since all of the sponsor's concerns were already being addressed that any refresher or additional training be covered during the mandatory yearly training required by police standards and training. For this reason the bill was voted inexpedient to legislate. Vote 16-1.

HB 1382-FN, making it a felony for inmates to harass corrections personnel and others by propelling bodily fluids. **OUGHT TO PASS WITH AMENDMENT**

Rep. John E. Tholl, Jr. for Criminal Justice and Public Safety: This bill, as amended, simply includes the throwing of bodily fluids at corrections officers or other personnel in RSA 642:9. Under RSA 642:9, an assault by an inmate that would constitute simple assault is already a class B felony. The throwing of blood, seminal fluid, urine or feces would now be specifically addressed in law. There is the possibility of infectious disease such as HIV, hepatitis or other disease being contracted by the individual struck by these fluids or material. There were several examples of incidents (4 in the past year) when corrections officers were struck with this material in areas of the anatomy that not only were offensive but potentially put the lives and health of the officers at risk. Vote 16-0.

Amendment (3482h)

Amend the bill by replacing all after the enacting clause with the following:

I Assaults by Prisoners. Amend RSA 642:9, II-IV to read as follows:

II. An inmate is guilty of aggravated assault on a corrections staff member when, with intent to harass, threaten, or alarm a person whom the inmate knows or reasonably should know to be an employee of such facility, or an employee of the department of corrections, or an employee of any law enforcement agency, the inmate causes or attempts to cause such employee to come in contact with blood, seminal fluid, urine, or feces by throwing or expelling such fluid or material.

[H:] **III. For the purposes of this section:**

(a) "Official custody" means custody in a penal institution or other confinement by an order of a court.

(b) "Inmate" means an offender, as defined in RSA 21-H:2, VII, a person in pretrial confinement, or any person incarcerated in a local detention facility.

(c) "Facility" means a correctional facility or local correctional facility hospital, operated by the department of corrections.

[H:] **IV.** The offense is a class B felony if it is an aggravated assault as defined in paragraph II, or if the offense committed is simple assault as defined under RSA 631:2-a unless committed in a fight entered into by mutual consent, in which case it is a misdemeanor. The offense is a class A felony if the offense committed is first degree or second degree assault as defined under RSA 631:1 or RSA 631:2.

[H+] V. If a person is convicted of the offense of assault under this section, the term of imprisonment authorized by RSA 651:2, II or RSA 651:6 shall be consecutive to and not concurrent with any other sentence to be served.

2 Effective Date. This act shall take effect January 1, 2001.

HB 1429, relative to requirements for personnel employed in state corrections facilities which are operated by private entities. **INEXPEDIENT TO LEGISLATE**

Rep. Maxwell D. Sargent for Criminal Justice and Public Safety: The committee felt that it is not wise to impose such restrictions on the theoretical premise that some correctional facility might, at sometime in the future, be operated by a private entity. If the privatization should come up for serious discussion that would be the time to discuss the status of the prospective employees for that institution. Vote 12-3.

HB 1480, making consent a defense under the sexual assault laws. **INEXPEDIENT TO LEGISLATE**

Rep. Beth Rodd for Criminal Justice and Public Safety: This bill seeks to clarify that consent is a defense under the sexual assault laws. According to the sponsor, current legislation is confusing. Many people from various agencies testified that the current statute is clear. In addition, it was noted that consent is always a valid defense. The committee felt that the current statute relating to consent reasonably and judiciously addresses sexual assault laws. Vote 16-1.

HB 1493-FN, increasing minimum prison terms for felons. **INEXPEDIENT TO LEGISLATE**

Rep. William V. Knowles for Criminal Justice and Public Safety: Currently a person convicted of a felony, an element of which is the possession, use or attempted use of a firearm, may be sentenced for a maximum term of 20 years imprisonment in lieu of any other sentence prescribed for the crime. This legislation would increase the minimum mandatory sentence from 3 years to 5 years for a first offense and from 6 years to 10 years imprisonment if such person has been previously convicted of any state or federal offense with a penalty in excess of one year and an element of which was the possession, use or attempted use of a firearm. The legislation also imposes a minimum mandatory sentence of 20 years in prison if the firearm is discharged during the commission of a felony and if death or serious bodily injury occurs, the sentence would be 25 years to life imprisonment. Mandatory sentencing takes away the discretion of the court, which on many occasions is sterner than the mandatory sentence. Vote 13-3.

HB 1494-FN, establishing a penalty for attempt to purchase a firearm illegally. **OUGHT TO PASS WITH AMENDMENT**

Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: This bill makes it a class A misdemeanor for a first offense and a class B felony for a subsequent offense of attempt to purchase a firearm when the person knows the purchase is illegal because he or she is subject to a protective order. Vote 14-0.

Amendment (3394h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing penalties for attempts to purchase firearms illegally.

Amend the bill by replacing section 1 with the following:

1 New Section; Penalties for Attempts to Purchase Firearms Illegally. Amend RSA 159-D by inserting after section 2 the following new section:

159-D:3 Penalties for Attempts to Purchase Firearms Illegally. A person who completes and signs an application for purchase of a firearm and who knows that such purchase is illegal because he or she is subject to a protective order shall be guilty of a class A misdemeanor for a first offense and a class B felony for a second or subsequent offense.

AMENDED ANALYSIS

This bill makes it a class A misdemeanor for a first offense and a class B felony for a subsequent offense for a person to attempt to purchase a firearm when such person knows the purchase is illegal because he or she is subject to a protective order.

HB 1503, establishing a study committee to review the state's current parole and probation procedures. **REFER FOR INTERIM STUDY**

Rep. Maxwell D. Sargent for Criminal Justice and Public Safety: The committee recognizes that it is worthwhile to look at some aspects of the parole and probation procedures. Rather than recommend ought to pass, however, the committee prefers to keep the bill, look further into the issues as a whole, and sharpen the focus before creating a chaptered study committee. Vote 16-1.

HB 1529-FN, establishing criminal penalties for aggressive driving (road rage). **INEXPEDIENT TO LEGISLATE**

Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: This bill creates a new section in our statutes titled "Aggressive Driving – Road Rage". Our committee felt this was not necessary because everything addressed in the bill is already a violation of our laws or in the case of the training and education programs referred to in Paragraph II, the court already has the power to require the attendance at those programs. So in effect, our "Road Rage" statute is already on the books as reckless operation. To strengthen this statute, we increased the maximum fine from \$500 to \$1,000 in HB 713, which the House already passed. Vote 13-0.

HB 1531, relative to the preemption of local regulations of firearms. **OUGHT TO PASS**

Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: This proposal would prohibit political subdivisions from creating a patchwork quilt of local restrictions on firearms. State statutes on firearms are not all encompassing and the committee was of the opinion that only the general court should oversee the regulation of firearms in New Hampshire. Vote 13-0.

HB 1554-FN, prohibiting knowingly remaining in a place where alcoholic beverages or controlled drugs are unlawfully possessed. **INEXPEDIENT TO LEGISLATE**

Rep. Beth Rodd for Criminal Justice and Public Safety: This bill would make it a crime punishable as a misdemeanor for a second offense to knowingly remain in a place where liquor or controlled drugs were illegally possessed. Legislation several years ago removed the prohibition against being knowingly present when a controlled drug was present. This bill would not only reinstate that penalty but extend it to alcohol as well. The committee felt that enforcement, especially concerning alcohol, would be difficult and result in confusion and problems with prosecution. Vote 16-0.

HB 1188-FN-L, relative to alternative kindergarten programs. **OUGHT TO PASS WITH AMENDMENT**

Rep. John R. Alger for Education: This bill as amended, simply adds another means for school districts to provide kindergarten through contracting with a privately owned kindergarten which is required to meet the same standards and requirements as a publicly owned kindergarten. Also, any district offering kindergarten is required to offer it to all eligible children in that district. This alternative will help some districts offer kindergarten. Vote 12-0.

Amendment (3432h)

Amend RSA 198:48-a, I-III as inserted by section 1 of the bill by replacing it with the following:

I. A school district that currently does not operate a kindergarten program within an approved public school maintained by the local district or currently does not contract with another established public kindergarten program for the education of its resident kindergarten pupils, may submit to the commissioner of the department of education a local plan for an alternative kindergarten program based upon contractual arrangements with one or more nonpublic, non-sectarian schools or facilities. An alternative kindergarten program shall be:

- (a) Offered immediately preceding the other elementary grades.
- (b) Designed primarily for 5-year-olds.
- (c) Available at district expense to all kindergarten-aged children who reside in the district.

II. An alternative kindergarten program shall satisfy the same criteria established for public kindergarten programs in the New Hampshire standards for school approval.

III. A local plan for an alternative kindergarten program shall be approved by the school board and the legislative body of the district. A local plan for an alternative kindergarten program shall be submitted to the commissioner of the department of education at times established by the commissioner.

Amend RSA 198:48-a, VII and VIII as inserted by section 1 of the bill by replacing them with the following:

VII. In the first year of its operation, an adequate education grant of \$750 per pupil shall be distributed to school districts, from the education trust fund created in RSA 198:39, for the education of its resident kindergarten pupils enrolled in an approved alternative kindergarten program established pursuant to RSA 198:48-a.

VIII. Notwithstanding the provisions of this section, alternative kindergarten programs which were approved and in effect prior to April 29, 1999 may continue to operate and shall continue to receive per pupil adequate education grant amounts in accordance with RSA 198:40 through RSA 198:42.

AMENDED ANALYSIS

This bill inserts provisions regarding the establishment of an alternative kindergarten program within a school district, and provides that school districts operating an approved alternative kindergarten program shall be eligible to receive adequate education grant distributions. This bill also provides that alternative kindergarten programs which were approved and in effect prior to April 29, 1999 may continue to operate and receive per pupil adequate education grant amounts pursuant to RSA 198:40 through 198:42.

Referred to Finance.

HB 1303, establishing the freedom of education act. INEXPEDIENT TO LEGISLATE

Rep. Perley E. Davis for Education: This bill provides that no parent or other person shall be compelled to support any educational function of a religious nature, whether public or private. It also states that the general court found that in 1961, the United States Supreme Court proclaimed (in a footnote) that secular humanism is found to be among the religions in this country, and that the principles of secular humanism are promulgated in the curriculum and policy of the public schools of this state. The committee disagrees with the intent and direction of this legislation. Vote 16-0.

HB 1258-FN, relative to invasive plant, insect, and fungal species. OUGHT TO PASS WITH AMENDMENT

Rep. Leighton C. Pratt for Environment and Agriculture: The purpose of this bill is to recognize the adverse environmental and economic effects of invasive plants, insects and fungal species upon the state, and to promote research and educational activities dealing with invasive species. Vote 16-0.

Amendment (3231h)

Amend the bill by replacing section 2 with the following:

2 Effective Date. This act shall take effect upon its passage.

HB 1344-FN, expanding the used oil program. OUGHT TO PASS

Rep. Peter R. Leishman for Environment and Agriculture: The committee feels this is an excellent bill that will permit private facilities to receive grants under the existing used oil collection program. Presently, political subdivisions and other government entities are eligible to receive grants not to exceed \$2,500 annually to establish or improve used oil collection facilities. Combined with the on-going educational effort, these additional used oil collection facilities will produce significant environmental and health benefits for years to come. Vote 17-0.

Referred to Finance.

HB 1416-FN, establishing a brownfields cleanup revolving loan fund. OUGHT TO PASS

Rep. David M. Scanlan for Environment and Agriculture: This bill gives the state of New Hampshire authority to participate in the federally funded brownfields cleanup revolving loan fund. The federal funds will be administered by the Commissioner of the Department of Environmental Services. Vote 17-0.

HB 1423-L, relative to regulation of junk yards. REFER FOR INTERIM STUDY

Rep. John S. Cobb for Environment and Agriculture: Due to the difficulty with the definition of "junk yard" in relationship to other RSAs, the committee recommends refer for interim study. Vote 14-0.

HB 1115-FN, relative to purchasing credit for prior service for certain employees in the retirement system. INEXPEDIENT TO LEGISLATE

Rep. Ray F. Langer for Executive Departments and Administration: The practice has been that a member may or may not buy back prior service within 5 years. A letter was sent out to members

approaching the five years and the retirement system received adverse comments. It was felt that if it was the consensus that 5 years was not desired, it was not practical to remove this limitation and make any payment be completed in full whenever a retiree desired to do so. If the 5-year limitation is removed, it makes the retirement system liable for picking up this retirement at any time. Vote 16-0.

HB 1380-FN, relative to compensation for time lost by state law enforcement officers injured in the line of duty. REFER FOR INTERIM STUDY

Rep. Ray F. Langer for Executive Departments and Administration: This bill provided a means for fish and game personnel to recover lost time if injured by a hostile act. It also revised the conditions currently referencing state police officers in the same situation. It was argued that the same coverage be extended to all state employees and this extension created major problems that could not be solved within the available time frame. The vote was to place the bill in interim study. Vote 13-1.

HB 1437-FN, relative to ayurvedic health care practice. REFER FOR INTERIM STUDY

Rep. Maurice E. Goulet for Executive Departments and Administration: Testimony during the public hearing revealed that no state licenses ayurvedic health care practitioners. ED&A has handled numerous bills relating to alternative or complimentary health practices. There are other approaches rather than to establish a specific board for individual practice and the committee would like the time to review them. Vote 15-0.

HB 1501, relative to public notice of all administrative rulemaking meetings. INEXPEDIENT TO LEGISLATE

Rep. William R. Zolla for Executive Departments and Administration: The committee felt that the agenda of items to be addressed in rulemaking meetings were already being noticed on the rulemaking register as well as on the state website (Webster) and this bill would only be a duplication of effort. Vote 14-0.

HB 1549-FN, relative to cost of living adjustments for certain retired members of the New Hampshire retirement system. REFER FOR INTERIM STUDY

Rep. Ray F. Langer for Executive Departments and Administration: The bill, as written, provides double COLAS for retirees or beneficiaries who earn a benefit less than \$8,400. There were so many questions that were unanswered that the committee agrees that it should be studied further. Vote 12-2.

HB 1550-FN, establishing a bureau of tax law in the department of justice and transferring department of revenue administration hearing officers to the bureau. INEXPEDIENT TO LEGISLATE

Rep. Michael O'Neil for Executive Departments and Administration: The committee believes that the current tax law appeals process within the Department of Revenue Administration is functioning in a fair and efficient manner. This legislation would set a precedent of moving hearings from departments and agencies by transferring the function to the Department of Justice. The committee does not believe this to be in the best interest of the state. Furthermore, the cost associated with transferring this function would require a \$250,000 increase in the operating budget for FY 2001 and 2002. Vote 15-0.

HB 1558-FN-L, relative to payment of group health insurance premiums for eligible retired members of the retirement system. REFER FOR INTERIM STUDY

Rep. Merton S. Dyer for Executive Departments and Administration: This bill is similar to SB 415-FN, now under consideration in the senate. The senate bill is more comprehensive than this bill but interim study will allow the ED&A committee to keep this as an open subject within the committee. Vote 17-0.

HB 1559-FN, establishing the division of ports and harbors within the department of transportation and transferring all functions, powers, and duties of the New Hampshire state port authority. OUGHT TO PASS WITH AMENDMENT

Rep. Michael O'Neil for Executive Departments and Administration: This bill, as amended, sets up a study committee to look at all facets of the New Hampshire port authority. The purpose of the study is to examine the operations and organizational structure of the authority. In addition, the committee will review the duties; functions and responsibilities of the authority to ensure the needs of the entire state economy are being addressed by the state port authority. Vote 14-0.

Amendment (3466h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study the organization and functions of the New Hampshire state port authority.

Amend the bill by replacing all after the enacting clause with the following:

1 Committee Established. There is established a committee to study the New Hampshire state port authority.

2 Membership and Compensation.

I. The members of the committee shall be as follows:

(a) Four members of the house of representatives, appointed by the speaker of the house.

(b) Three members of the senate, appointed by the president of the senate.

II. The committee shall solicit advice and input from individuals or organizations with expertise deemed relevant in assisting the committee in the performance of its duties including, but not limited to, the commissioners of the departments of transportation and resources and economic development, and the director of the Pease development authority.

III. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

3 Duties. The duties of the committee shall be as follows:

I. To study the operations of the existing New Hampshire state port authority.

II. To review the best possible organizational structure for the port authority for serving the needs of the entire state.

III. To study the functions, duties, and responsibilities of the New Hampshire state port authority and any other issue which the committee deems relevant to its purpose and objectives.

4 Chairperson; Quorum. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Four members of the committee shall constitute a quorum.

5 Report. The committee shall file an interim report, which shall include its findings to date and an outline of proposed action or legislation to the speaker of the house of representatives, the senate president, the senate clerk, the house clerk, the governor, and the state library on or before November 1, 2000. The committee shall file its final report, which shall include its final findings and recommendations for proposed legislation, to the speaker of the house of representatives, the senate president, the senate clerk, the house clerk, the governor, and the state library on or before November 1, 2001.

6 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a committee to study the organization and functions of the New Hampshire state port authority.

HB 1584-FN, relative to the licensing and regulation of child day care agencies. **INEXPEDIENT TO LEGISLATE**

Rep. Nancy C. Stickney for Executive Departments and Administration: This bill would move the responsibility for supervising child day care licensing and monitoring from Health and Human Services to the Department of Education. The committee believes that the Department of Health and Human Services is providing the appropriate mix of incentive and enforcement. No information was presented which would suggest that the public would be better served by moving the responsibility to the Department of Education. Vote 16-0.

HB 1128, allowing enhanced 911 funds to be used for certain uniform costs. **INEXPEDIENT TO LEGISLATE**

Rep. Margaret A. Lynch for Finance: One cent (\$.01) of the PUC surcharge of forty-two cents (\$.42) per telephone line is dedicated to the support of the 911 system. The legislation establishing the 911 system specifically prohibited monies from this surcharge to be used for "...the purchase of uniforms or such similar wear or fashions." This bill would eliminate that prohibition. While the immediate anticipated expense is negligible (\$25,000), there is a definite anticipation that this expense would continually increase. During the public hearing, the original discussion centered on

"T-shirts," but grew to anticipate the possible purchase of jackets, as well as outerwear. It is the position of the majority on Finance that it is inappropriate to assess a surcharge on the public for anything other than the actual operation of the 911 emergency response system, as originally established. Vote 22-1.

HB 1178, relative to using state funds for changing the name of a state agency or department. **INEXPEDIENT TO LEGISLATE**

Rep. Joseph E. Stone for Finance: The intent of this bill was to avoid costs of name changes in state agencies during the present fiscal constraints. The committee determined that the legislature would have to agree to any name change, so the bill does not appear to be necessary. Vote 22-2.

HB 1199, establishing a study committee on funding for affordable housing. **OUGHT TO PASS WITH AMENDMENT**

Rep. Steve Vaillancourt for Finance: There was little question as to the need for more affordable housing and the need to study the dimensions of the problem. The amendment does two things. It expands the composition of the committee, three House and three Senate members, by noting that knowledge and expertise of relevant state agencies, local public housing authorities and regional and community-based organizations should be sought. Only the House and Senate members will be voting members of the committee. Also the amendment eliminates the specific suggestion that the study committee consider a surcharge on the real estate transfer tax as a possible source of funding for affordable housing. Since this tax was doubled last year, Finance did not feel it should be singled out as a funding source. Nothing would prevent the study committee from looking at that or any other funding source. Findings and recommendations for proposed legislation from the study committee are due November 1, 2000. Vote 23-1.

Amendment (3414h)

Amend the bill by replacing section 3 with the following:

3 Duties.

I. The committee shall assess the dimensions of the affordable housing crisis, drawing on the knowledge and experience of relevant state agencies such as the office of state planning, the department of resources and economic development, the New Hampshire housing finance authority, the community development finance authority, and the department of health and human services; and the expertise of local public housing authorities and regional and community-based organizations involved in the provisions of affordable housing, as well as entities such as the continuum of care and the emergency shelter and homeless coordination commission.

II. The committee shall review obstacles and potential solutions that will expand and improve the supply of affordable housing.

HB 1504, relative to submission of biennial budget estimates by agencies. **OUGHT TO PASS**

Rep. Margaret A. Lynch for Finance: This bill repeals the definition of maintenance expenditure relating to the submission of budget estimates by agencies. This action will allow flexibility for the governor to present his or her priorities in the biennial budget process. Implementation of this legislation has no fiscal impact. Vote 22-1.

HB 1155, excepting for-profit blood suppliers from limitations on strict liability. **INEXPEDIENT TO LEGISLATE**

Rep. Joseph P. Manning for Health, Human Services and Elderly Affairs: The prime sponsor requested that the original bill be replaced with an amendment requiring the testing of blood for hepatitis C virus. Blood and its components are traded interstate and are routinely tested under federal guidelines. The committee saw no need to duplicate. Both the amendment and the original bill were found Inexpedient to Legislate. Vote 16-0.

HB 1215, establishing a committee to study school nurse certification. **INEXPEDIENT TO LEGISLATE**

Rep. Barbara C. French for Health, Human Services and Elderly Affairs: The committee feels the subject of the bill is very important. However, it is believed that it would be difficult to have a study committee this year. The committee requests that the prime sponsor form an ad hoc committee to consider the subject and develop plans or legislation for next session. Vote 16-0.

HB 1441-FN-A-L, relative to establishing a pilot welfare-to-work program in rural communities and making an appropriation therefor. **INEXPEDIENT TO LEGISLATE**

Rep. Marion L. Copenhaver for Health, Human Services and Elderly Affairs: There was an amendment offered that removed the fiscal impact and reduced the scope of the pilot project. This amendment was defeated by a 8-9 vote. Although it was defeated, the committee felt it is a worthwhile program that can be replicated by other communities. Health and Human Services indicated an interest in this approach. However, the committee recommends that the issue be addressed by net-working through the various agencies and organizations dealing with the hardcore unemployed without the formality of another study committee. Vote 16-0.

HB 1445, establishing a study committee to examine replacement of the current administrative office of the courts with an independent administrative office of the courts. **INEXPEDIENT TO LEGISLATE**

Rep. James W. Craig for Judiciary: This bill seeks to establish a committee to study the feasibility of replacing the current administrative office of the courts (AOC) with one that would be independent from the supreme court. The committee felt that the suggestion cannot be feasible because the N.H. Constitution requires that the supreme court "shall be the administrative head of all the courts" [Part II, Art 73-a]. The committee also felt that there was no practical way for such a body to be independent of the supreme court and, therefore, there is no need to study the issue. Vote 14-1.

HB 1535-FN, establishing an appellate division of the courts. **OUGHT TO PASS WITH AMENDMENT**

Rep. John M. Pratt for Judiciary: The committee found that there is a clear need for expanded appellate review in New Hampshire. The system of discretionary review, in combination with the continued expansion of the appellate caseload, has seriously eroded access to appellate review for New Hampshire citizens and has undermined the supreme court's ability to develop law and to provide guidance to New Hampshire citizens, lawyers, and trial courts. This bill establishes a commission to study this need and directs the commission to report its findings and recommendations for long term solutions no later than November 1, 2000. Vote 13-0.

Amendment (3511h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to creation of a commission to study the state's increasing appellate caseload and solutions to the increasing appellate caseload.

Amend the bill by replacing all after the enacting clause with the following:

I Findings and Intent.

I. Over the past 30 years, New Hampshire's appellate caseload has expanded steadily. In the early 1970's annual supreme court filings were in the range of 100 cases; by 1997, the caseload had reached a high of 900. Many factors have contributed to the expansion of the appellate caseload. They include the growth of the state's population from 750,000 to 1,200,000 people, an increase in the number of superior court justices and marital masters, an increase in the number of lawyers in New Hampshire, and an increase in the number of laws passed by the New Hampshire general court and by Congress.

II. Throughout this period of growth, the number of justices on the New Hampshire supreme court has remained at 5. The supreme court attempted to manage the caseload increase through rules, adopted in 1979, that eliminated universal access to full appellate review, including briefing and oral argument, and substituted a system under which full appellate review became a matter of judicial discretion. As the caseload continued to increase, this practice resulted in a steady decrease in the percentage of cases being accepted for full appellate review. While the acceptance rate of cases in 1980 was 73 percent, by 1998 the acceptance rate had declined to 36 percent.

III. The general court finds that there is a clear need for expanded appellate review in New Hampshire. The system of discretionary review, in combination with the continued expansion of the appellate caseload, has seriously eroded access to appellate review for New Hampshire citizens and has undermined the supreme court's ability to develop law and to provide guidance to New Hampshire citizens, lawyers, and trial courts.

IV. In 1999, the legislature created a study committee to consider certain matters concerning superior court justices, including the possibility of assigning them to hear appeals. The study com-

mittee recommended that a task force be created to study appellate review in New Hampshire. In 1999, the New Hampshire Bar Association, with assistance and funding provided by the New Hampshire Bar Foundation, completed a study of the New Hampshire appellate system. The New Hampshire Bar Association also recommended the creation of a task force to review potential solutions to the need for increased appellate review.

2 Commission on Appellate System Reform Created.

I. There is established a commission on appellate system reform to study, report on, and prepare legislation relative to solutions for the problems facing the New Hampshire appellate system. The commission shall consist of the following members:

(a) Three house members, appointed by the speaker of the house.

(b) Two senate members, appointed by the senate president.

(c) Three members representing the judicial branch appointed by the chief justice of the supreme court.

(d) Two members of the New Hampshire Bar Association, appointed by the association's president.

(e) The designee of the attorney general.

(f) Two members of the public, appointed by the governor.

(g) The designee of the New Hampshire appellate defender.

II. Legislative members shall receive mileage at the legislative rate when attending to the duties of the commission."

3 Duties of the Commission. It is the overall duty and obligation of the commission to study ways and means by which the desires expressed in section 1 shall be obtained. It is specifically the duty of the commission to make recommendations to all 3 branches of government to improve the appellate system on a short-term and long-term basis. The commission may request resources or funding; if it deems appropriate or necessary for the completion of its task.

4 Chairperson; Quorum. The members of the commission shall elect a chairperson. The first meeting shall be called by the first-named designee of the speaker of the house. Seven members shall constitute a quorum.

5 Reports.

I. The commission shall report its findings and any proposed recommendations for legislation or rule enactment or modification which may alleviate or eliminate the delays in the appeals process and increase the number of appeals accepted and written decisions on a short-term or immediate basis no later than November 1, 2000.

II. The commission shall report its findings and any proposed recommendations for legislation or rule enactment for long-term permanent remedies to the problems described in section 1 no later than November 1, 2000.

III. These reports shall be filed with the speaker of the house of representatives, the senate president, the governor, the house clerk, the senate clerk and the state library.

6 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a commission on appellate system reform.

HB 1537-FN, increasing the fees charged by sheriffs for service of legal process. INEXPEDIENT TO LEGISLATE

Rep. Peter F. Bergin for Judiciary: The committee did not hear any compelling testimony that the present fees were inadequate or that counties were operating at a deficit. However, the committee felt that increases may be justified in the future when compelling testimony is presented. In addition, no one could agree on what the fees should be increased to. The fees suggested in the bill were definitely excessive – even the sponsors agreed that those could be reduced. The committee was given no data to show that present fees were inadequate to cover the costs of the services listed in the bill. Vote 15-0.

HB 1571-FN, relative to claims arising from clinical services provided to the department of corrections. OUGHT TO PASS WITH AMENDMENT

Rep. John M. Pratt for Judiciary: This legislation will grant immunity to non-profit agencies which provide psychiatrists for the secure psychiatric unit of the Dept. of Corrections. Vote 13-0.

Amendment (3506h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Defense and Indemnification of State Officers and Employees; Claims Arising from the Clinical Services Provided to the Department of Corrections. Amend RSA 99-D by inserting after section 8 the following new section:

99-D:9 Claims Arising from the Clinical Services Provided to the Department of Corrections.

I. Without otherwise limiting or defining the sovereign immunity of the state and its agencies, this chapter shall apply to all claims against any nonprofit entity, or any employee, trustee, or director of such nonprofit entity when acting in the scope of such person's elected or appointed capacity and not in a wanton or reckless manner, arising out of clinical services of psychiatrists or other medical doctors provided in accordance with any contract limited to such services entered into by the department of corrections for its secure psychiatric unit.

II. This section shall apply only to claims or civil actions arising out of incidents occurring after the effective date of this section.

III. All claims arising under this section shall be reviewed by the legislative oversight committee established under RSA 541-B:23.

2 New Section; Proceedings in Special Cases; Claims Against the State; Claims Arising from the Clinical Services Provided to the Department of Corrections. Amend RSA 541-B by inserting after section 21 the following new section:

541-B:21-a Claims Arising from the Clinical Services Provided to the Department of Corrections.

I. Without otherwise limiting or defining the sovereign immunity of the state and its agencies, this chapter shall apply to all claims against any nonprofit entity, or any employee, trustee, or director of such nonprofit entity when acting in the scope of such person's elected or appointed capacity, providing clinical services of psychiatrists or other medical doctors in accordance with any contract limited to such services entered into by the department of corrections for its secure psychiatric unit.

II. The limitations on awards provided in RSA 541-B:14 shall not be increased by the proceeds from any insurance policy procured by a nonprofit entity, or any employee of such entity, included under RSA 541-B:21-a, I.

III. This section shall apply only to claims arising out of incidents occurring after the effective date of this section.

3 Proceedings in Special Cases; Claims Against the State; Oversight Committee; Secure Psychiatric Unit Added. Amend RSA 541-B:23 to read as follows:

541-B:23 Oversight Committee for Claims Arising From the Clinical Operation and Administration of the New Hampshire Hospital *and Clinical Services Provided to the Department of Corrections*.

I. There is hereby established a legislative oversight committee to review claims arising under RSA 541-B:21, ***RSA 541-B:21-a***, [and] RSA 99-D:8, IV, *and RSA 99-D:9, III*. The committee members shall be as follows:

(a) Two members of the house of representatives, appointed by the speaker of the house.

(b) Two members of the senate, appointed by the senate president.

II. The first-named house member of the committee shall be chairperson.

III. The committee shall report its findings to the general court 6 months prior to the awarding of any contract described in RSA 541-B:21, ***1 or RSA 541-B:21-a, I***.

IV. The members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

4 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill adds clinical services of psychiatrists or other medical doctors provided in accordance with any contract limited to such services entered into by the department of corrections for the secure psychiatric unit to the laws governing defense and indemnification of state officers and employees and claims against the state.

HB 1311, relative to payment of employer contributions for unemployment compensation. **OUGHT TO PASS WITH AMENDMENT**

Rep. Robert E. Clegg, Jr. for Labor, Industrial and Rehabilitative Services: The committee unanimously agreed that collection of \$1 is more costly than the money to be collected. This bill allows the Department of Employment Security to forgive balances of \$1 and for employers to be exempt from sending in tax of \$1 or less. Vote 12-0.

Amendment (3429h)

Amend RSA 282-A:69, IV as inserted by section 1 of the bill by replacing it with the following:

IV. A contribution, as defined in RSA 282-A:152, I shall not be considered due for any purpose under this chapter from an employer required to pay contributions under this chapter when the total amount due is less than one dollar.

HB 1450-FN, relative to the adoption of the fair pay act. **OUGHT TO PASS WITH AMENDMENT** Rep. Robert E. Clegg, Jr. for Labor, Industrial and Rehabilitative Services: This amended bill corrects the existing statute, which originally protected only women from gender bias. In the spirit of cooperation in the fight for equality, the committee amended the bill so that men are now offered the same protection against gender bias in the workplace. The amendment also creates a hearing process in the Department of Labor for resolution of claims brought under this statute. Vote 12-0.

Amendment (3222h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to hearings and appeals of equal pay claims.

Amend the bill by replacing all after the enacting clause with the following:

1 Discrimination in the Workplace; Equal Pay. Amend RSA 275:37 to read as follows:

275:37 Equal Pay. No employer shall discriminate in the payment of wages as between the sexes, or shall pay any [~~female~~] *employee* in his *or her* employ salary or wage rates less than the rates paid to [~~male~~] *employees of the opposite sex* for equal work or work on the same operations. However, nothing in this subdivision shall prohibit a variation in rates of pay based upon a *marked* difference in seniority, experience, training, skill, ability, or difference in duties and services performed, either regularly or occasionally, or difference in the shift or time of the day worked, or difference in availability for other operation, or other reasonable differentiation except difference in sex. A variation in rates of pay as between the sexes is not prohibited where such variation is provided by contract between the employer and the recognized bargaining agent of the employees or, in case there is no such bargaining agent, where such variation is provided by written agreement or contract between the employer and not less than 5 of [~~his~~] *the* employees.

2 New Section; Equal Pay; Procedure for Hearings and Appeals. Amend RSA 275 by inserting after section 41 the following new section:

275:41-a Procedures for Hearings and Appeals. In a claim under RSA 275:37, the commissioner shall notify the employer by serving a copy of such claim and an order to file with the commissioner within 10 days from the receipt of such notice any objections to such claim specifying the grounds therefor. Any claim under this section shall be commenced within one year of the accrual thereof and not afterwards. Service may be by certified mail with return receipt. If objection is not made within 10 days, the commissioner may order that payment be made in accordance with the claim. If requested, a hearing shall be afforded at which time any party may appear, with counsel if desired, and present evidence and cross examine opposing witnesses. Any party, at the party's own expense may cause a record to be made of the hearing. A written decision shall be made within 30 days after the hearing stating the decision and specifying the facts and conclusions upon which the decision is based. If wages are found to be due, an order for payment shall be issued. Any party aggrieved by the decision may appeal to the superior court not later than 20 days thereof by petition, setting forth that the decision is erroneous, in whole or in part, and specifying the grounds upon which the decision is claimed to be in error. Upon the filing of an appeal, the commissioner shall transfer to the court the record of the proceeding or a certified copy thereof. The scope of review by the superior court shall be limited to questions of law. After hearing and upon consideration of the record, the court may affirm, vacate, or modify in whole or in part the decision of the commissioner, or may remand the matter to the commissioner for further findings. In the absence of a reasonable appeal, the decision and order shall be final, shall be entered upon the docket of the superior court at the request of the prevailing party, may be enforced as judgement of said court, and shall be a lien upon the property of

the employer situated in the state for a period of 3 years from the time of the decision. It is a requirement of this subdivision for purposes of RSA 275:37 that a final order be immediately satisfied by the employer.

3 Effective Date. This act shall take effect January 1, 2001.

AMENDED ANALYSIS

This bill establishes a procedure for hearings and appeals of decisions by the labor department concerning equal pay claims.

HB 1512-FN, allowing persons leaving employment under the federal family and medical leave act to be eligible for unemployment benefits. **OUGHT TO PASS WITH AMENDMENT**

Rep. Robert E. Clegg, Jr. for Labor, Industrial and Rehabilitative Services: This bill, as amended, replaces the original bill, which sought to take money from the Unemployment Compensation Trust Fund to fund a Family and Medical leave Program for New Hampshire workers. The amendment, supported by the sponsor, establishes a legislative committee to study the feasibility of implementing a New Hampshire Family and Medical Leave Program as well as attempting to identify any potential funding sources to support the program. A report of the study is due by December 1, 2000. Vote 12-0.

Amendment (3391h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study the feasibility of implementing a paid family and medical leave insurance program and potential funding sources to support it.

Amend the bill by replacing all after the enacting clause with the following:

1 Committee Established. There is established a committee to study the feasibility of implementing a paid family and medical leave insurance program and potential funding sources to support it.

2 Membership and Compensation.

I. The members of the committee shall be as follows:

(a) Three members of the house of representatives, appointed by the speaker of the house.

(b) Three members of the senate, appointed by the president of the senate.

II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

3 Duties. The committee shall hold meetings at such times and places as it deems necessary. The committee shall study the feasibility of implementing a paid family and medical leave insurance program for New Hampshire workers, and shall also identify potential funding sources to support it. The committee shall seek input from, but shall not be limited to:

I. State agencies.

II. Employers.

III. Interested councils and organizations.

4 Chairperson. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section.

5 Report. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the senate president, the house clerk, the senate clerk, the governor, and the state library on or before December 1, 2000.

6 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a committee to study the feasibility of implementing a paid family and medical leave insurance program and potential funding sources to support it.

HB 1151, establishing a committee to study the creation of a New Hampshire local government records management trust and to consider funding alternatives. **OUGHT TO PASS WITH AMENDMENT**

Rep. Robert W. Brundige for Municipal and County Government: Testimony received emphasized the deplorable state of many local town and city records. These records contain the history of these cities and towns and are very important and need to be preserved. It is hoped this Committee will find the best method of achieving this goal. The amendment added one additional Senator to the Committee and extended the reporting date to November 1, 2001. Vote 16-0.

Amendment (3486h)

Amend the bill by replacing section 3 with the following:

3 Membership and Compensation.

I. The members of the committee shall be as follows:

(a) Five members of the house of representatives, appointed by the speaker of the house, including one member of the house finance committee.

(b) Five members of the senate, appointed by the president of the senate.

II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

Amend the bill by replacing section 5-7 with the following:

5 Chairperson; Quorum. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Six members of the committee shall constitute a quorum.

6 Report. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the senate president, the house clerk, the senate clerk, the governor, appropriate legislative committees, and the state library on or before November 1, 2001.

7 Effective Date. This act shall take effect upon its passage.

HB 1421-L, relative to assessment of the land use change tax. **INEXPEDIENT TO LEGISLATE** Rep. Anthony F. Simon for Municipal and County Government: The Committee recognizes this bill identifies an important issue (and potential loophole) in our current use change tax law. The Committee is recommending Inexpedient to Legislate because we understand the current use board is studying this issue in depth and will be making a recommendation to the next legislature if a statutory change is needed. Vote 16-2.

HB 1254, establishing a committee to study the need to review and assess state-owned land managed by the fish and game department. **INEXPEDIENT TO LEGISLATE** Rep. John R. Cloutier for Public Works and Highways: The sponsor filed this bill in response to complaints by constituents about a dilapidated World War II era Quonset hut owned by the Department of Fish and Game in her district. But one constituent testified at the hearing in opposition to the bill, agreeing that while the hut is a "disgrace", the bill as written is too broad to deal with the particular problem. Also in opposition was the Director of Fish and Game who testified that his department is presently undertaking efforts to fix up the hut in question. Vote 16-0.

HB 1357-FN, relative to the sale of state-owned property in the towns of Belmont and Laconia. **OUGHT TO PASS WITH AMENDMENT**

Rep. Candace W. Bouchard for Public Works and Highways: This bill, as amended, authorizes the sale of the land previously acquired by the state in 1998 in Belmont and Laconia. The Department of Transportation testified this land acquired for future highway use is no longer needed due to wetlands. This bill allows the property to be sold through the normal surplus property process. Vote 16-0.

Amendment (3465h)

Amend the bill by replacing section 1 with the following:

1 Sale of State Land. The general court recognizes that continued retention of land acquired in 1988 between Route 3 in the city of Laconia and Route 3 in the town of Belmont is no longer judged to be essential for either future highway construction or general public benefit. Therefore the general court authorizes the sale of the land in accordance with the provisions of RSA 4:40.

AMENDED ANALYSIS

This bill authorizes the sale of the land previously acquired by the state in 1988 in Belmont and Laconia, in accordance with the provisions of RSA 4:40.

HB 1420-FN-L, relative to the port in the city of Portsmouth, New Hampshire. **REFER FOR INTERIM STUDY**

Rep. John P. Gleason for Public Works and Highways: Following testimony, the committee recognized that there are some issues that need to be explored relating to the city of Portsmouth and the New Hampshire State Port Authority. To that end, the committee recommended interim study. Vote 15-1.

HB 1127, establishing a committee to study the application and appeal procedures for excavating and dredging permits. **OUGHT TO PASS WITH AMENDMENT**

Rep. Stanley E. Czech for Resources, Recreation and Development: This bill provides for a committee of three members of the house and three members of the senate. Its responsibility will be to study the application and appeal procedures for excavating and dredging permits under RSA 482-A. This bill originally limited the review to wetlands but the committee felt that the scope of the research should not be so narrow. Therefore, the amendment deleted the term wetlands. The testimony revealed that obtaining a permit to dredge or excavate from Department of Environmental Services could be a costly and time consuming process. The committee felt an in-depth review was in order. Vote 13-0.

Amendment (3459h)

Amend the bill by replacing section 1 with the following:

1 Committee Established. There is established a committee to study the application and appeal procedures for excavating and dredging permits under RSA 482-A.

Amend the bill by replacing section 3 with the following:

3 Duties. The committee shall study the application and appeal procedures for excavating and dredging permits under RSA 482-A.

AMENDED ANALYSIS

This bill establishes a committee to study the application and appeal procedures for excavating and dredging permits under RSA 482-A.

HB 1158, relative to state park campground reservations. **INEXPEDIENT TO LEGISLATE**

Rep. H. Charles Royce for Resources, Recreation and Development: After consultation with the Commissioner of the Department of Resources and Economics Development (DRED), the sponsor of this bill feels that his concerns on the reservation system with our state park campgrounds has been resolved, allowing New Hampshire residents to mail in reservations to be processed first on day one of accepting reservations, and limiting the number of reservations to five (5) with any request. The Department will continue to review the reservation system, using new technology. Using the internet while planning family vacations is one consideration. Vote 12-0.

HB 1235, relative to fill and dredge in wetlands. **OUGHT TO PASS WITH AMENDMENT**

Rep. MaryAnn N. Blanchard for Resources, Recreation and Development: The amendment to this bill includes language from House Bill 1289 broadening the definition of surface waters. The remaining parts of the bill will be the subject of House Bill 1127 which will study the application and appeal process for excavating and dredging under RSA 482-A. Vote 13-0.

Amendment (3424h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to defining surface waters..

Amend the bill by replacing all after the enacting clause with the following:

1 Public Health; Oil Discharge or Spillage in Surface Water or Groundwater; Definitions; Surface Water; Streams. Amend RSA 146-A:2, VI-b to read as follows:

VI-b. "Surface water" means *perennial and seasonal* streams, lakes, ponds, and tidal waters within the jurisdiction of the state, including all streams, lakes, or ponds bordering on the state, marshes, watercourses, and other bodies of water, natural or artificial;

2 Public Health; Underground Storage Facilities; Definitions; Surface Water; Streams. Amend RSA 146-C:1, XVII to read as follows:

XVII. "Surface water" means *perennial and seasonal* streams, lakes, ponds, and tidal waters within the jurisdiction of the state, including all streams, lakes, or ponds bordering on the state, marshes, watercourses, and other bodies of water, natural or artificial.

3 Water Management and Protection; Water Pollution and Waste Disposal; Definitions; Surface Waters of the State; Streams. Amend RSA 485-A:2, XIV to read as follows:

XIV. "Surface waters of the state" means *perennial and seasonal* streams, lakes, ponds, and tidal waters within the jurisdiction of the state, including all streams, lakes, or ponds bordering on the state, marshes, water courses, and other bodies of water, natural or artificial.

4 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill clarifies the jurisdiction of the department of environmental services with respect to surface waters.

HB 1289, relative to defining surface waters, relative to septage and sludge spreading, and relative to rulemaking by the commissioner of the department of environmental services. **INEXPEDIENT TO LEGISLATE**

Rep. MaryAnn N. Blanchard for Resources, Recreation and Development: This bill was extensively reviewed by a subcommittee and the sponsor and other interested parties. The language which broadens the definition of surface water is now part of House Bill 1235. The portions of the bill relating to septage and sludge have not previously been the purview of this committee and should be topics for future legislation. Therefore this bill was no longer necessary. Vote 14-0.

HB 1555-FN-L, requiring the state to rebuild and maintain the dam controlling Russell Reservoir in the town of Harrisville and requiring the department of transportation to convey a certain parcel of land to the town of Harrisville. **INEXPEDIENT TO LEGISLATE**

Rep. Timothy D. O'Connell for Resources, Recreation and Development: It is the opinion of the committee that this dam should continue to be owned by the town of Harrisville. The dam has been generally well maintained. Testimony revealed that any needed repairs and upgrades are within the capabilities of the town. At this time there is little public benefit to the citizens of New Hampshire in ownership of this dam. Vote 12-1.

HB 1312, establishing a committee to study federal regulation of minority ownership of television, radio, and cable outlets. **INEXPEDIENT TO LEGISLATE**

Rep. James A. McDonald, Sr. for State-Federal Relations and Veterans Affairs: The committee was made aware that the Federal Communication Commission (FCC) has adopted new Equal Employment Opportunity (EEO) rules which promote anti-discrimination efforts, broad outreach and industry flexibility. The new rules require broadcast licenses to widely disseminate information about job openings to all segments of the community, to ensure that all qualified applicants, including minorities and women have sufficient opportunities to compete for jobs in the broadcast industry. The National Cable Television Association supports the FCC new EEO rules, which include a detailed record keeping procedure that will facilitate the program. The committee does not feel that a study committee is necessary now that the FCC has adopted the new EEO program. Vote 13-0.

HCR 31, urging the New Hampshire congressional delegation to take action to keep the international border crossing between the United States and Canada, in the town of Pittsburg, New Hampshire, open 24 hours a day. **OUGHT TO PASS**

Rep. Margaret E. Lynott for State-Federal Relations and Veterans Affairs: The only port of entry between Canada and New Hampshire is in the town of Pittsburg, New Hampshire. This border crossing is closed at 4:00pm every day causing those people re-entering New Hampshire after 4:00pm to drive an additional 40 miles to a border crossing in Vermont. Keeping this border crossing open 24 hours a day will benefit individuals, commercial enterprises, trade and cultural exchanges between New Hampshire and Canada. This action will also benefit those people crossing with recreation vehicles such as snowmobiles, ATV's, snowshoes, and skis. It is currently manned 24 hours a day. Vote 13-0.

REGULAR CALENDAR

HB 1383, relative to child support payments. **INEXPEDIENT TO LEGISLATE**

Rep. Laura C. Pantelakos for Children and Family Law: This bill would require the person receiving child support payments to track every dollar spent on behalf of the children, including rent, lights, meals, etc. and to report such accounting to the court and to the obligor every 6 months. If the obligor or the court felt that funds were spent inappropriately then a hearing would be held. Every parents' expenses are different, no standards are in place, and the courts dockets would multiply with more domestic issues. Vote 13-1.

Adopted.

HB 1547-FN, relative to raising the age of minority for the purposes of juvenile delinquency proceedings from 17 to 18 years of age. **REFER FOR INTERIM STUDY**

Rep. L. Randy Lyman for Children and Family Law: This bill would reverse a change in the law that was made less than 4 years ago. Before the committee can recommend that the law be reversed, more facts need to be determined and additional data must be assessed. The committee intends to ascertain the information necessary and needs more time to do so. Vote 12-4.
Adopted.

HB 1587-FN, relative to payment of health insurance costs for certain child day care agencies.
OUGHT TO PASS WITH AMENDMENT

Rep. Sheila T. Francoeur for Commerce: This bill, as amended, will create a three year pilot program to assist in providing health insurance coverage to child care workers in child care facilities that accept state subsidized children. The committee heard compelling testimony on the crisis in the day care industry. Knowing that day care is a vital part of the welfare-to-work initiatives and the continued economic development in New Hampshire, the committee agreed that this pilot program would be an incentive for child care agencies to continue to accept state subsidized children. This is also an incentive for private providers to get licensed. This pilot program will terminate July 1, 2003 unless the legislature acts to extend the program. The amendment removes the funding of the program from the budget and requires the Department of Health and Human Services to seek outside sources. Vote 11-3.

Amendment (3510h)

Amend the bill by replacing all after the enacting clause with the following:

I Intent.

I. The general court hereby finds that it is the intent of this pilot program to provide health insurance coverage for child care workers who care for the children of New Hampshire's lowest income working families. Child care is a vital component of New Hampshire's Welfare to Work initiatives and this pilot program will provide an incentive for licensed child care agencies to accept state subsidized children.

II. The general court further finds that this pilot program will increase benefits in a field which currently has low wages and few employer-sponsored benefits. It is the intent of the general court that increasing the availability of health insurance coverage will result in stabilizing the child care workforce.

2 Health Care Insurance for Employees of Certain Child Day Care Agencies; Pilot Program Established. There is hereby established a 3-year pilot program within the department of health and human services for providing employees of certain child day care agencies with access to health care insurance. For the purposes of this program, "department" shall mean the department of health and human services. The pilot program shall terminate on July 1, 2003 unless the legislature acts to extend the program.

3 Health Care Insurance for Employees of Family Day Care and Group Day Care Homes; Benefit Established.

I. The state shall pay 50 percent of the premium for medical and surgical benefits, including group hospitalization, hospital medical care, and surgical care, for each full-time employee of a family day care home or family group day care home, as such homes are defined in RSA 170-E:2, IV (a) and (b), provided such homes meet the following eligibility requirements:

(a) The family day care home or family group day care home is licensed pursuant to RSA 170-E;

(b) The family day care home has provided care for 2 or more children for which the home received payment under any of the department's child care programs for 9 or more of the preceding 12 months prior to applying to the department for health care coverage under this program, or the family group day care home has provided care for 2 or more children for which the home received payment under any of the department's child care programs for 9 or more of the preceding 12 months prior to applying to the department for health care coverage under this program; and

(c) The family day care home continues to provide child care services for 2 or more children, or the family group day care home continues to provide child care services for 2 or more children, for which either home is receiving payment under any of the department's child care programs as of the time the application to the department for health care coverage is submitted.

II. To be eligible for the benefit established in this section, a full-time employee of a family day care home or family group day care home shall not be eligible to receive health insurance benefits under a spouse's employer-sponsored health insurance programs.

4 Health Care Insurance for Other Child Day Care Agencies; Benefit Established.

I. The state shall pay a percentage of the premium for medical and surgical benefits, including group hospitalization, hospital medical care, and surgical benefits, for each full-time employee of a child day care agency as defined in RSA 170-E:2, IV (c)-(e) and (g) which provides child day care services paid for in whole or in part by the department, and which is licensed pursuant to RSA 170-E.

(a) The state shall pay 35 percent of the premium for a full-time employee of a child day care agency where, during the 6-month period immediately preceding application to the department for health care insurance, the number of children served by that agency who are enrolled in any of the department's child care subsidy or assistance programs is not less than 35 percent or more than 50 percent of the child day care agency's total licensed capacity.

(b) The state shall pay 50 percent of the premium for a full-time employee of a child day care agency where, during the 6-month period immediately preceding application to the department for health care insurance, the number of children served by that agency who are enrolled in any of the department's child care subsidy or assistance programs is greater than 50 percent of the child day care agency's total licensed capacity.

II. To be eligible for the benefit established in this section, a full-time employee of a child day care agency as defined in this section shall not be eligible to receive health insurance benefits under a spouse's employer-sponsored health insurance program.

III. No benefit provided under this section shall exceed benefits provided by the medicaid program.

5 Report. The department of health and human services shall prepare a report detailing the number of participating providers, the number of workers covered by the provisions of the pilot program, the changes in the number of licensed providers, and an estimate of the effect on staff retention. The report shall be submitted to the speaker of the house of representatives, the senate president, and the governor no later than November 1 of each year of the pilot program.

6 Rulemaking. The commissioner of the department of health and human services shall adopt rules, pursuant to RSA 541-A, relative to application procedures, eligibility criteria, limitations and restrictions, insurance coverage benefits limited to the level of benefits provided through the medicaid program, and any other matter consistent with the provisions of the pilot program.

7 Funding. The commissioner of the department of health and human services is authorized to investigate funding all or part of the cost of the pilot program through sources which include, but are not limited to, the Endowment for Health Foundation or the Healthy New Hampshire Foundation.

8 Effective Date.

I. Sections 6 and 7 of this act shall take effect upon its passage.

II. The remainder of this act shall take effect July 1, 2001.

AMENDED ANALYSIS

This bill establishes a 3-year pilot program in the department of health and human services which would provide full-time employees of certain child day care agencies with financial assistance from the state in obtaining health care insurance. The bill also authorizes the commissioner of the department of health and human services to seek funding for the pilot program through various charitable trusts including, but not limited to the Endowment for Health Foundation, and the Healthy New Hampshire Foundation.

Adopted.

Report adopted and referred to Finance.

CACR 34, relating to money raised by taxation. Providing that the provision prohibiting money raised by taxation from being granted or applied for the use of schools or institutions of any religious sect or denomination shall be removed from the constitution. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS

Rep. Clair A. Snyder for the Majority of Education: This CACR would remove from the New Hampshire Constitution the prohibition of public money going to religious schools or institutions. The majority of the committee felt that this CACR would open the door to state support to all kinds of institutions that are not accountable to the public. Further, the federal constitution and case law raise concerns about state support of religious institutions. Vote 9-7.

Rep. David E. Larabee for the Minority of Education: When the original section, Part II, Article 83, of the Constitution of New Hampshire was drawn up, it did not discriminate against Part II,

Article 83, paying money raised by taxation to schools or institutions of any religious sect or denomination. Eliminating this line, "provided nevertheless, that no money raised by taxation shall ever be granted or applied for the use of the schools of institutions of any religious sect or denomination" will not change how tax dollars are distributed, unless future legislation allows. However, it would give the people the right or option to decide. This CACR will give the people a chance to eliminate discrimination against religious organizations from the New Hampshire Constitution.

Reps. Bruno, Alger and Kennedy spoke against.

Reps. Estabrook and O'Hearn spoke in favor.

Rep. Larrabee spoke against and yielded to questions.

Rep. Jacobson spoke in favor and yielded to questions.

Rep. Estabrook requested a roll call; sufficiently seconded.

The question being the adoption of the majority report.

SULLIVAN

Young, David

and the majority report was adopted.

HB 1320, establishing a committee to study the rights and duties of parents to educate their children. **INEXPEDIENT TO LEGISLATE**

Rep. Russell N. Cox for Education: The study committee contemplated in the bill would require a general evaluation of parental rights under the Federal constitutional vs. the New Hampshire Constitution. It would also study the effect of removal of statutory regulations of private schools. It was felt that this was too broad a study to be useful for the guidance of education policy for the state. Questions raised about taxation for funding public schools, while interesting, were not deemed to warrant a study and had no relevance to the duties of a parent to educate children. Vote 14-2. Adopted.

HB 1166, relative to confidentiality and information collection by the department of agriculture, markets, and food. **OUGHT TO PASS WITH AMENDMENT**

Rep. Harold P. Melcher for Environment and Agriculture: This bill will encourage maple syrup producers to submit to inspections and to receive updated information on standards. Vote 13-1.

Amendment (3203h)

Amend RSA 425:4-a, II as inserted by section 2 of the bill by replacing it with the following:

II. Department employees or agents providing such technical help or inspection shall not make available to any other regulatory or enforcement agency, or to the public, information obtained in the course of such help or inspection unless:

(a) The person requesting such help or receiving such inspection agrees that such information may be released;

(b) The information reveals an imminent threat to human life or the environment;

(c) The information reveals evidence of a knowing criminal violation;

(d) The information is presented in aggregate form with no identification of individual entities in order to develop food safety measures; or

(e) The department first notifies any person requesting technical help of the provisions of this paragraph.

Amend the bill by replacing section 3 with the following:

3 Effective Date. This act shall take effect upon its passage.

Adopted.

Report adopted and ordered to third reading.

HB 1227, relative to universal waste. REFER FOR INTERIM STUDY

Rep. Donald R. Philbrick for Environment and Agriculture: The Department of Environmental Services has the authority to adopt rules relative to universal waste. There is currently a subcommittee within the Environment and Agriculture Committee studying the universal waste issue and if future legislation is needed, it can address it. The majority of the committee felt this bill was unnecessary, but supported the minority interest of seeing the issue studied further and voted to send it to Interim Study. Vote 13-0.

Adopted.

HB 1343-FN-A, appropriating available funds for fiscal year 2000 to provide funding to support research monitoring groundwater at reclamation sites that have had sludge applied. OUGHT TO PASS
Rep. Peter R. Leishman for Environment and Agriculture: This bill will provide \$20,000 for the continuation of groundwater research monitoring at reclamation sites. The continuation of this research is timely and important to provide sound, objective scientific information and is supported by the Department of Environmental Services (DES), the University of New Hampshire (UNH), the Sludge Management Advisory Committee (SMAC), and the New Hampshire Municipal Association (NHMA). Vote 14-2.

Report adopted and referred to Finance.

HB 1369-FN-L, clarifying authority to regulate asbestos. OUGHT TO PASS WITH AMENDMENT
Rep. Harold P. Melcher for Environment and Agriculture: The committee agreed to give the Department of Environmental Services the ability to help citizens of Nashua and Hudson, who find themselves owners of sites contaminated by previously deposited asbestos from Johns Manville and Company, to safely manage their property in the least restrictive way. Vote 13-1.

Amendment (3470h)

Amend the bill by replacing all after the enacting clause with the following:

1 Asbestos Management and Control. RSA 141-E is repealed and reenacted to read as follows:

CHAPTER 141-E

ASBESTOS MANAGEMENT AND CONTROL

141-E:1 Statement of Policy.

I. The general court finds that exposure to asbestos fibers over time has been linked by medical and scientific authorities to a significant increase in the incidence of diseases, such as asbestosis, bronchogenic carcinoma, mesothelioma, and other malignancies, and that such diseases place unnecessary and preventable burdens on society while depriving the victims of livelihood, well-being, and life.

II. The general court also finds that:

(a) Abatement of asbestos from workplaces, schools, public facilities, and dwellings, which is carried out to reduce the exposure of the public to this health threat, further jeopardizes public health when the abatement is done without adequate safeguards and by unqualified individuals; and

(b) Asbestos disposal sites pose a potential threat to human health if improperly managed.

III. Therefore, in order to protect the health of the public from this threat, it shall be the policy of the state to establish and enforce asbestos exposure standards and to control the exposure of the public to asbestos by regulation of asbestos abatement and asbestos disposal site activities.

IV. Relative to asbestos abatement activities, it shall be the responsibility of the department of health and human services, in consultation with the commissioner of environmental services, to carry out this policy in accordance with RSA 141-E:3, I and RSA 141-E:6-11, and in such a manner as to avoid direct conflict with other state and federal requirements.

V. Relative to management of asbestos disposal sites, it shall be the responsibility of the department of environmental services, in consultation with the department of health and human services, to carry out this policy in accordance with RSA 141-E:3, II and RSA 141-E:21-25, in lieu of RSA 149-M as previously carried out, and in such a manner as to avoid direct conflict with other state and federal requirements.

141-E:2 Definitions. In this chapter:

I. "Asbestos" means amosite, chrysotile, crocidolite, or asbestiform tremolite, actinolite, or anthophyllite.

II. "Asbestos abatement" means any of the following activities:

(a) The wrecking or removal of any load-supporting structural member containing or covered by RACM, as defined in paragraph VII;

(b) The encapsulation, coating, binding, or resurfacing of structural members, walls, ceilings, or other building surfaces, or ducts, pipes, boilers, tanks, reactors, furnaces, or other vessels containing RACM for the purpose of minimizing the potential for fiber release;

(c) The construction of airtight enclosures by the use of impact resistant materials to isolate surfaces coated or containing RACM;

(d) The removal or stripping of RACM from structural members, walls, ceilings, or other building surfaces, or ducts, pipes, boilers, tanks, reactors, furnaces, or other vessels; and

(e) The repair of RACM to minimize the likelihood of fiber release from damaged areas. Repair may include, but shall not be limited to, application of duct tape, rewettable glass cloth, canvas, cement, or other suitable materials to seal exposed areas where asbestos fibers may be released, or repair of damaged, previously encapsulated, RACM with non-asbestos substitutes; and re-encapsulation or repair of enclosures around RACM.

III. "Asbestos disposal site" means land where asbestos waste exists, either in or on the ground, due to dumping activities which ceased by July 10, 1981. The term includes inactive disposal sites as defined by 40 CFR 61.141. The term does not include any disposal site which is subject to the permitting requirements of RSA 149-M.

IV. "Contractor" means any partnership, firm, association, corporation, or sole proprietorship which engages in asbestos abatement activities and/or activities involving the disturbance of asbestos at asbestos disposal sites.

V. "Department" means the department of health and human services.

VI. "Friable asbestos material" means any material that contains more than one percent of asbestos by weight, area, or volume and that can be crumbled, pulverized, or reduced to powder when dry by hand pressure.

VII. "Regulated asbestos-containing material" or "RACM" means:

(a) Friable asbestos-containing material;

(b) Category I non-friable asbestos-containing material, as defined by 40 CFR 61.141, that has become friable;

(c) Category I non-friable asbestos-containing material, as defined by 40 CFR 61.141, that will be or has been subjected to sanding, grinding, sawing, or abrading; or

(d) Category II non-friable asbestos-containing material, as defined by 40 CFR 61.141, that will likely become or has become crumbled, pulverized, or reduced to powder by the forces expected to act on the material in the course of demolition or renovation operations.

VIII. "School asbestos abatement planning" means any of the following activities:

(a) The inspection of school buildings for asbestos-containing materials;

(b) The preparation of plans for asbestos abatement in schools, pursuant to P.L. 99-519; or

(c) The design of asbestos abatement projects for school buildings.

IX. "Structural member" means any beam, ceiling, floor, or wall.

141-E:3 Duties.

I. The commissioner of health and human services shall:

(a) License contractors.

(b) Test persons and provide certificates to those who are found competent to engage in either asbestos abatement activities, school asbestos abatement planning activities, or activities involving the disturbance of asbestos at asbestos disposal sites, or any combination thereof.

(c) Collect fees for the issuance of licenses and certificates.

(d) Provide asbestos health risk information to workers who are at risk of exposure to asbestos material and to the general public on the health risks posed by asbestos.

(e) Conduct such medical and scientific studies of workers presently or previously exposed to asbestos material as necessary to fully understand, define, and describe the actual health consequences of such exposure in their workplaces. The commissioner of health and human services shall strive to determine before undertaking such studies that similar research has not already been performed or is not currently under review by other agencies.

(f) Identify and order the abatement of RACM found in public buildings and facilities, schools, or rental dwellings which exceeds the exposure standards established by this chapter.

(g) Establish safe worker practices to protect the health of asbestos abatement workers where not preempted by the Occupational Safety and Health Act.

II. The commissioner of environmental services shall:

(a) Establish practices and standards necessary to control the release of asbestos fibers during asbestos abatement activities.

(b) Establish practices and standards necessary to control the release of asbestos fibers to the ambient air during processing, transport, and disposal activities.

(c) Develop and implement an inspection and enforcement program specific to asbestos abatement activities.

(d) Establish a notification program for all asbestos abatement activities.

(e) Collect fees for asbestos abatement notification.

(f) Establish, in consultation with the department pursuant to RSA 125-H:3:

(1) Measures for remediating asbestos disposal sites to prevent human exposure to asbestos at or from such sites; and

(2) Best management practices for monitoring and maintaining covered asbestos disposal sites, for the purpose of assisting property owners and local health officers to minimize the risk of human exposure to asbestos at or from such sites.

(g) Administer a program for owners to remediate asbestos disposal sites in accordance with the measures established under paragraph (f)(1) above. The program shall include, but not be limited to, provisions for:

(1) Initiating and completing site investigations;

(2) Developing and implementing remedial action plans;

(3) Developing and implementing activity and property use restrictions as appropriate; and

(4) Documenting and certifying completion of the approved remedial action plan.

(h) In cooperation with local health officials, monitor the condition of asbestos disposal sites to assure conditions are protective of human health and comply with the requirements of this chapter.

(i) Investigate reports by local health officials of newly discovered asbestos disposal sites.

(j) Maintain a registry of asbestos disposal sites, including, but not limited to:

(1) Owner name and mailing address;

(2) Information and maps locating the disposal area;

(3) Type, depth, and a real extent of cover materials;

(4) Site inspection data; and

(5) Status of site remediation.

(k) In cooperation with local health officials, respond to urgent conditions involving the disturbance of asbestos at asbestos disposal sites.

(l) In cooperation with local health officials, establish measures for assuring compliance with activity and property use restrictions relevant to asbestos disposal sites.

(m) Consult with local health officials within the affected communities for the purpose of determining appropriate and effective means for implementing the best management practices established pursuant to RSA 141-E:3, II(f)(2), and provide technical assistance related thereto, including adoption of local ordinances pursuant to RSA 147:1.

(n) Establish recommended training, licensure and certification requirements for contractors and persons engaging in activities involving the disturbance of asbestos at asbestos disposal sites, for implementation by the commissioner of health and human services, pursuant to RSA 141-E:4, I(o).

(o) Have authority to apply for and accept federal funds or other assistance for the purpose of remediating and otherwise managing asbestos disposal sites.

III. In conducting their duties, the commissioner of health and human services and the commissioner of environmental services shall give due consideration to EPA document 560/5-85-024 June 1985 or later revision, "Guidance for Controlling Asbestos Containing Materials in Buildings." 141-E:4 Rulemaking.

I. The commissioner of health and human services shall adopt rules, pursuant to RSA 541-A, relative to:

(a) The definition of major and minor asbestos abatement projects.

(b) The necessary training, licensure, and certification requirements applicable to major and minor asbestos abatement projects. Such training, licensure, and certification requirements shall be at least as stringent as those of the federal Environmental Protection Agency's model plan set forth in 40 CFR 763, Subpart E, Appendix C.

(c) Safe worker practices under RSA 141-E:3, I(g).

(d) Closure of places contaminated with RACM under RSA 141-E:7. The use of the word "contaminated" when related to airborne asbestos shall be consistent with asbestos exposure standards under RSA 141-E:6.

(e) Notice and appeal procedures under RSA 141-E:7.

(f) Procedures for the inspection of buildings, including visual assessment criteria for surfacing materials and pipe and boiler insulation, and air monitoring standards consistent with RSA 141-E:7 and the issuance of orders to take corrective actions to mitigate exposure to RACM under RSA 141-E:8.

(g) The licensure of contractors, employers or other individuals undertaking asbestos abatement under RSA 141-E:10. Such licensure requirements shall be at least as stringent as those of the federal Environmental Protection Agency's model plan set forth in 40 CFR 763, Subpart E, Appendix C.

(h) The certification and training of employees or other individuals engaged in asbestos abatement and school asbestos abatement planning under RSA 141-E:11. Such certification and training requirements shall be at least as stringent as those of the federal Environmental Protection Agency's model plan set forth in 40 CFR 763, Subpart E, Appendix C.

(i) The schedule and collection of fees under RSA 141-E:12, I.

(j) The issuance of notices of violation and orders of abatement under RSA 141-E:14.

(k) The fee structure to defray the cost of compliance monitoring under RSA 141-E:7, I and II; 141-E:8, I and II; 141-E:10; 141-E:11; and 141-E:13.

(l) Procedures for exemption from the requirements of RSA 141-E:10 and RSA 141-E:11.

(m) A schedule of administrative fines which may be imposed under RSA 141-E:16 for violation of this chapter or the rules adopted pursuant to it.

(n) Procedures for notice and hearing prior to the imposition of an administrative fine imposed under RSA 141-E:16.

(o) The necessary training, licensure, and certification requirements applicable to contractors and persons engaged in activities involving the disturbance of asbestos at asbestos disposal sites, such requirements to be determined based on the recommendations provided by the commissioner of environmental services pursuant to RSA 141-E:3, II(n).

II. The commissioner of environmental services shall adopt rules, pursuant to RSA 541-A, relative to:

(a) Establishing work practices and engineering control standards for asbestos abatement activities, including the following:

(1) Establishing standards and practices for minimizing the release of asbestos fibers during building maintenance, construction, renovation, demolition, or other similar activities.

(2) Developing an inspection program of buildings, facilities, and property for the purpose of determining compliance with the rules adopted under this paragraph.

(3) Adopting, in whole or in relevant part, the federal national emission standards for hazardous air pollutants (40 CFR sec. 61, m).

(4) Establishing the schedule and collection of fees under RSA 141-E:12, II.

(5) Establishing a fee structure to defray the cost of compliance monitoring under RSA 141-E:9 and RSA 141-E:13;

(b) Establishing work practices, engineering control standards, and emission standards necessary to control the release of asbestos to the ambient air during processing, transport, and disposal activities; and

(c) Administering a program for the management of asbestos disposal sites, pursuant to RSA 141-E:3, II(f) – (o) and 40 CFR 61.151, as formerly administered under RSA 149-M.

141-E:5 Asbestos Abatement Advisory Committee Established. There is hereby established an asbestos abatement advisory committee for the purpose of coordinating the activities of state agencies responsible for the health, safety, and protection of the public and the environment which are

or may be affected by the presence of asbestos. The commissioner of health and human services or designee shall serve as chairperson of the committee. At a minimum the asbestos abatement advisory committee shall consist of:

- I. The governor or designee;
- II. The attorney general or designee;
- III. The commissioners, directors, or their designees, of:
 - (a) The department of education;
 - (b) The department of labor;
 - (c) The department of environmental services; and
 - (d) The department of health and human services;

IV. An asbestos abatement contractor or school asbestos abatement planner appointed by the governor;

V. A business or industrial representative appointed by the Business and Industry Association of New Hampshire; and

VI. A representative appointed by the Better Home Heat Council of New Hampshire, Inc.

141-E:6 Indoor Asbestos Exposure Standards.

I. The indoor non-occupational exposure standard shall be 0.01 fibers longer than 5 microns per cubic centimeter of air as determined by OSHA/NIOSH phase contrast optical microscopy methods, calculated as an 8 hour time weighted average.

II. The indoor occupational exposure standard shall be as provided for by the federal Occupational Safety and Health Administration in 29 CFR 1910, and the federal Environmental Protection Agency in 40 CFR 763, except that, where such standards exceed 0.1 fibers longer than 5 microns per cubic centimeter of air as determined by OSHA/NIOSH phase contrast optical microscopy methods, then the occupational standards shall be 0.1 fibers longer than 5 microns per cubic centimeter of air as determined by OSHA/NIOSH phase contrast optical microscopy methods.

141-E:7 Limitation of Exposure; Closure of Contaminated Areas.

I. Except as provided for under RSA 141-E:6, II, no person, whether natural or not natural, owning, controlling, or managing any workplace, public building, facility, school, or rental dwelling containing asbestos levels exceeding 0.01 fibers longer than 5 microns per cubic centimeter of air as determined by OSHA/NIOSH phase contrast optical microscopy methods shall permit unnecessary exposure of any person to such conditions which are a violation of a provision of this chapter, or of a rule adopted or order issued pursuant to the authority of this chapter.

II. The department may, in the absence of other effective measures, close access to any building or facility or any portion thereof to other than those engaged in asbestos abatement and school asbestos abatement planning activities in which there have been found asbestos levels exceeding 0.01 fibers longer than 5 microns per cubic centimeter of air as determined by OSHA/NIOSH phase contrast optical microscopy methods.

III. Closure of access shall not occur until written notice has been provided to the owner or manager of the building or facility. The owner or manager shall be given the opportunity to appeal such action in accordance with RSA 541-A.

141-E:8 Inspection of Building; Orders.

I. Whenever the commissioner of health and human services has reason to suspect the presence of RACM in any public building, facility, school, or rental dwelling, he or she may cause inspections to be carried out. If RACM is found in damaged or deteriorated condition or if conditions exist which could result in significant human exposure or if asbestos levels exceeding 0.01 fibers longer than 5 microns per cubic centimeter of air as determined by OSHA/NIOSH phase contrast optical microscopy methods are found, the commissioner of health and human services may order corrective action to abate the risk to the health of the public. The order may, at the discretion of the commissioner of health and human services, include notice of closure of access under RSA 141-E:7.

II. In the event that asbestos levels exceed the standards set in RSA 141-E:6, I or II, there may be a second test of samples collected over an 8-hour period or as otherwise approved by the department, analyzed by scanning or transmission electron microscopy analysis before any order of abatement is issued. The results of the scanning or transmission electron microscopy analysis, which shall be recorded in terms of the number of asbestos fibers longer than 5 micrometers per cubic centimeter of air in accordance with OSHA standard definitions for asbestos monitoring, shall prevail in the determination of whether the standard is exceeded. Such tests shall be paid for by the owner of the building or facility being analyzed.

III. The commissioner of health and human services may, upon request of the owner, inspect private dwellings for the presence of RACM. If RACM is found, the commissioner of health and human services shall make recommendations to the owner for its abatement. The commissioner of health and human services shall charge a fee for such inspections under RSA 141-E:12.

141-E:9 Control of Asbestos Emissions. No person, whether natural or not natural, owning, controlling or managing any workplace, public building, facility, school, or rental dwelling involved in asbestos abatement shall permit such abatement of asbestos in a dry state or in violation of any rules adopted by the commissioner of environmental services under this chapter unless specifically exempted by rule.

141-E:10 Licensure.

I. Any contractor, employer, or individual which engages in asbestos abatement activities or activities involving the disturbance of asbestos at asbestos disposal sites shall first obtain a license from the department, unless exempt pursuant to paragraph II below or rules adopted by the commissioner of health and human services in accordance with RSA 141-E:4, I(1).

II. Individuals certified pursuant to RSA 141-E:11 shall not be required to obtain a license for the performance of asbestos abatement or disturbance of asbestos at asbestos disposal sites when carried out under the authority of a contractor or employer holding a valid license issued by the department pursuant to this section.

III. A license to engage in asbestos abatement, disturbance of asbestos at any asbestos disposal site, or both, shall be issued in writing by the department and shall be valid for a period of 12 months from the date of issuance, shall be dated when issued, shall contain an expiration date, and shall be signed by the commissioner of health and human services or designee. The license shall also include the name and address of the applicant.

IV. The license or a certified copy thereof shall be available at the worksite for inspection by representatives of the department, the commissioner of environmental services, or the local government.

V. The department may grant a license to an applicant if the applicant is licensed by another state whose standards for licensure are substantially equivalent to the provisions of this section and the rules adopted by the department.

141-E:11 Certification of Employees; Reciprocity.

I. Employees and other individuals who engage in asbestos abatement, school asbestos abatement planning, or disturbance of asbestos at any asbestos disposal site shall first obtain a certificate of training from the department, unless exempt pursuant to rules adopted by the commissioner of health and human services in accordance with RSA 141-E:4, I(1).

II. The certificate shall be in writing, be valid for a period of 12 months from the date of issuance, be dated when issued, contain an expiration date, and be signed by the commissioner of health and human services or designee. It shall also include the name and address of the employee to whom it is issued.

III. The certificate or a certified copy thereof shall be readily available at the worksite for inspection by the representatives of the department, the commissioner of environmental services, or the local government.

IV. The department may grant certification if the employee is certified by another state whose certification is substantially equivalent to the provisions of this section and the rules adopted by the commissioner of health and human services.

141-E:12 Fees.

I. The commissioner of health and human services shall, by rule, set a schedule of fees for the granting of licenses under RSA 141-E:10, the granting of certificates under RSA 141-E:11, and the inspection of private dwellings under RSA 141-E:8, III. All fees shall be deposited in a nonlapsing account, shall be used solely for the administration of the department's responsibilities under this chapter, and are hereby continually appropriated for said purposes.

II. The commissioner of environmental services shall, by rule, set a schedule of fees for the notification of asbestos abatement projects. All such fees and the fines levied under RSA 141-E:16, II shall be deposited in a nonlapsing account, shall be used solely for the administration of the commissioner of environmental services' responsibilities under this chapter, and are hereby continually appropriated for said purposes.

141-E:13 Compliance Monitoring.

I. For the purposes of assuring compliance with RSA 141-E:7, I and II; 141-E:8, I and II; 141-E:9; 141-E:10; and 141-E:11, or with any rule adopted by the commissioner of health and human services or the commissioner of environmental services, an authorized representative of the department of health and human services or commissioner of environmental services may, upon presentation of appropriate credentials and at any reasonable time:

- (a) Enter any asbestos abatement worksite and any asbestos disposal site;
- (b) Inspect and obtain samples from the workplace and the environment for the purposes of ensuring compliance with this chapter;
- (c) Procure and examine licenses issued under RSA 141-E:10 and certificates issued under RSA 141-E:11; or
- (d) Request, inspect, and record information, or test results relating to asbestos abatement activity, school asbestos abatement planning activity, or asbestos disposal site activity.

II. Any information, other than asbestos contamination or exposure data, relating to secret processes or methods of manufacture or production obtained in the course of such inspection shall not be disclosed by any representative of the department of health and human services or commissioner of environmental services without permission of the person whose worksite is inspected.

141-E:14 Enforcement.

I. Whenever the commissioner of health and human services has reason to believe that the provisions of RSA 141-E:7, I or II; 141-E:8, I or II; 141-E:10; or 141-E:11, or any rule adopted by the commissioner of health and human services under this chapter has been violated, he or she shall issue a notice of violation and an order of abatement. The commissioner of health and human services may request the attorney general to bring a civil action in superior court for appropriate relief, including a temporary or permanent injunction or both, to enforce any provision of RSA 141-E:7, I or II; 141-E:8, I or II; 141-E:10; or 141-E:11, or any rule adopted by him or her under this chapter, or any order issued by him or her pursuant to this chapter.

II. Whenever the commissioner of environmental services has reason to believe that any provision of RSA 141-E:3 or any rule adopted by the commissioner of environmental services under this chapter has been violated, the commissioner of environmental services shall issue a notice of violation and an order of abatement. The commissioner of environmental services may request the attorney general to bring a civil action in superior court for appropriate relief, including a temporary or permanent injunction or both, to enforce any provision of RSA 141-E:9 or any rule adopted by him or her under this chapter, or any order issued by him or her pursuant to this chapter.

III. The notices of violation issued pursuant to paragraphs I and II of this section shall set forth the facts constituting the violation. The orders of abatement shall require elimination of the violation and shall set forth the time frame within which abatement shall be completed.

141-E:15 Criminal Penalty; Fine.

I. A person shall be guilty of a class B felony if a natural person, or guilty of a felony if any other person, if he or she knowingly:

- (a) Violates any provisions of RSA 141-E or any rule adopted under it;
- (b) Violates any term or condition of a license, certificate, or order issued under RSA 141-E; or
- (c) Makes or certifies a material false statement relative to any document or information required under RSA 141-E.

II. Notwithstanding RSA 651:2, any person may, in addition to any sentence of imprisonment, probation, or conditional discharge, be fined not more than \$25,000 if found guilty of any violation of this chapter or any rule adopted under this chapter. Each day of violation shall constitute a separate offense.

141-E:16 Administrative Fines.

I. The commissioner of health and human services, after notice and hearing, pursuant to RSA 541-A, may impose an administrative fine not to exceed \$2,000 for each offense upon any person who violates any provision of this chapter or rules adopted under this chapter. Rehearings and appeals from a decision of the commissioner of health and human services shall be in accordance with RSA 541. Any administrative fine imposed under this paragraph shall not preclude the imposition of further penalties or administrative actions under this chapter. The commissioner of health and human services shall adopt rules in accordance with RSA 541-A relative to administrative fines which shall be scaled to reflect the scope and severity of the violation. The sums obtained from the levying of administrative fines under this paragraph shall be forwarded to the state treasurer to be deposited into the general fund.

II.(a) The commissioner of environmental services, after notice and hearing pursuant to RSA 541-A, may impose an administrative fine not to exceed \$2,000 for each offense upon any person who violates any provision of RSA 141-E:3, II or any rule adopted by the commissioner of environmental services under this chapter; or upon any person who makes or certifies a material false statement relative to any document or information which is required to be submitted to the department of environmental services pursuant to this chapter or any rule adopted pursuant to this chapter. Rehearings and appeals from a decision of the commissioner of environmental services under this paragraph shall be in accordance with RSA 541. Any administrative fine imposed under this paragraph shall not preclude the imposition of further penalties under this chapter. The proceeds of administrative fines levied pursuant to this paragraph shall be deposited by the commissioner of environmental services in the fund established by RSA 141-E:12, II.

(b) Notice and hearing prior to the imposition of an administrative fine shall be in accordance with RSA 541-A and procedural rules adopted by the commissioner of environmental services pursuant to RSA 541-A:16.

(c) The commissioner of environmental services shall determine fines in accordance with RSA 125-C:15, I-b(b).

(d) The commissioner of environmental services may assess an additional fine for repeat violations.

III. Whenever a person licensed pursuant to RSA 141-E:10 or certified pursuant to RSA 141-E:11 fails to pay an administrative fine as required by this section, the commissioner of health and human services, after notice and hearing pursuant to rules adopted under RSA 541-A, may deny, suspend, or revoke the license or certificate or may issue an appropriate order.

141-E:17 Civil Forfeiture. Any person who violates any provision of RSA 141-E or any rule adopted under it, or any term or condition of a license, certificate, or order issued under RSA 141-E, shall be subject to a civil forfeiture of up to \$25,000 for each day of a continuing violation, in addition to enforcement by injunctive relief.

141-E:18 Severability. If any provision of this chapter or the application thereof to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of this chapter which can be given effect without the invalid provisions or applications, and to this end the provisions of this chapter are severable.

141-E:19 Discharge of or Discrimination Against Employees. No employer shall discharge or cause to be discharged or otherwise discipline or in any manner discriminate against any employee, prospective employee, or employee representative because that person has filed any complaint or has instituted or caused to be instituted any proceeding related to the provisions of this chapter.

141-E:20 Federal Preemption. Nothing in this chapter shall be construed to allow the department of health and human services or the commissioner of environmental services to enforce such occupational safety and health standards which have been preempted by the Occupational Safety and Health Act of 1970, 29 U.S.C. sec. 651 et seq.

141-E:21 Release Prohibited; Asbestos Waste Sites. No person shall cause or allow asbestos fibers to be released to the environment from an asbestos disposal site.

141-E:22 Management of Asbestos Disposal Sites. The owner of an asbestos disposal site shall maintain and manage the site in accordance with this chapter and rules adopted by the commissioner of environmental services under RSA 141-E:4, II.

141-E:23 Disclosure.

I. Prior to the execution of any contract for the purchase and sale of any interest in real property which includes an asbestos disposal site, the seller shall disclose the following information to the buyer:

(a) The nature and extent of the asbestos waste disposed of on the property, to the extent known at the time of transfer;

(b) The existence of any outstanding obligations pertaining to compliance with the requirements of this chapter;

(c) The existence of any activity and property use restrictions;

(d) The existence and location of all known records pertaining to asbestos disposal conditions at the site.

II. Within 10 days following title transfer of an asbestos disposal site, the former property owner shall notify the commissioner of environmental services of such transfer in writing.

III. The following information shall be disclosed by the owner to any person who uses, occupies, or will likely disturb asbestos at an asbestos disposal site, such as a tenant or contractor:

(a) The presence of asbestos waste, including the location and depth of cover, to the extent known; and

(b) The need to comply with the requirements of this chapter, including activity and property use restrictions as applicable.

IV. Pursuant to 40 CFR 61.151(e), any owner of an asbestos disposal site shall record in the property chain of title at the registry of deeds for the county in which the property is located, notice of the following:

(a) That the property has been used for the disposal of asbestos waste;

(b) That the survey plot and record of the location and quantity of asbestos waste disposed of within the disposal site required in 40 CFR 61.154(f) have been filed with the commissioner of environmental services; and

(c) That the site is subject to 40 CFR part 61, subpart M.

141-E:24 Right of Entry. The commissioner of environmental services or authorized representative shall be authorized to enter, at reasonable times and in performance of his or her duties, upon any private or public property, to inspect asbestos disposal site conditions and investigate reports by local health officials of newly discovered asbestos disposal sites.

141-E:25 Third Party Liability. There shall be no implied cause of action for third party damages against any person under this chapter to the extent that the person's liability under this chapter is based solely on the person's ownership of an asbestos disposal site.

2 Effective Date. This act shall take effect July 1, 2000.

Rep. Leishman yielded to questions.

On a division vote, 115 members having voted in the affirmative and 184 in the negative, the amendment failed.

Rep. Musler moved Re-commit to Committee.

Adopted.

HB 1395-FN-A-L, establishing an advance disposal fee and establishing grants to fund municipal waste management programs and activities. REFER FOR INTERIM STUDY

Rep. Peter R. Leishman for Environment and Agriculture: This bill would have assessed an advance disposal fee on specified products such as automotive coolants, fluorescent lamps, nickel-cadmium batteries and mercury thermostats. There was some concern there may not be any environmental benefit from this legislation and the consumer would just cross the border to avoid paying these new fees. However, questions were raised that this proposed legislation could be beneficial as it may discourage the use of products that may be environmentally unsound. Because of this the Committee supported Interim Study. Vote 16-1.

Adopted.

HB 1483, permitting owners to choose certain health care providers for their animals. OUGHT TO PASS WITH AMENDMENT

Rep. David L. Babson for Environment and Agriculture: It is the feeling of the Committee that the problems associated with an individual's having the right to select alternative medical care for their animal was caused by the addition of the word "lameness" in the final version of SB 83. This bill removes the word "lameness". Vote 14-0.

Rep. Musler moved Re-commit to Committee and spoke in favor.

Adopted.

HB 1307, relative to certification of food protection managers. REFER FOR INTERIM STUDY

Rep. Howard C. Dickinson for Executive Departments and Administration: While this bill has much to recommend it, the majority of the committee feels strongly that the subject of "food protection manager" should be studied further during the interim. Such questions, as the definition of "potentially hazardous foods" and what "food service establishments" are covered by the requirement to employ a certified food protection manager is not clear. This bill needs further work if it is going to effect all establishments both public and private serving food in New Hampshire, but not licensed by cities and towns. Vote 10-5.

Adopted.

HB 1345-FN, relative to the salary of licensed practical nurses employed by the state. **INEXPEDIENT TO LEGISLATE**

Rep. Maurice E. Goulet for Executive Departments and Administration: This bill elicited much discussion regarding the thousands of classes of employees in state service. The committee discussed the level of qualifications established by the Department of Personnel and felt that this issue is best resolved by the Personnel Department. Vote 11-5.

Adopted.

HB 1468-FN, relative to the registration of pharmacy technicians. **OUGHT TO PASS**

Rep. Nancy C. Stickney for Executive Departments and Administration: HB 1468-FN requires that the Board of Pharmacy register pharmacy technicians. This bill defines the term pharmacy technician and establishes the necessary rulemaking authority for the Board of Pharmacy. Pharmacy technicians have become an integral part of the operation of most pharmacies and it is time to require registration for the purpose of establishing standards, duties and functions thereby addressing the interest of public safety. Vote 9-5.

Adopted and referred to Finance.

HB 1510-FN, relative to establishing a medical savings account plan for providing state employee health care benefits. **OUGHT TO PASS WITH AMENDMENT**

Rep. Merton S. Dyer for Executive Departments and Administration: The committee amended the original bill establishing a medical savings account for state employees when allowed by changes in federal law. The amendment is enabling legislation to allow the state to offer this type of plan when permitted. This amendment does not mandate this option but permits it to be discussed during the collective bargaining process. Vote 15-0.

Amendment (3487h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Medical Savings Account Plan. Amend RSA 21-I by inserting after section 26 the following new section:

21-I:26-a Medical Savings Account Plan.

I. The provision under this subdivision of hospitalization, hospital medical care, surgical care, dental care, and other medical and surgical benefits to state employees by payment of the premium for inclusion in a group insurance program may be administered by the department as a medical savings account plan or may include a medical savings account provision. A "medical savings account" means a tax-exempt account into which funds are contributed and which may be used exclusively for certain qualifying hospitalization, hospital medical care, surgical care, dental care, and other medical and surgical care expenses.

II. Upon the passage of federal legislation authorizing the components of the plan established under the authority of this section, the division of personnel, bureau of employee relations, under the commissioner of administrative services, may develop a medical savings account plan.

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill authorizes the department of administrative services to develop, contingent on the passage of federal legislation, a medical savings account plan which may be used in providing the health care benefits afforded state employees.

Adopted.

Report adopted and ordered to third reading.

HB 1560-FN, relative to the purchase of certain prior service by county corrections officers in the New Hampshire retirement system. **OUGHT TO PASS WITH AMENDMENT**

Rep. Merton S. Dyer for Executive Departments and Administration: In 1987, the legislature gave the counties legislative authority to place their correctional line personnel into group II of the New Hampshire Retirement System from group I. This was optional to the counties and could only be done by affirmative vote of the county delegation upon recommendation of the county commissioners and the executive committee. Most counties have done this but at different times after the effective date of July 24, 1987. This bill will allow the individual who had been a member of group I after the effective date up to the date of transfer to purchase his group I time into the group II

section of the retirement system. The amendment specifies the time in group I must have been served while in the employment of the present employer. The amendment further requires a member desiring to purchase such time obtain an actuarial accrual statement of the cost from the actuary and to pay this cost. In addition, the member is limited to a one time purchase of all of the time in group I between the enabling date and the date the county transferred its member into group II and the buy in must be paid in full. There will be no additional cost to the county for this transfer nor is there any cost effect on further county contributions on behalf of the members for current time in group II. There will be no cost to state or local funds if this bill is enacted. Vote 10-5.

Amendment (3485h)

Amend the bill by replacing section I with the following:

1 New Hampshire Retirement System; County Corrections Personnel; Eligibility for Purchase of Prior Group I Service as Group II Service. At the time any county elects to transfer the corrections officer personnel employed at its correctional facilities from group I to group II retirement system service under the provisions of RSA 100-A:20, III, any corrections officer, who has prior eligible group I service as a corrections officer in a facility of the county in question, may purchase such service as group II service notwithstanding any provisions of RSA 100-A:20, III to the contrary. Provided, however, that the period of the service must have been performed between the dates of July 24, 1987 and the date of the transfer of the corrections positions to group II. A one-time cost of obtaining such prior service credit, determined by the actuarial accrued liability methodology, shall be the responsibility of the member requesting the calculation. An eligible member shall notify the board of trustees of the member's desire to purchase such time and shall purchase such time within 5 years of the effective date of this act.

Adopted.

Report adopted and referred to Finance.

HB 1574-FN, relative to a living wage act which establishes a living wage requirement for state contracts and awards and state employees, and establishing a study committee on living wage and family economic security. **INEXPEDIENT TO LEGISLATE**

Rep. Howard C. Dickinson for Executive Departments and Administration: A number of factors prevented committee support including article 28-a conflict, inflated costs of state contracts, preferential treatment in labor negotiations and two tiered minimum wage rates. The committee believes that minimum wage should be a subject of federal legislation so the effect on poverty level benefits can be addressed at the same time. While some members supported the idea of the study committee described in the bill, the responsibilities of this study were so all encompassing as to include most of the current social and economic problems in the country. We could not realistically justify such a mandate. Vote 13-3.

Adopted.

HB 1575-FN, relative to the licensure of interpreters for the deaf. **REFER FOR INTERIM STUDY**
Rep. Carolyn A. Virtue for Executive Departments and Administration: The committee believes this is an important piece of legislation and that licensure of deaf interpreters may have merit. However, the committee did not have sufficient time to complete its work on the bill and voted to refer the bill to interim study. Vote 8-6.

Adopted.

PRIVILEGE OF THE HOUSE

Rep. Virtue requested Privilege of the House.

Rep. Solow moved that the remarks made by Rep. Virtue be printed in the Journal.

Adopted.

Rep. Virtue: Thank you Madam Speaker and honorable colleagues. The majority committee report relative to House Bill 1575 that appears on page 440 of the House Record attributes my name to the report. However, the report does not appear as I originally wrote it nor as it was sent from the Committee on Executive Departments and Administration. The report was changed without my consent. It has been explained to me that this occurred due to a miscommunication and the appropriate apologies have been extended to me which I sincerely appreciate. However, we are talking about a permanent record of the work of this body. I am compelled to rise to point out that discrepancy to protect the integrity of the record. Thank you.

REGULAR CALENDAR (CONT'D.)

HB 1514-FN-L, requiring a death record for an aborted fetus. **INEXPEDIENT TO LEGISLATE**
 Rep. Lawrence A. Emerton for Health, Human Services and Elderly Affairs: Present law requires that whenever a fetal death occurs, the attending physician shall fill out a death record and it is solely a statistical report. This bill would add aborted fetal deaths. At the hearing, the sponsor requested we withdraw the original bill and replace it with an amendment to establish a committee to study the fiscal effects of fetal alcohol syndrome on state agencies. The proposed amendment was substantially different and would require a public hearing under the House rules. Even though the amendment was well intentioned and perhaps merits further study, it could not be considered. As the original bill was withdrawn by the sponsor, the committee voted ITL. Vote 16-0.
 Adopted.

HB 1408, relative to appointment of non-attorneys as judges. **INEXPEDIENT TO LEGISLATE**
 Rep. Sandra B. Keans for Judiciary: Under current statutes there is no requirement for a judge to be a lawyer or member of the bar. The governor may indeed nominate any citizen he or she feels has appropriate qualifications and temperament for the responsibility. This bill is not well written in that we cannot be sure who is eligible – a member of the bar/non- practicing, law degree/non-practicing, or none of the above. A common complaint today is that the judge does not apply the law accurately. If that is true, this legislation will only complicate the situation. Vote 15-1.
 Adopted.

Rep. Soltani declared a conflict of interest and did not participate.

MOTION TO SPECIAL ORDER

Rep. Hess moved that **HB 1111**, relative to the adoption by reference of the International Property Maintenance Code for municipalities, be made a Special Order for Thursday, March 9, 2000 in the regular calendar order.
 Adopted.

REGULAR CALENDAR (CONT'D.)

HB 1485-FN, relative to a certain toll booth and establishing a committee to study road tolls along the state's highways. **OUGHT TO PASS WITH AMENDMENT**
 Rep. Richard F. Ahern for Public Works and Highways: This bill as amended eliminates a proposed toll booth in Nashua. This toll booth was part of the original circumferential highway, and part of the portion not being considered at this time due to environmental concerns. Toll booths cost money to construct, and if there was not going to be the potential to collect tolls for some time into the future, the need for it did not seem to be necessary. The intent of the committee was in no way intended to affect any other toll facilities in the state. If other situations occur that need this type of attention, we will address them at that time. The Department of Transportation supported the amended bill. Vote 13-4.

Amendment (3425h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to a certain proposed toll booth.

Amend the bill by replacing all after the enacting clause with the following:

1 Proposed Toll Booth. Notwithstanding RSA 240 or any other provision of law to the contrary, the department of transportation shall not build the proposed toll booth in Nashua.

2 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill provides that a proposed toll booth in Nashua shall not be built.

Adopted.

Report adopted and referred to Finance.

SB 46-FN, relative to the applicability of mooring permit requirements **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: REFER FOR INTERIM STUDY.**

Rep. Richard T. Cooney for the Majority of Resources, Recreation and Development: At present, the six largest lakes in New Hampshire are covered by the moorings program. This bill would add

all lakes over 500 acres (37 additional lakes) to the program over a number of years. In addition, other lakes could be petitioned to be in the program by 25 residents. The supporters of this bill argue that this is a pro-active approach to prevent potential abuses of the use of moorings. Testimony in support of the bill was primarily limited to the sponsor and representatives of the New Hampshire Lakes Association. The bill would give the Department of Safety the authority to determine the number of moorings on these lakes and who would get them. Municipalities would have additional control over public mooring fields through local regulations. The committee feels this is a big government solution to a problem yet to exist on these additional lakes. Vote 12-4.

Rep. MaryAnn N. Blanchard for the Minority of Resources, Recreation and Development: In the 1999 Session, the House killed a mooring bill in anticipation of SB 46-FN. At that time, the committee recognized the complexity of issues on this subject and were hopeful that working on this bill would resolve them. Unfortunately, the day of the public hearing was snowy and attendance by both committee members and concerned parties was limited. Nor was this bill put into a subcommittee for further review. At the executive session, several legislators expressed lack of a clear understanding of the bill and its issues. The Minority believes this bill did not receive the scrutiny it deserved.

Majority report adopted.

HB 1330, relative to telephone special contracts. INEXPEDIENT TO LEGISLATE

Rep. Roy D. Maxfield for Science, Technology and Energy: This bill sought to restrict special pricing contracts for telephone utilities. The Public Utilities Commission (PUC) grants special contracts for telephone services not covered by established tariffs. The PUC requires a showing of special circumstances, and then determines whether the special contract is just, and in the public interest. The majority of the committee feels that this legislation is not needed. Most of the concerns of the sponsor are now addressed in a recent PUC order. The PUC issued an order on 12-2-99 requiring all parties seeking special contracts to prove that pricing guidelines are competitive, that the same pricing arrangements are available to others and that the special contract will not be predatory in nature and therefore restrict competition. Issues identified during committee hearings will be referred to the telecommunications oversight committee for discussion and follow up. Vote 12-3.

Adopted.

HB 1349-L, authorizing the department of environmental services to collect the costs of administering air pollution control from polluters at different rates for different polluters. OUGHT TO PASS WITH AMENDMENT

Rep. Jeffrey C. MacGillivray for Science, Technology and Energy: The bill as amended addresses two distinct issues: 1) fees collected by the department of environmental services (DES) from air polluters to administer air pollution control and 2) technical corrections to last session's HB 625 which dealt with mercury emissions reduction from municipal waste combustors. 1) The bill authorizes the department to collect its fees at different rates for different pollutants, as opposed to present practice which treats all pollutants the same regardless of toxicity or comparative risk. DES already collects a \$47 fee per ton of air pollutant as authorized by federal law. The committee agreed with the sponsor that charging different amounts for different pollutants was desirable, but the committee limited the department's authority by clearly requiring that the enactment of this bill will not change total fees collected, will not assess fees on additional pollutants, and will not increase the number of categories of pollutants currently compiled by the department. The committee also limited the range of fees among different categories of pollutants to not more than a ratio of 4 between the largest and the smallest, and phased in this change in two steps. In addition, the bill authorizes DES to waive collection of all fees less than a de minimus amount. As a result, DES stated that this bill would not significantly change the cost of administering this program. The bill then also provides for a study to examine possible changes to these limits. 2) When HB 625 (mercury emissions reduction from municipal waste combustors) was signed into law in January instead of last July, certain technical corrections became necessary to give DES until September 1 to study ash landfills instead of February 1 and to state that the study will accompany, rather than precede, implementation of the first mercury controls. The remaining technical corrections, in section 3 of the bill, clarify the language enacted last year and allow a minimum of 6 months for a combustor newly covered by federal rules to submit a plan for eventual compliance. The date

required for eventual compliance is clarified but unchanged. While subsequent legislation now being discussed in the Senate could further change this program, the committee believes these technical corrections and clarifications should be made promptly. Vote 13-2.

Amendment (3476h)

Amend the title of the bill by replacing it with the following:

AN ACT authorizing the department of environmental services to collect the costs of administering air pollution control from polluters at different rates for different pollutants, and relative to the mercury emissions reduction program and ash landfill study.

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraphs; Air Pollution Control; Costs Assessed at Different Rates. Amend RSA 125-C:12 by inserting after paragraph V the following new paragraphs:

VI. The fee schedules authorized in paragraphs IV and V may include different fees per ton for different pollutants, subject to the following conditions:

(a) Differences in fees shall be justified either on the basis of differences in the impact of the different pollutants on public health or on the environment, or on the basis of differences in the cost of administration for different pollutants.

(b) The total fees collected pursuant to paragraphs IV through VI shall be the same amount as would have been collected pursuant to paragraphs IV and V in the absence of this paragraph.

(c) No additional pollutants shall be assessed as a result of this paragraph. New pollutants may be assessed if the federal government adds additional pollutants to its list of pollutants requiring Title V permits, or if the state adds to the list of regulated toxic air pollutants in accordance with RSA 125-I:4, V.

(d) Different fees per ton may only be applied to the following categories of pollutants, and not to individual pollutants within these categories:

- (1) Total suspended particulates, excluding particulate matter smaller than 10 microns.
- (2) Particulate matter smaller than 10 microns.
- (3) Nitrogen oxides.
- (4) Sulfur dioxide.
- (5) Volatile organic compounds.
- (6) Carbon monoxide.
- (7) Hazardous and toxic air pollutants not included in subparagraph VI(d)(5).

(e) The maximum fee per ton for any category shall not exceed 4 times the minimum fee per ton for any category. For emissions during calendar year 2001 only, the maximum fee per ton for any category shall not exceed 2 times the minimum fee per ton for any category.

(f) This paragraph shall only apply to emissions after December 31, 2000.

VII. The department may set a de minimis amount for fees under paragraphs IV, V and VI and may waive the collection of all fees less than this amount.

2 Mercury Emissions Reduction and Control Program; Findings and Purpose. Amend RSA 125-M:1, V to read as follows:

V. Ash landfills which serve municipal waste combustors may experience increased mercury levels in the ash disposed at such landfills as a result of efforts to lower mercury emissions from such municipal waste combustors. Therefore, the general court finds that it is appropriate ~~[to implement] that the implementation of mercury controls on municipal waste combustors [after the department of environmental services conducts]~~ **be accompanied by** a detailed study and review of the ash landfills in the state **by the department of environmental services** to make certain that all necessary safeguards are in place to protect against environmental degradation from such sources and ensure the protection of drinking water supplies.

3 Mercury Emissions Reduction and Control Program; Compliance. Amend RSA 125-M:5, I to read as follows:

I. No person shall operate a municipal waste combustor with the design capacity to burn 100 tons per day or more of municipal solid waste without a temporary or operating permit issued by the department in accordance with RSA 125-C. Any source subject to this section shall file a complete application for a permit or permit modification under the provisions of RSA 125-C and a plan for achieving compliance with this chapter. Combustors with a design capacity of 250 tons per day or more shall submit such plan and application by July 1, 2000 in order to comply by January 1,

2001 with the emission limits established by this chapter. Combustors with a design capacity of less than 250 tons per day but not less than 100 tons per day which are subject to RSA 125-M:3, I shall submit such plan and application by January 1, 2001 ~~[in order to comply by July 1, 2001]~~ *or by 6 months after becoming subject to RSA 125-M:3, I, whichever is later, and shall comply with the emission limits established by this chapter by July 1, 2001 or by the date required for compliance with the federal maximum mercury emission rate that makes the combustor subject to RSA 125-M:3, I, whichever is later.*

4 Ash Landfill Study. Amend 1999, 350:2 to read as follows:

350:2 Ash Landfill Study. The department of environmental services shall study the implications of having increased mercury levels in ash in order to ensure maximum protection measures from ash contaminants. The department shall review current environmental protection practices at ash landfills that serve combustors with a design capacity of 100 tons per day or more, including methods used to handle and treat ash, the adequacy of leak detection systems and groundwater monitoring, and the ability to effectively mitigate environmental contamination, if it should occur, to protect drinking water supplies. The department shall report its findings by ~~[February]~~ *September 1, 2000* to the house science, technology and energy committee, the house environment and agriculture committee, the house resources, recreation and development committee, the senate environment committee, the governor, the state library, the New Hampshire/Vermont Solid Waste Project, all of the municipalities in the Sullivan County Regional Refuse Disposal District, and the Concord Regional Solid Waste/Resource Recovery Cooperative and its member municipalities.

5 Study.

I. The department of environmental services shall study the feasibility and methods of implementation for the following possible changes to the list of categories in RSA 125-C:12, VI(d):

(a) Separating hazardous and toxic air pollutants now included in RSA 125-C:12, VI(d)(1) from RSA 125-C:12, VI(d)(1).

(b) Separating hazardous and toxic air pollutants now included in RSA 125-C:12, VI(d)(5) from RSA 125-C:12, VI(d)(5).

(c) Dividing all listed hazardous and toxic air pollutants into not more than 3 categories based either on the basis of differences in the impact of the different pollutants on public health or on the environment, or on the basis of differences in the cost of administration for different pollutants.

II. The department of environmental services shall also study the feasibility and methods of implementation for increasing the ratio of maximum fee per ton for any category to minimum fee per ton for any category from 4 to a larger number.

III. The department of environmental services shall report its findings by November 15, 2000 to the speaker of the house of representatives, the president of the senate, the house science, technology and energy committee, the senate environment committee, the governor, and the state library.

6 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill:

I. Authorizes the department of environmental services to collect the costs of administering air pollution control from polluters at different rates for different pollutants.

II. Provides that the implementation of mercury controls on municipal waste combustors be accompanied by, as opposed to being implemented after, a study of ash landfills in the state by the department of environmental services.

III. Requires that certain combustors complete an application for a permit or permit modification under RSA 125-C and compliance plan by January 1, 2001 or 6 months after becoming subject to certain provisions of RSA 125-M, whichever is later, and comply with the emission limits established by RSA 125-M by July 1, 2001 or by the date required for compliance with the federal maximum mercury emission rate that makes such combustors subject to certain provisions of RSA 125-M, whichever is later.

IV. Extends to September 1, 2000 the date by which the department of environmental services shall report its ash landfill study findings.

V. Requires the department of environmental services to study the feasibility and methods of implementing certain changes to listed air pollutant categories.

Adopted.

Report adopted and referred to Finance.

HB 1470, relative to divestiture of electric utility assets. **OUGHT TO PASS WITH AMENDMENT** Rep. Gary R. Gilmore for Science, Technology and Energy: This legislation addresses several concerns raised in the proposed settlement in regard to the divestiture of PSNH generation assets. While responding to the concerns of a great many of the non-settling parties, it codifies several of the policies adopted by the Electric Restructuring Oversight Committee. Foremost among the issues raised is that of PSNH conducting the sale of generation assets while PSNH affiliates are allowed to bid on these same assets. If PSNH or an affiliate or a potential affiliate because of a pending merger intends to be allowed to bid, the sale of these assets will be administered through the PUC by an independent and qualified entity. The bill urges the PUC to require a more rapid amortization of the proceeds of the asset sale than is outlined in the settlement. The bill also encourages the PUC to delay the sale of the hydroelectric facilities allowing interested municipalities a greater opportunity to bid a fair market price on these facilities. Vote 14-0.

Amendment (3507h)

Amend the bill by replacing sections 1 and 2 with the following:

1 Findings.

I. In accordance with "Agreement to Settle PSNH Restructuring" filed with the public utilities commission on August 2, 1999 (the Agreement), Public Service Company of New Hampshire (PSNH) has agreed to divest itself of its power generation assets and power purchase agreements. The Agreement contemplates divestiture through several processes, including the sale of PSNH's existing power generation facilities through an asset sale process. The Agreement states that the goal of the asset sale process is to maximize the net proceeds realized from the sale in order to mitigate stranded costs. However, the agreement also contemplates that PSNH will conduct the asset sale process, and that PSNH affiliates will be allowed to bid in the asset sale process should they seek to retain generating facilities.

II. The general court finds that the asset sale process outlined in the Agreement is seriously flawed. A sale of PSNH's assets, conducted by PSNH, with PSNH affiliates bidding on the assets, establishes a multi-layered conflict of interest that is antithetical to the public interest.

III. Because the sale of assets will significantly affect stranded costs, the general court is obligated to ensure both the fairness and the appearance of fairness of the asset sale process in order to maximize the proceeds of the sale.

IV. The general court finds that an asset sale conducted by the public utilities commission is more likely to maximize proceeds and thereby reduce stranded costs than an asset sale conducted by PSNH.

V. The general court finds that the proceeds of the asset sale will likely generate greater savings for ratepayers if such proceeds are more rapidly amortized than what is proposed in the Agreement. The public utilities commission should require a more rapid amortization if such potential savings do exist and it is in the public interest.

VI. As a condition of approving the Agreement, the public utilities commission may find that an additional divestiture of assets is in the public interest.

VII. The general court finds that it is in the public interest to allow municipalities to bid a fair market price on hydroelectric facilities. The public utilities commission may find it appropriate to delay the sale of any such facilities for up to one year to facilitate such participation by municipalities.

VIII. The general court finds that an asset sale conducted pursuant to this act should not be inconsistent with the laws or rules of the state of New Hampshire.

2 New Paragraph; Public Utilities; Electric Utility Restructuring; Implementation; Divestiture of Assets. Amend RSA 374-F:4 by inserting after paragraph XI the following new paragraph:

XII.(a) If a settlement agreement between the state and an electric utility, entered into for the purpose of implementing retail choice of electric suppliers, requires divestiture of electricity generation assets, and if the electric utility, an affiliate, or a company that would become an affiliate if an announced merger were consummated has retained the right to bid on those assets, the commission shall administer the liquidation of such assets. Any asset sale administered by the commission pursuant to this paragraph shall be conducted in this state. The commission shall hire an independent, qualified asset sale specialist to conduct the asset sale process. The electric utility shall be allowed to comment prior to the selection of any such specialist. The commission may require that any such settlement agreement provide for the divestiture of additional generation assets or change the method of divestiture. The commission should require that any such settlement agreement amortize the proceeds of any asset sale at the most rapid rate that is beneficial to ratepayers.

(b) In order to facilitate the participation of municipalities in the acquisition of any hydroelectric facilities being divested by an electric utility under this paragraph, the commission is authorized, if it finds it to be in the public interest, to delay the sale of any such hydroelectric facilities for up to one year later than that of the sale of non-hydroelectric generation assets being divested by the electric utility. Notwithstanding RSA 31:5 and RSA 33:8, no approval of the superior court shall be required for a municipality to hold one special town meeting or one special meeting to raise or appropriate money or to issue bonds or notes for the purchase of a hydroelectric facility under this paragraph or for expenditures related to such activity.

AMENDED ANALYSIS

This bill:

I. Requires that the public utilities commission administer the divestiture of electricity generation assets required by a settlement agreement between the state and a public utility.

II. Requires that the public utilities commission hire an independent, qualified asset sale specialist to conduct the asset sale process.

III. Permits the public utilities commission to require that any settlement agreement provide for the divestiture of additional assets or to change the method of divestiture.

IV. Advises the public utilities commission to require that any settlement agreement amortize the proceeds of any asset sale at the most rapid rate that is beneficial to ratepayers.

V. Authorizes the public utilities commission to delay the sale of hydroelectric utilities being divested by a public utility for up to one year later than non-hydroelectric generation assets being divested.

Adopted.

Report adopted and ordered to third reading.

HB 1552-FN-A, establishing a telecommunications development initiative in New Hampshire and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT**

Rep. John H. Thomas for Science, Technology and Energy: This initiative was the result of a two-year telecommunication roundtable process comprised of the governor's office, members of the legislature, Public Utilities Commission (PUC), telecommunications industry and the private sector. Whereas high tech workers are a significant part of our employment community and high tech industries are a large part of New Hampshire's economy, the committee found that the initiative should create a new position within the Department of Resources and Economic Development. This position's goals should be to identify, promote and enhance and publicize the telecommunications infrastructure in the state for the purpose of economic development. An advisory committee shall be formed and be composed of a broad range of members from the governor's office, the legislature, PUC, education community, small and large business, municipal and county government, economic development organizations, residential sector and the telecommunications industry. Funding for the first year until June 30, 2001 shall be provided through an assessment by the PUC on the certified telecommunications providers. Possible subsequent funding, if this position is to be continued, could be provided from the general fund, a line access charge, or an assessment on certified telecommunications providers. Vote 13-2.

Amendment (3497h)

Amend the bill by replacing all after the enacting clause with the following:

I Findings. The general court finds that:

I. The dissemination of information regarding the status of telecommunications infrastructure in the state of New Hampshire is a critical component of New Hampshire's economic development efforts. A telecommunications development initiative is therefore established to identify existing telecommunications infrastructure and create a central repository of basic information, and to publicize this telecommunications infrastructure as an integral part of economic development efforts. Due to the rapid rate of change of telecommunications infrastructure data, the central repository of information should be limited to only basic information and a list of contacts for further information.

II. A secondary duty of the telecommunications development initiative is to identify shortcomings in the deployment of telecommunications infrastructure throughout all parts of the state, and to assist efforts to enhance the deployment of telecommunications services.

III. The accomplishments of this initiative should be reviewed no later than the fourth year of its existence.

2 New Paragraph; Resources and Economic Development; Director of Economic Development, Duties; Telecommunications Development Initiative. Amend RSA 12-A:22 by inserting after paragraph VIII the following new paragraph:

IX. Develop and implement a telecommunications development initiative pursuant to RSA 12-A:45.

3 New Subdivision; Telecommunications Development. Amend RSA 12-A by inserting after section 44 the following new subdivision:
Telecommunications Development

12-A:45 Telecommunications Development Initiative.

I. The director of economic development, under the supervision of the commissioner of resources and economic development and pursuant to the director's duties under RSA 12-A:22, shall develop and implement a telecommunications development initiative.

(a) As primary duties of this initiative, the director shall:

(1) Identify existing telecommunications infrastructure by establishing and maintaining a database of telecommunications service providers, services, and infrastructure that exist throughout the state.

(2) Publicize the state's telecommunications infrastructure, as an integral part of the state's economic development efforts, by planning, developing, administering, and implementing programs to assist in the distribution of information about available telecommunications services, infrastructure, and technologies throughout all parts of the state.

(b) As secondary duties of this initiative, the director shall:

(1) Identify shortcomings in the deployment of telecommunications infrastructure throughout all parts of the state,

(2) Work with providers of telecommunications services, educators, and municipal, county, state, and other government officials to assist efforts to enhance the deployment of telecommunications services.

II. The director may delegate any of the duties established in paragraph I to appropriate designees within the division of economic development.

III. The budget for any fiscal year for the duties of this subdivision shall not exceed \$150,000.

12-A:46 Telecommunications Development Advisory Committee.

I. There is hereby established a telecommunications development advisory committee to advise and assist the director of economic development in performing the duties established in RSA 12-A:45. The committee shall meet at least quarterly.

II. The members of the committee shall be:

(a) The governor, or designee;

(b) The commissioner of resources and economic development, or designee;

(c) The commissioner of administrative services, or designee, preferably from the division of information technology management;

(d) The chairman of the public utilities commission, or designee;

(e) One member of the house of representatives, appointed by the speaker of the house of representatives;

(f) One member of the senate, appointed by the president of the senate; and

(g) The following persons appointed by the commissioner of resources and economic development with the approval of the governor and council:

(1) One member representing residential telecommunications customers;

(2) One member representing large business telecommunications customers;

(3) One member representing small business telecommunications customers;

(4) One member representing educators providing distance learning;

(5) One member representing municipal government;

(6) One member representing county government;

(7) One member representing a regional economic development organization or a regional planning commission; and

(8) Up to 5 members representing several of the following sectors of the telecommunications industry: wireless, paging, incumbent local exchange carriers, competitive local exchange carriers, internet service providers, cable, long distance providers, and broadcast television. A member representing one sector of the telecommunications industry may also represent one or more other sectors, as deemed appropriate by the commissioner.

III. The legislative members of the committee shall serve for the duration of their legislative term, and shall receive mileage at the legislative rate when attending to the duties of the committee.

IV. Other appointed members of the committee shall serve for 3 years and until a successor is appointed.

V. The committee shall elect a chairperson from among the members.

12-A:47 Telecommunications; Statutory Construction. For purposes of this subdivision, "telecommunications" shall be construed broadly, and shall include, but not be limited to, traditional dial tone services, the transmission of voice, data, or video through cable and wireless media, and any other similar services to be offered in the future.

12-A:48 Authority of Director to Acquire Information. The director of economic development is authorized to request from telecommunications service providers such information as the director requires to perform the duties established in RSA 12-A:45.

12-A:49 Confidentiality. Information provided to the director pursuant to a request made under RSA 12-A:48 shall, if properly demonstrated by the provider of the information, be deemed confidential, commercial, or financial information and exempt from public disclosure under RSA 91-A:5. IV. Nothing in this section shall prohibit the director from disclosing information provided pursuant to a request made under RSA 12-A:48 in a manner that does not specifically identify the provider.

4 Telecommunications Development Advisory Committee; Initial Terms of Members. The initial terms of the appointed members of the telecommunications development advisory committee shall be as follows:

I. The members appointed pursuant to RSA 12-A:46, II(g)(1)-(3) shall serve for a period of one year.

II. The members appointed pursuant to RSA 12-A:46, II(g)(4)-(7) shall serve for a period of 2 years.

III. The members appointed pursuant to RSA 12-A:46, II(g)(8) shall serve for a period of 3 years.

5 Initial Funding; Appropriation.

I. The commissioner of resources and economic development shall develop a budget for the fiscal year ending June 30, 2001 for the telecommunications development initiative established by this act, and shall submit the budget to the fiscal committee of the general court for final approval.

II. The sum of \$150,000 for the fiscal year ending June 30, 2001 is hereby appropriated to the department of resources and economic development for the purposes of commencing the telecommunications development initiative established by this act. This appropriation is in addition to any other funds appropriated to the department of resources and economic development. The governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise appropriated.

III. The sum of \$150,000 for the fiscal year ending June 30, 2001 shall be assessed by the public utilities commission against certified telecommunications providers in accordance with the procedures of, and in addition to all other funds collected pursuant to, the utility assessment of RSA 363-A. All funds received by the public utilities commission pursuant to this paragraph shall be paid to the state treasurer for deposit into the general fund for the purposes of this act.

6 Repeal. The following are repealed:

I. RSA 12-A:22, IX, relative to a telecommunications development initiative.

II. RSA 12-A:45-49, relative to telecommunications development.

7 Effective Date.

I. Section 6 of this act shall take effect July 1, 2004.

II. The remainder of this act shall take effect July 1, 2000.

Adopted.

Report adopted and referred to Finance.

HB 1569-FN, relative to contamination of state water resources and the health and environmental effects of certain gasoline components. OUGHT TO PASS WITH AMENDMENT

Rep. Terie T. Norelli for Science, Technology and Energy: The committee has considered several bills relating to the gasoline additive, methyl tertiary butyl ether (MtBE) over the past two years. This bill, as introduced, would have prohibited the sale of reformulated gasoline (rfg) in certain parts of the state, limited conventional gasoline to 87 octane and required testing of gasoline and water supplies. There was testimony that certain motor vehicles require gasoline with an octane

rating greater than 87. In addition, an octane rating of 87 means that it has a minimum rating of 87, making this requirement impractical. Last year the legislature passed SB 70 which gives the commissioner of the Department of Environmental Services the authority to ban MtBE in all or any part of the state after a public hearing and approval of governor and council. Further, it required that there be a readily available, reasonably priced, less hazardous alternative available. The committee felt that these requirements included in SB 70 were in the best overall interests of the public. The committee believes SB 70 is the most proactive legislation of any state in the nation. Therefore, as amended, this bill does not include provisions for an octane cap or for a ban of reformulated gasoline. Should this voluntary water testing program prove to be inadequate, a proposal for mandatory testing can be resubmitted and considered in the next budget cycle. Testing costs for the 306 municipally owned water systems was estimated by the Department of Environmental Services to cost \$42,000 annually. Testing for other public water systems was estimated to be \$220,000 annually. DES testified that nearly half of all public water systems are required to perform routine testing in the next calendar year. With the budget constraints that currently exist, the committee felt a voluntary testing program for all public water systems was appropriate. As amended, this bill institutes a voluntary testing program and requires that the department provide a certificate stating whether the water meets the MtBE standard. In addition the department shall report their findings to the MtBE study committee that can suggest legislative changes if deemed necessary. The intent of the gasoline testing was to determine whether reformulated gasoline is currently being sold in the six counties not required to use rfg under the Clean Air Act. The bill was amended to require DES to sample gasoline in this area and to report their findings to the MtBE study committee, contingent upon the receipt of sufficient grant money to pay the lab fees for the samples. The department testified that they have already approached the US Environmental Protection Agency for such a grant. Vote 13-1.

Amendment (3480h)

Amend the title of the bill by replacing it with the following:

AN ACT requiring the department of environmental services to propose a voluntary testing program of public water supplies for methyl tertiary butyl ether (MTBE), and to study the amount of MTBE in gasoline in the state.

Amend the bill by replacing all after the enacting clause with the following:

I Purpose. In order to cost-effectively minimize the contamination of our water resources, the following actions are proposed relevant to conventional and reformulated gasoline which contains the oxygenate methyl tertiary butyl ether (MTBE).

2 Voluntary Water Testing and Report.

I. The department of environmental services shall propose a voluntary testing program of public water supplies in New Hampshire for MTBE concentrations. This voluntary testing program shall be in addition to existing testing requirements for public water supplies. The department shall contact by letter all public water systems in the state and describe how public water systems can best conduct these voluntary MTBE tests. The department shall compile the results of any MTBE test that a public water system voluntarily conducts and voluntarily submits to the department.

II. The commissioner of environmental services shall report findings and conclusions to the MTBE study committee established under 1999, 55. The report shall include the results of testing, a list of which public water systems conducted or did not conduct such tests, and any recommendations for future mandatory testing of public water supplies, including reimbursement to water systems operated by municipalities.

III. The department shall, upon request, supply to any public water system that has conducted a voluntary test a certificate stating the results of the test and whether the water meets the MTBE standard.

3 Study of Reformulated Gasoline. The commissioner of environmental services shall, upon receipt of sufficient grant money to pay for the analyses, study the amount of reformulated gasoline delivered to areas in the state where reformulated gasoline is not currently required under New Hampshire's state implementation plan by analyzing levels of methyl tertiary butyl ether (MTBE) in a minimum of 100 gasoline samples taken from a representative selection of gasoline distribution facilities located outside Hillsborough, Merrimack, Rockingham, and Strafford counties. Samples shall include samples of different grades of gasoline. The commissioner shall report find-

ings of the study by October 1, 2000 to the speaker of the house of representatives; the president of the senate; the MTBE study committee established under 1999, 55; the house science, technology and energy committee; the senate environment committee; the governor; and the state library.

4 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill requires the commissioner of the department of environmental services, upon receipt of sufficient grant money, to study levels of MTBE in gasoline samples taken from gasoline distribution facilities located outside Hillsborough, Merrimack, Rockingham, and Strafford counties, and report findings of the study by October 1, 2000. This bill also requires the department of environmental services to propose a voluntary testing program of public water supplies for MTBE concentrations.

Adopted.

Report adopted and referred to Finance.

MOTION TO SPECIAL ORDER

Rep. Marsha Pelletier moved that **HB 1234**, relative to a special commission allowing non-ordained ministers residing out of state to perform marriages in New Hampshire, be made a Special Order for Thursday, March 9, 2000 for 4:00 p.m. or at the end of the Regular Calendar and spoke in favor. Adopted.

REGULAR CALENDAR (CONT'D.)

HB 1418-FN-L, relative to mercury-containing products. REFER FOR INTERIM STUDY

Rep. Harold P. Melcher for Environment and Agriculture: Because of the complexity of this bill, the necessity of collaborating with other New England states, and the short time allowed to create a meaningful bill, the committee felt it should send it to Interim Study. Vote 14-0.

Rep. Musler moved Re-commit to Committee and spoke in favor.

Adopted.

HB 1578-FN-A, relative to the joint promotional program and making an appropriation therefor. INEXPEDIENT TO LEGISLATE

Rep. Joseph E. Stone for Finance: This bill called for an appropriation of \$1,000,000 in FY 2001 for in-state tourism development and development of products assisting tourism promotion. With the uncertainty of the actual shortfall from the state's funding of education for FY 2001, the committee feels it inappropriate to approve the expenditure of \$1,000,000 at this time. Furthermore, with the exception of the sponsors, all the testimony to the Finance Committee was in opposition. The main thrust of this bill is for in-state tourism development. However, the Division of Travel and Tourism and the other speakers felt that any further monies should be spent for out-of-state promotions. Vote 24-0.

Rep. Avery spoke against and yielded to questions.

Rep. Vivian Clark spoke in favor and yielded to questions.

On a division vote, 209 members having voted in the affirmative and 118 in the negative, the report was adopted.

HCR 28, requesting the New Hampshire supreme court to rule on whether part first, article 6 and part second, article 83 of the New Hampshire constitution are in conflict. INEXPEDIENT TO LEGISLATE

Rep. Martha S. Solow for Judiciary: The proponents of the bill argue that absence of religious education is equivalent to the teaching of secular humanism and are de facto religious schools. Proponents argue further that no state funding should go to such schools; i.e., the state should not fund public education. The committee rejected both the argument and the conclusion as unfounded in fact and unsupported by testimony. Vote 12-2.

Rep. Bruno spoke against and yielded to questions.

Rep. Jacobson spoke in favor.

Adopted.

HB 1173-L, relative to the optional veterans' tax credit. INEXPEDIENT TO LEGISLATE

Rep. Betsey L. Patten for Municipal and County Government: The veterans tax credit is currently \$100 that is subtracted each year from the property tax on the veteran's residential property. The

sponsors proposed increasing the tax credit to \$200. However, all of the veterans on our committee knew that this increase would cost shift the tax burden to the rest of the taxpayers in the community and therefore was not appropriate. Municipal & County Government acknowledges that the tax credit is a symbol of appreciation to all veterans for their service and thinks it is appropriate to continue this gesture at its current level. Vote 17-1.

Reps. Twardus and Brennan spoke against.

Rep. Brundige spoke in favor and yielded to questions.

Rep. Hess spoke in favor.

Rep. Twardus requested a roll call; sufficiently seconded.

The question being the adoption of the report.

and the report was adopted.

Reps. Knowles and Mock declared conflicts of interest and did not participate.

HB 1355-FN-A, authorizing funding for a hydrodynamic study of the Hampton/Seabrook harbor and estuarine system. **OUGHT TO PASS**

Rep. William P. Brennan for Public Works and Highways: This study is necessary to create a plan for the Hampton/Seabrook harbor. Without such a plan in place, the federal agencies concerned will not issue any more permits of any kind for any purpose. This would be very detrimental to the whole Seacoast and certainly not a situation that we should be in. Vote 17-0.

Rep. Edwin Smith spoke against.

The report failed.

Rep. Edwin Smith moved Inexpedient to Legislate.

Rep. Cloutier spoke in favor.

Adopted.

HB 1350, relative to interbasin and interstate transfers of water. **INEXPEDIENT TO LEGISLATE**

Rep. Richard T. Cooney for Resources, Recreation and Development: This bill was introduced at the request of the Department of Environmental Services (DES). It proposes regulation on interbasin and interstate transfers of water. Although this activity is not planned or expected in the near future, the proponents felt a pro-active approach to regulations on these activities would be appropriate at this time. The committee felt that these actions may be necessary in the future, but now is not the time. Next session would be more appropriate when these new initiatives could be given the time they deserve. Vote 9-4.

Rep. Jane Wood spoke to the bill.

Adopted.

SUSPENSION OF RULES

Reps. Chandler and Nordgren moved that the Rules be so far suspended as to permit action beyond the February 24, 2000 deadline on: **HB 1369-FN-L**, clarifying authority to regulate

asbestos, *HB 1521-FN-L*, relative to the definition and administration of an adequate education and *HB 2000-FN-L*, relative to a 10-year transportation plan.

Rep. Chandler spoke in favor and yielded to questions.

Rep. Nordgren spoke in favor.

Adopted by the necessary two-thirds.

RESOLUTION

Rep. Chandler offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Thursday, March 9, 2000 at 10:00 a.m.

Adopted.

LATE SESSION

Third reading and final passage

HB 1382-FN, making it a felony for inmates to harass corrections personnel and others by propelling bodily fluids.

HB 1494-FN, establishing penalties for attempts to purchase firearms illegally.

HB 1531, relative to the preemption of local regulations of firearms.

HB 1258-FN, relative to invasive plant, insect, and fungal species.

HB 1416-FN, establishing a brownfields cleanup revolving loan fund.

HB 1559-FN, establishing a committee to study the organization and functions of the New Hampshire state port authority.

HB 1199, establishing a study committee on funding for affordable housing.

HB 1504, relative to submission of biennial budget estimates by agencies.

HB 1535-FN, relative to creation of a commission to study the state's increasing appellate caseload and solutions to the increasing appellate caseload.

HB 1571-FN, relative to claims arising from clinical services provided to the department of corrections.

HB 1311, relative to payment of employer contributions for unemployment compensation.

HB 1450, relative to hearings and appeals of equal pay claims.

HB 1512-FN, establishing a committee to study the feasibility of implementing a paid family and medical leave insurance program and potential funding sources to support it.

HB 1151, establishing a committee to study the creation of a New Hampshire local government records management trust and to consider funding alternatives.

HB 1357-FN, relative to the sale of state-owned property in the towns of Belmont and Laconia.

HB 1127, establishing a committee to study the application and appeal procedures for excavating and dredging permits.

HB 1235, relative to defining surface waters.

HCR 31, urging the New Hampshire congressional delegation to take action to keep the international border crossing between the United States and Canada, in the town of Pittsburg, New Hampshire, open 24 hours a day.

HB 1166, relative to confidentiality and information collection by the department of agriculture, markets, and food.

HB 1510-FN, relative to establishing a medical savings account plan for providing state employee health care benefits.

HB 1470, relative to divestiture of electric utility assets.

UNANIMOUS CONSENT

Reps. Burnham and Avery addressed the House.

ENROLLED BILLS REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled House Bill 251 and Senate Bill 228.

Rep. Ronald Nowe, Sen. D'Allesandro for the Committee

RECESS MOTION

Rep. Chandler moved that the House stand in recess for the purpose of introduction of bills, receiving Senate messages, enrolled bill amendments and enrolled bill reports, only.

Adopted.

The House recessed at 12:55 p.m.

RECESS

(Rep. Whalley in the Chair)

RESOLUTION

Rep. Herman offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, Senate Bills numbered 327, 332, 334, 345, 346, 354, 355, 358, 363, 370, 381, 382, 421, 422, 428 and 450, shall be by this resolution read a first and second time by the therein listed titles, and referred to the therein designated committees.

Adopted.

INTRODUCTION OF SENATE BILLS**First, second reading and referral**

SB 327, relative to responsibility of the employee and perjury under workers' compensation. (Labor, Industrial and Rehabilitative Services)

RECESS

(Rep. Christie in the Chair)

RESOLUTION

Rep. Lozeau offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, House Bill numbered 1619 shall be by this resolution read a first and second time by the therein listed title, sent for printing, and referred to the therein designated committee.

Adopted.

INTRODUCTION OF HOUSE BILL**First, second reading and referral**

HB 1619-FN, relative to school employee and volunteer background investigations. (Ward, Graf 1: Education)

RECESS

(Speaker Sytek in the Chair)

Rep. Keith Herman moved that the House adjourn.

Adopted.

HOUSE JOURNAL No. 9

Thursday, March 9, 2000

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Her Excellency, Governor Jeanne Shaheen, joined the Speaker on the rostrum for the opening ceremonies.

Prayer was offered by Guest Chaplain, Reverend Hays M. Junkin, Rector of Saint Andrew's Episcopal Church in Hopkinton.

Dear God, we pause momentarily to catch our breath as we continue our life's journey on this busy day. May the decisions and actions made today in this hallowed chamber work to defend, support, and uphold each citizen of our beloved New Hampshire. In thanksgiving to You for our many blessings, we pray. Amen.

Rep. Loren Jean led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. Patricia Cote, Lundborn, Lyman, MacNeil, Murphy, Perkins and Searles, the day, illness. Reps. Blaisdell, Burkush, Gary Johnson, Larrabee, LaMott, L'Heureux, McIntyre, Mikowski, Moran, Rabideau, Robertson and Solow, the day, important business. Reps. George Brown and Dawe, the day, illness in the family.

INTRODUCTION OF GUESTS

The members of the Woodland Heights 5th Grade Band from Laconia: Crystal Ramsay, Amanda Whittier, Gabby Polito, Evan Coop Craig, Ashley Bergman, Sarah Shaner, Letitia Caruso, Biranna Dunn, Julie Gilbert, Meredyth McCullough, Jason Fasshauer, Jared Downs, Keith Robinson, Chris Reddic, Jeff Accornero, Curtis Dodge, Ashley Patten, Amanda Jenot, Casey Williams, Heather Harris, Jayme Dubreuil, Chris Roberts, Courtney Contigiani, Seth Page, Charlie Weatherbee and director, Mary Sawyer, guests of Rep. Jane Wood. Roger Emerson, guest of Rep. Leber. Vladimir Koshko and Igor Kozin, guests of Rep. Crosby. The 4th Grade Class from the Reeds Ferry Elementary School and their teacher Mrs. Fay, guests of the Merrimack Delegation. Kris Strassner, guest of the Pembroke/Allenstown delegation.

SPECIAL GUESTS

Gustav Owen, the New Hampshire winner of the Young Americans National Award for Outstanding Volunteerism and his parents, Mr. and Mrs. Robert Owen, guests of the House.

CLERK'S NOTE

When less than two-thirds of the elected membership is present, Part II, Article 20 of the state constitution requires the assent of two-thirds of those present and voting to render their acts and proceedings valid.

COMMITTEE REPORTS

CONSENT CALENDAR

Rep. Chandler moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

HB 1109, relative to the modification of spousal support orders, removed by Rep. Dickinson.

HB 1292, making it a crime to cause the death of an unborn child as a result of committing a violent act against a pregnant woman, removed by Rep. Torressen.

HB 1226, relative to vacancies in the office of United States senator, removed by Rep. Wendelboe.

HB 1339-FN-L, relative to the local option to exempt taxation of certain excavation activity, removed by Rep. Bruno.

HB 1387-L, relative to pre-existing school districts within a cooperative school district, removed by Rep. Jacobson.

HB 1461-FN-A-L, relative to an education property tax exemption and school choice, removed by Rep. Torressen.

HB 1532, excluding military pension payments and military survivor's benefit payments for certain persons from gross income under any income tax which may be enacted, removed by Rep. Rosen.

HB 1360, prohibiting full-time judges from earning income from sources other than judicial salaries, removed by Rep. Mirski.

HCR 27, requesting Congress to propose an amendment to the U.S. Constitution to prevent federal courts from instructing states or political subdivisions of states to levy or increase taxes, removed by Rep. Tufts.

Consent Calendar adopted by the necessary two-thirds.

HB 1242, relative to the standard for modification of a child custody order. **OUGHT TO PASS WITH AMENDMENT**

Rep. David A. Bickford for Children and Family Law: The amended bill codifies circumstances under which a parent can ask the court to change permanent child custody. This will help those filing pro se to find it in statute rather than having to research case laws as well. Vote 12-1.

Amendment (3585h)

Amend the bill by replacing section 1 with the following:

1 Annulment, Divorce, and Separation; Standard for Modification of Permanent Child Custody Orders. RSA 458:17, V is repealed and reenacted to read as follows:

V.(a) The court may issue an order modifying a permanent custody order under any of the following circumstances:

(1) The parties agree to a modification;

(2) If the court finds repeated, intentional, and unwarranted interference by a parent who has permanent primary physical or permanent joint or shared physical custody with the visitation or custodial rights of the other parent, without the necessity of showing harm to the child, the court may order a change in physical custody if the court determines that such change would be in accordance with the best interests of the child;

(3) The circumstances affecting the welfare of the child have been so greatly altered that there is a strong possibility that the child will be harmed if the child continues to live under the present arrangement; or

(4) If the court finds that a minor child is of sufficient maturity to make a sound judgment about his or her proper custody, the court may give substantial weight to the preference of the mature minor child as to the parent with whom he or she wants to live. Under these circumstances, the court shall also give due consideration to other factors which may have affected the minor child's preference, including, but not limited to, whether the minor child's preference was based on undesirable or improper influences.

(b) For the purposes of this paragraph, the burden of proof shall be on the moving party.

AMENDED ANALYSIS

This bill establishes criteria under which the court may order a modification of a permanent child custody order.

HB 1533, relative to the child protection act. **REFER FOR INTERIM STUDY**

Rep. Mary Stuart Gile for Children and Family Law: This bill makes certain changes to the child protection act including reporting requirements, evidentiary standards, disclosure and confidentiality of proceedings. Specifically, the bill proposes amendments to statutes related to child abuse and neglect, legal supervision, parental rights, protective custody, burden of proof, adjudicated hearings, appeals and duties of the department of health and human services. The complexity of the proposed amendments combined with compelling testimony convinced the committee that this bill needed more time and further study. Vote 12-0.

HB 1138, requiring warnings for certain anti-theft devices **INEXPEDIENT TO LEGISLATE**

Rep. Tim S. McGough for Commerce: The medical evidence offered at the public hearing by acknowledged medical experts overwhelmingly demonstrated that electronic anti-theft systems pose no public health threat hazards to persons with pacemaker implants or to others. Further, it was convincingly established that disclosures by the manufacturers and provided by physicians to patients at the time of implant and continuously thereafter, are far more effective than the signage

required by this bill. The committee unanimously felt that such signage would interfere with the doctor-patient relationship and unreasonably and unnecessarily alarm persons wearing pacemakers. Vote 14-0.

HB 1160, relative to access to the enhanced 911 system. OUGHT TO PASS WITH AMENDMENT Rep. Tim S. McGough for Commerce: This bill as amended prohibits insurance companies from requiring a consumer to call them for authorization prior to accessing the 911 system for emergency ambulance transport. Insurance companies cannot under this legislation specify use of a specific contracted ambulance service for emergency purposes, but maintains the right to contract with a company for provision of non-emergency transport under statutory definitions of emergency medical conditions and emergency service enacted in 1997. Vote 13-1.

Amendment (3495h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Access to Enhanced 911 System. Amend RSA 415-A by inserting after section 5 the following new section:

415-A:5-a Access to Enhanced 911 System.

I. No accident or health insurance policy issued or renewed after the effective date of this section shall contain any provision which establishes or promotes an emergency medical response or transportation system that encourages or directs access by an insured or enrollee in competition with or in substitution of the state enhanced 911 system or other state, county, or local government emergency medical services system.

II. Notwithstanding paragraph I, an insurer may use transportation outside the enhanced 911 or other government emergency medical services system for services that are not in response to an emergency medical condition, as defined in RSA 420-J:3, XV.

III. No accident or health insurance policy issued or renewed after the effective date of this section shall contain any provision requiring an insured or enrollee to obtain prior authorization before accessing the enhanced 911 system or other state, county, or local government emergency medical services system for response and/or transportation for emergency services, as defined in RSA 420-J:3, XVI.

IV. No person who issues an accident or health insurance policy subject to this chapter shall use false or misleading language in its enrollment sales materials or in any other materials provided to insureds or enrollees to discourage or prohibit insureds or enrollees from accessing the enhanced 911 system for response and/or transportation for emergency services.

2 New Section; Access to Enhanced 911 System. Amend RSA 420-J by inserting after section 3 the following new section:

420-J:3-a Access to Enhanced 911 System.

I. No health benefit plan issued or renewed after the effective date of this section shall contain any provision which establishes or promotes an emergency medical response or transportation system that encourages or directs access by a covered person in competition with or in substitution of the state enhanced 911 system or other state, county, or local government emergency medical services system.

II. Notwithstanding paragraph I, a health carrier subject to this chapter may use transportation outside the enhanced 911 or other government emergency medical services system for services that are not in response to an emergency medical condition, as defined in RSA 420-J:3, XV.

III. No health benefit plan issued or renewed after the effective date of this section shall contain any provision requiring a covered person to obtain prior authorization before accessing the enhanced 911 system or other state, county, or local government emergency medical services system for response and/or transportation for emergency services, as defined in RSA 420-J:3, XVI.

IV. No person who issues a health benefit plan subject to this chapter shall use false or misleading language in its enrollment sales materials or in any other materials provided to covered persons to discourage or prohibit covered persons from accessing the enhanced 911 system for response and/or transportation for emergency services.

3 Reference Addition; Managed Care Plans. Amend RSA 417-F:1, II to read as follows:

II. "Insurer" means any entity providing managed care coverage or accident or health insurance or accident and health insurance policies, contracts, certificates, or other evidence of coverage to enrollees, insureds, or subscribers pursuant to RSA 415, 415-A, 419, 420, 420-A [or], 420-B or 420-J.

4 Effective Date. This act shall take effect 60 days after its passage.

HB 1481, requiring managed care organizations to offer prescription drug plans. **INEXPEDIENT TO LEGISLATE**

Rep. Stephen G. Avery for Commerce: While the sponsor's concern is to be commended, the committee found that managed care organizations already offer prescription drug plans to its subscribers. The person who was affected was over 65-years-old on Medicare, and did need gap coverage for her prescription drugs. The committee feels that this bill is not necessary at this time and might effect HMO's whose groups might want to purchase prescription drugs outside the plan. Vote 14-1.

HB 1297, establishing a commission on fairness in sentencing. **INEXPEDIENT TO LEGISLATE**
Rep. Herbert R. Hansen for Criminal Justice and Public Safety: After much discussion about this bill the majority voted it ITL because to do otherwise would undermine the judicial judgment of our District and Superior Court Judges. We have assigned by law maximum penalties for felonies, misdemeanors and violations and expect the judges to evaluate the details of each crime that they find a person guilty of and to assign a penalty commensurate with their evaluation that is within the maximum range for the crime. In our Superior Court, there is a sentence review process (RSA 651:57) that a defendant may use for review of his or her sentence. The review board consists of three judges, not including the sentencing judge. Vote 14-2.

HB 1392, relative to the criminal offense of initiating a vehicular pursuit. **INEXPEDIENT TO LEGISLATE**

Rep. Beth Rodd for Criminal Justice and Public Safety: The committee felt that the purpose of the bill is adequately met in the current statute RSA 265:4,I(c) and that the existing penalties are sufficient to address issues resulting from vehicular pursuit. Vote 16-0.

HB 1405, exempting 50/50 raffles from the laws regulating games of chance. **OUGHT TO PASS**
Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: HB 1405 defines a 50/50 raffle conducted by a charitable organization and exempts those 50/50 raffles from the licensing requirements of RSA 647, the chapter relative to games of chance. As it stands now, every time you run a 50/50 raffle, you need to get a license from your police department. We felt that this was not necessary for 50/50 raffles. Vote 14-0.

HB 1432, prohibiting active law enforcement personnel from obtaining a license to sell confiscated or seized firearms and ammunition. **INEXPEDIENT TO LEGISLATE**

Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: HB 1432 was introduced because of a problem in one community concerning the way that firearms were disposed of by the police department. The committee understands the concern of the sponsor but felt there was no need to pass this bill for two reasons. First, we did not feel that it was proper to deny a law enforcement officer the right to have a license to sell pistols or revolvers. Lastly, RSA 595-A:6 delineates how property seized by a search warrant is disposed of and RSA 471-C:13 addresses the disposal of other property in the hands of the police. Vote 13-0.

HB 1544-FN, prohibiting the wearing of certain masks and hoods. **INEXPEDIENT TO LEGISLATE**

Rep. James M. Johnson for Criminal Justice and Public Safety: HB1544-FN prohibits the wearing of certain masks and hoods. It became obvious the reason for this bill was the public gathering of the Ku Klux Klan in the Town of Washington. Gatherings of this type usually require a permit for the use of public property and while the activities of the Ku Klux Klan are generally racial in nature being principally anti black and have been known to promote anti-Semitism, those activities are protected under the Constitution to a certain degree. The most difficult task of government is the protection of one's civil rights. How can we protect our democratic institutions against those who invoke civil liberties in order to destroy liberty, without at the same time stifling the freedom of discussion? All dictatorships abhor and proscribe civil liberties. Their leaders solemnly pronounce final judgment on all questions and proclaim the "truth" which all must accept without question. A democratic society cannot crush criticism and freedom of discussion without ceasing to be democracy. The committee unanimously agrees with the sentiments of the sponsor, but after consultation with a representative of the Attorney General's office, the committee feels that this measure is too restrictive and could be found to be unconstitutional. The committee also feels that the sponsor could accomplish the desired result with the use of a house resolution condemning the activities of the Ku Klux Klan in the State of New Hampshire. Vote 14-0.

HB 1570-FN, requiring parolees and probationers from other states to comply with the Interstate Compact on Parole in order to be lawfully present in New Hampshire. **OUGHT TO PASS**
Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: This bill makes it a class B felony for an offender on probation or parole in another state to remain in New Hampshire after our department of corrections determines the offender is a danger to public safety and does not approve taking over the supervision of that offender. Currently offenders from other states who are still on probation or parole may try to move to New Hampshire. Under the Interstate Compact, the offender may reside here while on probation or parole in another state if the person is a resident here or has family residing here and can obtain employment. Otherwise the offender must receive permission from the state of New Hampshire in order to reside here. If the offender can stay in New Hampshire, our probation and parole officers will have to take over the state supervision of that offender. There are instances when our department of corrections does not give approval for an offender to remain in New Hampshire, often for public safety reasons. In those instances, the offender must return to the sending state. In many cases, this does not happen. In addition, the sending states do not take responsibility for taking back their offenders. This bill makes it a class B felony if an offender does not leave this state within 7 days after notification. This creates a tool to deter out of state offenders on probation and parole from remaining here without permission from the state. Vote 11-5.

HB 1157, establishing a committee to study incentives to attract individuals to the teaching profession. **INEXPEDIENT TO LEGISLATE**
Rep. Susan B. Durham for Education: This bill, though well intended, is now unnecessary. Early in February the Professional Standards Board of the Department of Education assembled a task force to review the many issues around educator (both teacher and administrator) scarcities. The findings and recommendations of the task force will cover a broad range of related topics and will include addressing possible incentives to attract individuals to teaching. The entire report will be presented to the State Board of Education and the House Education Committee will carefully watch this important issue. Vote 13-0.

HB 1191-FN-L, relative to the adoption of charter school and open enrollment provisions in cooperative school districts and authorized regional enrollment areas. **OUGHT TO PASS WITH AMENDMENT**
Rep. John R. Alger for Education: This bill resolves confusion now existing when a charter school is approved within a regional area agreement and cooperative school district. The bill requires the area review board to approve an amendment to any such area agreement if a charter school is proposed. The amendment clarifies the bill by identifying when a plan must be prepared for approval. Vote 12-1.

Amendment (3523h)

Amend the introductory paragraph of RSA 195-A:3, V as inserted by section 2 of the bill by replacing it with the following:

V. An area school planning board may recommend that there be established an authorized regional enrollment area plan for elementary or secondary schools, or both, or any other reasonable combination of grades, composed of all the school districts represented by its membership or any specified combination thereof. ~~[The]~~ *At the time such recommendation is made, the* planning board shall prepare a written plan for the proposed regional enrollment area, which shall be signed by at least a majority of the membership of such board, which shall set forth the following:
Amend RSA 195-A:16 as inserted by section 3 of the bill by replacing it with the following:

195-A:16 Modification. Parties to any authorized regional area agreement may, either at the time of the original agreement, or at any subsequent modification of the agreement, specify that the agreement shall cover less than 100 percent of the student population of the sending district. *In the event that a charter school is approved within a sending or receiving district, after final approval by the state board, an area review board shall be convened pursuant to RSA 195-A:14 solely for the purpose of considering an amendment to the area agreement relative to the adoption of the charter school provisions under RSA 194-B. Any such amendment shall be consistent with the provisions of RSA 195-A:3, V(p). An area plan amended under this section shall be submitted to the state board for approval no later than December 1 of the year of amendment.*

AMENDED ANALYSIS

This bill provides for the amendment of the terms of an authorized regional enrollment area agreement in the event one or more such districts adopt the provisions of the charter school and open enrollment law, or approves a charter school within the cooperative school district or authorized regional enrollment area.

CACR 36, relating to voting rights of homeowners. Providing that every person shall be considered an inhabitant for the purposes of voting relating to the raising of money in any town, ward, or unincorporated place where the person has his or her domicile or owns a residence. **INEXPEDIENT TO LEGISLATE**

Rep. Christine M. Konys for Election Law: Although this legislation is a well-intentioned effort to provide for local representation, the committee questioned the constitutionality of allowing an individual to register and vote in more than one ward, town, or unincorporated place. Vote 15-0.

HB 1291, relative to the names of candidates on ballots. **INEXPEDIENT TO LEGISLATE**

Rep. Francis W. Davis for Election Law: This bill would have allowed candidates to designate a nickname on the ballot that had no connection to their legal name, if the nickname was commonly known. The committee felt that it would be impossible for the office of the secretary of state to verify whether or not the nickname was commonly known. Without guidelines, this bill might open the door to a wide variety of nicknames and slogans. Candidates already have the option of using a combination of first and middle initials and names, as well as nicknames that are commonly related to the candidate's given name. The committee voted unanimously to support the current procedure. Vote 15-0.

HB 1172, providing staggered terms for agricultural advisory board members. **OUGHT TO PASS WITH AMENDMENT**

Rep. Kenneth R. Marshall for Environment and Agriculture: This bill was a request of the Department of Agriculture, Markets & Food. The amendment simply outlines a system of appointments that will work instead of a questionable system in the original bill. Vote 14-0.

Amendment (3399h)

Amend the bill by replacing all after the enacting clause with the following:

1 Agricultural Advisory Board; Term of Office. Amend RSA 425:22, II to read as follows:

II. The term of office of members of the board shall be 5 years and until their successors are appointed and qualified. Vacancies shall be filled for the unexpired term only. *However, beginning July 1, 2001, the terms of 2 members representing agriculture as provided in subparagraph I(a) and one member representing the industry interests as provided in subparagraphs I(b) – (f) shall expire each year. Initial terms for members representing agriculture shall expire in the year as follows: Belknap and Sullivan counties, 2002; Carroll and Strafford counties, 2003; Cheshire and Rockingham counties, 2004; Coos and Merrimack counties, 2005; and Grafton and Hillsborough counties, 2006. Initial terms for members representing industry interests shall expire in the year as follows: petroleum, 2002; food retailing, 2003; advertising, 2004; food distribution, 2005; and consumer, 2006.* No board member shall be eligible for successive reappointment *after 2004*. Appointments to the board shall be made by the governor with the advice and consent of the council on the basis of extensive experience and demonstrated ability and on a nonpartisan basis.

2 Reappointment of Board Members Serving as of the Effective Date of this Act. Members of the board serving as of the effective date of this act may be considered for reappointment for terms ending within 3 years of such date.

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill provides staggered terms for agricultural advisory board members, and specifies the order in which each board member's term expires.

This bill was requested by the department of agriculture, markets, and food.

HB 1185, extending the report date of the committee established to study mercury source reduction and recycling issues to November 1, 2000. **OUGHT TO PASS**

Rep. John S. Cobb for Environment and Agriculture: This bill extends the time limit to November 1, 2000 for a Joint House and Senate Committee to continue their study on mercury source reduction. Vote 15-0.

HB 1404, creating a study committee to address mechanisms for the disposal of state records. **OUGHT TO PASS WITH AMENDMENT**

Rep. Robert E. Murphy for Executive Departments and Administration: Evidence presented at the hearing convinced this committee that a mechanism to assist the agencies in surveying their records to determine the proper disposal to assure the preservation of historically important material is not destroyed with the trash. Vote 17-0.

Amendment (3396h)

Amend the title of the bill by replacing it with the following:

AN ACT creating a study committee to address mechanisms for the preservation or disposal of state records.

Amend the bill by replacing section 1 with the following:

1 Committee Established. There is established a committee to study mechanisms for the preservation or disposal of state records under certain criteria.

Amend the bill by replacing sections 3 and 4 with the following:

3 Duties. The committee's duties shall include, but not be limited to, examining the current methods for preserving or disposing of state records, and discussing the creation of new mechanisms for preservation or disposal of such records under certain criteria. Upon request, all state agencies shall assist and cooperate with the work of the study committee.

4 Chairperson. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 30 days of the effective date of this section

Amend the bill by replacing section 6 with the following:

6 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill creates a study committee to address mechanisms for the preservation or disposal of state records.

HB 1113, raising the maximum price for lucky 7 tickets. **OUGHT TO PASS**

Rep. Jean R. Wallin for Finance: This bill simply raises the amount that can be charged for Lucky 7 tickets from \$.50 to \$1.00. The increase of the limit that has existed since 1983 allows a wider range of prices for the charity selling the tickets. The odds of winning remain the same. State revenue will be unaffected or slightly increased because the state tax is levied on the "deal" or packets of tickets purchased for sale. Vote 18-3.

HB 1180-FN, relative to separating the budget for New Hampshire public television from the university system of New Hampshire budget. **INEXPEDIENT TO LEGISLATE**

Rep. Charles L. Vaughn for Finance: The legislature in chapter laws of 1998, Chapter 115, gave the university line management of its biennial budget, including New Hampshire public television, for years 2000/01 on a trial basis to expedite the university's budgeting process. This bill would set aside the process on July 1, 2000. Speaking in opposition was the president of the university, a member of the university trustees and station director. They pointed out the following: The possibility of jeopardizing federal funding because fiduciary responsibility for the station rests with university trustees. Over 30 non-profit universities have working alliances with public television stations, a method favored for strict control over public funds by the federal government. Further, federal dollars are increased as state dollars are appropriated to a joint university, television station, operation. The proposal would menace the shared management and administrative system now in place. After listening to the testimony and due deliberation the committee found this bill Inexpedient to Legislate. Vote 21-2.

HB 1247-FN-L, increasing the tax rate assessed on excavated earth. **INEXPEDIENT TO LEGISLATE**

Rep. Jean R. Wallin for Finance: For several years the complex issue of taxing earth in the ground was debated by the Legislature. Appraisal methods were highly speculative and difficult for mu-

nicipalities to use. Finally the Legislature enacted HB 666 in the spring of 1999. This bipartisan legislation provides a reasonable, proportionate and uniform method for determining the value of earth and the excavated area from which it came. The department of revenue administration gravel tax appraiser reports that local officials and taxpayers find the current law easier to implement than earlier versions. As a result, hundreds of acres of excavated land have been removed from current use; hundreds of acres have been reclaimed; local tax revenues have increased; and collection of pertinent data has improved. The committee feels it is premature to change the law after less than a biennium. Vote 23-0.

HB 1261-FN-A-L, replacing the excavation tax and excavation activity tax with an excavation yield tax. **INEXPEDIENT TO LEGISLATE**

Rep. Jean R. Wallin for Finance: The committee reiterates that no changes should be made to the excavation and excavation activity tax at this time. Vote 21-2.

HB 1282, establishing a committee to study the possibility of self-insuring state employees. **OUGHT TO PASS**

Rep. Susan W. Almy for Finance: Through self-insurance the city of Keene and towns of Bedford, Windham and Peterborough have achieved substantial savings while maintaining or improving health insurance for their employees. The study committee will assemble the materials necessary to allow the legislature to decide whether and how this method can be applied to the state. Vote 22-0.

HB 1321, relative to certain funds collected by order of the public utilities commission. **OUGHT TO PASS WITH AMENDMENT**

Rep. Margaret A. Lynch for Finance: This bill authorizes the state treasurer to maintain funds collected pursuant to electric restructuring orders. The amendment narrows that authority to those funds directly attributable to programs for low income customers, as described in RSA 374-F:4 VIII (c). The amendment is supported by the Governor's Office of Energy, the State Treasurer's Office and the Public Utilities Commission. There is no fiscal impact associated with the implementation of this legislation. Vote 22-0.

Amendment (3494h)

Amend RSA 6:12-b as inserted by section 2 of the bill by replacing it with the following:

6:12-b Maintenance of Funds Collected Pursuant to Electric Utility Restructuring Orders. On request of the public utilities commission, the state treasurer shall maintain custody over funds collected by order of the public utilities commission consisting of only that portion of the system benefits charge directly attributable to programs for low income customers as described in RSA 374-F:4, VIII(c). All funds received by the state treasurer pursuant to this section shall be kept separate from any other funds and shall be administered in accordance with terms and conditions established by the public utilities commission.

HB 1352, requiring that state funding for public television be used exclusively for the production of original programming. **INEXPEDIENT TO LEGISLATE**

Rep. Linda T. Foster for Finance: Although the committee may share the sponsor's intent to increase local programming, it also recognizes the fact that this bill could limit other in-state services which the station provides. Testimony indicated that NHPTV is currently fulfilling its mission and that micro-managing its budget would neither enhance nor expand that mission at this time. Vote 24-0.

HB 1356-FN, relative to sales tax exemption certificates for antique dealers. **INEXPEDIENT TO LEGISLATE**

Rep. Linda T. Foster for Finance: This bill singles out one particular group, antiques dealers, to receive a certificate exempting them from out-of-state sales taxes. The committee was informed that there are other ways to accomplish this goal, either through a formal exemption or through some other informal arrangement between the buyer and the seller. Additionally, no one from the public appeared to testify in favor of the legislation. Vote 23-1.

HB 1436-FN-A, reducing the temporary rate of the communications services tax. **INEXPEDIENT TO LEGISLATE**

Rep. Charles L. Vaughn for Finance: Appearing before the Finance Committee, the bill's sponsor withdrew the bill but continued with discussion of its merits. The Department of Revenue Admin-

istration indicated state revenues will decrease by \$9.6 million in FY 2001 using official estimates for the communications tax, re-computing the tax at the 4.5 percent rate stated in the bill. In light of the withdrawal by the sponsor and decreases in state revenues, the Finance Committee voted Inexpedient to Legislate. Vote 23-1.

HB 1440-FN-A, taxing the cost of advertising under the meals and rooms tax. **INEXPEDIENT TO LEGISLATE**

Rep. Bruce F. Hunter for Finance: This bill proposes to tax an area that was never taxed before. Testimony revealed that a tax on advertising was imposed and then repealed in the states of Florida, Iowa, and Arizona, due to economic consequences. Thirty-nine state legislatures have considered and rejected such a tax. A major drawback could be the ease with which the tax could be evaded. One loophole in the bill exempts newspapers that are not daily. This could cause a shift of ad revenues to weeklies. The penetration of our market by out-of-state radio and TV stations could increase if they can offer advertising without the tax. Even if the tax were collected from the New Hampshire business ordering the out-of-state ad it might be hard to keep track of all the out-of-state radio and TV. With all the above problems the committee did not support the concept. Vote 24-0.

HB 1442-FN-A, increasing the exemption to the interest and dividends tax for persons 65 years of age or older. **INEXPEDIENT TO LEGISLATE**

Rep. Jean R. Wallin for Finance: Because the legislature has already voted to increase the interest and dividend exemption the sponsor agreed that the bill is unnecessary at this time. Vote 24-0.

HB 1446-FN, establishing a citizens' investment trust account. **INEXPEDIENT TO LEGISLATE**

Rep. Norman L. Major for Finance: This bill establishes a citizens' investment trust account, into which state government surpluses shall be deposited, to provide an annuity pension fund for the taxpayers of this state. A board of volunteers consisting of actuaries, certified public accountants, and certified financial planners shall manage the fund. The fiscal impact of this bill could not be determined because the definition of surplus to fund the trust fund established in this bill is left to the discretion of the Board of Trustees. It is not possible to determine at this time what the Board's definition of surplus funds will be and, therefore, the amount of the surplus to apply to the trust fund.

The sponsor indicated all funds (restricted and unrestricted) would be included in the citizens' trust account. This would include such funds as: Rainy Day, Health Care Transition, Department of Employment Security, Retirement Surplus, Lapses, Turnpike, Highway, Fish & Game, Sweepstakes, etc. At this time, the committee felt this legislation is not required. Instead the committee felt Legislator members and the public could benefit by a review of the purpose of these funds and how they are administered. A series of informational sessions conducted by the Legislative Budget Office would be helpful. Vote 24-0.

HB 1472-FN-A, allowing the deduction of trust expenses from trust income taxable under the interest and dividends tax. **REFER FOR INTERIM STUDY**

Rep. Linda T. Foster for Finance: The committee discovered that ambiguity exists in the RSAs regarding the deduction of trust expenses as they relate to in-state and out-of-state trusts. Interim Study will allow a full examination and clarification of this issue. Vote 24-0.

HB 1473-FN, relative to the payment of certain costs to contract service providers or vendors for pending claims by the department of health and human services. **INEXPEDIENT TO LEGISLATE**

Rep. William S. Belvin for Finance: The issue addressed by this bill is the periodic problem of timely payments by the Department of Health and Human Services (HHS) to contracted health care service providers or vendors. The bill would have HHS pay for the cost of borrowing by these service providers and vendors in anticipation of receipt of payment by HHS. Testimony indicated that several issues were involved, including improper invoicing by service providers and vendors, adequate payment budgets, and systems concerns at HHS. While not widespread, problems of prompt payments by HHS continue to occur, and the committee believes they should be studied through the flexibility of an ad hoc Finance subcommittee that will allow for input from all concerned parties. HHS is in agreement with this approach which should generate both immediate and longer-term payment process improvements, so the bill was voted Inexpedient to Legislate. Vote 23-1.

HB 1490-L, relative to enabling municipalities to enact a sales tax. **INEXPEDIENT TO LEGISLATE**

Rep. Linda T. Foster for Finance: The sponsor asked that this bill be withdrawn, hence the Inexpedient to Legislate motion. Vote 24-0.

HB 1491-FN, granting an adjustment to the business enterprise tax paid by transportation companies that contract for the transportation of public school pupils. **INEXPEDIENT TO LEGISLATE**
Rep. Charles L. Vaughn for Finance: This bill grants an adjustment to the enterprise value tax base of transportation companies that contract with municipalities, municipal boards, or school board authorities for the transportation of public school pupils. The Department of Revenue Administration indicates this bill will decrease state general fund revenue by \$129,000 in FY 2001 and each year thereafter and will decrease education trust fund revenue by \$129,000 in FY 2001 and each year thereafter. The Department indicates state general fund expenditures will increase by \$5,000 in FY 2001.

The business enterprise tax being paid by transportation companies for transporting public school pupils is actually being passed through to property taxpayers that pay for the cost of education. The sponsor indicates transportation expenses could be reduced, therefore reducing the requirement on the general fund for money from the state. The committee noted there was no guarantee these savings would be passed on to the taxpayers. It would be difficult for some of the transportation companies to separate expenses if they are involved in other businesses. It would not be fair to single out transportation companies for this benefit. There are other contracted school services such as: food service, maintenance, computers, etc., therefore the committee is opposed to this tax exemption. Vote 24-0.

HB 1515-FN-A-L, increasing the rate of the meals and rooms tax. **INEXPEDIENT TO LEGISLATE**

Rep. Norman L. Major for Finance: The Department of Revenue Administration indicates increasing the meals and room tax from 8% to 10%, assuming tourism is not affected, would increase state general fund by \$39.25 million and state restricted revenues by \$2.5 million in FY2001 and each year thereafter. Maine imposes a tax at the rate of 7%, Vermont at a rate of 9% and Massachusetts has a meal tax of 5%. Mass. had to reduce their meals tax to 5% because their industry was hurting. New Hampshire would have the highest rate in the region at 10%. The committee felt the state has done much to encourage and promote the tourism industry and this is not the time to jeopardize the associated revenues (from gas tax, sweeps sales, liquor and tobacco sales, horse & dog racing, etc.) brought in by this industry. Vote 23-1.

HB 1580-FN-A-L, allowing businesses to apply the investment tax credit to contributions made to public schools, charter schools, and scholarship funding organizations. **INEXPEDIENT TO LEGISLATE**

Rep. Jean R. Wallin for Finance: The mission of the Community Development Investment Program is support of housing and economic development that benefits low and moderate income citizens. Furthermore the CDFA is discouraged from funding projects that should be a public responsibility. This legislation would add charter schools to the already long list of requests for which there is no money. While charter schools are a laudable goal, this bill, if enacted, would hold out a false promise of financial aid. The committee recommends that it be killed and a better method for funding charter schools be found. Vote 21-3.

HB 1593-FN-A-L, repealing the provision allowing operators to retain 3 percent of meals and rooms taxes collected and establishing the local option of a 4 percent rooms tax. **INEXPEDIENT TO LEGISLATE**

Rep. Charles L. Vaughn for Finance: This bill as amended by the sponsor removes Section 1 of the bill thus permitting operators to still retain 3 percent of meals and rooms tax collected. Section 2 allows local communities an option to adopt an additional 4 percent rooms tax dedicated to pay local education costs. The current rooms and meals tax collected at 8 percent would be commingled with the 4 percent optional tax causing the Department of Revenue Administration, as the sponsor testified, "to do a little extra work." State expenditures would increase by \$121,600, including one-time costs of \$84,000 for re-programming the telefile system to accommodate the local option provisions of the bill, and \$37,000 for personnel.

The Municipal Association and other trade organizations opposed changing the distribution at this time because many small communities would not see the kind of revenues large communities with hotels and motels would see. Also group conventions, of several days or more, will shop around for communities without the tax. Finally, all but nine communities in the state have two separate budgets, school and municipal. An optional rooms tax for education could further divide communities over municipal services or school expenditures. Although the sponsor is to be commended for seeking solutions to education funding problems, this fragmented local taxing method is not the answer. The bill will increase local revenue by an indeterminate amount in FY 2001 and each year thereafter. The committee voted Inexpedient to Legislate. Vote 24-0.

HB 1319, extending the reporting date of the committee studying negotiated risk agreements and requiring the department of health and human services to conduct a study. OUGHT TO PASS

Rep. Janeen A. Dalrymple for Health, Human Services and Elderly Affairs: Negotiated risk agreements are a complex issue that will impact rules associated with the various alternate living settings for disabled and elderly individuals. Specific details include legal rights, health and safety concerns and laws governing the protection of vulnerable adults from abuse. Also, neglect, exploitation and ability of facilities to provide adequate and safe supervised treatment and services should entail careful consideration. The Department of Health and Human Services agrees existing rules need revision for the implementation of SB 409, the long-term care plan. Therefore, this bill would extend the reporting period to allow the department the necessary time to complete the task of rules revision. Vote 15-0.

HB 1104, limiting the liability of paramedics caring for patients in transport between hospitals. INEXPEDIENT TO LEGISLATE

Rep. Sandra B. Keans for Judiciary: The sponsor of this legislation has spoken with others in the emergency services and has agreed to this bill being reported inexpedient to legislate. Paramedics in fact work under the supervision of a doctor and therefore should not be thought of as independent providers under the New Hampshire Laws. Vote 16-0.

HB 1139, establishing a committee to study involuntary emergency admission hearings. OUGHT TO PASS

Rep. Bette R. Lasky for Judiciary: HB 1139 establishes a committee to study involuntary emergency hearings. Currently problems exist with the decision and how it is made at the initial hearing. Now 3 days after an involuntary commitment to the state hospital, a hearing is held to decide whether the person remains in the hospital for further treatment. Oftentimes a family member, usually without support, must testify against the individual in front of the judge. Some judges are knowledgeable about mental illness and can understand the need for further treatment while others obviously may not see that need and release the person who may become even more angry and uncontrollable with that result. The Judiciary committee felt it worthwhile to establish a study committee to deal with this particular problem and others with the involuntary emergency admission procedure. Vote 14-0.

HB 1171, restricting the payment of salaries to suspended judicial officers. OUGHT TO PASS

Rep. Robert H. Rowe for Judiciary: Currently when a judge has had a complaint brought against him or her, has had a full hearing, been found chargeable, and then suspended from the bench, the judge's salary may continue through the period of the suspension. This bill eliminates the judge's salary during the term of the suspension unless the supreme court decides otherwise for good cause. Vote 10-3.

HB 1239, relative to durable powers of attorney. OUGHT TO PASS WITH AMENDMENT

Rep. Cynthia J. Dokmo for Judiciary: This bill was prompted by the rise of misuse and abuse of durable powers of attorney by agents. It requires two notices to be included in a durable power of attorney: (1) notice to the principal which sets forth in layman's language the intent and extent of the grant of power under the document, and (2) notice to the agent which outlines the intent and extent of the document and also informs the agent of his or her fiduciary duty and the possible consequences of violating that duty. Additionally, the bill provides that a durable power of attorney must specifically authorize gifts to be made by an agent, in order to permit an agent to make such gifts. All durable powers of attorney validly executed prior to the effective date of this legislation shall not be rendered ineffective by this bill. Vote 16-0.

Amendment (3560h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraphs; Prevention of Frauds and Perjuries; Powers of Attorney, Disability or Incompetence of Principal; Gifts; Durable Power of Attorney Document; Notification. Amend RSA 506:6 by inserting after paragraph IV the following new paragraphs:

V. An attorney in fact is not authorized to make gifts to the attorney in fact or to others unless the durable power of attorney explicitly authorizes such gifts.

VI. A durable power of attorney under this section shall contain the following language:

"Notice to the Principal: As the 'Principal,' you are using this Durable Power of attorney to grant power to another person (called the 'Agent' or 'Attorney in Fact') to make decisions, including, but not limited to, decisions concerning your money, property, or both, and to use your money, property, or both on your behalf. If this written Durable Power of Attorney does not limit the powers that you give to your Agent, your Agent will have broad and sweeping powers to sell or otherwise dispose of your property, and to spend your money without advance notice to you or approval by you. Under this document, your agent will continue to have these powers after you become incapacitated, and unless otherwise indicated your Agent will have these powers before you become incapacitated. You have the right to revoke or take back this Durable Power of Attorney at any time, so long as you are of sound mind. If there is anything about this Durable Power of Attorney that you do not understand, you should seek professional advice.

"Notice to the Agent: As the 'Agent' or 'Attorney in Fact,' you are given power under this Durable Power of Attorney to make decisions about money, property, or both belonging to the Principal, and to spend the Principal's money, property, or both on the Principal's behalf, in accordance with the terms of this Durable Power of Attorney. This Durable Power of Attorney is valid only if the Principal is of sound mind when the Principal signs it. When acting in the capacity of Agent, you are under a duty (called a 'fiduciary duty') to observe the standards observed by a prudent person, which means the use of those powers that is reasonable in view of the interests of the Principal and in view of the way in which a person of ordinary judgment would act in carrying out that person's own affairs. If the exercise of your acts is called into question, the burden will be upon you to prove that you acted under the standards of a fiduciary. As the Agent, you are not entitled to use the money or property for your own benefit or to make gifts to yourself or others unless the Durable Power of Attorney specifically gives you the authority to do so. As the Agent, your authority under this Durable Power of Attorney will end when the Principal dies and you will not have authority to manage or dispose of any property or administer the estate unless you are authorized to do so by a New Hampshire Probate Court. If you violate your fiduciary duty under this Durable Power of Attorney, you may be liable for damages and may be subject to criminal prosecution. If there is anything about this Durable Power of Attorney, or your duties under it, that you do not understand, you should seek professional advice."

The language required by this paragraph shall not confer any powers to the agent that are not otherwise contained in the durable power of attorney.

VII. Nothing in paragraph V-IX of this section shall render ineffective a durable power of attorney validly executed under New Hampshire law prior to the effective date of paragraphs V-IX of this section.

VIII. A durable power of attorney validly executed under the laws of another state or foreign jurisdiction shall be deemed valid under New Hampshire law. Foreign powers of attorney shall be subject to the provisions of RSA 506:7.

IX. A person who seeks to validate or interpret the powers under a durable power of attorney which does not comply with paragraph VI of this section may petition the courts under RSA 506:7.

2 Powers of Attorney; Limitations on the Agent. Amend RSA 506:7, IV to read as follows:

IV.(a) The court may hold hearings, make orders and decrees, and take other actions necessary or proper to make determinations on matters presented by a petition filed under paragraph III and RSA 506:6, IX.

(b) When a gift or transfer made by an agent is challenged in a petition filed under paragraph III of this section or RSA 506:6, IX, the gift or transfer shall be presumed to be lawful if the durable power of attorney is drafted in accordance with RSA 505:6, VI and explicitly authorizes such gifts or transfers. However, if the petitioner establishes that the agent made a transfer for less than adequate consideration, and the transfer is not explicitly authorized by a durable power of

attorney drafted in accordance with RSA 506:6, VI the agent shall be required to prove by a preponderance of evidence that the transfer was authorized and not as a result of undue influence, fraud, or misrepresentation.

3 Effective Date. This act shall take effect January 1, 2001.

HB 1328, requiring that the rules of evidence shall apply in divorce proceedings. INEXPEDIENT TO LEGISLATE

Rep. James W. Craig for Judiciary: This bill would require the rules of evidence to apply to all divorce proceedings. The committee believes that this could be a benefit to litigants but not in the form presented in this bill. There are parts of a divorce proceeding where it would be expensive and otherwise burdensome to parties to have the rules apply, especially for pro se parties. There are other parts of divorce proceedings where the committee felt that the rules should apply. This bill does not address these concerns and has the potential to cause more harm than benefit. It was the general feeling of the committee that perhaps the entire "divorce statutes" should be scrutinized in the future. Vote 13-1.

HB 1551-FN, relative to legislative access to agency information. INEXPEDIENT TO LEGISLATE

Rep. James W. Craig for Judiciary: This bill would require "any state agency, or board or commission of any state agency or authority, including the board of trustees of the university system of New Hampshire" to provide any state legislator full access to records or information which it may possess for use as legislative research in any legislative proceeding, hearing or discussion. Any person failing to provide such requested information would be guilty of a misdemeanor. The committee felt that the right-to-know law already addresses these issues and that this bill would allow legislators to abuse the present statute. Further, all of the confidentiality protections provided in that statute, and any other court order are waived, when a request is made by a legislator. Further, in addition to a violation of this bill being a misdemeanor, the information would cause the state employee to be suspended from state employment for a period of time "to be determined jointly by the speaker of the house, the senate president and the governor". The committee recognizes that the citizens of the state sometimes have problems acquiring permissible information from state agencies and is willing to take steps to address the problem in the future, if deemed necessary. However, this was not the appropriate vehicle to do so. Vote 12-0.

HB 1182, relative to eligibility for unemployment benefits for school employees. INEXPEDIENT TO LEGISLATE

Rep. Jeffrey P. Goley for Labor, Industrial and Rehabilitative Services: This bill would have repealed RSA 282-A:31,II, (a) & (b) relative to eligibility of employees of an educational institution to receive unemployment compensation benefits. Hearing no compelling testimony in favor of the bill, the majority of the committee voted ITL. Vote 16-0.

HB 1187-FN-L, allowing the public employee labor relations board to decertify a bargaining unit. INEXPEDIENT TO LEGISLATE

Rep. Gary P. Torressen for Labor, Industrial and Rehabilitative Services: After reviewing the policy regarding the decertification of a bargaining unit by the public employee labor relations board, the committee believes that the current policy is working. The current policy allows the employees to petition the board to decertify. The reason the bill was presented was because some bargaining units have fallen below the required ten (10) members. The committee felt that it is the bargaining unit member's right to petition for decertification and not the employer. The committee vote was ITL. Vote 16-0.

HB 1326, relative to managed care programs under workers' compensation. OUGHT TO PASS

Rep. Robert H. Turner for Labor, Industrial and Rehabilitative Services: This bill requires a managed care program under workers' compensation to maintain a business office in New Hampshire and to have a sufficient number of resident injury management facilitators. The Workers' Compensation Advisory Council and the Department of Labor both are in support of this bill. This bill follows the same requirement of all other insurance carriers providing insurance to businesses in the State of New Hampshire. Therefore, the committee voted OTP. Vote 14-2.

HB 1582, establishing a committee to study family friendly employment and workplace policies and to determine effects on families and employers. OUGHT TO PASS WITH AMENDMENT

Rep. G. Michael Gilman for Labor, Industrial and Rehabilitative Services: This bill in its original form was felt to be too broad in areas to be examined. After much consultation and "in recognition of the intent and merit of HB 1582", it was amended. The amendment's focus of study is in two areas: workplace policy and family resources. The committee was unanimous in its' support for what is genuinely a bi-partisan issue. Therefore, the committee voted OTP/A. Vote 16-0.

Amendment (3580h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study workplace policies and practices of small businesses for their effect on New Hampshire employees and their families.

Amend the bill by replacing sections 1-3 with the following:

1 Committee Established. There is established a committee to study the workplace policies and practices in small businesses of 50 or fewer employees that enable employees to balance work responsibilities with family commitments.

2 Membership and Compensation.

I. The members of the committee shall be as follows:

- (a) Three members of the house of representatives, appointed by the speaker of the house.
- (b) Three members of the senate, appointed by the president of the senate.

II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

3 Duties.

I. The committee shall:

(a) Examining employment and workplace policies of small businesses which enable employees to balance work responsibilities with family commitments. These may include:

(1) Assistance with dependent care of family members including resource and referral, reimbursement, or vouchers and/or assistance with child care for employees coming off welfare.

(2) Workplace policies such as flexible schedules, job-sharing, cafeteria benefit plans, and use of sick leave to care for family members with extended illnesses, and leave banks.

(b) Examine possible incentives that could be initiated by the state to encourage the successful New Hampshire small business policies which have been identified as effective.

(c) Examine possible changes to statutes or rules which would allow for greater flexibility on the part of small businesses to accommodate the changing needs of employees and their families.

II. The committee shall solicit input from, but shall not be limited to, representatives of the following:

- (a) Employers.
- (b) Employees.
- (c) State agencies.
- (d) Interested councils and organizations.

Amend the bill by replacing section 6 with the following:

6 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a committee to study workplace policies and practices of small businesses for their effect on New Hampshire employees and their families.

HB 1120-L, relative to the definition of net assets in the elderly exemption to property taxes. **INEXPEDIENT TO LEGISLATE**

Rep. Anthony F. Simon for Municipal and County Government: This bill would have provided that retirement savings held in individual retirement accounts or other qualified pension plans would not be considered an asset when calculating eligibility for the elderly exemption. In addition to the difficulty that local officials would have in determining what constituted an "other qualified pension plan," the Committee was unable to understand why this particular form of retirement savings should be excluded while other forms of savings and/or investments would be included as part of an individual's assets. Vote 17-1.

HB 1194, relative to the composition of planning boards in certain cities. **OUGHT TO PASS WITH AMENDMENT**

Rep. Ralph L. Akins for Municipal and County Government: This bill changes the composition of planning boards in cities with a city council-city manager form of government by eliminating the inclusion of an administrative official and increasing the number of non-ex officio members from 6 to 7. The Committee amendment allows this change to be optional. City administrative officials work directly with the applicant reviewing and preparing submittals to the planning board for their review and they may still attend the meetings when they decide it's necessary. Therefore it is not necessary to require them to become a regular member of the board. Vote 12-3.

Amendment (3257h)

Amend the bill by replacing all after the enacting clause with the following:

1 Planning Boards; Composition in Cities. Amend RSA 673:2, 1 and 1-a to read as follows:

I.(a) In cities, the planning board shall consist of 9 members:

[~~(a)~~] *(1) The mayor of the city, or with the approval of the local legislative body the mayor's designee, who shall be an ex officio member;*

[~~(b)~~] *(2) An administrative official of the city selected by the mayor, who shall be an ex officio member;*

[~~(c)~~] *(3) A member of the city council selected by the council, who shall be an ex officio member; and*

[~~(d)~~] *(4) Six persons appointed by the mayor, if the mayor is an elected official, or such other method of appointment or election as shall be provided for by the local legislative body or municipal charter.*

(b) Alternatively, the local legislative body in a city with a city council-city manager form of government may establish a planning board with membership as provided in paragraph 1-a.

1-a. *In cities with a city council-city manager form of government, the planning board may consist of the following 9 members:*

(a) The city manager, or with the approval of the local legislative body the city manager's designee, who shall be an ex officio member;

(b) A member of the city council selected by the council, who shall be an ex officio member; and

(c) Seven persons appointed by the mayor, if the mayor is an elected official, or such other method of appointment or election as shall be provided for by the local legislative body or municipal charter.

1-b. In towns which operate under the town council form of government, the planning board shall consist of 7 or 9 members, as determined by the local legislative body or by the municipal charter. If the planning board shall consist of 9 members, the members shall be the persons listed in paragraph 1. If the planning board shall consist of 7 members, the members shall be as follows:

(a) A member of the town council or administrative official of the town selected by the town council, who shall be an ex officio member; and

(b) Six persons appointed by the mayor, if the mayor is an elected official, or such other method of appointment or election as shall be provided for by the local legislative body or municipal charter.

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill allows a city with a city council-city manager form of government to establish a planning board composed of the city manager or designee, a member of the city council, and 7 appointed persons.

HB 1453, relative to the grant of power over applications before a planning board. **INEXPEDIENT TO LEGISLATE**

Rep. Anthony F. Simon for Municipal and County Government: This bill seeks to eliminate any possibility of a subjective interpretation of a zoning ordinance or subjective interpretation of an application to any local zoning board or planning official. The Committee felt that this bill is not an improvement over current law. It fails to set out clear and enforceable standards for limiting local authority and distinguishing between impermissible "subjective" interpretations and permissible "objective" interpretations. What may appear "subjective" to one person is "objective" to another. Finally, this bill may unintentionally remove some of the authority which local officials currently have and which is necessary to enable them to properly do their jobs. Vote 16-2.

HB 1541-FN-L, relative to the cremation of deceased persons. **OUGHT TO PASS**

Rep. Anthony F. Simon for Municipal and County Government: This bill adds cremation to the existing statute, which provides for the burial of persons on public assistance. It also deletes the word "casket" from the statute which requires that a body scheduled to be cremated be transported "in suitable solid container made for such purpose." The testimony was that some funeral directors have been reluctant to cremate deceased indigent persons without specific statutory authority. The Committee believes that this bill provides important flexibility in this regard to local officials who are responsible for disposing of the remains of deceased persons who have been on public assistance. Vote 16-2.

HJR 20, urging the United States Congress to fully fund the Ricky Ray Hemophilia Relief Fund Act for HIV victims. **OUGHT TO PASS**

Rep. Margaret E. Lynott for State-Federal Relations and Veterans Affairs: Thousands of people with hemophilia, a blood-clotting disorder, were infected with the HIV virus when they purchased contaminated blood products years ago. This occurred even after the Institute of Medicine was made aware that the blood product was contaminated. Congress passed the Ricky Ray Hemophilia Relief Fund Act in 1998, and the bill was signed into law by the President. Fully funding this bill would provide financial relief to the families of hemophiliacs who were devastated by the failure of the federal government's policy also in its handling of the AIDS epidemic. Many of these families have suffered the loss of multiple members. Vote 12-0.

HB 1279, relative to the applicability of school bus safety laws. **REFER FOR INTERIM STUDY**

Rep. Robert J. Letourneau for Transportation: The sponsor who is concerned with the use of safety equipment by school bus operators brought this bill forward with good intent. During the public hearing the committee received a 1999 inspection report from the Department of Safety that indicated that the school bus safety record is excellent at 96.4%. However, the issue here may be with non-complying buses that are used by some schools. The committee felt that we could use an extended time to look at these issues. The sponsor is aware of our action and is in support. Vote 15-0.

HB 1617-FN, relative to suspension of a driver's license for sufficient cause. **OUGHT TO PASS WITH AMENDMENT**

Rep. Sherman A. Packard for Transportation: This bill was brought in following a Supreme Court decision overturning the decision by a lower court judge. This bill will clarify RSA 263:57 allowing a judge to suspend a license for the hazardous nature of driving, excessive speed, prior driving record, or prior history of compliance with court or administrative orders in motor vehicle cases. The committee felt that a judge should have the discretion of suspending a driver's license in the most egregious cases of violations. The committee also felt that this was necessary because of the increased cases of road rage and violent cases of aggressive driving. We must not abate the judges abilities to suspend a license in the cases they deem necessary. Vote 14-1.

Amendment (3503h)

Amend the bill by replacing all after the enacting clause with the following:

1 Suspension for Sufficient Cause. Amend RSA 263:57, I to read as follows:

I. Any justice of a district or municipal court or of the superior court may suspend any license issued to any person, for a period not to exceed 30 days, after a conviction of an offense under the provisions of this title, after due hearing, for any cause which he *or she* may deem sufficient. *Sufficient cause for suspending any license issued to any person shall include, but not be limited to, the hazardous nature of the driving violation, the excessive nature of the speed, the driver's prior driving record, or the driver's prior history of compliance with court or administrative orders in motor vehicle cases.*

2 Effective Date. This act shall take effect upon its passage.

SB 348, extending the committee to study the establishment of a permit system for vessels registered in another state temporarily using the waters of New Hampshire. **OUGHT TO PASS**

Rep. Peter R. Cote for Transportation: This bill would extend for one year the study committee concerning the establishment of a permit system for vessels registered in other states temporarily using New Hampshire waters. The study committee met last summer, and it became apparent that they would need an extended time to properly study this issue due to conflicting information re-

garding the number of out of state vessels and federal grant monies involved. The Department of Safety and the New Hampshire Lakes Association support this bill. Vote 15-0.

SB 362, relative to the length of buses and single unit vehicles. OUGHT TO PASS

Rep. Alfred C. Lerandeau for Transportation: This bill as written would increase the maximum length limits for buses and single unit vehicles driven on roads from 40 feet to 45 feet. The bill brings the state into compliance with the federal highway guidelines of 45 feet. Vote 14-1.

SB 356, extending the committee to study and identify or establish the duties of the fish and game commission. OUGHT TO PASS

Rep. Betsy McKinney for Wildlife and Marine Resources: The committee voted to extend this study for another year. The Fish and Game Commission received a federal grant last year to review their responsibilities and duties and are now working to put in print what the duties and job description of the Commissioner are and pending their results the study committee will be able to consider this information for future legislation. Vote 11-0.

REGULAR CALENDAR

MOTION TO SPECIAL ORDER

Rep. Pilliod moved that **HB 1271**, relative to participation by minors in certain athletic activities, be made a Special Order for Thursday, March 23, 2000 in the regular calendar order and spoke in favor.

Adopted by the necessary two-thirds.

REGULAR CALENDAR (CONT'D.)

HB 1603, establishing a committee to study the ages at which persons under 21 years of age become subject to state laws. INEXPEDIENT TO LEGISLATE

Rep. Thomas I. Arnold, Jr. for Children and Family Law: This bill establishes a statutory committee to study the ages at which individuals less than 21 years of age become subject to various laws and procedures, criminal, motor vehicle, welfare, labor, etc. The committee was divided 7-6 on whether the statutory committee should be formed, what it could be expected to accomplish, and whether it could be completed in the allotted times; OTP failed. Because the expectations were so nebulous the ITL motion was made and accepted 9-4. Vote 9-4.

Adopted by the necessary two-thirds.

HB 1204-FN, relative to plant seeds that have artificially heightened resistance to herbicides and pesticides INEXPEDIENT TO LEGISLATE

Rep. Kathleen N. Taylor for Commerce: This bill would require the labeling of all foods containing ingredients derived from genetically altered seeds, which are sold in New Hampshire. There is currently no way to enforce this labeling on foods manufactured outside of New Hampshire. The sponsors' amendment relied on the passing of other state and federal legislation, and the committee felt that the marketplace is addressing this issue on its own. Vote 14-2.

Adopted by the necessary two-thirds.

HB 1536-FN, requiring parental notification for certain offenses involving minors. INEXPEDIENT TO LEGISLATE

Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: The committee was very supportive of the concept of parental notification for certain offenses involving minors. However, we did not believe the notification should be mandatory as it raises 28-a questions. Therefore, we strongly recommended that our police departments notify the parents of minors by phone or mail of violations or misdemeanors. We recognize the importance of keeping the parents informed for the benefit of everyone involved; however, this should not be a mandate. Vote 9-4.

Adopted by the necessary two thirds.

(Clerk's Note)

The Constitutionally required two-thirds of the membership was declared present.

HB 1548-FN, abolishing the death penalty. WITHOUT RECOMMENDATION.

Reps. Flora and Sargent moved Ought to Pass.

Reps. Knowles, Kennedy, Tholl, Young and Welch spoke against.

Reps. Flora, Sargent, Naida Kaen, DiFruscia and Loren Jean spoke in favor.
 Rep. Burling requested a quorum count. The Speaker declared a quorum present.
 Rep. Rowe spoke in favor.
 Rep. Cecelia Kane requested a roll call; sufficiently seconded.
 The question being the adoption of the Ought to Pass motion.

and Ought to Pass was adopted.

Ordered to third reading.

Rep. Gary Johnson wished to be recorded in favor.

RECONSIDERATION

Having voted on the prevailing side, Rep. Carol Moore moved that the House reconsider its action whereby it ordered **HB 1548-FN**, abolishing the death penalty to third reading and final passage, and spoke against.

On a division vote 140 members having voted in the affirmative and 213 in the negative, reconsideration failed.

REGULAR CALENDAR (CONT'D.)

HB 1521-FN-L, relative to the definition and administration of an adequate education. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.** Rep. Jane E. O'Hearn for the Majority of Education: The amendment replaces this bill. The majority of the committee supports the purpose and intent of this legislation. The purpose of the legislation is to provide adequate education "accountability" to the citizens of New Hampshire. It does this with each school district preparing and developing a comprehensive Improvement and Assessment Plan. This plan will be developed by a variety of community members and include a number of proficiency standards, curriculum and instructional goals, pupil behavior, parent involvement, evaluation and professional roles. The report card is expanded for better understanding by local and state population of a school districts' performance and demographic indicators. This requires each school district to open public discussion on the condition of their school. It establishes procedures for the department of education to identify local school districts, which are in need of assistance, as well as, establishes procedures for the department of education to assist in improv-

ing the overall quality of educational programs and services offered by such districts. Vote 10-5. Rep. Warren C. Henderson for the Minority of Education: HB 1521 has at least four fundamental problems. First, the bill begins the process of a state takeover of schools. The bill provides for state intervention into targeted schools without local option if other efforts fail. The state dictates school standards, the state decides whether schools are meeting those standards, the state dictates which school improvement plans are acceptable and the state decides when schools have improved enough to end intervention. Local schools and citizens have input, but the state has all the control. Second, the bill creates more unfunded state obligations. The bill creates a special fund for good schools and another fund for underperforming schools. Neither fund has even a rough estimate of cost. The funds could cost pennies or tens of millions of dollars. Third, the bill micromanages the Department of Education. The bill specifically dictates everything from how long a school has to submit a report to how many people would serve on an intervention team. If the Department is competent, these details should be left to rule. If the Department is not competent, it should not be put in position to force their recommendations on schools. Fourth, the state intervention won't help schools that don't want the help. After proposing mandatory state intervention into targeted schools the bill offers only very weak improvement tools like a technical assistant or a review team. Opponents of the bill suspect that more heavy-handed state powers, such as the power to seize "fiscal and policy control" of local schools proposed by the Governor's Commission, lie ahead if we pave the way by passing this bill. On balance, the bill has so many problems, both philosophical and practical, that it should not become law. There are other ways to extend the use of school "report cards", the one good part of the bill, without imposing all these problems on local schools. The minority recommends a "No" vote on Ought to Pass with Amendment.

Amendment (3555h)

Amend the bill by replacing all after the enacting clause with the following:

1 Statement of Purpose. The general court finds that in order to implement New Hampshire's policy of providing all pupils with the opportunity to acquire an adequate education, it is necessary to monitor, evaluate, and publicly report the progress of pupils, schools, and districts.

2 New Subdivision; School District Comprehensive Improvement and Assessment Program. Amend RSA 193-E by inserting after section 3 the following new subdivision:

School District Comprehensive Improvement and Assessment Program

193-E:4 Definitions. In this subdivision:

I. "Commissioner" means the commissioner of the department of education.

II. "Department" means the department of education.

III. "Plan" means the comprehensive improvement and assessment plan as defined in RSA 193-E:5.

IV. "State board" means the state board of education.

193-E:5 School District Quality Standards; Comprehensive Improvement and Assessment Plan. In order to implement New Hampshire's policy of providing all pupils with the opportunity to acquire an adequate education, each school district shall implement the following quality standards:

I. By July 1, 2001, each district shall file its current plan with the department. Each school district shall prepare and implement its plan in accordance with a staggered schedule established by the department such that all plans shall be filed no later than June 1, 2007. Each plan shall be developed through a process involving parents, teachers, employers, and other community members. The department shall comment to the district on the plan in a timely fashion. Every 5 years following the filing of the initial plan, each school district shall file an updated plan developed through the process outlined in this paragraph. Districts may reference the statewide education improvement and assessment plan established in RSA 193-C:3, in preparing the plan. At a minimum, the plan shall include:

(a) Curriculum and proficiency standards for all pupils.

(b) School and district performance goals based on reported data on educational indicators listed in paragraph II of this section.

(c) Procedures for aligning curriculum, instructional practices, and pupil and programmatic assessments, including annual reporting of results.

(d) Local assessment measures which focus on individual pupil performance.

(e) Role of support services and programs.

- (f) Role of instructional leadership.
- (g) Strategies to promote family and community involvement.
- (h) Staff supervision and evaluation and performance-based professional development.
- (i) Procedures for ongoing review and evaluation of the plan.
- (j) Pupil behavior and conduct codes.
- (k) Procedures to ensure that the school district budget reflects the goals of the plan.
- (l) Provisions for addressing individual school needs.

II. By September 1, 2002, and annually thereafter, each school district shall report to the department its data for the previous school year on its school and district performance and demographic indicators. The requirements for data keeping and the form of the report shall be established in accordance with rules adopted by the state board.

- (a) Performance and demographic indicators shall include the following areas:

- (1) Attendance, tardiness, truancy, transfer, and drop-out rates.
 - (2) School environment indicators, such as safe-schools data.
 - (3) Proportion of graduating pupils going on to post-secondary education, military service, and the workplace.
 - (4) Performance on state tests administered pursuant to RSA 193-C and other standardized tests administered at local option.
 - (5) Extent to which pupils meet or exceed behavior conduct codes.
 - (6) Extent to which teachers are certified in all areas in which they teach.
 - (7) Extent to which teachers engage in performance-based professional development to promote pupil learning.
 - (8) Frequency and effectiveness of staff supervision and evaluations.
 - (9) Extent to which district schools implement components of effective family/community involvement standards including communicating, parenting, pupil learning, volunteering, school decision-making and advocacy, and collaborating with the community.
 - (10) Frequency and effectiveness of supervision and evaluations of instructional and administrative leaders.
 - (11) Teacher and administrator turnover rates reported by area of certification and by elementary, middle, junior high, and high school levels.
- (b) In addition, local districts shall report on locally developed performance indicators and assessment measures.

III. Each elementary, middle, junior high, and/or high school in the school district shall meet the standards for school approval adopted by the state board.

IV. Beginning December 1, 2003, and annually thereafter, the commissioner, in accordance with rules adopted by the state board pursuant to RSA 541-A, shall determine whether each school district is meeting the quality standards established in paragraphs I–III of this section. A school district that does not meet these quality standards shall be designated by the commissioner as a district in need of assistance. The commissioner, annually, shall provide a report of such determinations to the governor and council, the speaker of the house, the senate president, the chairpersons of the house and senate education committees, the state board, and the attorney general.

V. No later than December 1, 2002, and annually thereafter, the department shall issue a report on the condition of education statewide and on a district-by-district and school-by-school basis. This report shall include demographic and pupil performance data including, but not limited to, school and district performance on state tests administered pursuant to RSA 193-C, other standardized tests administered at local option by at least 25 percent of school districts, and data provided under paragraph II of this section, as well as other relevant statistics including English as a second language pupils, special education pupils, and pupils eligible for free or reduced-price meals. Comparisons with state averages and with the condition of each district and school in comparison with previous years shall be provided, including, but not limited to, statewide rankings of each district and school on the state tests administered pursuant to RSA 193-C and on other standardized tests administered at local option by at least 25 percent of school districts. The report shall be organized and presented in a manner that is easily understood by the public and that assists each school district with the identification of trends, strengths, and weaknesses and the development of its local education improvement and assessment plan.

VI. Within 45 days of the issuance of the annual report on the condition of education as required in paragraph II of this section, each school district shall provide an opportunity for public discussion of the report at a meeting of the governing body called for the exclusive purpose of reviewing the report. At least 7 days advance public notice shall be given.

VII. A school district that meets or exceeds the quality standards set forth in paragraphs I-III of this section shall receive formal recognition from the state board and the governor. Any school district, school, or teacher that demonstrates a best practice worthy of recognition shall also receive formal recognition from the state board and the governor. Such school districts, schools, or teachers shall be eligible to receive funds from a special projects and district improvement fund administered by the department. Such funds shall be used to disseminate best practices throughout the state.

193-E:6 Request for Assistance. A school district, in response to the annual report on the condition of education, may request from the department the assistance available under this subdivision on behalf of the district as a whole or on behalf of one or more schools in the district. Within 30 days of such request, the commissioner may, based on the availability of resources, provide appropriate assistance to the district. The commissioner shall work with local school board and school district officials in determining the assistance specific to the district's needs.

193-E:7 School District in Need of Assistance. If a school district requesting assistance has been designated as a district in need of assistance, then that school district shall receive assistance from the department as follows:

I. A school district shall have one year from the date of the designation as a district in need of assistance pursuant to RSA 193-E:5, IV to prepare a corrective action plan for approval by the state board. The school district may decide to implement its corrective action plan on its own, through the use of a technical assistance advisor, or a peer review team as provided in this section. Any such decision shall be included in the corrective action plan. A district's corrective action plan shall first examine and access the district's professional development resources and available state initiatives. After accessing district resources and available state initiatives, the district shall have access, with the consent of the commissioner, to the special projects and improvement fund, if necessary, in order to participate in workshops, conferences, seminars, courses, and other similar academic and professional development opportunities which may be available and which shall be related to the specific educational goals of a district as outlined in the plan.

II. If a school district has not developed and implemented an approved corrective action plan within one year of that designation, then on December 1 of the year following the designation, if that school district continues to be designated as a district in need of assistance, the commissioner may provide technical assistances to review the educational programming and effectiveness of the school district. In cooperation with local officials, the technical assistance advisor shall prepare and present a report at the beginning of a regularly scheduled public meeting of the local school board and to the state board. This report shall be issued within 4 months of the advisor's appointment. Based on this report, the local school board and superintendent shall, within 6 months of the issuance of the report, prepare a corrective action plan and submit it to the state board for approval. If the state board does not approve a corrective action plan, then the commissioner, in cooperation with the superintendent and the local school board, shall work with the school district to revise its corrective action plan. If the school district fails to revise its corrective action plan or the state board does not approve the revised corrective action plan, then the commissioner, in cooperation with the superintendent and the local school board, shall develop a corrective action plan, including methods for implementation. The commissioner shall, to the greatest extent possible, solicit advice and comment from the local community regarding the revised corrective action plan, at a special meeting called for the purpose, and submit the plan to the state board for approval without further action of the school district.

III. Any approved corrective action plan that includes the use of a technical assistance advisor, then the commissioner shall appoint a technical assistance advisor who shall be authorized to access the state special projects and district improvement fund, subject to rules adopted by the state board, to provide assistance to the local school district staff in the implementation of the corrective action plan.

IV. Any approved corrective action plan that includes the use of a peer review team, then the commissioner shall name a peer review team consisting of an appointee of the local school district, an appointee of the state board, and a third member chosen by the local and state ap-

pointees to advise the school district's superintendent and the local school board relative to the implementation of the corrective action plan until the goals of the corrective action plan are met.

V. If a school district that has been designated a district in need of assistance pursuant to RSA 193-E:5, IV has not submitted a request for assistance by the time of the annual school district meeting in a town, or by April 30 in a city, then the legislative body of the school district may vote to direct the governing body to submit a request for assistance pursuant to this section. If a majority of the legislative body votes in favor of requesting assistance, then that assistance shall be requested and provided in accordance with this subdivision.

193-E:8 Appeals. A school district that has been designated as a district in need of assistance may file an appeal in writing with the state board no later than 30 days from the date of the designation. The scope of the appeal shall be limited to the basis for the school district's designation as a district in need of assistance. The state board shall expedite all school district appeals on this matter by scheduling a hearing and rendering a written decision no later than 30 days from the date on which the school district's request for appeal was received.

193-E:9 Special Projects and District Improvement Fund. A special projects and district improvement fund is hereby established in the department of education. Moneys in this fund shall be continually appropriated to the department. The department shall use moneys appropriated for this fund to provide grants pursuant to RSA 193-E:7. The department shall also use moneys appropriated for this fund to support the implementation of approved corrective action plans. The technical assistance advisor assigned to work in these school districts shall be authorized to access this fund in accordance with rules adopted by the state board.

193-E:10 Rulemaking. The state board shall, pursuant to RSA 541-A:

I. No later than July 1, 2001, adopt rules relative to data keeping and the form of the school district report required under RSA 193-E:5, II.

II. No later than June 30, 2003, adopt rules relative to the approval of corrective action plans as required in RSA 193-E:7. In developing these rules, the state board shall solicit advice and information from educators at all levels, including those within the university system, business people, government officials, legislators and legislative committees, community representatives, parents, and members of the public.

III. No later than July 1, 2003, adopt rules relative to procedures for access to and disbursement from the special projects and district improvement fund established pursuant to RSA 193-E:9.

IV. No later than July 1, 2002, adopt rules relative to the criteria and procedures for determining compliance with quality standards. In developing these rules, the state board shall solicit advice and information from educators at all levels, including those within the university system, business people, government officials, legislators and legislative committees, community representatives, parents, and members of the public.

3 New Paragraph; Statewide Improvement and Assessment Plan; Review Required. Amend RSA 193-C by inserting after paragraph IV the following new paragraph:

V. By June 30, 2002, and every 5 years thereafter, the state board shall review and update the statewide education improvement plan developed in accordance with RSA 193-C that describes how the department will help schools and school districts improve pupil achievement, through a process that provides opportunities for public input from parents, employers, educators, and other citizens. The plan shall include goals and strategies for the delivery of technical assistance and professional development, the sharing of best practices, the modification or expansion of existing programs, and the establishment of new programs.

4 Statewide Improvement and Assessment Program; Legislative Oversight Committee; Duties Amended. Amend RSA 193-C:8 to read as follows:

193-C:8 Duties of the Legislative Oversight Committee; Report.

I. The oversight committee shall review the development and implementation of the program to ensure that they are in accordance with legislative policy. Implementation of the program shall be in conjunction with the committee's review.

II. To review the provisions of RSA 193-E, relative to an adequate public education and school district accountability, and file a report of such review to the speaker of the house of representatives, the president of the senate, the governor, and the chairpersons of the house and senate education committees every 2 years.

5 New Paragraph; State Board of Education; Duties of the State Board; Review of School Approval Standards Inserted. Amend RSA 186:11 by inserting after paragraph XXXV the following new paragraph:

XXXVI. REVIEW OF SCHOOL APPROVAL STANDARDS. No later than June 30, 2003, and every 5 years thereafter, the state board of education shall review and update as necessary school approval standards based on input from parents, employers, educators, and other citizens. No later than 60 days from the date of each review, the state board of education shall submit a report of its findings, including recommendations for proposed legislation, to the chairpersons of the house and senate education committees. At the discretion of the committee chairpersons, a public hearing on the report may be scheduled.

6 Repeal. RSA 194:23-d, relative to state financial aid to public elementary or high schools, is repealed.

7 Prospective Repeal. RSA 193-E:3, relative to the delivery of an adequate education, is repealed.

8 Effective Date.

I. RSA 193-E:9 as inserted by section 2 of this bill shall take effect July 1, 2003.

II. Section 7 of this act shall take effect December 1, 2002.

III. The remainder of this act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill:

I. Requires each school district to prepare and implement quality standards and a local education improvement and assessment plan.

II. Establishes procedures for the department of education to identify local school districts which are in need of assistance.

III. Establishes procedures for the department of education to assist in improving the overall quality of educational programs and services offered by such districts.

IV. Establishes a special projects and district improvement fund within the department of education.

Adopted.

Reps. Arthur Pelletier and Ward spoke against and yielded to questions.

Reps. Alger and Henderson spoke against.

Rep. Robb-Theroux requested a quorum count. The Speaker declared a quorum present.

Rep. Estabrook spoke in favor and yielded to questions.

Reps. Hoadley and O'Hearn spoke in favor.

Rep. Sullivan requested a roll call; sufficiently seconded.

The question being the adoption of the majority report.

and the majority report was adopted.
Ordered to third reading.

RECONSIDERATION

Having voted on the prevailing side, Rep. Burling moved that the House reconsider its action whereby it ordered **HB 1521-FN-L**, relative to the definition and administration of an adequate education to third reading and final passage, and spoke against.
Rep. Mirski requested a roll call; sufficiently seconded.
The question being the motion to reconsider.

RECESS

(Speaker Sytek in the Chair)

REGULAR CALENDAR (CONT'D.)

HB 1327, relative to residency of prisoners for purposes of voter registration OUGHT TO PASS Rep. Lynn C. Horton for Election Law: This bill requires that, when completing a voter registration card, persons confined in penal institutions attach a statement of their domicile immediately prior to confinement. Next to a prisoners name on the voter checklist it will state "non-applicable - see attached". The attachment will give the post office box of the penal institution. This provision will protect occupants who are now living in the former residence of the prisoner. Vote 13-2. Adopted and ordered to third reading.

HB 1331, relative to campaign contributions by corporations. OUGHT TO PASS WITH AMENDMENT

Rep. Robert E. Clegg, Jr. for Election Law: The bill addressed contributions by corporations to political candidates. The court last year ruled our current law unconstitutional. This bill limits contributions by corporations to \$5000 if the candidate agrees to the spending cap, \$1000 if the candidate does not agree to the spending cap. Vote 14-1.

Amendment (3481h)

Amend the bill by replacing section 1 with the following:

1 Elections; Political Expenditures and Contributions; Corporations. RSA 664:4, I is repealed and reenacted to read as follows:

I. By any corporation, or by any officer, director, executive, agent or employee acting in behalf of such corporation, or by any organization representing or affiliated with one or more corporations or by any officer, director, executive, agent or employee acting in behalf of such organization if in excess of \$5,000 in value, or if in excess of \$1,000 in value if made by a corporation, to a candidate or a political committee working on behalf of a candidate who does not voluntarily agree to limit his or her campaign expenditures and those expenditures made on his or her behalf as provided in RSA 664:5-a.

AMENDED ANALYSIS

This bill prohibits political contributions by corporations in excess of \$5,000, or in excess of \$1,000 in value if made by a corporation to a candidate or a political committee working on behalf of a candidate who does not voluntarily agree to limit his or her campaign expenditures and those expenditures made on his or her behalf as provided in RSA 664:5-a.

Adopted.

Report adopted and ordered to third reading.

HB 1527, relative to false statements about candidates. INEXPEDIENT TO LEGISLATE

Rep. Lynn C. Horton for Election Law: This bill establishes a procedure for candidates to file a request for findings with the secretary of state alleging that a false statement has been made, either orally or in writing about the candidate. The secretary of state is required to hold a hearing and make written findings on the request. The committee agrees that matters would be difficult for the secretary of state's office to resolve such complaints, especially when the timing of such complaints is so close to the election. Vote 11-5.

Adopted.

HCR 26, relative to the redistricting of the town of Alexandria following the 2000 census. INEXPEDIENT TO LEGISLATE

Rep. Michael S. Rollo for Election Law: The committee on Election Law sympathizes with the sponsor and residents of the town of Alexandria. However, the majority of the committee would

rather not set a precedent to towns with grievances before redistricting occurs. The committee would like to reassure the residents of Alexandria that their concerns have been heard, and will be addressed during the redistricting process. Vote 13-3.

Rep. Harmon spoke against and yielded to questions.

Rep. Scanlan spoke against.

Reps. Buckley and Horton spoke in favor.

Rep. Arndt requested a roll call; sufficiently seconded.

The question being the adoption of the report.

and the report was adopted.

Reps. Nolan-Piteri and Wendelboe did not vote and wished to be recorded in favor.

HB 1201, creating a committee to study incentives for regionalization of sludge and septage facilities. **REFER FOR INTERIM STUDY**

Rep. Donald R. Philbrick for Environment and Agriculture: The Environment & Agriculture Committee recognizes the importance of looking closely at the issue of sludge and septage. At this time we need to consider and try to find solutions to the issue that will be acceptable in the long term. Cities and towns with wastewater treatment plants need to know where the sludge may be disposed and there is a need to look at the raw septage that is pumped from residential tanks and where that will be processed. Vote 14-0.
Adopted.

HB 1390, establishing a committee to study environmental health. **OUGHT TO PASS WITH AMENDMENT**

Rep. John S. Cobb for Environment and Agriculture: This bill establishes a commission to study the relationship between public health and the environment. The Committee after hearing compelling testimony from the Department of Environmental Services, New Hampshire Comparative Risk Project, Dr. Robert K. McLellan and concerned citizens, felt this Committee should be established. Vote 14-1.

Amendment (3328h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a commission to study the relationship between public health and the environment.

Amend the bill by replacing all after the enacting clause with the following:

1 Statement of Intent. The general court recognizes that there is a need to build on the work done by the New Hampshire Comparative Risk Project to better understand how medical and public health practices relate to environmental exposures.

2 Commission Established. There is established a commission to study the relationship between public health and the environment.

3 Membership and Compensation.

I. The members of the commission shall be as follows:

(a) Three members of the house of representatives, appointed by the speaker of the house.

(b) Three members of the senate, appointed by the president of the senate.

(c) A licensed physician knowledgeable in occupational and environmental medicine, appointed by the governor.

(d) A representative of the New Hampshire Public Health Association, appointed by such association.

(e) A representative of the New Hampshire Health Officer's Association, appointed by such association.

(f) The commissioner of the department of health and human services, or designee.

(g) The commissioner of the department of environmental services, or designee.

(h) The commissioner of insurance, or designee.

(i) The commissioner of agriculture, markets, and food, or designee.

(j) A representative of the Foundation for Healthy Communities, appointed by the foundation.

(k) The director of the New Hampshire Comparative Risk Project.

II. Legislative members of the commission shall receive mileage at the legislative rate when attending to the duties of the commission.

4 Duties. The commission's study shall include, but not be limited to the scope of medical and public health practices as they relate to environmental exposures such as, but not limited to: indoor and outdoor air pollution; lead and other heavy metals; food contamination; drinking water contamination; radiation; pesticides; and other public health risks identified by the New Hampshire Comparative Risk Project.

5 Chairperson. The members of the commission shall elect a chairperson from among the members. The first meeting of the commission shall be called by the first-named house member. The first meeting of the commission shall be held within 45 days of the effective date of this section.

6 Report. The commission shall make an interim report on its findings and any recommendations for proposed legislation on or before November 1, 2000 and a final report on or before November 1, 2001 to the speaker of the house of representatives, the senate president, the house clerk, the senate clerk, the governor, and the state library.

7 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill establishes a commission to study the relationship between public health and the environment.

Adopted.

Report adopted and ordered to third reading.

HB 1484-FN-A-L, establishing a 5 percent tax on gambling winnings as a source of funding public education. INEXPEDIENT TO LEGISLATE

Rep. Kenneth L. Weyler for Finance: Dire predictions were made should this tax be enacted. The director of the Sweepstakes Commission saw a fall-off in sales that would cause a net loss, and also pointed out that tri-state megabucks cannot be taxed per the agreement. The Pari-Mutuel director echoed a net loss from horse and dog racing, and the manager of Rockingham Park predicted the demise of his race track. All of these areas already produce revenue. Witnesses detailed how much of the large betting is done by professional gamblers. This group is very sensitive to the odds and very mobile. We would be the first state to impose a tax on gambling long after it was authorized. All the other states that tax gambling had done so since its inception. Those other states generally only taxed winnings above \$5,000, where federal withholding is required. This bill begins taxing winnings at \$600. Revenue from a gambling tax would be difficult to predict; one large jackpot could account for 70% of it. With more negatives than positives the committee did not support the bill. Vote 17-7.

Adopted.

MOTION TO SPECIAL ORDER

Rep. Mock moved that **CACR 30**, relating to judicial retirement. Providing that a judge may serve after age 70 if appointed by governor and council to a 5-year renewable term, be made a Special Order for Thursday, March 23, 2000 in the Regular Calendar order and spoke in order.

Adopted

SPECIAL ORDER

HB 1111, relative to the adoption by reference of the International Property Maintenance Code for municipalities. MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Paul A. McGuirk for the Majority of Municipal and County Government: RSA Chapter 674 governs local land use planning and regulatory powers. Section 674:52 cites eight (8) building codes a municipality may adopt by reference. HB 1111 simply adds an additional code, the International Property Maintenance Code (IPMC). Municipalities can already adopt the IPMC in whole or in part, now, without this bill. The bill simply addresses the manner in which it can be adopted. Finally, this bill does not affect the adoption or enforcement of the IPMC in those municipalities, which adopted all, or a part of that IPMC prior to the effective date of this bill. Vote 9-7.

Rep. Thomas E.P. Rice for the Minority of Municipal and County Government: We have an aversion to any code that smacks of "international", i.e. foreign origin. We believe that all laws of this sort shall be of local genesis because we believe in local control, which cannot be effective if not locally generated. A code this restrictive needs to be understood by the voters and acceptance by reference tends to be overlooked.

Rep. Lockwood spoke against.

Rep. Rice spoke against and yielded to questions.

Reps. McGuirk and O'Neil spoke in favor and yielded to questions.

Rep. Mirski requested a roll call; sufficiently seconded.

The question being the adoption of the majority report.

and the majority report failed.

Rep. Rice moved Inexpedient to Legislate.

Adopted.

REGULAR CALENDAR (CONT'D.)

HB 1402-L, relative to the transfer of excess medical reserve funds to the capital reserve fund.
INEXPEDIENT TO LEGISLATE

Rep. Robert W. Brundige for Municipal and County Government: This bill would have amended RSA-35 to allow towns, school districts, village districts or counties to transfer excess monies in a medical reserve fund to a capital reserve fund. The majority of the Committee felt that this is a local issue and should be resolved at the local level. Additionally, these funds are established by the legislative body. This bill would give the power to accomplish the transfer of these funds to the governing body without any standards or guidelines. The majority of the Committee did not agree with this concept. Vote 11-4.

Adopted.

HB 1444, relative to certain municipal ordinances. **INEXPEDIENT TO LEGISLATE**

Rep. William J. Kelley for Municipal and County Government: This bill was introduced to clarify the indoor smoking act with respect to Municipal ordinances. The Committee, by a strong majority vote, agreed that towns and cities should not have the express power to enact ordinances, which restrict smoking more stringently than the state law. Vote 14-4.

Rep. Arthur Pelletier spoke against and yielded to questions.

Rep. Simon spoke in favor.

On a division vote, 233 members having voted in the affirmative and 103 in the negative, the report was adopted.

HJR 25, urging the United States Secretary of Agriculture, the Director of the Drug Enforcement Administration, and the Director of the Office of National Drug Control Policy to revise regulations to permit the controlled, experimental cultivation of industrial hemp in New Hampshire. **OUGHT TO PASS**

Rep. J. Arthur Tufts for State-Federal Relations and Veterans Affairs: Before any commercial hemp is grown in New Hampshire, the very restrictive federal regulations need to be licensed in effect. The committee took into their extensive discussion the house votes on commercial hemp but urges the revision to regulations entirely so as to permit the controlled, experimental cultivation of industrial hemp in New Hampshire requiring that it be under carefully controlled conditions by a university affiliated agricultural research station. Vote 10-3.

On a division vote, 209 members having voted in the affirmative and 128 in the negative, the report was adopted.

Ordered to third reading.

HB 1273, relative to restricting usage of cellular phones while driving. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Robert H. Milligan for the Majority of Transportation: This bill prohibits the use of hand held cellular phones while operating a motor vehicle especially due to one's loss of peripheral vision. However, emergency responders, when essential to the discharge of their official duties in an emergency or other extraordinary situations, shall be exempt. Vote 8-7.

Rep. Larry J. Cossette for the Minority of Transportation: This bill would prohibit any hand held cell phone from being used while driving. The minority of the committee completely understands the concerns of the majority of the committee, which is the safe operation of a motor vehicle. However, at that point the minority disagrees that we should be punishing the vast majority of responsible users of cell phones for the careless abuse of a few. The minority of the committee also feels that there are many other bad habits people engage in when driving, such as reading a paper, applying makeup, drinking hot coffee, shaving, reaching for a tape, and we could name many more practices that distract the driver's concentration. The minority of the committee does not feel that the prohibited use of hand held cell phones is going to make irresponsible drivers suddenly act responsible. We must continue to educate the motoring public in safe driving habits for we cannot legislate common sense.

Amendment (3433h)

Amend the bill by replacing section 1 with the following:

I New Section; Rules of the Road; Prohibited Uses of Cellular Phones While Operating a Motor Vehicle; Emergency Exception. Amend RSA 265 by inserting after section 105 the following new section:

265:105-a Prohibited Uses of Cellular Phones While Operating a Motor Vehicle.

I. No person shall use any type of cellular telephone while actively driving a motor vehicle on a public way. This limitation shall not prevent persons from using programmable telephones built in to motor vehicles, if they are of the variety that do not require hand-held operation. Any person who violates this section shall be guilty of a violation.

II. This section shall not apply to the use of cellular phones by fire, police, ambulance, and other emergency responders when essential to the discharge of their official duties in an emergency or other extraordinary situation.

AMENDED ANALYSIS

This bill prohibits the use of cellular phones while actively driving a motor vehicle, except by certain emergency personnel in an official capacity.

Adopted.

Rep. Milligan spoke against.

The majority report failed.

Rep. Milligan moved Refer for Interim Study.

Adopted.

SPECIAL ORDER

HB 1234, relative to a special commission allowing non-ordained ministers residing out of state to perform marriages in New Hampshire. **OUGHT TO PASS WITH AMENDMENT**

Rep. Laura C. Pantelakos for Children and Family Law: This permits a non-ordained minister or an authorized individual residing out of state to seek a license from the Secretary of State to perform the marriage ceremony for a couple within the state of New Hampshire. This special one time license is restricted to the named couple. The license must be sought from the Secretary of State. Vote 11-1.

Amendment (1234h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to special commissions to perform marriages in New Hampshire.

Amend RSA 457:32 as inserted by section 1 of the bill by replacing it with the following:

457:32 Special Commission. The secretary of state may issue a special license to an ordained *or non-ordained* minister residing out of the state, *or to an individual residing out of state who is authorized or licensed by law to perform marriages in such individual's state of residence*, authorizing him *or her* in a special case to marry a couple within the state. *In the case of an individual residing out of state who is authorized or licensed by law to perform marriages in such individual's state of residence, the secretary of state may require the submission of a copy of a valid commission or other indicia of authority to marry in the individual's state of residence as proof of existence of that authority.* The names and residences of the couple proposed to be married in such special case shall be stated in the license, and no power shall be conferred to marry any other parties than those named therein. The fee for such license shall be \$5. The secretary of state shall keep a permanent record of all such special licenses, which record shall contain the names and residences of the couple to be married and the name and residence of the minister to whom the license is issued.

AMENDED ANALYSIS

This bill allows the secretary of state to grant a special commission allowing non-ordained ministers residing out of state and individuals residing out of state who are authorized or licensed by law to perform marriages in such individual's state of residence to perform marriages in New Hampshire.

Adopted.

Rep. Marsha Pelletier spoke against.

Rep. Pantelakos spoke in favor.

Report adopted and ordered to third reading.

HB 1109, relative to the modification of spousal support orders. **OUGHT TO PASS WITH AMENDMENT**

Rep. David A. Bickford for Children and Family Law: The amendment creates a 3-year statute of limitation after termination of alimony. Currently there is no limitation. Vote 12-0.

Amendment (3577h)

Amend RSA 458:19, VII as inserted by section 2 of the bill by replacing it with the following:

VII. In cases where the court issues an order for permanent alimony for a definite period of time, such order may be modified, upon the petition of either party, provided, that such petition is made within 3 years from the termination date of the permanent alimony order. Nothing in this paragraph shall be construed to change or alter in any way the terms of the original alimony order.

AMENDED ANALYSIS

This bill provides that an order for permanent alimony issued for a definite period of time may be modified at any time within 3 years after the termination date of the order.

Adopted.

Report adopted and ordered to third reading.

HB 1292, making it a crime to cause the death of an unborn child as a result of committing a violent act against a pregnant woman. **INEXPEDIENT TO LEGISLATE**

Rep. Beth Rodd for Criminal Justice and Public Safety: Pursuant to current assault statutes 631:1 and 631:2, causing injury to a pregnant woman resulting in miscarriage or stillbirth is a class A or B felony. It requires knowledge "mens rea" and intent on the part of the perpetrator. The current law recognizes the severity of violence against a pregnant woman do so, causing miscarriage or stillbirth. Current law imposes a class A or B felony for convictions of RSA 631:1 or 631:2 and a penalty of up to 15 years incarceration. The proposed legislation removed the requirement of "mens rea" because a perpetrator could be charged under the statute without having knowledge of the pregnancy. This violates fundamental criminal law principles and would present constitutional challenges. Vote 13-2.

Reps. Torressen and Kennedy spoke against.

Rep. Rodd spoke in favor.

Rep. Torressen requested a roll call; sufficiently seconded.

The question being the adoption of the report.

Donovan, Thomas Jr
and the report was adopted.

HB 1226, relative to vacancies in the office of United States senator **INEXPEDIENT TO LEGISLATE**

Rep. Sandra J. Reeves for Election Law: This bill requires the consent of the Executive Council for temporary appointment by the governor to fill a vacancy in the office of US senator. The committee felt that the current system has been in effect since 1912 and has been sufficient. For example, Governor Gallen appointed Warren Rudman to the Senate after (Sen.) John Durkin resigned his position. No other state has this provision. The committee feels the system has worked well and there is no need for a change at this time. Vote 15-0.

Rep. Wendelboe spoke against and yielded to questions.

Rep. Francis Davis spoke in favor.

On a division vote, 268 members having voted in the affirmative and 56 in the negative, the report was adopted.

HB 1339-FN-L, relative to the local option to exempt taxation of certain excavation activity. **INEXPEDIENT TO LEGISLATE**

Rep. Jean R. Wallin for Finance: This is not the time to change the excavation and excavation activity tax law. Vote 20-4.
Adopted.

HB 1387-L, relative to pre-existing school districts within a cooperative school district. **INEXPEDIENT TO LEGISLATE**

Rep. Jean R. Wallin for Finance: This bill would require that financial aid to a cooperative school district treat the towns as if a cooperative district had not been formed. In the cases that the committee examined, the towns with lower valuations would be penalized for the benefit of the towns that are richer in valuation. The committee does not suggest that the current law governing distribution is a model of perfection, but, since it will be in effect for a short period of time, only confusion would be created for cooperative school districts if it were to be altered now. The commissions studying educational adequacy and tax equity will address distribution as well as other elements of education funding. Vote 24-0.

Rep. Jacobson spoke against.
Rep. Major spoke in favor and yielded to questions.
Rep. Wallin spoke in favor.
Adopted.

HB 1461-FN-A-L, relative to an education property tax exemption and school choice. **INEXPEDIENT TO LEGISLATE**

Rep. David J. Alukonis for Finance: This bill would assert a statutory affirmation that individual property taxpayers may claim a constitutional exemption from paying the educational property tax in support of schools. The sponsors argue that the course of studies provided in our public schools is religious in nature, calling it secular humanism which the US Supreme Court, by footnote, has called a religion "which do(es) not teach what would generally be considered a belief in the existence of God. The committee does not concur that such a constitutional exemption exists nor with the argument that our public schools are religious in nature. The proper venue for review and determination of constitutional rights is in the courts of the judiciary. Vote 23-1.

Reps. Torressen and Mirski spoke against.
Rep. Alukonis spoke in favor and yielded to questions.
Rep. Torressen requested a roll call; sufficiently seconded.
The question being the adoption of the report.

and the report was adopted.

HB 1532, excluding military pension payments and military survivor's benefit payments for certain persons from gross income under any income tax which may be enacted. **INEXPEDIENT TO LEGISLATE**

Rep. Linda T. Foster for Finance: The intent of this bill is to exempt military retired pay, disability pay, or retainer pay from a state income tax. Since no such tax presently exists, such change in the law is premature. Furthermore, the committee knows that should an income tax be enacted, this subject would be included in the debate and the discussion. Vote 22-0.

Reps. Rosen and Guay spoke against.

Rep. Foster spoke in favor.

Adopted.

HB 1360, prohibiting full-time judges from earning income from sources other than judicial salaries. **INEXPEDIENT TO LEGISLATE**

Rep. Alf E. Jacobson for Judiciary: While the Judiciary Committee feels that this proposed change in the statutes regarding outside earned income by members of the judiciary does not meet the real needs in this problem, the committee believes that the outside teaching activity by Justice Thayer as a full-time judge requires the most careful future scrutiny in the interest of the good administration of justice. The Supreme Court has moved to limit to 15% of the judicial salary any teaching of studies in the law by judges. The committee position is that the Supreme Court, through its rules, has the clear responsibility in this matter. However, the Judiciary Committee is committed to review the situation periodically. Vote 14-0.

Adopted.

HCR 27, requesting Congress to propose an amendment to the U.S. Constitution to prevent federal courts from instructing states or political subdivisions of states to levy or increase taxes. **OUGHT TO PASS WITH AMENDMENT**

Rep. Margaret E. Lynott for State-Federal Relations and Veterans Affairs: This House Concurrent Resolution and its amendment levels the playing field for banking consumers in New Hampshire. When interstate banks do business in New Hampshire, they should adhere to the laws of New Hampshire and subdivisions of this state. The amendment gives New Hampshire residents more control over their banking interests. Vote 13-0.

Rep. Tufts moved Re-Commit to Committee and spoke in favor.

Adopted.

RESOLUTION

Rep. Chandler offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Thursday, March 23, 2000 at 10:00 a.m.

Adopted.

LATE SESSION

Third reading and final passage

HB 1242, relative to the standard for modification of a child custody order.

HB 1160, relative to access to the enhanced 911 system.

HB 1405, exempting 50/50 raffles from the laws regulating games of chance.

HB 1570-FN, requiring parolees and probationers from other states to comply with the Interstate Compact on Parole in order to be lawfully present in New Hampshire.

HB 1191-FN-L, relative to the adoption of charter school and open enrollment provisions in cooperative school districts and authorized regional enrollment areas.

HB 1172, providing staggered terms for agricultural advisory board members.

HB 1185, extending the report date of the committee established to study mercury source reduction and recycling issues to November 1, 2000.

HB 1404, creating a study committee to address mechanisms for the preservation or disposal of state records.

HB 1113, raising the maximum price for lucky 7 tickets.

HB 1282, establishing a committee to study the possibility of self-insuring state employees.

HB 1321, relative to certain funds collected by order of the public utilities commission.

HB 1319, extending the reporting date of the committee studying negotiated risk agreements and requiring the department of health and human services to conduct a study.

HB 1139, establishing a committee to study involuntary emergency admission hearings.

HB 1171, restricting the payment of salaries to suspended judicial officers.

HB 1239, relative to durable powers of attorney.

HB 1326, relative to managed care programs under workers' compensation.

HB 1582, establishing a committee to study workplace policies and practices of small businesses for their effect on New Hampshire employees and their families.

HB 1194, relative to the composition of planning boards in certain cities.

HB 1541-FN-L, relative to the cremation of deceased persons.

HJR 20, urging the United States Congress to fully fund the Ricky Ray Hemophilia Relief Fund Act for HIV victims.

HB 1617-FN, relative to suspension of a driver's license for sufficient cause.

SB 348, extending the committee to study the establishment of a permit system for vessels registered in another state temporarily using the waters of New Hampshire.

SB 362, relative to the length of buses and single unit vehicles.

SB 356, extending the committee to study and identify or establish the duties of the fish and game commission.

HB 1548-FN, abolishing the death penalty.

HB 1327, relative to residency of prisoners for purposes of voter registration.

HB 1331, relative to campaign contributions by corporations.

HB 1390, establishing a commission to study the relationship between public health and the environment.

HJR 25, urging the United States Secretary of Agriculture, the Director of the Drug Enforcement Administration, and the Director of the Office of National Drug Control Policy to revise regulations to permit the controlled, experimental cultivation of industrial hemp in New Hampshire.

HB 1234, relative to special commissions to perform marriages in New Hampshire.

HB 1109, relative to the modification of spousal support orders.

RESOLUTION

Rep. Chandler offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, House Bill numbered 1620 and House Concurrent Resolution numbered 34 shall be by this resolution read a first and second time by the therein listed titles, sent for printing, and referred to the therein designated committees.

Adopted.

INTRODUCTION OF HOUSE BILL and HCR

First, second reading and referral

HB 1620-FN, relative to driver record information. (Kurk, Hills 5; Jacobson, Merr 2; Letourneau, Rock 13; Packard, Rock 29; Copenhagen, Graf 10; Gordon, Dist 2; Below, Dist 5; Transportation)

HCR 34, urging Congress to investigate the rising prices of gasoline and diesel fuel and take appropriate action to decrease prices to consumers. (E. Gagnon, Hills 48; Tufts, Rock 20; Rubin, Rock 25; R. Herman, Hills 1; Twardus, Straf 13; Johnson, Dist 3; Roberge, Dist 9; J. King, Dist 18; D'Allesandro, Dist 20; Krueger, Dist 16: State-Federal Relations and Veterans Affairs)

SENATE MESSAGES

ACCEDES TO REQUESTS FOR COMMITTEES OF CONFERENCE

HB 97, relative to the right to farm

The President appointed Sens. Below, Wheeler and Krueger.

HB 228, clarifying permissible political expenditures.

The President appointed Sens. Trombly, Eaton and McCarley.

HB 553-FN-A, establishing a commission on the status of men.

The President appointed Sens. Cohen, Larsen and Brown.

UNANIMOUS CONSENT

Rep. Lynde addressed the House.

PERSONAL PRIVILEGE

Rep. Jacobson addressed the House.

RECESS MOTION

Rep. Chandler moved that the House stand in recess for the purpose of introduction of bills, receiving Senate Messages, enrolled bill amendments and enrolled bill reports only.

Adopted.

The House recessed at 4:55 p.m.

REPORT

Speaker Sytek reported that Reverend Hays M. Junkin, Rector of Saint Andrew's Episcopal Church in Hopkinton had been selected to serve as the House Chaplain

RECESS

(Rep. Hess in the Chair)

RESOLUTION

Rep. Kurk offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, Constitutional Amendment Concurrent Resolution numbered 39 shall be by this resolution read a first and second time by the therein listed title, sent for printing, and referred to the therein designated committee.

Adopted.

INTRODUCTION OF CACR**First, second reading and referral**

CACR 39, relating to the funding of public education. Providing that the state shall fund an amount not less than 30 percent of the total annual statewide cost of public education for kindergarten through grade 12 and that the general court shall have the power to apportion this amount by statute; that the state shall support access to a continuum of educational opportunities including early childhood and postsecondary education at a financial level deemed appropriate by statute; and that beginning April 1, 2001, no property tax in any form shall be used to fund the state's obligation to cherish and support public education. (Peterson, Hills 8; Scanlan, Graf 11; Vaughn, Rock 35; Johnson, Dist 3; Brown, Dist 17: Finance)

SENATE MESSAGE**CONCURRENCE**

HB 730-FN, establishing a house committee to review methods for recording committee sessions, authorizing a request for proposals, and making an appropriation therefor.

HB 1136, relative to the university system of New Hampshire board of trustees.

HB 1141, relative to access highways to public waters.

HB 1186, extending the reporting date of the Sullivan county regional refuse disposal district issues study committee.

HB 1223, changing the name, amending the duties, and extending the reporting date of the committee to study the unclassified salary structure for state officers.

HB 1386, designating segments of the Souhegan River as protected under the rivers management and protection program.

HB 1397, relative to naming a certain island in Lake Winnepesaukee in the town of Moultonborough.

HCR 25, a resolution opposing the President's action to establish vast roadless areas in the White Mountain National Forest without the consultation or input of the New Hampshire citizenry.

RECESS

(Rep. Mercer in the Chair)

RESOLUTION

Rep. Royce offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, House Bill numbered 1621 and House Joint Resolution numbered 26 shall be by this resolution read a first and second time by the therein listed title, sent for printing, and referred to the therein designated committee.

Adopted.

INTRODUCTION OF HOUSE BILL AND HJR**First, second reading and referral**

HB 1621-FN, allowing administrative home confinement for habitual offenders. (Lozeau, Hills 30; Knowles, Straf 11; Tholl, Coos 5; Hollingworth, Dist 23: Criminal Justice and Public Safety)

HJR 26, urging Congress to pass legislation ensuring improved access to local television for households in unserved and underserved rural areas. (Wendelboe, Belk 2; Bradley, Carr 8; Chandler, Carr 1; Gordon, Dist 2; F. King, Dist 1; Johnson, Dist 3; D'Allesandro, Dist 20; Wheeler, Dist 21: State-Federal Relations and Veterans Affairs)

RESOLUTION

Rep. Royce offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, Senate Bills numbered 303, 305, 315, 320, 330, 338, 339, 343, 347, 375, 378, 386, 393, 414, 416, 418, 424, 426, 432, 443, 444, 445, 446, 448 and 453 and Senate Concurrent Resolutions numbered 3 and 4 shall be by this resolution read a first and second time by the therein listed titles, and referred to the therein designated committees.
Adopted.

INTRODUCTION OF SENATE BILLS AND SCRs

First, second reading and referral

SCR 3, a resolution rescinding the 1979 call for a federal constitutional convention. (State-Federal Relations and Veterans Affairs)

SCR 4, urging the federal government to establish a new zip code for the town of Madbury. (State-Federal Relations and Veterans Affairs)

RECESS

(Rep. Chandler in the Chair)

ENROLLED BILL AMENDMENTS

HB 1136, relative to the university system of New Hampshire board of trustees.

Amendment (3754-EBA)

Amend section 1 of the bill by replacing line 3 with the following:
The general government of the university system
Adopted.

HB 1386, designating segments of the Souhegan River as protected under the rivers management and protection program.

Amendment (3753-EBA)

Amend section 1 of the bill by replacing line 8 with the following:
point 0.5 miles below the Otis Dam.
Adopted.

RECESS

(Rep. Keith Herman in the Chair)

RESOLUTION

Rep. Chandler offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, House Bill 1622 shall be by this resolution read a first and second time by the therein listed title, sent for printing, and referred to the therein designated committee.
Adopted.

INTRODUCTION OF HOUSE BILL**First, second reading and referral**

HB 1622-L, relative to budget information in town reports in towns which have adopted the official ballot referenda form of meeting. (Lynde, Hills 24; Patten, Carr 9; Griffin, Rock 27; Klemm, Dist 22; Below, Dist 5: Municipal and County Government)

RECESS

(Rep. Mercer in the Chair)

RESOLUTION

Rep. Welch offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, House Bills numbered 1623 and 1624 shall be by this resolution read a first and second time by the therein listed titles, sent for printing, and referred to the therein designated committees.
Adopted.

INTRODUCTION OF HOUSE BILLS**First, second reading and referral**

HB 1623, relative to the disclosure of customer financial information by financial institutions. (Kurk, Hills 5; Keans, Straf 16; Below, Dist 5; Gordon, Dist 2; F. King, Dist 1: Commerce)

HB 1624, relative to administrative rules concerning sales of pari-mutuel pools. (Dyer, Hills 8; Emerton, Hills 7; F. King, Dist 1: Executive Departments and Administration)

SENATE MESSAGES**CONCURRENCE**

HB 86-A, making an appropriation for renovation of the Sawyer House at the Daniel Webster Birthplace in the city of Franklin.

HB 387, relative to local telephone calling areas, access charges, and competitive telephone services.

HB 580, authorizing a grant from funds appropriated to the joint promotional program for the purpose of marketing the Connecticut river area as a travel and tourism destination.

HB 1150, relative to voter registration for official ballot meetings.

HB 1566-FN, relative to perambulation between states.

HB 1616-FN, relative to registration fees for certain construction equipment vehicles.

HCR 22, a resolution urging the federal government to ensure that defense appropriations are spent in support of defense programs.

NONCONCURRENCE

HB 407, establishing a committee to study unsolicited commercial telephone solicitation calls.

RECESS

(Rep. Keith Herman in the Chair)

RESOLUTION

Rep. Calawa offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, Senate Bills numbered 310, 312, 316, 349, 353, 364, 389, 394, 408, 409, 415, 419, 420, 425, 439, 447, 452 and 454 shall be by this resolution read a first and second time by the therein listed titles, and referred to the therein designated committees.

Adopted.

INTRODUCTION OF SENATE BILLS**First, second reading and referral**

SB 310, relative to New Hampshire state-chartered banks and interstate banking. (Commerce)

SB 312, relative to fluoride. (Municipal and County Government)

SB 316, relative to "most favored nation" or "equally favored nation" provisions in insurance provider contracts. (Commerce)

RECESS

(Rep. Chandler in the Chair)

ENROLLED BILLS REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled House Bills 580, 730, 1136, 1141, 1186, 1223, 1386, 1397 and 1616 and Senate Bills 348, 356 and 362.

Rep. Ronald Nowe, Sen. D'Allesandro for the Committee

RECESS

(Rep. Chandler in the Chair)**RESOLUTION**

Rep. John Flanders offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, Senate Bills numbered 302, 308 and 374 shall be by this resolution read a first and second time by the therein listed titles, and referred to the therein designated committees. Adopted.

INTRODUCTION OF SENATE BILLS**First, second reading and referral**

SB 302, relative to certain employment requirements for liquor licensees. (Criminal Justice and Public Safety)

SB 308, relative to the adoption of a minor child by the natural grandparents and relative to de novo appeals to the superior court in abuse and neglect proceedings before the family division in Grafton and Rockingham counties. (Judiciary)

SB 374, relative to the duties of the study committee on land management, protection of farmland, rural character, environmental quality, and sprawl. (Environment and Agriculture)

RECESS

(Speaker Sytek in the Chair)

Rep. Chandler moved that the House adjourn. Adopted.

HOUSE JOURNAL No. 10

Thursday, March 23, 2000

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by House Chaplain, Reverend Hays M. Junkin, Rector of Saint Andrew's Episcopal Church in Hopkinton.

Gentle Creator of all that is, seen and unseen, we thank You for the wonderful gift of life and citizenship in this beautiful state. We especially thank You for the many state employees who work diligently beyond the limelight for our comfort and safety. This morning we especially remember Don and Miriam Shumway, their family and their beloved son, Jake. As the warm days and cool nights of March encourage the sugar maples to awaken from their winter's rest to share the sweetness of Your creation, so awaken us that we may tap the deep resources of Your goodness as a blessing upon all that is done in this hallowed chamber today. Amen.

Rep. Phyllis Katsakiores led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. Avery, Patricia Cote, Guest, LaMott, Lovejoy, MacNeil, Perkins and Searles, the day, illness. Reps. Asplund, Bergin, Cox, Franks, William Kelley, Konys, Lavoie, Lynott, Manning, William McCarthy, McRae, Musler, Robertson and Torressen, the day, important business.

Rep. Boriso, the day, death in the family.

Rep. Dawe, the day, illness in the family.

INTRODUCTION OF GUESTS

Former NH Reps. Richard and Eleanor Amidon, guests of the House. Lois Spearman, guest of Rep. Virtue. Tim Sarette, guest of Rep. Sarette. Alex Ward, guests of Reps. Edwin Smith and Roberts. Peggy Gallus, wife of Rep. Gallus. Anne Maxwell, sister of Rep. Francis Davis. Sr. Louise Vaillancourt, guest of Rep. Leber.

SPECIAL GUESTS

Peter Petrigno, New Hampshire Teacher of the Year, guest of the House.

The Groveton High School Girls' and Boys' basketball teams, guests of the House.

COMMUNICATION

March 22, 2000

Karen Wadsworth, Clerk of the House.

Please be advised that the following representative-elect was sworn into office by the Governor and Council on this day:

Belknap, 5, David H. Russell, r, Gilmanton, (PO Box 60, Gilmanton IW) 03837

William M. Gardner, Secretary of State

VACATE

Rep. Kurk moved that the House vacate the reference of *SB 425-FN*, relative to the private activity bond limit, to the Committee on Finance.

Adopted and referred to the Committee on Commerce.

SENATE MESSAGES**ACCEDES TO REQUEST FOR COMMITTEE OF CONFERENCE**

HB 75, changing the number required for a quorum on the commission for human rights.

The President appointed Sens. Cohen, Larsen and Roberge.

REQUESTS CONCURRENCE WITH AMENDMENTS

HB 449-FN, requiring boating safety education. (Amendment printed SJ 3/9/00)

Rep. Royce moved that the House concur and spoke in favor.

Adopted.

HB 1198, establishing a procedure for the 2001 voter checklist verification. (Amendment printed SJ 3/16/00)

Rep. Arndt moved that the House nonconcur and request a Committee of Conference.

Adopted.

The Speaker appointed Reps. Clegg, Horton, Stritch and Buckley.

HB 1200-FN, relative to the application of education property tax hardship relief to estate planning trusts and relative to eligibility for hardship relief. (Amendment printed SJ 3/9/00)

Rep. Kurk moved that the House nonconcur and request a Committee of Conference.

Adopted.

The Speaker appointed Reps. Major, Anderson, Nichols and Wallin.

HB 1287, relative to the membership of the water council. (Amendment printed SJ 3/16/00)

Rep. Royce moved that the House concur and spoke in favor.

Adopted.

HB 1378, establishing a task force to conduct an ongoing study of the feasibility of reestablishing passenger rail service on the Eastern Line from Newburyport, Massachusetts to Kittery, Maine. (Amendment printed SJ 3/16/00)

Rep. Packard moved that the House concur and spoke in favor.

Adopted.

HB 1409, establishing a committee to study the feasibility of reestablishing the Lawrence, Massachusetts to Manchester, New Hampshire rail service line and the Concord to Lebanon Northern passenger rail service line. (Amendment printed SJ 3/16/00)

Rep. Packard moved that the House concur and spoke in favor.

Adopted.

HB 1455, relative to the authority of the fish and game department for the electronic issuance of licenses, permits, stamps, and tags. (Amendment printed (SJ 3/9/00)

Rep. Ronald Nowe moved that the House concur and spoke in favor.

Adopted.

HCR 21, urging the federal government to increase the pay to military personnel. (Amendment printed SJ 2/16/00)

Rep. Tufts moved that the House concur and spoke in favor.

Adopted.

COMMITTEE REPORTS

CONSENT CALENDAR

Rep. Chandler moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

HB 1260-FN, relative to the cost of prescription medication, removed by Rep. Andrews.

HB 1540-FN, prohibiting certain transfers of information, removed by Rep. Quandt.

HB 1154-FN, prohibiting general fund appropriations and transfers of general fund surplus to supplement the education trust fund, removed by Rep. Jacobson.

HB 1316-L, prohibits school districts from using disbursements from the education trust fund as unanticipated revenue, removed by Rep. Jacobson.

HB 1343-FN-A, appropriating available funds for fiscal year 2000 to provide funding to support research monitoring groundwater at reclamation sites that have had sludge applied, removed by Rep. Betty Hall.

Consent Calendar adopted.

HB 1108, relative to waiver of attendance at child impact seminars. **INEXPEDIENT TO LEGISLATE**

Rep. Irene A. Pratt for Children and Family Law: The language of the bill appeared to create more problems than it attempted to solve. The Child Impact Seminar law allows for judicial discretion in granting waivers. Relevant issues will be addressed by the court administratively rather than by legislative action. Vote 15-1.

HB 1238, relative to the collection and disbursement of support orders by the department of health and human services. **REFER FOR INTERIM STUDY**

Rep. Mary Stuart Gile for Children and Family Law: This bill proposes to repeal RSA 458-B:3, III, a statute relating to enforcement of child support. The committee voted interim study to allow time to examine both state and federal laws regarding child support obligations and to define protocols and procedures agreeable to various parties affected. Vote 14-0.

HB 1333-L, relative to the establishment of parenting plans. **REFER FOR INTERIM STUDY**

Rep. Julie M. Brown for Children and Family Law: This is an important bill that will help parents and their children. It will need extensive time for research in order to implement "parenting programs" for families. Vote 14-0.

HB 1443-FN, requiring a hearing prior to issuance of statement of findings on the suspension, revocation, or denial of a daycare provider's license. **REFER FOR INTERIM STUDY**

Rep. Laura C. Pantelakos for Children and Family Law: This bill concerns administrative hearings, appeals, etc. in regard to daycare providers' licenses. The committee believes that, at the initial hearing, an impartial party should be involved. A bill will be introduced in the next biennium to identify and address this issue. Vote 16-0.

HB 1498, establishing a committee to study child support and parental involvement issues. **INEXPEDIENT TO LEGISLATE**

Rep. Pamela D. Coughlin for Children and Family Law: After much discussion the committee voted ITL due to the many issues involved and the time allotted. The Federal Family Support Act of 1988 requires states to review guidelines for child support at least every 4 years. This bill should be addressed in the next legislative session. Vote 12-1.

SB 357, extending the reporting date of the study committee reviewing field activities conducted by the department of health and human services in investigating reports of abuse and neglect. **OUGHT TO PASS WITH AMENDMENT**

Rep. Thomas I. Arnold, Jr. for Children and Family Law: This bill simply extends the reporting date of the study committee to March 15, 2000. Vote 13-0.

Amendment (3692h)

Amend 1999, 29:5 as inserted by section 1 of the bill by replacing it with the following:

29:5 Report. The committee shall report its findings and any recommendations for proposed legislation to the senate president, the speaker of the house of representatives, the senate clerk, the house clerk, the governor, and the state library on or before ~~[November 1, 1999]~~ **March 15, 2000**.

AMENDED ANALYSIS

This bill extends the reporting date of the study committee established in 1999, 29, relative to field activities conducted by the department of health and human services involving children, youth, and families from November 1, 1999 to March 15, 2000.

HB 1119, establishing a commission to investigate health care issues. **INEXPEDIENT TO LEGISLATE**

Rep. Sheila T. Francoeur for Commerce: This bill would have established a three-year commission to investigate health care issues. The committee agrees with the sponsors concerning the current status of the health care industry in the State of New Hampshire and has agreed to look into these issues in the extended and expanded chapter study requested in HB 1183. Vote 20-0.

HB 1135, establishing a committee to study whether the governor should mediate negotiations between health care providers and insurance companies. **INEXPEDIENT TO LEGISLATE**

Rep. Sheila T. Francoeur for Commerce: This bill was a response to a situation that developed in the Seacoast when APEX, a Physician Hospital Organization, refused to negotiate with Tufts Health Plan. The sponsors' intent to study whether the governor should mediate in broken down negotiations between health care providers and insurance companies is well intentioned, but the committee felt that such a study was unnecessary and believes the governor has the power of the office to intercede when needed for the health and safety of New Hampshire citizens. Vote 20-0.

HB 1174, establishing a committee to study the feasibility of creating an umbrella-type agency for health care. **INEXPEDIENT TO LEGISLATE**

Rep. Sheila T. Francoeur for Commerce: There is currently an interagency work group composed of the Department of Insurance, the Attorney General's Office, the Governor's Office and the Department of Health and Human Services, whose function is to establish systems for monitoring the health care market. The committee felt another study in this area would be redundant and will monitor the progress of this work group as part of the responsibilities of the extended and expanded chapter study requested under HB 1183. Vote 19-0.

HB 1240, establishing a prompt payment law for managed care organizations. **OUGHT TO PASS WITH AMENDMENT**

Rep. Sheila T. Francoeur for Commerce: This bill, as amended, will ensure that health care providers receive payment from the health carriers in 15 days if the claim is submitted in electronic form or 45 days if the claim is submitted in written form. The bill defines a "clean claim" and an "electronic claim" and also outlines the process to be followed in case of noncompliance. Vote 19-0.

Amendment (3720h)

Amend the title of the bill by replacing it with the following:

AN ACT requiring insurers to make prompt payments.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Prompt Payment Required. Amend RSA 415 by inserting after section 8 the following new section:

415:8-a Prompt Payment Required.

I. Each insurer that issues or renews any individual policy of accident or health insurance providing benefits for medical or hospital expenses shall pay health care providers or certificate holders within 45 calendar days upon receipt of a clean written claim or 15 calendar days upon receipt of a clean electronic claim or as otherwise stipulated in the provider and insurer contract. If the insurer is denying the claim, the insurer shall have 15 calendar days upon receipt of the claim to notify the health care provider or certificate holder of the reason for denial and what additional information is required to process the claim.

II. In this section:

(a) "Clean claim" means a claim for payment of covered health care expenses that is submitted to an insurer on the insurer's standard claim form using the most current published procedural codes, with all the required fields completed with correct and complete information in accordance with the insurer's published filing requirements.

(b) "Electronic claim" means the transmission of data for purposes of payment of covered health care services in an electronic data format specified by the insurer.

III. Notwithstanding any provision of law to the contrary, no penalties shall apply until the health care provider has notified the insurer in writing of the insurer's noncompliance with this section and the carrier fails to pay the claim within 10 days thereafter. Any claim not paid within the above time periods or in accordance with contract provisions shall be deemed overdue. When the insurer fails to pay a claim when due or according to contract provisions, the amount of the overdue claim shall include an interest payment of 1.5 percent per month beginning from the date the payment was due. Reasonable attorneys' fees for advising and representing a health care provider in a successful action against an insurer for payment of the claim shall be recoverable by the provider from the insurer. The commissioner may assess a fine to any insurer after determining that the insurer has established a pattern of overdue payments; provided, that such fine shall be up to \$5,000 per violation and shall not exceed \$100,000.

IV. Notwithstanding the provisions of this section:

(a) No insurer shall be in violation of this section for a claim submitted by a health care provider if failure to comply is caused by a directive from a court or a federal or state agency or if the insurer's compliance is rendered impossible due to matters beyond the insurer's control which are not caused by such insurer.

(b) No insurer shall be in violation of this section for any claim submitted 90 days after the service was rendered.

(c) No insurer shall be in violation of this section while the claim is pending due to an internal or external review process.

2 New Section; Prompt Payment Required. Amend RSA 415 by inserting after section 18-b the following new section:

415:18-bb Prompt Payment Required.

I. Each insurer that issues or renews any policy of group or blanket accident or health insurance providing benefits for medical or hospital expenses shall pay health care providers or certificate holders within 45 calendar days upon receipt of a clean written claim or 15 calendar days upon receipt of a clean electronic claim or as otherwise stipulated in the provider and insurer contract. If the insurer is denying the claim, the insurer shall have 15 calendar days upon receipt of the claim to notify the health care provider or certificate holder of the reason for denial and what additional information is required to process the claim.

II. In this section:

(a) "Clean claim" means a claim for payment of covered health care expenses that is submitted to an insurer on the insurer's standard claim form using the most current published procedural codes, with all the required fields completed with correct and complete information in accordance with the insurer's published filing requirements.

(b) "Electronic claim" means the transmission of data for purposes of payment of covered health care services in an electronic data format specified by the insurer.

III. Notwithstanding any provision of law to the contrary, no penalties shall apply until the health care provider has notified the insurer in writing of the insurer's noncompliance with this section and the insurer fails to pay the claim within 10 days thereafter. Any claim not paid within the above time periods or in accordance with contract provisions shall be deemed overdue. When the insurer fails to pay a claim when due or according to contract provisions, the amount of the overdue claim shall include an interest payment of 1.5 percent per month beginning from the date the payment was due. Reasonable attorneys' fees for advising and representing a health care provider in a successful action against an insurer for payment of the claim shall be recoverable by the provider from the insurer. The commissioner may assess a fine to any insurer after determining that the insurer has established a pattern of overdue payments; provided, that such fine shall be up to \$5,000 per violation and shall not exceed \$100,000.

IV. Notwithstanding the provisions of this section:

(a) No insurer shall be in violation of this section for a claim submitted by a health care provider if failure to comply is caused by a directive from a court or a federal or state agency or if the insurer's compliance is rendered impossible due to matters beyond the insurer's control which are not caused by such insurer.

(b) No insurer shall be in violation of this section for any claim submitted 90 days after the service was rendered.

(c) No insurer shall be in violation of this section while the claim is pending due to an internal or external review process.

3 New Section; Prompt Payment Required. Amend RSA 420-A by inserting after section 9 the following new section:

420-A:9-a Prompt Payment Required.

I. Every health service corporation, and every other similar corporation licensed under the laws of another state that issues or renews any policy of individual or group blanket accident or health insurance providing benefits for medical or hospital expenses shall pay health care providers or subscribers within 45 calendar days upon receipt of a clean written claim or 15 calendar days upon receipt of a clean electronic claim or as otherwise stipulated in the provider and corporation contract. If the health service corporation is denying the claim, the corporation shall have 15 calendar days upon receipt of the claim to notify the health care provider or subscriber of the reason for denial and what additional information is required to process the claim.

II. In this section:

(a) "Clean claim" means a claim for payment of covered health care expenses that is submitted to a health service corporation on the corporation's standard claim form using the most current published procedural codes, with all the required fields completed with correct and complete information in accordance with the corporation's published filing requirements.

(b) "Electronic claim" means the transmission of data for purposes of payment of covered health care services in an electronic data format specified by the corporation.

III. Notwithstanding any provision of law to the contrary, no penalties shall apply until the health care provider has notified the health service corporation in writing of the corporation's

noncompliance with this section and the corporation fails to pay the claim within 10 days thereafter. Any claim not paid within the above time periods or in accordance with contract provisions shall be deemed overdue. When the health service corporation fails to pay a claim when due or according to contract provisions, the amount of the overdue claim shall include an interest payment of 1.5 percent per month beginning from the date the payment was due. Reasonable attorneys' fees for advising and representing a health care provider in a successful action against a corporation for payment of the claim shall be recoverable by the provider from the corporation. The commissioner may assess a fine to any health service corporation after determining that the corporation has established a pattern of overdue payments; provided, that such fine shall be up to \$5,000 per violation and shall not exceed \$100,000.

IV. Notwithstanding the provisions of this section:

(a) No health service corporation shall be in violation of this section for a claim submitted by a health care provider if failure to comply is caused by a directive from a court or a federal or state agency or if the corporation's compliance is rendered impossible due to matters beyond the corporation's control which are not caused by such corporation.

(b) No health service corporation shall be in violation of this section for any claim submitted 90 days after the service was rendered.

(c) No corporation shall be in violation of this section while the claim is pending due to an internal or external review process.

4 New Section; Prompt Payment Required. Amend RSA 420-J by inserting after section 8 the following new section:

420-J:8-a Prompt Payment Required.

I. Health carriers issuing health benefit plans subject to this chapter shall pay claims submitted by health care providers for services rendered in New Hampshire to covered persons within 45 calendar days upon receipt of a clean written claim or 15 calendar days upon receipt of a clean electronic claim or as otherwise stipulated in the provider and health carrier contract. If the health carrier is denying the claim, the carrier shall have 15 calendar days upon receipt of the claim to notify the health care provider or covered person of the reason for denial and what additional information is required to process the claim.

II. In this section:

(a) "Clean claim" means a claim for payment of covered health care expenses that is submitted to a health carrier on the carrier's standard claim form using the most current published procedural codes, with all the required fields completed with correct and complete information in accordance with the carrier's published filing requirements.

(b) "Electronic claim" means the transmission of data for purposes of payment of covered health care services in an electronic data format specified by the health carrier.

III. Notwithstanding RSA 420-J:14, no penalties shall apply until the health care provider has notified the health carrier in writing of the carrier's noncompliance with this section and the carrier fails to pay the claim within 10 days thereafter. Any claim not paid within the above time periods or in accordance with contract provisions shall be deemed overdue. When the health carrier fails to pay a claim when due or according to contract provisions, the amount of the overdue claim shall include an interest payment of 1.5 percent per month beginning from the date the payment was due. Reasonable attorneys' fees for advising and representing a health care provider in a successful action against a health carrier for payment of the claim shall be recoverable by the provider from the health carrier. The commissioner may assess a fine to any health carrier after determining that the carrier has established a pattern of overdue payments; provided, that such fine shall be up to \$5,000 per violation and shall not exceed \$100,000.

IV. Notwithstanding the provisions of this section:

(a) No health carrier shall be in violation of this section for a claim submitted by a health care provider if failure to comply is caused by a directive from a court or a federal or state agency or if the carrier's compliance is rendered impossible due to matters beyond the carrier's control which are not caused by such carrier.

(b) No health carrier shall be in violation of this section for any claim submitted 90 days after the service was rendered.

(c) No health carrier shall be in violation of this section while the claim is pending due to an internal or external review determination pursuant to RSA 420-J:5, or RSA 420-J:5-a-e.

5 Effective Date. This act shall take effect January 1, 2001.

AMENDED ANALYSIS

This bill requires insurers offering health benefit plans to pay health care providers or the insured person in a timely manner.

HB 1255, establishing a government competition competitive neutrality study committee **INEXPEDIENT TO LEGISLATE**

Rep. Keith R. Herman for Commerce: While the committee feels there is some merit to the sponsor's concerns that government competes with the private sector and sometimes creates inefficiencies, the committee doesn't believe a study committee is necessary. The sponsor should bring in specific legislation to deal with a specific problem. Vote 16-0.

HB 1278, establishing a committee to investigate bank foreclosures on homeowners' properties and bank overdraft fees. **INEXPEDIENT TO LEGISLATE**

Rep. Tara G. Reardon for Commerce: The committee heard no testimony with regard to any criminal behavior or actions that constitute robbery by any banks following the statutory power of sale under RSA 479, or charging bank fees. The committee felt that this legislation was not necessary at this time. Vote 17-1.

Rep. Dalianis declared a conflict of interest and did not participate.

HB 1280, relative to medical emergencies under managed care organizations. **INEXPEDIENT TO LEGISLATE**

Rep. Tim S. McGough for Commerce: This bill would clarify requirements of managed care organizations regarding the coverage of emergency medical services. The committee considered this bill with respect to existing statutes that define emergency services along with recently passed language defining a life threatening emergency and guaranteeing coverage by insurance carriers. With the passage of HB 640, the HMO external grievance process, the committee felt that there is no need to modify existing language or address the binding arbitration suggested by this bill. Vote 19-0.

HB 1295, relative to prescription drug cards. **REFER FOR INTERIM STUDY**

Rep. Kathleen N. Taylor for Commerce: This bill requires that insurers providing coverage of prescription drugs issue to their enrollees a card or other similar item containing uniform prescription drug information. The purpose is to save time for the pharmacists thereby enabling them to fill prescriptions faster. The committee feels that this issue needs further study and will work with those concerned over the summer to refine this legislation. Vote 19-0.

HB 1314, relative to propane sales. **INEXPEDIENT TO LEGISLATE**

Rep. Stephen G. Avery for Commerce: The sponsor thought some purchasers of propane gas were over charged when dealers applied a flat rate to refill small propane tanks whether they were empty or half full. While there was not any evidence that this was a big problem, the NH Propane Coalition is sending a letter to all of their members to post informational signage as to their filling policies. The committee felt that the industry's cooperation should take care of the problem and legislation was not needed in this case. Vote 18-1.

HB 1315, relative to payout ratios of qualified charitable gift annuities. **REFER FOR INTERIM STUDY**

Rep. Tara G. Reardon for Commerce: This bill would allow retirement communities that currently fund long term care of their members with the sale of charitable annuities, payout ratios in excess of the American Council on Gift Annuities' standard. The subcommittee considered methods of licensing and exemption from RSA 403-E, which was enacted just last session to regulate these payout ratios. The retirement community that requested the bill will work with the New Hampshire Department of Insurance to attempt an agreement on this issue over the summer and, if needed, appropriate legislation will be drafted from those meetings. Vote 19-0.

HB 1373, relative to payments of first and second mortgage home loans. **OUGHT TO PASS WITH AMENDMENT**

Rep. Sheila T. Francoeur for Commerce: This bill is the result of the study committee on first and second mortgage home loans established in 1999, 233, and requires that at the time a loan application is taken, the borrower will be provided a written disclosure explaining how the payments to the loan will be applied. This bill also specifies that there will be no penalty charged for the prepayment of a second mortgage home loan after the loan has been in existence for 5 years. Vote 14-1.

Amendment (3564h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Written Disclosure Required; First Mortgage Home Loans; Interest Computation. Amend RSA 397-A:14 by inserting after paragraph II the following new paragraph:

III. For loans where the payment is applied on the date received, the licensee shall provide to the borrower, at the time the loan application is taken, a separate written disclosure which explains how the payments will be applied.

2 New Paragraph; Written Disclosure Required; Second Mortgage Home Loans; Interest Computation. Amend RSA 398-A:2 by inserting after paragraph VI the following new paragraph:

VI-a. For loans where the payment is applied on the date received, the licensee shall provide to the borrower, at the time of application for the loan, a separate written disclosure which explains how the payments will be applied.

3 Second Mortgage Home Loans; Prepayment Penalties Prohibited. Amend RSA 398-A:2, III to read as follows:

III. The borrower shall have the right to anticipate his *or her* debt in whole or in part upon payment of any prepayment penalty agreed upon between borrower and licensee, provided, however, that any penalty shall be clearly set forth in the loan documents; *except that there shall be no penalty charged for prepayment of a second mortgage home loan after the loan has been in existence for 5 years.* When an open-end loan agreement providing for advances from time to time by the licensee exists between the borrower and the licensee, monthly loan payments shall be selected by the borrower as stated in the note or open-end agreement.

4 Effective Date. This act shall take effect July 1, 2000.

AMENDED ANALYSIS

This bill requires lenders of a first or second mortgage home loan where payments will be applied on the date received to provide to the borrower, at the time of application for the loan, a written disclosure which explains how payments will be applied.

This bill also prohibits a prepayment penalty on a second mortgage home loan which has been in existence for 5 years.

HB 1377, prohibiting managed care organizations from excluding certain physicians as providers and establishing a committee to study contracting methods. **OUGHT TO PASS WITH AMENDMENT**

Rep. Sheila T. Francoeur for Commerce: This bill, as amended, will prevent any health carrier from excluding a licensed physician from its network solely on the basis that such physician is not certified by one of the American Board of Medical Specialties' approved boards, if the physician is a member of the health carrier's network prior to January 1, 2001. Vote 18-0.

Amendment (3717h)

Amend RSA 420-J:7-c as inserted by section 1 of the bill by replacing it with the following:

420-J:7-c Exclusion of Certain Providers Prohibited. A health carrier shall not exclude any licensed physician from its provider network solely on the basis that before January 1, 2001 such physician is not certified by one of the American Board of Medical Specialties' approved boards and such physician is at that time a member of the health carrier's provider network.

AMENDED ANALYSIS

This bill prohibits managed care organizations from excluding its provider-network physicians solely on the basis that such physicians are not certified by one of the American Board of Medical Specialties' approved boards before January 1, 2001.

This bill also establishes a committee to study the methods used by managed care organizations in contracting with health care providers.

HB 1398, requiring disclosure of policy limits by insurers. **REFER FOR INTERIM STUDY**

Rep. Tim S. McGough for Commerce: In cases of personal injury insurance claims and lawsuits, the dollar amount of coverage available to the claimant or the plaintiff is not normally disclosed unless the insurance carrier or an intervening court decides it should be for purposes of encouraging settlement. This bill would require disclosure of this information at the request of any involved

party. The committee felt this might encourage lawsuits against defendants with deep pockets but also that this disclosure might prevent unnecessary lawsuits filed solely to reveal this information. Given the complexities of this issue and the compelling arguments on both sides the committee wishes to study the issue. Vote 16-2.

HB 1401, requiring manufactured housing sellers to provide a breakdown of purchasing costs. **INEXPEDIENT TO LEGISLATE**

Rep. Stephen G. Avery for Commerce: The sponsor had a constituent who had asked that this bill be introduced. In the meantime the particular problem was fixed and the sponsor withdrew support for the bill. The committee saw no support to proceed with this legislation. Vote 17-0.

HB 1411, requiring credit reporting agencies to notify consumers prior to changing certain information in their files. **INEXPEDIENT TO LEGISLATE**

Rep. Tim S. McGough for Commerce: This bill would require credit reporting agencies to notify consumers before they make any changes to a consumer's credit file. Initially, the sponsor asked to withdraw this legislation, then during the public testimony some interesting anecdotes were presented causing the committee to investigate further. The committee is aware of legislation being prepared for the next session to deal with this type of problem. Imposing this requirement as introduced would be nearly impossible for credit bureaus to enact without significantly increasing the cost of obtaining credit or credit reports, and therefore the committee does not support this legislation as introduced at this time. Vote 17-1.

HB 1428, relative to the insurance consumer's bill of rights. **INEXPEDIENT TO LEGISLATE**

Rep. Tim S. McGough for Commerce: This bill would require uniform boiler plate documents be imposed by the Department of Insurance on carriers to simplify the manner in which policies are presented to the consumer. This bill would also require disclosure of policy limits in cases of personal injury claims or lawsuits. That issue is contained in HB 1398 that is recommended for interim study. The committee would like to consider these issues during that process. The committee felt that no public outcry exists for the other provisions required by the bill and that current resources provided by the New Hampshire Department of Insurance are sufficient to serve consumers in that respect. Vote 17-0.

HB 1457, establishing a committee to study all aspects of the condominium act established under RSA 356-B. **OUGHT TO PASS**

Rep. Joseph D. Kenney for Commerce: This bill establishes a study committee to review all aspects of the Condominium Act established under RSA 356-B. Also it would encourage the Attorney General's Office and the Community Associations Institute-New Hampshire (C.A.I.), to participate in this study to advise and recommend any amendments to the existing law. The Condominium Act has developed some growing pains over the past ten years; thus the committee felt it was worth studying and making any necessary amendments. Vote 15-2.

HB 1465, extending the reporting date of the committee to study the non-group health insurance market. **OUGHT TO PASS**

Rep. Sheila T. Francoeur for Commerce: This bill will extend the reporting date for this study committee until November 1, 2000. The committee believes that the problem of the uninsured and affordable insurance is a continuing one in the State of New Hampshire and merits further in-depth study. Vote 17-1.

HB 1496-FN, relative to joint negotiations by physicians with health benefit plans. **REFER FOR INTERIM STUDY**

Rep. Stephen G. Avery for Commerce: The committee has several issues concerning health benefit plans that they will be studying over the summer. This subject will fit into the area of these other bills and the committee feels that this bill will get the attention that it needs by putting it into interim study. Vote 13-1.

HB 1534, relative to availability of funds on cash and checks deposited. **INEXPEDIENT TO LEGISLATE**

Rep. Tim S. McGough for Commerce: This bill would only affect state-chartered banks, about half of the banks in New Hampshire. If enacted, it would impose more stringent requirements on these

banks than currently mandated by Federal Reserve Bank Regulations in regards to funds availability. Testimony showed that banks most often make these funds available immediately upon customer request, but should have the flexibility given by federal law to place a short hold on these checks to verify validity of suspect documents. If passed, this bill would place state-chartered banks at a competitive disadvantage and risk requiring cashing of counterfeit instruments prior to verification or actual receipt of funds. Vote 15-0.

HB 1131-FN, relative to license revocations and suspensions. **OUGHT TO PASS WITH AMENDMENT**

Rep. John E. Tholl, Jr. for Criminal Justice and Public Safety: HB 1131 originally called for a suspension of a driving license for anyone under 21 years of age convicted of driving while intoxicated. The loss of license was to be until the individual attained 21 years of age. This would have resulted in sentences varying from a year or less to as much as a five-year loss of license. The statistics indicate an increasing number of young drivers under the legal age for obtaining alcoholic beverages are driving while intoxicated, transporting alcoholic beverages and/or in possession of alcohol. The committee wants to impress upon our newest and most inexperienced drivers that violating the highway safety statutes as well as the legal age for use of alcohol is no longer to be tolerated and voted to amend HB 1131 to provide for a suspension of driving privileges for not less than one year for persons under 21 years of age who are convicted of driving while intoxicated. Vote 12-1.

Amendment (3483h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Penalty for Offenders Under Age 21. Amend RSA 265:82-b by inserting after paragraph 1-a the following new paragraph:

I-b. Any person under the age of 21 who is convicted of an offense under RSA 265:82, RSA 265:82-a, or RSA 630:3, II shall be sentenced according to the provisions of this section, except that in all cases the person's driver's license or privilege to drive shall be revoked for not less than one year.

2 Effective Date. This act shall take effect January 1, 2001.

AMENDED ANALYSIS

This bill provides that persons under the age of 21 who are convicted of an offense under RSA 265:82, RSA 265:82-a, or RSA 630:3, II shall not be eligible to have their driving privileges reinstated for a period of at least one year.

HB 1250, allowing a psychiatric/mental health advanced registered nurse practitioner to declare a personal safety emergency, to transfer an inmate for a psychiatric inpatient emergency, and to authorize an involuntary emergency hospitalization. **OUGHT TO PASS WITH AMENDMENT**

Rep. Herbert R. Hansen for Criminal Justice and Public Safety: The bill as amended removes a provision that would have authorized an advanced registered nurse practitioner (ARNP) to determine that a person is eligible for involuntary emergency hospital admission. This former provision would have involved a substantial deprivation of the person's liberty. Due to the liberty interests involved, the committee felt that these issues concerning ARNP's future role in involuntary emergency admission could be best studied and addressed at the Department of Health and Human Services forum to be convened before the next session. The bill does add ARNP's to augment licensed physicians within the states correctional facilities. The ARNPs may also recommend, with the approval of the administrator of the institution where the inmate is detained, the removal of such inmate to a medical facility for treatment or medical examination. Vote 13-0.

Amendment (3584h)

Amend the title of the bill by replacing it with the following:

AN ACT allowing an advanced registered nurse practitioner to declare a personal safety emergency and to transfer an inmate for a psychiatric inpatient emergency.

Amend the introductory paragraph of RSA 627:6, VII as inserted by section 1 of the bill by replacing it with the following:

VII. A licensed physician, or a person acting under his *or her* direction, *or an advanced registered nurse practitioner (ARNP) working for the department of corrections* may use force for

the purpose of administering a recognized form of treatment which he *or she* reasonably believes will tend to promote the physical or mental health of the patient, provided such treatment is administered:

Amend RSA 623:1, I as inserted by section 2 of the bill by replacing it with the following:

I. Any person confined in a county department of corrections facility, state prison or other place of detention may, under necessary precautions, be taken by some regular or specially authorized officer from such place of detention to a medical facility for the purpose of receiving medical examination or treatment upon recommendation of a physician *or an advanced registered nurse practitioner (ARNP)* and upon approval of the administrator of the institution in which the person is confined. In the case of a transfer for medical purposes for a period in excess of 24 hours, the justice of the court who originally ordered the prisoner's commitment shall be given written notice of the transfer within 5 days of said transfer, and shall be given notice upon the return of the prisoner within 5 days of the prisoner's return. The provisions of RSA 402:79 shall apply to payments for medical care provided pursuant to this section.

Amend the bill by deleting section 3 and renumbering the original section 4 to read as 3.

AMENDED ANALYSIS

This bill allows an advanced registered nurse practitioner to evaluate an inmate or a patient at the secure psychiatric unit to declare a personal safety emergency and to transfer the person for inpatient psychiatric treatment.

HB 1346-FN, relative to certain acts of felonious sexual assault. REFER FOR INTERIM STUDY Rep. Patricia M. O'Keefe for Criminal Justice and Public Safety: The committee felt that although changes to this section of the sexual assault statutes may be warranted, questions regarding the age differential and assessment of penalties were not sufficiently addressed. The committee would like the opportunity to further study these issues. Vote 17-0.

HB 1424, relative to reevaluation of a person's competency to stand trial. OUGHT TO PASS WITH AMENDMENT

Rep. Frank M. Schanda for Criminal Justice and Public Safety: This bill clarifies the process for evaluating a person's competency to stand trial. The amendment further clarifies that if there is clear and convincing evidence that the defendant cannot be restored to competency within twelve months, the case shall be dismissed without prejudice. Vote 16-0.

Amendment (3469h)

Amend the bill by replacing RSA 135:17-a, I as inserted by section 2 with the following:

I. If, after hearing, the district court or superior court determines that the defendant is not competent to stand trial, the court shall order treatment for the restoration of competency unless it determines, by clear and convincing evidence, that there is no reasonable likelihood that the defendant can be restored to competency through appropriate treatment within 12 months. If the court finds, by clear and convincing evidence, that the defendant cannot be restored to competency within 12 months, the case against the defendant shall be dismissed without prejudice and the court shall proceed as provided in paragraph V.

HB 1460, making the playing of an individual's car stereo in excess of 50 decibels disorderly conduct. INEXPEDIENT TO LEGISLATE

Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: The sponsor indicated that he understood the Inexpedient to Legislate vote on this bill. Passage of HB 1460 would force communities to purchase decibel meters, resulting in new costs. Also, pursuant to NH RSA 644:2, III(a), the crime of disorderly conduct, it is already a violation to make loud or unreasonable noises in a public or a private place which causes annoyance or alarm. The Commissioner of the Department of Safety is very serious about enforcing this existing provision. Vote 12-0.

HB 1492-FN, relative to clarifying the state's stalking statute. OUGHT TO PASS WITH AMENDMENT

Rep. Beth Rodd for Criminal Justice and Public Safety: This bill clarifies language in the current stalking bill defining a "course of conduct" to be considered when assessing whether or not stalking activity exists. The bill, as amended, affords increased protection for victims of stalking while

assuring that all parties' constitutional rights are protected. The bill, in its final form, takes into consideration the concerns of those who testified before the committee and sub-committee regarding terminology that was vague and open to interpretation. Vote 14-0.

Amendment (3546h)

Amend the bill by replacing all after the enacting clause with the following:

I Criminal Code; Interference with Freedom; Stalking. RSA 633:3-a, I-III is repealed and reenacted to read as follows:

I. A person commits the offense of stalking if such person:

(a) Purposely, knowingly, or recklessly engages in a course of conduct targeted at a specific person which would cause a reasonable person to fear for his or her personal safety or the safety of a member of that person's immediate family, and the person is actually placed in such fear;

(b) Purposely or knowingly engages in a course of conduct targeted at a specific individual, which the actor knows will place that individual in fear for his or her personal safety or the safety of a member of that individual's immediate family; or

(c) After being served with, or otherwise provided notice of, a protective order pursuant to RSA 173-B, RSA 458:16, or paragraph III-a of this section, or an order pursuant to RSA 597:2 that prohibits contact with a specific individual, purposely, knowingly or recklessly engages in a single act of conduct that both violates the provisions of the order and is listed in paragraph II(a).

II. As used in this section:

(a) "Course of conduct" means 2 or more acts over a period of time, however, short, which evidences a continuity of purpose. A course of conduct shall not include constitutionally protected activity, nor shall it include conduct that was necessary to accomplish a legitimate purpose independent of making contact with the targeted person. A course of conduct may include, but not be limited to, any of the following acts or a combination thereof:

(1) Threatening the safety of the targeted person or an immediate family member.

(2) Following, approaching, or confronting that person, or a member of that person's immediate family.

(3) Appearing in close proximity to, or entering the person's residence, place of employment, school, or other place where the person can be found, or the residence, place of employment or school of a member of that person's immediate family.

(4) Causing damage to the person's residence or property or that of a member of the person's immediate family.

(5) Placing an object on the person's property, either directly or through a third person, or that of an immediate family member.

(6) Causing injury to that person's pet, or to a pet belonging to a member of that person's immediate family.

(7) Any act of communication, as defined in RSA 644:4, II.

(b) "Immediate family" means father, mother, stepparent, child, stepchild, sibling, spouse, or grandparent of the targeted person, any person residing in the household of the targeted person, or any person involved in an intimate relationship with the targeted person.

2 Criminal Code; Interference with Freedom; Civil Petitions in Stalking Cases. Amend RSA 633:3-a, III-a to read as follows:

III-a. A person who has been the victim of stalking as defined in this section may seek relief by filing a *civil* petition in the district court or the superior court in the county or district where the plaintiff or defendant resides. Upon a showing of stalking by a preponderance of the evidence, the court shall grant such relief as is necessary to bring about a cessation of stalking. The types of relief that may be granted, the procedures and burdens of proof to be applied in such proceedings, the methods of notice, service, and enforcement of such orders, and the penalties for violation thereof shall be the same as those set forth in RSA 173-B.

3 Effective Date. This act shall take effect January 1, 2001.

AMENDED ANALYSIS

This bill clarifies the definition of stalking and provides a civil relief mechanism for victims.

HB 1562-FN, establishing criminal penalties for violations of orders of protection under the child protection act. **OUGHT TO PASS**

Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: HB 1562-FN makes the penalty for violating a child protection order, which is based upon a preliminary disposition of abuse or neglect or a finding of abuse or neglect, a Class A misdemeanor. Under HB 1562-FN, the penalty for violating a child protection order is now the same as the penalty for violating a domestic violence protective order. HB 1562-FN also makes the enhanced penalties for subsequent offenses under the Child Protection Act identical to enhanced penalties for subsequent offenses under the Domestic Violence Laws. Vote 12-0.

SB 355, relative to name changes for criminal offenders. OUGHT TO PASS

Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: Last year the House and Senate passed HB 215 (Chapter 160), which amended NH RSA 547:3-i. The changes became effective on June 28, 1999. A contradiction exists in the first two paragraphs of the new law. SB 355 removes this contradiction. The current law excludes certain persons from being granted name changes: those serving a prison sentence, those on probation or parole, or those required to register as sexual offenders, or offenders against children. However, the law also provides that the court may override the previous provision. This bill corrects the language by providing that the court may grant the petition for name change of any person, however, the persons mentioned above must make a compelling showing before they are granted a name change. Vote 12-0.

SB 382, relative to appeals of release or detention orders OUGHT TO PASS

Rep. Frank M. Schanda for Criminal Justice and Public Safety: SB 382 makes an addition to the bail review statute and is a victim safety measure. This bill requires that no action shall be taken on the motion for bail review until the reviewing judge has all of the information before him or her that the original judge had in setting bail. No opposition was presented to the committee. Vote 12-0.

HB 1285, establishing a committee to study the feasibility of assessing taxes for special education at the county level. INEXPEDIENT TO LEGISLATE

Rep. Robert McKinley for Education: This bill would move the responsibility for assessing special education taxes from the local taxing district to the county government. This would create a new level of management among the state, the counties, the SAU's and the towns with little, if any, benefit to the towns and could result in increased costs without increased services. Vote 15-2.

HB 1388, establishing a commission to study the statewide delivery of special education programs and services. INEXPEDIENT TO LEGISLATE

Rep. Charles B. Yeaton for Education: The Education committee has studied special education extensively. There have been a measurable number of special education studies done within the last few years. In addition, the Adequacy Commission is considering the issue. There is an on going Special Education Advisory Committee which looks at all aspects of special education and prepares an annual report. Therefore, the Education committee deems this bill to be unnecessary at this time. Vote 18-0.

HB 1253, establishing a 4-year term for the commissioner of the department of corrections. OUGHT TO PASS

Rep. Michael O'Neil for Executive Departments And Administration: This bill establishes a four-year appointed term for the commissioner of corrections. By establishing a specific term, this position will be treated in the same fashion as other commissioner appointments within state government and will be beneficial when seeking qualified individuals to fill the position. Vote 14-0.

SB 341, extending the reporting date and changing the name of the committee to study the licensure of radiologic technologists. OUGHT TO PASS

Rep. Michael O'Neil for Executive Departments and Administration: This bill amends RSA 96:1. The committee established to study the licensure of "radiographics". "Radiographics" is changed to "radiologic technologists", the standard terminology utilized in the industry. The report date is changed from November 1, 1999 to November 1, 2000. The House and Senate members appointed to this study committee requested additional time to study the issues that related to this bill. Vote 16-1.

HB 1202-L, making technical corrections to 1999, 17 as amended. OUGHT TO PASS WITH AMENDMENT

Rep. Linda T. Foster for Finance: This bill makes technical corrections to 1999, 17 (HB 117) which were requested by the Department of Revenue and the Board of Land and Tax Appeals. Many of these changes concern the shortened timelines for reports and appeals that have been found inad-

equate for practical application. Section 3,V allows the DRA to assess a penalty to municipalities that willfully fail to timely file and sets up an appeal process. Section 7 brings the superior court and the BTLA into accord regarding the definition of timely filing under RSA 80:55. The remaining changes clarify existing law. All changes have been reviewed by and are supported by the NH Municipal Association. Vote 21-0.

Amendment (3849h)

Amend the title of the bill by replacing it with the following:

AN ACT making technical corrections to 1999, 17 as amended and relative to fixing and mailing procedures in the administration and appeal of state and local taxes.

Amend the bill by replacing all after section 2 with the following:

3 New Paragraph; Equalization Procedure; Report Required. Amend RSA 21-J:9-a by inserting after paragraph IV the following new paragraph:

V. A report filed by the assessing officials of each city, town, and unincorporated place shall certify sales-assessment information necessary for the commissioner to conduct the annual sales-assessment ratio study required under paragraph I. This report shall be filed within 45 days after receipt from the commissioner. Municipalities which fail to timely file the report due to willful neglect or intentional disregard of laws or rules and not reasonable cause shall pay a penalty to the state in the amount of \$100 for each day that the report is not timely filed. Within 30 days after the imposition of the penalty by the commissioner, officials of the city, town, or unincorporated place upon which the penalty was imposed may appeal by written application to the board of tax and land appeals or the superior court in the county in which the city, town, or unincorporated place is located. The board of tax and land appeals or the superior court, as the case may be, shall determine de novo the correctness of the commissioner's actions.

4 New Paragraph; Appeals to Department or Board. Amend RSA 21-J:28-b by inserting after paragraph VI the following new paragraph:

VII. Compliance with the filing deadlines in this section relative to the department or the board of tax and land appeals shall be in accordance with RSA 80:55.

5 Board of Tax and Land Appeals; Authority. Amend RSA 71-B:5, II to read as follows:

II.(a) To hear and determine appeals by municipalities relating to the equalized valuation of property determined by the commissioner of revenue administration pursuant to RSA 21-J:3, XIII. Any municipality aggrieved by its *own* equalized valuation as determined by the commissioner of revenue administration must appeal to the board in writing within [20] **30** days of notice of its final equalized valuation by the commissioner. The board shall hear and make a final ruling on such appeal within [45] **60** days of its receipt by the board. The board's decision on such appeal shall be final pending a decision by the supreme court. Such appeal shall be filed with the clerk of the supreme court within 20 days after the date the decision is mailed by the board to the municipality. The supreme court shall give any appeal under this section priority in the court calendar.

(b) Decisions by the supreme court on appeals made under subparagraph (a) that are issued prior to September 1 shall be used by the commissioner of revenue administration in determining the taxes to be raised by each municipality *for that tax year*.

(c) Decisions by the supreme court on appeals made under subparagraph (a) that are issued after September 1 shall be used by the commissioner of revenue administration in determining the taxes to be raised in the tax year commencing April 1 of the [second] succeeding year. Any adjustments that need to be made to a municipality's tax rate based on a decision by the supreme court under this subparagraph shall be made by the commissioner of revenue administration in the tax year commencing April 1 of the succeeding year.

6 Commissioner's Warrant. Amend RSA 76:8, I-II to read as follows:

I. The commissioner of revenue administration shall annually calculate the proportion of education property tax to be raised by each municipality by multiplying the uniform education property tax rate by the total equalized value of all property in the municipality as determined under RSA 21-J:3, XIII *for the preceding year*, except property taxable under RSA 82 or RSA 83-F.

II. The commissioner shall issue a warrant under the commissioner's hand and official seal for the amount computed in paragraph I to the selectmen or assessors of each municipality [~~at the time of the setting of the tax rate~~] **by December 15** directing them to assess such sum and pay it to the municipality for the use of the school district or districts and, if there is an excess education tax

payment due pursuant to RSA 198:46, directing them to assess the amount of the excess payment and pay it to the department of revenue administration for deposit in the education trust fund. Such sums shall be assessed at such times as may be prescribed for other taxes assessed by such selectmen or assessors of the municipality.

7 New Section; Timely Filing. Amend RSA 76 by inserting after section 16-d the following new section:

76:16-e Timely Filing. The timely filing and mailing of any document relative to the administration and appeal of any state or municipal tax, either by a municipality or the board of tax and land appeals, shall be determined in accordance with RSA 80:55.

8 Excess Property Tax Payments. Amend RSA 198:46, II-III to read as follows:

II. The amount of such excess to be remitted shall not include any income derived from the investment of funds by the ~~[town treasurer]~~ *municipal treasurers* under RSA 41:29 and ***RSA 48:16***. Any funds remaining after full payment of the excess tax required in paragraph I shall become available for unrestricted use by the municipality.

III. The commissioner of the department of revenue administration shall collect from the ~~[selectmen]~~ *municipality* the excess tax and pay the excess tax over to the state treasurer for deposit in the education trust fund established by RSA 198:39.

9 Repeal. RSA 21-J:34, XV, relative to certain reports filed by assessing officials, is repealed.

10 Applicability. RSA 21-J:28-b, as inserted by section 4 of this act, and RSA 76:16-e, as inserted by section 7 of this act, shall apply to any tax bill mailed on or after April 1, 1998.

11 Effective Date.

I. Sections 4 and 7 of this act shall take effect upon its passage.

II. The remainder of this act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill makes technical corrections to 1999, 17 (HB 117) as amended. The bill also clarifies certain filing and mailing procedures to be used in the administration and appeal of state and local taxes.

HB 1251, relative to driver education training reimbursement. OUGHT TO PASS

Rep. Susan W. Almy for Finance: This bill requires the Department of Safety to reimburse students in private drivers' education at the same rate as public school programs are reimbursed, and public schools to explicitly credit or reimburse the \$150 per student they receive to the students. The former provision increases program costs by about \$600,000. The program is funded primarily by the vanity plate fee which the department estimates will cover the added cost at least through this biennium, and probably beyond, so the net effect would be to reduce lapses. Vote 25-0.

HB 1265-FN, relative to registration of certain antique OHRVs. OUGHT TO PASS

Rep. Susan W. Almy for Finance: This bill adds antique ATVs and trail bikes to the antique snowmobile program and increases the age qualification from 20 to 25 years. Fish and Game believes that the combination of these changes would be revenue-neutral; at most they would cost a total of \$4000 per annum to them and DRED combined. Vote 24-0.

HB 1344-FN, expanding the used oil program. OUGHT TO PASS WITH AMENDMENT

Rep. Robert G. Holbrook for Finance: This bill expands a successful used oil collection program to allow for multiple grants to municipalities and to private facilities which, under current law, now do not receive grants. Grants will be available for collection containers, protective structures, filter crushers and used oil heaters. The effect will be to collect more used motor oil and prevent the oil from getting into the environment. The increase in used oil user fees is estimated at \$21,600 with the estimated cost of expanded grants at \$21,500. Vote 24-0.

Amendment (3785h)

Amend the bill by replacing section I with the following:

I Public Health; Hazardous Waste Cleanup Fund; Used Oil Collection; Use of Money Collected; Eligibility for Grants. Amend RSA 147-B:13, I(a) to read as follows:

(a) Award grants ~~[of up to \$2,500 to a political subdivision of the state]~~ to pay for the ~~[cost of establishing or improving]~~ *costs associated with the establishment, improvement, or operation* of used oil collection centers at public facilities such as fire stations, police barracks, highway departments, county garages, solid waste facilities, or other suitable ~~[public]~~ locations; and pro-

vide technical assistance to persons who organize such programs. *Political subdivisions and other government entities shall be eligible for grants not to exceed \$2,500 on an annual basis for the costs associated with the establishment or improvement of used oil collection facilities. In addition, political subdivisions and other government entities shall be eligible for grants on an annual basis for costs associated with the off-site transportation and recycling of used oil collected from individuals disposing of used oil. Non-profit organizations that focus on waste management and recycling issues, and private businesses that are registered state motor vehicle inspection stations, shall be eligible for grants not to exceed \$2,500 on an annual basis for the costs to establish a used oil collection facility.* In providing funding under this subparagraph, priority shall be given to reimburse political subdivisions [~~that have established a collection center under this program followed by political subdivisions~~] without public collection centers, followed by political subdivisions that have [~~inadequate~~] *established* collection centers, *followed by other government entities, state motor vehicle inspection stations, and non-profit organizations.* Political subdivisions that use the same center may combine their awards, but in no case shall the amount awarded to a collection center exceed \$5,000.

HB 1349-L, authorizing the department of environmental services to collect the costs of administering air pollution control from polluters at different rates for different pollutants, and relative to the mercury emissions reduction program and ash landfill study. OUGHT TO PASS

Rep. Vivian R. Clark for Finance: Current regulations set the same fee per ton for all varieties of permitted pollutant emissions. This bill re-apportions the charges for various pollutants so that more noxious elements are charged at a higher rate than less noxious ones. The bill causes no net change in state or local revenues or expenditures. The change is therefore a policy issue, not a fiscal one. Vote 21-2.

HB 1434, relative to processing applications under the medicaid waiver. INEXPEDIENT TO LEGISLATE

Rep. Richard J. LaRose for Finance: The sponsor reported that the Department of Health and Human Services is following procedures specified in this bill; therefore there is no need for legislative action. Vote 23-0.

HB 1463, making technical corrections related to the mental health system and guardianship hearings. OUGHT TO PASS

Rep. Marjorie K. Smith for Finance: This bill puts into law current practices concerning the delivery of services to children and adolescents in one or more facilities on the New Hampshire hospital campus. The committee could identify no change in revenue or expenditures which would result from passage of the bill and therefore concurred with the policy committee and the House. Vote 23-1.

HB 1546-FN-A-L, establishing a New Hampshire education tax on consumption as a source of funding for education, reducing the rates of other state taxes, and increasing certain exemptions to the interest and dividends tax. INEXPEDIENT TO LEGISLATE

Rep. Norman L. Major for Finance: The original bill reformulates the current method of funding the educational trust fund with a one percent consumption tax and reduces tax rates on property, utilities, real estate and other revenue sources from the trust fund. The fiscal note indicates first year revenues from the consumption tax for the education trust fund would be \$156M-\$209M in FY 2002. There would be a corresponding combined reduction in revenues from the reduced taxes of \$151.4M in FY 2001 and \$242.1M in FY 2002. In addition general fund revenues would decrease \$9.3M in FY 2002.

The sponsor requested that, instead of passing the bill, a study committee be established to take an in-depth look at a consumption tax. The committee agrees that this tax needs to be studied, but believes the appropriate place for that to occur is under the auspices of the Tax Equity and Efficiency Commission already established and charged with considering methods of funding an adequate public education. Consequently, it found the original bill inexpedient to legislate. The committee recommends that, in considering a consumption tax, the Commission look at its implementation in different sectors of the economy and examine ways to accurately determine potential revenues. Vote 20-0.

HB 1560-FN, relative to the purchase of certain prior service by county corrections officers in the New Hampshire retirement system. OUGHT TO PASS

Rep. Joseph E. Stone for Finance: The NH Retirement System has indicated this bill will have no fiscal impact on state, county and local revenues and expenditures. There will be an increase of expenditures of \$5000 in FY 01 from the system's trust fund. Any county corrections officers opting to purchase prior service would be responsible for the costs of obtaining such services as determined by actuarial study. Vote 23-0.

HB 1569-FN, requiring the department of environmental services to propose a voluntary testing program of public water supplies for methyl tertiary butyl ether (MTBE), and to study the amount of MTBE in gasoline in the state. **OUGHT TO PASS**

Rep. Margaret A. Lynch for Finance: This bill, as amended by the House, requires DES to propose a voluntary testing program of public water supplies for MTBE, and to study the amount of MTBE in gasoline in the state. As this is a purely voluntary program, there is no question of a 28-A issue on the local level and a minimal financial impact on the state level. Vote 22-1.

HB 1599-FN-A-L, establishing a prescription drug payment assistance program and making an appropriation therefor. **INEXPEDIENT TO LEGISLATE**

Rep. Marjorie K. Smith for Finance: After extensive conversation with the sponsors of this and similar bills, as well as with the chair of the Health and Human Services Committee of the House, the committee concluded that this important and timely issue could best be addressed in SB 367, now pending before the Health and Human Services Committee. Vote 24-0.

HB 1426, establishing an appeals board to review decisions of the health services planning and review board **INEXPEDIENT TO LEGISLATE**

Rep. James P. Pilliod for Health, Human Services and Elderly Affairs: This bill would have established an appeals board over the decisions of the Health Services Planning and Review Board. This would appear to violate the separation of power between the legislative and executive branches of government. After discussion with the sponsor, the subcommittee recommended ITL and this was approved by the full committee. Vote 15-0.

SB 342, extending the reporting date of the committee studying the impact of federal welfare reform on the cities and towns of New Hampshire. **INEXPEDIENT TO LEGISLATE**

Rep. Joseph P. Manning for Health, Human Services and Elderly Affairs: At the time the bill was filed, the study committee needed more time to finish its report. However, the report was finished before this bill was heard in the house committee. The sponsor indicated the bill was no longer needed. Vote 16-0.

HB 1438-FN, relative to transportation of children for involuntary emergency admissions. **OUGHT TO PASS WITH AMENDMENT**

Rep. Janet G. Wall for Judiciary: HB 1438 authorizes a physician to consult with the parent, guardian, or legal custodian of a child in need of involuntary emergency admission, and with consent, designate appropriate transportation to a receiving facility for care. Currently these children are handcuffed and shackled for their own protection, as well as the safety of those attending, then moved in a law enforcement vehicle. With this bill, a physician may authorize, depending on the amount of security needed, transporting the child by an ambulance or other medical vehicle. Testimony was given that transportation in an ambulance or other medical vehicle may be just as safe for some children, and may have a calming effect. Vote 15-0.

Amendment (3718h)

Amend RSA 135-C:29 as inserted by section 2 of the bill by replacing it with the following:
135-C:29 Delivery to Receiving Facility.

I. Upon completion of an involuntary emergency admission certificate under RSA 135-C:28, any law enforcement officer shall, *except as provided in paragraph II*, take custody of the person to be admitted and immediately deliver him to the receiving facility identified in the certificate.

II. *The physician shall consult with the parent, guardian, or legal custodian of a child subject to involuntary emergency admission regarding available transportation alternatives. If the physician determines that the child does not require the degree of security provided by a law enforcement vehicle, the physician may, with the consent of the parent, guardian, or legal custodian, authorize an ambulance service or other medical vehicle to deliver the child to the receiving facility.*

AMENDED ANALYSIS

This bill authorizes transportation of a child who is the subject of an involuntary emergency admission by ambulance in place of law enforcement personnel.

SB 185, relative to the partition of real or personal property. **INEXPEDIENT TO LEGISLATE**
Rep. Peter F. Bergin for Judiciary: The sponsor of the bill requested that this bill be voted inexpedient to legislate. HB 1448, a similar bill, was passed by the house and is now in the senate. The sponsor of SB 185 will request an amendment to HB 1448 in the senate. This amendment will authorize the probate court to order a partition of real and personal property where legal or equitable rights or interest in such property is at issue. The committee agreed with this action. Vote 14-0.

HB 1189-FN, relative to benefit amounts, fees assessed and the application of the state unemployment compensation law. **OUGHT TO PASS WITH AMENDMENT**

Rep. Robert E. Clegg, Jr. for Labor, Industrial and Rehabilitative Services:

This bill changes benefit amounts in employment compensation weekly benefits, increases fines to employers not filing on a timely basis the required reports and removes the expiration date authorizing the Department of Employment Security to maintain its 1/10th of 1% administration fee. Vote 19-0.

Amendment (3165h)

Amend the bill by replacing section 6 with the following:

6 Repeal. The following are repealed:

I. RSA 1996, 49:7, III, relative to termination of the administrative contribution on July 1, 2002, is repealed.

II. RSA 282-A:112, III, relative to annual audits by private firms.

III. RSA 282-A:140, I(b), relative to annual audits by private firms.

AMENDED ANALYSIS

This bill:

I. Makes changes to the weekly and maximum benefits available to persons receiving unemployment compensation for the next 2 years.

II. Creates an exemption within a group of temporary, part-time employees not eligible to receive benefits.

III. Increases fines for employers failing to file required paperwork with the department of employment security.

IV. Removes a contingency date from a provision authorizing the department of employment security advisory council to review administrative funding provisions in the event the federal government were to devolve employment security programs to the state.

V. Repeals 1996, 49:7, II; RSA 282-A:112, III; and RSA 282-A:140, I(b).

This bill was requested by the department of employment security.

HB 1243, relative to permitting the practice of tip pooling by an employer. **INEXPEDIENT TO LEGISLATE**

Rep. Benjamin C. Baroody for Labor, Industrial and Rehabilitative Services: The committee recommends that this bill be Inexpedient to Legislate for a couple of reasons. Some on the committee felt that tip pooling would take away from the waiter or waitress the money that was meant to reward the person for the service they had performed. Others understood the benefit of rewarding all people whose service efforts contributed to a customer's dining experience, but wanted to give the Lodging and Restaurant Association and the Department of Labor the opportunity to work things out together, as they had requested, thereby potentially eliminating the need for legislation. If no agreement can be reached between the two entities by the next legislative session, legislation could be submitted. Vote 14-2.

HB 1422-FN, relative to the composition of and procedures for the appellate board of the department of employment security. **OUGHT TO PASS WITH AMENDMENT**

Rep. Edgar H. Mears for Labor, Industrial and Rehabilitative Services: This bill changes the composition and appointment procedure of the appellate board of employment security. It also changes the procedure for appeals to the board. Vote 17-0.

Amendment (3591h)

Amend the bill by replacing all after the enacting clause with the following:

1 Employment Security; Appellate Board. Amend RSA 282-A:62 to read as follows:

282-A:62 Appellate Board.

I. There shall be an appellate board consisting of ~~[5]~~ 8 members, ~~[no 2 of whom shall be from the same executive council district;]~~ who are and continue to be residents of New Hampshire, appointed by the governor with the advice and consent of the executive council for ~~[3-year]~~ 4-year terms and until their successors are appointed and qualified. Two of the members shall be attorneys-at-law admitted to the practice of law in the state of New Hampshire, one of whom shall be the chair, and one of whom shall be the vice chair and shall serve in the absence of the chair. These 2 members shall be the only members of the appellate board who are attorneys-at-law. ~~[Another member]~~ Two members shall be ~~[a representative]~~ representatives of business management familiar with unemployment compensation laws. ~~[A fourth member]~~ Two members shall be ~~[a representative]~~ representatives from organized labor familiar with unemployment compensation laws. ~~[The fifth member]~~ Two members, who shall also be familiar with unemployment compensation laws, shall ~~[be designated as the member representing and shall]~~ represent the public. The appointments shall be for ~~[3]~~ 4 years. *No person shall serve more than 8 consecutive years.* Any vacancy shall be filled for the unexpired term. The members shall be paid ~~[\$100]~~ \$150 for each day or any part thereof during which they perform services, except that the chair and vice chair shall be paid ~~[\$150]~~ \$200 for each day or any part thereof during which they perform services. All members shall be reimbursed for all expenses determined by the commissioner to be necessary to the performance of their duties including mileage and board and room necessary for the conduct of hearings, except that no person who is a member of the appellate board and holds a part time, full time or per diem position with the executive, legislative or judicial branch shall receive the per diem allowance.

II. In the event of an increased workload the chair of the appellate board may request the governor with the advice and consent of the executive council to appoint up to 4 additional ~~[at large]~~ members to the board, with equal representation for business management and organized labor. These new members shall serve for ~~[3-years or until notified by the chair that the workload has been reduced to a level so that their services are no longer required]~~ *one year from the date of appointment.*

2 Support of Board. Amend RSA 282-A:63 to read as follows:

282-A:63 Organization and Support. The appellate board shall be part of the department of employment security for organizational purposes but shall operate independently of that department. ~~[The commissioner, after consultation with the appellate board chair, shall develop a cooperative working agreement outlining the annual funding for the appellate board which shall be provided for and administered by the commissioner. The agreement shall also describe]~~ All clerical personnel, facilities, space, supplies, services, and other support necessary to the functioning of the appellate board ~~[which]~~ shall be determined by, provided for, and administered by, the commissioner.

3 Jurisdiction. Amend RSA 282-A:64, I to read as follows:

I. The appellate board shall hear appeals from decisions of the appeal tribunal *or final decisions of the commissioner under RSA 282-A:95.* An appeal must be filed with the appellate board or, if filed by mail, postmarked within 14 calendar days of the date of mailing of:

(a) The commissioner's decision on a request for reopening *or the final decision of the commissioner;* or

(b) The appeal tribunal's decision on an appeal which had been remanded by the appellate board, in which case a request for reopening is not required.

4 Board Sessions. Amend the introductory paragraph of RSA 282-A:66, I to read as follows:

I. The appellate board, while in session, shall consist of 3 members designated by the chair. *No 2 members shall be from the same category of representation. In addition for appeals of final decisions of the commissioner under RSA 282-A:95, the members shall consist of the chair or vice-chair, one business management representative, and one labor representative.* Any party aggrieved by a decision of the appeal tribunal may appeal. The parties to such appeal shall be the claimant, all interested parties as defined in this chapter, and the commissioner. The appellate board shall adopt rules of procedure pursuant to RSA 541-A. It shall not require written briefs. The appellate board shall:

5 Formal Hearing. Amend RSA 282-A:96 to read as follows:

282-A:96 Formal Hearing.

I. A formal hearing on each such appeal shall be conducted according to the rules adopted by the commissioner, whether or not such rules conform to common law or statutory rules of evidence and other technical rules of procedure; and a complete record of such hearings shall be made and kept by the commissioner except that such record may be destroyed as provided in RSA 282-A:107-135. The record shall include the evidence, the commissioner's findings of fact and ~~his~~ decision. A copy of the decision of the commissioner shall be sent by certified mail, return receipt requested, to the last address according to the records of the department, of each employing unit or employer affected thereby.

II. *An employer or employing unit who is aggrieved by the decision of the commissioner may, within 20 days of the date of mailing of the commissioner's decision request that the commissioner reconsider the decision or that the commissioner order a new hearing specifying in the request the grounds therefor. Notice of the commissioner's decision on such request shall be sent as provided in paragraph I.*

6 Appeals; Appellate Board. Amend RSA 282-A:97 to read as follows:

282-A:97 Appeal to ~~[Court]~~ **Appellate Board**. The commissioner's decision on said appeal shall be final and conclusive as to the liability of the employing unit or employer or both unless an appeal therefrom is filed in accordance with the provisions of ~~[RSA 282-A:67]~~ **RSA 282-A:64**.

7 Application; Appointment of New Board Members; Initial Appointments. Members of the appellate board serving on the effective date of this act shall serve out the remainder of their terms. Board members on the effective date of this act shall be eligible for recommendation and appointment pursuant to the provisions of RSA 282-A:62 as inserted by section I of this act, provided that no person shall be appointed who has served 8 consecutive years, or if the term of an appointment would result in the person exceeding 8 consecutive years on the board. In order to provide for staggered terms for each representative category, and upon a vacancy, the terms of initial appointments shall be made as follows:

I. In 2000, a business management representative for 2 years, a business management representative for 4 years, a labor representative for 4 years, and a public representative for 4 years.

II. In 2001, an attorney representative for one year, an attorney representative for 3 years, and a public representative for one year.

8 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill changes the composition and appointment procedure of the appellate board of the department of employment security. The bill also changes the procedure for appeals to the board.

HB 1519, relative to diversity training for law enforcement and educational personnel. INEXPEDIENT TO LEGISLATE

Rep. Robert E. Clegg, Jr. for Labor, Industrial and Rehabilitative Services: At the request of the sponsor the committee voted ITL. After filing the legislation the sponsor met with parties involved and resolved the main issues without legislation. Vote 17-0.

HB 1146-L, relative to tax increment financing. OUGHT TO PASS WITH AMENDMENT

Rep. Robert W. Brundige for Municipal and County Government: This bill was requested by the Department of Revenue Administration to amend RSA 162-K:10, II. It makes technical corrections to the tax increment financing statute and clarifies that the handful of existing tax increment finance districts are grandfathered and exempt from the statewide uniform education property tax enacted last year. Vote 17-0.

Amendment (3603h)

Amend the bill by replacing all after the enacting clause with the following:

I Municipal Economic Development and Revitalization Districts; Computation of Tax Increments; Taxable Property. Amend RSA 162-K:10, II to read as follows:

II. Any amount by which the current assessed value of a development district exceeds the original assessed value is referred to as the captured assessed value. The assessors shall determine the amount of the captured assessed value each year.

(a) The tax increment financing plan shall designate the portion of captured assessed value which will be dedicated for retirement of bonds and notes *and the portion of captured assessed value which will be dedicated to the operation and further development of the tax increment financing district*.

(b) [The municipality shall annually allocate the captured assessed value in excess of that necessary for dedicated tax increments for purposes of tax increment financing, according to one of the 2 following options:

(1) The excess captured assessed value may be fully used to finance the development program; or

(2) A portion of the excess captured assessed value may be used to finance the development program of the district and only that portion shall be set aside and the remainder shall be included with the other general tax revenues. *The portion of captured assessed value which is not used either for the purpose of retirement of bonds and notes or for the purpose of the operation and development of the tax increment financing district shall be deemed excess captured assessed value. Excess captured assessed value shall be returned to the tax lists.*

2 Computation of Tax Increments; Determination of Rates. Amend RSA 162-K:10, III(a)(2) to read as follows:

(2) If the municipality retains only a portion of the [excess] captured assessed value for the development district and returns the remaining portion to the tax lists, the assessors shall include the current assessed value, to be used as a basis to equalize annually the valuation of property throughout the state, and that portion of the [excess] captured assessed value which the municipality does [not] retain, to be deducted from the current assessed valuation for the calculation of the property tax *rate*. The assessors shall extend all rates against the total current assessed value[; including that portion of the captured assessed value which the municipality is retaining for the development district only]. In each year for which the current assessed value exceeds the original assessed value, the municipal tax collector shall remit to the municipality that proportion of all taxes [paid] *billed* on real property in the district that the retained captured assessed value bears to the total current assessed value in the district. The amount so remitted each year is referred to as the tax increment.

3 Towns Adopting Tax Increment Financing Districts Before April 29, 1999; Method of Calculation. Amend RSA 162-K:10, III(b) to read as follows:

(b) The general court finds that municipalities that have adopted a tax increment financing plan and issued tax increment financing plan bonds under this chapter before April 29, 1999, or which have adopted a tax increment financing plan and entered into contracts and incurred liabilities in reliance upon the tax increment plans under this chapter before April 29, 1999, have incurred obligations which must be honored. The general court recognizes also that in accordance with the intent of this chapter, such obligations were entered into in order to accomplish a public purpose and for the improvement of development in municipalities. Accordingly, the provisions of subparagraph III(a) shall not apply to tax increment financing plan districts which authorized and issued tax increment bonds under this chapter before April 29, 1999 or which adopted a tax increment financing plan under this chapter and entered into contracts and incurred financial liabilities in reliance upon such tax increment plan before April 29, 1999. This subparagraph shall only apply to tax development districts as they existed as of April 29, 1999. To the extent such tax increment financing plan is amended to increase the amount of bonded indebtedness, to increase the cost of the development program, or to extend the duration of the program's existence, this subparagraph shall not apply. *The assessors shall determine assessed valuation and tax increments according to the following method:*

(1) *If the municipality retains the full captured assessed value for the development district, the assessors shall certify to the commissioner of revenue administration for the purposes of the report required by RSA 21-J:34, no more than the original assessed value of the real property in the development district. The assessors shall extend all rates as established by the commissioner of revenue administration under the provisions of RSA 21-J:35 against the current assessed value, including all captured assessed value. In each year for which the current assessed value exceeds the original assessed value, the municipal tax collector shall remit to the municipality that proportion of all taxes billed that year on real property in the district which the captured assessed value bears to the total current assessed value. That amount is referred to in this section as the tax increment for that year.*

(2) *If the municipality retains only a portion of the captured assessed value for the development district and returns the excess to the tax lists, the assessors shall certify to the commissioner of revenue administration for the purposes of the report required by RSA 21-J:34 the*

original assessed value and that portion of the captured assessed value which is shared with all the affected taxing district for the purposes of determining the assessed value for computing property tax rates. The commissioner of revenue administration shall compute the rates of all taxes levied by the state, county, municipality, school district and every other taxing district in which the district is located on this aforementioned assessed value. The assessors shall extend all rates against the total current assessed value, including that portion of the captured assessed value which the municipality is retaining for the development district only. In each year for which the current assessed value exceeds that original assessed value, the municipal tax collector shall remit to the municipality that proportion of all taxes paid on real property in the district that the retained captured value bears to the total current assessed value in the district. That amount is referred to as the tax increment for that year.

4 Effective Date. This act shall take effect April 1, 2000.

HB 1163, relative to the date of decision for appeals of zoning matters. OUGHT TO PASS WITH AMENDMENT

Rep. Robert W. Brundige for Municipal and County Government: This bill establishes a uniform 30-day time period for an affected person to file for a rehearing or appeal regarding any zoning decision or order of a zoning board of adjustment, local legislative body, board of appeals, or planning board. This bill also provides that all such boards shall make their written minutes and decisions available for public inspection within 144 hours of any vote, consistent with the Right-To-Know law. Finally, this bill provides that if the minutes of the meeting were not filed within 144 hours of the date of the vote, the person applying for rehearing and/or appealing the decision shall have the right to amend the motion for rehearing or the appeal for up to 30 days after the date on which the written decision was actually filed. Vote 12-2.

Amendment (3802h)

Amend RSA 676:3, II as inserted by section 1 of the bill by replacing it with the following:

II. Whenever a local land use board ~~[issues a decision]~~ *votes to approve or disapprove an application or deny a motion for rehearing*, the *minutes of the meeting at which such vote is taken, including the written decision containing the reasons therefor*, shall be placed on file in the board's office and shall be made available for public inspection within [72] **144** hours ~~[after the decision is made]~~ *of such vote*. Boards in towns that do not have an office of the board that has regular business hours shall file copies of their decisions with the town clerk.

Amend RSA 677:2 as inserted by section 2 of the bill by replacing it with the following:

677:2 Motion for Rehearing of Board of Adjustment, Board of Appeals, and Local Legislative Body Decisions. Within [20] **30** days after any order or decision of the zoning board of adjustment, or any decision of the local legislative body or a board of appeals in regard to its zoning ~~[has been filed and first becomes available for public inspection in the office of the respective board or body or of its clerk or secretary]~~, the selectmen, any party to the action or proceedings, or any person directly affected thereby may apply for a rehearing in respect to any matter determined in the action or proceeding, or covered or included in the order, specifying in the motion for rehearing the ground therefor; and the board of adjustment, a board of appeals, or the local legislative body, may grant such rehearing if in its opinion good reason therefor is stated in the motion. This [20] **30**-day time period shall be counted in calendar days beginning with the ~~[next working day during which the office of the board is open to the public following the day on which the decision is rendered]~~ *date upon which the board voted to approve or disapprove the application; provided however, that if the moving party shows that the minutes of the meeting at which such vote was taken, including the written decision, were not filed within 144 hours of the vote pursuant to RSA 676:3, II, the person applying for the rehearing shall have the right to amend the motion for rehearing, including the grounds therefor, within 30 days after the date on which the written decision was actually filed*. If the decision complained against is that made by a town meeting, the application for rehearing shall be made to the board of selectmen, and, upon receipt of such application, the board of selectmen shall hold a rehearing within 30 days after receipt of the petition. Following the rehearing, if in the judgment of the selectmen the protest warrants action, the selectmen shall call a special town meeting.

Amend RSA 677:4 as inserted by section 3 of the bill by replacing it with the following:

677:4 Appeal from Decision on Motion for Rehearing. Any person aggrieved by any order or decision of the zoning board of adjustment or any decision of the local legislative body may apply,

by petition, to the superior court within 30 days after the ~~[action complained of has been filed and first becomes available for public inspection in the office of the respective board or body or of its clerk or secretary, setting]~~ *date upon which the board voted to deny the motion for rehearing; provided however, that if the petitioner shows that the minutes of the meeting at which such vote was taken, including the written decision, were not filed within 144 hours of the vote pursuant to RSA 676:3, II, the petitioner shall have the right to amend the petition within 30 days after the date on which the written decision was actually filed.* The petition shall set forth that such decision or order is illegal or unreasonable, in whole or in part, and ~~[specifying]~~ *shall specify* the grounds upon which the decision or order is claimed to be illegal or unreasonable. ~~[The date of filing shall be considered to be the next working day during which the office of the board is open to the public following the day on which the order or decision is rendered.]~~ For purposes of this section, "person aggrieved" includes any party entitled to request a rehearing under RSA 677:2. Amend RSA 677:15, I as inserted by section 4 of the bill by replacing it with the following:

I. Any persons aggrieved by any decision of the planning board concerning a plat or subdivision may present to the superior court a petition, duly verified, setting forth that such decision is illegal or unreasonable in whole or in part and specifying the grounds upon which the same is claimed to be illegal or unreasonable. Such petition shall be presented to the court within 30 days after the ~~[decision of the planning board has been filed and first becomes available for public inspection in the office of the planning board or of its clerk or secretary]~~ *date upon which the board voted to approve or disapprove the application; provided however, that if the petitioner shows that the minutes of the meeting at which such vote was taken, including the written decision, were not filed within 144 hours of the vote pursuant to RSA 676:3, II, the petitioner shall have the right to amend the petition within 30 days after the date on which the written decision was actually filed.* This paragraph shall not apply to planning board decisions appealable to the board of adjustment pursuant to RSA 676:5, III.

AMENDED ANALYSIS

This bill provides that there is a 30-day time period for an affected person to file for a rehearing regarding any zoning decision or order of a zoning board of adjustment, local legislative body, board of appeals, or planning board. This bill also provides that this period begins with the date of the decision, and that if the minutes of the meeting were not filed within 144 hours of the vote, the person applying for rehearing may amend the motion for rehearing within 30 days after the date on which the written decision was actually filed.

This bill is a request of the study committee established under 1999, 292.

HB 1210-L, relative to capital reserve funds. OUGHT TO PASS WITH AMENDMENT

Rep. Robert W. Brundige for Municipal and County Government: This bill allows cities, municipalities, counties, districts and water departments to raise and appropriate into capital reserve funds money from any source other than money given to those political subdivisions for charitable purposes. Vote 15-0.

Amendment (3656h)

Amend the bill by replacing sections 1-4 with the following:

1 Purpose. The general court recognizes the importance of capital reserve funds as financial planning tools for political subdivisions. It is the purpose of this legislation to make sure that political subdivisions are able to place funds into capital reserve funds, which are essentially municipal savings accounts, no matter what the source of those funds. The capital reserve fund laws have been interpreted by the department of revenue administration as allowing capital reserve funds to contain only funds raised through taxation and unencumbered surplus. In order that municipalities have the flexibility to maximize the benefits of capital reserve financial planning, funds from any source, other than money given for charitable purposes, should be allowed into a capital reserve fund.

2 Capital Reserve Funds for Cities; Establishment of Reserves Authorized. Amend the introductory paragraph of RSA 34:1 to read as follows:

34:1 Establishment of Reserves Authorized. Any city may raise and appropriate money as provided by RSA 34:2, *from any source other than money given to the city for charitable purposes*, for the establishment of a capital reserve fund for the financing of all or part of the cost of:

3 Capital Reserve Funds for Cities; Payments Into Fund. Amend RSA 34:3, I to read as follows:

I. There may be paid into any such capital reserve fund such amounts as may from time to time be raised and appropriated therefor, *from any source other than money given to the city for charitable sources*, within the limits as provided in RSA 34:4.

4 Capital Reserve Funds of Counties, Towns, Districts, and Water Departments; Payments Into Fund. Amend RSA 35:5 to read as follows:

35:5 Payments into Fund. There may be paid into any such capital reserve fund, except as provided in RSA 35:7, such amounts as may from time to time be raised and appropriated therefor, *from any source other than money given to the town, district, or county for charitable purposes*. *Such amounts shall be* within the limits as provided in RSA 35:8, and any such town, district or county may also vote to transfer to said fund, under a proper article in the warrant in the case of a town or district, any of its unencumbered surplus funds remaining on hand at the end of any fiscal year.

AMENDED ANALYSIS

This bill allows municipalities and counties to raise and appropriate money from any source for capital reserve funds, other than money given for charitable purposes.

HB 1216, relative to petitions for warrant articles. OUGHT TO PASS

Rep. Robert W. Brundige for Municipal and County Government: This bill requires school boards to insert properly petitioned warrant articles on the warrant for a school district meeting with only such minor textural changes as may be required. This wording is identical to that contained in RSA 39:3 pertaining to town meetings. Vote 18-0.

HB 1232, relative to the investment options for county funds. INEXPEDIENT TO LEGISLATE

Rep. Anthony F. Simon for Municipal and County Government: This bill would have permitted county treasurers to invest excess county funds in units of pooled money market mutual funds, which are invested solely in the United States Treasury. Counties already have the authority to invest in short term obligations of the United States as well as in the New Hampshire Public Deposit Investment Pool. The committee heard testimony that permitting an expansion into money market mutual funds would place public money at increased risk. In the past four or five years one county lost money, that had to be made up by county taxpayers, in a similar type of investment. Vote 12-2.

HB 1482, relative to funding of municipal projects. INEXPEDIENT TO LEGISLATE

Rep. Anthony F. Simon for Municipal and County Government: This bill would have authorized a warrant article in SB-2 towns setting both annual and total project limits for capital improvement projects. After discussions with the Department of Revenue Administration, the committee determined that such authority already exists in the law. Vote 14-0.

HB 1581, making optional the laws relative to energy conservation in new building construction. INEXPEDIENT TO LEGISLATE

Rep. Elizabeth S. Hager for Municipal and County Government: The Municipal & County Government Committee is not persuaded that there is a problem represented here which needs to be solved. The unanimous vote reflects testimony from the Governor's Energy Office that if there is a problem, the office would welcome the opportunity to work with communities. Energy conservation continues to be very important and cost effective; the Committee would not recommend that the House vote otherwise. Vote 18-0.

HB 1590, relative to prohibiting a zoning ordinance from a residential preexisting nonconforming property owner's ability to rebuild after a fire loss. REFER FOR INTERIM STUDY

Rep. Anthony F. Simon for Municipal and County Government: The intent of this bill was to prohibit a local zoning ordinance from preventing the rebuilding of a preexisting nonconforming property after a complete fire loss, if that prohibition has the effect of preventing the owner from obtaining a mortgage. The bill was introduced as the result of one situation in Manchester, which has since been resolved. However, research disclosed that zoning ordinances throughout the state treat the rebuilding of preexisting nonconforming uses in widely different ways. The committee believes that this underlying policy issue is a subject that requires further study. Vote 18-0.

HCR 30, urging the United States Environmental Protection Agency to adopt recently proposed new automobile emission standards and fuel regulations, known as the Tier2/Gasoline Sulfur Rule,

at least as stringent as originally proposed. OUGHT TO PASS WITH AMENDMENT
Rep. Terie T. Norelli for Science, Technology and Energy: The United States Environmental Protection Agency (EPA) recently adopted rules referred to as the Tier 2/Gasoline Sulfur Rule that would significantly and cost effectively reduce emissions from light duty vehicles. In addition, the EPA has proposed a strategy to reduce emissions from heavy-duty vehicles. HCR 30, as amended, commends the EPA for adopting the Tier 2/Gasoline Sulfur Rule and encourages the EPA to move forward with its proposed new emissions standards for heavy-duty vehicles. Lastly, it encourages the EPA to adopt a second phase of heavy-duty vehicle standards and reduce the sulfur content of diesel fuel. Vote 15-0.

Amendment (3695h)

Amend the title of the resolution by replacing it with the following:

A RESOLUTION urging the United States Environmental Protection Agency to adopt recently proposed new emission standards for heavy-duty vehicles, at least as stringent as originally proposed, and to adopt a second phase of emission standards for heavy-duty vehicles and reductions in the sulfur content of highway diesel fuel.

Amend the resolution by replacing all after the title with the following:

Whereas, the state of New Hampshire has made significant efforts to improve the state's air quality and reduce air pollutant emissions from many source categories in accordance with the Clean Air Act Amendments of 1990; and

Whereas, emissions from mobile sources now contribute a majority of anthropogenic air pollutant emissions within the state and nationwide; and

Whereas, the United States Environmental Protection Agency has recently adopted the so-called Tier 2/Gasoline Sulfur Rule which will require significantly reduced emissions from light-duty vehicles such as common passenger vehicles and from sport utility vehicles, will require sport utility vehicle emissions to be reduced to not more than those allowed for common passenger vehicles, and will require significantly decreased levels of sulfur in gasoline during the next few years; and

Whereas, the United States Environmental Protection Agency has shown the reductions to be achieved by this adopted Tier 2/Gasoline Sulfur Rule to be cost-effective; and

Whereas, the United States Environmental Protection Agency in October, 1999 proposed a strategy to significantly reduce emissions from on-highway heavy-duty vehicles (vehicles of gross vehicle weight over 8,500 pounds), including diesel and gasoline engines used in large commercial trucks, large full-size pickup trucks, passenger vans, and the largest sport utility vehicles; and

Whereas, this proposed strategy includes both a first phase of new emission standards for heavy-duty vehicles, and a second phase to be proposed soon which will treat vehicles and fuels as a combined system and introduce both significant additional emission reduction requirements for heavy-duty vehicles and, in order to enable new emissions-control technology on heavy trucks, requirements that the sulfur content of highway diesel fuel be reduced by approximately 90 percent from its current level of 500 parts per million (ppm); and

Whereas, diesel vehicle emissions control technology has advanced sufficiently that diesel vehicles can cost-effectively achieve similar emission reductions to requirements recently adopted for gasoline vehicles; and

Whereas, non-highway gasoline and diesel vehicles, including construction and farm vehicles and off-road recreational vehicles, as well as other diesel engines, can often achieve emission controls at a similar cost and with similar cost-effectiveness as highway vehicles; and

Whereas, reductions in the sulfur content of highway diesel fuel are cost-effective and necessary to enable the use of new diesel vehicle emissions-control technology; and

Whereas, changes in fuel formulation are most efficiently and equitably implemented on a nationwide or regionwide basis; and

Whereas, in the absence of appropriately stringent nationally applicable standards for heavy-duty vehicle emissions and diesel fuel sulfur, many states may adopt their own standards, resulting in a complex and inefficient regulatory system for vehicles and fuels, with negative financial effects on consumers, manufacturers, and refiners; and

Whereas, the estimated cost per ton of emissions reduced in the first phase of the United States Environmental Protection Agency's proposed strategy is less than 1/2 of the cost per ton of the recent Tier 2/Gasoline Sulfur Rule, and less than the cost of many emission reductions currently being required for electricity generation plants; and

Whereas, additional financial incentives for vehicle users and fuel suppliers to provide emission reductions beyond those mandated by these rules are likely to produce additional cost-effective emission reductions at minimal cost; and

Whereas, Governor Shaheen has written a letter dated February 2, 2000 supporting this concurrent resolution; now, therefore be it

Resolved by the House of Representatives, the Senate concurring:

That the United States Environmental Protection Agency is hereby commended for adopting its so-called Tier 2/Gasoline Sulfur Rule; and

That the United States Environmental Protection Agency should adopt the new emissions standards for non-highway heavy-duty vehicles proposed in the first phase of its proposed heavy-duty vehicle strategy, without any significant amendment that would weaken the proposed standards; and

That the United States Environmental Protection Agency should propose and adopt a second phase of integrated vehicle standards and diesel fuel sulfur rules similar to those outlined in its descriptions to date of its heavy-duty vehicle strategy, provided that they are at least as cost-effective as the reductions contained in the Tier 2/Gasoline Sulfur Rule; and

That the United States Environmental Protection Agency should propose and adopt similar additional integrated vehicle standards and diesel fuel sulfur rules for non-highway gasoline and diesel vehicles, in addition to those for highway vehicles, provided that they are also at least as cost-effective as the reductions contained in the Tier 2/Gasoline Sulfur Rule; and

That the United States Environmental Protection Agency should propose and adopt similar standards for other diesel engines, provided that they are also at least as cost-effective as the reductions contained in the Tier 2/Gasoline Sulfur rule; and

That the United States Environmental Protection Agency should investigate options for providing financial incentives for vehicle users and fuel suppliers that produce additional emission reductions beyond those mandated by these rules in order to obtain additional cost-effective emission reductions at minimal cost; and

That copies of this resolution be sent by the house clerk to the President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives, the chairpersons of committees of the United States Congress having jurisdiction over the Clean Air Act, the Administrator of the United States Environmental Protection Agency, and each member of the New Hampshire congressional delegation.

AMENDED ANALYSIS

This house concurrent resolution urges the United States Environmental Protection Agency to adopt recently proposed new emission standards for heavy-duty vehicles, at least as stringent as originally proposed, and to adopt a second phase of emission standards for heavy-duty vehicles and reductions in the sulfur content of highway diesel fuel.

HJR 21, calling for changes in the federal Clean Air Act regarding best available control technology. **OUGHT TO PASS WITH AMENDMENT**

Rep. Jeffrey C. MacGillivray for Science, Technology and Energy: This resolution asks the US Congress to amend "best available control technology" and "lowest achievable emission rate" provisions of the federal Clean Air Act. Current provisions do not sufficiently examine cost-effectiveness, reliability and availability before requiring that all new plants use a particular emission control technology. The resulting legal actions over which emission control technology should be required have delayed at least one low-polluting electric power plant in New England. The suggested changes would increase the likelihood that cost-effective emission reductions could be adopted more promptly. Vote 15-0.

Amendment (3697h)

Amend the title of the resolution by replacing it with the following:

A RESOLUTION calling for changes in the federal Clean Air Act regarding best available control technology and lowest achievable emission rate.

Amend the resolution by replacing all after the title with the following:

Whereas, the federal Clean Air Act provisions for best available control technology (BACT), lowest achievable emission rate (LAER), and other similar requirements have been applied such that the availability of alternative technology with slightly superior emissions reduction than a base technology could require the use of the alternative technology by all new sources; and

Whereas, the federal Clean Air Act could require this even if the alternative technology provides only slightly more emissions reduction than the base technology, or the alternative is significantly less reliable, less tested, less used, or less available than the base technology, or if the alternative technology is significantly less cost-effective than the base technology; and

Whereas, these requirements have sometimes had the effect of delaying the implementation of more cost-effective, more proven technologies with only slightly less emissions reduction, so as to increase the total amount of pollution emitted; and

Whereas, legal actions regarding the application of these BACT provisions have delayed the construction of at least one low-polluting combined cycle natural gas electric generating facility in New England; and

Whereas, these undesirable side effects should not be allowed to impede desirable cost-effective emissions reductions that lead to air quality improvements; and

Whereas, when the United States Environmental Protection Agency issued its proposal for nitrogen oxide emissions reductions in 22 states and the District of Columbia in July, 1997, its proposal was accompanied by a message from President Clinton urging that an upper bound be placed on the cost of implementing these emission reductions; now, therefore, be it

Resolved by the Senate and House of Representatives in General Court convened:

That the United States Congress should amend the federal Clean Air Act requirements for best available control technology, lowest achievable emission rate, and other similar requirements, so that cost-effective emissions reductions can be promptly implemented without these undesirable side effects; and

That the federal Clean Air Act specifically be amended so that the availability of alternative technology with slightly superior emissions reduction than a base technology does not necessarily require the complete replacement of the base technology by the alternative technology, especially if the additional emissions reduction is small compared with the base technology; if the alternative technology is significantly less reliable, less tested, less used, or less available than the base technology; or if the alternative technology is significantly less cost-effective than the base technology; and

That copies of this resolution signed by the governor, the speaker of the house of representatives, and the president of the senate be forwarded by the house clerk to the Speaker of the United States House of Representatives, the President of the United States Senate, the President of the United States, the Administrator of the United States Environmental Protection Agency, and to each member of the New Hampshire congressional delegation.

AMENDED ANALYSIS

This house joint resolution urges the United States Congress to implement changes in the federal Clean Air Act regarding best available control technology and lowest achievable emission rate.

HJR 24, urging the United States Environmental Protection Agency and Congress to work with the northeastern states and gasoline refiners to authorize the use of a regional gasoline containing less or no MTBE and to eliminate Clean Air Act requirements for oxygenates in gasoline. **OUGHT TO PASS WITH AMENDMENT**

Rep. Roy D. Maxfield for Science, Technology and Energy: The issues surrounding methyl tertiary-butyl ether (MTBE) are complex and have diverse and often conflicting health implications. The committee worked diligently to study this difficult issue and craft an effective legislative response during the 1999 session. The greatest obstacle to reducing the concentration of MtBE in gasoline is found in the Federal Clean Air Act, which requires that reformulated gasoline include 2% oxygen, by weight. Reformulated gasoline is required and used successfully in southern NH to reduce air pollution. Although other oxygenates can be used in reformulated gasoline, MtBE has been used by most refineries serving the Northeast due to its cost effectiveness and desirable blending characteristics. In 1999 the legislature passed SB 70 which established initial state guidelines for MtBE. Since our 1999 session ended, two comprehensive studies on the use of MtBE have been released. Chief among the recommendations by a blue ribbon EPA panel based on these studies, was that the oxygenate mandate for reformulated gasoline should be eliminated. This joint resolution urges the United States Congress to eliminate the oxygenate mandate in the Clean Air Act. Vote 15-0.

Amendment (3671h)

Amend the title of the resolution by replacing it with the following:

A RESOLUTION urging the United States Environmental Protection Agency and Congress to work with the northeastern states and gasoline refiners to authorize the use of a regional gasoline containing less or no MTBE additive and to promptly eliminate Clean Air Act requirements for oxygenates in gasoline.

Amend the resolution by replacing all after the title with the following:

Whereas, the United States Environmental Protection Agency's National Blue Ribbon Panel on MTBE has recently examined oxygenates in gasoline in general, and methyl t-butyl ether (MTBE) in particular, and has concluded that the oxygenate requirement for gasoline of the federal Clean Air Act should be eliminated and that the use of MTBE in gasoline should be phased out; and

Whereas, state by state standards for gasoline composition would result in a complex and inefficient regulatory system for fuels, with negative financial effects on refiners and consumers; now, therefore, be it

Resolved by the Senate and House of Representatives in General Court convened:

That the United States Congress should promptly eliminate the oxygenate requirement for gasoline of the federal Clean Air Act; and

That the United States Environmental Protection Agency should encourage the United States Congress to promptly eliminate the oxygenate requirement for gasoline of the federal Clean Air Act; and

That the United States Congress and the United States Environmental Protection Agency should work with the northeastern states and with gasoline refiners to promptly develop and approve a consistent, effective specification for gasoline containing significantly less or no MTBE additive; and

That copies of this resolution signed by the governor, the speaker of the house of representatives, and the president of the senate be forwarded by the house clerk to the Speaker of the United States House of Representatives, the President of the United States Senate, the President of the United States, the Administrator of the United States Environmental Protection Agency, and to each member of the New Hampshire congressional delegation.

AMENDED ANALYSIS

This house joint resolution urges the United States Environmental Protection Agency and Congress to work with the northeastern states and gasoline refiners to authorize the use of a regional gasoline containing less or no MTBE additive, and to promptly eliminate Clean Air Act requirements for oxygenates in gasoline.

This house joint resolution is a request of the study committee established by 1999, 55.

HCR 33, establishing a joint New Hampshire-Vermont legislative cooperative effort regarding the Connecticut river. **OUGHT TO PASS**

Rep. David A. Young for State-Federal Relations and Veterans Affairs: The Connecticut River is a vital waterway for New Hampshire. HCR 33 urges the congressional delegations of New Hampshire and Vermont to seek continued support from the New England Federal Partners for Natural Resources to the Connecticut River Joint Commission in order to carry out the recommendations of the Connecticut River Corridor Management Plan. Vote 13-0.

SB 314, establishing a committee to study the feasibility of driver education programs by correspondence schools. **INEXPEDIENT TO LEGISLATE**

Rep. Robert J. Letourneau for Transportation: The intent of this bill is to allow students who are not in the traditional school system to be able to take a drivers education course through correspondence schools with the parents providing the hands on road experience. This is well intended, however, this brings up several problems. First, it would not conform to current state law in regards to the requirements of the teenage driver education law. There was considerable concern from the committee regarding the demonstration of driving skills. The committee is going to be looking at teenage driving laws this summer to see what is working and what is not, and plans to introduce legislation next session in this regard. Vote 15-0.

SB 354, relative to an exemption from the seat belt law for passengers in motor vehicles in parades. **OUGHT TO PASS**

Rep. George A. LaPorte for Transportation: This bill would allow those persons under 18 years of age to ride in parades without seatbelts, as common sense should prevail concerning this law. Vote 14-0.

SB 328, making corrections to statutory references in certain fish and game laws and adding a rulemaking provision. **OUGHT TO PASS WITH AMENDMENT**

Rep. Dennis F. Abbott for Wildlife and Marine Resources: This bill, as amended, makes technical changes regarding holders of lifetime and servicemen's licenses. Additionally, it grants rulemaking authority to the Executive Director relative to Lobster Helper Licenses under RSA 211:20. Vote 11-0.

Amendment (3626h)

Amend the bill by replacing section 5 with the following:

5 Regulating Marine Species; Rules. Amend 211:62, I to read as follows:

I. Rules relating to the taking, inspection and processing of marine species may be made by the executive director of the fish and game department [~~with the approval of the fish and game commission, and~~] upon the advice and cooperation of the advisory committee on shore fisheries *and the fish and game commission*.

6 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill corrects certain references to licensing provisions in the fish and game laws. The bill also changes the procedure for the adoption of rules relating to the regulation of marine species. Referred to Executive Departments and Administration.

SUSPENSION OF RULES

Rep. Chandler moved that the Rules be so far suspended as to permit third reading and final passage at the present time of **SB 354**, relative to an exemption from the seat belt law for passengers in motor vehicles in parades.

Adopted by the necessary two-thirds.

MOTION ON SENATE BILL 354

Rep. Chandler moved that **SB 354**, relative to an exemption from the seat belt law for passengers in motor vehicles in parades, be read a third time and passed.

Adopted.

Third reading and final passage

SB 354, relative to an exemption from the seat belt law for passengers in motor vehicles in parades.

REGULAR CALENDAR

HB 1102, relative to accessibility of veterans' disability payments in divorce cases. **OUGHT TO PASS WITH AMENDMENT**

Rep. Anne C. Grassie for Children and Family Law: This bill provides that veterans disability payments paid to either spouse may be considered, to the extent permitted by federal law, in an action to modify an existing alimony order. This subject has been studied four times previously. The insertion of the federal laws in concert with the NH law might prevent future committees from restudying the same material. Vote 13-1.

Amendment (3724h)

Amend the bill by replacing sections 1-3 with the following:

1 Property Settlements; Veterans' Disability Payments. Amend RSA 458:16-a, I to read as follows:

1. Property shall include all tangible and intangible property and assets, real or personal, belonging to either or both parties, whether title to the property is held in the name of either or both parties. Intangible property includes, but is not limited to, employment benefits, vested and non-vested pension or other retirement benefits, or savings plans. *To the extent permitted by federal law, property shall include military retirement and veterans' disability benefits.*

2 Alimony; Veterans' Disability Payments. Amend RSA 458:19, IV(c) to read as follows:

(c) In determining amount and sources of income, the court shall not consider a minor child's social security benefit payments or a second or subsequent spouse's income. *The court may consider veterans' disability benefits collected by either or both parties to the extent permitted by federal law.*

3 Modification of Alimony Order; Veterans' Disability Payments. Amend RSA 458:19, IV(e) to read as follows:

(e) In any proceeding for modification of an existing alimony order, the earned or unearned income [and], social security disability payments of a spouse of the obligor party shall not be considered a source of income to that obligor party for the purpose of modification, unless the obligor party resigns from or refuses employment or is voluntarily unemployed or underemployed, in which case the income of a subsequent spouse may be imputed to the obligor party only to the extent that such obligor party could have earned income in his or her usual employment. *In such actions, the court may consider the veteran's disability benefits of a spouse of the obligor party to the extent permitted by federal law.*

AMENDED ANALYSIS

This bill provides that veterans' disability payments paid to either spouse may be considered, to the extent permitted by federal law, in an action to modify an existing alimony order.
Adopted.

Report adopted and ordered to third reading.

SPECIAL ORDER

HB 1271, relative to participation by minors in certain athletic activities. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Laura C. Pantelakos for the Majority of Children and Family Law: The committee felt that the sponsors of this bill had the children's best interest at heart. But the committee felt it should be the parents right to say whether their child should be a boxer or not. Testimony was given that amateur boxing is very well controlled just like soccer, football, etc. Vote 10-3.

Rep. Mary Stuart Gile for the Minority of Children and Family Law: Boxing is the only contact sport that promotes purposeful striking and punching of the opponent's head. Unlike football, hockey and lacrosse, where hitting a player's head incurs penalties, young boxers are awarded points for blows to the head and upper torso. Testimony presented by physicians, including the past president of the New Hampshire Pediatric Society and two specialists in neurology from Dartmouth Medical School, described consequences of repeated trauma to the brain and the eyes, including the possibility of diminished intellectual capacity and lost vision. Testimony also was that no scouting program, public school, town recreation center or Boys and Girls Club offer boxing programs. Given recent research on brain development in children and adolescents, it makes sense to prohibit boxing programs for children until rules can be changed to eliminate and/or penalize purposeful blows directed to the neck and head.

Reps. Gile, Rose and Pilliod spoke against.

Rep. Beaulieu spoke in favor and yielded to questions.

Reps. Pantelakos, Kennedy and Dowling spoke in favor.

Rep. Gile request a roll call; sufficiently seconded.

The question being the adoption of the majority report.

REGULAR CALENDAR (CONT'D.)

HB 1369-FN-L, clarifying authority to regulate asbestos. **OUGHT TO PASS WITH AMENDMENT**
Rep. Harold P. Melcher for Environment and Agriculture: When recommitted, this bill was rewritten to eliminate the objection raised on the floor against its provision for inspection of suspected asbestos pollution on private property. As amended, this bill will provide a careful rewriting of the asbestos regulations in line with federal requirements as well as providing against serious local problems with asbestos dumps. Vote 13-3.

Amendment (3648h)

Amend the bill by replacing all after the enacting clause with the following:

I Asbestos Management and Control. RSA 141-E is repealed and reenacted to read as follows:

CHAPTER 141-E**ASBESTOS MANAGEMENT AND CONTROL****141-E:1 Statement of Policy.**

I. The general court finds that exposure to asbestos fibers over time has been linked by medical and scientific authorities to a significant increase in the incidence of diseases, such as asbestosis, bronchogenic carcinoma, mesothelioma, and other malignancies, and that such diseases place unnecessary and preventable burdens on society while depriving the victims of livelihood, well-being, and life.

II. The general court also finds that:

(a) Abatement of asbestos from workplaces, schools, public facilities, and dwellings, which is carried out to reduce the exposure of the public to this health threat, further jeopardizes public health when the abatement is done without adequate safeguards and by unqualified individuals; and

(b) Asbestos disposal sites pose a potential threat to human health if improperly managed.

III. Therefore, in order to protect the health of the public from this threat, it shall be the policy of the state to establish and enforce asbestos exposure standards and to control the exposure of the public to asbestos by regulation of asbestos abatement and asbestos disposal site activities. The intent of this chapter is not to overburden the unknowing homeowner, but rather to assure commercial and industrial compliance with asbestos disposal site regulation and asbestos abatement efforts.

IV. Relative to asbestos abatement activities, it shall be the responsibility of the department of health and human services, in consultation with the commissioner of environmental services, to carry out this policy in accordance with RSA 141-E:3, I and RSA 141-E:6-11, and in such a manner as to avoid direct conflict with other state and federal requirements.

V. Relative to management of asbestos disposal sites, it shall be the responsibility of the department of environmental services, in consultation with the department of health and human services, to carry out this policy in accordance with RSA 141-E:3, II and RSA 141-E:21-25, in lieu of RSA 149-M as previously carried out, and in such a manner as to avoid direct conflict with other state and federal requirements.

141-E:2 Definitions. In this chapter:

I. "Asbestos" means amosite, chrysotile, crocidolite, or asbestiform tremolite, actinolite, or anthophyllite.

II. "Asbestos abatement" means any of the following activities:

(a) The wrecking or removal of any load-supporting structural member containing or covered by RACM, as defined in paragraph VII;

(b) The encapsulation, coating, binding, or resurfacing of structural members, walls, ceilings, or other building surfaces, or ducts, pipes, boilers, tanks, reactors, furnaces, or other vessels containing RACM for the purpose of minimizing the potential for fiber release;

(c) The construction of airtight enclosures by the use of impact resistant materials to isolate surfaces coated or containing RACM;

(d) The removal or stripping of RACM from structural members, walls, ceilings, or other building surfaces, or ducts, pipes, boilers, tanks, reactors, furnaces, or other vessels; and

(e) The repair of RACM to minimize the likelihood of fiber release from damaged areas. Repair may include, but shall not be limited to, application of duct tape, rewettable glass cloth, canvas, cement, or other suitable materials to seal exposed areas where asbestos fibers may be released, or repair of damaged, previously encapsulated, RACM with non-asbestos substitutes; and re-encapsulation or repair of enclosures around RACM.

III. "Asbestos disposal site" means land where asbestos waste exists, either in or on the ground, due to dumping activities which ceased by July 10, 1981. The term includes inactive disposal sites as defined by 40 CFR 61.141. The term does not include any disposal site which is subject to the permitting requirements of RSA 149-M.

IV. "Contractor" means any partnership, firm, association, corporation, or sole proprietorship which engages in asbestos abatement activities and/or activities involving the disturbance of asbestos at asbestos disposal sites.

V. "Department" means the department of health and human services.

VI. "Friable asbestos material" means any material that contains more than one percent of asbestos by weight, area, or volume and that can be crumbled, pulverized, or reduced to powder when dry by hand pressure.

VII. "Regulated asbestos-containing material" or "RACM" means:

(a) Friable asbestos-containing material;

(b) Category I non-friable asbestos-containing material, as defined by 40 CFR 61.141, that has become friable;

(c) Category I non-friable asbestos-containing material, as defined by 40 CFR 61.141, that will be or has been subjected to sanding, grinding, sawing, or abrading; or

(d) Category II non-friable asbestos-containing material, as defined by 40 CFR 61.141, that will likely become or has become crumbled, pulverized, or reduced to powder by the forces expected to act on the material in the course of demolition or renovation operations.

VIII. "School asbestos abatement planning" means any of the following activities:

(a) The inspection of school buildings for asbestos-containing materials;

(b) The preparation of plans for asbestos abatement in schools, pursuant to P.L. 99-519; or

(c) The design of asbestos abatement projects for school buildings.

IX. "Structural member" means any beam, ceiling, floor, or wall.

141-E:3 Duties.

I. The commissioner of health and human services shall:

(a) License contractors.

(b) Test persons and provide certificates to those who are found competent to engage in either asbestos abatement activities, school asbestos abatement planning activities, or activities involving the disturbance of asbestos at asbestos disposal sites, or any combination thereof.

(c) Collect fees for the issuance of licenses and certificates.

(d) Provide asbestos health risk information to workers who are at risk of exposure to asbestos material and to the general public on the health risks posed by asbestos.

(e) Conduct such medical and scientific studies of workers presently or previously exposed to asbestos material as necessary to fully understand, define, and describe the actual health consequences of such exposure in their workplaces. The commissioner of health and human services shall strive to determine before undertaking such studies that similar research has not already been performed or is not currently under review by other agencies.

(f) Identify and order the abatement of RACM found in public buildings and facilities, schools, or rental dwellings which exceeds the exposure standards established by this chapter.

(g) Establish safe worker practices to protect the health of asbestos abatement workers where not preempted by the Occupational Safety and Health Act.

II. The commissioner of environmental services shall:

(a) Establish practices and standards necessary to control the release of asbestos fibers during asbestos abatement activities.

(b) Establish practices and standards necessary to control the release of asbestos fibers to the ambient air during processing, transport, and disposal activities.

(c) Develop and implement an inspection and enforcement program specific to asbestos abatement activities.

(d) Establish a notification program for all asbestos abatement activities.

(e) Collect fees for asbestos abatement notification.

(f) Establish, in consultation with the department pursuant to RSA 125-H:3:

(1) Measures for remediating asbestos disposal sites to prevent human exposure to asbestos at or from such sites; and

(2) Best management practices for monitoring and maintaining covered asbestos disposal sites, for the purpose of assisting property owners and local health officers to minimize the risk of human exposure to asbestos at or from such sites.

(g) Administer a program for owners to remediate asbestos disposal sites in accordance with the measures established under paragraph (f)(1) above. The program shall include, but not be limited to, provisions for:

(1) Initiating and completing site investigations;

(2) Developing and implementing remedial action plans;

(3) Developing and implementing activity and property use restrictions as appropriate; and

(4) Documenting and certifying completion of the approved remedial action plan.

(h) In cooperation with local health officials, monitor the condition of asbestos disposal sites to assure conditions are protective of human health and comply with the requirements of this chapter.

(i) Investigate reports by local health officials of newly discovered asbestos disposal sites.

(j) Maintain a registry of asbestos disposal sites, including, but not limited to:

(1) Owner name and mailing address;

(2) Information and maps locating the disposal area;

(3) Type, depth, and areal extent of cover materials;

(4) Site inspection data; and

(5) Status of site remediation.

(k) In cooperation with local health officials, respond to urgent conditions involving the disturbance of asbestos at asbestos disposal sites.

(l) In cooperation with local health officials, establish measures for assuring compliance with activity and property use restrictions relevant to asbestos disposal sites.

(m) Consult with local health officials within the affected communities for the purpose of determining appropriate and effective means for implementing the best management practices established pursuant to RSA 141-E:3, II(f)(2), and provide technical assistance related thereto, including adoption of local ordinances pursuant to RSA 147:1.

(n) Establish recommended training, licensure and certification requirements for contractors and persons engaging in activities involving the disturbance of asbestos at asbestos disposal sites, for implementation by the commissioner of health and human services, pursuant to RSA 141-E:4, I(o).

(o) Have authority to apply for and accept federal funds or other assistance for the purpose of remediating and otherwise managing asbestos disposal sites.

III. In conducting their duties, the commissioner of health and human services and the commissioner of environmental services shall give due consideration to EPA document 560/5-85-024 June 1985 or later revision, "Guidance for Controlling Asbestos Containing Materials in Buildings." 141-E:4 Rulemaking.

I. The commissioner of health and human services shall adopt rules, pursuant to RSA 541-A, relative to:

(a) The definition of major and minor asbestos abatement projects.

(b) The necessary training, licensure, and certification requirements applicable to major and minor asbestos abatement projects. Such training, licensure, and certification requirements shall be at least as stringent as those of the federal Environmental Protection Agency's model plan set forth in 40 CFR 763, Subpart E, Appendix C.

(c) Safe worker practices under RSA 141-E:3, I(g).

(d) Closure of places contaminated with RACM under RSA 141-E:7. The use of the word "contaminated" when related to airborne asbestos shall be consistent with asbestos exposure standards under RSA 141-E:6.

(e) Notice and appeal procedures under RSA 141-E:7.

(f) Procedures for the inspection of buildings, including visual assessment criteria for surfacing materials and pipe and boiler insulation, and air monitoring standards consistent with RSA 141-E:7 and the issuance of orders to take corrective actions to mitigate exposure to RACM under RSA 141-E:8.

(g) The licensure of contractors, employers or other individuals undertaking asbestos abatement under RSA 141-E:10. Such licensure requirements shall be at least as stringent as those of the federal Environmental Protection Agency's model plan set forth in 40 CFR 763, Subpart E, Appendix C.

(h) The certification and training of employees or other individuals engaged in asbestos abatement and school asbestos abatement planning under RSA 141-E:11. Such certification and training requirements shall be at least as stringent as those of the federal Environmental Protection Agency's model plan set forth in 40 CFR 763, Subpart E, Appendix C.

(i) The schedule and collection of fees under RSA 141-E:12, I.

(j) The issuance of notices of violation and orders of abatement under RSA 141-E:14.

(k) The fee structure to defray the cost of compliance monitoring under RSA 141-E:7, I and II; 141-E:8, I and II; 141-E:10; 141-E:11; and 141-E:13.

(l) Procedures for exemption from the requirements of RSA 141-E:10 and RSA 141-E:11.

(m) A schedule of administrative fines which may be imposed under RSA 141-E:16 for violation of this chapter or the rules adopted pursuant to it.

(n) Procedures for notice and hearing prior to the imposition of an administrative fine imposed under RSA 141-E:16.

(o) The necessary training, licensure, and certification requirements applicable to contractors and persons engaged in activities involving the disturbance of asbestos at asbestos disposal sites, such requirements to be determined based on the recommendations provided by the commissioner of environmental services pursuant to RSA 141-E:3, II(n).

II. The commissioner of environmental services shall adopt rules, pursuant to RSA 541-A, relative to:

(a) Establishing work practices and engineering control standards for asbestos abatement activities, including the following:

(1) Establishing standards and practices for minimizing the release of asbestos fibers during building maintenance, construction, renovation, demolition, or other similar activities.

(2) Developing an inspection program of buildings, facilities, and property for the purpose of determining compliance with the rules adopted under this paragraph.

(3) Adopting, in whole or in relevant part, the federal national emission standards for hazardous air pollutants (40 CFR sec. 61, m).

(4) Establishing the schedule and collection of fees under RSA 141-E:12, II.

(5) Establishing a fee structure to defray the cost of compliance monitoring under RSA 141-E:9 and RSA 141-E:13;

(b) Establishing work practices, engineering control standards, and emission standards necessary to control the release of asbestos to the ambient air during processing, transport, and disposal activities; and

(c) Administering a program for the management of asbestos disposal sites, pursuant to RSA 141-E:3, II(f) – (o) and 40 CFR 61.151, as formerly administered under RSA 149-M.

141-E:5 Asbestos Abatement Advisory Committee Established. There is hereby established an asbestos abatement advisory committee for the purpose of coordinating the activities of state agencies responsible for the health, safety, and protection of the public and the environment which are

or may be affected by the presence of asbestos. The commissioner of health and human services or designee shall serve as chairperson of the committee. At a minimum the asbestos abatement advisory committee shall consist of:

- I. The governor or designee;
- II. The attorney general or designee;
- III. The commissioners, directors, or their designees, of:
 - (a) The department of education;
 - (b) The department of labor;
 - (c) The department of environmental services; and
 - (d) The department of health and human services;

IV. An asbestos abatement contractor or school asbestos abatement planner appointed by the governor;

V. A business or industrial representative appointed by the Business and Industry Association of New Hampshire; and

VI. A representative appointed by the Better Home Heat Council of New Hampshire, Inc.

141-E:6 Indoor Asbestos Exposure Standards.

I. The indoor non-occupational exposure standard shall be 0.01 fibers longer than 5 microns per cubic centimeter of air as determined by OSHA/NIOSH phase contrast optical microscopy methods, calculated as an 8 hour time weighted average.

II. The indoor occupational exposure standard shall be as provided for by the federal Occupational Safety and Health Administration in 29 CFR 1910, and the federal Environmental Protection Agency in 40 CFR 763, except that, where such standards exceed 0.1 fibers longer than 5 microns per cubic centimeter of air as determined by OSHA/NIOSH phase contrast optical microscopy methods, then the occupational standards shall be 0.1 fibers longer than 5 microns per cubic centimeter of air as determined by OSHA/NIOSH phase contrast optical microscopy methods.

141-E:7 Limitation of Exposure; Closure of Contaminated Areas.

I. Except as provided for under RSA 141-E:6, II, no person, whether natural or not natural, owning, controlling, or managing any workplace, public building, facility, school, or rental dwelling containing asbestos levels exceeding 0.01 fibers longer than 5 microns per cubic centimeter of air as determined by OSHA/NIOSH phase contrast optical microscopy methods shall permit unnecessary exposure of any person to such conditions which are a violation of a provision of this chapter, or of a rule adopted or order issued pursuant to the authority of this chapter.

II. The department may, in the absence of other effective measures, close access to any building or facility or any portion thereof to other than those engaged in asbestos abatement and school asbestos abatement planning activities in which there have been found asbestos levels exceeding 0.01 fibers longer than 5 microns per cubic centimeter of air as determined by OSHA/NIOSH phase contrast optical microscopy methods.

III. Closure of access shall not occur until written notice has been provided to the owner or manager of the building or facility. The owner or manager shall be given the opportunity to appeal such action in accordance with RSA 541-A.

141-E:8 Inspection of Building; Orders.

I. Whenever the commissioner of health and human services has reason to suspect the presence of RACM in any public building, facility, school, or rental dwelling, he or she may cause inspections to be carried out. If RACM is found in damaged or deteriorated condition or if conditions exist which could result in significant human exposure or if asbestos levels exceeding 0.01 fibers longer than 5 microns per cubic centimeter of air as determined by OSHA/NIOSH phase contrast optical microscopy methods are found, the commissioner of health and human services may order corrective action to abate the risk to the health of the public. The order may, at the discretion of the commissioner of health and human services, include notice of closure of access under RSA 141-E:7.

II. In the event that asbestos levels exceed the standards set in RSA 141-E:6, I or II, there may be a second test of samples collected over an 8-hour period or as otherwise approved by the department, analyzed by scanning or transmission electron microscopy analysis before any order of abatement is issued. The results of the scanning or transmission electron microscopy analysis, which shall be recorded in terms of the number of asbestos fibers longer than 5 micrometers per cubic centimeter of air in accordance with OSHA standard definitions for asbestos monitoring, shall prevail in the determination of whether the standard is exceeded. Such tests shall be paid for by the owner of the building or facility being analyzed.

III. The commissioner of health and human services may, upon request of the owner, inspect private dwellings for the presence of RACM. If RACM is found, the commissioner of health and human services shall make recommendations to the owner for its abatement. The commissioner of health and human services shall charge a fee for such inspections under RSA 141-E:12.

141-E:9 Control of Asbestos Emissions. No person, whether natural or not natural, owning, controlling or managing any workplace, public building, facility, school, or rental dwelling involved in asbestos abatement shall permit such abatement of asbestos in a dry state or in violation of any rules adopted by the commissioner of environmental services under this chapter unless specifically exempted by rule.

141-E:10 Licensure.

I. Any contractor, employer, or individual which engages in asbestos abatement activities or activities involving the disturbance of asbestos at asbestos disposal sites shall first obtain a license from the department, unless exempt pursuant to paragraph II below or rules adopted by the commissioner of health and human services in accordance with RSA 141-E:4, I(l).

II. Individuals certified pursuant to RSA 141-E:11 shall not be required to obtain a license for the performance of asbestos abatement or disturbance of asbestos at asbestos disposal sites when carried out under the authority of a contractor or employer holding a valid license issued by the department pursuant to this section.

III. A license to engage in asbestos abatement, disturbance of asbestos at any asbestos disposal site, or both, shall be issued in writing by the department and shall be valid for a period of 12 months from the date of issuance, shall be dated when issued, shall contain an expiration date, and shall be signed by the commissioner of health and human services or designee. The license shall also include the name and address of the applicant.

IV. The license or a certified copy thereof shall be available at the worksite for inspection by representatives of the department, the commissioner of environmental services, or the local government.

V. The department may grant a license to an applicant if the applicant is licensed by another state whose standards for licensure are substantially equivalent to the provisions of this section and the rules adopted by the department.

141-E:11 Certification of Employees; Reciprocity.

I. Employees and other individuals who engage in asbestos abatement, school asbestos abatement planning, or disturbance of asbestos at any asbestos disposal site shall first obtain a certificate of training from the department, unless exempt pursuant to rules adopted by the commissioner of health and human services in accordance with RSA 141-E:4, I(l).

II. The certificate shall be in writing, be valid for a period of 12 months from the date of issuance, be dated when issued, contain an expiration date, and be signed by the commissioner of health and human services or designee. It shall also include the name and address of the employee to whom it is issued.

III. The certificate or a certified copy thereof shall be readily available at the worksite for inspection by the representatives of the department, the commissioner of environmental services, or the local government.

IV. The department may grant certification if the employee is certified by another state whose certification is substantially equivalent to the provisions of this section and the rules adopted by the commissioner of health and human services.

141-E:12 Fees.

I. The commissioner of health and human services shall, by rule, set a schedule of fees for the granting of licenses under RSA 141-E:10, the granting of certificates under RSA 141-E:11, and the inspection of private dwellings under RSA 141-E:8, III. All fees shall be deposited in a nonlapsing account, shall be used solely for the administration of the department's responsibilities under this chapter, and are hereby continually appropriated for said purposes.

II. The commissioner of environmental services shall, by rule, set a schedule of fees for the notification of asbestos abatement projects. All such fees and the fines levied under RSA 141-E:16, II shall be deposited in a nonlapsing account, shall be used solely for the administration of the commissioner of environmental services' responsibilities under this chapter, and are hereby continually appropriated for said purposes.

141-E:13 Compliance Monitoring.

I. For the purposes of assuring compliance with RSA 141-E:7, I and II; 141-E:8, I and II; 141-E:9; 141-E:10; and 141-E:11, or with any rule adopted by the commissioner of health and human services or the commissioner of environmental services, an authorized representative of the department of health and human services or commissioner of environmental services may, upon presentation of appropriate credentials and at any reasonable time:

- (a) Enter any asbestos abatement worksite and any asbestos disposal site;
- (b) Inspect and obtain samples from the workplace and the environment for the purposes of ensuring compliance with this chapter;
- (c) Procure and examine licenses issued under RSA 141-E:10 and certificates issued under RSA 141-E:11; or
- (d) Request, inspect, and record information, or test results relating to asbestos abatement activity, school asbestos abatement planning activity, or asbestos disposal site activity.

II. Any information, other than asbestos contamination or exposure data, relating to secret processes or methods of manufacture or production obtained in the course of such inspection shall not be disclosed by any representative of the department of health and human services or commissioner of environmental services without permission of the person whose worksite is inspected.

141-E:14 Enforcement.

I. Whenever the commissioner of health and human services has reason to believe that the provisions of RSA 141-E:7, I or II; 141-E:8, I or II; 141-E:10; or 141-E:11, or any rule adopted by the commissioner of health and human services under this chapter has been violated, he or she shall issue a notice of violation and an order of abatement. The commissioner of health and human services may request the attorney general to bring a civil action in superior court for appropriate relief, including a temporary or permanent injunction or both, to enforce any provision of RSA 141-E:7, I or II; 141-E:8, I or II; 141-E:10; or 141-E:11, or any rule adopted by him or her under this chapter, or any order issued by him or her pursuant to this chapter.

II. Whenever the commissioner of environmental services has reason to believe that any provision of RSA 141-E:3 or any rule adopted by the commissioner of environmental services under this chapter has been violated, the commissioner of environmental services shall issue a notice of violation and an order of abatement. The commissioner of environmental services may request the attorney general to bring a civil action in superior court for appropriate relief, including a temporary or permanent injunction or both, to enforce any provision of RSA 141-E:9 or any rule adopted by him or her under this chapter, or any order issued by him or her pursuant to this chapter.

III. The notices of violation issued pursuant to paragraphs I and II of this section shall set forth the facts constituting the violation. The orders of abatement shall require elimination of the violation and shall set forth the time frame within which abatement shall be completed.

141-E:15 Criminal Penalty; Fine.

I. A person shall be guilty of a class B felony if a natural person, or guilty of a felony if any other person, if he or she knowingly and willfully:

- (a) Violates any provisions of RSA 141-E or any rule adopted under it;
- (b) Violates any term or condition of a license, certificate, or order issued under RSA 141-E; or
- (c) Makes or certifies a material false statement relative to any document or information required under RSA 141-E.

II. Notwithstanding RSA 651:2, any person may, in addition to any sentence of imprisonment, probation, or conditional discharge, be fined not more than \$25,000 if found guilty of any violation of this chapter or any rule adopted under this chapter. Each day of violation shall constitute a separate offense.

141-E:16 Administrative Fines.

I. The commissioner of health and human services, after notice and hearing, pursuant to RSA 541-A, may impose an administrative fine not to exceed \$2,000 for each offense upon any person who violates any provision of this chapter or rules adopted under this chapter. Rehearings and appeals from a decision of the commissioner of health and human services shall be in accordance with RSA 541. Any administrative fine imposed under this paragraph shall not preclude the imposition of further penalties or administrative actions under this chapter. The commissioner of health and human services shall adopt rules in accordance with RSA 541-A relative to administrative fines which shall be scaled to reflect the scope and severity of the violation. The sums obtained from the levying of administrative fines under this paragraph shall be forwarded to the state treasurer to be deposited into the general fund.

II.(a) The commissioner of environmental services, after notice and hearing pursuant to RSA 541-A, may impose an administrative fine not to exceed \$2,000 for each offense upon any person who violates any provision of RSA 141-E:3, II or any rule adopted by the commissioner of environmental services under this chapter; or upon any person who makes or certifies a material false statement relative to any document or information which is required to be submitted to the department of environmental services pursuant to this chapter or any rule adopted pursuant to this chapter. Rehearings and appeals from a decision of the commissioner of environmental services under this paragraph shall be in accordance with RSA 541. Any administrative fine imposed under this paragraph shall not preclude the imposition of further penalties under this chapter. The proceeds of administrative fines levied pursuant to this paragraph shall be deposited by the commissioner of environmental services in the fund established by RSA 141-E:12, II.

(b) Notice and hearing prior to the imposition of an administrative fine shall be in accordance with RSA 541-A and procedural rules adopted by the commissioner of environmental services pursuant to RSA 541-A:16.

(c) The commissioner of environmental services shall determine fines in accordance with RSA 125-C:15, I-b(b).

(d) The commissioner of environmental services may assess an additional fine for repeat violations.

III. Whenever a person licensed pursuant to RSA 141-E:10 or certified pursuant to RSA 141-E:11 fails to pay an administrative fine as required by this section, the commissioner of health and human services, after notice and hearing pursuant to rules adopted under RSA 541-A, may deny, suspend, or revoke the license or certificate or may issue an appropriate order.

141-E:17 Civil Forfeiture. Any person who violates any provision of RSA 141-E or any rule adopted under it, or any term or condition of a license, certificate, or order issued under RSA 141-E, shall be subject to a civil forfeiture of up to \$25,000 for each day of a continuing violation, in addition to enforcement by injunctive relief.

141-E:18 Severability. If any provision of this chapter or the application thereof to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of this chapter which can be given effect without the invalid provisions or applications, and to this end the provisions of this chapter are severable.

141-E:19 Discharge of or Discrimination Against Employees. No employer shall discharge or cause to be discharged or otherwise discipline or in any manner discriminate against any employee, prospective employee, or employee representative because that person has filed any complaint or has instituted or caused to be instituted any proceeding related to the provisions of this chapter.

141-E:20 Federal Preemption. Nothing in this chapter shall be construed to allow the department of health and human services or the commissioner of environmental services to enforce such occupational safety and health standards which have been preempted by the Occupational Safety and Health Act of 1970, 29 U.S.C. sec. 651 et seq.

141-E:21 Release Prohibited; Asbestos Waste Sites. No person shall cause or allow asbestos fibers to be released to the environment from an asbestos disposal site.

141-E:22 Management of Asbestos Disposal Sites. The owner of an asbestos disposal site shall maintain and manage the site in accordance with this chapter and rules adopted by the commissioner of environmental services under RSA 141-E:4, II.

141-E:23 Disclosure.

I. Prior to the execution of any contract for the purchase and sale of any interest in real property which includes an asbestos disposal site, the seller shall disclose the following information to the buyer:

(a) The nature and extent of the asbestos waste disposed of on the property, to the extent known at the time of transfer;

(b) The existence of any outstanding obligations pertaining to compliance with the requirements of this chapter;

(c) The existence of any activity and property use restrictions;

(d) The existence and location of all known records pertaining to asbestos disposal conditions at the site.

II. Within 10 days following title transfer of an asbestos disposal site, the former property owner shall notify the commissioner of environmental services of such transfer in writing.

III. The following information shall be disclosed by the owner to any person who uses, occupies, or will likely disturb asbestos at an asbestos disposal site, such as a tenant or contractor:

(a) The presence of asbestos waste, including the location and depth of cover, to the extent known; and

(b) The need to comply with the requirements of this chapter, including activity and property use restrictions as applicable.

IV. Pursuant to 40 CFR 61.151(e), any owner of an asbestos disposal site shall record in the property chain of title at the registry of deeds for the county in which the property is located, notice of the following:

(a) That the property has been used for the disposal of asbestos waste;

(b) That the survey plot and record of the location and quantity of asbestos waste disposed of within the disposal site required in 40 CFR 61.154(f) have been filed with the commissioner of environmental services; and

(c) That the site is subject to 40 CFR part 61, subpart M.

141-E:24 Right of Entry. The commissioner of environmental services or authorized representative shall be authorized to enter, at reasonable times and in performance of his or her duties, upon any private or public property, to inspect asbestos disposal site conditions and investigate reports by local health officials of newly discovered asbestos disposal sites. If the property owner refuses to consent to the inspection, the commissioner of environmental services may obtain an administrative inspection warrant pursuant to RSA 595-B.

141-E:25 Third Party Liability. There shall be no implied cause of action for third party damages against any person under this chapter to the extent that the person's liability under this chapter is based solely on the person's ownership of an asbestos disposal site.

2 Effective Date. This act shall take effect July 1, 2000.

Adopted.

Rep. Melcher spoke in favor.

Report adopted and referred to Executive Departments and Administration.

HB 1483, permitting owners to choose certain health care providers for their animals. OUGHT TO PASS WITH AMENDMENT

Rep. James Phinizy for Environment and Agriculture: After many hearings and quite a lot of input from animal owners, the veterinary field and "alternative practitioners", it was felt that a study committee will address and resolve the complex issue of alternative applications and procedures on domestic, companion animals. Vote 15-0.

Amendment (3192h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study the application of non-conventional veterinary procedures for domestic animals.

Amend the bill by replacing all after the enacting clause with the following:

1 Committee Established. There is established a committee to study the application of non-conventional veterinary procedures for domestic animals.

2 Membership and Compensation.

I. The members of the committee shall be as follows:

(a) Five members of the house of representatives, 2 of whom shall be from the environment and agriculture committee, appointed by the speaker of the house.

(b) Five members of the senate, appointed by the president of the senate.

II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

3 Duties. The committee shall study the application of non-conventional veterinary procedures for domestic animals.

4 Chairperson; Quorum. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Four members of the committee shall constitute a quorum.

5 Report. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the senate president, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 2000.

6 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill creates a committee to study the application of non-conventional veterinary procedures for domestic animals.

Adopted.

Report adopted and ordered to third reading.

CACR 31, relating to the constitutional duty of the legislature concerning the interest of literature and the sciences. Providing that the legislature shall no longer have the constitutional duty to promote the interest of literature and the sciences. **INEXPEDIENT TO LEGISLATE**

Rep. William S. Belvin for Finance: This CACR proposes that the legislature shall no longer have the constitutional duty to promote the interest of literature and sciences by removing this language, and the balance of the NH constitution's Article 83 of the second part, which includes the duty to cherish this interest. The committee felt this abrogation of any state responsibility for elementary and secondary public education was unwarranted. Additionally the form of the question to be put to the state's voters did not reflect the CACR's intent and would likely be ruled unconstitutional in the event that the question ever reached the state's voters. Consequently the committee recommends inexpedient to legislate. Vote 22-1.

Adopted.

HB 1244, establishing a committee to study requiring health care workers to use retractable needles. **OUGHT TO PASS WITH AMENDMENT**

Rep. James P. Pilliod for Health, Human Services and Elderly Affairs: HB 1244 promotes methods of protection for all healthcare workers in all healthcare settings against exposure to blood borne pathogens. The committee considered and unanimously accepted an amendment jointly created with the Departments of Health and Human Services and Labor to share the promotion of safer needles and devices for employees exposed to patients with potentially infectious blood borne pathogens. After extensive discussions with all those affected, this landmark legislation will give the thousands working in the healthcare field, a much greater peace of mind and help to prevent needle stick injuries. Vote 17-0.

Amendment (3690h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the use of certain needle technology.

Amend the bill by replacing all after the enacting clause with the following:

1 Statement of Purpose. The general court finds and declares that:

I. Each year in the United States, 150-200 health care workers die and many more suffer chronic and debilitating diseases due to injuries from needlesticks and sharps;

II. The use of conventional needles results in increased risk of HIV infection and hepatitis B and C for health care workers;

III. Equipment exists to prevent most injuries from needlesticks and sharps but concern with health care costs has impeded the widespread use of safer technologies; and

IV. It is of critical importance to the health care industry that safer needle technology be adopted to protect health care workers from needlesticks and other sharps injuries and that health care workers receive ongoing training on safe work practices.

2 New Subdivision; Protection of Health Care Workers From Injuries From Needlesticks and Sharps. Amend RSA 275 by inserting after section 56 the following new subdivision:

Protection of Health Care Workers From Injuries From Needlesticks and Sharps

275:57 Definitions. In this subdivision:

I. "Blood" means human blood, human blood components, and products made from human blood.

II. "Bloodborne pathogens" means pathogenic microorganisms that are present in human blood and can cause disease in humans. These pathogens include, but are not limited to, hepatitis B virus (HBV), hepatitis C virus (HCV) and human immunodeficiency virus (HIV).

III. "Commissioner" means the commissioner of the department of labor.

IV. "Health care worker" means a person whose scope of employment or practice includes an activity which puts the worker at risk for occupational exposure to bloodborne pathogens or other potentially infectious materials.

V. "Needle or needle device" means a needle of any type, including but not limited to, solid and hollow-bone needles.

VI. "Occupational exposure" means reasonably anticipated skin, eye, mucous membrane, or parenteral contact with blood or other potentially infectious materials that may result from the performance of the health care worker's duties.

VII. "Other potentially infectious materials" means:

(a) The following human body fluids: semen, vaginal secretions, cerebrospinal fluid, synovial fluid, pleural fluid, pericardial fluid, peritoneal fluid, amniotic fluid, saliva in dental procedures, any other body fluid that is visibly contaminated with blood such as saliva or vomitus, and all body fluids in situations where it is difficult or impossible to differentiate between body fluids such as emergency response;

(b) Any unfixed tissue or organ (other than intact skin) from a human (living or dead); and

(c) Any of the following, if known or reasonably likely to contain or be infected with HIB, HBV, or HCV:

(1) Cell, tissue, or organ cultures from humans or experimental animals.

(2) Blood, organs, or other tissues from experimental animals.

(3) Culture medium or other solutions.

VIII. "Sharp" means any object used or encountered by a health care worker that can be reasonably anticipated to penetrate the skin or any other part of the body and result in an exposure incident, including but not limited to, needles, scalpels, lancets, broken glass, broken capillary tubes, exposed ends of dental wires and dental knives, drills and burs.

275:58 Advisory Council.

I. The commissioner shall appoint an advisory council which shall consist of the following members who shall serve 2-year terms:

(a) A registered nurse.

(b) A licensed practical nurse.

(c) A physician assistant.

(d) A physician.

(e) A phlebotomist.

(f) Two representatives of health care facilities.

(g) A dentist.

(h) An emergency medical technician.

(i) An infection control person.

II. The commissioner of health and human services, or designee, shall be an ex officio member of the advisory council.

III. The council shall advise the commissioner on the content of the rules to be adopted pursuant to this subdivision and shall, upon request by the commissioner, provide technical assistance to the commissioner on issues related to the occupational exposure of health care workers to blood or other potentially infectious materials.

IV. The initial meeting of the advisory council shall be called by the commissioner within 60 days of the effective date of this subdivision. At its initial meeting the council shall select a chairperson from among its members. The council shall meet as necessary to accomplish its duties, provided that the council shall meet at least annually or at the request of the chairperson or the commissioner.

275:59 Rulemaking. The commissioner shall adopt rules, pursuant to RSA 541-A, to protect health care workers from occupational exposure to blood or other potentially infectious materials. These rules shall not be inconsistent with the bloodborne pathogen regulations adopted by the Occupational Safety and Health Administration within the United States Department of Labor.

3 Effective Date. This act shall take effect January 1, 2001.

AMENDED ANALYSIS

This bill requires the commissioner of labor to adopt rules to protect health care workers from occupational exposure to blood or other potentially infectious materials. The bill establishes a 10-member advisory council to advise the commissioner of labor on such rules.

Rep. Emerton spoke against.

The amendment failed.

Rep. Emerton offered a floor amendment.

Floor Amendment (3904h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the use of certain needle technology.

Amend the bill by replacing all after the enacting clause with the following:

1 Statement of Purpose.

I. The general court finds and declares that:

(a) Each year in the United States, 150-200 health care workers die and many more suffer chronic and debilitating diseases due to injuries from needlesticks and sharps;

(b) The use of conventional needles results in increased risk of HIV infection and hepatitis B and C for health care workers;

(c) Equipment exists to prevent most injuries from needlesticks and sharps but concern with health care costs has impeded the widespread use of safer technologies; and

(d) It is of critical importance to the health care industry that safer needle technology be adopted to protect health care workers from needlesticks and other sharps injuries and that health care workers receive ongoing training on safe work practices.

II. Therefore, the general court hereby establishes an advisory council on issues related to the occupational exposure of health care workers to blood or other potentially infectious materials.

2 New Subdivision; Protection of Health Care Workers From Injuries From Needlesticks and Sharps. Amend RSA 275 by inserting after section 56 the following new subdivision:
Protection of Health Care Workers From Injuries From Needlesticks and Sharps

275:57 Definition. In this subdivision, "sharp" means any object used or encountered by a health care worker that can be reasonably anticipated to penetrate the skin or any other part of the body and result in an exposure incident, including but not limited to, needles, scalpels, lancets, broken glass, broken capillary tubes, exposed ends of dental wires and dental knives, drills and burs.

275:58 Advisory Council.

I. The labor commissioner shall appoint an advisory council which shall consist of the following members who shall serve 2-year terms:

(a) A registered nurse.

(b) A licensed practical nurse.

(c) A physician assistant.

(d) A physician.

(e) A phlebotomist.

(f) Two representatives of health care facilities.

(g) A dentist.

(h) An emergency medical technician.

(i) An infection control person.

II. The commissioner of health and human services, or designee, shall be an ex officio member of the advisory council.

III. The council shall advise the commissioner, in consultation with the commissioner of health and human services, on the content of the rules to be adopted pursuant to this subdivision and shall, upon request by the labor commissioner, provide technical assistance to the labor commissioner on issues related to the occupational exposure of health care workers to blood or other potentially infectious materials.

IV. The initial meeting of the advisory council shall be called by the commissioner within 60 days of the effective date of this subdivision. At its initial meeting the council shall select a chairperson from among its members. The council shall meet as necessary to accomplish its duties, provided that the council shall meet at least annually or at the request of the chairperson or the labor commissioner.

275:59 Rulemaking. The commissioner, in consultation with the commissioner of health and human services, shall adopt rules, pursuant to RSA 541-A, to protect health care workers in the public sector from occupational exposure to blood or other potentially infectious materials. These

rules shall not be inconsistent with the bloodborne pathogen regulations adopted for the private sector by the Occupational Safety and Health Administration within the United States Department of Labor.

3 Effective Date. This act shall take effect January 1, 2001.

AMENDED ANALYSIS

This bill requires the commissioner of labor, in consultation with the commissioner of health and human services, to adopt rules to protect health care workers from occupational exposure to blood or other potentially infectious materials. The bill establishes a 10-member advisory council to advise the commissioner of labor and the commissioner of health and human services on such rules.

Rep. Emerton spoke in favor.

Adopted.

Report adopted and ordered to third reading.

SPECIAL ORDER

CACR 30, relating to judicial retirement. Providing that a judge may serve after age 70 if appointed by governor and council to a 5-year renewable term. **OUGHT TO PASS**

Rep. Martha S. Solow for Judiciary: A majority of the committee agreed that chronological age is not necessarily a determinant of a judge's ability to serve. This change in the constitution, if approved by voters, will increase the pool of experienced candidates for judgeships. Although there is reluctance to change the constitution, when that document impedes good policy, the voters deserve an opportunity to change it. Vote 10-6.

Rep. Jacobson spoke against.

Rep. Soltani spoke in favor and yielded to questions.

Rep. Soltani requested a roll call; sufficiently seconded.

The question being the adoption of the report.

ENROLLED BILL REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled Senate Bill 354.

Rep. Ronald Nowe, Sen. D'Allesandro for the Committee

RECESS

(Speaker Sytek in the Chair)

REGULAR CALENDAR (CONT'D.)

HB 1116-FN, prohibiting partial-birth abortions. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Sandra B. Keans for Majority of Judiciary: The committee heard complex medical and legal testimony regarding abortion procedures and the potential health consequences of the proposed restrictions for pregnant women. The majority concluded that legislators should not regulate medicine in a way that undermines the safety of women's health or interferes with the privacy of the decision-making between a woman, her family and her doctor. In addition, several provisions of the bill are clearly unconstitutional and directly interfere with a woman's right to privacy as established in *Roe v. Wade*. Efforts were made to address the constitutional flaws in the bill with a proposed amendment, however, the sponsors were not in favor of the amended version. HB 1116-FN is legally flawed and detrimental to women's health. Vote 13-8.

Rep. Phyllis L. Woods for the Minority of Judiciary: The minority of the committee believed that the people of New Hampshire do not want to allow this barbaric procedure, partial-birth abortions, to be performed in this state. Partial-birth abortion kills a baby in the process of being born, is never necessary to preserve the life, health, or future fertility of the woman, and is in fact an unrecognized medical procedure which is dangerous to women.

Reps. Martin, Jane Wood, Vaillancourt and Phyllis Woods spoke against.

Reps. Keans, Millham, Jacobson and Craig spoke in favor.

Rep. John Pratt spoke in favor and yielded to questions.

Rep. Phyllis Woods requested a roll call; sufficiently seconded.

The question being the adoption of the majority report.

--------------------	------------------	----------------	--------------

and the majority report was adopted.

Rep. Turgeon voted Yea and intended to vote Nay.

HB 1511-FN, requiring parental notification before abortions may be performed on unemancipated minors. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Cynthia J. Dokmo for the Majority of Judiciary: This bill would require medical providers to provide written notification to the parent(s) of all young women under the age of 18 seeking to obtain an abortion. The bill would establish a judicial review process in the New Hampshire district courts for minor women who feel that they cannot involve their parents due to abuse or other threatening family circumstances. While the committee was very supporting of encouraging parent-daughter communication and adult involvement at the time of a crisis pregnancy, the majority did not believe mandating such communication would result in improved relationships between parents and their teen-age daughters. Compelling evidence from other states suggests that this measure will not result in improved familial communication, nor will it reduce the number of teens who are sexually active, who get, pregnant, who seek abortions or who give birth. This bill will, however, place a significant financial and scheduling burden on the court system with an undeterminable fiscal impact. It may also endanger the lives of young women who delay or forego medical care due to fear of forced parental involvement. Vote 13-8.

Rep. Tony F. Soltani for Minority of Judiciary: Currently minor children cannot obtain a driver's license, enter into a contract or receive any care without the consent of their parents. However, a minor under the age of eighteen (18) can obtain an abortion on demand without any notice to or consent from either parent. The family bond is too sacred and parental guidance is an essential element of growth and human development. The policy of excluding the parents from such an important decision is inconsistent with New Hampshire public policy, history and tradition. The legislature should seek to preserve the family and not aid in its disintegration.

Rep. Brothers spoke against.

Rep. Withee spoke against and yielded to questions.

Reps. Lasky and Leishman spoke in favor.

Rep. Brothers requested a roll call; sufficiently seconded.

The question being the adoption of the majority report.

HB 1241, relative to third person liability under the workers' compensation law. **OUGHT TO PASS WITH AMENDMENT**

Rep. Robert E. Clegg, Jr. for Labor, Industrial and Rehabilitative Services: This bill as amended clarifies third person liability in workers compensation statute. A recent court decision had determined a need to clarify employers immunity from third party liability suits under their uninsured

motorists coverage. This bill as amended maintains legislative intent for workers to receive benefits for injury and employers to be immune from additional claims outside of workers compensation except claims made for gross negligence or intentional acts of harm. Vote 15-3.

Amendment (3576h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph: Term Clarified. Amend RSA 281-A:13 by inserting after paragraph II the following new paragraph:

II-a. For the purposes of paragraph I and II of this section, the term "another person" shall not include the employee's employer, or any officer, agent, servant, or employee acting on behalf of the employer. Nothing in this chapter shall be deemed to create a duty or obligation on the part of any uninsured or underinsured motor vehicle carrier if the injured party has made a claim or is eligible to make a claim for worker's compensation benefits under this chapter and the injury is the result of an action by the employee, the employee's employer, or any officer, agent, servant, or employee acting on behalf of the employer.

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill clarifies the definition of a third person for purposes of the workers' compensation law. Adopted.

Rep. Craig spoke against and yielded to questions.

Rep. Clegg spoke in favor.

Rep. Keith Herman spoke in favor and yielded to questions.

Rep. Keith Herman requested a roll call; sufficiently seconded.

The question being the adoption of the report.

and the report was adopted.

Ordered to third reading.

Reps. Hess and Young declared conflicts of interest and did not participate.

HB 1313-L, relative to amending official ballot warrant articles. **INEXPEDIENT TO LEGISLATE**

Rep. Paul A. McGuirk for Municipal and County Government: Petitioned warrant articles have and should be subject to the will of the legislative body. The process of achieving a desired result is the responsibility of those submitting the petition. The majority of the Municipal and County Government Committee voted to continue the time honored traditions of open debate, full and free power to amend, and ultimate disposition of any warrant article. A large majority of the committee believes that tradition is good and should continue. As a recent court decision acknowledged, warrant articles in SB-2 towns may be amended in the same way and to the same extent as warrant articles have traditionally been amended in all New Hampshire towns

and school meetings. The Committee felt there was no reason why petitioned warrant articles in SB-2 towns should be singled out for unique treatment Vote 14-4.

Rep. MacGillivray spoke against.

Rep. Brundige spoke in favor.

Adopted.

HB 1305-L, exempting water withdrawals for normal agricultural operations from certain restrictions on water withdrawals. **INEXPEDIENT TO LEGISLATE**

Rep. MaryAnn N. Blanchard for Resources, Recreation and Development: The committee was sympathetic to the concerns of the agriculture community as they anticipate the impact of the proposed instream flow rules developed by the Rivers Management Advisory Committee (RMAC). These rules are to be phased-in over a five year period to allow for adjustment. It is important to note that these rules apply to only drought conditions and only river segments whose towns elected to be part of the state Rivers Management Protection Program to "Food Producing Farms". The RMAC consists of members representing diverse interest, including the Commissioner of Agriculture and a representative from the agricultural community. The rules proposed represent a laboriously reached balance of water needs of all in times of low flow. The committee feels that the concerns of the agriculture community are also shared by businesses, snowmakers, and other hydro uses. To exempt these would create a race of similar exemptions from other interests, undermining the balance created through a seven year process. It is premature to preempt this process by exempting a single user group at this time. Vote 7-6.

Adopted.

HB 1406, relative to transition service. **OUGHT TO PASS WITH AMENDMENT**

Rep. Jeb E. Bradley for Science, Technology and Energy: This amendment adopts a finding that the proposed price of electric power under the transition service portion of the settlement with PSNH may be underpriced given current wholesale electricity prices. Transition service is an option for customers who do not choose a competitive supplier in the first three years of electric restructuring. The committee is concerned that potential underpricing of transition service could create significant deferrals of costs to be repaid by customers with interest in the future. The committee is also concerned that potential underpricing could reduce competitive forces in the early years of electric restructuring. The committee is examining ways to achieve the 18% proposed rate reduction to the greatest extent possible while eliminating potential deferrals. The consultants hired by the legislature have warned against transition service underpricing. This amended bill in no way approves either securitization or the proposed settlement. The bill is intended to send a strong signal to the Public Utilities Commission that significant deferrals of costs are undesirable and should be frowned upon. Vote 15-0.

Amendment (3678h)

Amend the bill by replacing all after the enacting clause with the following:

1 Findings. The general court finds that:

I. Transition service procured through competitive means continues to be necessary in order to establish customer choice and a restructured electricity industry.

II. Transition service as proposed in the filed settlement with Public Service Company of New Hampshire (PSNH) is likely to be priced significantly below current market prices based upon other recent competitive bids in the northeast. Underpricing of transition service would create significant deferrals of costs. These deferrals could come as a result of current market prices for electricity that are significantly higher than the proposed transition service pricing of 3.7, 3.8, and 3.9 cents per kilowatt hour for the 3-year duration of transition service. Under the settlement these costs are to be paid back with a return to PSNH in the future.

III. Deferrals of costs attributed to transition service underpricing could exceed \$100 million for PSNH customers to be repaid with a return. Deferral repayment could occur at a time when the New Hampshire economy may not be robust, at a time when declining costs in other states could create a future rate gap for New Hampshire, and at a time when technological innovation may allow self generation to be more viable than it is today.

IV. Transition service underpricing would undermine the ability of competitive electricity markets to be established over time in New Hampshire.

V. Therefore the general court finds that deferrals of costs attributed to transition service underpricing are not acceptable and that transition service shall be established at prices that are realistic market prices given current market conditions.

VI. These provisions are not intended to apply to any utility which is implementing its transition service through a settlement approved by the public utilities commission prior to March 1, 2000.

2 Electric Utility Restructuring; Restructuring Policy Principles; Universal Service; Transition Service; Required Purchases. Amend RSA 374-F:3, V(b) to read as follows:

(b) As competitive markets emerge, customers should have the option of stable and predictable ceiling electricity prices through a reasonable transition period, consistent with the near term rate relief principle of RSA 374-F:3, XI. Upon the implementation of retail choice, transition service should be available for at least 2 but not more than 4 years after the start of competition, for customers who have not yet chosen a competitive electricity supplier. Transition service should be procured through competitive means and may be administered by independent third parties. *The commission may utilize a utility's required purchases from qualifying facilities to meet a portion of transition service if it finds such utilization is in the public interest.* The price of transition service should increase over time to encourage customers to choose a competitive electricity supplier during the transition period. Such transition service should be separate and distinct from default service.

3 Effective Date. This act shall take effect upon its passage.

Adopted.

Report adopted and ordered to third reading.

HR 20, urging Congress to pass a pending resolution proposing an amendment to the United States Constitution relating to voluntary school prayer. MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. J. Arthur Tufts for the Majority of State-Federal Relations and Veterans Affairs: This bill only sends a message to Congress to support Senate Joint Resolution (SJR) 1, which does not mandate or enact any laws. The bill and federal article do not mandate any school prayer or meditation in public buildings. Congress is urged to adopt this federal resolution. "Resolved by the Senate and House of Representatives of the United States of America in Congress assembled (two-thirds each House concurring therein). That the following article is hereby proposed as an amendment to the Constitution of the United States, which shall be valid to all intents and purposes as part of the Constitution if ratified by the legislatures of three-fourths of the several States within seven years from the date of its submission to the States by the Congress". The federal article for insertion into the Constitution is: "Nothing in this Constitution shall be construed to prohibit individual or group prayer in public schools or other public institutions. No person shall be required by the United States or by any State to participate in prayer. Neither the United States nor any State shall compose the words of any prayer to be said in public schools" Vote 8-5.

Rep. George R. Rubin for State-Federal Relations and Veterans Affairs: The minority felt that to request to amend the Constitution of the United States required additional study by the committee.

Reps. Gary Johnson and Jacobson spoke against.

Reps. Richard Herman and Potter spoke against and yielded to questions.

Reps. Buckley and Ronald Nowe spoke in favor.

Rep. Burling spoke to the bill.

Rep. Ronald Nowe requested a roll call; sufficiently seconded.

The question being the adoption of the majority report.

MOTION TO LAY ON THE TABLE

Rep. Eugene Gagnon moved that **HR 20**, urging Congress to pass a pending resolution proposing an amendment to the United States Constitution relating to voluntary school prayer, be laid on the table.

On a division vote, 156 members having voted in the affirmative and 185 in the negative, the motion failed.

The question now being the adoption of the majority report.

Rep. L'Heureux requested a roll call; not sufficiently seconded.

On a division vote, 199 members having voted in the affirmative and 141 in the negative, the motion was adopted.

RECONSIDERATION

Having voted on the prevailing side, Rep. Gary Johnson moved that the House reconsider its action whereby it voted **HR 20**, urging Congress to pass a pending resolution proposing an amendment to the United States Constitution relating to voluntary school prayer, Inexpedient to Legislate. Reconsideration failed.

REGULAR CALENDAR (CONT'D.)

HB 1260-FN, relative to the cost of prescription medication. REFER FOR INTERIM STUDY Rep. Linda L. Garrish for Commerce: The intent of this bill was to eliminate the "cost shifting" of prescription drugs to uninsured persons who are usually the most economically vulnerable. Testimony, which was in support of the bill, revealed a complex issue. Insurance companies and Medicaid insurers contract with pharmacies at below the "average wholesale price" of drugs. Even with the additional markup and dispensing fees, some pharmacies end up charging more to uninsured persons than to the insured. It was clear to the committee that the bill as written would be difficult to implement and enforce. Nonetheless, we felt that further study would provide an appropriate vehicle to address these and other prescription drug issues. Vote 16-3.

Reps. Andrews and Scanlan spoke against.

Reps. Garrish and Emerton spoke in favor.

Rep. Keith Herman requested a roll call; sufficiently seconded.

The question being the adoption of the report.

and the report was adopted.

HB 1540-FN, prohibiting certain transfers of information. **INEXPEDIENT TO LEGISLATE**

Rep. Tim S. McGough for Commerce: This bill would require an individual to gain prior consent from an individual before transferring the name and address of the individual to another party if the individual has reason to believe the transferee is likely to use the information for commercial or solicitation purposes. This legislation would bring many types of commerce to a screeching halt and would prevent such simple personal referrals that many consumers and businesses alike find useful and desirable. Further, the penalty of a class B misdemeanor was deemed excessive. The committee unanimously felt this legislation would be harmful to commerce in the state, although the goal of the sponsor to protect the privacy of consumers not desiring unsolicited contact was admirable. Vote 18-0.

Reps. Quandt and Kurk spoke against.

Rep. Francoeur spoke in favor.

Adopted.

HB 1154-FN, prohibiting general fund appropriations and transfers of general fund surplus to supplement the education trust fund. **INEXPEDIENT TO LEGISLATE**

Rep. O. Alan Thulander for Finance: This bill is an effort to force the legislature to enact additional Claremont taxes at this time. By preventing the transfer of general funds to the education trust fund, the bill would block implementation of our current education finance plan. There is no agreement at present on how to fund the anticipated deficit in the education trust fund, let alone a larger one. Because the duty to pay the \$825 million would still exist, the state might find it necessary to borrow money to pay the school districts. The state treasurer warned that borrowing for current operating expense is bad monetary policy and would negatively affect the state's bond rating. The committee agrees. This bill doesn't help solve our problems. Rather, it exacerbates them. Vote 22-0.

Rep. Jacobson spoke against.

Rep. Vaughn spoke in favor.

Adopted.

HB 1316-L, prohibits school districts from using disbursements from the education trust fund as unanticipated revenue. **OUGHT TO PASS**

Rep. O. Alan Thulander for Finance: This proposal reaffirms current law and makes the policy permanent for future years. It affects only the education trust fund and assures that (1) no payments from the fund can be spent by school boards as unanticipated revenue, and (2) state education grants can be spent only for education purposes. Vote 21-0.

Rep. Thulander yielded to questions.

Adopted and ordered to third reading.

HB 1343-FN-A, appropriating available funds for fiscal year 2000 to provide funding to support research monitoring groundwater at reclamation sites that have had sludge applied. **OUGHT TO PASS WITH AMENDMENT**

Rep. Joseph E. Stone for Finance: This bill provides funding for fiscal year ending June 30, 2000 to support research by the University of New Hampshire office of sponsored research on groundwater at reclamation sites that have had sludge applied. The remainder of available funds, up to \$20,000 that were appropriated for state aid grants by 1999, PAU 03-04-02-01-03, shall be transferred on June 30, 2000 to the non-lapsing sampling and analysis of sludge or biosolids samples fund established by RSA 485-A:4, XVI-c, provided all state approved aid grant payments have been made to eligible municipalities in fiscal year 2000. Vote 22-1.

Amendment (3774h)

Amend the bill by replacing all after section 1 with the following:

2 Transfer of Appropriation. The remainder of available funds, up to \$20,000, that were appropriated for state aid grants by 1999, 159:1, PAU 03-04-02-01-02, shall be transferred on June 30, 2000 to the nonlapsing sampling and analysis of sludge or biosolids samples fund established by RSA 485-A:4, XVI-c, provided all approved state aid grant payments have been made to eligible municipalities in fiscal year 2000.

3 Order of Appropriation Transfer. If HB 648-FN becomes law, any available funds appropriated for state aid grants by 1999, 159:1, PAU 03-04-02-01-02 shall first be applied to fulfill the transfer of appropriation in HB 648-FN before any such available funds are applied to fulfill the transfer of appropriation in section 2 of this act.

4 Effective Date. This act shall take effect June 30, 2000.

AMENDED ANALYSIS

This bill provides funding for the fiscal year ending June 30, 2000 to support research by the university of New Hampshire office of sponsored research on groundwater at reclamation sites that have had sludge applied, provided all approved state aid grant payments have been made to eligible municipalities in fiscal year 2000 and provided that, if HB 648-FN becomes law, available funds are first applied to fulfill the transfer of appropriation in that bill.

Adopted.

Report adopted and ordered to third reading.

RESOLUTION

Rep. Chandler offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Wednesday, March 29, 2000 at 1:30 p.m.

Adopted.

LATE SESSION**Third reading and final passage**

SB 357, extending the reporting date of the study committee reviewing field activities conducted by the department of health and human services in investigating reports of abuse and neglect.

HB 1240, requiring insurers to make prompt payments.

HB 1373, relative to payments of first and second mortgage home loans.

HB 1377, prohibiting managed care organizations from excluding certain physicians as providers and establishing a committee to study contracting methods.

HB 1457, establishing a committee to study all aspects of the condominium act established under RSA 356-B.

HB 1465, extending the reporting date of the committee to study the non-group health insurance market.

HB 1131-FN, relative to license revocations and suspensions.

HB 1250, allowing an advanced registered nurse practitioner to declare a personal safety emergency and to transfer an inmate for a psychiatric inpatient emergency.

HB 1424, relative to reevaluation of a person's competency to stand trial.

HB 1492-FN, relative to clarifying the state's stalking statute.

HB 1562-FN, establishing criminal penalties for violations of orders of protection under the child protection act.

SB 355, relative to name changes for criminal offenders.

SB 382, relative to appeals of release or detention orders.

HB 1253, establishing a 4-year term for the commissioner of the department of corrections.

SB 341, extending the reporting date and changing the name of the committee to study the licensure of radiologic technologists.

HB 1202-L, making technical corrections to 1999, 17 as amended and relative to fixing and mailing procedures in the administration and appeal of state and local taxes.

HB 1251, relative to driver education training reimbursement.

HB 1265-FN, relative to registration of certain antique OHRVs.

HB 1344-FN, expanding the used oil program.

HB 1349-L, authorizing the department of environmental services to collect the costs of administering air pollution control from polluters at different rates for different pollutants, and relative to the mercury emissions reduction program and ash landfill study.

HB 1463, making technical corrections related to the mental health system and guardianship hearings.

HB 1560-FN, relative to the purchase of certain prior service by county corrections officers in the New Hampshire retirement system.

HB 1569-FN, requiring the department of environmental services to propose a voluntary testing program of public water supplies for methyl tertiary butyl ether (MTBE), and to study the amount of MTBE in gasoline in the state.

HB 1438-FN, relative to transportation of children for involuntary emergency admissions.

HB 1189-FN, relative to benefit amounts, fees assessed and the application of the state unemployment compensation law.

HB 1422-FN, relative to the composition of and procedures for the appellate board of the department of employment security

HB 1146-L, relative to tax increment financing.

HB 1163, relative to the date of decision for appeals of zoning matters.

HB 1210-L, relative to capital reserve funds.

HB 1216, relative to petitions for warrant articles.

HCR 30, urging the United States Environmental Protection Agency to adopt recently proposed new emission standards for heavy-duty vehicles, at last as stringent as originally proposed, and to adopt a second phase of emission standards for heavy-duty vehicles and reductions in the sulfur content of highway diesel fuel.

HJR 21, calling for changes in the federal Clean Air Act regarding best available control technology and lowest achievable emission rate.

HJR 24, urging the United States Environmental Protection Agency and Congress to work with the northeastern states and gasoline refiners to authorize the use of a regional gasoline containing less or no MTBE additive and to promptly eliminate Clean air Act requirements for oxygenates in gasoline.

HCR 33, establishing a joint New Hampshire-Vermont legislative cooperative effort regarding the Connecticut river.

HB 1102, relative to accessibility of veterans' disability payments in divorce cases.

HB 1483, establishing a committee to study the application of non-conventional veterinary procedures for domestic animals.

HB 1244, relative to the use of certain needle technology.

HB 1241, relative to third person liability under the workers' compensation law.

HB 1406, relative to transition service

HB 1316-L, prohibits school districts from using disbursements from the education trust fund as unanticipated revenue.

HB 1343-FN-A, appropriating available funds for fiscal year 2000 to provide funding to support research monitoring groundwater at reclamation sites that have had sludge applied.

PERSONAL PRIVILEGE

Reps. Ronald Nowe and Burling addressed the House.

RECESS MOTION

Rep. Chandler moved that the House stand in recess for the purpose of introduction of bills, receiving Senate Messages, enrolled bill amendments and enrolled bill reports only.

Adopted.

The House recessed at 5:35 p.m.

RECESS

(Rep. Leber in the Chair)

RESOLUTION

Rep. Welch offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, House Bills numbered 1625, 1626 and 1627 and House Concurrent Resolution numbered 35 shall be by this resolution read a first and second time by the therein listed titles, sent for printing, and referred to the therein designated committees.

Adopted.

INTRODUCTION OF HOUSE BILLS and HCR**First, second reading and referral**

HB 1625, requiring the attorney general to initiate a declaratory judgment action concerning record title matters related to the Green Hills subdivision in the town of Raymond. (Bishop, Rock 12; W. Kelley, Rock 12; Patten, Carr 9: Municipal and County Government)

HB 1626-FN, establishing a program to rebate certain excessive property tax payments of eligible taxpayers. (Sapareto, Rock. 13; Bradley, Carr 8; Torr, Straf 12; Chandler, Carr 1; Klemm, Dist 22; Johnson, Dist. 3; Russman, Dist 19: Finance)

HB 1627, relative to the exchange of certain land in the town of Rindge. (Hunt, Ches 10; Rose, Ches 13: Public Works and Highways)

HCR 35, urging the United States Food and Drug Administration to defer its proposed rules requiring pasteurization for apple cider and consider adoption of alternative processing standards. (L. Pratt, Coos 4; K. Marshall, Merr 4; Melcher, Hills 11; P. Davis, Coos 1; P. Dowling, Rock 13; F. King, Dist 1: Environment and Agriculture)

SENATE MESSAGES**CONCURRENCE**

HB 246, relative to personnel transfers at the department of safety.

HB 569, relative to the tax credit for service-connected total disability.

HB 1114-FN, relative to creditable service in the retirement system for teachers in a job-sharing position.

HB 1126, relative to repealing the prohibition on rewards for procuring employment.

HB 1134, establishing a committee to study mental health care treatment under managed care plans.

HB 1196-L, giving the police department of Lincoln authority to respond to emergency situations and exercise police duties in the unincorporated place of Livermore.

HB 1206, extending the reporting date of the committee studying alcohol and drug abuse prevention.

HB 1283, establishing a commission on the education of the deaf and hard of hearing in New Hampshire.

HB 1523, relative to landlord-tenant obligations.

HB 1594-FN, relative to the allocation of moneys in the tobacco use prevention fund.

NONCONCURRENCE

HB 1168, establishing a committee to study the merits of limiting the use of social security numbers as identifiers.

ENROLLED BILL REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled House Bills 86, 387, 1150 and 1566.

Rep. Ronald Nowe, Sen. D'Allesandro for the Committee

RECESS

(Speaker Sytek in the Chair)

COMMITTEE ASSIGNMENTS

Rep. Robert M. Lawton off Resources, Recreation and Development; on Rules.

Rep. David H. Russell on Resources, Recreation and Development.

RECESS

(Rep. Keith Herman in the Chair)

SENATE MESSAGE**CONCURRENCE**

HB 1225, relative to the name of the department of fish and game.

RESOLUTION

Rep. Whalley offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, Senate Bills numbered 307, 311, 322, 323, 324, 326, 383, 387, 397, 400, 455 and 456 shall be by this resolution read a first and second time by the therein listed titles, and referred to the therein designated committees.

Adopted.

INTRODUCTION OF SENATE BILLS**First, second reading and referral**

SB 307, relative to biosolids and short paper fiber. (Environment and Agriculture)

SB 311, relative to the recovery of public assistance. (Health, Human Services and Elderly Affairs)

SB 322, extending the needle exchange pilot program. (Health, Human Services and Elderly Affairs)

SB 323, relative to ambulatory surgical facilities in service areas of rural hospitals. (Health, Human Services and Elderly Affairs)

SB 324, relative to personal care services and providers. (Health, Human Services and Elderly Affairs)

SB 326, relative to the joint health council. (Executive Departments and Administration)

SB 383, requiring the department of health and human services and insurers to make prompt payments. (Commerce)

SB 387-FN-L, relative to proposed toll booths in the city of Nashua and relative to alternatives to the statewide toll booth system. (Public Works and Highways)

SB 397-FN-A-L, making an appropriation from the education trust fund for public kindergarten programs and relative to the adequate education grant amount and property tax warrant for the town of Orange. (Finance)

SB 400-L, relative to emergency medical and trauma services. (Health, Human Services and Elderly Affairs)

SB 455, relative to campgrounds. (Resources, Recreation and Development)

SB 456, relative to testing newborns for deafness. (Health, Human Services and Elderly Affairs)

ENROLLED BILL AMENDMENT

HB 1134, establishing a committee to study mental health care treatment under managed care plans.

Amendment (3951-EBA)

Amend section 3 of the bill by replacing line 10 with the following:

VIII. Private practice market.

Adopted.

RECESS

(Rep. Mirski in the Chair)

ENROLLED BILL AMENDMENTS

HB 449-FN, requiring boating safety education.

Amendment (3970-EBA)

Amend section 2 of the bill by replacing lines 1 and 2 with the following:

2 Boat Safety Course. The introductory paragraph of RSA 270:46-a, III is repealed and reenacted to read as follows:

Adopted.

HB 569, relative to the tax credit for service-connected total disability.

Amendment (3967-EBA)

Amend RSA 72:35, IV(a) as inserted by section 1 of the bill by replacing line 4 with the following: amputee or paraplegic because of [a] service-connected injury, or the surviving spouse of such a

Adopted.

HB 1594-FN, relative to the allocation of moneys in the tobacco use prevention fund.

Amendment (3969-EBA)

Amend section 2 of the bill by replacing line 1 with the following:

2 Funding Evaluation. RSA 126-K:15, VI is repealed and reenacted to read as follows:

Amend RSA 126-K:17, II as inserted by section 3 of the bill by replacing line 1 with the following:

II. The commissioner shall review all requests and recommend awards, including amounts Adopted.

RECESS

(Speaker Sytek in the Chair)

Rep. Chandler moved that the House adjourn.

Adopted.

HOUSE JOURNAL No. 11

Wednesday, March 29, 2000

The House assembled at 1:30 p.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Her Excellency, Governor Jeanne Shaheen, joined the Speaker on the rostrum for the day's opening ceremonies.

Prayer was offered by House Chaplain, Reverend Hays M. Junkin, Rector of Saint Andrew's Episcopal Church in Hopkinton.

Gentle Sovereign, behold, we beseech Thee, the fair beauty of our beloved New Hampshire. As her citizens, we thank Thee for the many blessings we share and for the gifts of freedom and liberty which calls us to a deeper commitment to the many responsibilities of true patriotism. We ask Thy blessing upon the deliberations and decisions made in this hallowed chamber today. Amen.

Rep. Dudley led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. Eaton, Perkins and Searles, the day, illness.

Reps. Asplund, Bergeron, Doucette, Grassie, Lavoie, McRae, Pantelakos, Picconi, Phinney, Rodrigue, Edwin Smith, Snyder, Weatherspoon, Jane Wood and Woodward, the day, important business.

Reps. Coughlin and Dawe, the day, illness in the family.

INTRODUCTION OF GUESTS

Former NH Rep. Henry Sullivan, guest of Rep. Spear. Roland Hofeman, guest of Rep. Twardus. Ray Beqo and Luan Rojba, guests of Reps. Tsiros and Young. Katherine Clancy, guest of Rep. Gile. George Coronis, guest of Rep. Dickinson. Paul Tringoson, guest of Rep. Nancy Wall. Melissa and Andrew Torressen and Joe and Nancy Hart, wife, son, and in-laws of Rep. Torressen.

SPECIAL GUESTS

Nashua Girls' Varsity Basketball Class L Championship Team, guests of the House.

SENATE MESSAGES

REQUESTS CONCURRENCE WITH AMENDMENTS

HB 1374, extending the reporting date for the sex offender issues study committee. (Amendment printed SJ 3/23/00)

Rep. Welch moved that the House concur and spoke in favor.

Adopted.

HB 1435, establishing a committee to study the immediate and long-term impact of changing methodology of communications and information technology as it applies to the right-to-know law. (Amendment printed SJ 3/23/00)

Rep. Mock moved that the House concur and spoke in favor.

Adopted.

COMMITTEE REPORTS

CONSENT CALENDAR

Rep. Chandler moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

HB 1609, establishing a commission to study issues of diversity, immigration, and English as a second language in New Hampshire, removed by Rep. Garrish.

HJR 23, urging the executive branch to negotiate an expedient settlement resolving the Claremont dispute, removed by Rep. Sapareto.

HB 1177, relative to the effective date of legislation establishing a chaptered or statutory legislative committee, removed by Rep. Dyer.

HB 1231, requiring proposed legislation to be reviewed by a house or senate special committee to determine constitutionality prior to its introduction, removed by Rep. Mirski.

HB 1452, establishing a committee to study the recodification of laws relating to the joint committee on legislative facilities, removed by Rep. Dickinson.

Consent Calendar adopted.

HB 1391, relative to personal appearance by law enforcement officers at administrative license suspension hearings. REFER FOR INTERIM STUDY

Rep. John E. Tholl, Jr. for Criminal Justice and Public Safety: HB 1391 was originally voted out of committee as ought to pass. The bill was recommitted to committee so that the chaptered study committee currently meeting on the general subject of DWI statutes could study the subject matter. To accomplish this, the committee voted to refer for interim study. Vote 14-0.

HB 1516-FN, relative to prosecutorial conduct. INEXPEDIENT TO LEGISLATE

Rep. Frank M. Schanda for Criminal Justice and Public Safety: HB 1516-FN would make a prosecutor who is "overzealous" in his pursuit of justice, guilty of a class B felony. The committee felt that there were laws already in place that could be used if this problem should arise. The committee did not agree with the intent of this legislation. Vote 13-0.

HB 1520-FN, relative to criminal neglect of elderly, disabled, or incapacitated persons. REFER FOR INTERIM STUDY

Rep. Frank D. Callaghan for Criminal Justice and Public Safety: This bill, in its original form, defined neglect and abuse and created class A & B felonies relating to the extent of any injury. The subcommittee attempted amending the bill, but still wasn't satisfied that it addressed these types of situations appropriately. Presently, there are at least two agencies that are directly involved in investigating abuse and neglect. The office of the long-term care ombudsman investigates reports of these incidents in facility settings. The divisions of adult and elderly services investigate home settings. With the recent passage of SB 409, which promotes in home care, there were also concerns that inexperienced caregivers might be inadvertently caught up in a web of prosecution if the law is not carefully crafted. In the end, the full committee agreed unanimously to further study the bill this summer. Representatives of the present two investigating agencies mentioned above will be invited to work with the committee and explain the present investigatory process and penalties. Vote 15-0.

HB 1611, recodifying the state's DWI laws. OUGHT TO PASS WITH AMENDMENT

Rep. John E. Tholl, Jr. for Criminal Justice and Public Safety: This bill is a simple recodification of DWI laws. There is nothing new or deleted from current law. The committee simply drew all the laws pertaining to DWI into one chapter that makes it easier to find and understand. Vote 15-0.

Amendment (3918h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Chapter; Alcohol Or Drug Impairment. Amend RSA by inserting after chapter 265 the following new chapter:

CHAPTER 265-A ALCOHOL OR DRUG IMPAIRMENT

265-A:1 Definitions. The following words and phrases when used in this chapter shall have the following meanings, except where the context requires otherwise:

I. "Alcohol" shall mean any substance containing any form of alcohol, including but not limited to, ethanol, methanol, propanol and isopropanol.

II. "Alcohol concentration" shall mean either grams of alcohol per 100 milliliters of blood, grams of alcohol per 67 milliliters of urine, or grams of alcohol per 210 liters of breath.

III. "Boat" includes every type of watercraft described in RSA 270:2.

IV. "Controlled drugs" mean any drug or substance, or immediate precursor, which are scheduled pursuant to RSA 318-B:1-a.

V. "Driver" shall have the same meaning described in RSA 259:25.

VI. "OHRV" means off highway recreational vehicle, as defined in RSA 215-A:1, VI.

VII. "Vehicle" shall have the same meaning as described in RSA 259:122.

DWI Offenses; Penalties

265-A:2 Driving Under Influence of Drugs or Liquor; Driving with Excess Alcohol Concentration.

I. No person shall drive or attempt to drive a vehicle upon any way:

(a) While such person is under the influence of intoxicating liquor or any controlled drug or any combination of intoxicating liquor and controlled drugs; or

(b) While such person has an alcohol concentration of 0.08 or more or in the case of a person under the age of 21, 0.02 or more.

265-A:3 Aggravated Driving While Intoxicated. A person shall be guilty of a violation of this section if the person drives or attempts to drive a vehicle upon any way:

I. While under the influence of intoxicating liquor or any controlled drug or any combination of intoxicating liquor and controlled drug and, at the time alleged:

(a) Drives at a speed more than 30 miles per hour in excess of the prima facie limit,

(b) Causes a motor vehicle collision resulting in serious bodily injury, as defined in RSA 625:11, to the person or another, or

(c) Attempts to elude pursuit by a law enforcement officer by increasing speed, extinguishing headlamps while still in motion, or abandoning a vehicle while being pursued;

II. While having an alcohol concentration of 0.08 or more and, at the time alleged:

(a) Drives at a speed more than 30 miles per hour in excess of the prima facie limit,

(b) Causes a motor vehicle collision resulting in serious bodily injury, as defined in RSA 625:11, to the person or another, or

(c) Attempts to elude pursuit by a law enforcement officer by increasing speed, extinguishing headlamps while still in motion, or abandoning a vehicle while being pursued; or

III. While having an alcohol concentration of 0.16 or more.

265-A:4 Penalties for Intoxication or Under Influence of Drugs Offenses.

I. Except as otherwise provided in this section:

(a) Any person who is convicted of any offense under RSA 265-A:2 shall be:

(1) Guilty of a violation;

(2) Fined not less than \$350; and

(3) The person's driver's license or privilege to drive shall be revoked for not less than 90 days and, at the discretion of the court, such revocation may be extended for a period not to exceed 2 years.

(b) Any person who is convicted of any aggravated DWI offense under RSA 265-A:3, except as provided in subparagraph (c), shall be:

(1) Guilty of a misdemeanor;

(2) Fined not less than \$500; and

(3) The person's driver's license or privilege to drive shall be revoked for not less than 1 year and, at the discretion of the court, such revocation may be extended for a period not to exceed 2 years.

(c) Any person who is convicted of aggravated DWI under RSA 265-A:3 while having an alcohol concentration of 0.08 or more and, at the time alleged, causes a motor vehicle collision resulting in serious bodily injury, as defined in RSA 625:11, to the person or another, shall be:

(1) Guilty of a class B felony;

(2) Fined not less than \$1,000; and

(3) The person's driver's license or privilege to drive shall be revoked for not less than one year and, at the discretion of the court, such revocation may be extended for a period not to exceed 2 years.

I-a. Any person convicted of boating while intoxicated or operating an OHRV while intoxicated shall be subject to the penalties set out in this section for a violation of RSA 265-A:4.

II. Upon conviction of any offense under RSA 265-A:4 or RSA 265-A:5, based on a complaint which alleged that the person has had one or more prior convictions under RSA 265-A:2 or RSA 265-A:3 or RSA 630:3, II, or under reasonably equivalent offenses in an out-of-state jurisdiction, within 7 years preceding the date of the second or subsequent offense, the person shall be subject to the following penalties in addition to those provided in paragraph I:

(a) For a second offense:

(1) The person shall be guilty of a misdemeanor.

(2) The person shall be fined not less than \$500.

(3) The person shall be sentenced to a mandatory sentence of not less than 10 consecutive days of which 3 consecutive 24-hour periods shall be served in the county correctional facility and 7 consecutive 24-hour periods shall be served at the state-operated 7-day multiple DWI offender intervention detention center established under RSA 172-B:2-b within 21 days after conviction or at the end of the defendant's appeals period, except that in circumstances where the state-operated 7-day multiple DWI offender intervention detention center has no available space the person shall be assigned the first available space.

(4) The person's driver's license or privilege to drive shall be revoked for not less than 3 years.

(5) The person shall pay a fee to the commissioner, as established under RSA 126-A:43, for the costs of the state-operated, 7-day multiple DWI offender intervention detention center program.

(6) A defendant who fails to complete the program shall be in contempt of court and shall serve a minimum of 30 days in the county correctional facility.

(b) For a third offense, any person convicted under this paragraph shall be subject to all the penalties of subparagraph (a) except that:

(1) The person's driver's license or privilege to drive shall be revoked indefinitely and shall not be restored for at least 5 years. At the end of the 5-year minimum revocation period the person may petition the court for eligibility to reapply for a driver's license and the court, for good cause shown, may grant such eligibility subject to such terms and conditions as the court may prescribe. Any untimely petition under this subparagraph shall be dismissed without a hearing. If such petition is granted and the person is otherwise eligible for license restoration, the person may then apply to the director for restoration of driver's license, but the license shall not be restored until the provisions of RSA 265-A:2 and all other requirements under law are met.

(2) If the person has completed the state-operated 7-day multiple DWI offender intervention detention center program as required under subparagraph (a)(3) upon conviction for a prior offense, the person shall be sentenced to imprisonment for a period of not less than 30 consecutive 24-hour periods, and shall complete at the person's own expense a residential treatment program of at least 28 days duration or an intensive course of substance abuse treatment based upon a formal evaluation by a licensed alcohol and other drug counselor and approved by the department of health and human services before the driver's license may be restored.

(c) For a fourth or subsequent offense, any person convicted under this paragraph shall be subject to all the penalties of subparagraphs (a) and (b) except that the person's driver's license or privilege to drive shall be revoked indefinitely and the person shall not petition for eligibility to reapply for a driver's license as provided in subparagraph (b)(1) for at least 7 years.

(d) For a third or subsequent offense when any prior offense under this paragraph is negligent homicide under RSA 630:3, II, or reasonably equivalent offense in an out-of-state jurisdiction, the person convicted under this paragraph shall be subject to all the penalties of subparagraphs (a) and (b) except that the person's driver's license or privilege to drive shall be revoked indefinitely and the person shall not petition for eligibility to reapply for a driver's license as provided in subparagraph (b)(1) for at least 10 years.

III. If any person is convicted of a violation of RSA 265-A:2 or RSA 265-A:3, and the conviction is not based upon a complaint which alleges prior convictions, as provided in RSA 265-A:4, II but the person is found to have had one or more such prior convictions in this state or in an out-of-state jurisdiction within the 7-year period, the person's driver's license or privilege to drive shall be revoked for not less than 180 days nor more than 3 years. The license shall not be restored until the person has successfully completed a 7-day program at the state-operated multiple DWI offender intervention detention center program or an equivalent 7-day residential intervention program approved by the director of the office of alcohol and drug abuse prevention, as provided in RSA 172-B:2-b and RSA 265-A:22, at the person's own expense. The court may order attendance at a residential treatment center, for a period not to exceed 30 days, at the person's own expense.

IV. For the purposes of this section:

(a) "Revocation" or "revoked" means revocation as defined in RSA 259:90 and also includes, if the person is a nonresident, the revocation of the person's privilege as an out-of-state driver to drive on any ways of this state.

(b) "Out-of-state jurisdiction" includes any governmental entity that issues driver's licenses that are valid for operating a motor vehicle on the ways of this state as provided in RSA 263:37, and that has laws relating to driving while intoxicated that are reasonably equivalent to the laws of this state.

(c) "Successful completion" means meeting further counseling requirements, if any, arising out of the final evaluation given to the offender at the IDIP or the MOP or its equivalent; provided, however, that the offender shall have the right to a hearing before the commissioner or designee, who shall determine whether the further counseling requirements arising out of the final evaluation are warranted and appropriate, and whether the offender should be eligible for license restoration. The definition in this subparagraph shall also apply to RSA 265-A:22.

V. No portion of the minimum mandatory sentence of imprisonment and no portion of the mandatory sentence of the period of revocation and no portion of any fine imposed under this section shall be suspended or reduced by the court. No case brought to enforce this section shall be continued for sentencing for longer than 35 days. No person serving the minimum mandatory sentence under this section shall be discharged pursuant to authority granted under RSA 651:18, released pursuant to authority granted under RSA 651:19, or in any manner, except as provided in RSA 623:1, prevented from serving the full amount of such minimum mandatory sentence under any authority granted by RSA title LXII or any other provision of law.

VI. Upon conviction under the provisions of RSA 265-A:2 or RSA 265-A:3, the prosecutor shall present to the court a certified copy of the defendant's record of convictions of motor vehicle offenses under RSA title XXI and reasonably equivalent offenses in out-of-state jurisdictions which are on record at the New Hampshire division of motor vehicles or known to the prosecutor, or a signed statement that the defendant has no such prior convictions within the preceding 7 years. Prior to sentencing the court shall note on the complaint the number of prior convictions for drug or alcohol-related motor vehicle offenses, or the absence of any such prior convictions, as shown on such report or statement.

VII. Any conviction under RSA 265-A:2 or RSA 265-A:3 shall be reported to the commissioner of the department of safety, division of motor vehicles, and shall become a part of the motor vehicle driving record of the person convicted.

VIII. Any person convicted of a violation of RSA 265-A:2 or RSA 265-A:3, and who at the time of driving a vehicle or off highway recreational vehicle was transporting a person under the age of 16, shall have the driver's license or privilege to drive revoked for the maximum time period under the section violated and the person's license or privilege to drive shall not be restored until the offender has successfully completed a 7-day program at the state-operated multiple DWI offender program or an equivalent 7-day residential intervention program approved by the commissioner at the person's own expense.

265-A:5 Annulment; Plea Bargaining.

I. Notwithstanding the provisions of RSA 651:5, no court shall order an annulment of any record of conviction of driving or attempting to drive a vehicle upon any way while under the influence of intoxicating liquor or any controlled drug or while having an alcohol concentration of 0.08 or more or of aggravated drunken driving until 7 years after the date of conviction.

II. Notwithstanding any other provision of law to the contrary, in any case in which a person is arrested for and charged with the offense of driving or attempting to drive a vehicle on any way while under the influence of intoxicating liquor or drugs or while having an alcohol concentration of 0.08 or more and that charge is reduced from a second or subsequent offense to a first offense or in which the original charge is reduced to or in any manner substituted with another charge or a nolle prosequi entered in exchange for an agreement to plead guilty or nolo contendere to another charge, the prosecutor shall submit to the attorney general a written report describing such agreement. All such written reports shall be submitted to the attorney general on a monthly basis. The report shall contain such information as the attorney general shall prescribe; provided, however, that he or she shall not be subject to the provisions of RSA 541-A in prescribing such information. The report required by this paragraph shall be a public record and shall be available for public inspection as provided in RSA 91-A:4.

III. Notwithstanding any other provision of law to the contrary, if a person is arrested for driving or attempting to drive a motor vehicle upon any way while under the influence of intoxicating liquor or drugs or while having an alcohol concentration of 0.08 or more, no prosecutor shall enter into any agreement with such person or such person's attorney if such agreement would result in a charge that removed the case from consideration under any provision of this chapter. The provisions of this paragraph, however, shall not prevent the bringing of any charge under RSA 630:2 or RSA 630:3.

265-A:6 Arrest Without a Warrant. Notwithstanding any other statutory provision of law to the contrary, a law enforcement officer may, without a warrant, arrest any person involved in a traffic accident when the officer has probable cause to believe that such person has committed an offense, an element of which is driving under the influence of intoxicating liquors, controlled drugs or both. Notwithstanding any statutory provision of law to the contrary, a law enforcement officer may make such an arrest in such officer's own jurisdiction or on the property of any medical facility in another jurisdiction in this state where the person or others are taken for treatment for injuries suffered in such traffic accident.

Impairment Testing; Methods and Evidentiary Analysis

265-A:7 Official Records of Tests.

I. Any person who is arraigned on a charge arising under RSA 265-A:9 shall file notice in said court, within 30 days immediately following the receipt by the person of the results of any alcohol concentration test administered to such person, requiring the attendance of the certifying scientist. Failure to file notice shall be deemed a waiver to require attendance of the certifying scientist at the trial. The official report of the test issued pursuant to RSA 265-A:9 shall be deemed conclusive evidence of the conduct and result of said test.

II. A copy of the preventive maintenance check form filled out by the forensic breath testing supervisor who performed the last preventive maintenance check on the breath testing machine in question prior to the time of the test at issue shall be admissible evidence of the performance and successful completion of such check. Such check shall have been performed according to the schedule required in the rules adopted by the commissioner of the department of health and human services.

III. The successful completion of the external standard reference check shall be admissible evidence that the instrument was properly calibrated at the time of the test. The external standard reference check shall be performed according to the schedule required in rules adopted by the commissioner of the department of health and human services pursuant to RSA 541-A.

IV. A copy of the appropriate form filled out and signed by the person who took the sample for the alcohol concentration test in question shall be admissible evidence that the sample was taken by such person at the stated time on the stated date according to the procedures prescribed in the rules adopted by the commissioner of the department of health and human services pursuant to RSA 265-A:10, V.

V. Any person who is arraigned on a charge arising under RSA 265-A:40, 265-A:2 or 265-A:3 shall file, within 10 days of such person's receipt of the results of any toxicology test administered to such person for the presence of any controlled drug, a notice in said court requiring the attendance of the certifying scientist. Failure to file notice shall be deemed a waiver to require attendance of the certifying scientist at trial. The official report of the test issued pursuant to RSA 265-A:9 shall be deemed conclusive evidence of the conduct of the result of such test.

265-A:8 Preliminary Breath Test.

I. Any police officer, who has been certified by the police standards and training council according to standards for such certification contained in rules adopted by said council pursuant to RSA 541-A, having reasonable grounds to believe that a person has been driving or operating a vehicle on a way while under the influence of intoxicating liquor or controlled drug or while the person's alcohol concentration was 0.08 or more may, without making an arrest, request that such person submit to a preliminary breath test for alcohol concentration to be administered by the officer. The results of this test shall not be admissible in evidence by the prosecution, and failure to submit to the test shall not constitute a violation of this chapter. Nothing contained in this section shall be construed to prevent or require a subsequent test pursuant to RSA 265-A:9. The police officer requesting the test shall advise orally and in writing the person to be tested that his or her failure to take the test or his or her taking of the test shall not be construed to prevent or require a subsequent test pursuant to RSA 265-A:9. The results of the test shall be furnished immediately in writing to the person tested by the police officer administering the test.

II. No device may be used to give a chemical test under the provisions of this section unless it has been approved as to type and make by the department of health and human services.

III. The commissioner of the department of health and human services shall adopt rules, pursuant to RSA 541-A, relative to methods and procedures for evaluation and approval of preliminary breath test devices.

265-A:9 Implied Consent of Driver of Motor Vehicle to Submit to Testing to Determine Alcohol Concentration. Any person who drives a vehicle upon the ways of this state shall be deemed to have given consent to physical tests and examinations for the purpose of determining whether such person is under the influence of intoxicating liquor or controlled drugs, and to a chemical, infrared molecular absorption or gas chromatograph test or tests of any or all of any combination of the following: blood, urine, or breath, for the purpose of determining the controlled drug content of such person's blood or alcohol concentration if arrested for any offense arising out of acts alleged to have been committed while the person was driving or in actual physical control of a vehicle while

under the influence of intoxicating liquor or controlled drugs or while having an alcohol concentration of 0.08 or more, or in the case of a person under the age of 21, 0.02 or more. The test or tests shall be administered at the direction of a law enforcement officer having reasonable grounds to believe the person to have been driving or in actual physical control of a vehicle upon the ways of this state while under the influence of intoxicating liquor or controlled drugs or while having an alcohol concentration of 0.08 or more, or in the case of a person under the age of 21, 0.02 or more. A copy of the report of any such test shall be furnished by the law enforcement agency to the person tested within 48 hours of receipt of the report by the agency by certified mail directed to the address shown on such person's license or other identification furnished by the person. Results of a test of the breath shall be furnished immediately in writing to the person tested by the certified breath testing operator conducting the test. When the incident involves an accident resulting in death or serious bodily injury to any person as provided in RSA 265-A:19, the prerequisites of RSA 265-A:13 shall not apply.

265-A:10 Administration of Alcohol Concentration Tests.

I. Only a duly licensed physician, registered nurse, certified physician's assistant, or qualified medical technician or medical technologist acting at the request of a law enforcement officer may withdraw blood for the purpose of a test required by RSA 265-A:9. Such licensed physician, registered nurse, physician's assistant, or qualified medical technician or medical technologist shall not be liable for damages or otherwise to the person from whom blood is withdrawn for any act performed in connection with such withdrawal provided the physician, registered nurse, physician's assistant, or qualified medical technician or medical technologist acts with ordinary care.

II. All such blood and urine tests made under the direction of a law enforcement officer shall be conducted in the laboratory of the department of health and human services or, in the case of blood and urine samples to be tested for the presence of controlled drugs, in any other laboratory capable of conducting such tests which is licensed under the laws of this or any other state and which has also been licensed by the U.S. Department of Health and Human Services under the Clinical Laboratory Improvement Act of 1988, as amended.

III. The successful completion of the external standard reference check shall be admissible evidence that the instrument was properly calibrated at the time of the test. The external standard reference check shall be performed according to the schedule required in rules adopted by the commissioner of the department of health and human services pursuant to RSA 541-A.

IV. No tests of blood, urine or breath authorized by RSA 265-A:9 shall be considered as evidence in any proceeding before any administrative officer or court unless such test is performed in accordance with methods prescribed by the commissioner of the department of health and human services.

V. The commissioner of the department of health and human services shall adopt rules pursuant to RSA 541-A relative to:

- (a) Methods and procedures for the testing of blood, urine, and breath to determine alcohol concentration and controlled drug content of a person's blood;
- (b) Techniques or methods for ascertaining the qualifications and competence of individuals to conduct such tests;
- (c) Methods and procedures for the delivery and processing of samples of such tests;
- (d) Forms relative to taking samples for alcohol concentration tests for admission as evidence pursuant to RSA 265-A:7, IV;
- (e) Procedures for certification of any laboratory that conducts tests pursuant to RSA 265-A:12; and
- (f) Such other matters as are required to carry out the provisions of this chapter relative to alcohol concentration tests.

265-A:11 Administration of Physical Tests. No post-arrest physical test or examination authorized by RSA 265-A:9 shall be considered as evidence in any proceeding before any administrative officer or court unless such test or examination is performed by a law enforcement officer who has been trained in the administration of such physical tests and examinations by a law enforcement agency or in a training program approved by the police standards and training council.

265-A:12 Additional Tests. Any person to whom RSA 265-A:9 is applicable shall have the right at his or her own expense to have similar tests made by a person of his or her own choosing who is competent to conduct the tests, as determined by the commissioner of the department of health

and human services under RSA 265-A:10, and shall be so informed by the law enforcement officer at the same time as the person is requested to permit a test under the provisions of RSA 265-A:9. The failure or inability of an arrested person to obtain an additional test shall not preclude the admission of any test taken at the direction of a law enforcement officer. Nothing herein shall require the release from custody of the arrested person for the purpose of having such additional test made. For the purpose of this section:

I. The sample of blood taken pursuant to RSA 265-A:9 shall be of sufficient quantity to allow 2 tests; and the testing laboratory shall retain for a period of 30 days subsequent to the test conducted pursuant to RSA 265-A:9 a quantity of said sample sufficient for another test, which quantity shall be made available to the respondent or counsel upon request.

II. The sample or samples of breath taken pursuant to RSA 265-A:9 shall be captured in an appropriate medium approved by the commissioner of the department of health and human services pursuant to RSA 265-A:10, V, and shall be sufficient to allow an equivalent additional test for each breath sample taken pursuant to 265-A:9. The captured sample or samples shall be given to the respondent in a manner determined by the commissioner of the department of health and human services.

265-A:13 Prerequisites to Tests.

I. Before any test of a person's blood, urine, or breath specified in RSA 265-A:9 is given, the law enforcement officer shall:

- (a) Inform the arrested person of his right to have a similar test or tests made by a person of his or her own choosing;
- (b) Afford the person an opportunity to request such additional test; and
- (c) Inform the person of the consequences of a refusal to permit a test at the direction of the law enforcement officer.

II. Before any post-arrest physical test specified in RSA 265-A:9 is given, the law enforcement officer shall inform the defendant of the consequences of the defendant's refusal to comply with the law enforcement officer's instructions for a post-arrest physical test.

III. If the law enforcement officer fails to comply with the provisions of this section, the test shall be inadmissible as evidence in any proceeding before any administrative officer and court of this state.

265-A:14 Effect of Evidence of Alcohol Concentration Test. The provisions of this subdivision do not limit the introduction of any other competent evidence bearing on the question of whether a person charged with the violation of RSA 265-A:2, I(a), or RSA 265-A:3, I, was under the influence of intoxicating liquor or any controlled drug.

265-A:15 Refusal of Consent.

I. If a person under arrest for any violation or misdemeanor under RSA 265-A refuses upon the request of a law enforcement officer to submit to physical tests or to a test of blood, urine, or breath designated by the law enforcement officer as provided in RSA 265-A:9, none shall be given, but:

(a) If this is the first refusal with no prior driving while intoxicated or aggravated driving while intoxicated convictions:

(1) The director shall suspend the person's license to drive or nonresident driving privilege for a period of 180 days; or

(2) If the person is a resident without a license or permit to drive a motor vehicle in this state, the director shall deny to the person the privilege to drive and the issuance of a license for a period of 180 days after the date of the alleged violation.

(b) If the person has a prior driving while intoxicated or aggravated driving while intoxicated conviction or a prior refusal of consent under this section:

(1) The director shall suspend the person's license to drive or nonresident driving privilege for a period of 2 years; or

(2) If the person is a resident without a license or permit to drive a motor vehicle in this state, the director shall deny to the person the privilege to drive and the issuance of a license for a period of 2 years after the date of the alleged violation.

II. The 180-day or 2-year suspension period or denial of issuance period imposed pursuant to this section shall not run concurrently with any other penalty imposed under the provision of this title. Any such suspension or denial of a license or privilege to drive shall be imposed in addition to any other penalty provided by law, subject to review as provided in RSA 265-A:26.

III. A refusal of consent for both post-arrest physical testing and testing of blood, urine or breath following any one arrest shall be deemed one refusal for the purposes of this section.

265-A:16 Effect of Evidence of Refusal to Take Alcohol Concentration Test. If a person refuses to submit to a test as provided in RSA 265-A:9, such refusal may be admissible into evidence in a civil or criminal action or proceeding arising out of an act alleged to have been committed by that person while driving or attempting to drive a motor vehicle while under the influence of intoxicating liquor or any controlled drug.

265-A:17 Evidence. Upon complaint, information, indictment, or trial of any person charged with the violation of RSA 265-A:2 or RSA 265-A:3, the court may admit evidence of physical testing of the defendant for being under the influence of intoxicating liquor or controlled drugs as provided in RSA 265-A:9, and of the controlled drug content of the defendant's blood and the defendant's alcohol concentration, as shown by a test of the person's breath, blood, or urine as provided in RSA 265-A:9. Evidence that there was, at the time alleged, an alcohol concentration of 0.03 or less is prima facie evidence that the defendant was not under the influence of intoxicating liquor. Evidence that there was, at the time alleged, an alcohol concentration of more than 0.03 and less than 0.08 is relevant evidence but is not to be given prima facie effect in indicating whether or not the defendant was under the influence of intoxicating liquor, but such fact may be considered with other competent evidence in determining the guilt or innocence of the defendant. Evidence that there was, at the time alleged, an alcohol concentration of 0.08 or more is prima facie evidence that the defendant was under the influence of intoxicating liquor. In addition, evidence that there was, at the time alleged, an alcohol concentration of 0.08 or more shall, in conjunction with the evidence otherwise required by RSA 265-A:2, I(b) of driving or attempting to drive a vehicle upon a way, constitute a separate offense under RSA 265-A:2, I(b); and evidence that there was, at the time alleged, an alcohol concentration of 0.08 or more shall, in conjunction with the evidence otherwise required by RSA 265-A:3, II of driving or attempting to drive a vehicle upon a way and of one or more of the circumstances specified in RSA 265-A:3, II (a), (b), and (c) constitute a separate offense under RSA 265-A:3, II; and evidence that there was, at the time alleged, an alcohol concentration of 0.16 or more shall, in conjunction with the evidence otherwise required by RSA 265-A:3, III of driving or attempting to drive a vehicle upon a way, constitute a separate offense under RSA 265-A:5, III.

265-A:18 Incapacity to Give Consent. Any person who is dead, unconscious, or who is otherwise in a condition rendering the person incapable of refusing shall be deemed not to have withdrawn the consent provided by RSA 265-A:9 and the test or tests may be administered. The provisions of RSA 265-A:13 shall not apply to persons incapable of giving consent as provided for in this section.

265-A:19 Blood Testing of Certain Motor Vehicle Fatalities. When a collision results in death or serious bodily injury to any person, all drivers involved, whether living or deceased, and all deceased vehicle occupants and pedestrians involved shall be tested for evidence of alcohol or controlled drugs. A law enforcement officer shall request a licensed physician, registered nurse, certified physician's assistant, or qualified medical technician or medical technologist to withdraw blood from each driver involved if living and from the body of each deceased driver, deceased occupant or deceased pedestrian, in accordance with RSA 611:6, II, for the purpose of testing for evidence of alcohol content or controlled drugs; provided that in the case of a living driver the officer has probable cause to believe that the driver caused the collision. All tests made under this section shall be conducted by the department of health and human services or in any other laboratory capable of conducting such tests which is licensed under the laws of this or any other state and which has also been licensed by the U.S. Department of Health and Human Services under the Clinical Laboratory Improvement Act of 1988, as amended. A copy of the report of any such test shall be kept on file by the medical examiner. The filed report is not a public record under RSA 91-A. However, the report shall be made available to the following:

1. Any highway safety agency for use in compiling statistics to evaluate the effectiveness of its program; and

- II. Any person, including his or her legal representative, who is or may be involved in a civil, criminal, or administrative action or proceeding arising out of an accident in connection with which the test was performed.

Revocation for Reckless Driving or Driving While Under
Influence of Alcohol or Drugs; Procedure; Restoration.

265-A:20. Revocation for Reckless Driving or Driving While Under Influence of Alcohol or Drugs. Upon a conviction of a violation of RSA 265-A:34, RSA 265-A:2 or RSA 265-A:3, the court shall report to the department and shall immediately revoke the license or driving privilege of the person so convicted, or the right of a nonresident so convicted to drive within the state of New Hampshire; and said court in the case of holders of New Hampshire licenses shall return such license with its findings marked thereon, together with the court return, to the department; and the department may revoke the license of any person who shall be convicted of a similar offense by a court of any other state in a criminal proceeding, or who shall be found to have committed a similar act by a court of any other state in a civil proceeding.

265-A:21 Payment of All Obligations Prior to Restoration. The director of motor vehicles shall not restore a person's license or privilege to drive, if it was revoked pursuant to RSA 265-A:40; RSA 265-A:2; RSA 265-A:3; RSA 263:14-a; RSA 630:2; or RSA 630:3, or if the revocation was connected with an alcohol related or drug related offense, until all obligations of such person resulting from the arrest and conviction for the offense are met. For the purposes of this section, the word "obligations" shall mean fines and penalty assessments, court-ordered restitution or reimbursement to any person injured as a result of the offense, successful completion of all treatment and rehabilitation programs the person is required to take, full payment of all fees for such programs, and any other costs which may be ordered by the court. The word "obligations" shall not mean completion of probation or parole or completion of a condition of probation or parole. In any case where the court orders periodic payment of fines, penalty assessments, restitution or reimbursement, the obligations of such person shall be deemed to have been met if such person is current in all such court-ordered payments.

265-A:22 Attendance at Impaired Driver Intervention Program Required.

I. The director shall not restore the license or driving privilege of any person whose license or privilege has been revoked or suspended pursuant to RSA 265-A:2 or RSA 265-A:3 until such person has furnished proof of successful completion of an impaired driver intervention program which is:

(a) Approved by the commissioner of the department of health and human services and the commissioner of safety pursuant to RSA 172-B:2-a and RSA 172-B:2-b; or

(b) Approved by the court, in the case of a person who is not a resident of this state.

II. For the purposes of this section, "successful completion" means meeting further counseling requirements, if any, arising out of the final evaluation given to the offender at the IDIP or the MOP or its equivalent; provided, however, that the offender shall have the right to a hearing before the commissioner or designee, who shall determine whether the further counseling requirements arising out of the final evaluation are warranted and appropriate, and whether the offender should be eligible for license restoration.

III. Successful completion shall also include payment of all assessed IDIP, MOP, and equivalent program fees. Failure of the offender to make full payment of the assessed fee may also result in petition for contempt of court charges against the offender.

IV.(a) Upon enrolling in an impaired driver intervention program, a person shall provide to the program an original certified copy of the person's driver's license record. Such record shall be secured from the division of motor vehicles, or from the state in which the person holds a driver's license, if an out-of-state resident. The person shall pay for all costs involved in securing the certified copy.

(b) In the case of enrollment in the state-operated 7-day multiple DWI offender intervention detention center, a person shall provide such certified copy at the time of enrollment or prior to the issuance of a report under RSA 172-B:2-b, III and RSA 265-A:4, V.

265-A:23 Driving After Revocation or Suspension.

I. No person shall drive a motor vehicle in this state after the director or the justice of any court in this state, or competent authority in the out-of-state jurisdiction where the license was issued has suspended or revoked such person's license to drive or after such person's driving privilege has been so suspended or revoked.

II. A person who drives a motor vehicle in this state after such person's license or driving privilege has been suspended or revoked shall be guilty of violating this section regardless of whether such person has a license on the effective date of such suspension or revocation. Evidence

that the notice of suspension or revocation was sent to the person's last known address as shown on the records of the division shall be prima facie evidence that the person was notified of the suspension or revocation.

III. A person who obtains or possesses an out-of-state license after such person's New Hampshire license or driving privilege has been revoked does not revive his or her driving privilege by having such out-of-state license, and such person shall be guilty of violating this section if he or she drives in the state while his or her New Hampshire license or driving privilege is suspended or revoked.

IV. Any person who violates this section by driving a motor vehicle in this state during the period of suspension or revocation of his or her license or driving privilege for a violation of RSA 265-A:34 shall be guilty of a misdemeanor. Any person who violates this section by driving a motor vehicle or by operating an OHRV in this state during the period of suspension or revocation of his or her license or driving privilege for a violation of RSA 265-A:2, RSA 265-A:3, or RSA 630:3, II shall be guilty of a misdemeanor and shall be sentenced to imprisonment for a period not less than 7 consecutive 24-hour periods to be served within 6 months of the conviction, shall be fined not more than \$1,000, and shall have his or her license or privilege revoked for an additional year. No portion of the minimum mandatory sentence of imprisonment shall be suspended by the court. No case brought to enforce this paragraph shall be continued for sentencing for longer than 35 days. No person serving the minimum mandatory sentence under this paragraph shall be discharged pursuant to authority granted under RSA 651:18, released pursuant to authority granted under RSA 651:19, or in any manner, except as provided in RSA 623:1, prevented from serving the full amount of such minimum mandatory sentence under any authority granted by title LXII or any other provision of law.

V. Notwithstanding the definition of "revocation" in RSA 259:90 and the definition of "suspension" in RSA 259:107, the phrase "period of suspension or revocation" as used in paragraph IV and for purposes of paragraph IV only shall mean only suspension or revocation imposed by a court of competent jurisdiction.

VI.(a) Except as provided in subparagraph (b), any person who drives a motor vehicle in this state during the period of suspension or revocation of his or her license or driving privilege and is involved in a collision resulting in death or serious bodily injury, as defined in RSA 625:11, VI, to any person, shall be guilty of a class B felony, where such person's unlawful operation of the motor vehicle caused or materially contributed to the collision. Evidence that the driver violated any of the rules of the road shall be prima facie evidence that the driver caused or materially contributed to the collision.

(b) A person violating this section whose license or driving privilege has been suspended pursuant to the provisions of RSA 263:14 only shall be guilty of a misdemeanor.

VII. Any person who violates the provisions of this section shall be guilty of a misdemeanor upon conviction based upon a complaint which alleged that the person has had one or more prior convictions for driving after revocation or suspension in this state within the 7 years preceding the date of the second or subsequent offense.

VIII. Except as provided in paragraphs IV, VI, and VII, any person who violates the provisions of this section shall be guilty of a violation.

265-A:24 Period of License Suspension. Where a license or driving privilege has been suspended under RSA 265-A:18 and the person is also convicted on criminal charges arising out of the same event both the suspension and the court ordered revocation shall be imposed but the total period of suspension and revocation shall not exceed the longer of the 2 periods; provided, however, that any suspension for refusing to submit to a test under the provisions of RSA 265-A:15 shall not run concurrently with any other penalty imposed under the provisions of this title.

265-A:25 Administrative License Suspension.

I. If any person refuses a test as provided in RSA 265-A:15 or submits to a test described in RSA 265-A:9 which discloses an alcohol concentration of 0.08 or more or, in the case of a person under the age of 21, 0.02 or more, the law enforcement officer shall submit a sworn report to the department. In the report the officer shall certify that the test was requested pursuant to RSA 265-A:9 and that the person refused to submit to testing or submitted to a test which disclosed an alcohol concentration of 0.08 or more, or, in the case of a person under the age of 21, 0.02 or more.

II. Upon receipt of the sworn report of a law enforcement officer submitted under paragraph I, the department shall suspend the person's driver's license or privilege to drive as follows:

(a) In the case of a refusal to take a test described in RSA 265-A:9, the suspension shall be for the period specified in RSA 265-A:15.

(b) In the case of a person who submits to a test described in RSA 265-A:9 which discloses an alcohol concentration of 0.08 or more or, in the case of a person under the age of 21, 0.02 or more, the suspension shall be for:

(1) Six months if there is no prior refusal under RSA 265-A:15, no prior driving while intoxicated or aggravated driving while intoxicated convictions, and no prior administrative license suspension pursuant to this section.

(2) Two years if there is a prior refusal under RSA 265-A:15, or a prior driving while intoxicated or aggravated driving while intoxicated conviction, or a prior administrative suspension pursuant to this section.

III. On behalf of the department, the law enforcement officer submitting the sworn report under paragraph I shall serve immediate notice of suspension on the person, and the suspension shall be effective 30 days after the date of service. If the person has a valid New Hampshire driver's license, an officer shall take the driver's license of the person, and issue a temporary license valid for the notice period. The officer shall send the license to the department along with the sworn report under paragraph I.

IV. If the person submits to a test described in RSA 265-A:9 and the results of the test are not immediately available and therefore no notice has been served by the law enforcement officer, the department shall mail such notice and the suspension shall be effective 30 days after the date of service. If the address shown in the law enforcement officer's report differs from that shown on the department records, the notice shall be mailed to both addresses. The notice shall be presumed to have been served 3 days after mailing. Upon receipt of the notice of suspension and before requesting any review or hearing under RSA 265-A:26, if the person has a New Hampshire driver's license that has not been surrendered, the person shall surrender such person's license at a place designated by the department and shall be issued a temporary driving permit valid for the notice period.

V. In the case of a person who has a driver's license from another jurisdiction, all provisions of this subdivision shall apply except that surrender of the out-of-state driver's license and issuance of a temporary driving permit shall not be required. The department shall transmit a copy of the suspension order to the motor vehicle authorities in the jurisdiction where the person's license was issued, and also in the jurisdiction of the person's residence if different from that where the license was issued.

265-A:26 Administrative Review and Hearings.

I.(a) Any person whose license is suspended or revoked under this chapter or RSA 263:96 may request either an administrative review or a hearing. The request shall be in writing and shall state the grounds upon which the person seeks to have the order of suspension or revocation rescinded, which grounds shall be limited to those provided in paragraph II. The filing of the request shall not stay the suspension or revocation. A request for either administrative review or hearing received by the department after 30 days from the date the notice is issued shall be denied as untimely.

(b) If the request is for an administrative review, the request may be accompanied by any statement or other evidence which the person wants the department to consider. Upon receiving the request the department shall review the order, the evidence upon which it is based, including whether the person was driving or in actual physical control of a motor vehicle, and any other information brought to the attention of the department, and shall determine whether sufficient cause exists to sustain the order.

(c) If the request is for a hearing, the request shall also indicate whether or not the person desires to have the law enforcement officer present. The hearing shall be held within 20 days after the filing of the request unless the person requests a continuance. A request for a continuance by the person shall not stay the order of suspension or revocation. The hearing shall be recorded, and be conducted by the department's designated agent. The hearing may be conducted upon a review of the law enforcement officer's report if there is no request to have the officer present. If there is a request that the law enforcement officer be present at the hearing and the officer fails to appear without good cause shown, the case shall be dismissed and the order rescinded. If the person requesting the hearing fails to appear without good cause shown, the right to a hearing shall be waived and the order sustained.

II. The scope of the administrative review or hearing shall be limited to the issues of:

(a) Whether the officer had reasonable grounds to believe the arrested person had been driving or was in actual physical control of a vehicle upon the ways of this state while under the influence of intoxicating liquor, narcotics or drugs;

(b) The facts upon which the reasonable grounds to believe such are based;

(c) Whether the person had been arrested;

(d) Whether the person has refused to submit to the test upon the request of the law enforcement officer or whether a properly administered test or tests disclosed an alcohol concentration of 0.08 or more, or, in the case of a person under 21 years of age, 0.02 or more;

(e) Whether the officer informed the arrested person of his or her right to have a similar test or tests conducted by a person of his own choosing; and

(f) Whether the officer informed the arrested person of the fact that refusal to permit the test would result in suspension of his or her license or driving privilege and that testing above the alcohol concentration level specified in RSA 265-A:25 would also result in suspension.

III. In the case of either an administrative review or a hearing, the hearing examiner shall issue his or her recommendation on the order of suspension or revocation within 15 days of the request for administrative review or the hearing date. The recommendation shall be in writing and a copy shall be provided to the parties. The recommendation shall be final unless a review or appeal is filed under RSA 265-A:28 or RSA 265-A:29.

265-A:27 Appeal; Administrative License Suspension.

I. If the suspension is sustained after a hearing as provided in RSA 265-A:26, a person shall have the right to file a petition in the superior court in the county in which he or she was arrested to review the final order by the director or authorized agent within 30 days of the date of the final order. Jurisdiction to hear such appeals is vested in the superior court.

II. At the earliest practical time, the court shall review the record as developed before the director or authorized agent, together with any written legal argument presented to the court. Based on that review, the court may affirm or reverse the decision of the director or agent or order that oral argument be held. As justice may require, the court may remand the case to the director or authorized agent for further findings or rulings. In no event shall the oral argument be held less than 14 days after notice has been provided to the director. The petition for appeal shall set forth all the grounds upon which the final order is sought to be overturned. Issues not raised by the appellant before the director or agent shall not be raised before the superior court. The burden of proof shall be upon the appellant to show that the decision of the director or agent was clearly unreasonable or unlawful, and all findings of the director or agent upon all questions of fact properly before him or her shall be deemed to be prima facie lawful and reasonable. The order or decision appealed from shall not be set aside or vacated except for errors of law, unless the court is satisfied, by a clear preponderance of the evidence before it, that the order is unjust or unreasonable.

III. No new or additional evidence shall be introduced in the superior court, but the case shall be determined upon the record and evidence transferred, except that in any case, if it shall be necessary in order that no party shall be deprived of any constitutional right, or if the court shall be of the opinion that justice requires the reception of evidence of facts which have occurred since the hearing, or which by reason of accident, mistake, or misfortune could not have been offered before the director or authorized agent, it shall remand the case to the director or authorized agent to receive and consider such additional evidence.

265-A:28 Review. Within 10 days following the examiner's ruling, a person whose license has been suspended or revoked, or the law enforcement officer, may petition the director for a review of the ruling. The filing of the petition shall not stay a suspension or revocation of the person's driver's license or privilege to drive if imposed, or the restoration of the person's driver's license or privilege to drive. The review shall determine whether the ruling is erroneous as a matter of law or cannot be sustained by the facts as presented at the hearing. After a review of the ruling, the director shall issue within 10 days a finding either affirming the ruling or granting a new hearing. Any grant of a new hearing shall be accompanied by a written explanation setting forth the specific error of law or the reason why the ruling cannot be sustained by the facts.

265-A:29 Appeal. Any person aggrieved by a decision of the department under this section, after the administrative hearing or review, may appeal the decision as provided in RSA 265-A:27. The court shall have the full authority to determine whether any license suspension or revocation should be stayed during the pendency of the appeal.

265-A:30 Revocation of License for Driving While Intoxicated and Appeal. Whenever any person convicted of a violation of RSA 265-A:2 or 265-A:3 appeals, the municipal or district court shall forthwith revoke the license or driving privilege of such person and, in case of a holder of a New Hampshire license, shall return such license together with the court return to the department which shall not reissue any license until the period of revocation determined by the court has elapsed.

265-A:31 Not Guilty Finding; Return of License. Any person whose license was revoked under the provisions of RSA 265-A:30 who appeals and is not found guilty shall have any previously held license returned. No additional fee requirements shall be imposed in connection with such license restoration.

265-A:32 Application to Boats.

I. No person shall operate or attempt to operate a boat while under the influence of intoxicating liquor or a controlled drug or any combination of intoxicating liquor and a controlled drug.

II. Any person convicted of a violation of

(a) This section; or

(b) RSA 630:2 or 3, or RSA 631:1, 2, 2-a, or 3 when the offense was committed by means of his or her operation of a boat shall not operate a boat on the waters of this state for a period of one year from the date of his or her conviction, whether or not such conviction is appealed. Any person operating a boat during such a period is guilty of a misdemeanor.

III. Any person convicted of a violation of this section who at the time of the violation was transporting a person under the age of 16 shall not operate a boat on the waters of this state until the offender has successfully completed a 7-day program at the state operated multiple DWI offender program or an equivalent 7-day residential intervention program approved by the commissioner of the department of health and human services at the person's own expense. Any person operating a boat in violation of this paragraph is guilty of a misdemeanor.

IV. Upon complaint, information, indictment or trial of any person charged with a violation of this section, the court may admit evidence of the defendant's alcohol concentration at the time alleged, as shown by a chemical, infrared molecular absorption or gas chromatograph test or tests of his breath, urine or blood.

V. Any conviction under this section shall be reported to the commissioner of the department of safety, division of motor vehicles, and shall become a part of the motor vehicle driving record of the person convicted.

VI. Any person who is convicted of a violation of paragraphs I-III of this section shall be subject to the same penalties as a person convicted of a violation of RSA 265-A:2 as specified in RSA 265-A:4.

VII. Any person who is convicted of a violation of RSA 265-A:2 or RSA 265-A:3 shall lose the privilege to operate a motorboat on the waters of this state for a period of one year from the date of conviction.

265-A:33 Application to OHRVs.

I. No person shall drive, operate or attempt to operate an OHRV:

(a) While he or she is under the influence of intoxicating liquor or any controlled drug or any combination of intoxicating liquor and controlled drugs; or

(b) While the person has an alcohol concentration of 0.08 or more or, in the case of a person under the age of 21, 0.02 or more.

II. A person shall be guilty of aggravated driving while intoxicated if such person drives, operates, or attempts to operate an OHRV:

(a) While under the influence of intoxicating liquor or any controlled drug or any combination of intoxicating liquor and controlled drug and, at the time alleged:

(1) Causes an OHRV collision resulting in serious bodily injury, as defined in RSA 625:11, VI, to the person or another; or

(2) Attempts to elude pursuit by a law enforcement officer by increasing speed, extinguishing headlamps while still in motion, or abandoning the OHRV while being pursued;

(b) While having an alcohol concentration of 0.08 or more and, at the time alleged:

(1) Causes an OHRV collision resulting in serious bodily injury, as defined in RSA 625:11, VI, to the person or another; or

(2) Attempts to elude pursuit by a law enforcement officer by increasing speed, extinguishing headlamps while still in motion, or abandoning the OHRV while being pursued;

(c) While having an alcohol concentration of 0.16 or more.

III. Upon complaint, information, indictment or trial of any person charged with a violation of this section, the court may admit evidence obtained under RSA 265-A:9 of the amount of drugs in the defendant's blood or the defendant's alcohol concentration as defined in RSA 265-A:1 at the time alleged, as shown by chemical, infrared molecular absorption or gas chromatograph test or tests of his breath, urine, or blood.

IV.(a) Any person who is convicted of a violation of paragraph I shall be subject to the same penalties as a person convicted of a violation of RSA 265-A:2 as specified in RSA 265-A:4.

(b) Any person who is convicted of a violation of paragraph II shall be subject to the same penalties as a person convicted of a violation of RSA 265-A:3 as specified in RSA 265-A:4.

Related Driving Offenses Involving Drugs or Alcohol

265-A:34 Reckless Driving; Minimum Penalty. Whoever upon any way drives a vehicle recklessly, or so that the lives or safety of the public shall be endangered, or upon a bet, wager, or race, or who drives a vehicle for the purpose of making a record, and thereby violates any of the provisions of this title or any rules adopted by the director, shall be, notwithstanding the provisions of title LXII, fined not less than \$250 nor more than \$500 and his or her license shall be revoked for a period of 60 days for the first offense and from 60 days to one year for the second offense.

265-A:35 Suspension of License; Recognizance Required on Appeal. Whenever any person convicted of a violation of RSA 265-A:34 appeals, the municipal or district court or justice shall order the person appealing to recognize in the sum of \$100, with sufficient sureties, to keep the peace and be of good behavior until such appeal has been finally disposed of. If the person appealing fails to recognize in said sum, the municipal or district court or justice shall forthwith suspend the license of such person. If during such appeal period, such person is convicted of another violation of RSA 265-A:34 unrelated to the prior conviction, the municipal or district court or the justice shall, upon receiving notice of such conviction, immediately suspend the license of such person, shall declare the recognizance forfeited, and shall request the county attorney to cause proceedings to be had immediately for the recovery of such forfeiture, such proceedings to be subject to the provisions of RSA 597:33, 34, 35, 36 and 38. Upon suspension of the license of such person either upon failure to recognize after conviction or during the appeal period as hereinabove provided, in case of holders of New Hampshire licenses, the municipal or district court or justice shall return such licenses together with the court return to the department which shall not reissue said license until such person is acquitted. If the person so appealing is convicted, and has had his or her license suspended during the appeal period for failure to recognize in the required sum, the period of suspension shall be computed from the date of the initial conviction. If the person so appealing is convicted and has not had his or her license suspended because he or she has recognized in the required sum, or has had his or her license suspended because of a second conviction during the appeal period, the period of suspension shall commence upon the date of his or her final conviction upon such appeal.

265-A:36 Recognizance When Appealing Out of State Conviction. Whenever any person convicted in another state of the type of violation cited in RSA 265-A:34 appeals, the person appealing may recognize in this state in the sum of \$100, with sufficient sureties to keep the peace and be of good behavior until such appeal has been finally disposed of. Such sum shall be paid to the department and no suspension of his or her New Hampshire driver's license shall occur while the appeal of the out of state conviction is pending.

265-A:37 Prohibition on Issuance of New License. No new license or certificate shall be issued by the department to any person convicted of a violation of RSA 265-A:34 until after 60 days from the date of final conviction.

265-A:38 License Restored Upon Expiration of Revocation Period. Whenever any court revokes or suspends a license pursuant to RSA 265-A:34 for a stated period of time, the department shall restore said license immediately upon the expiration of the period of revocation or suspension ordered by the court provided that:

I. Any required application and fee have been submitted; and

II. No other suspension or revocation of such license, pursuant to RSA 264:2, I(e) or any other provision of this title, is still in effect.

265-A:39 License Restored Upon Proof of Financial Responsibility. Notwithstanding the provisions of RSA 265-A:38, the director shall not restore a license or driving privilege to a person whose license or driving privileges have been revoked pursuant to RSA 265-A:3 until such person has furnished proof of financial responsibility as required by other provisions of the law.

265-A:40 Possession of Drugs. Any person who drives on any way a vehicle while knowingly having in his or her possession or in any part of the vehicle a controlled drug or controlled drug analog in violation of the provisions of RSA 318-B shall be guilty of a misdemeanor, and his or her license shall be revoked or his or her right to drive denied for a period of 60 days and at the discretion of the court for a period not to exceed 2 years.

265-A:41 Transporting Alcoholic Beverages.

I. The words "liquor" and "beverage" as used in this section shall have the same meanings as defined in RSA 175:1.

II. Except as provided in paragraph V, no driver shall transport, carry, possess or have any liquor or beverage within the passenger area of any motor vehicle upon any way in this state except in the original container and with the seal unbroken. Securely capped partially filled containers of liquor or beverages shall be stored and transported in the trunk of the motor vehicle. If the motor vehicle does not have a trunk, such containers shall be stored and transported in that compartment or area of the vehicle which is the least accessible to the driver.

III. Except as provided in paragraph V, no passenger shall carry, possess or have any liquor or beverage within any passenger area of any motor vehicle upon any way or in an area principally used for public parking in this state except in the original container and with the seal unbroken. Securely capped partially filled containers of liquor or beverages may be stored and transported in that compartment or area of the vehicle which is the least accessible to the driver.

IV. A person who violates this section shall be guilty of a violation. In addition, a person who violates paragraph II of this section may have his or her driver's license, if a resident, or driving privilege, if a nonresident, suspended 60 days for a first offense and up to one year for a second or subsequent offense.

V. This section shall not apply to persons transporting, carrying, possessing or having any liquor or beverage in a chartered bus, in a taxi, or in a limousine for hire; provided, however, that the driver of any of said vehicles is prohibited from having any liquor or beverage in or about the driver's area.

VI. For the purposes of this section only:

(a) "Passenger area of any motor vehicle" shall not include any section of a motor vehicle which has been designed or modified for the overnight accommodation of persons or as living quarters.

(b) "Way" shall mean the entire width between the boundary lines of any public highway, street, avenue, road, alley, park, or parkway, or any private way laid out under authority of statute, or any such way provided and maintained by a public institution to which state funds are appropriated for public use or any such way which has been used for public travel for 20 years.

265-A:42 Transportation of Alcoholic Beverages by a Minor.

I. Notwithstanding RSA 265-A:41, II, no driver under the age of 21 shall, except when accompanied by a parent, legal guardian, or legal age spouse, transport any liquor or beverage in any part of a vehicle. A driver violating this section may have his or her license or right to drive suspended for 60 days. The words "liquor" and "beverage" as used in this section shall have the same meanings as defined in RSA 175:1. "Legal age spouse" means a person 21 years of age or older.

II. This section shall not apply to a driver under 21 years of age employed under RSA 179:23.

2 Cross Reference Correction. Amend RSA 21-P:14, IV(j) and (k) to read as follows:

(j) Suspension or revocation of a driver's license or driving privilege, as authorized by RSA 263:53-66 and RSA ~~263:73~~ 265-A:20.

(k) Appeals of driver's license denial, suspension, or revocation, as authorized by RSA ~~263:75~~ 265-A:27 and 263:76.

3 Cross Reference Correction. Amend RSA 21-P:14, IV(r) to read as follows:

(r) Administrative suspension of motor vehicle licenses pursuant to RSA ~~265:91-a-265:91-e~~ 265-A:25, including notices, forms, temporary driving permits, hearing procedures, and procedures for restoration after the suspension period.

4 Cross Reference Correction. Amend RSA 125:15-a, V to read as follows:

V. The methods, procedures, and techniques for the testing of blood, urine, and breath to determine alcohol concentration as described under RSA ~~265:85, -v~~ 265-A:7.

5 Cross Reference Correction. Amend RSA 154:8-a, II-a(e) to read as follows:

(e) The person responsible for the equipment contamination may appeal payment for such costs within 30 days of receipt of the bill for the costs to the commissioner of safety. The commis-

sioner shall hold an administrative hearing within 30 days after receiving the appeal, at which time the extent of liability for costs shall be determined. The commissioner shall issue a decision within 30 days after holding the hearing. Any person aggrieved by a decision of the commissioner under this section may appeal the decision to the superior court in the same manner as that prescribed in RSA [263:75, H and HH] 265-A:27.

6 Impaired Driver Intervention Program and Multiple Offender Program Regulation. RSA 172-B:2-a, I and the introductory paragraph of paragraph II are repealed and reenacted to read as follows:

I. Except as provided in paragraph II, the director shall be responsible for approving the impaired driver intervention program (IDIP), required for restoration of a revoked driver's license after a first offense DWI conviction under RSA 265-A:4, I(a)(3) and I(c)(3), and any multiple offender program (MOP) required for restoration of a revoked driver's license after a second or subsequent offense conviction under RSA 265-A:4, II and III. The MOP shall be equivalent to the state-operated 7-day residential multiple DWI offender intervention detention center program. The director shall not approve any IDIP or MOP unless such program is conducted without cost to the state. Notwithstanding RSA 6:12, any fees collected from program providers under subparagraph III(c) of this section shall be placed in a non-lapsing revolving account and shall be used by the director for the purposes of this chapter only.

II. The director jointly with the commissioner of safety shall adopt rules, pursuant to RSA 541-A, relative to IDIPs and MOPs, both state-operated and those operated by private providers, with respect to:

7 Cross Reference Corrections. Amend RSA 172-B:2-b, I-III to read as follows:

I. The commissioner shall be responsible for administration and operation of the 7-day multiple DWI offender intervention detention center program which persons convicted under RSA [265:82 or RSA 265:82-a] 265-A:2 or RSA 265-A:3 or sentenced pursuant to RSA 651:2, V(h) may be required to attend.

II. Any person who attends the 7-day multiple DWI offender intervention detention center program shall be required to pay the fees for confinement and intervention costs prior to and as a prerequisite to admission into the program, except that prior payment shall not be required of any person convicted on a second or subsequent offense pursuant to RSA [265:82-b, H or HH] 265-A:3. The fees shall be sufficient to make the program self-supporting, exclusive of start-up costs. The fees collected shall be deposited in a special account in the office of the state treasurer and utilized as provided in RSA 172-B:2-c.

III. The state-operated 7-day multiple DWI offender intervention detention center program shall furnish to the courts and to the division of motor vehicles, department of safety, a report indicating when a person who attends the program pursuant to RSA [265:82-b] 265-A:22 has successfully completed the program. Included in that report shall be any recommendations for further treatment or involvement in a substance abuse program when appropriate and warranted. The court, upon receipt of such report, may after a hearing order the defendant to follow the treatment recommendations at a court-approved treatment facility.

8 New Paragraph; Annual Reports. Amend RSA 172-B:2-b by inserting after paragraph III the following new paragraph:

IV. The director shall submit an annual report of the state-operated multiple DWI offender intervention detention center program, on or before January 1 of each year, to the speaker of the house of representatives and the president of the senate.

9 Cross Reference Corrections. Amend RSA 172-B:2-c to read as follows:

172-B:2-c Utilization of Funds. All funds derived from the fees collected by the commissioner under RSA [265:82-b] 265-A:4 shall be paid over to the state treasurer within 10 days of the subsequent month, or at an earlier date, for deposit into a separate account in the treasury known as the 7-day multiple DWI offender intervention detention center program account. These funds are appropriated as indicated in the operating budget as a source of funds for the 7-day multiple DWI offender intervention detention center program. Any funds remaining in the account over the appropriation indicated in the operating budget shall lapse into the general fund at the end of each fiscal year.

10 Cross Reference Correction. Amend RSA 179:27-a, II to read as follows:

II. Any partially consumed bottle of table wine which is to be removed from the premises under paragraph I shall be securely sealed and bagged, by the licensee, either to be in conformance with

any applicable local open container law for those patrons on foot, or transported as required by RSA ~~[265:81]~~ **265-A:41**, in the trunk of a motor vehicle. If the vehicle is not equipped with a trunk, the securely sealed opened table wine bottles may be stored and transported in that compartment or area of the vehicle which is the least accessible to the driver.

11 Cross Reference Correction. Amend RSA 214:20-c to read as follows:

214:20-c Evidence. Upon complaint, information, indictment or trial of any person charged with a violation of RSA 214:20 or 214:20-a, the court may admit evidence of the defendant's alcohol concentration, as defined in RSA ~~[259:3-b]~~ **265-A:1**, as shown by a chemical analysis of his *or her* breath, urine, or blood. Evidence that there was, at the time alleged, an alcohol concentration of 0.03 or less in prima facie evidence that the defendant was not under the influence of intoxicating liquor. Evidence that the defendant had, at the time alleged, an alcohol concentration of greater than 0.03 but less than 0.08 is relevant evidence but is not to be given prima facie effect in indicating whether or not the defendant was under the influence of intoxicating liquor, but such fact may be considered with other competent evidence in determining the guilt or innocence of the defendant. Evidence that there was, at the time alleged, an alcohol concentration of 0.08 or more is prima facie evidence that the defendant was under the influence of intoxicating liquor. In the case of a person under the age of 21 an alcohol concentration of 0.02 or more is prima facie evidence that the defendant was under the influence of intoxicating liquor. The foregoing provisions of this section shall not be construed as limiting the introduction of any other competent evidence bearing upon the question of whether or not the defendant was under the influence of intoxicating liquor.

12 Cross Reference Corrections. Amend RSA 214:20-f to read as follows:

214:20-f Administration of Blood Alcohol Concentration Tests. All and any alcohol concentration tests performed as authorized in RSA 214:20-d shall be conducted pursuant to the requirements of RSA ~~[265:85]~~ **265-A:7**, relative to the testing of blood, urine, and breath.

13 Cross Reference Correction. Amend RSA 214:20-g to read as follows:

214:20-g Additional Tests. The provisions of RSA ~~[265:86]~~ **265-A:12**, relative to the right of an arrested person to obtain additional tests, shall apply to any person to whom RSA 214:20-d is applicable.

14 Cross Reference Correction. Amend RSA 214:20-j to read as follows:

214:20-j Official Record of Tests. The provisions of RSA ~~[265:90]~~ **265-A:7**, relative to notice to the court and the admissibility of the official report of tests, shall govern admissibility of the official records related to the tests taken pursuant to this RSA 214:20-d as well as the notice required to compel the attendance of any person who conducted such tests at trial.

15 Cross Reference Correction. Amend RSA 215-A:29, XIX(b) to read as follows:

(b) Any person who violates this section by operating an OHRV in this state during the period of suspension or revocation of such person's license or driving privilege for a violation of RSA ~~[215-A:11]~~ **265-A** shall be guilty of a misdemeanor and shall be sentenced in accordance with RSA ~~[263:64, IV]~~ **265-A:4**.

16 Words and Phrases Defined. Amend RSA 259:39, I to read as follows:

I. Three or more convictions, singularly or in combination, of the following offenses:

- (a) Conviction of any offense specified in RSA 261:73;
- (b) Conviction of any offense specified in RSA 262:1, I;
- (c) Conviction of any offense specified in RSA 262:8;
- (d) Conviction of any offense specified in RSA 262:12;
- (e) Conviction of any offense specified in RSA 262:13;
- (f) Conviction of any offense specified in RSA 263:12, V;
- (g) Conviction of any offense specified in RSA ~~[263:64]~~ **265-A:23**;
- (h) Conviction of any offense specified in RSA 264:25;
- (i) Conviction of any offense specified in RSA 265:4;
- (j) Conviction of any offense specified in RSA 265:79;
- ~~(k) Conviction of any offense specified in RSA 265:82;~~
- ~~(t) Conviction of any offense specified in RSA 265:82-a;~~

~~(m)~~ **(k)** Conviction under RSA 630:2 of manslaughter resulting from the operation of a motor vehicle;

~~(n)~~ **(l)** Conviction under RSA 630:3 of negligent homicide resulting from the operation of a motor vehicle;

~~(m)~~ (m) Conviction of any felony in which a motor vehicle is used;

~~(n)~~ (n) Conviction of any offense specified in RSA 265:75.

17 References Changed. Amend RSA 259:125, II to read as follows:

II. For the purposes of RSA 265:79[~~265:82~~, and RSA 265:82-a] **RSA 265-A:2, and RSA 265-A:3**, any public highway, street, avenue, road, alley, park, parking lot or parkway; any private way laid out under authority of statute; ways provided and maintained by public institutions to which state funds are appropriated for public use; any privately owned and maintained way open for public use; and any private parking lots, including parking lots and other out-of-door areas of commercial establishments which are generally maintained for the benefit of the public.

18 Appropriation of Records. Amend RSA 260:16 to read as follows:

260:16 Appropriation. The department may destroy, at the end of 5 years from the date of filing, originals or copies, including photographs, microphotographs or photographic film, of reports required by law of accidents and applications for licenses to drive motor vehicles and for the registration thereof. The department may destroy any obsolete number plates and forms which, in the director's opinion, are no longer of any value to the state. The time limit provided herein shall not apply in the case of the destruction of original records, papers or documents as provided in RSA 260:19. This section shall not be construed as allowing the destruction of any record of conviction maintained for the purposes of RSA ~~[265:82]~~ **265-A:2**.

19 Habitual Offenders; Revocation of Registration. Amend RSA 261:180, III to read as follows:

III. The commissioner, when suspending a driver's license or privilege to drive because the driver is an habitual offender or has been convicted of negligent homicide involving the use of a motor vehicle, manslaughter involving the use of a motor vehicle, a subsequent offense of driving under the influence of intoxicating liquor or any controlled drug under RSA ~~[265:82]~~ **265-A:2**, or aggravated driving while intoxicated under RSA ~~[265:82-a]~~ **265-A:3**, shall also revoke the registration of any vehicle registered to the individual whose license is being revoked or suspended, for the period of revocation or suspension of the license or privilege to drive.

20 Convictions. Amend RSA 262:23, III to read as follows:

III. Notwithstanding paragraph I, any person who qualifies under RSA 259:39, who does not have a conviction under RSA ~~[265:82]~~ **265-A:2** or any misdemeanor or felony motor vehicle convictions pursuant to RSA title XXI, shall not be subject to the minimum mandatory provisions of paragraph I; provided, however, that any such person may be sentenced to one year or less. Any person incarcerated upon the effective date of this paragraph, pursuant to certification as an habitual offender under RSA 259:39, who does not have a conviction under RSA ~~[265:82]~~ **265-A:2** or any misdemeanor or felony motor vehicle convictions pursuant to RSA title XXI, may apply immediately to the superior court for sentence review and reduction.

21 Cross Reference Correction. Amend RSA 262:44 to read as follows:

262:44 Appearance; Default. Any person charged with a violation of the provisions of title XXI on vehicles, excluding a violation of RSA 263:1-a, 265:79, ~~[265:82, 265:82-a]~~ **265-A:2, 265-A:3**, 265:115, 265:117, a speeding offense under RSA 265:60 for which the defendant must appear in court, and any offense which is a misdemeanor or felony, may plead guilty, nolo contendere, or not guilty by mail in the following manner:

22 Youth Operators; Probationary Licenses. Amend RSA 263:14-a, I(a) to read as follows:

(a) Any person who shall apply for reissuance of his driver's license following revocation or suspension for an offense under RSA 265:79, RSA ~~[265:82]~~ **265-A:2** or RSA ~~[265:82-a]~~ **265-A:3** is an "at risk" driver and his *or her* driver's license shall be probationary for 3 years following the date of reissuance.

23 New Subparagraph; Refusal of Alcohol or Drug Concentration Testing. Amend RSA 263:56, I by inserting after subparagraph (h) the following new subparagraph:

(i) Has refused testing for alcohol or drug concentration, or has tested an excess concentration of alcohol or drugs, as provided in RSA 265-A:15.

24 Purge of Records. Amend RSA 263-56-a, II(b) to read as follows:

(b) The director shall purge the record of violations in default, related suspensions, and all fees and fines assessed against these defaults and suspensions under this section that have been on file for more than 7 years; provided, however, that the director shall not purge such records for a violation of RSA 265:79, RSA ~~[265:82, RSA 265:82-a]~~ **265-A:2, 265-A:3**, RSA 265:115, RSA 265:117, and any offense which is a misdemeanor or felony during the defendant's

lifetime until the defendant's driver's license or driving privilege is reinstated. All courts shall notify the director of any such failure on a form prescribed by the director.

25 Cross Reference Correction. Amend RSA 263:94, I(a)(1) to read as follows:

(1) Driving a commercial motor vehicle under the influence of alcohol with an alcohol concentration of 0.04 or greater, or other controlled substance, notwithstanding RSA [265:89] 265-A:2;

26 Cross Reference Correction. Amend RSA 263:96, I to read as follows:

I. Any person who drives a commercial motor vehicle upon the ways of New Hampshire shall be deemed to have given consent, subject to the provisions of RSA [265-A:11] 265-A:9, to test or tests of any or all or any combination of the following: blood, breath, or urine, for the purpose of determining that person's alcohol concentration, or the presence of other drugs.

27 Cross Reference Correction. Amend RSA 263:96, IV to read as follows:

VI. The driver shall have the opportunity for a hearing and appeal as provided in RSA [263:75 and RSA 265:91-b] 265-A:26, RSA 265-A:27, and RSA 265-A:28 and RSA 265-A:29.

28 Cross Reference Correction. Amend RSA 270:12-a, I(b) to read as follows:

(b) The provisions of RSA [270:48-a] 265-A:32, relative to the operation of boats by a person under the influence of intoxicating liquor or a controlled drug or other unlawful operation of boats thereunder and all other crimes and offenses occurring on the public bodies of inland waters of the state;

29 Reference Corrections. Amend RSA 270:46-a, I(c) and (d) to read as follows:

(c) RSA [270:50] 265-A:15, refusal of consent.

(d) RSA [270:48-a] 265-A:32, operating boats under the influence of liquor or drugs.

30 Deletion of Repealed Reference. Amend RSA 270:83 to read as follows:

270:83 Chocorua Lake. No person shall use, operate, or have aboard or attached to any boat [as defined in RSA 270:48, H] a petroleum- or electric-powered inboard or outboard motor, or any other type of power motor, upon the waters of Chocorua Lake in Tamworth. Whoever violates the provisions of this section shall be guilty of a violation.

31 Cross Reference Correction. Amend RSA 502-A:19-b, I to read as follows:

I. Such defendant shall receive, in addition to his *or her* summons, a uniform fine schedule entitled "Notice of Fine, New Hampshire District and Municipal Courts" which shall contain the usual fines for violations of the provisions of title XXI on vehicles, excluding violations of RSA 265:79, [265:82] 265-A:2 or any offense which is a misdemeanor or felony; the usual fines for violations of the provisions of RSA 270, 270-A, and 270-E, excluding any offense which is a misdemeanor or felony; and the usual fines for violations of the provisions of title XVIII on fish and game laws, excluding any offense which is a misdemeanor or felony. The defendant shall be given a notice of fine indicating the amount of the fine plus penalty assessment at the time the summons is issued; except, if, for cause, the summoning authority wishes the defendant to appear personally. Defendants summoned to appear personally must do so on the arraignment date specified in the summons, unless otherwise ordered by the court. Defendants who are issued a summons and notice of fine and who wish to plead guilty or nolo contendere shall enter their plea on the summons and return it with payment of the fine plus penalty assessment to the division of motor vehicles within 30 days of the date of summons. Defendants in violation of the provisions of title XVIII shall be subject to the provisions of RSA 207:18 and RSA 214:19.

32 Cross Reference Correction. Amend RSA 630:3, II to read as follows:

II. A person is guilty of a class A felony when in consequence of being under the influence of intoxicating liquor or a controlled drug or any combination of intoxicating liquor and controlled drug while operating a propelled vehicle, as defined in RSA 637:9, III or a boat [as defined in RSA 270:48, H], he causes the death of another.

33 Annulment of Record. Amend RSA 651:5, III to read as follows:

III. Except as provided in RSA [265:82-c] 265-A:26 or RSA 265-A:27, in paragraphs V and VI, any person convicted of an offense may petition for annulment of the record of arrest, conviction and sentence when the petitioner has completed all the terms and conditions of the sentence and has thereafter been convicted of no other crime, except a motor vehicle offense classified as a violation other than driving while intoxicated under RSA [265:82] 265-A:2, for a period of time as follows:

34 Extended Sentences. Amend RSA 651:6, I(l)-(m) to read as follows:

(l) Such person has previously been convicted of a violation of RSA 630:3, II, RSA ~~[265:82-a, I(b) or H(b)]~~ 265-A:3, or any crime in any other jurisdiction involving driving a motor vehicle under the influence of controlled drugs or intoxicating liquors, or both, and such person has committed a crime as defined under RSA 630:3, II or RSA ~~[265:82-a, I(b) or H(b)]~~ 265-A:3; or

(m) Such person has twice previously been convicted in this state or any other jurisdiction, for driving a motor vehicle under the influence of intoxicating liquors or controlled drugs, or both, and such person has committed a crime as defined under RSA 630:3, II or RSA ~~[265:82-a, I(b) or H(b)]~~ 265-A:3.

35 Repeal. The following are repealed:

- I. RSA 215-A:11 through 215-A:11-q, relative to DWI provisions for OHRVs.
- II. RSA 259:3-a, relative to the definition of alcohol.
- III. RSA 259:3-b, relative to alcohol concentrations.
- IV. RSA 263:56-e, II(c), relative to attendance at impaired driver intervention programs.
- V. RSA 263:65-a, relative to attendance at impaired driver intervention programs.
- VI. RSA 263:66, relative to revocation of license for driving while intoxicated and appeals.
- VII. RSA 263:67, relative to not guilty findings; return of license.
- VIII. RSA 263:68, relative to suspension of license and recognizance on appeal.
- IX. RSA 263:69, relative to recognizance when appealing out of state convictions.
- X. RSA 263:70, relative to prohibition on issuance of new license.
- XI. RSA 263:71, relative to license restoration upon expiration of revocation period.
- XII. RSA 263:71-a, relative to license restoration upon proof of financial responsibility.
- XIII. RSA 263:73, relative to revocation of nonresident privilege.
- XIV. RSA 263:75, relative to appeals.
- XV. RSA 265:80, relative to possession of drugs.
- XVI. RSA 265:81, relative to transporting alcoholic beverages.
- XVII. RSA 265:81-a, relative to transportation of alcoholic beverages by a minor.
- XVIII. RSA 265:82, relative to driving under influence of drugs or liquor; driving with excess alcohol concentration.
- XIX. RSA 265:82-a, relative to aggravated driving while intoxicated.
- XX. RSA 265:82-b, relative to penalties for intoxication or operating under the influence of drugs offenses.
- XXI. RSA 265:82-c, relative to annulment; plea bargaining.
- XXII. RSA 265:82-d, relative to payment of all obligations prior to restoration.
- XXIII. RSA 265:83, relative to arrests without a warrant.
- XXIV. RSA 265:84, relative to implied consent of driver to submit to testing.
- XXV. RSA 265:85, relative to administration of alcohol concentration tests.
- XXVI. RSA 265:85-a, relative to administration of physical tests.
- XXVII. RSA 265:86, relative to additional tests.
- XXVIII. RSA 265:87, relative to prerequisites to tests.
- XXIX. RSA 265:88, relative to effect of evidence of alcohol concentration tests.
- XXX. RSA 265:88-a, relative to evidence of refusal to take alcohol concentration tests.
- XXXI. RSA 265:89, relative to evidence.
- XXXII. RSA 265:90, relative to official records of tests.
- XXXIII. RSA 265:91, relative to incapacity to give consent.
- XXXIV. RSA 265:91-a, relative to administrative license suspensions.
- XXXV. RSA 265:91-b, relative to administrative review and hearings.
- XXXVI. RSA 265:91-c, relative to period of license suspension.
- XXXVII. RSA 265:91-d, relative to appeals.
- XXXVIII. RSA 265:91-e, relative to appeals.
- XXXIX. RSA 265:92, relative to refusal of consent.
- XXXX. RSA 265:92-a, relative to preliminary breath test.
- XXXXI. RSA 265:93, relative to blood testing of certain motor vehicle fatalities.
- XXXXII. RSA 270:47 through 270:58-b, relative to implied consent for boaters.

36 Effective Date. This act shall take effect January 1, 2001.

HB 1621-FN, allowing administrative home confinement for habitual offenders. **OUGHT TO PASS**
Rep. Frederick B. Andrews for Criminal Justice and Public Safety: Under current statute, anyone who has been found to be a habitual offender and is subsequently convicted of driving during the period of revocation or suspension, shall be sentenced to not less than one year or more than five years of imprisonment. HB 1621 allows the court to order home confinement with court imposed restrictions for the minimum sentence of one year. The cost of monitoring home confinement falls to the offender and the cost of imprisonment is eliminated. This will help the families of the offender when the offender is employed and still able to maintain his/her obligations. It may prevent a family from breakup, financial disaster or living on welfare. The court will have the authority to determine whether a particular convicted offender is an appropriate subject to be allowed home confinement vs. jail incarceration. Vote 16-0.

SB 336, relative to the issuance of fire permits. **OUGHT TO PASS**

Rep. Everett A. Weare for Criminal Justice and Public Safety: This bill eliminates a problem that has required a subjective decision to be made by those authorized to issue a burning permit as to the authorized area that a permit burn may be conducted. This change will now require a permit to be issued for all burns unless there is adequate snow covering the ground. Vote 12-0.

HB 1393-L, relative to teacher contract renewals and enforcement of teacher contracts. **INEXPEDIENT TO LEGISLATE**

Rep. Robert H. Guest for Education: The committee is sympathetic with the intent of the bill, but believes the issues can be handled more effectively at the local level without resorting to complicated appeal mechanisms. Present law allows local school boards to adopt policies and levy appropriate damages to employees who break employment contracts. Indeed, there could be a number of valid reasons why a teacher might "break" a contract. Superintendents who testified, all of whom opposed the bill, pointed to cases in which such action could be mutually beneficial in a teacher exchange agreement with another school district. We question the punitive provisions of the bill. A civil penalty assessment of \$5,000 can, according to this bill, be imposed on a teacher. The bill also stipulates that a teacher's professional standards certificate can be suspended. A representative of the Department of Education, who opposed the bill, pointed out that professional qualification is an entirely different issue than that of individual employment contract agreements. Vote 18-0.

HB 1129-FN, relative to wetlands scientists. **INEXPEDIENT TO LEGISLATE**

Rep. Dana R. Landers for Executive Departments and Administration: This bill is an attempt to decertify the wetland scientists, which is not needed at this time. HB 197, which was passed in 1998 certifying these scientists, ought to be given the chance to work. There are now over 169 certified scientists with more than 40 more applications pending. Vote 19-0.

HB 1133, establishing a committee to study issues regarding martial arts instruction in the state. **INEXPEDIENT TO LEGISLATE**

Rep. Carolyn A. Virtue for Executive Departments and Administration: This bill established a committee to study the issues surrounding martial arts instruction and the need for licensure in the industry. The committee heard overwhelming testimony in opposition to the bill and no serious consumer safety issues were identified. The committee unanimously supported inexpedient to legislate. Vote 15-0.

HB 1195, making technical changes to the law regulating acupuncture. **OUGHT TO PASS WITH AMENDMENT**

Rep. Nancy C. Stickney for Executive Departments and Administration: This bill as amended makes the technical correction to reflect the name change of the organization that the continuing education credit required each biennial period now comes from the National Certification Commission for Acupuncture and Oriental Medicine. Vote 19-0.

Amendment (3631h)

Amend the bill by replacing section 7 with the following:

7 Initial Licensure; Renewal. Amend RSA 328-G:9, IX and X to read as follows:

IX. All licenses issued by the board shall be valid for 2 years from the date of issuance and shall be renewed biennially or reissued pursuant to rules adopted, and *upon payment of* fees established, by the board.

X. As a condition of renewal of license, the board shall require each licensee to show proof of having completed [in] *for* each biennial period 30 continuing education units at approved institutions or as approved by the board. Maintaining continuous [NCCA] *NCCAOM* certification shall fulfill the continuing education requirement as long as [NCCA] *NCCAOM* certification continues to require at least 30 Professional Development Activity points [in] *for* each biennium.

HB 1203-L, relative to the cost to municipal libraries of access to services of the state library. OUGHT TO PASS WITH AMENDMENT

Rep. Howard C. Dickinson for Executive Departments and Administration: HB 1203, as amended, establishes a clear policy that no rule adopted by the commissioner of cultural resources shall require that our local public libraries increase their appropriation for maintenance, employee salaries and benefits, or material acquisitions in order to receive state library services. The funds for these purposes are raised by local property taxes and should be determined by the voters of each municipality in which a library is located. Furthermore, HB 1203, as amended, states that no rule adopted by the commissioner shall establish the qualifications for service as a local public library trustee. The voters in each municipality elect these trustees. The voters should be the sole judges of each trustee's qualifications to serve. The major issue in HB 1203 is the question of who sets policy. The ED&A committee is convinced that the New Hampshire General Court sets policy for all executive agencies, including the state library. Vote 17-1.

Amendment (3856h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the adoption of rules by the commissioner of cultural resources regarding public libraries.

Amend the bill by replacing sections 1 and 2 with the following:

1 Statement of Purpose. The general court finds that since public libraries are operated to serve all of the residents in the communities in which they are located and the funds for the maintenance and operation of these libraries come largely from real estate taxes, the commissioner of cultural resources shall not dictate expenditure levels by rule. The general court further determines that the commissioner shall not adopt rules that designate qualifications for member library trustees elected by the voters pursuant to RSA 202-A.

2 Statewide Library Development System; State Library Services. Amend RSA 201-D:10 to read as follows:

201-D:10 Rulemaking.

I. The commissioner shall adopt rules under RSA 541-A and after public hearing, and subject to ratification by the state library council, relative to:

[F-](a) Standards for the associate, certified and accredited categories, and for any subcategory, concerning any or all of the following:

[F-](1) Level of service;

[F-](2) Evaluation and planning;

[F-](3) Cooperation with other libraries;

[F-](4) Participation in the library forum and statewide programs;

[F-](5) Personnel qualifications;

[F-](6) Organization of materials; and

[F-](7) Physical facilities.

[F-](b) Allocation of state aid and other funds to individual libraries, cooperatives and other groups, and library areas. For state aid, this shall include setting the allocation rate for each membership category and the local library expenditures to be counted in applying the rate.

[F-](c) Requirements that member libraries adopt written policies concerning any or all of the following:

[F-](1) General objectives;

[F-](2) Organization of materials;

[F-](3) Materials selection and collection development;

[F-](4) Personnel;

[F-](5) Public relations; and

[F-](6) Cooperation with public school libraries.

~~(V)~~(d) Reporting requirements for funded programs and services.

~~(V)~~(e) Number and boundaries of library areas.

~~(V)~~(f) Democratic procedures for library forums.

II. No rule adopted by the commissioner shall require a member public library to increase its total appropriations for maintenance, employee salaries and benefits, and materials acquisitions in order to receive state library services.

III. No rule adopted by the commissioner shall establish qualifications for service as a library trustee.

AMENDED ANALYSIS

This bill provides that no rule adopted by the commissioner of cultural resources shall require a public library that is a member of the statewide library development system to increase its total appropriations in order to receive state library services. This bill also provides that no rule adopted by the commissioner shall establish qualifications for serve as a library trustee.

HB 1207, relative to establishing a retired status for licensed plumbers. INEXPEDIENT TO LEGISLATE

Rep. Dana L. Landers for Executive Departments and Administration: After extensive research the conclusion seems to be that the majority of older licensed plumbers are not in favor of this bill. The consensus is it is simply not fair to those younger up and coming plumbers. This bill would also open up the floodgates in regards to every licensed occupation in the state coming before us and asking for the same benefit which could dramatically effect the fee revenues Vote 19-0.

HB 1218, relative to discipline of state employees or officers making willful false statements. INEXPEDIENT TO LEGISLATE

Rep. Michael O'Neil for Executive Departments and Administration: The committee felt that the issue addressed in this legislation would be best handled under the New Hampshire division of personnel and not through new legislation. The department has established rules to deal with disciplinary hearings to ensure proper handling of personnel policies and procedure including grounds for dismissal of state employees. Vote 14-0.

HB 1220, establishing a New Hampshire conflict of interest law. INEXPEDIENT TO LEGISLATE

Rep. Howard C. Dickinson for Executive Departments and Administration: HB 1220 proposes to reaffirm and codify the principles set forth in the 13th amendment of the U.S. Constitution concerning the subject of conflict of interest. While the committee understands the sponsor's intent in the subject, the legislative ethics committee, the professional conduct and judicial conduct committees of the NH Bar, when functioning properly, offer adequate protection against conflicts of interest abuse. Vote 14-0.

HB 1276, establishing a committee to study the adoption of a regulated health professions act to promote consistency and efficiency in health occupation regulation. INEXPEDIENT TO LEGISLATE

Rep. Alida I. Millham for Executive Departments and Administration: This bill would establish a committee to study the adoption of a regulated health profession act for the purpose of promoting consistency and efficiency in health occupations regulation. This action was motivated by person who provides continuing health education programs who finds it difficult to work with the widely different continuing education requirements of the various health professions. The adoption of such an act has been recommended in a national study done by the Pew Foundation. However, such an act has not been adopted in any state in the union. The committee unanimously agreed that it is premature for New Hampshire to move in this direction at this time. Vote 14-0.

HB 1288, relative to the rulemaking hearing process for state agencies. INEXPEDIENT TO LEGISLATE

Rep. Howard C. Dickinson for Executive Departments and Administration: HB 1288 would require agencies to hold a second public hearing prior to approval of rule changes to give the public an opportunity to review final revisions. Under the current process, an agency, board or commission holds a public hearing on an initial proposal. This first draft can be revised based on information received and concerns expressed during this hearing and written comments received during the public comment period. The final copy of the proposed rules is then submitted to the joint legisla-

tive committee on administrative rules (JLCAR). After the JLCAR staff reviews these rules to insure that the proposal meets the intent of the legislature and is in the public interest, the JLCAR committee holds its own public hearing. Based upon the recommendation of the JLCAR staff and the public input received, the committee may object to the proposed rules in whole or in part and may ask the agency to make changes. After these changes are made, the JLCAR staff again reviews the new proposed rules. Final approval is then scheduled for a regular meeting of JLCAR at which public comment once again may be heard. The committee is convinced that the rule-making process has served us well since its introduction in the late 1970's. Unfortunately, the public and many members of the legislature do not fully understand how it works. If we all subscribe to the "rule-making register" and check on the rules in which we have an interest, the present process will work just fine. Vote 14-0.

HB 1338, increasing the membership of the American and Canadian French cultural exchange commission. OUGHT TO PASS

Rep. William R. Zolla for Executive Departments and Administration: This bill increases the membership from 7 to 11 in order to provide representation to a broader segment of the state's population as well as additional volunteers at no cost to the state. All testimony during the public hearing was in support of this bill. Vote 15-0.

HB 1347-FN, relative to review of administrative rules by the legislature prior to adoption. INEXPEDIENT TO LEGISLATE

Rep. Howard C. Dickinson for Executive Departments and Administration: While the idea of requiring greater policy committee involvement in the "rule-making" process as described in HB 1347 is laudable, the proposal is premature for several reasons: Since the sunset process was repealed in 1987, the specific responsibility for committee oversight has been blurred. Furthermore, relatively few members understand the functions and responsibilities of the Joint Legislative Committee on Administrative Rules and the rule-making process in RSA 541-A. (Please refer to the committee report on HB 1288 for a description of the rule-making process). Furthermore, HB 1347 is not necessary because the chairman of each policy committee should take the responsibility to insure that all proposed rules are consistent with legislation that their committee has passed. Vote 14-0.

HB 1371, relative to allocation and distribution of funds for community-based prevention and diversion programs for children and juveniles. OUGHT TO PASS

Rep. Merton S. Dyer for Executive Departments and Administration: The bill was referred to the ED&A committee, as a second committee, to review the section on administrative rules. The committee found that the rules the commissioner of health and human services must adopt covers the areas of accountability and reporting that are necessary to properly implement this bill. Vote 17-1.

HB 1415-FN, relative to the classification of certain personnel of the department of corrections. REFER FOR INTERIM STUDY

Rep. Ray F. Langer for Executive Departments and Administration: The committee needs to give further study to this bill. This is a complex bill dealing with some department of corrections personnel and whether they should be classified in group I or group II of the New Hampshire Retirement System. This will require additional study of each job description and supplemental job description to determine which positions meet the criteria set forth in RSA 100-A:1,VII. The retirement subcommittee will report their findings to the full committee in the fall and any new legislation will be filed for the 2001-2002 session. Vote 18-0.

HB 1467-FN, relative to the licensing of mail-order pharmacies. OUGHT TO PASS WITH AMENDMENT

Rep. Sylvia A. Holley for Executive Departments and Administration: This bill comes to us from the board of pharmacy. Mail order opportunities for prescriptions have been features in most health plans affording our citizens the opportunity of convenience and cost saving. With the advent of e-commerce the ease of ordering prescriptions over the Internet, at times without the need of a doctor's prescription, is causing great alarm. Today over 250 companies scattered all over the US, on off shore islands and in foreign countries have eased the process of obtaining drugs. Internet doctors, for a fee, are reviewing brief medical history questionnaires and approving prescription drugs. This bill requires mail order pharmacies located outside of New Hampshire who ship, mail or deliver

prescription drugs into this state to be registered in New Hampshire and requires them to obtain a permit issued by the New Hampshire pharmacy board. A yearly registration fee of \$150 per out of state pharmacy/company covers the cost of implementing this oversight. Vote 14-2.

Amendment (3763h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the registration of mail-order pharmacies.

Amend the bill by replacing all after section 1 with the following:

2 Registration Required for Mail-order Pharmacies. Amend RSA 318:37 to read as follows:
318:37 Required[~~-When~~]; **Compliance.**

I. No person shall conduct or operate a pharmacy for the sale at retail of drugs and medicines unless such pharmacy is registered with[;] and a permit therefor has been issued by[;] the pharmacy board, except as provided in this chapter.

II.(a) No person shall conduct or operate a mail-order pharmacy located outside of this state by shipping, mailing, or delivering prescription drugs into this state unless such pharmacy is registered in New Hampshire and a permit has been issued by the New Hampshire pharmacy board.

(b) To obtain a permit, a mail-order pharmacy shall comply with each of the following:

(1) Maintain a license in good standing from the state in which the mail-order pharmacy is located;

(2) Submit to the New Hampshire pharmacy board an application for registration as provided by the New Hampshire pharmacy board;

(3) Pay all appropriate registration fees;

(4) Submit to the New Hampshire pharmacy board a copy of the state pharmacy license from the state in which the mail-order pharmacy is located;

(5) Submit to the New Hampshire pharmacy board a copy of the state and federal controlled substance registrations from the state in which it is located, if controlled substances are to be shipped into this state.

(c) When requested to do so by the New Hampshire pharmacy board, each mail-order pharmacy shall supply the New Hampshire pharmacy board with any inspection reports, warning notices, disciplinary actions, notice of deficiency reports, or any other related reports from the state in which it is located concerning the operation of a mail-order pharmacy for review of compliance with state and federal drug laws.

(d) Except in emergencies that constitute an immediate threat to the public health and require expedited action by the board, the New Hampshire pharmacy board shall file a complaint with the licensing board of the state in which the mail-order pharmacy is located when known or suspected violations of the laws of the state in which the pharmacy is located are uncovered. If the licensing board in the state in which the mail-order pharmacy is located initiates disciplinary action, the New Hampshire pharmacy board may request the appropriate documents involved in the action for consideration of discipline against the pharmacy registration of the mail-order pharmacy. If no action is taken against the mail-order pharmacy by the licensing board of the state in which it is located, the New Hampshire pharmacy board may request copies of any investigation reports available from that state.

(e) The New Hampshire pharmacy board shall extend reciprocal cooperation to any state that licenses and regulates mail-order pharmacies for the purpose of investigating complaints against pharmacies located in New Hampshire or the sharing of information and investigative reports, as long as the other state shall extend the same reciprocal cooperation to the New Hampshire pharmacy board.

3 Effective Date. This act shall take effect October 1, 2000.

AMENDED ANALYSIS

This bill:

I. Defines "mail-order pharmacy".

II. Requires that mail-order pharmacies be registered with and receive a permit from the pharmacy board.

III. Provides requirements that a mail-order pharmacy must meet in order to obtain a permit to conduct business in this state.

IV. Provides procedures for the pharmacy board to be followed when known or suspected violations by a mail-order pharmacy are discovered.

V. Requires that the pharmacy board extend reciprocal cooperation for the purpose of investigating complaints to any state that licenses and regulates mail-order pharmacies, as long as the other state extends the same reciprocal cooperation to the pharmacy board.

This bill was requested by the New Hampshire pharmacy board.

HB 1606-FN, establishing the governor's commission on alcohol and drug abuse prevention, intervention, and treatment. **OUGHT TO PASS WITH AMENDMENT**

Rep. Maurice E. Goulet for Executive Departments and Administration: This bill establishes a high level commission to coordinate policy and review diverse funding streams to stem the growing tide of alcohol and drug abuse in New Hampshire. Federal funds go to many programs in the Departments of Health and Human Services, Education, Justice and to the National Guard, etc. This policy commission develops a statewide plan for the effective prevention of alcohol and drug abuse and establishes a comprehensive system of intervention and treatment. The amendment clarifies the appointing authority as the governor and council. Vote 14-0.

Amendment (3694h)

Amend RSA 12-J:1, 1 as inserted by section 2 of the bill by replacing it with the following:

1. Six public members, appointed by the governor and council, 2 of whom shall be professionals as knowledgeable about alcohol and drug abuse prevention; 2 of whom shall be professionals knowledgeable about alcohol and drug abuse treatment, and 2 of whom shall be public members who are not professionals within the alcohol and drug addiction prevention and treatment system. The members appointed pursuant to this paragraph shall serve 3-year terms; provided that initially 2 members shall serve for one year, 2 members shall serve for 2 years, and 2 members shall serve for 3 years.

Amend RSA 12-J:2, 1 as inserted by section 2 of the bill by replacing it with the following:

1. The governor and council shall designate a member of the commission to serve as chairperson. The executive director of the commission shall be the director of the appropriate division responsible for alcohol and drug abuse prevention and recovery who shall serve without additional compensation.

HB 1612-FN, establishing a state office of privacy. **REFER FOR INTERIM STUDY**

Rep. Robert C. Batchelder for Executive Departments and Administration: HB 1612-FN affirms the principle that the state has an obligation to protect the privacy of citizens' personal information collected by the state for the purpose of administering laws. The bill states that such personal information shall be kept confidential, shall not be used by the state for purposes other than those for which it was collected, and shall not be given or sold to others so that this information becomes a commodity in the marketplace. The bill establishes a "privacy unit" under the commissioner of administrative services to oversee this policy. Although the committee strongly supports the intent of this bill, as written it raises several complicated issues of implementation (such as its relation to the "right to know" law, and to requests for information by the federal government). The committee needs more time to sort out these issues. It therefore recommends interim study. Vote 14-2.

HB 1148-FN-L, relative to certain weighted pupils within the adequate education grant distribution formula. **INEXPEDIENT TO LEGISLATE**

Rep. Charles L. Vaughn for Finance: This bill provides that the additional weighting assigned to special education pupils and to pupils who are eligible to receive free or reduced-price meals be removed from the adequate education grant distribution formula. To take effect 60 days after passage, the bill reduces the amount the state will send to school districts from the education trust fund by \$79 and \$48.4 million respectively. Finance Committee members observed that changing the formula would considerably reduce the amount of state educational grants already budgeted by local communities for schools. Moreover donor communities, with large numbers of special needs and free or reduced lunch students, would see increased property taxes to make up for losses to state trust funds because the current formula contains these weighted provisions. Further the adequacy and tax equity commissions are examining the current formula along with a variety of taxing methods to meet the challenge of statewide funding for elementary and secondary education. Collectively the Finance Committee found the bill inexpedient to legislate. Vote 19-2.

HB 1284-FN, prohibiting the courts from charging fees. REFER FOR INTERIM STUDY
Rep. Kenneth L. Weyler for Finance: Access to the courts by all citizens was a fundamental belief of the framers of the Constitution. Escalation of costs in recent years has made it difficult for citizens of moderate means to fully participate in the justice system. The court arrangements for transcripts allow the court recorders to charge as much as \$2500 for a transcript that a litigant would need for an appeal. Filing fees are no longer used to directly fund the court system, but go to the general fund. A study of the costs for a citizen to pursue a claim seems in order. Vote 25-0.

HB 1459, requiring the state police to record and update information relative to the charges of criminal and civil non-support. OUGHT TO PASS WITH AMENDMENT
Rep. Robert K. Boyce for Finance: At the request of the state police and members of the policy committee, the committee amended this bill to give more flexibility to the state police. The amended language would allow the sheriffs and/or courts to be the designee to enter this information about arrest warrants and capias into the state police computer system. This amendment also clarifies that this bill only applies to in-state information. Vote 24-0.

Amendment (3848h)

Amend the bill by replacing section 1 with the following:

1 New Section; State Police; Intrastate Non-Support Recorded. Amend RSA 106-B by inserting after section 14-a the following new section:

106-B:14-b Intrastate Civil and Criminal Non-Support Recorded. The division of state police, or its designee, may record and update on its computer system on a daily basis the name of any person for whom there is an outstanding arrest warrant or capias issued for criminal or civil non-support, including failure to appear in connection with child support enforcement proceedings. The information recorded shall be made available upon request to all local and state law enforcement agencies and officers. The department of safety and its employees, agents, and designees shall not be held liable for errors of omission or commission in the recording and maintenance of this information unless the error is shown to be the result of gross negligence or an intentional act.

AMENDED ANALYSIS

This bill provides that the state police may record and update on its computer system any arrest warrant or capias issued for criminal or civil non-support.

HB 1552-FN-A, establishing a telecommunications development initiative in New Hampshire and making an appropriation therefor. OUGHT TO PASS WITH AMENDMENT
Rep. David J. Alukonis for Finance: The Finance Committee amendment changes the source of funding for this bill from a special assessment by the Public Utilities Commission against certified telecommunications providers. The amended language allows the Department of Resources and Economic Development to solicit up to \$150,000 in donations, grants and gifts for the purpose of commencing the telecommunications development initiative. This change more correctly reflects the presumptions made during testimony that certain telecommunications providers have pledged to donate the funds necessary to start the program. Vote 24-1.

Amendment (3915h)

Amend section 5 of the bill by replacing all after paragraph I with the following:

II. The department of resources and economic development is authorized to accept up to \$150,000 in donations, grants and gifts for the purpose of commencing the telecommunications development initiative established by this act. The funds accepted are continually appropriated to the department of resources and economic development for the purpose of commencing the telecommunications development initiative.

HB 1572-FN-A-L, repealing the education trust fund, the sources of funding for the education trust fund, and the procedures for funding state aid for educational adequacy. INEXPEDIENT TO LEGISLATE

Rep. Charles L. Vaughn for Finance: Effective January 2, 2003, this bill repeals the education trust fund, all sources for the fund, and procedures for funding state educational adequacy. Revenue Administration indicates state restricted revenues will decrease by \$80.3 million in FY 2003. Not repealed is the mechanism for the statewide property tax. This proposal put a weighty burden on

the first session of the next legislature to find a solution for state aid to education. Receiver towns, currently recipients of generous state educational grants, would lose state payments in 2003 if the legislature fails to act. History of the recent past gives faint hope that a solution will be found in a year. In addition, this legislation suggests that the Tax Equity Commission will be unsuccessful in proposing legislation to supercede the present grant system. Ending what is considered a temporary proposal with no proposal invites legislative muddle, so the committee found the bill inexpedient to legislate. Vote 18-1.

HB 1586-FN-A-L, relative to public highway safety grants and making an appropriation therefor. INEXPEDIENT TO LEGISLATE

Rep. David J. Alukonis for Finance: While the bill as introduced would distribute excess highway funds to donor communities, the bulk of the committee's discussion regarded several amendments, including one offered by the sponsors, which would re-distribute meals and rooms tax revenues to donor communities up to a level of \$300,000 each. Clearly, the intent of the bill is to lessen the tax impact felt by these communities as a result of the statewide property tax. The committee has heard a number of different proposals and suggestions regarding this issue, and with each, there have been questions of fairness, equity, and constitutionality. While a proposal such as this bill would assist the affected donor communities, it would neither negate the excess statewide property tax payments for all towns nor mitigate payments in an equal manner amongst these communities. The proposal, while innovative and resourceful, has its own problems of equity and fairness and would likely cause further discontent between our towns and cities should it be adopted. Vote 24-1.

HB 1615-L, relative to the application of a local per capita income weighting factor to the education property tax. INEXPEDIENT TO LEGISLATE

Rep. Linda T. Foster for Finance: This bill changes the calculation of the statewide property tax by adding a per capita income weighting factor. It also repeals RSA 198:38 VII (d) relative to weighting for free and reduced school lunch eligible pupils.

Although some may believe that an income factor should be included in the school funding solution, the committee recognized the following problems in this proposal: 1. The bill poses constitutional problems; it adjusts the tax itself on a community-to-community basis. Consequently, the tax may not be uniform and equal. 2. Local per capita income can be skewed by a few very wealthy individuals. 3. Although the calculation requires the use of a municipality's total equalized valuation, the income component does not include the incomes of all property owners, i.e., out-of-state owners. 4. The effective date, July 1, 2000 would unduly frustrate municipal and educational entities in their budget preparations.

The committee, therefore, voted this bill Inexpedient to Legislate, and asks the Tax Equity and Efficiency Commission to thoroughly examine the applicability of the bill's core concept. Vote 19-1.

HJR 22, relative to the unintended consequences of the Balanced Budget Act of 1997. OUGHT TO PASS WITH AMENDMENT

Rep. Carol F. Moore for Finance: This bill, as amended, requests the federal government to eliminate further medicare reductions of the Balanced Budget Act. The financial goals of the act have long ago been met, and further reductions would seriously damage access to needed levels of medicare services. Vote 22-1.

Amendment (3816h)

Amend the resolution by replacing all after the title with the following:

Whereas, the Medicare program has made medical services available to millions of senior and disabled citizens since its inception in 1965; and

Whereas, the success of the Medicare program relies on a fair and responsible partnership between the public and private sector to provide appropriate medical services for all eligible individuals; and

Whereas, the Balanced Budget Act of 1997 included the most comprehensive reforms to the Medicare program since its passage, resulting in a range of unintended consequences that are affecting the New Hampshire medical service delivery system accessed by our most frail and needy citizens and provided through hospitals, skilled nursing facilities, and home health agencies; and

Whereas, the Medicare revenue reductions projected by the Balanced Budget Act were intended only to slow the growth of Medicare expense, but have actually resulted in a reduction of Medicare expense that brings the 1999 expense below that of 1997 despite inflation factors of 3-5 percent during that time; and

Whereas, New Hampshire Medicare reimbursement to hospitals will be reduced by as much as an additional \$200,000,000 over the next 4 years above the reductions already experienced; and

Whereas New Hampshire home health agencies reimbursement has been reduced by \$24,000,000 to date and will be reduced by an additional 15 percent of the present Medicare reimbursement by October 1, 2001; and

Whereas, further reductions will seriously damage both beneficiary access to care and the ability of providers to continue to provide needed levels of service; and

Whereas, the ameliorative measures prescribed by the Balanced Budget Refinement Act of 1999 provide too little relief, restoring less than 10 percent of the reduction of Medicare revenue resulting from the Balanced Budget Act of 1997; now, therefore, be it

Resolved by the Senate and the House of Representatives in General Court convened

That the President of the United States and Congress instruct the Health Care Financing Administration and its fiscal intermediaries that the legislative intent under the Balanced Budget Act of 1997 has been accomplished; and

That the President of the United States and Congress act to eliminate further Medicare revenue reductions of the Act and thereby protect beneficiaries' access to quality care when needed; and

That copies of this resolution, signed by the President of the Senate and the Speaker of the House of Representatives, be forwarded by the house clerk to the President of the United States, to the President of the United States Senate, to the Speaker of the United States House of Representatives, and to each member of the New Hampshire Congressional delegation.

AMENDED ANALYSIS

This house joint resolution urges the President of the United States and Congress to instruct the Health Care Financing Administration and its fiscal intermediaries that the legislative intent under the Balanced Budget Act of 1997 has been accomplished; and urges the President of the United States and Congress to act to eliminate further Medicare revenue reductions of the Act to protect beneficiaries' access to quality care when needed.

HB 1506, extending the reporting date of the committee studying ambulatory surgical facilities and relative to the threshold limit for certain new health facilities under RSA 151-C OUGHT TO PASS WITH AMENDMENT

Rep. Thomas E. Donovan for Health, Human Services and Elderly Affairs: This bill extends the reporting date of the committee studying ambulatory surgical facilities and clarifies the amounts to be used in calculating the adjusted thresholds of hospitals and ambulatory surgical centers at \$1,759,512 and \$1,173,008 respectively, and allows for an annual adjustment using an appropriate inflation index. Vote 18-0.

Amendment (3795h)

Amend the bill by replacing all after section 1 with the following:

2 Adjusted Threshold Limit. Amend RSA 151-C:5, II(a) to read as follows:

(a) The construction, development, expansion, or alteration of any acute care facility requiring a capital expenditure of more than [~~\$1,500,000~~] **\$1,759,512**. The board shall, by rule, adjust the capital expenditure threshold annually using an appropriate inflation index.

3 Adjusted Threshold Limit. Amend RSA 151-C:5, II(f) to read as follows:

(f) The construction, development, expansion, renovation, or alteration of any nursing home, ambulatory surgical facility, rehabilitation hospital, psychiatric hospital, specialty hospital, or other health care facility requiring a capital expenditure of more than [~~\$1,000,000~~] **\$1,173,008**. The board shall, by rule, adjust the capital expenditure threshold annually using an appropriate inflation index.

4 Effective Date.

I. Section 1 of this act shall take effect upon its passage.

II. The remainder of this act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill extends the reporting date of the committee studying ambulatory surgical facilities.

This bill also clarifies the threshold amount to be used in calculating the adjusted threshold amount for certain new facilities under RSA 151-C.

HB 1145, limiting the liability of the state and its employees for personal injuries and civil damages resulting from fire standards and training instruction and programs. **OUGHT TO PASS WITH AMENDMENT**

Rep. James W. Craig for Judiciary: This bill provides immunity to state certified fire instructors employed by nonprofit fire departments or emergency medical service units from civil liability brought on the basis of any act or omission occurring during the instruction which results in damage or injury to any person. The committee was concerned that this immunity be very narrow and so the bill requires that the curriculum taught be approved by the Division of Fire Standards and Training, the instructor act in good faith and within the scope of his or her official functions and duties as an instructor and that he or she not act in a willful, wanton, or grossly negligent manner. Vote 12-0.

Amendment (3898h)

Amend the title of the bill by replacing it with the following:

AN ACT limiting the liability of state certified fire instructors.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Liability of State Certified Fire Instructors. Amend RSA 21-P by inserting after section 12-a the following new section:

21-P:12-b Liability Limited; State Certified Fire Instructors.

I. Any person who is a state certified fire instructor employed by a nonprofit fire department or emergency medical service unit shall be immune from civil liability in any action brought on the basis of any act or omission during training which results in damage or injury to any person if:

(a) The instructor had prior written approval from the division, to teach a curriculum approved by the fire standards and training commission;

(b) The instructor was acting in good faith and within the scope of the instructor's official functions and duties as an instructor; and

(c) The damage or injury was not caused by willful, wanton, or grossly negligent misconduct by the instructor.

II. In this section:

(a) "Damage or injury" includes physical, nonphysical, economic and noneconomic damage and property damage.

(b) "Nonprofit fire department" shall include, but not be limited to, not for profit fire service organizations exempt from taxation under section 501(c) of the Internal Revenue Code of 1986 organized or incorporated in this state.

(c) "State certified fire instructor" means a person who has completed the requirements to hold such certification as approved by the New Hampshire fire standards and training commission.

2 Effective Date. This act shall take effect January 1, 2001.

AMENDED ANALYSIS

This bill limits the liability of state certified fire instructors for personal injuries and civil damages resulting from acts or omissions during training.

HB 1190-FN, requiring that fiscal notes specify the exact amount of the fiscal impact. **INEXPEDIENT TO LEGISLATE**

Rep. Merton S. Dyer for Legislative Administration: The committee felt that this bill had a contradiction that would make it unworkable. There is some concern that the fiscal notes on bills may not accurately reflect the fiscal impact of the bill. The fiscal impact, as outlined in statute, is an estimate and it may be difficult to obtain the exact cost in time for action by the first committee. As the bill passes from a committee to the floor, to another committee or the other chamber, the fiscal note is updated and is available in the clerk's office. An exact financial impact would be impossible to obtain. Vote 13-0.

HB 1248, relative to the out-of-state travel budget for house members. **INEXPEDIENT TO LEGISLATE**

Rep. Gene G. Chandler for Legislative Administration: If enacted, this bill would limit the amount of money any House member could utilize for out of state travel to just \$2,000 in any one biennium and change the method of determining who controls the funds and how the funds are utilized. Only one person spoke in favor of this legislation and the committee felt that there are cases where

it is important to the state and the legislature for legislators to attend out of state conferences. It is always easy to target travel budgets, but the information gained at these conferences is very useful to the legislature and the state. Vote 13-1.

HB 1447, establishing a legislative oversight committee on judicial conduct. **INEXPEDIENT TO LEGISLATE**

Rep. Donnalee Lozeau for Legislative Administration: The committee felt that the existing checks and balances relative to oversight of the judiciary are appropriate. As elected officials and the public continue to discuss the issues as they relate to the judicial branch changes will continue to be made by the judiciary. The decision made by the judicial branch to make information about hearings public is a major first step in the quest for public accountability. Vote 13-0.

HB 1596, establishing a committee to study deadlines for the completion of work in the legislative process. **INEXPEDIENT TO LEGISLATE**

Rep. Mary Lou Nowe for Legislative Administration: The committee voted inexpedient to legislate because it feels that this subject is best left to each body. With the dynamics of the legislature, the rules for legislative deadlines is best left to the house rules, the senate rules and joint rules. With this process, each chamber will determine their own pace. Members of each body will have an opportunity to have input into the development of their rules during the public hearings and in the chambers when the rules are adopted. Vote 14-0.

HB 1597, relative to passage of fiscal note bills which do not contain an accompanying fiscal analysis. **INEXPEDIENT TO LEGISLATE**

Rep. Merton S. Dyer for Legislative Administration: This bill would require a separate vote of the house or senate on FN bills if the bill being voted upon does not have a completed fiscal note. At the printing of the bills, the complete fiscal information may not be available. As the bill proceeds through the process, the fiscal note is updated and is available from the clerk's office. The committee feels that the committee report or "blurb" would be the proper place to give notice of the fiscal impact of the bill. Some policy committees do not have the information available to them when the bills leave the committee. Most bills requiring a fiscal note are sent to the Finance Committee. This committee is charged with providing the fiscal effect of the bill. When the bill is voted on, after the finance committee action, this will constitute a second vote and this vote, now in place, follows a logical sequence. Vote 15-0.

HB 1144-L, relative to the property tax exemption of not-for-profit hospitals. **OUGHT TO PASS WITH AMENDMENT**

Rep. Robert W. Brundige for Municipal and County Government: This bill would require the legislative bodies of towns, cities and districts to authorize the tax exemption for not-for-profit hospitals at least every three years. Testimony revealed there is a wide discrepancy in the percentage of services which hospitals contribute for charitable purposes. The amendment established a committee to study the exemption from property taxes for not-for-profit hospitals. Vote 15-0.

Amendment (3850h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study the exemption from property taxes for not-for-profit hospitals.

Amend the bill by replacing all after the enacting clause with the following:

1 Committee Established. There is established a committee to study the exemption from property taxes for not-for-profit hospitals.

2 Membership and Compensation.

I. The members of the committee shall be as follows:

(a) Five members of the house of representatives, appointed by the speaker of the house.

(b) Five members of the senate, appointed by the president of the senate.

II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

3 Duties. The committee shall study the exemption from property taxes for not-for-profit hospitals, including the process for review of their status by municipalities.

4 Chairperson; Quorum. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house

member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Six members of the committee shall constitute a quorum.

5 Report. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the senate president, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 2001.

6 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a committee to study the exemption from property taxes for not-for-profit hospitals.

HB 1259-FN, establishing a coordinated and comprehensive effort by state agencies for economic growth, resource protection, and planning policy to encourage smart growth. **OUGHT TO PASS WITH AMENDMENT**

Rep. Anthony F. Simon for Municipal and County Government: This bill represents the culmination of many years of work to establish, statutorily, the framework for a statewide policy of proper growth and development that protects that which is unique about this state. It directs the Office of State Planning to foster "smart growth", defines that term, requires state agencies to give due consideration to this policy when expending state or federal funds to accomplish projects, establishes gubernatorial oversight over state agency actions in this area and enacts an annual reporting procedure for the council on resources and development. Vote 11-3.

Amendment (3766h)

Amend the bill by replacing all after the enacting clause with the following:

1 Office of State Planning; Duties. Amend RSA 4-C:1, II(c) to read as follows:

(c) Encourage and assist planning, growth management and development activities of cities and towns and groups of cities and towns *with the purpose of encouraging smart growth*.

2 Office of State Planning; Duties. Amend RSA 4-C:1, II(j) to read as follows:

(j) *Take a leadership role in encouraging smart growth and preserving farmland, open space land, and traditional village centers.*

(k) Perform such other duties as the governor may assign.

3 New Subparagraph; Office of State Planning; Coordination. Amend RSA 4-C:6, I by inserting after subparagraph (i) the following new subparagraph:

(j) Smart growth.

4 Office of State Planning; Reports. Amend RSA 4-C:6-a, I(c) to read as follows:

(c) The environmental impact *and smart growth impact* of the program.

5 New Subparagraph; State Development Plan. Amend RSA 9-A:1, III by inserting after subparagraph (c) the following new subparagraph:

(d) Policies to protect and preserve farmland and open space land and to maximize smart growth.

6 New Chapter; State Economic Growth, Resource Protection, and Planning Policy. Amend RSA by inserting after RSA 9-A the following new chapter:

CHAPTER 9-B

STATE ECONOMIC GROWTH, RESOURCE PROTECTION, AND PLANNING POLICY

9-B:1 Findings. The general court finds that:

I. In addition to clean water and air, productive mountain, forest and agricultural open space land is among the state's most valuable assets, and is necessary for the economy and health and welfare of the citizens. The maintenance of this asset is vital if the state is to provide future generations with the same quality of life and environment that we have traditionally enjoyed.

II. Economic development is essential to the well-being and prosperity of our citizens. However, when haphazard development sprawls across the state's landscape, our collective well-being suffers. Fortunately, economic development can take place in a form that maximizes smart growth.

III. The state can encourage development in accordance with this chapter by regularly reviewing its operating procedures, granting policies, and regulatory framework.

IV. A coordinated and comprehensive planning effort by state agencies on future development in the state is needed, which will not only improve our economy, but also encourages smart growth by locating development in appropriate growth areas and thus retaining as much open space land as possible for the long-term.

9-B:2 Policy. It shall be the policy of the state of New Hampshire that state agencies act in ways that encourage smart growth.

9-B:3 Definition. In this chapter, "smart growth" means the control of haphazard and unplanned development and the use of land which results over time, in the inflation of the amount of land used per unit of human development, and of the degree of dispersal between such land areas. "Smart growth" also means the development and use of land in such a manner that its physical, visual, or audible consequences are appropriate to the traditional and historic New Hampshire landscape. Smart growth may include denser development of existing communities, encouragement of mixed uses in such communities, the protection of villages, and planning so as to create ease of movement within and among communities. Smart growth preserves the integrity of open space in agricultural, forested, and undeveloped areas. The results of smart growth may include, but shall not be limited to:

- I. Vibrant commercial activity within cities and towns.
- II. Strong sense of community identity.
- III. Adherence to traditional settlement patterns when siting municipal and public buildings and services.
- IV. Ample alternate transportation modes.
- V. Uncongested roads.
- VI. Decreased water and air pollution.
- VII. Clean aquifer recharge areas.
- VIII. Viable wildlife habitat.
- IX. Attractive views of the landscape.
- X. Preservation of historic village centers.

9-B:4 Expenditure of State or Federal Funds. All state agencies shall give due consideration to the state's policy on smart growth under RSA 9-B:2 when providing advice or expending state or federal funds, for their own use or as pass-through grants, for public works, transportation, or major capital improvement projects, and for the construction, rental, or lease of facilities. The intent of this action is that new investments and grants for existing sites and buildings in existing community centers will be given preference over investments in outlying areas where that is a practical solution for the use and community in question.

9-B:5 Procedures for Review. The governor shall review actions taken by state agencies relative to the provisions of RSA 9-B:4 to ensure compliance with this chapter. The governor shall establish procedures for review no later than December 1, 2000.

9-B:6 Report to the General Court and the Governor. By October 1 of each year, beginning in the year 2000, the council on resources and development, established in RSA 162-C, shall report to the general court and the governor on the following:

- I. Progress by state agencies in complying with the expenditure requirements under RSA 9-B:4.
- II. Progress by the state agencies represented on the council in coordinating the activities to encourage smart growth.
- III. Efforts made to encourage development in accordance with this chapter by regular review of state operating procedures, granting policies, and regulatory framework.

IV. Suggested policy changes or legislation that the council believes would strengthen the state's ability to achieve the smart growth goal of RSA 9-B:2.

7 Council on Resources and Development; Responsibilities. Amend RSA 162-C:2, 1 to read as follows:

1. Consult upon common problems in the fields of environmental protection, natural resources, and growth management *including the encouragement of smart growth*;

8 Council on Resources and Development; Responsibilities. Amend RSA 162-C:2, V to read as follows:

V. Resolve differences or conflicts concerning development [or], resource management, *or the encouragement of smart growth* which result from the work of any agency represented on the council in developing policies, plans, or programs. The council shall investigate; if possible, resolve the problem; and if appropriate, submit its recommendations to the governor and council or to the general court. If investigation by the council shows that the laws and rules of an agency represented on the council are in conflict with those of another agency, the council shall submit a report with recommendations to the governor and council or to the general court;

9 Council on Resources and Development; Responsibilities. Amend RSA 162-C:2, VII and VIII to read as follows:

VII. Review the disposal of state owned real property pursuant to RSA 4:40; ~~and~~

VIII. Provide oversight relative to the statewide public boat access program, work with the public water access advisory board and provide recommendations to the governor and executive council regarding public access; *and*

IX. Complete the annual smart growth report required under RSA 9-B:6.

10 Effective Date. This act shall take effect 60 days after its passage.

HB 1294-L, relative to regional planning commissions. OUGHT TO PASS WITH AMENDMENT Rep. Anthony F. Simon for Municipal and County Government: This bill makes several, largely technical, changes to the regional planning commission statute. The amendment was developed by the Committee in response to concerns that were expressed about the original bill. As amended, the bill recognizes that regional planning commissions are political subdivisions of the state but limits their power to that expressly allowed by statute. It clarifies that the commissions may establish lines of credit and incur short-term debt secured by their assets. It also provides a procedure for changing the boundaries of regions, gives the director of motor vehicles the authority to issue permanent number plates to commission vehicles and encourages consultation between commissions and agencies and institutions operating within their region. Vote 15-0.

Amendment (3790h)

Amend the bill by replacing sections 2-4 with the following:

2 Regional Planning Commissions; Purposes. Amend RSA 36:45 to read as follows:

36:45 Purposes. The purpose of this subdivision shall be to enable municipalities and counties to join in the formation of regional planning commissions whose duty it shall be to prepare a co-ordinated plan for the development of a region, taking into account present and future needs with a view toward encouraging the most appropriate use of land, such as for agriculture, forestry, industry, commerce, and housing; the facilitation of transportation and communication; the proper and economic location of public utilities and services; the development of adequate recreational areas; the promotion of good civic design; and the wise and efficient expenditure of public funds. The aforesaid plan shall be made in order to promote the health, safety, morals and general welfare of the region and its inhabitants. To promote these purposes the office of state planning shall delineate planning regions for the state so that each municipality of the state will fall within a delineated region and shall have the opportunity of forming or joining the regional planning commission for that planning region. In determining these regions the office shall consider such factors as community of interest and homogeneity, existing metropolitan and regional planning agencies, patterns of communication and transportation, geographic features and natural boundaries, extent of urban development, relevancy of the region for provision of governmental services and functions and its use for administering state and federal programs, the existence of physical, social and economic problems of a regional character, and other related characteristics. To accommodate changing conditions, the office may adjust the boundaries of the planning regions, *after consultation with the respective regional planning commissions*.

3 Formation of Regional Planning Commissions; Representation of Not-For-Profit Agencies and Institutions. Amend RSA 36:46, III to read as follows:

III. Each municipality which shall become a member of a regional planning commission shall be entitled to 2 representatives on said commission. A municipality with a population of over 10,000 but less than 25,000 shall be entitled to have 3 representatives on said commission and a municipality with a population of over 25,000 shall be entitled to have 4 representatives on said commission. Population as set forth in this section shall be deemed to be determined by the last federal census. Representatives to a regional planning commission shall be nominated by the planning board of each municipality from the residents thereof and shall be appointed by the municipal officers of each municipality. Representatives may be elected or appointed officials of the municipality or county. In any county or counties in which a regional planning commission has been formed, the county may, by resolution of its county commissioners, become a member of said regional planning commission and shall be entitled to appoint 2 representatives on said commission. The terms of office of members of a regional planning commission shall be for 4 years, but initial appointments shall be for 2 and 4 years. In municipalities entitled to 3 or more representatives, initial

appointment shall be for 2, 3 and 4 years. Vacancies shall be filled for the remainder of the unexpired term in the same manner as original appointments. Municipalities and counties may also appoint alternate representatives. A representative to a regional planning commission shall, when acting within the scope of his official duties and authority, be deemed to be acting as an agent of both the regional planning commission and of the municipality or county which he represents. ***In addition, regional planning commissions are encouraged to, at their discretion, consult with agencies and institutions operating within the region whose activities influence planning and development in that region.***

4 Regional Planning Commissions; Finances. Amend RSA 36:49 to read as follows:

36:49 Finances. A regional planning commission shall determine on a reasonable and equitable basis the proportion of its costs to be borne respectively by each municipality or county which is a member of said commission. A commission may accept and receive in furtherance of its functions, funds, grants, and services from the federal government or its agencies, from departments, agencies and instrumentalities of state, municipal or local government or from private and civic sources. Such funds may be used in conjunction with other funds from federal or state governments or from gifts, grants or contributions available for such work. Municipalities or counties are hereby authorized to appropriate funds to the use of a regional planning commission and to furnish a regional planning commission legal or other services which it may deem reasonable. Failure upon the part of any municipality or county to pay its proportionate annual share of the cost as determined by a regional planning commission shall constitute a termination of such municipality's or county's vote in the commission's affairs until such annual share is paid. Municipalities or counties are hereby authorized to enter into contracts with a regional planning commission for the furnishing of funds or services in connection with the preparation of a comprehensive regional master plan and any special planning work to be done by a regional planning commission for any member municipality or county. Within the amounts appropriated to it or placed at its disposal by gift, grant, or contribution, a regional planning commission may engage employees, contract with professional consultants, rent offices, and obtain such other goods, or services ***and incur short-term operating debt, not to exceed a term of one year and/or a line of credit secured by the assets of the commission***, as are necessary to it in the carrying out of its proper function. ***Member municipalities and counties shall not be liable for any debt or line of credit incurred by a regional planning commission.*** Any private gifts or funds when received shall be deemed a contribution to the regional planning commission for a public purpose within the meaning of any federal or state laws relative to tax exemptions.

Amend the bill by replacing section 6 with the following:

6 New Section; Regional Planning Commissions; Status as Governmental Units. Amend RSA 36 by inserting after section 49 the following new section:

36:49-a Status As A Political Subdivision. Regional planning commissions are political subdivisions of the state. However, regional planning commissions have only that power and authority expressly provided for in RSA 36.

Amend the bill by inserting after section 6 the following and renumbering the original sections 7 and 8 to read as 8 and 9, respectively:

7 Motor Vehicles; Registration and Plates of Publicly Owned Vehicles. Amend RSA 261:92 to read as follows:

261:92 Publicly Owned Vehicles; Nonprofit Corporations. The director shall have the authority to prescribe special rules relative to registration of vehicles owned and driven by the government of the United States, the state, or by any county, city, town, ***regional planning commission***, school district, volunteer fire department, eligible nonprofit corporation operating transportation under contract with the department of transportation for the public or for elderly or disabled persons, or public or private educational institution used for the purpose of student driver training, and may issue permanent number plates for such vehicles. Said vehicles displaying said number plates shall be deemed to be properly registered under the provisions of this title and may be driven upon the ways of the state without further registration or subsequent number plates.

AMENDED ANALYSIS

This bill:

I. Retitles the chapter concerning regional planning commissions.

II. Provides that the office of state planning may adjust the boundaries of planning regions after consultation with the respective regional planning commissions.

III. Encourages consultation by regional planning commissions with agencies and institutions.

IV. Provides that regional planning commissions shall have status as political subdivisions of the state.

V. Allows regional planning commissions to borrow funds and establish lines of credit.

VI. Repeals the authority of regional planning commissions to provide assistance to urban renewal projects or blight removal activities.

VII. Gives the director of the division of motor vehicles the authority to prescribe special rules relative to registration of vehicles owned by regional planning commissions and issue permanent number plates for such vehicles.

HB 1563-FN-L, establishing the Wolfeboro Airport Authority. OUGHT TO PASS WITH AMENDMENT

Rep. Betsey L. Patten for Municipal and County Government: In Chapter 111 (HB 241) Laws of 1989 the General Court recognized that the public interest was served by the acquisition of privately owned airports either by gift or by purchase to protect their future operation as airports. As part of this policy the State was given a "Right of First refusal" to acquire any airport within the State offered for sale. The Wolfeboro Airport issue is a complicated emotional and financial issue between the current landowner and the State. A court case to resolve the dispute over the control of the present airport land is pending. Regardless of the outcome of that suit, an airport authority needs to be created in order to preserve the airport and to be eligible for Federal aviation funds to upgrade the runway. The Municipal and County Government Committee values the need for preserving small airports and worked with the sponsor to balance the needs of the landowners, investors, town and State. Two well-attended public informational meetings were held in Wolfeboro. The Board of Selectmen voted unanimously in favor of establishing the airport authority, and a record 48% voter turnout at town meeting on March 13, 2000 voted by the overwhelming margin of 78% to 22% to establish the airport authority. These votes show the strong commitment of the town of Wolfeboro to its aviation. The amendment, which replaces the whole bill, addresses concerns stated during the 4+ hour public hearing held by the Municipal and County Government Committee. The maintenance of the Wolfeboro (8B8) airport only, the requirement to comply with Wolfeboro's land use regulations and requiring a mandated member from the Board of Selectmen on the authority were addressed. The Committee's concern of a private "veto" power over a public entity was resolved by involving Wolfeboro's Board of Selectmen in the approval and appointment of the members of the authority and with the Commissioner of the Department of Transportation initially appointing two members. The overwhelming majority of the Municipal and County Government Committee voted Ought to Pass with amendment to further support the preservation of aviation in New Hampshire. Vote 14-1.

Amendment (3845h)

Amend the bill by replacing all after the enacting clause with the following:

1 Incorporation. The Wolfeboro Airport Authority, hereinafter referred to as the "Authority" is hereby incorporated as a body politic with the powers and privileges herein provided. Said Authority is a body politic separate and distinct from, and is not a subordinate body of, the town of Wolfeboro, or its boards, commissions, agencies or authorities.

2 Declaration of Purpose. The establishment and maintenance of the airport authorized in section 4 of this act is declared to be for public purposes as an aid to national and state defense, and for the convenience and benefit of the public. The Authority shall be regarded as performing a governmental function in carrying out the provisions of these articles.

3 Powers. The Authority shall have the power:

I. To sue and be sued.

II. To select and have a seal. The seal of the Authority shall be the form of a circle and shall bear the name of the Authority, the year of its organization, and the words "Wolfeboro Airport Authority, State of New Hampshire."

III. To adopt bylaws consistent with the state and federal law, for the conduct of its business.

IV. To acquire, hold, lease and dispose of, in any manner other than by eminent domain, real and personal property deemed necessary or desirable for its purposes.

V. To construct, maintain, reconstruct, improve, operate and manage the "airport" described herein.

VI. To accept loans and grants, and the cooperation of the United States of America, the state of New Hampshire, or any agencies thereof, and private investors, in the purchase, lease, construction, maintenance, reconstruction, improvement, and operation of the airport, and to do any and all things necessary in order to avail itself of such aid and cooperation. The Authority is specifically authorized to enter into agreements with the federal government and the state of New Hampshire, through its various agencies, and private investors, relative to the purchase, lease, construction, maintenance, reconstruction, and improvement of the airport and its operation after completion.

VII. To prescribe and publish rules and regulations governing the use and operation of the airport

VIII. To levy and collect reasonable fees, not prohibited by law, for use of the airport and its facilities.

IX. To grant leases of the facilities of the airport for reasonable periods of time.

X. To employ such assistants, agents and servants, professional, technical, or otherwise, as it shall deem necessary or desirable for its purposes, and fix their compensation.

XI. To do all other lawful acts necessary and incidental to the foregoing powers.

4 Establishment and Operation of the Airport. The Authority is hereby authorized to establish and maintain an airport (8B8) in the town of Wolfeboro, and in connection therewith and as a part thereof, to establish and maintain auxiliary landing places and facilities contiguous to Lake Winnepesaukee.

5 Limitation of Powers. The Authority shall have no power to commit the state of New Hampshire nor any of its political subdivisions, including the town of Wolfeboro or any board, commission, agency or authority thereof, to any obligation or liability whatsoever, nor shall it have the power to encumber any state real estate, except in pursuance of the authority contained in section 3, paragraphs IV or IX of this act. The Authority shall be subject to, and shall comply with, the provisions of the Wolfeboro zoning ordinance and any applicable regulations of the Wolfeboro Planning Board, including those for site review.

6 Exemptions From Taxes, Levies, and Executions. All property, real or personal, and rights used or acquired by the Authority in the town of Wolfeboro or elsewhere, and used and occupied for an airport and auxiliary landing places and facilities shall be exempt from all taxation, except for property which is leased to other taxable entities.

7 Revenue and Funding. The net revenue of the Authority shall be held and invested by it exclusively for the purpose of the future maintenance, operation, and improvement of said airport. All funds to be used for the acquisition, maintenance, operation and improvement of the airport and auxiliary landing places and facilities shall come from federal, state and private airport and airways funding sources, and not from the revenues of the town of Wolfeboro.

8 Financial Aid. The Authority is authorized to make conveyances and appropriations for the use of the airport and auxiliary landing places and facilities. All contributions and appropriations made prior to the effective date of this act by the Authority for the establishment of the airport and auxiliary landing places and facilities, as authorized in these articles, are hereby ratified.

9 Repayment of Initial Investment. The Authority shall give priority to the repayment of any monies advanced by private individuals toward the acquisition of the airport.

10 Membership of the Authority.

I. A member of the board of selectmen of the town of Wolfeboro shall constitute the mandated member of the authority. The selectmen member, together with 6 residents of the town of Wolfeboro nominated, approved and confirmed as hereinafter provided, shall constitute the Authority, and shall be vested with all the powers and charged with all the duties hereinafter granted to and imposed upon the Authority.

II. The mandated member of the authority shall appoint, with the approval of the board of selectmen, one member who has advanced money toward the acquisition of the airport. Three members shall be nominated by those private individuals who have advanced money toward the acquisition of the airport, and shall be approved and appointed by the board of selectmen. Two members shall be appointed by the commissioner of the department of transportation. The members of the Authority shall be nominated and appointed prior to any state acquisition of the airport and transfer to the Authority. Authority members shall serve for 3-year terms and until their successors are appointed. However, upon the initial formation of the Authority, 2 of the members shall

serve for a period of 4 years, 2 of the members shall serve for a period of 3 years, and 2 of the members shall serve for a period of 2 years. Successor members shall be elected by the Authority.

III. After public hearing, any of the members of the Authority may be removed by a majority vote of the Authority members upon written findings of cause, including but not limited to inefficiency, neglect of duty, or malfeasance.

IV. Except for the mandated member, no person shall be eligible for membership of the Authority who at the time of the appointment of such member holds any remunerative public office or position or any employment for compensation (except as an independent contractor) with the United States, the state of New Hampshire, or any political subdivision of either.

11 Compensation. No member of the Authority shall receive any compensation for services. Each member of the Authority shall be reimbursed for actual necessary traveling and other expenses incurred in the performance of the member's duties, payable exclusively out of funds of the Authority available therefor. No member of the Authority shall be allowed any other fees, perquisites, or emoluments, reward, or compensation for services as a member of the Authority.

12 Vacancies. Any vacancies which occurs in the membership of the Authority shall be filled for the remainder of the term in the manner provided in section 10 of this act, as applicable.

13 Officers; Action by Majority. The Authority shall elect annually from its membership a chairperson, vice-chairperson, clerk and treasurer and prescribe their duties. The treasurer shall be the financial agent of the Authority and shall furnish such bond, payable to the Authority, as the Authority shall determine for the faithful performance of the duties of the office. The concurrence of a majority of the membership of the Authority shall be necessary to constitute action by the Authority.

14 Audits and Reports. All financial transactions of the Authority shall be independently audited annually and at such other times and in such manner as the Authority shall determine. The Authority shall make an annual report of its financial and other transactions for the preceding calendar year. This report shall be open for inspection by the public and by the private investors.

15 Civil Liability; Indemnification. No member of the Authority shall incur personal or individual liability for any actions taken in good faith as a member of the Authority. Further, the Authority shall indemnify and save any member harmless from any loss, claim or damages suffered as a result of any vote or action taken in good faith as a member of the Authority, including but not limited to personal financial loss and expenses, such as reasonable legal fees and costs, if any, arising out of any claim, demand, suit or judgment arising from the good faith execution of his or her duties as a member of the Authority.

16 Penalties. Any violation of the published rules, ordinances and regulations of the Authority relating to the airport, and any refusal or neglect to pay lawfully prescribed fees for the use of the airport or its facilities, shall be a class B misdemeanor, provided, however, that nothing contained in this section shall be construed as a limitation upon the civil rights of the Authority.

17 Severability. If any provision of these articles, or the application thereof to any person or circumstance, is held invalid, the invalidity does not affect other provisions or applications of these articles which can be given effect without the invalid provisions or applications, and to this end the provisions of these articles are severable.

18 Effective Date. This act shall take effect upon its passage.

HB 1622-L, relative to budget information in town reports in towns which have adopted the official ballot referenda form of meeting **OUGHT TO PASS WITH AMENDMENT**

Rep. Priscilla P. Lockwood for Municipal and County Government: Current law requires that deputy town clerks, like the clerks themselves, reside in the town where they are in office. Due to labor shortages, lowered interest in public service and the increasing need for specialized skills, there are currently 41 towns which have non-resident deputy clerks in violation of State law. This creates a potentially huge legal problem for every one of those towns. This bill legalizes those 41 deputy clerks, but doesn't permit non-resident deputies to serve as acting clerks in elections and election-related matters. The New Hampshire Municipal Association supports this amendment which was drafted with the assistance of the Secretary of State. Vote 17-0.

Amendment (3929h)

Amend the title of the bill by replacing it with the following:

AN ACT eliminating the requirement that a deputy town clerk have his or her domicile within the town.

Amend the bill by replacing all after the enacting clause with the following:

1 Town Officers; Deputy Town Clerk; Town Domicile Not Required. Amend RSA 41:18 to read as follows:

41:18 Deputy Town Clerk. Each town may have a deputy town clerk who shall be qualified in the same manner as the town clerk, *except that the deputy town clerk need not have his or her domicile in the town*, and who shall perform all the duties of the town clerk in case of his *or her* absence by sickness, resignation, or otherwise. A deputy town clerk appointed hereunder shall be appointed by the elected town clerk with the approval of the selectmen.

2 Filling of Vacancies in the Office of Town Clerk; Towns With Non-domiciled Deputy Town Clerk. Amend RSA 669:65 to read as follows:

669:65 Town Clerk. Vacancies in the office of town clerk shall be filled by appointment made by the selectmen except in towns in which pursuant to RSA 41:18 the selectmen have previously appointed a deputy town clerk, in which case the deputy shall serve as town clerk until the next annual town election. *In any town with a deputy town clerk who is not domiciled in the town, the selectmen shall appoint a qualified town clerk within 30 days of the vacancy, or if any election is scheduled within 30 days of the vacancy, the selectmen shall appoint a qualified town clerk at least 24 hours before the election.*

3 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill eliminates the requirement that a deputy town clerk have his or her domicile within the town. This bill also provides that in any town with a non-domiciled deputy town clerk, if a vacancy appears in the office of town clerk, the selectmen shall appoint a qualified town clerk within 30 days of the vacancy, or if any election is scheduled within 30 days of the vacancy, the selectmen shall appoint a qualified town clerk at least 24 hours before the election.

SB 333, relative to signs for churches. **OUGHT TO PASS**

Rep. Bernard J. Raynowska for Public Works and Highways: The bill provides for directional signs along state highways for churches. The Department of Transportation supported the bill. Vote 17-0.

HB 1209, restricting construction of class B and class C dams. **OUGHT TO PASS WITH AMENDMENT**

Rep. Michael W. Downing for Resources, Recreation and Development: This bill as amended provides a definition of reconstruction relative to Class B and C dams. It would allow the reconstruction of existing B and C dams to insure deficiencies are corrected and the public risk minimized. The bill further recognizes the potential public risk class B and C dams pose and addresses any future construction of new class B and C dams to ensure they provide a public benefit of water supply; flood control; storage and treatment of industrial agricultural, commercial or municipal wastes; hydropower; public recreation; or preservation of historic or cultural resources. Vote 13-3.

Amendment (3331h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the construction and reconstruction of class B and class C dams.

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Dams, Mills, and Flowage; Definitions; Definition of "Reconstruction" Added. Amend RSA 482:2 by inserting after paragraph IX the following new paragraph:

X. "Reconstruction" means:

- (a) A change in the height, length, or discharge capacity of the structure;
- (b) Restoring a breached dam or one in ruins;
- (c) Modification of flashboards which either increases their height or increases the headwater elevation at which the flashboards will fail; or
- (d) A change in the structural configuration of a dam.

2 New Paragraph; Dams, Mills, and Flowage; Erection and Inspection of Dams; Preliminary Filing of Information Amended. Amend RSA 482:9 by inserting after paragraph IV the following new paragraph:

V. The department shall not permit the construction or reconstruction of any class B or class C dam unless:

(a) The dam provides a public benefit of water supply, flood control, storage or treatment of industrial, agricultural, commercial, or municipal wastes, hydropower, public recreation, or preservation of historic or cultural resources; or

(b) The reconstruction is ordered by the department to correct a deficiency identified by the department.

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill inserts a definition of "reconstruction" relative to class B and class C dams and provides that the department of environmental services shall not permit the construction or reconstruction of any class B or class C dam unless the dam provides a public benefit of water supply; flood control; storage and treatment of industrial, agricultural, commercial, or municipal wastes; hydropower; public recreation; or preservation of historic or cultural resources.

SB 331, requiring a report from the public utilities commission and the department of environmental services evaluating whether existing regulatory structures encourage or discourage regional cooperation for water resources management and water conservation. **OUGHT TO PASS**

Rep. Michael W. Downing for Resources, Recreation and Development: This bill directs the Department of Environmental Services (DES) and the Public Utilities Commission (PUC) to prepare a report as to whether regulatory structures for water utilities encourage or discourage regional cooperation for water resources management, and water conservation by June 30, 2001. Issues such as regionalization, interconnections, bond guarantees, zoning policies, wholesale purchase of water and water rates and franchise area have been discussed in at least 12 previous studies going back to 1952. The report, hopefully, will evaluate existing regulatory practices in order to make recommendations that could be the subject of future legislation. Vote 16-0.

SB 381-FN, relative to registration fees for off-highway recreation vehicles. **OUGHT TO PASS**
Rep. William E. Roberts for Resources, Recreation and Development: This bill will do much for the snowmobile clubs of the State of New Hampshire. These clubs take care of grooming the snowmobile trails of the state. Snowmobile clubs also donate thousands of hours of labor, material, and equipment for this purpose. With this grooming, the trails are kept in great condition for all the users and adds to the economics of the state. This bill allows owners of OHRV trails maintenance vehicles to register these vehicles at a rate of \$5.00 each per year. Vote 16-0.

HB 1107, establishing a committee to study whether the public utilities commission should regulate Internet service providers. **OUGHT TO PASS WITH AMENDMENT**

Rep. John H. Thomas for Science, Technology and Energy: The sponsor originally introduced the bill as including a committee to study whether the Public Utility Commission (PUC) should regulate Internet service. The sponsor agreed with the committee that this could be taken up by the Joint Oversight Committee on Telecommunications. The committee also added monitoring special contracts, examining non-disclosure issues, monitoring wireless telecommunications facilities deployment, and monitoring ala carte programming as issues for the Oversight Committee. Vote 15-0.

Amendment (3825h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the duties of the oversight committee on telecommunications concerning telephone utility line use congestion.

Amend the bill by replacing all after the enacting clause with the following:

1 Findings. The general court finds that it is important for the public utilities commission and other involved parties to expeditiously resolve the existing problem of telephone utility customers being unable to obtain a dial tone due to line use congestion.

2 New Paragraphs; Telephone Utilities Service Territories; Duties of the Oversight Committee. Amend RSA 374:22-j, X to read as follows:

X. Monitoring the issue of special contracts by telephone utilities.

XI. Examining the issue of non-disclosure by telecommunications carriers of customer information including information related to services subscribed to by individual customers.

XII. Examining the issue of network congestion on facilities and equipment owned by telephone utilities.

XIII. Monitoring the progress of the office of state planning in relation to wireless telecommunications facilities.

XIV. Monitoring the progress of a la carte programming substitute initiatives to a la carte programming in the cable television industry, and monitoring impacts of television violence on children and initiatives addressing those concerns.

XV. Submitting a report, together with any recommendations for legislation, to the speaker of the house of representatives, the senate president, and the governor on or before November 1 of each year.

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill adds duties to the oversight committee on telecommunications concerning special contracts by telephone utilities, carrier non-disclosure of customer service subscriptions, the issue of network congestion on facilities and equipment owned by telephone utilities, the progress of the office of state planning in relation to wireless telecommunications facilities, and alternatives to a la carte programming in the cable television industry.

HB 1274, limiting the services that a cable television operator may require a consumer to purchase as a condition of access to other video programming. **INEXPEDIENT TO LEGISLATE**

Rep. Roy D. Maxfield for Science, Technology and Energy: The FCC delegated authority to local governing bodies to negotiate a basic cable TV package of channels. All other programming is unregulated. The sponsor objected to TV programming that he was required to receive as part of his cable provider's optional services. Testimony from the industry, including a representative from the Discovery Channel Network, testified that bundling of channels allowed them to discount these services to providers. Advertisers and program developers would be severely impacted if they had to sell each channel a-la-carte, and additional costs would be passed along to subscribers. Many options are available to restrict unwanted programming at little or no cost to a subscriber. Vote 14-1.

HB 1412, relative to electric customer-generators. **OUGHT TO PASS WITH AMENDMENT**

Rep. Gary R. Gilmore for Science, Technology and Energy: Two years ago the legislature established a net energy metering law which allows individual customers to generate electricity and supply excess energy back to the utility by running the customer's meter backwards. There have been some operational problems installing the necessary equipment and disagreements between customer and a utility. Passage of this bill insured that the PUC will finish the necessary rulemaking to implement net energy metering, and that utilities cannot place additional requirements on customers than standards adopted by the PUC. Vote 15-1.

Amendment (3812h)

Amend the bill by replacing all after the enacting clause with the following:

1 Public Utilities; Limited Electrical Energy Producers Act; Net Energy Metering. Amend RSA 362-A:9, I to read as follows:

I. A standard contract or tariff providing for net energy metering shall be developed and made available to eligible customer-generators by each electric distribution utility within ~~[6 months]~~ **90 days** of the start of retail choice of electric suppliers, *or within 90 days of the final approval of net metering regulations issued by the commission, whichever comes first.* Such tariffs or contracts shall be available on a first-come, first-served basis within each electric utility service area under the jurisdiction of the commission until such time as the total rated generating capacity owned and operated by eligible customer-generators totals 0.05 percent of the annual peak energy demand distributed by each such utility as determined by the commission from time to time.

2 New Paragraph; Public Utilities; Limited Electrical Energy Producers Act; Net Energy Metering; Equipment Requirements. Amend RSA 362-A:9 by inserting after paragraph VI the following new paragraph:

VII Once the commission has established standards for equipment used by eligible customer-generators, electric distribution utilities shall not require any additional standards or testing for transmission equipment as a condition of net energy metering.

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill clarifies the time frame within which electric distribution utilities shall make available to eligible customer-generators a standard contract or tariff for net energy metering. The bill also establishes equipment requirements for transmission of energy by a customer-generator to the electric grid.

HCR 27, requesting Congress to propose an amendment to the U.S. Constitution to prevent federal courts from instructing states or political subdivisions of states to levy or increase taxes. **ought to pass with amendment**

Rep. Margaret E. Lynott for State-Federal Relations and Veterans Affairs: This House Concurrent Resolution and its amendment level the playing field for banking consumers in New Hampshire. When interstate banks do business in New Hampshire, they should adhere to the laws of New Hampshire and subdivisions of this state. The amendment gives New Hampshire residents more control over their banking interests. Vote 16-0.

Amendment (3682h)

Amend the title of the resolution by replacing it with the following:

A RESOLUTION requesting Congress to propose an amendment to the U.S. Constitution to prevent federal courts from instructing states or political subdivisions of states to levy or increase taxes and urging the federal government to allow states to exercise greater control over state-specific banking interests.

Amend the resolution by replacing all after the title with the following:

Whereas, separation of powers is fundamental to the United States Constitution and the power of the federal government is strictly limited; and

Whereas, under the United States Constitution, the states are to determine public policy; and

Whereas, it is the duty of the judiciary to interpret the law, not to create law; and

Whereas, our present federal government has strayed from the intent of our founding fathers and the United States Constitution through inappropriate federal mandates; and

Whereas, these mandates by way of statute, rule, or judicial decision have forced state governments to serve as the mere administrative arm of the federal government; and

Whereas, federal district courts, with the acquiescence of the United States Supreme Court, continue to order states to levy or increase taxes to comply with federal mandates; and

Whereas, these court actions violate the United States Constitution and the legislative process; and

Whereas, the time has come for the people of this great nation and their duly elected representatives in state government to reaffirm, in no certain terms, that the authority to tax under the Constitution of the United States is retained by the people who, by their consent alone, do delegate such power to tax explicitly to those duly elected representatives in the legislative branch of government whom they choose, such representatives being directly responsible and accountable to those who have elected them; and

Whereas, several states have petitioned the United States Congress to propose an amendment to the Constitution of the United States of America; and

Whereas, the amendment was previously introduced in Congress; and

Whereas, the amendment seeks to prevent federal courts from levying or increasing taxes without representation of the people and against the peoples' wishes; and

Whereas, allowing the states to exercise greater control over state-specific banking interests promotes greater efficiency in the administration of banking services at the state and local levels; and

Whereas, the federal government should allow the states to exercise such control over state-specific banking interests; now, therefore, be it

Resolved by the House of Representatives, the Senate concurring:

That the Congress of the United States prepare and submit to the several states an amendment to the Constitution of the United States to add a new article providing as follows:

"Neither the Supreme Court nor any inferior court of the United States shall have the power to instruct or order a state or a political subdivision thereof, or an official of such a state or political subdivision, to levy or increase taxes"; and

That this application for an amendment to the Constitution is a continuing application in accordance with Article V of the Constitution of the United States; and

That the federal government should allow the states to exercise greater control over state-specific banking interests; and

That the house clerk transmit copies of this resolution to the President and Vice President of the United States, the Speaker of the United States House of Representatives, and each member of the New Hampshire Congressional delegation.

AMENDED ANALYSIS

This house concurrent resolution requests Congress to propose an amendment to the U. S. Constitution to prevent federal courts from instructing states or political subdivisions of states to levy or increase taxes, and urges the federal government to allow the states to exercise greater control over state-specific banking interests.

HB 1193-FN, relative to the penalty for non-moving violations by youth operators. **INEXPEDIENT TO LEGISLATE**

Rep. Sherman A. Packard for Transportation: This subject matter is something the Transportation committee has been working on for over a year. The committee plans to take the summer and work with the Department of Safety and all interested parties on reversing the graduated licensing law and any further work that may be needed in the driver education program. In the interim, the DOS has initiated changes in the administrative rules governing the under 20 license suspension program. As these changes work their way through the system, the Commissioner of the DOS has instructed the Bureau of Hearings not to suspend any licenses for those under 20 years of age for certain violations. The license shall not be suspended under Saf-C 213.03 (a) 1-2-3, and (b) -1, all non-moving violations. In addition, any person under 20 years of age who has held a New Hampshire driver's license for two years and has not had any convictions in that first two years shall not have their license suspended on first offense, but shall be given a warning. Vote 15-0.

RECONSIDERATION

Having voted on the prevailing side, Rep. Leonard moved that the House reconsider its action whereby it voted **HB 1116-FN**, prohibiting partial-birth abortions Inexpedient to Legislate and spoke in favor.

MOTION TO LAY ON THE TABLE

Rep. Hager moved that **HB 1116-FN**, prohibiting partial-birth abortions, be laid on the table.

Rep. Wendelboe requested a roll call; sufficiently seconded.

The question being the motion to lay on the table.

and the report was adopted.

Rep. Leighton Pratt voted Yea and intended to vote Nay.

HB 1430, establishing a committee to study the circumstances and investigations of the deaths of Janet and Steven Dow. **INEXPEDIENT TO LEGISLATE**

Rep. David A. Welch for Criminal Justice and Public Safety: HB 1430 establishes a study committee charged with investigating and reviewing the evidence surrounding the deaths of Janet and Steven Dow. The study committee would have the duty to consider the scope and quality of all investigations conducted by any federal, state, or local agency of the deaths of Janet and Steven Dow. In order to accomplish this the study committee would have the same investigatory powers as the general court. The study committee is authorized to take evidence under oath, issue subpoenas and search for and seize records, and compel testimony. Based upon research the committee found that in most cases where a legislature has become interested in a particular criminal matter, the legislature has usually addressed the issue by either authorizing a prosecutor (such as the state attorney general) to pursue the matter or had established a special crime commission or task force to conduct the investigation. In the latter approach, legislators sometimes comprise part of the membership of the special commission or task force but the membership also includes criminal investigating experts, prosecutors, attorneys, and regular citizens. The committee fears that there are dangers in establishing a legislative committee to investigate a crime. There are concerns that such a committee may conduct the hearings without certain protections. Hearsay evidence is admissible during these proceedings, as it would not be in a court of law. Because of the admissibility of hearsay evidence, the accused is seldom allowed to confront his accusers. There is therefore no cross-examination of witnesses for the prosecution. HB 1430 would allow the committee to engage in "fishing expeditions." The last time such a committee was convened in New Hampshire was a result of a resolution passed by both houses appointing the Attorney General, Louis Wyman, as a committee of one with subpoena powers, to find subversive activities in state government. This investigation actually resulted in at least two cases being heard at the United States Supreme Court which have become text for some political science text books. The decision in *Sweezy v. New Hampshire*, 354 U.S. 234, imposed restrictions on the conduct of investigations by state legislative committees. It is the federal Supreme Court that warns of "fishing expeditions" and restricts the use of such committees to investigate activities of state government. The committee feels that investigations of suspected wrongdoing and law enforcement in general are the province of the executive, rather than the legislative branch. The committee would rather keep these powers separate instead of merging them. One of the sponsors of HB 1430 submitted questions to the committee which he felt needed to be answered. The committee has pursued this and will include in the committee file, the questions asked and the answers obtained, thus supplying additional information. During the 1997-1998 session the committee did investigate the circumstances surrounding the deaths of Janet and Steven Dow and had concluded that the circumstances were indeed suspicious and that the accident had been staged to cover the fact that the deaths of these two people were not a result of the automobile accident. The original evidence has long since disappeared and the fact that the initial investigation was not complete, it is unlikely that sufficient evidence will ever be discovered to allow prosecution of this event. That this conclusion does not satisfy certain people that are intimately connected to this event cannot be helped. To allow a fishing expedition outside of due process of law would

not be in the best interests of justice and would not increase the likelihood of successful prosecution. Therefore the committee recommends that HB1430 be Inexpedient to Legislate Vote 14-1. Reps. Wiggins and James Johnson spoke against. Reps. Weare and Welch spoke in favor and yielded to questions. Rep. Wiggins requested a roll call; sufficiently seconded. The question being the adoption of the report.

and the report was adopted.

HB 1431, relative to protective orders in domestic violence cases. **OUGHT TO PASS WITH AMENDMENT**

Rep. Beth Rodd for Criminal Justice and Public Safety: The intent of the original bill was to protect the defendant from activities of the plaintiff that would cause the defendant to incur criminal penalties when violation of a restraining order occurred because the plaintiff contacted the defendant. This bill would have criminalized the victim's behavior as well as the abuser's behavior although no domestic violence charges were levied against the victim. The amended version of this bill addresses issues of mutual protection and provides a procedure to deal with emergency needs for contact between the parties. It also maintains the protective orders within the boundaries of federal protection making the orders effective across state lines. Vote 13-0.

Amendment (3900h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Protection of Persons From Domestic Violence; Relief Amended. Amend RSA 173-B:5 by inserting after paragraph VIII the following new paragraph:

VIII-a. Upon issuing an order against a defendant, the court shall advise the plaintiff that it would be unwise and possibly unsafe for the plaintiff to contact the defendant. If the plaintiff wishes to contact the defendant for any reason, the court shall advise the plaintiff that such contact be made only after petitioning the court for a modification of the order. In an emergency situation, plaintiff or plaintiff's family may request that the local police department notify defendant and the local police may accompany the defendant to a designated location, such as a hospital, if appropriate.

2 Effective Date. This act shall take effect January 1, 2001.

AMENDED ANALYSIS

This bill requires that the court, upon issuing an order against a defendant, issue a warning to the plaintiff advising them that it would be unwise and possibly unsafe to contact the defendant. The bill also provides that if the plaintiff wishes to contact the defendant, the plaintiff should petition the court for a modification of the order.

Adopted.

Rep. Loren Jean offered a floor amendment.

Floor Amendment (3971h)

Amend the bill by replacing section 2 with the following:

2 Effective Date. This act shall take effect 30 days after its passage.

Reps. Loren Jean and Welch spoke in favor.

Adopted.

Report adopted and ordered to third reading.

HB 1270-FN-L, relative to charter schools and open enrollment districts. OUGHT TO PASS WITH AMENDMENT

Rep. John R. Alger for Education: As amended, this bill provides an alternative for charter school applicants to apply directly to the State Board of Education for a charter, followed by an approval vote at the school district meeting. It leaves the local school board charter approval process in place. The bill also revises the money given to a charter school to be either 80% of the district average per pupil cost of education (present law) or the district's adequate education grant, whichever is less. In so doing, the bill relieves a school district of paying more than the state adequacy grant, which has been an issue for taxpayers voting on approval of charter schools. Vote 10-8.

Amendment (3815h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph: Charter Schools; Establishment and Application Procedures. Amend RSA 194-B:3 by inserting after paragraph I the following new paragraph:

I-a. Persons eligible to submit an application to establish a charter school under this chapter shall have the option of initiating a charter school application with the school board of the district in which the charter school intends to be located or, in the alternative, with the state board of education.

2 Charter Schools; Establishment and Application; Role of State Board of Education. Amend the introductory paragraph of RSA 194-B:3, II to read as follows:

II. Except as expressly provided in this chapter, the duty and role of the local school board *and the state board* relative to the establishment of a charter school shall be to approve or disapprove the proposed charter school application based upon whether or not the proposed application contains in specific detail the following required elements:

3 Charter Schools; Establishment and Application Procedures Amended. Amend the introductory paragraph of RSA 194-B:3, II (cc) to read as follows:

(cc) In addition to an application, each charter school applicant, in consultation with *either* the local school board *or the state board depending on which body receives the charter school applicant's initial application*, shall prepare a proposed contract. The contract shall include, but shall not be limited to, the following elements:

4 Charter Schools; Establishment and Application Procedures Amended. Amend RSA 194-B:3, III (a)-(b) to read as follows:

(a) Applications for approval of a charter school shall not be submitted to the school board *or to the state board* until the provisions of RSA 194-B:4, I(d)(1) have been adopted by the school district legislative body.

(b) Proposed applications and contracts to establish a charter school shall be presented by July 1 of the year preceding intended operation of the charter school by its prospective board of trustees to the school board of the district in which the charter school intends to be located *or to the state board, depending on which body the applicants select to review the initial charter school application*.

5 Charter Schools; Establishment and Application Procedures Amended. Amend RSA 194-B:3, XI to read as follows:

XI.(a) A charter grantee may apply to the school board *or state board* for amendment to its application and contract, which shall be granted or denied within 30 days at the ~~[school board's]~~ discretion *of the school board or state board*. The school board *or state board* shall notify the school in writing of the decision to grant or deny the proposed amendment, providing reasons for the decision. An approved amended contract shall be promptly signed by the school board within one month of approval.

(b) A charter grantee may appeal the denial *by the school board* of a proposed application and contract amendment to the state board. The state board shall review the proposed amendment and within 30 days shall notify the school ~~[and the school board]~~ in writing of the decision to grant or deny the amendment, providing reasons for the decision. *For applications initiated with the state board, the school may, in writing, petition the state board to reconsider its decision to deny a proposed application and contract amendment. Upon granting reconsideration, the state board shall within 30 days notify the school in writing of its reconsideration decision on the proposed amendment, providing reasons for the decision.*

(c) Within one month of receipt of a notice of approval from the state board ~~[on appeal from a school board denial]~~, the school board shall promptly execute the proposed amended contract.

(d) ~~[When executed]~~ *Upon execution* by the school board, an appealed amended application and contract shall be submitted promptly to the school district legislative body for subsequent ratification or denial without amendment, which decision shall be final. The ratification question shall be placed on the warrant of the next special or annual school district meeting. In districts without annual meetings, the legislative body shall have final authority to ratify or deny the proposed amended application and contract.

6 Charter Schools; Funding Provisions Amended. Amend RSA 194-B:11, I to read as follows:

1. There shall be no tuition charge for any pupil attending an open enrollment or charter conversion school located in that pupil's resident district. Funding limitations in this chapter shall not be applicable to charter conversion or open enrollment schools located in a pupil's resident district. For any other charter or open enrollment school, the pupil's resident district shall pay to such school an amount equal to ~~[not less than 80 percent of that district's average cost per pupil as determined by the department of education using the most recent available data as reported by the district to the department] either 80 percent of the district's average per pupil cost of an adequate education as determined by data from the most current fiscal year or the district's adequate education grant amount as calculated pursuant to RSA 198:41, whichever is less.~~ Tuition amounts shall be prorated on a per diem basis for pupils attending a school for less than a full school year. To the extent permitted by law, funding for a pupil attending a charter or open enrollment school shall be paid on the same time schedule as the resident district, or on such other terms as the school and the funding source may find mutually acceptable.

7 Repeal. RSA 194-B:3, IV(a) and (b), relative to an appeal from a denial of a charter school application by a school board is repealed.

8 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill changes establishment and application procedures for charter schools by authorizing a proposed charter school application to be submitted directly to the state board of education. The bill also provides that the payment for all pupils attending a charter school shall be equal to either 80 percent of the district's average per pupil cost of an adequate education grant amount, whichever is less.

Adopted.

Rep. McGough requested a roll call; not sufficiently seconded.

On a division vote, 204 members having voted in the affirmative and 122 in the negative, the report was adopted and ordered to third reading.

HB 1376-L, relative to the procedure for voting on the school administrative unit budget. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.** Rep. Clair A. Snyder for the Majority of Education: This bill, while enabling, would provide a sort of cafeteria option to each town or city for funding the SAU budget. This could be chaotic in trying to fund services provided by the SAU, which are district-wide and not clearly focused on one town or city. If one town turns down a new copier when the current one is unusable, are they then

denied copier services? Many SAU's have many towns included and if each one had veto power on portions of the total bill, services to each town or city could suffer. Vote 17-2.

Rep. John R. Alger for the Minority of Education: This is simply enabling legislation for a single school district of a SAU to elect a single district SAU budget. With an amendment, it would enable citizens to vote on their SAU budget on a one person, one vote basis, required by constitution, not possible with the single SAU budget currently required by law. However, the bill preserves the current single SAU budget option simply enabling a school district to vote one year to adopt a single district SAU budget that would be implemented the succeeding year.

Majority report adopted.

HB 1308, relative to nomination paper requirements. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. C. Donald Stritch for the Majority of Election Law: This bill addresses the process for candidates to be nominated for office that are not members of any state political party. It requires that any political organization will file in June and submit such names nominated for the primary in September. It allows, in the case of more than one name nominated for an office, to have both names on the ballot. It requires a political organization to pay a \$500 fee in June. Vote 9-6.

Rep. Raymond Buckley for the Minority of Election Law: The bipartisan minority strongly believes that HB1308 as amended makes overly-complicated substantial changes to the process of ballot access for candidate on general election ballot while retaining the confusing situation of having multiple candidates for the same office run under the "Independent" label. The minority believes that there are simpler solutions to the concerns that HB1308 attempts to address. Separate legislative bills can be filed next term.

Amendment (3304h)

Amend the bill by replacing all after the enacting clause with the following:

I Elections; Nominations by Primary; Declaration of Intent; Political Organizations. Amend RSA 655:17-a to read as follows:

655:17-a Declaration of Intent; Other Candidates.

I. Declarations of intent for nonparty or other candidates shall be in the following form and signed by the candidate:

I, _____, declare that I am domiciled in Ward _____, in the city (or town or unincorporated place) of _____, county of _____, state of New Hampshire, and am a registered voter herein; that I intend to be a candidate for the office of _____ to be chosen at the general election to be held on the ____ day of ____; and I intend to file nomination papers by the deadline established under RSA 655:43. I further declare that, if qualified as a candidate for said office, I shall not withdraw; and that, if elected, I shall be qualified for and shall assume the duties of said office.

II. The declaration of intent for a political organization shall be in the following form and signed by the chairman of the political organization.

I, _____, chairman of the _____ organization hereby declare that the _____ organization intends to file nomination papers by the deadline established under RSA 655:43. I further declare that the _____ organization intends to file the names of candidates for the following offices with the nomination papers:

2 New Subparagraph; Elections; Nominations; Nominations by Primary; Administrative Assessment; Primary Petitions; Nomination Papers; Party Organizations. Amend RSA 655:19-c, 1 by inserting after subparagraph (f) the following new subparagraph:

(g) For party organization, \$500.

3 Elections; Nominations; Nomination by Nomination Papers. Amend RSA 655:40-43 to read as follows:

655:40 General Provisions. As an alternative to nomination by party primary, a candidate [may] shall have his or her name placed on the ballot for the state general election by submitting the requisite number of nomination papers pursuant to RSA 655:42, I or II. Such papers shall contain the name and domicile of the candidate, the office for which [he] the candidate is nominated, and the political party or principles [he] the candidate represents, and shall be signed by such persons only as are qualified to vote at the state general election. No voter shall sign more than one nomination paper for each office to be voted for, and no nomination paper shall contain the names of

more candidates than there are offices to be filled. Each *qualified voter desiring to sign a nomination paper* shall sign an individual petition.

655:40-a Nomination of [Party] *Political Organization*. A political [party may] *organization shall have [its name] candidates* placed on the ballot for the state general election by submitting the requisite number of nomination papers, in the form prescribed by the secretary of state, pursuant to RSA 655:42, III. Such *nomination* papers shall contain the name of the political [party] *organization* and shall be signed by such persons only as are qualified to vote at the state general election. No voter shall sign more than one nomination paper which allows a political [party] *organization* access to the state general election ballot.

655:40-b Filing Names of Candidates. The names of the candidates to be listed on the state general election ballot under the political [party] *organization* nominated pursuant to RSA 655:40-a shall be submitted to the secretary of state no later than 5:00 p.m. on [~~the Monday immediately following the~~] *state primary day*. When the list of candidates is filed, it shall be accompanied by a declaration of candidacy signed by each of the candidates. The declaration of candidacy shall be in the form provided by RSA 655:17 with the understanding that, where the form says primary election, it shall be construed to mean general election.

655:41 Certification. Each nomination paper, *either pursuant to RSA 655:40 or pursuant to RSA 655:40-a*, shall be submitted to the supervisors of the checklist of the town or ward in which the signer is domiciled or is registered, and a majority of the supervisors *of the checklist* shall certify whether or not the signer is a legal voter in said town or ward. The supervisors of the checklist shall certify nomination papers under this section in a timely fashion, so that their certification shall be complete for each candidate, together with any objections to the nomination papers submitted, no later than 5:00 p.m. on the Wednesday 2 weeks before the primary. Each nomination paper shall be submitted to the supervisors of the checklist no later than 5:00 p.m. on the Wednesday 5 weeks before the primary.

655:42 Number.

I. It shall require the names of 3,000 legal voters, 1,500 from each United States congressional district in the state, to nominate by nomination papers a candidate for president, vice-president, United States senator, or governor.

II. It shall require the names of 1,500 legal voters to nominate by nomination papers a candidate for United States representative; 750 to nominate a candidate for councilor or state senator; and 150 to nominate a candidate for state representative or county officer.

III. It shall require the names of legal voters equaling 3 percent of the total votes cast at the previous state general election to nominate by nomination papers a political [party] *organization*.

655:43 Filing Deadline.

I. Nomination papers shall be filed with the secretary of state no later than 5:00 p.m. on the Wednesday one week before the primary. No nomination papers shall be accepted by the secretary of state unless the candidate shall have met the age and domicile qualifications for the office he *or she* seeks at the time of the general election and meets all the other qualifications at the time of filing; and if a candidate for the office of governor, executive councilor, state senator, or state representative, unless he *or she* shall file with the nomination papers an affidavit of qualifications as provided in RSA 655:28 and 655:29; and if a candidate for United States senator or United States representative, unless he *or she* shall meet the qualifications for office under RSA 655:3 and 655:4.

II. No candidate who intends to run for any state or federal office in the state general election by means of nomination papers *pursuant to RSA 655:40* shall have his *or her* name placed on the ballot unless [he] *the candidate* files a declaration of intent, as provided in RSA 655:17-a or 655:17-b, within the filing deadline required by RSA 655:14-a.

III. No political organization shall have the names of their candidates placed on the ballot, unless the organization files a declaration of intent, as provided in RSA 655:17-c, within the filing deadline required by RSA 655:14-a.

[HH:] IV. No person who filed as a candidate in the state primary election shall be eligible to have his *or her* name placed on the ballot for the state general election by submitting nomination papers as provided in this subdivision.

4 Effective Date. This act shall take effect 60 days after its passage.

Adopted.

Majority report adopted and ordered to third reading.

HB 1417-FN-A-L, setting priorities for the disposal of certain components of the solid waste stream.
REFER FOR INTERIM STUDY

Rep. George T. Musler for Environment and Agriculture: The effort to meet the 40% reduction vote is important to the Committee and the State. The Committee supports that basic objective and will be working to present a supportable piece of legislation and recommendation in November. Vote 13-2. Adopted.

HB 1418-FN-L, relative to mercury-containing products. **OUGHT TO PASS WITH AMENDMENT**
 Rep. Harold P. Melcher for Environment and Agriculture: This bill is a very small forward step in an ongoing effort to resolve mercury pollution, forged with the cooperation of the industries involved. This is a regional initiative in which NH must coordinate with surrounding states. At this time the current bill is all we should be considering. Vote 12-0.

Amendment (3827h)

Amend the bill by replacing section 2 with the following:

2 New Subdivision; Mercury Reduction. Amend RSA 149-M by inserting after section 50 the following new subdivision:

Mercury Reduction

149-M:51 Definitions. In this subdivision:

I. "Manufacturer" means any person, firm, association, partnership, corporation, governmental entity, organization, combination, or joint venture which produces a product containing mercury or an importer or domestic distributor of a product containing mercury produced in a foreign country. In the case of a multi-component product containing mercury the manufacturer is the last manufacturer to produce or assemble the product. If the multi-component product is produced in a foreign country, the manufacturer is the importer or domestic distributor.

II. "Mercury-added novelty" means a mercury-added product intended mainly for personal or household enjoyment or adornment. Mercury-added novelties include, but are not limited to, items intended for use as practical jokes, figurines, adornments, toys, games, cards, ornaments, yard statues and figures, candles, jewelry, holiday decorations, and items of apparel, including footwear.

III. "Mercury-added product" means a product or a product with a component that contains mercury or a mercury compound intentionally added to the product or component in order to provide a specific characteristic, appearance, or quality or to perform a specific function or for any other reason.

IV. "Mercury fever thermometer" means a mercury-added product that is used for measuring body temperature.

V. "Product containing mercury" means any product or any product with a component that contains mercury or a mercury compound from any source or cause, whether intended or unintended, including, but not limited to, a mercury-added product and a product manufactured using mercury.

149-M:52 Notification.

I. Six months after the effective date of this section no mercury-added product shall be offered for final sale or use or distributed for promotional purposes in this state without prior notification in writing by the manufacturer of the product to the department in accordance with the requirements of this section. Such notification shall at a minimum include:

(a) A brief description of the product to be offered for sale, use, or distribution.

(b) The amount of mercury in each unit of the product reported as an exact number or average per product with an upper and lower limit.

(c) The name and address of the manufacturer.

(d) The total amount of mercury used by the manufacturer of the mercury-added products reported by a company or aggregated by a trade organization for a group of companies.

II. With the approval of the department, the manufacturer may supply the information required above for a product category rather than an individual product. The manufacturer shall update and revise the information in the notification whenever there is significant change in the information or when requested by the department. The department may define and adopt specific requirements in accordance with RSA 541-A for the content and submission of the required notification.

III. This section shall not apply to prescription drugs or any substance that may be lawfully sold over the counter without a prescription under the Federal Food, Drug and Cosmetic Act, 21 U.S.C. 301 et. seq.

149-M:53 Restrictions on the Sale of Certain Mercury-Added Products.

I. No later than one year after the effective date of this section, no toy, game, card, ornament, or mercury-added novelty shall be offered for final sale or use or distributed for promotional purposes in this state if the seller knows or has reason to know that the product contains mercury. Manufacturers that produce and sell mercury-added novelties shall notify retailers about the provisions of this section and how to dispose of the remaining inventory properly.

II. Six months after the effective date of this section, a person shall not sell or supply mercury fever thermometers to consumers and patients, except by prescription. The manufacturers of mercury fever thermometers shall supply clear instructions on the careful handling of the thermometer to avoid breakage and proper cleanup should a breakage occur with all mercury fever thermometers sold through prescriptions.

III. As of the effective date of this section, no school in this state shall use or purchase for use in a primary or secondary classroom, elemental mercury, mercury compounds, or mercury-added instructional equipment and materials, except measuring devices and thermometers for which no adequate substitute exists which are used in school laboratories.

149-M:54 Disclosure for Mercury-Containing Products That Are Used in Health Care Facilities.

I. The requirements of this section apply to all products containing mercury that are used in health care facilities including, but not limited to: acids; alkalis; bleach (sodium hypochlorite); materials used for cleaning, in maintenance, or for disinfection; pharmaceutical products; stains, reagents, preservatives, fixatives, buffers, and dyes.

II. For all products containing mercury offered for sale to health care facilities, within one year of the effective date of this section, the manufacturer shall provide both the department and the purchaser a certificate of analysis documenting the mercury content of the product, down to a 1 part per billion level.

III. The certificate of analysis shall report the result of an analysis performed for mercury on the specific batch or lot of that product offered for sale. The batch or lot number of the product shall be clearly identified on the product and on the certificate of analysis.

IV. Upon receipt of the certificate of analysis, the department may review the data, in consultation with the manufacturer, and take appropriate action to require the manufacturer to eliminate or reduce the mercury content of the product, if feasible.

149-M:55 Limitations on the Use of Elemental Mercury. As of the effective date of this section, no person shall sell or provide elemental mercury to another person in this state without providing a material safety data sheet, as defined in 42 U.S.C. section 11049, and requiring the purchaser or recipient to sign a statement that the purchaser:

I. Will use the mercury only for medical, dental amalgam dispose-caps, research, or manufacturing purposes;

II. Understands that mercury is toxic and that the purchaser will store and use it appropriately so that no person is exposed to the mercury; and

III. Will not place or allow anyone under the purchaser's control to place the mercury or cause the mercury to be placed in solid waste for disposal or in a wastewater disposal system.

149-M:56 Public Education and Outreach.

I. The department shall implement a public education, outreach, and assistance program for households, hazardous waste generators, local and regional solid waste management agencies, dismantlers, institutions, and schools on the hazards of mercury, the requirements and obligations of individuals, manufacturers, and agencies under this subdivision, and voluntary efforts that individuals, institutions, and businesses can undertake to help further reduce mercury in the environment. The department shall cooperate with manufacturers of mercury-added products and other affected businesses in the development and implementation of public education and technical assistance programs.

II. The department shall cooperate with the neighboring states and provinces and regional organizations in the northeastern United States and Canada on developing outreach, assistance, and education programs, where appropriate.

149-M:57 Interstate Clearinghouse. The department is hereby authorized to participate in the establishment and implementation of a regional, multi-state clearinghouse to assist in carrying out the requirements of this subdivision and to help coordinate reviews of the manufacturers' notifications regarding mercury-added products, applications for phase-out exemptions, reviews of the

collection plans, the disclosures of mercury content, applications for alternative labeling, and education and outreach. The clearinghouse may also maintain a list of all products containing mercury, including mercury-added products; a file on all exemptions granted by the states; a file of all the manufacturers' reports on the effectiveness of their collection systems; and a file of the certificates of analysis for certain products containing mercury used by health care facilities as required by RSA 149-M:54.

149-M:58 State Review. The department shall, in consultation with the Committee on the Environment of the Conference of New England Governors and Eastern Canadian Premiers, review the effectiveness of this subdivision no later than 4 years after the effective date of this section and shall provide a report based upon that review to the governor and the legislature. The report shall review the effectiveness of the programs required under the subdivision and may contain recommendations for improving them.

AMENDED ANALYSIS

This bill:

I. Prohibits the sale of certain mercury-added products.

II. Establishes notification and disclosure requirements for permissible mercury-containing products.

III. Establishes limitations on the use of elemental mercury.

IV. Requires the department of environmental services to implement a public education, outreach, and assistance program on the hazards of mercury and relative to the reduction of mercury in the environment.

This bill was requested by the department of environmental services.

Adopted.

Report adopted and ordered to third reading.

HB 1286, relative to relicensure by the pharmacy board of a certain pharmacist. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Alida I. Millham for the Majority of Executive Departments and Administration: This bill would require the board of pharmacy to relicense a certain pharmacist without imposition of any penalties or late fees. In February 1994, this pharmacist was asked, in a routine audit, to submit his continuing education documentation. This coincided with his regular application for relicensure. He supplied "education material", but was unable to supply any certificates of attendance. The pharmacist felt he had been erroneously informed about what the documentation should be, asked for, and received additional time to obtain the certificates. When they were not produced a disciplinary hearing was held in October 1994. His license was suspended for 30 days and he was fined \$500, which is the customary penalty for such an offense. The pharmacist filed a request for voluntary surrender of his license and withdrew his reapplication. The board did not accept the surrender of the license, but it expired in December 1994. He filed for a reconsideration of the decision and requested the tape of the proceedings. It was then discovered that the tape was blank. Because of this, at the April 1995 reconsideration hearing, the board vacated their decision and proceeded with a new hearing. The pharmacist refused to participate in the hearing saying he had surrendered his license and the board no longer had any jurisdiction. The board completed the hearing and arrived at the previous conclusion and assessed a \$500 fine. In September 1995, the pharmacist appealed the decision to the Supreme Court. On December 20, 1996, the Supreme Court issued an opinion that affirmed the board of pharmacy findings and adjudication. The pharmacist had no subsequent contact with the board until he filed for relicensure about two weeks ago. While sympathetic with the situation, the majority of the committee agreed that the pharmacist had not exhausted all available administrative remedies before seeking legislative intervention. Vote 11-8.

Rep. Carolyn A. Virtue for the Minority of Executive Departments and Administration: This bill requires the board of pharmacy to reinstate the license of a certain pharmacist, whose license was not renewed due to a situation that arose after he received incorrect information and misleading direction from the board concerning requirements for relicensure. The definitions in the rules relative to the issue (C.E.U.'s) were unclear at the time as well. The individual made a good faith effort to obtain clarification from the board of pharmacy and to act in accordance with the rules and the direction he received from the board. Despite performing in accordance with the pharmacy board's direction, the board refused the applicant's relicensure as a pharmacist. Subsequent changes in rules

and statute have clarified the issue to prevent this problem from recurring. This bill provides for restitution to the aggrieved party.

Reps. Mirski and Virtue spoke against.

Reps. Millham and Goulet spoke in favor.

On a division vote, 198 members having voted in the affirmative and 135 in the negative, the majority report was adopted.

HB 417-FN-A, relative to the rehabilitation of the Walker building at New Hampshire hospital and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT**

Rep. Kenneth L. Weyler for Finance: The Walker Building sits empty on the state hospital campus. While structurally sound, it was closed years ago as an office building due to a need to update heating, ventilating and electrical systems. It now suffers from years of neglect. The demolition and hazardous waste removal will exceed \$2 million. The cost of repairing the roof, removing wild animals and halting deterioration will be about \$3 million. Neither of these measures will provide the state with any more office space. The state leases hundreds of thousands of square feet of office space at ever-increasing rates.

This bill enables the Walker Building to be rehabilitated to make 100,000 square feet available for office space. The bill directs the Council to use the time- and money-saving method called construction management. It also permits the flexibility of a new funding method. Some national construction companies have had success in other states with fronting the money for construction, doing the job, then accepting fixed payments for twenty years that are generally less than paying for leased space. We would also enjoy the advantage of having the payments fixed for ten years, an adjustment, then another ten years fixed. Plus the project promises to be done years earlier than other methods. Vote 23-0.

Amendment (3928h)

Amend the bill by replacing all after the enacting clause with the following:

I Design for Rehabilitation of New Hampshire Hospital's Walker Building.

I. The department of transportation shall develop and issue a request for proposals from experienced and qualified construction firms or developers for the design, rehabilitation, and reconstruction, and/or financing of the Walker building at New Hampshire hospital.

II. Proposals shall be submitted on or before July 1, 2000.

III. Notwithstanding the provisions of RSA 228:4, 228:4-a and 21-1:22, the department of transportation shall develop criteria for awarding the contract.

IV. The project shall be built under the construction management process, provided that selection and award are based on an objective standard and that there are measurable criteria for evaluation.

2 Decision of the State Treasurer. The state treasurer shall, after consultation with the capital budget overview committee, render a decision as to which of the financing methods provided in paragraphs II and III of section 3 of this act is least costly to the state, and that method shall be utilized for the purposes of this act.

3 Appropriation; Bonds Authorized; Funding Options.

I. The sum not to exceed \$12,600,000 is hereby appropriated to the department of transportation for the purpose of the design, rehabilitation, and reconstruction of the Walker building at New Hampshire hospital authorized in section 1 of this act.

II. To provide funds for the appropriation made in paragraph 1, the state treasurer is hereby authorized to borrow upon the credit of the state not exceeding the sum of \$12,600,000 and for said purpose may issue bonds and notes in the name of and on behalf of the state of New Hampshire in accordance with RSA 6-A. Payments of principal and interest on the bonds and notes shall be made from rents to be paid by non-general-fund agencies occupying the Walker building. The bonds shall be 20-year bonds.

III. To provide funds for the appropriation made in paragraph 1, the state treasurer is authorized to provide funds from rents to be paid by non-general-fund agencies occupying the Walker building for a financing arrangement not utilizing state bonds.

4 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill authorizes the department of transportation to develop and issue a request for proposals for the design, rehabilitation and reconstruction of the Walker building at New Hampshire hospital and to establish criteria for the contract. The bill also makes a bonded appropriation for the cost of the Walker building project, and provides a funding option for the state treasurer regarding funding the project.

Adopted.

Report adopted and ordered to third reading.

HB 1188-FN-L, relative to alternative kindergarten programs. OUGHT TO PASS WITH AMENDMENT

Rep. Jean R. Wallin for Finance: The Finance Committee recommends that this bill be passed as amended to enable school districts to contract with privately-owned kindergartens as alternatives to district-owned kindergartens. The alternative kindergartens shall meet the same standards and fulfill the same requirements as public kindergartens, i.e., designed for five-year-olds; available at district expense to all district children; offered immediately preceding other elementary grades. The private schools chosen shall be non-sectarian. When the so-called kindergarten bill was approved these schools were included. Due to an oversight they were left out of subsequent school funding legislation. Passage will increase the likelihood of all New Hampshire children having access to publicly-funded kindergarten. Vote 24-1.

Amendment (3897h)

Amend RSA 198:48-a, VII as inserted by section 1 of the bill by replacing it with the following:

VII. Until such time as pupils enrolled in an approved alternative kindergarten program shall be counted in the average daily membership in residence, an adequate education grant of \$750 per pupil shall be distributed to school districts, from the education trust fund created in RSA 198:39, for the education of its resident kindergarten pupils enrolled in an approved alternative kindergarten program established pursuant to RSA 198:48-a. Once pupils enrolled in an approved alternative kindergarten program have been counted in the average daily membership in residence, school districts shall receive, for each such pupil, an adequate education grant pursuant to RSA 198:40 through RSA 198:42.

Adopted.

Report adopted and ordered to third reading.

HB 1468-FN, relative to the registration of pharmacy technicians. OUGHT TO PASS

Rep. Joseph E. Stone for Finance: This bill gives the pharmacy board rulemaking authority regarding the duties, functions and standards of conduct of pharmacy technicians. It further provides for the requirement of the supervision and the registration of pharmacy technicians. Although there is a state general fund expenditure of \$13,098 in FY 01 and \$9,398 in subsequent years, the pharmacy board indicates the general fund revenue will increase by \$15,000 in FY 01 and \$17,500 in FY 02 and FY 03, and by \$20,000 in each year thereafter. There is no fiscal impact on county or local expenditures. Vote 17-8.

Adopted and ordered to third reading.

HB 1525, establishing a legislative oversight committee to review the procedures of the health services planning and review board. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. James P. Pilliod for the Majority of Health, Human Services and Elderly Affairs: Noting that there is no appeals mechanism for the function and policies of the Health Services Planning and Review Board, excepting the Supreme Court, and realizing the value of this oversight to legislatively created boards and commissions, the majority of the committee, after much deliberation, voted ought to pass with amendment to provide this much needed review. Vote 12-6.

Rep. Marion L. Copenhaver for the Minority of Health, Human Services and Elderly Affairs: The minority of the committee has some grave reservations about this oversight committee. The genesis of this bill was a perceived feeling of an unfair decision on an Ambulatory Surgical Facility by the Health Services Planning and Review Committee, commonly called the C.O.N. Board. Because of this, it seems clear to the minority of the committee that the oversight committee would have a

biased point of view, which could undermine the fairness and proper function of the board. Furthermore, it should be the prerogative of the legislature to establish an appeals mechanism if such action is necessary. Finally, there is no reason to provide this oversight committee with powers of investigation rarely provided to other oversight committees.

Amendment (3713h)

Amend the bill by replacing section 2 with the following:

2 New Section; Oversight Committee Established. Amend RSA 151-C by inserting after section 15 the following new section:

151-C:16 Legislative Oversight Committee Established; Duties.

I. There is hereby established a legislative oversight committee to review the policies and procedures of the board.

II. The committee shall consist of 6 members, 3 of whom shall be members of the house of representatives, appointed by the speaker of the house, and 3 of whom shall be senators appointed by the president of the senate. Members shall be appointed for their term of office. All members shall be eligible for reappointment so long as they are qualified under this section. Members shall be appointed no later than December 30 of the year of their election to the general court, except that vacancies shall be filled for an unexpired term within 30 days of the creation of such vacancy, and the initial appointments under this section shall be made within 30 days of the effective date of this section. The members shall choose from their number a chairperson, provided that the chair shall rotate biennially between the house and senate members. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

III. The committee shall consider the need to review the policies and procedures of the board and shall make recommendations as it deems necessary. The committee may also investigate the possibility of requiring the executive branch to create an additional appeal mechanism.

IV. The committee shall have the same investigatory powers as the general court.

Rep. Copenhaver spoke against.

Rep. Pilliod spoke in favor.

Rep. Burnham spoke against and yielded to questions.

Rep. Haettenschwiler spoke in favor and yielded to questions.

Adopted.

Majority report adopted and ordered to third reading.

HB 1236, granting a defendant the right to inform the jury of its right to find the defendant not guilty under certain circumstances when the state or a political subdivision is the opposing party. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Tony F. Soltani for Majority of Judiciary: New Hampshire juries inherently have the right to judge the law as well as the facts of the case before them. The juries have had this power since the provincial days, through the revolutionary period, through the civil rights efforts, and to this day. No one challenges the right of the juries, sitting in this state, to acquit a defendant in a case which they find unjust or one which may do violence to their conscience. The opponents, however, argue that we should not inform the jury that they have this right. The majority of the committee was of the opinion that a fully informed juror is the best juror for both sides of the controversy. It makes no sense to withhold from a jury information to which it is entitled. Nor is it appropriate to convey information to a jury in language which is coded or incomprehensible. A jury which is forced to remain ignorant of its legal prerogative is not better suited to serve the purposes of the state or to mete our justice as recognized under New Hampshire law. Vote 8-6.

Rep. Andrew R. Peterson for the Minority of Judiciary: The bill would effectively require that the burden of proof be raised for the prosecution in criminal trials from "...beyond a reasonable doubt" to one where the perceived validity of the law and the personal prejudices of the individual jurors would also need to be overcome. In other words, a prosecutor would have to not only prove the facts but defend the law in every criminal trial. No other state was found which requires this practice. The minority felt that a better way of doing this would have been to allow a presiding judge flexibility in this matter, but require that he or she state the reasons in writing when a request that jury nullification instructions be given is denied.

Amendment (3907h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to an informed jury.

Amend the bill by replacing all after the enacting clause with the following:

1 Findings and Intent. Under the decisions of both the New Hampshire supreme court and the United States supreme court, the jury has an undeniable right to judge both the law and the facts in controversy. The jury system functions at its best when it is fully informed of these prerogatives. The general court wishes to perpetuate and reiterate the rights of the jury, as ordained under common law and recognized in the American jurisprudence, while preserving the rights of a criminal defendant.

2 New Section; Right of Accused; Jury Instruction. Amend RSA 519 by inserting after section 23 the following new section:

519:23-a Right of Accused. In all criminal proceedings, where the defendant has made a timely request, the court shall instruct the jury of its inherent right to judge the law as well as the facts and to nullify.

3 Effective Date. This act shall take effect January 1, 2001.

AMENDED ANALYSIS

This bill states that a criminal defendant has a right to make a request that the court instruct the jury of its inherent right to judge the law and the facts in controversy and to nullify.

Adopted.

Rep. Peterson spoke against and yielded to questions.

Rep. Loren Jean spoke in favor and yielded to questions.

Rep. Craig requested a roll call; sufficiently seconded.

The question being the adoption of the report.

and the majority report was adopted.

Ordered to third reading.

Rep. Dalianis declared a conflict of interest and did not participate.

CACR 33, relating to meetings of the legislature. Providing that the legislature shall assemble biennially. **OUGHT TO PASS**

Rep. Gene G. Chandler for Legislative Administration: CACR 33 would allow the citizens of New Hampshire to vote on the question of whether the legislature should meet biennially. Meeting every year has become increasingly difficult for segments of our society, most importantly citizens with regular jobs and young people with families. Despite meeting annually we still have a two-year budget and if issues come up during the off year, a special session can always be called. If a number of bills were sent to study in the off year the workload for members would be far less than a regular session and more meaningful thought could be put into important issues. If we are to truly be a citizen's legislature we need to avail ourselves of every opportunity to allow all segments of our state to become involved, without creating undue hardship. Vote 10-4.

Rep. Jacobson spoke against.

Rep. Mock spoke in favor.

On a division vote, 171 members having voted in the affirmative and 151 in the negative, the report failed lacking the constitutionally required three-fifths.

Rep. Chandler moved Refer for Interim Study.

LAI'D ON THE TABLE

Rep. Wallin moved that **CACR 33**, relating to meetings of the legislature. Providing that the legislature shall assemble biennially, be laid on the table.

On a division vote, 236 members having voted in the affirmative, and 86 in the negative, the motion was adopted.

REGULAR CALENDAR (CONT'D.)

HB 1598-L, relative to fluoride in drinking water. **INEXPEDIENT TO LEGISLATE**

Rep. Betsey L. Patten for Municipal and County Government: The current procedures for the introduction of fluorides into a public water supply specify the requirements for a public hearing, voter referendum with a majority vote, the engineering and public health merits of the fluoridation proposal and the approval of the Department of Environmental Services. HB 1589 would increase the voter referendum margin to a 2/3 (two-thirds) super majority. The simple majority referendum vote has served public health interests well over a number of years as evidenced by the 10 water works systems which currently fluoride their water. The Municipal & County Government Committee did not hear sufficient evidence that fluoride use in a public water supply requires a change from a majority vote to a super majority vote. There are two local issues that require a super majority. Approving a bond issue and changing the form of government. On the State level, a super majority is required to change the New Hampshire State Constitution. The Municipal & County Government Committee believes that a super majority vote should be reserved for bonding issues and a change in the form of government. Vote 9-5.

Adopted.

HB 1229, requiring the completion of a rate proceeding prior to legislative approval of a settlement agreement with PSNH. **MAJORITY: REFER FOR INTERIM STUDY. MINORITY: OUGHT TO PASS.**

Rep. Jeb E. Bradley for the Majority of Science, Technology and Energy: This bill would require that the Public Utilities Commission (PUC) complete a traditional rate case for Public Service of New Hampshire prior to legislative authorization of the proposed Settlement with PSNH. Per the proposed legislation, a completed rate case would provide a "benchmark comparison" with the Settlement. The majority of the STE Committee is very sympathetic to the goal of the sponsor. This is why the majority will propose that the bill be laid upon the table pending a final order by the PUC on an expected outcome of a rate case. The majority believes this is the best way for the House to retain full control over this critical issue affecting the proposed PSNH Settlement. According to Chapter 289, enacted in July 1999, the PUC is already charged with comparing or benchmarking the projected electric rates of the Settlement with electric rates that would be expected under a traditional rate case. While comparing the expected electric rates of the Settlement to an expected rate case outcome is not the same as completing the rate case, the process is similar. Rate case related testimony by three different witnesses has been submitted to the PUC. These three witnesses project entirely different results were the PUC to complete a rate case for PSNH. One witness, a proponent of the Settlement, projects a rate case would yield rate decreases of 3.5%. A second witness, representing PUC staff, has testified a rate case could yield rate reductions of 7.5% to 12% with a 10% rate reduction likely. Lastly, the Office of Consumer Advocate has projected that a rate case could reduce electric rates 11-16%. Additionally the consumer advocate testified that rate reduction could exceed 25% when refunds from past over charges are factored in. With such a wide disparity of views being submitted as testimony to the PUC, the majority of the STE Committee believes it is prudent to lay this bill on the table while awaiting the actual final orders of the PUC comparing the electric rates of the Settlement to a realistic outcome of a rate case. If the PUC rules that a completed rate case is likely to produce customers benefits as great or better than the Settlement, the STE Committee is very likely to request that the House remove the bill from the table and pass it immediately! It is expected that the PUC orders will be completed by early April with the benchmark comparison also required to be completed. The majority believes it is therefore

prudent to await the PUC orders before taking further action when all the facts are known. Laying the bill on the table leaves the House with all its options and time enough to act. Vote 14-2.

Rep. Gary R. Gilmore for the Minority of Science, Technology and Energy: Ratemaking has always been and likely will remain the responsibility of individual states. By the ratemaking process utilities are guaranteed a fair return and ratepayers a fair rate. Under the Northeast Utilities (NU) Agreement, New Hampshire was to return to traditional ratemaking in the summer of 1997. New Hampshire last had a ratemaking procedure in the late 1980's. Since then it has been governed by the annual increases in the 1990's dictated by the NU Rate Agreement. As a result New Hampshire has the highest rates in the nation. In the proposed settlement the majority of the committee is seemingly placing faith in the Public Utilities "benchmarking" of what a rate case result would be. "Benchmarks" have no validity in law or ratemaking. Benchmarks are just the commission's best guess of what a rate case result might be were a rate case held. The minority believes that New Hampshire ratepayers deserve a true, honest ratemaking process as a necessary first step. A rate case is relatively simple and quick especially as compared to the proposed settlement. Were a rate case initiated at the same time as this settlement it would likely have been resolved several months ago. The settlement still has no end in sight and like the NU Agreement, the settlement produces rates with no basis in ratemaking principles. Passage of this legislation at this time does not harm the legislature in the settlement process, indeed it could serve to strengthen the legislature's ability to negotiate a fair accord. Sending this legislation to interim study or tabling it jeopardizes the ability of this legislature to pass this simple and fair legislation.

Rep. Rose spoke in favor and yielded to questions.

LAI'D ON THE TABLE

Rep. Bradley moved that **HB 1229**, requiring the completion of a rate proceeding prior to legislative approval of a settlement agreement with PSNH, be laid on the table.
Adopted.

REGULAR CALENDAR (CONT'D.)

HB 1281, relative to disqualification of public utility commissioners. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Gary R. Gilmore for Science, Technology and Energy: Current law establishes that a commissioner may be disqualified from a particular docket. There currently is no guidance as to how a disqualification request should be handled. This legislation establishes a simple expedient procedure by which the process can be conducted in an impartial and fair manner to all parties. Rather than the commissioners writing their own opinion as to why they should or should not be disqualified from a particular docket, the bill refers a disqualification request to a master appointed by the Supreme Court. Vote 9-7.

Rep. Jeffrey C. MacGillivray for Science, Technology and Energy: The minority of the committee believes that this bill is undesirable. Once a person has been appointed to an office by governor and council, we should not be looking for ways to make it easier to deprive them of that office on a case by case basis, no matter what the office and no matter how important the case. The committee heard testimony that the existing process for treating requests for disqualifying a public utilities commissioner has only been needed twice in the last 20 years. The presumption should be that a person appointed to an office by governor and council is generally capable of determining when a conflict of interest exists, and there are ample opportunities to appeal a decision under the current process. The courts have enough to do without becoming the party of first resort for every request that a commissioner disqualify himself or herself.

Amendment (3315h)

Amend RSA 363:19-a as inserted by section 1 of the bill by replacing it with the following:

363:19-a Disqualification Request. Any party, as defined in RSA 363:30, V, may request the disqualification of a commissioner from a specific docket or dockets. If the commissioner does not disqualify himself or herself following the request, the request shall be referred to the supreme court for the appointment of a judicial referee to conduct a hearing and make findings of fact and rulings. The hearing on the disqualification request shall be held within 60 days from the filing date of the disqualification request. Within 30 days after the hearing the judicial referee shall issue a decision on the request. The decision shall be subject to the procedure for rehearings and appeals prescribed by RSA 541.

Adopted.

Rep. MacGillivray spoke against.

Rep. Gilmore spoke in favor.

On a division vote, 157 members having voted in the affirmative and 143 in the negative, the majority report was adopted.

Ordered to third reading.

HB 1609, establishing a commission to study issues of diversity, immigration, and English as a second language in New Hampshire. **INEXPEDIENT TO LEGISLATE**

Rep. Michael O'Neil for Executive Departments and Administration: This bill would establish a 24 member state commission on cultural diversity and immigration which would study issues surrounding English as a second language and immigration patterns with particular focus on the changing economic and educational needs of the diverse cultures in the state. After much discussion, the committee voted inexpedient to legislate. It was the consensus of the committee that the issues of cultural diversity are best handled at the local level where the community can address the problems directly affecting them. Vote 18-0.

Rep. Garrish spoke against.

Adopted.

HJR 23, urging the executive branch to negotiate an expedient settlement resolving the Claremont dispute. **INEXPEDIENT TO LEGISLATE**

Rep. Charles L. Vaughn for Finance: This joint resolution tells the executive branch that it should negotiate a settlement with the Claremont II plaintiffs to resolve the dispute as quickly as possible because further delay has a detrimental impact on the delivery of public education to the children of the state. Ideas expressed in the resolution are devoutly wished by all members of the New Hampshire House as citizens' representatives. Still, committee members questioned the probity of the general court demanding certain actions of the chief executive even if the word "ought" might moderate the bluntness of a resolution about the Claremont dispute. Separation of powers requires understanding and respect for the functions of each branch. Thus the committee found the resolution inexpedient to legislate. Vote 20-0.

Adopted.

HB 1177, relative to the effective date of legislation establishing a chartered or statutory legislative committee. **INEXPEDIENT TO LEGISLATE**

Rep. Merton S. Dyer for Legislative Administration: This bill will establish the effective date of chapter and statutory study committees approved by the legislature to be effective upon passage of the bill authorizing the study committee. This will allow the appointing authorities to make appointments immediately after passage and allow the committee to begin their work in a timely fashion. Vote 13-0.

Rep. Dyer spoke against.

The report failed

Rep. Dyer moved Ought to Pass and spoke in favor.

Adopted and ordered to third reading.

HB 1231, requiring proposed legislation to be reviewed by a house or senate special committee to determine constitutionality prior to its introduction. **INEXPEDIENT TO LEGISLATE**

Rep. John H. Thomas for Legislative Administration: The committee voted this bill inexpedient to legislate because the legislature proposes, the governor executes, and the judicial system interprets. The house, which is ever-changing, has good common sense but may not have the expertise and the research capabilities to determine the constitutionality of all legislation before it has been introduced and heard. The state constitution is one item, but the United States Constitution is another matter. The bill allows only the special committee to make amendments or recommends that the bill not be passed. There is no provision on what action will be taken if the committee finds the bill is not in conflict with the constitution. Vote 13-1.

Rep. Mirski spoke against.

Adopted.

HB 1452, establishing a committee to study the recodification of laws relating to the joint committee on legislative facilities. **OUGHT TO PASS WITH AMENDMENT**

Rep. Donnalee Lozeau for Legislative Administration: The amendment replaced the bill which created a study committee to look at recodification of laws relating to the joint legislative facilities

committee. The committee believes it is reasonable to put into statute the current responsibilities of the joint facilities committee. The sponsor's primary concern was that session law contained most of this information. When people look for information they are most accustomed to looking in the RSA's. This now accomplishes the recodification goal. Vote 12-0.

Rep. Dyer moved Re-commit to Committee.

Adopted.

RESOLUTION

Rep. Chandler offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Thursday, March 30, 2000 at 10:00 a.m.

Adopted.

LATE SESSION

Third reading and final passage

HB 1611, recodifying the state's DWI laws.

HB 1621-FN, allowing administrative home confinement for habitual offenders.

SB 336, relative to the issuance of fire permits.

HB 1195, making technical changes to the law regulating acupuncture.

HB 1203-L, relative to the adoption of rules by the commissioner of cultural resources regarding public libraries.

HB 1338, increasing the membership of the American and Canadian French cultural exchange commission.

HB 1371, relative to allocation and distribution of funds for community-based prevention and diversion programs for children and juveniles.

HB 1467-FN, relative to the registration of mail-order pharmacies.

HB 1606-FN, establishing the governor's commission on alcohol and drug abuse prevention, intervention, and treatment.

HB 1459, requiring the state police to record and update information relative to the charges of criminal and civil non-support.

HB 1552-FN-A, establishing a telecommunications development initiative in New Hampshire and making an appropriation therefor.

HJR 22, relative to the unintended consequences of the Balanced Budget Act of 1997.

HB 1506, extending the reporting date of the committee studying ambulatory surgical facilities and relative to the threshold limit for certain new health facilities under RSA 151-C.

HB 1145, limiting the liability of state certified fire instructors.

HB 1144-L, establishing a committee to study the exemption from property taxes for not-for-profit hospitals.

HB 1259-FN, establishing a coordinated and comprehensive effort by state agencies for economic growth, resource protection, and planning policy to encourage smart growth.

HB 1294-L, relative to regional planning commissions.

HB 1563-FN-L, establishing the Wolfeboro Airport Authority.

HB 1622-L, eliminating the requirement that a deputy town clerk have his or her domicile within the town.

SB 333, relative to signs for churches.

HB 1209, relative to the construction and reconstruction of class B and class C dams.

SB 331, requiring a report from the public utilities commission and the department of environmental services evaluating whether existing regulatory structures encourage or discourage regional cooperation for water resources management and water conservation.

SB 381-FN, relative to registration fees for off-highway recreation vehicles.

HB 1107, relative to the duties of the oversight committee on telecommunications concerning telephone utility line use congestion.

HB 1412, relative to electric customer-generators.

HCR 27, requesting Congress to propose an amendment to the U.S. Constitution to prevent federal courts from instructing states or political subdivisions of states to levy or increase taxes and urging the federal government to allow states to exercise greater control over state-specific banking interests.

HB 1431, relative to protective orders in domestic violence cases.

HB 1270-FN-L, relative to charter schools and open enrollment districts.

HB 1308, relative to nomination paper requirements.

HB 1418-FN-L, relative to mercury-containing products.

HB 417-FN-A, relative to the rehabilitation of the Walker building at New Hampshire hospital and making an appropriation therefor.

HB 1188-FN-L, relative to alternative kindergarten programs.

HB 1468-FN, relative to the registration of pharmacy technicians.

HB 1525, establishing a legislative oversight committee to review the procedures of the health services planning and review board.

HB 1236, relative to an informed jury.

HB 1281, relative to disqualification of public utility commissioners.

HB 1177, relative to the effective date of legislation establishing a chaptered or statutory legislative committee.

UNANIMOUS CONSENT

Reps. Burling, Craig and Kennedy addressed the House.

Rep. Dokmo moved that the remarks made by Rep. Burling be printed in the Journal.

Adopted.

Rep. Burling: Thank you, Madam Speaker and thank you, my colleagues. This is not an easy task. We all know what an extraordinary place of extremes this House can be. Last week I was moved and amazed to watch as representatives came to these two speaking places and shared not only their intellectual views about important issues but opened their hearts and in some cases, opened their faiths to us, that we might examine them and understand their minds. That process reached a particular point when two representatives, both, I'm proud to say, members of the New Hampshire Bar and members of this House, stood before us and talked about the reasons that they had tried to amend a bill that was before us to make that bill constitutional. It is then, with shock and dismay, that I read this in the newspaper published in Manchester. There are right ways and wrong ways of speaking about politics and faith and human worth and what we do in this House. This particular effort is as bad a job as I have ever seen. It's bad not because it disagrees with what a given representative said in here. It is bad because it attacks the given representative's faith. It attacks the vulnerability that he exposed when he tried to speak about what he was doing. It denigrates and condemns his relationship to God and that is without mercy and it is without reason and it will not be tolerated. I rise today to say something to my colleague from Manchester, Rep. Craig. I want to say just these words: "I am proud of you and I'm proud to call you a colleague and a fellow member of the Bar. I'm dazzled that you were willing to show us the nature of your faith and the amount of hurt that you were experiencing as you tried to make your way through a tough issue. I just want to say to all of my colleagues, but particularly to you, whenever you do something that brave you'll have my support and the support of all of us in this House and I say, thank you".

RECESS MOTION

Rep. Chandler moved that the House stand in recess for the purpose of introduction of bills, receiving Senate Messages, enrolled bill amendments and enrolled bill reports only.

Adopted.

The House recessed at 6:05 p.m.

RECESS

(Rep. Keith Herman in the Chair)

ENROLLED BILLS REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled House Bills 246, 1114, 1126, 1134, 1196, 1206, 1225, 1283, 1287, 1378, 1409, 1455 and 1523 and Senate Bills 341, 355 and 382.

Rep. Ronald Nowe, Sen. D'Allesandro for the Committee

RECESS

(Speaker Sytek in the Chair)

Rep. Lozeau moved that the House adjourn.

Adopted.

HOUSE JOURNAL No. 12

Thursday, March 30, 2000

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by House Chaplain, Reverend Hays M. Junkin, Rector of Saint Andrew's Episcopal Church in Hopkinton.

Compassionate Creator, we pause to thank You for the blessings of this day before resuming the responsibilities of government in our beloved New Hampshire. Both March and its madness are almost at an end, but before the clock runs out we wish to remember David and Paula Bonner, the faithful and dedicated parents of our native son, Matt, whose basketball dream of "Final Four" competition continues this weekend. Bless all parents whose work, dedication and love encompass the children who grace their lives, and may all of us draw strength and wisdom from the examples set by David and Paula who serve their family and our community in countless ways. And Lord, a few more points for Matt this weekend would be a real slam-dunk! Amen.

Rep. Stone led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. Clemons, Patricia Cote, Eaton, Gibbons, Heon, Lovejoy, Perkins and Searles, the day, illness. Reps. Bergeron, DePecol, Doucette, Haley, Lavoie, Lessard, Lundborn, McRae, O'Keefe, O'Neill, Pantelakos, Picconi, Spear, Torressen, Weatherspoon, Welch and Woodward, the day, important business.

Rep. Withee, the day, death in the family.

Reps. Dawe and Tara Reardon, the day, illness in the family.

INTRODUCTION OF GUESTS

Louise Remington, guest of Rep. Alger. Aimee Lynn and Amanda Jean Merrill, granddaughters of Rep. Merrill. Pam Weaver, guest of Rep. Chandler. Barbara Brewster and Audry Schaefer, wife and guest of Rep. Brewster. Dr. Dov Levy and Bobbi Hoffman, guests of Rep. Rosenfield.

SPECIAL GUESTS

The Sunapee Middle High School Girls' Varsity Volleyball Class S Championship Team, guests of the House.

Francine Balboni and Pamela Griffiths, recipients of this year's OWLS Scholarship awards, guests of the House.

CLERK'S NOTE

When less than two-thirds of the elected membership is present, Part II, Article 20 of the state constitution requires the assent of two-thirds of those present and voting to render their acts and proceedings valid.

REGULAR CALENDAR

HB 1164, relative to insurance compliance self audits. REFER FOR INTERIM STUDY

Rep. Stephen G. Avery for Commerce: This bill aims at encouraging insurance companies to conduct voluntary, internal self-audits to assure that their activities are complying with legal and regulatory requirements. The bill would protect the results of such self-audits from forced disclosure in private lawsuits or administrative proceedings, while at the same time providing continued access by the New Hampshire Insurance Department. The bill appears to have been carefully drafted in consultation with the insurance department, which testified in support. The bill would extend protection to insurance company self-audits that are similar to what present law provides, for quality assurance self-audits by hospitals, nursing homes and clinics. However, as applied to insurance companies, the proposal is fairly new and has been adopted in only a few other states, although similar legislation has been introduced in many states. The committee would prefer to take a longer look at the bill and at actions taken in others states, than time currently permits during the present session. Accordingly, the committee is recommending serious interim study. Vote 18-2.

Adopted by the necessary two-thirds.

HB 1183, relative to consumer access to providers for the term of the consumer's health benefit plan and extending the reporting date of a committee. **OUGHT TO PASS WITH AMENDMENT** Rep. Sheila T. Francoeur for Commerce: This bill, as amended, will provide that when a health plan is terminated, there will be a grace period of 90 days from the renewal date of the plan, for covered persons to have continued access to providers of health care services. This bill was in response to the Tuft's Health Plan situation and the large number of individuals who were left without a health carrier. The termination transition in this bill will help to avoid similar situations from developing in the future. The bill also expands and extends the study of 1199,155:2 and includes investigating specific problems within the health care industry and the feasibility of creating a health care oversight entity. Vote 19-0.

Amendment (3715h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to consumer access to providers for the term of the consumer's health benefit plan and relative to the committee studying certain financial arrangements.

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Consumer Access to Network Providers. Amend RSA 420-J:8 by inserting after paragraph X the following new paragraph:

XI. Every contract entered into after September 30, 2000 between a health carrier and any institutional provider or provider organization that includes more than 10 providers shall contain a provision addressing continued access to providers subsequent to the non-renewal of the contract. The effect of this provision shall be to assure that covered persons will have continued access to the institutional provider or to providers within the provider organization in the event that the health carrier and the institutional provider or provider organization fail to renew their contract as of its termination date. The continued provider access that covered persons are entitled to under this paragraph shall be in accordance with the terms and conditions of the covered person's health benefit plan and the prior contract between the health carrier and institutional provider or provider organization. Such provider access shall be made continuously available until the renewal date of the health benefit plan or 90 days after the contract termination date, whichever is sooner. Within 5 working days of the contract termination, the health carrier should provide written notice to affected covered persons explaining their continued access rights.

2 Members Added. Amend 1999, 155:2, I to read as follows:

I. The members of the committee shall be as follows:

(a) [~~Three~~] **Five** members of the house of representatives, at least 2 of whom shall be from the house commerce committee, appointed by the speaker of the house.

(b) [~~Three~~] **Five** members of the senate, appointed by the president of the senate.

3 Duties Added; Quorum; Report Date Extended. Amend 1999, 155:3-5 to read as follows:

155:3 Duties. The committee shall study the financial arrangements and contracts among hospitals, health care providers, and insurance companies. The study shall include, but not be limited to, how these arrangements affect insurance premiums and health care costs in New Hampshire. The committee shall examine how reimbursement rates are determined and withholdings are calculated. ***The committee shall investigate health care issues and specific problems within the health care industry. The committee shall also study the feasibility of creating a health care oversight entity.*** The committee may seek outside information from any relevant source.

155:4 Chairperson; Quorum. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section. [~~Four~~] **Six** members of the committee shall constitute a quorum.

155:5 Report. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the senate president, the house clerk, the senate clerk, the governor, and the state library on or before November 1, [~~1999~~] **2000**.

4 Effective Date.

I. Section 1 of this act shall take effect 60 days after its passage.

II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill requires continued consumer access to certain network providers for the term of the consumer's health benefit plan when health carriers and hospitals or provider organizations fail to renew their contract.

This bill also adds members and duties to and extends the reporting date of the committee to study certain financial arrangements established in 1999, 155.

Adopted the necessary two-thirds.

Report adopted and ordered to third reading by the necessary two-thirds.

HB 1317, relative to rights of rental applicants. INEXPEDIENT TO LEGISLATE

Rep. Tara G. Reardon for Commerce: This bill would apply to an individual renting only one apartment unit every couple of years, as well as large professional landlords. The reason for the denial of housing may be a combination of factors as compared to other applicants. The committee felt this provision was onerous because it levies a minimum \$200 fine when no real incidents or problems were identified at the hearing. Vote 14-5.

Adopted by the necessary two-thirds.

HB 1335, requiring hospitals to disclose certain information to the attorney general. OUGHT TO PASS WITH AMENDMENT

Rep. Gene B. Marshall for Commerce: This bill, the result of a chapter study on financial relationships in the health care industry, requires that hospitals and physician hospital organizations (PHO) disclose certain financial information to the Attorney General on an annual basis. Such information is to include financial relationships between the hospital and the PHO; the number of providers; and the frequency of negotiations. The report shall be a public record pursuant to RSA 91-A: 4 and RSA 91-A: 5, IV. Vote 16-1.

Amendment (3733h)

Amend the bill by replacing section 1 with the following:

I New Subdivision; Hospitals and Physician Hospital Organizations. Amend RSA 151 by inserting after section 30 the following new subdivision:

Hospitals and Physician Hospital Organizations

151:31 Disclosure of Information; Hospitals and Physician Hospital Organizations.

I. Hospitals, as defined in RSA 151-C:2, shall make an annual report, beginning on November 1, 2000, to the attorney general including the following information:

(a) The hospital's financial relationships with physician hospital organizations.

(b) Number and type of providers employed by the hospital and contracting with physician hospital organizations.

(c) Frequency of contract negotiations with providers and physician hospital organizations.

II. The attorney general may review contracts resulting from the relationships set forth under paragraph I.

III. The attorney general may disclose all information required under this subdivision to the commissioner of the department of insurance, the commissioner of the department of health and human services, and any state or federal law enforcement agency.

IV. The annual report shall be a public record pursuant to RSA 91-A:4. The attorney general may, at the request of a submitting party, deem information contained in the annual report or records submitted with the annual report, to be confidential, commercial or financial information which is exempt from public disclosure pursuant to RSA 91-A:5, IV.

AMENDED ANALYSIS

This bill requires hospitals to disclose information regarding financial relationships with physician hospital organizations to the attorney general.

Adopted by the necessary two-thirds.

Report adopted and ordered to third reading by the necessary two-thirds.

HB 1361, relative to ingredients in restaurant-prepared meals. INEXPEDIENT TO LEGISLATE

Rep. Stephen G. Avery for Commerce: Allergic reactions to some foods prepared in restaurants can be a problem for some people. The sponsor did a good job pointing out many of the hazards that can occur. The New Hampshire Lodging and Restaurant Association will be working with the

sponsor and the State Division of Public Health to better educate all food service establishments about the needs of these patrons, and the procedures that should be taken to prevent allergic reactions. The committee felt that increasing the food industries' and customers' awareness was the way to go at this time and that if improvements were not made, the sponsor could introduce new legislation next session. Vote 13-4.

Adopted by the necessary two-thirds.

HB 1403, relative to ownership of property appraisals. **INEXPEDIENT TO LEGISLATE**

Rep. Joseph D. Kenney for Commerce: This bill establishes that property appraisals maintained by a bank are the personal property of the real estate owner. Several factors suggest that this legislation is impractical. There are numerous types of appraisals and they become outdated very quickly based on a changing market. Currently, federal law requires that a bank provide a copy of an appraisal to anyone who pays for it. Additionally, federal law requires a bank to maintain a list of qualified appraisers and to use only those appraisers. The bill also allows the real estate owner to own the appraisal, not necessarily the person who has paid for it. Vote 10-8.

Adopted by the necessary two-thirds.

CLERK'S NOTE

The constitutionally required two-thirds of the membership was declared present.

HB 1451, establishing a committee to study the concept of a Northeastern regional compact on matters of interstate commerce. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Dennis P. Vachon for the Majority of Commerce: The majority of the committee applauds the sponsors of HB 1451 for wanting to establish a committee to study matters of interstate commerce among the northeastern states. This issue is so important that the majority of the committee would like to inform House members that partnerships between state governments in the Northeast as well as across the nation already exist. The National Council of State Legislators (NCSL) and the Council of State Government/Eastern Regional Conference (CSG/ERC) currently meet regularly on matters of interstate commerce. CSG/ERC works with the private sector to facilitate regional cooperation as well as international trade from the Northeast. Instead of establishing a study committee, more legislators should be encouraged to become involved in existing programs promoting interstate commerce. Vote 9-8.

Rep. Keith R. Herman for the Minority of Commerce: This is a simple study committee bill to look into forming a Northeast Regional Compact on interstate trade. Heating oil, prescription drugs, health insurance, and criminal justice are all topics currently being considered on a regional basis. With the growing use of the Internet and the blurring of tax differences between the states, the legislature must be involved with the efforts of the governor's office, various state departments, and private enterprises. The minority feels that because the Commerce Committee has traditionally studied these issues, creation of this study committee makes sense.

Rep. Dickinson spoke against.

Rep. Crosby spoke in favor and yielded to questions.

On a division vote, 162 members having voted in the affirmative, and 137 in the negative, the majority report was adopted.

HB 1589, prohibiting the use of genetic testing for certain insurance policies. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: OUGHT TO PASS.**

Rep. Stephen G. Avery for the Majority of Commerce: This bill, as amended, will affect only long-term care insurance. The committee felt that banning genetic testing with life insurance would be disruptive to the marketplace and would hurt New Hampshire's citizens' availability to buy life insurance. Long-term care insurance is a relatively new product and therefore this bill, as amended, will have a lesser impact on premiums. Given that genetic testing is rarely, if at all done today, and with advice from the insurance department, the committee decided it is premature to ban genetic testing before any consumers have yet to be harmed. This amendment is the same bill that was passed by the house in 1997. Vote 11-7.

Rep. Dennis P. Vachon for the Minority of Commerce: Those of us on the committee who voted against the subcommittee amendment feel that the bill as originally submitted offers a preferable public policy position on the issue. The subcommittee amendment would remove the provision, which would have included life insurance policies of less than \$500,000.00 in the ban against re-

quiring genetic testing or the disclosure of such testing as a condition of coverage. Only a minority of the committee appears to support the concept that such a ban would eliminate the possible chilling effect on the use of genetic testing that allowing insurers to utilize such information has on individuals who might otherwise benefit from it as a health screening device. Unlike the majority of the committee, we believe that the possibility that people are inhibited from using genetic testing to learn if they are hereditarily prone to such diseases as breast cancer outweighs any hypothetical, adverse selection consequence for life insurers.

Amendment (3705h)

Amend the bill by replacing all after the enacting clause with the following:

1 Long-term Care Insurance Coverage. Amend RSA 141-H:4 and RSA 141-H:5 to read as follows:

141-H:4 Use of Genetic Testing in Health Insurance *and Long-term Care Insurance*. ~~[A health]~~ *An* insurer in connection with providing health insurance *or long-term care insurance* shall not:

I. Require or request directly or indirectly any individual or a member of the individual's family to undergo genetic testing.

II. Require or request directly or indirectly any individual to reveal whether the individual or a member of the individual's family has undergone genetic testing or the results of the testing, if undergone by the individual or a member of the individual's family.

III. Condition the provision of health insurance coverage, *long-term care insurance coverage*, or health care benefits on whether an individual or a member of the individual's family has undergone genetic testing or the results of the testing, if undergone by the individual or a member of the individual's family.

IV. Consider in the determination of rates or any other aspect of health insurance coverage, *long-term care insurance coverage*, or health care benefits provided to an individual whether an individual or a member of the individual's family has undergone genetic testing or the results of the testing, if undergone by the individual or a member of the individual's family.

141-H:5 Use of Genetic Testing in Life~~;~~ *and* Disability Income~~;~~ *and Long-term Care* Insurance

I. Except as provided in paragraph II of this section, the provisions of this chapter shall not apply to the provision of life insurance~~;~~ *or* disability income insurance~~;~~ *or long-term care insurance*.

II. A person in the business of providing life~~;~~ *or* disability income~~;~~ *or long-term care* insurance who obtains information with respect to any genetic testing of an individual or a member of the individual's family shall not use that information in writing a type of insurance coverage other than life~~;~~ *or* disability income~~;~~ *or long-term care* insurance.

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill provides that an insurer providing long-term care insurance shall not require persons to undergo genetic testing unless under the terms of an employee benefit plan.

Rep. Vachon spoke against.

Rep. Hunt spoke in favor.

On a division vote, 155 members having voted in the affirmative and 149 in the negative, the majority amendment was adopted.

Majority report adopted and ordered to third reading.

HB 1224, relative to the process for nonrenewal of teacher contracts. OUGHT TO PASS WITH AMENDMENT

Rep. Warren C. Henderson for Education: Reform of what the public knows as "teacher tenure" is one of the most widely supported education initiatives. The committee heard compelling testimony that the problem of "non-renewing" teachers who are deemed nonperforming is real and it is serious. The current process is so long, so convoluted and so expensive that it clearly is "broken". The committee heard nearly unanimous support for the bill, the only exception being representatives of the teachers' unions. Reforming our educational system will be a lengthy process. Reforming teacher tenure is a very positive step forward in the process. Vote 12-7.

Amendment (3894h)

Amend the bill by replacing section 5 with the following:

5 Effective Date. This act shall take effect January 1, 2001.

Adopted.

Reps. Arthur Pelletier and Brennan spoke against.
 Reps. Henderson and O'Hearn spoke in favor and yielded to questions.
 Rep. Yeaton requested a roll call; sufficiently seconded.
 The question being the adoption of the report.

Ordered to third reading.

Rep. Mirski declared a conflict of interest and did not participate.

HB 1427, relative to the calculation of the days of school in the school year. REFER FOR INTERIM STUDY

Rep. P. Judith Sullivan for Education: This bill would allow local school boards to credit equivalent, total instructional hours toward the total required number of school days in a school year. The majority of the committee agrees with the intent of this bill, but believes there are several issues that need further study. Rule Ed. 306.05 has a process, which currently allows for this type of alternative scheduling, but only for one year at a time. The term "instructional hours", as referred to in Rules is not clearly defined. The majority of the committee recommends this bill to interim study. Vote 16-3.

Adopted.

HB 1619-FN, relative to school employee and volunteer background investigations. OUGHT TO PASS WITH AMENDMENT

Rep. Brien L. Ward for Education: This bill, as amended, prohibits an individual who is convicted of certain felony drug offenses from being employed or volunteering in New Hampshire schools. Appropriate governing bodies may, however, waive the prohibition of employment if the conviction date preceded the date of hire by at least 10 years. Vote 14-3.

Amendment (3889h)

Amend the bill by replacing all after the enacting clause with the following:

I Education; School Boards, Transportation and Instruction of Pupils; School Employee and Volunteer Background Investigation; Criminal History Records Information. RSA 189:13-a, II and III are repealed and reenacted to read as follows:

II. The selected applicant for employment or designated volunteer with a school administrative unit, school district, or charter school shall submit to the employer a notarized criminal history records release form, as provided by the division of state police, which authorizes the release of information regarding the presence or absence of any record of convictions of the applicant of felonies or of the crimes listed in paragraph V. The applicant shall submit with the release form a complete set of fingerprints taken by a qualified law enforcement agency or an authorized employee

of the school administrative unit, school district, or charter school. In the event that the first set of fingerprints is invalid due to insufficient pattern and a second set of fingerprints is necessary in order to complete the criminal history records check, the conditional offer of employment shall remain in effect. If, after 2 attempts, a set of fingerprints is invalid due to insufficient pattern, the school administrative unit, school district, or charter school may, in lieu of the criminal history records check, accept police clearances from every city, town, or county where an applicant has lived during the past 5 years.

III. The school administrative unit, school district, or charter school shall submit the criminal history records release form to the New Hampshire state police which shall conduct a criminal history records check through its records and through the Federal Bureau of Investigation. Upon completion of the background investigation, the state police shall examine the list of crimes constituting grounds for non-approval of employment, or non-acceptance of volunteer services in that school administrative unit, school district, or charter school, and shall report the presence or absence of any such crime to the school administrative unit, school district, or charter school. Under no circumstances shall the criminal records be released to the school administrative unit, school district, or charter school. The state police shall simultaneously send the applicant a copy of the information sent to the hiring school administrative unit, school district, or charter school. The school administrative unit, school district, or charter school shall maintain the confidentiality of all criminal history records information received pursuant to this paragraph. If the criminal history records information indicates no criminal record, the school administrative unit, school district, or charter school shall destroy the information received immediately following its review of the information. If the criminal history records information indicates that the applicant has been convicted of a felony or of a crime listed in paragraph V, the school administrative unit, school district, or charter school shall review the information for a hiring decision, and the division of state police shall notify the department of education of any such convictions. The school administrative unit, school district, or charter school shall destroy any criminal history record information that indicates a criminal record within 30 days of receiving such information.

2 Education; School Boards, Transportation and Instruction of Pupils; School Employee and Volunteer Background Investigation; Crimes Changed. Amend RSA 189:13-a, V to read as follows:

V. Any person who has been convicted of [~~murder, child pornography, aggravated felonious sexual assault, felonious sexual assault, or kidnapping~~] *any violation or attempted violation of RSA 630:1, 630:1-a, 630:1-b, 630:2, 632-A:2, 632-A:3, 632-A:4 633:1, 639:2, 639:3, 645:1, I(b), 645:2, 649-A:3, 649-B:3, 649-B:4, any violation or any attempted violation of RSA 650:2 where the act involves a child in material deemed obscene, or convicted, of any felony offense under RSA 318-B:26 which involves possessing, manufacturing, selling, prescribing, administering, dispensing, or possessing with intent to sell, dispense, or compound any controlled drug or its analog, in this state, or under any statute prohibiting the same conduct in another state, territory, or possession of the United States, shall not be hired by a school administrative unit, school district, or charter school. By decision of the appropriate governing body, a school administrative unit, school district, or charter school may deny a selected applicant a final offer of employment if such person has been convicted of any felony in addition to those listed above. The governing body may adopt a policy stating that any person who has been convicted of any felony, or any of a list of felonies, shall not be hired.*

3 New Paragraph; School Employee and Volunteer Background Investigation; Statute of Limitation Inserted. Amend RSA 189:13-a by inserting after paragraph V the following new paragraph:

V-a. Notwithstanding any other provision of the law to the contrary, upon approval of the appropriate governing body, a school administrative unit, school district, or charter school may hire an applicant or designated volunteer who has been convicted of a felony under RSA 318-B:26, or a reasonably equivalent offense in another state or territory of the United States, which involves possessing, manufacturing, selling, prescribing, administering, dispensing, or possessing with intent to sell, dispense, or compound any controlled drug or its analog, provided that the conviction date preceded the date of hire by at least 10 years.

4 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill modifies the procedure for conducting a criminal background investigation on selected applicants for employment and designated volunteers with a school district, school administrative

unit, or charter school. The bill also prohibits a school district, school administrative unit, or charter school from hiring, in an employment or volunteer capacity, any person who has been convicted of a felony controlled drug offense.

Adopted.

Report adopted and ordered to third reading.

HB 1252, establishing a beneficial use policy for wastewater sludge and providing technical and education assistance to municipalities and their residents concerning the beneficial use of sludge.

MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS

Rep. Betty B. Hall for the Majority of Environment and Agriculture: DES has been given rulemaking authority by the legislature for regulating sludge and can provide technical and educational assistance under current rules. This bill is not needed. Vote 9-8.

Rep. Harold P. Melcher for the Minority of Environment and Agriculture: This bill establishes as a clear duty of the Department of Environmental Services to provide technical and educational assistance on both the benefits and the risks of recycling sludge and on how to improve sludge quality. The minority strongly supports that duty.

Reps. Patten and Melcher spoke against.

Reps. Owen and Betty Hall spoke in favor.

Rep. Tuthill spoke in favor and yielded to questions.

Rep. Betty Hall requested a roll call; sufficiently seconded.

The question being the adoption of the majority report.

and the majority report was adopted.

Rep. Howard voted Yea and intended to vote Nay.

HB 1342-FN, relative to measurements of heavy metals and other compounds in sludge. OUGHT TO PASS WITH AMENDMENT

Rep. Betty B. Hall for Environment and Agriculture: Uniform methods for testing sludge are required by EPA. Their protocol requires the result to be expressed in dry weight. NH DES takes the dry weight result and converts it to wet weight for the purpose of deciding whether the sludge measured is hazardous waste or not under the NH hazardous waste mixture rule. This rule will expire in August of 2000. This amendment is a compromise between DES and unsafe sludge opponents on the Committee. It will require DES to develop maximum allowable contaminant levels for each chemical listed in NH rules in a reasonable amount of time. Both sides believe this will result in realistic NH standard for sludge generated and imported in NH. Vote 8-5.

Amendment (3872h)

Amend the title of the bill by replacing it with the following:

AN ACT directing the department of environmental services to adopt concentration limits for certain compounds in land applied sludge.

Amend the bill by replacing all after the enacting clause with the following:

I Department of Environmental Services; Concentration Limits for Volatile and Semi-volatile Organic Compounds in Sludge. The department of environmental services shall use its existing statutory authority to adopt by rule, in consultation with the health risk assessment bureau under RSA 125-H:3, II, concentration limits for each volatile and semi-volatile organic compound that the department requires testing for in sludges that are land applied. The department shall initiate rulemaking under RSA 541-A within 18 months of the effective date of this act for the following compounds:

- I. Bis(2-ethylhexyl) phthalate.
- II. Benzo(a)pyrene.
- III. Benzo(a)anthracene.
- IV. Benzidine.
- V. Acetone.
- VI. 4-Chloroaniline.
- VII. Carbon disulfide.
- VIII. Chloroform.
- IX. Methylene chloride.
- X. 2-Butanone (MEK).
- XI. 2-Hexanone.
